FIRST COUNCIL.

VOLUME III—NUMBER 1.

THIRD SESSION—1934/1109-1110.

Tuesday, the 24th July 1934/9th Karkatakam 1109.

A Joint Sitting of the Council and the Sri Mulam Assembly met in the Victoria Jubilee Town Hall, at eleven of the clock, the President, Khan Bahadur Sir Muhammad Habibullah Sahib Bahadur, K. C. S. I., K. C. I. E., Kt. LL. D., Dewan of Travancore, presiding.

Mr. R. Nilakanta Pillai (*Financial Secretary to Government*): Sir, I rise to present the Budget Estimates for 1110. Before proceeding to review the financial position for the current and ensuing years, I shall, as usual, explain briefly the results of the last completed financial year.

ACTUALS OF 1108.

2. The final audited figures of ordinary revenue and expenditure charged to revenue for the year 1108 stood at Rs 234·82 lakhs and Rs 227·91 lakhs respectively, against the revised estimates of Rs 232·88 lakhs and Rs 231·71 lakhs. The year thus closed with a revenue surplus of Rs 6·91 lakhs, as against Rs 1·17 lakhs anticipated in the revised estimates. The increase of Rs 5·74 lakhs in surplus was due to the increase in revenue to the extent of Rs 1·94 lakhs and to the decrease in expenditure to the extent of Rs 3·80 lakhs from the revised estimates. The increase in revenue was mostly under Excise (1·60) and Forest (·53), due to better collections during the latter part of the year. The receipts under Land Revenue and Stamps, however, declined by Rs ·59 of a lakh and

G. P. T. 1924. 350. 17-12-09.

[Mr. R. Nilakanta Pillai.]

Rs ·71 of a lakh respectively. On the expenditure side, out of the net saving of Rs 3·80 lakhs from the anticipated expenditure, Rs 2·16 lakhs was under Public Works and Rs ·51 of a lakh under Stationery and Printing. The receipts from the sale of Government lands and the capital expenditure not charged to revenue amounted to Rs ·91 of a lakh and Rs 10·92 lakhs respectively, as against the revised estimates of Rs 1 lakh and Rs 11·31 lakhs. The Government Account Balance, which was expected to stand at Rs 113·70 lakhs in the revised estimates for 1108, thus rose to Rs 119·74 lakhs at the close of the year.

Before proceeding to deal with, in detail, the revised estimates for the current year, I shall briefly explain the more important variations.

(1) The capital for the construction of the Shencottah Quilon Railway was raised by the Secretary of State for India and this Government undertook to guarantee the interest on the capital so invested. The capital cost on the line now stands at Bh. Rs 138·77 lakhs. On the assumption that we are bound to take over the line after 1945 on payment of the capital cost, a sinking fund was created in 1912 which amounted to Bh. Rs 69·43 lakhs at the close of last year. Subsequent investigations into the matter of our liability in connection with the Shencottah-Quilon line have, however, disclosed that our liability is only for underwriting the guaranteed interest on the capital raised for the construction of the State Section of the Railway and not for the repayment of the capital and that if and when the Government of India exercise the right to purchase the line, the Travancore Government, while having the option to purchase the section, will be under no obligation to do so. Thanks to the representations made by Sir C. P. Ramaswami Aiyar, Legal and Constitutional Adviser to His Highness the Maharaja, on behalf of this Government, the Government of India have accepted the above views of the Travancore Government and held that there is no legal obligation on the part of this Government to purchase the Shencottah-Quilon Section of the Railway and that we are at liberty to utilise the Sinking Fund created for repayment of the capital cost on the line for any other purpose we deem fit. The accumulated Railway Sinking Fund balance of Bh. Rs 69·43 lakhs has accordingly been utilised in the following manner.

(i) Bh. Rs 5 lakhs has been set apart to form the nucleus of an Irrigation Reserve Fund,

(ii) Bh. Rs 4·95 lakhs has been added on to the Debenture Loan Sinking Fund so that the fund balance may be raised to Bh. Rs 14·49 lakhs which is the aggregate amount of the loan raised in connection with the construction of the Railway from Quilon to Trivandrum. This will enable the Government to discharge the debt in full immediately, instead of waiting till 1941, provided the investors are prepared to surrender the securities to Government and receive payment at par.

(iii) The balance of Bh. Rs 59·48 lakhs has been set apart to form a General Reserve Fund to be drawn upon, in case of absolute necessity, for financing the Pallivasal Hydro-Electric Scheme.

There is thus no necessity to make any further payments towards the sinking funds and the interest on the investments has accordingly been credited to Government under Interest instead of to Sinking funds as hitherto.

(2) The total outlay on the Trivandrum Electric and Telephone Scheme to the end of 1108 amounted to Rs 7·93 lakhs. This scheme is now yielding a reasonable return on the capital invested after meeting the usual depreciation charges. It is expected that the Quilon Electric Scheme and the Pallivasal Hydro-Electric Scheme would also be paying concerns. In these circumstances, Government have decided to treat the expenditure on these schemes as investments on reproductive works.

REVISED ESTIMATES FOR 1109.

3. The budget estimates for the current year were for a total revenue of Rs 230·04 lakhs and provided for a programme of expenditure of Rs 229·21 lakhs, leaving a nominal surplus of Rs ·83 of a lakh. But, on the basis of the actuals so far known, the revenue is expected to stand at Rs 232·66 lakhs and the expenditure charged to revenue, at Rs 237·77 lakhs. The current year is thus expected to close with a deficit of Rs 5·11 lakhs. The ordinary revenue for the year is expected to be better than the original anticipations by Rs 2·62 lakhs. This is the net result of increase in revenue to the extent of Rs 9·52 lakhs expected under some of the revenue heads and decreases amounting to Rs 6·90 lakhs under others. The increase in revenue is mainly under Land Revenue (·45), Salt (1·20), Interest (4·15), Buildings, Communications and Miscellaneous Public Improvements (1·57) and Railways (·55). Under Land Revenue, the increase is mainly under arrears. The receipts under Ayacut revenue are expected to be less than the budget by Rs 3·30 lakhs, due mainly to the general remission of land tax to the extent of 12½ per cent. for the current year on all wet lands in the State and partly to less collections. The increase

[Mr. R. Nilakanta Pillai.]

under Salt is expected mainly under Recoveries on account of charges incurred in the sale of salt. The interest realised on the Sinking Fund investments is, as already explained, now credited to Government under 'Interest' instead of to Sinking Funds. This accounts for the increase under Interest. The increase under Buildings, Communications and Miscellaneous Public Improvements is due partly to the fact that the receipts on account of subventions from the Central Road Development Account of the Government of India amounted to Rs 1·46 lakhs as against Rs 1 lakh only anticipated in the budget. It is also due to the adjustment of the difference of previous years under Workshop suspense by credit to this head. Under Railways, the increase of Rs ·55 of a lakh is due to the fact that the working of the Railway from Shencottah to Trivandrum for the year ended March 1934 resulted in a net profit of Rs ·05 of a lakh as against a net loss of Rs ·5 of a lakh anticipated in the budget.

Decreases are expected mainly under Excise (·56), Customs (2·00), Stamps (1·75) and Registration (·68). The decrease under Excise is chiefly under Abkari and Opium—License fee and duty on country liquor, etc. counterbalanced by an increase of Rs ·60 of a lakh under duty on tobacco. Customs revenue is expected to be less than the budget by Rs 2 lakhs, due to the fact that the net receipts from the Cochin Harbour Scheme amounted only to Rs 9·09 lakhs as against the budgeted receipt of Rs 14 lakhs. Leaving aside the large decrease under this special item, the ordinary customs revenue is expected to be better than the budget anticipation by Rs 2·90 lakhs, the increase being due mainly to larger exports of copra, cocoanuts, coir, cocoanut oil and pepper. The export of dry ginger and tea has, however, declined. The decrease of Rs 1·75 lakhs under Stamps and of Rs ·68 of a lakh under Registration is due to the prevailing economic depression.

4. On the expenditure side, a net increase of Rs 8·56 lakhs is expected. The items which contribute to the increase are Buildings, Communications and Miscellaneous Public Improvements (4·84), Panivagai (4·04), Miscellaneous Political Expenditure (3·14), Palace (1·55) and Superannuation Allowances and Pensions (·75). The increase under Buildings, Communications, etc. is due to the provision of additional funds during the year for urgent works, especially under Communications. Under Panivagai, the increase is on account of additional works in the Kowdiyar Palace and the provision of funds therefor. The increase under Miscellaneous Political Expenditure is due to the Visit of His Excellency the Viceroy. The expenditure in connection with the Pallikettu of Her Highness the First Princess accounts for the increase under

Palace. Under Superannuation Allowances and Pensions, the expected increase is on account of increase in the retirement list. The anchorage at the Quilon Port had not been surveyed since 1883 and consequently the present soundings on the chart are not correctly verified. Arrangements were therefore made with the Marine Department of the Government of India for a resurvey of the Port. This accounts for an increase of Rs ·30 of a lakh under Ports.

The forest areas between Pallivasal and Neriamangalam having become accessible with the opening of the Neriamangalam-Pallivasal road, an investigation survey was conducted recently by one of the experienced officers of the Forest Department to ascertain the extent of eatta growth by the side of the road. As a result, it has been found that eatta or reeds could easily be extracted from an area of about 28 square miles of forest land and that on a three years' rotation, the annual cut would be approximately 28,000 tons of air-dry eatta which according to Dr. Witz's data is expected to yield about 12,000 tons of pulp every year. The economic significance of this lies in the possibility of using this pulp to run a paper mill in the vicinity, either at Alwaye or at Tattakkad. When the Pallivasal Hydro-Electric Scheme is completed, electrical energy will become easily available and in fact the sub-stations at Kotamangalam (near Tattakkad) and Alwaye have been so designed as to provide the necessary facilities for the supply of power for industrial purposes at these places. The existence of a railway station at Alwaye, the proximity of the Cochin Harbour, the availability of cheap labour, an abundant supply of fresh water at all times of the year both at Tattakkad and Alwaye, are all important factors in the consideration of this question. Further developments in the matter are engaging the attention of Government.

Savings in expenditure to the extent of Rs 6·60 lakhs are also expected, of which Rs 1·87 lakhs is under payments towards Sinking Funds, Rs ·73 of a lakh under His Highness the Maha Raja's Tours outside the State and Rs ·88 of a lakh under Education. As explained already, there is no necessity for further investments in the Railway Sinking Fund and a portion of the accumulated balance under this Fund has been utilised for bringing up the Debenture Loan Sinking Fund to its full requirements. This accounts for the savings under payments towards Sinking Funds. As there was no tour of His Highness the Maha Raja outside the State this year, the allotment provided for the purpose is expected to lapse. The expenditure of Rs ·27 of a lakh in the revised estimate is the amount drawn during the current year in connection with His

[Mr. R. Nilakanta Pillai.]

Highness' tour to Europe last year. Under Education, the expected saving is mainly under Grants-in-aid and under Collegiate Education.

5. On the Capital side, the receipts from the sale of Government lands are expected to be only Rs ·70 of a lakh against the budgeted receipt of Rs 1 lakh, while the capital expenditure stands revised at (—) Rs 3·60 lakhs, due to the fact that the expenditure incurred on the Electric and Telephone schemes to the end of last year has been transferred to Debt Heads by deduction from this head, as these works are to be accounted for under investments on reproductive works. The Government Account balance at the close of the current year is thus expected to stand at Rs 118·93 lakhs.

BUDGET ESTIMATES FOR 1110.

6. I shall now pass on to the budget of the coming year. The economic depression which has been correctly described as unprecedented alike in its extent, its duration and its intensity still persists. Commodity prices, subject to minor recoveries, *i. e.*, in tea and rubber, still remain low. The present economic situation has been taken into consideration, to the extent possible, in framing the next year's estimates of receipts and expenditure.

The revenue is estimated at Rs 232·93 lakhs and an expenditure of Rs 230·33 lakhs has been provided for, thus leaving a surplus of Rs 2·60 lakhs. Sale of Government lands is expected to bring in Rs 1 lakh and our programme of Capital expenditure is estimated at Rs 5·39 lakhs. We shall thus be drawing from our accumulated surplus Rs 1·79 lakhs for our Capital undertakings.

REVENUE.

7. The estimates under all the important heads of revenue are based mainly on the revised estimates for the current year. The revenue budgeted for the next year is Rs 232·93 lakhs as against the current year's revised estimate of Rs 232·66 lakhs. While improvement in revenue to the extent of Rs 3·07 lakhs is anticipated under some of the major heads especially Customs, decreases amounting to Rs 2·80 lakhs are anticipated under others.

Customs.—The levy of an Excise duty on matches, which was one of the measures of taxation contemplated for the purpose of balancing the budget under the Federation, has now been given effect to in advance by the Government of India. This Government, along with the other Indian States, have agreed to levy a corresponding duty on matches manufactured in the State and to pay the proceeds thereof into a common pool, along with the proceeds of the British Indian duty for ultimate distribution between British India and the Indian States on the basis of population. Recently,

the Government have passed the necessary legislation on the subject, adopting the British Indian Excise duty to come into force from 1st April 1934. A revenue of Rs 2·50 lakhs is expected from this source. At present, no duty is levied on the export of cardamoms. It is proposed either to levy a small duty on the export of cardamoms or to raise the assessment on cardamom lands, whichever will be more convenient to the cardamom cultivators. A revenue of Rs ·60 of a lakh is estimated under this head. The net receipt from the Cochin Harbour Scheme is estimated at Rs 11 lakhs. The question of the revision of tariff values on the produce of the cocoanut tree is engaging the earnest attention of Government.

The fall of Rs 2·80 lakhs in revenue is expected mainly under Excise and Interest.

Excise.—The anticipated fall of Rs ·74 of a lakh is under Abkari and Opium due to the lower rentals fetched in the recent auction sales of the biennial contract and to the expected fall in consumption.

Interest.—The decrease of Rs ·67 of a lakh is due to less receipts under current and short term deposits in the Bank.

EXPENDITURE CHARGED TO REVENUE.

8. The demands of the several departments for expenditure during the next year have been carefully scrutinised both by the Government and the Standing Finance Committee and the grants fixed after a full consideration of the requirements of the various departments. The total expenditure thus provided for in the budget estimate for the next year is Rs 230·33 lakhs. This is Rs 7·44 lakhs less than the revised estimate for the current year. I shall now proceed to deal with the more important items.

9. *Land Revenue.*—The expenditure for the next year is estimated as Rs 9·81 lakhs or Rs ·36 of a lakh less than the revised estimate for the current year. The decrease is due mainly to the fact that the period of the Special Officer appointed for drafting a settlement memorandum would cease with the close of the current year.

The work of Jenmikaram Settlement started in pursuance of Section 40 (*c*) of the Jenmi and Kudiyan Amendment Regulation, XII of 1108, is in progress. The special post of the State Jenmikaram Settlement Officer has been abolished with effect from 1st Vrischikam 1109 and the Land Revenue and Income-tax Commissioner put in charge of the supervision and control of the Jenmikaram Settlement work. The Dewan Peishkars of Quilon, Trivandrum and Kottayam have also been invested with appellate powers under the Jenmi and Kudiyan Regulation and they have been made responsible

[Mr. R. Nilakanta Pillai.]

for the supervision and inspection of the Jenmikaram Settleme work of their subordinate officers. Out of the 2,10,298 cases fil up to the end of Meenam last, only 66,145 cases have so far be disposed of. The large quantity of work yet remaining to be do has to be pushed through as expeditiously as possible in the be interests of both the Jenmis and the Kudiyans. The addition temporary staff of Jenmikaram officers is therefore being continu and a sum of Rs 66,745 has been provided in the Land Reven budget for the Jenmikaram Settlement work. It is hoped th the work would be completed by the close of next year.

Survey.—The sub-division survey of several acres of was lands in the taluks of Pattanamtitta, Kunnattur, Kottaraka and Pattanapuram is pending completion. Meanwhile, lar portions of unsurveyed minor circuits are already under occupatio This means loss of revenue to Government and it is proposed appoint a temporary staff for the completion of the work. Prov sion has also been made for the continuence of the tempora establishment for checking Puduval Sub-division sketches, as al of the Survey School, Kottayam. Of about 2,800 acres of lar that have so far been surveyed by the temporary staff in t Mannankandam valley, it has been ascertained that 875 acres a fit for paddy cultivation and 1,000 acres, day lands easily convert ble into wet lands.

10. *Taxes on Income*—It is now 12 years since the Income-ta Regulation was brought into force. But, the revenue from th source has not shown any substantial improvement. In fact, t revenue during the last two years was even less than what it w during the previous 8 years. This fall is, no doubt, partly due the present economic depression. There are, however, reasons believe that there is some leakage of revenue owing to the inad quacy of the existing assessing agency. The present collecto of incom-tax are the Dewan Peishkars, the Commissione Devicolam, the Assistant Dewan Peiskars and the Tahsildar Saddled as these officers with their multifarious, functions, the find very little time to devote to their income-tax work. It therefore proposed to appoint two full-time Collectors, one for t Municipal towns of Trivandrum and Nagercoil and the other fo Quilon and Alleppey. The two Collectors will be in charge of a assessment work in their jurisdiction except that relating t companies The Dewan Peishkars will continue to attend to t assessment of companies within their respective jurisdictions ar will also hear and dispose of appeals against the orders of the tw new Collectors, as well as of the Assistant Dewan Peishkars. it proposed to try this experiment for a year and watch results.

11. *Excise.*—It is proposed to retain next year also, the special temporary staff entertained in connection with the detection and prevention of smuggling of dutiable articles, especially of tobacco and beedi tobacco in the northern frontiers of the State. Provision has also been made for the continuance of the existing temporary staff for guarding the Arukutty, Piravom and Alwaye frontiers and for the compilation of trade statistics in the principal Customs Houses and in the office of the Excise Commissioner.

12. *Forest.*—It is proposed to depute one of the officers of the Forest Department to publish a comprehensive volume on the various hill tribes of Travancore, corresponding to the similar publications in Mysore, Cochin and some of the British Indian Provinces. Provision has also been made for the deputation of two students for training in the Forest College at Coimbatore and for the continuance of the special temporary staff for the disposal of arrears of Kudivila claims.

13. *Registration.*—On a careful scrutiny of the number of documents registered in the various Sub-Registry offices of the State, it was found that there is a general fall in the volume of registration work. Provision has therefore been made for the continuance of only 3 temporary additional offices next year. Of the 17 temporary additional clerks appointed to relieve congestion of work in the department, 10 were disbanded from 1st Edavam last and the remaining 7 are proposed to be disbanded from the commencement of the next year.

14. *Interest.*—The increase of Rs. ·62 of a lakh is due to the increase in Savings Bank deposits.

15. *General Administration.*—The work of the special staff in the Huzur English Records is not yet over and it is proposed to continue the staff for another year. Against the present temporary staff in the Central Vernacular Records, permanent arrangements are proposed to be made for the conduct of the work, as, in view of the valuable nature of the records, it is not considered quite safe to entrust the work to temporary employees who have no stake in service. An efficient agency for the collection and systematic compilation of statistics relating to various subjects of general and administrative importance has long been a desideratum in the State. Several committees such as the Banking Enquiry Committee and the Education Reforms Committee are reported to have experienced much difficulty in their work on account of the want of accurate and reliable statistical information. With a view to supply this want and to organise a scientific system of compilation of statistics, it is proposed to take advantage of the class which

[MR. R. Nilakanta Pillai.]

the Director-General of Commercial Intelligence and Statistics with the Government of India intends opening at Calcutta for affording facilities to a limited number of officers to gain experience in modern statistical methods. Provision has accordingly been made for the deputation of a candidate to Calcutta to get himself trained in statistical work under the Director-General of Commercial Intelligence. There are at present 373 institutions, excluding Municipalities, the accounts of which have to be periodically inspected by the Outside Audit branch of the Account Office. In practice, it has, however, been found that the existing Outside Audit staff is not sufficient for conducting regular inspections of the accounts of such a large number of institutions. It is therefore proposed to strengthen the Inspecting staff.

16. *Administration of justice.*—The appointment of an additional Judge in the High Court was sanctioned during the current year. The existing temporary Second Judges' Courts and Munsiffs' Courts are proposed to be continued together with the temporary additional staff sanctioned for the High Court and the subordinate courts for coping with the increased volume of work. Provision has also been made for the continuance of the four temporary Sircar Vakils and their staff. In connection with the continuance of the additional division of the B. L. Class in the Law College, it is proposed to appoint a full-time temporary Assistant Professor against the two temporary Elective Lecturers, as originally proposed by Government and voted on by the Assembly and the Council at their last sittings.

17. *Police.*—Besides for the continuance of the outposts at Thalayar and Munnar and additions to the Police force for providing guards to the Sub-Treasuries at Alleppey and Shencotta, provision has also been made for the continuance of the temporary offices of the Assistant Superintendent of Police, C. I. D., and the Inspector of Police in charge of the Criminal Intelligence Bureau.

18. *Ports.*—The present Pier at Alleppey was built in the year 1911 at a cost of about Rs 4 lakhs. As a large number of girders and braces were found to have deteriorated due to corrosion, steps have been taken to carry out certain special repairs and improvements to the Pier at a cost of about Rs 1 lakh and the works are now in progress. As sand accretion was taking place at the Alleppey Port, Government obtained on loan the services of Mr. Wilfred C. Ash, Chief Engineer, Vizagapatam Harbour, for a few days to investigate and report on the causes of sand accretion in the Port and to suggest remedial measures. Mr. Ash inspected the Pier works in January 1934 and recommended the extension of the Pier so as to restore the shipping facilities that existed before the sand

accretion. Government accordingly propose to extend the Pier by 209 feet and a sum of Rs 1 lakh is provided for the purpose in the P. W. D. budget for 1110. The contract for the work has been given to Messrs. Braithwate & Co., Calcutta, and it is hoped that the Pier works would be completed before the close of the next year. In the meantime, suitable steps have been taken to remove the sand accretion, to the extent possible, by cutting sandridges and by bucket-dredging.

19. *Education*.—The allotment for the next year is Rs 47·76 lakhs, which is Rs 1·16 lakhs in excess of the anticipated expenditure of the current year. It includes provision for the reorganisation of the Inspectorate of the Education Department on the lines suggested by the Education Reforms Committee in their report. Under the new scheme, the State is divided into four Divisions, each under an Inspector with headquarters at Trivandrum, Quilon, Tiruvalla and Muvattupuzha. The two appointments of the Inspector of English Schools and the Inspector of Vernacular Schools have been merged in the cadre of the new Division Inspectors. There will also be an Inspectress of Girls' Schools who will continue to exercise jurisdiction over the whole State in respect of all Girls' Schools except the Primary Schools for Girls, which will be under the control of the respective Division Inspectors. The Inspectress of Schools will have an Assistant Inspectress to inspect the Vernacular High and Middle Schools for Girls. The number of Assistant Inspecting Officers has been fixed at 31, excluding the Mahomedan Inspector and the Assistant Inspectress under the Inspectress and the whole State is divided into as many districts. Under the old system, there were 2 Assistant Inspectors of English Middle Schools, 21 Assistant Inspectors of Vernacular Schools and 6 Assistant Inspectresses of Girls' Schools. All these Assistant Inspecting Officers have been merged into one cadre under the Division Inspectors and the total strength raised from 29 to 31 by abolishing the offices of Personal Assistants to the Inspectors of English and of Vernacular schools and placing them in charge of districts. The Assistant Inspecting Officers will be in charge of all Primary Schools, whether for boys or for girls, within their jurisdiction. The posts of the Deputy Director of Public Instruction and the Vice Principal of the Training College have been abolished. The Education Reforms Committee in their report emphasised the necessity for greater control of expenditure in the department; and as proposed by them, a Financial Assistant to the Director of Public Instruction was appointed temporarily towards the close of the current year to be in charge of the Accounts branch of the Office

[MR. R. Nilakanta Pillai.]

of the Director of Public Instruc'ion and also to be responsible for the internal audit of all departmental accounts and the proper maintenance of month-by-month expenditure and its check and control. The Financial Assistant so appointed is proposed to be continued temporarily next year also. The ministerial staff in the Director's office has been strengthened during the current year. Geography has been made a compulsory subject for the School Leaving Certificate Examination according to the revised scheme. The absence of teachers, whether in departmental or private schools, qualified to teach the subject on modern scientific lines is therefore a serious drawback. To remove this defect, arrangements have been made for a course of lectures in Geography being given to the teaching staff by an expert from Madras fully conversant with up-to-date methods of teaching the subject. To suit the convenience of all teachers who may be desirous of taking advantage of this course of lectures, the lectures have been arranged to be given during the Christmas holidays. The Education Reforms Committee have suggested, among other things, that with a view to encourage the contiuuance of Depressed class pupils in the schools of the State, tangible recognition should be given to the efforts made by managers and teachers to retain those pupils in their schools and to devote special attention to their progress from class to class. The Committee have accordingly suggested the payment of additional grants-in-aid to private schools in proportion to the number of Depressed class pupils, found fit to receive instruction in the highest class of Primary Schools. A lump sum has been provided in the budget for working out the scheme as an experimental measure in the first instance. Provision has also been made for the appointment of a Weaving Instructor in the Kannamangalam Vernacular Middle School for girls. Forms V and VI having been opened in the incomplete English High Schools at Kanjirapally and Chalai respectively from the beginning of the current school year, the additional staff necessitated thereby has been provided for. Besides, for the continuance of the 17 temporary teachers in the general list of graduate teachers, a lump sum provision has also been made for the apppointment of additional teachers in Vernacular Schools for Boys and Girls. The continuance of the re-constituted Text-Book Committee formed on the recommendations of the Education Reforms Committee has also been provided for. A lump sum provision has also been made for the encouragement of Socuting in departmental schools, as the major portion of the grant of Rs 5,000 that is being sanctioned from year to year for the Travancore Boy's Scouts Association is being spent on the headquarters staff, the annual rally, etc.

Medical and Engineering Colleges.—In pursuance of the arrangements entered into with the Government of Madras for the reservation of seats for Travancore students in the Medical and the Engineering Colleges, Government have selected, for the course of studies commencing in July 1934, three students for the Medical College, two males and one female, and 8 students for the Engineering College, four for the Engineer Class and four for the Upper Subordinate Class. The contribution payable to the Government of Madras on account of these students, as also of those that have been previously selected, has been provided for in the budget under Education. Provision has also been made for the usual grant to the Benares Hindu University.

20. *Agriculture and Fisheries.*—The Agricultural Schools at Koni and Kottarakara are proposed to be continued. Provision has also been made for the continuance of the temporary staff of 3 Inspectors appointed for propaganda work in the taluks of Neyyattinkara, Mavelikara and Tiruvalla. The retention of the temporary Assistant Teacher in the Fishery School at Munambom and the temporary Fishery Sub Inspector and staff at Kumarakam engaged in the conduct of patrol work in the Vembanad lake has also been provided for. The Imperial Council of Agricultural Reserch has, in trying to accommodate the various Indian States to become members thereof, recently reduced the subscription for membership from Rs. 2 lakhs to Rs. 1 lakh payable in 20 annual instalments of Rs. 5,000 each. Mysore, Baroda and Cochin have already availed themselves of this concession. In view of the advantages that the State is likely to derive from the membership of the Council, this Government have also decided to join the Council. The first instalment of Rs. 5,000 payable next year has been provided in the Agricultural budget.

21. *Industries.*—The Sales Depot at Trivandrum is being taken advantage of by private individuals and institutions as an advertising agency for the popularisation of the products of their cottage industries and provision has been made for its continuance next year. The Trade Agent at Bombay entered upon his duties in Meenam last. He has begun work by opening a Sales Depot at Bombay, which is to serve as a central agency for the collection of Travancore products for distribution in the British Indian markets. The first instalment of consignments of ivory goods from the School of Arts, coir mats and mattings from Paravur and cashew-nuts from Quilon, has already been despatched to the Depot. It is proposed to continue the Trade Agent and his staff during the next year also. The various industries mentioned in my Budget speech last year promise to thrive well. Though the dyeing and printing section started work only at the beginning of this year, it is now supplying

[MR. R. Nilakanta Pillai.]

all the dyed yarn required for the use of the weaving sections of the Industries Department as well as of the Central Prison. There is a good demand from outside markets for rattan articles and a large number of articles of improved pattern have been made and supplied during the course of the year. The carpet-making looms in the School of Arts have been repaired and got ready for work. The manufacture of carpets has already been taken up. The Embroidery and the Lacquer work sections are also doing fairly good work. The continuance of these minor industries has been provided for in the Industries budget. The Experimental Tannery at Karamanai which was being continued on a temporary basis from 1100 is proposed to be abolished from the beginning of the next year.

22. *Medical, Public Health and Sanitation.*—The allotment for the next year is Rs 12·27 lakhs. It is proposed to abolish the posts of the two Deputy Darbar Physicians. The Darbar Physician will, in future, be the sole Head of the Medical department, though he will continue to be the principal Medical Officer of the General Hospital as well. His designation will be changed into "Darbar Physician and Superintendent, General Hospital". During his absence from headquarters on tour, the General Hospital will be under the charge of one of the Medical Officers attached to that institution, who will be designated as "Assistant Superintendent, General Hospital". The Assistant Superintendent will not only be responsible for the efficient conduct of work in the institution during the Darbar Physician's absence on tour, but will also attend to such duties, as may be assigned to him by the Darbar Physician even when the latter is at headquarters.

Besides for the continuance of the special temporary staff of Medical Officers for Leprosy work and of the additional subordinate staff in the Kayencolam District Dispensary for the same purpose, provision has been made in the Medical budget for the appointment of a small additional staff for hospital work. In view of the increasing attendance at the Ayurveda Hospital provision has been made in the Ayurveda budget for strengthening the compounding staff in the hospital,

Public Health.—Government have recently notified both primary and re-vaccination compulsory in all the karas of the State except in the Devicolam District. A thorough and intensive vaccination campaign was accordingly started in Kumbham last, both in rural and urban areas. The scheme of the campaign in rural areas is to conduct intensive vaccination in all the 9 Sanitary Circles of the State, taking one by one, the pakuthies of the taluks falling within the nine circles. The Medical Officer of Health attached to the Public Health Department is in charge of the campaign. For

the conduct of the campaign the existing permanent staff of Circle Officers and Vaccinators has been strengthened by the appointment of a temporary staff of nine Sanitary Inspectors. In urban areas, the Health Officers, Sanitary Inspectors and Vaccinators attached to each Municipality form the campaign staff. To enlist the co-operation of the people and to educate them, a regular propaganda work is also being conducted through the medium of cinema, chart and lantern lectures, wall-posters, leaflets and other agencies. Out of the 402 pakuthies comprised in the nine Sanitary Circles of the State, the campaign work has already been completed in 59 pakuthies and it is in rapid progress in 54 pakuthies. The total number of vaccination cases performed in the rural areas alone since the inauguration of the campaign in Kumbham last up to the end of Edavam last is about 7 lakhs. The campaign is to be continued next year, for which provision has been made in the budget.

The Public Health Laboratory, co-ordinating the Bacteriological Laboratory, the Vaccine Depot and the Chemical Examiner's Office was organised in Kanni last. Though the Laboratory started work only very recently, it has already begun to justify its existence by the useful work turned out in the short period of less than a year. The various diagnostic tests and vaccine productions show a three to five fold increase. The amount of typhoid vaccine produced during the current year is about five times that in previous years and it has been possible to make a reduction of 75 per cent. in the price of the vaccine, besides supplying it free of cost to the poor, in order to encourage its popular use. In fact, it was the vaccine produced at the Public Health Laboratory that was successfully used for combating the typhoid epidemic that broke out in Trivandrum a few months back. The Public Analyst has returned after training in Bangalore and he will be engaged in the analysis of all common articles of food found in this country. If it should be possible for the Laboratory to show the best results, it is necessary that there should be an up-to-date building for housing the different branches of the Laboratory. Provision has therefore been made in the P. W. D. budget for the construction of a suitable building for the purpose.

Provision has also been made in the Public Health budget for the appointment of an Assistant Surgeon for the Bacteriological branch of the Public Health Laboratory for testing the purity of vaccines and for the study of enteric group of diseases. With the merging of the Vaccine Depot in the Public Health Laboratory, it is proposed to abolish the posts of the Superintendent and the Assistant Superintendent of that institution creating against them the post of a Sub-Assistant Surgeon for supervising the production and distribution of vaccine.

[MR. R. Nilakanta Pillai.]

The Hookworm Treatment campaign and the Vital Statistics sections are proposed to be abolished from the beginning of the next year. Provision has been included in the budget for grants to Municipalities for mosquito control and also for the control of filariasis in the Shertalai taluk.

23. *Stationery and Printing.*—The Government Press, the Stationery and the Central Printing Office are at present under the administrative control of separate officers, each independent of the other. As these are allied institutions, Government consider that it would be conducive to their better management if they are placed under a single officer, as in Mysore and other places, so as to co-ordinate their functions. It is therefore proposed to amalgamate the three institutions and place the combined department under the control of a single officer designated "Controller of Stationery and Printing." With the appointment of the Controller, the Special Officer for the Standardization of printed forms will cease to function, any work that may remain to be done by that officer being thereafter attended to by the Controller. Provision has been made for the stock-taking of the publications in the Government Press, as also of the type plant in the Government Press and the Central Prison Press. Provision has also been included for the printing and sale of Malayalam readers and copy books.

24. *Co-operative Department.*—The accounts of more than half the number of Co-operative Societies in the State were, till last year, being audited by the Supervising Unions. The Unions having however, expressed their reluctance to attend to the work of audit on the ground that it does not pertain to their normal functions, Government have taken on themselves the responsibility of audit of all the Societies registered under the Regulation. There are at present about 2,000 Societies to be audited. As it would not be possible for the existing staff of the department to satisfactorily audit the accounts of such a large number of Societies within a reasonable time, a special temporary staff of 8 Inspectors has been appointed for the purpose. Provision has also been made for the continuance of the five Group Secretaries for Co-operative Societies of Depressed classes, as well as for the payment of the usual grants to Co-operative Conferences and Supervising Unions. Funds to the extent of Rs 10,000 are proposed to be placed at the disposal of the Protector of Depressed Classes for carrying out measures for the general amelioration of the depressed classes in the State. His programme will, in general, include construction of houses, sinking of wells and organisation of new Co-operative Societies. The Devadhar Committee have just finished their work and the final report is awaited.

25. *Public Works.*—The allotment for ordinary Public Works expenditure for the next year including Establishment charges and Tools and Plant is Rs 32·48 lakhs, as against the current year's budget grant of Rs 30·56 lakhs. When the estimated expenditure on Capital works and the expenditure met out of the Irrigation and Road Development Funds and the Reproductive Works executed by the Electrical Department are also taken into account, the budget grant for the next year for works of public utility would amount to Rs 62·86 lakhs, and is the highest on record. Full details of the works in progress and new works are given in the Appendices to the budget estimates.

The separate Irrigation Division sanctioned during the current year has been formed and an Irrigation Fund created with an initial deposit of Bh. Rs 5 lakhs. It is proposed to draw a sum of Rs ·68 of a lakh from the Fund for supplementing the budget grant of Rs 2 lakhs from the General Revenues for Protective Irrigation works next year, the unspent balance, if any, at the close of the year being added on to the Fund to be drawn upon in future years. With the creation of a separate Irrigation Division, it is hoped that it would be possible for the department to bestow greater attention to the improvement of the several Protective Irrigation works lying scattered throughout the State. Provision has also been made for the continuance of the temporary staff for completing the investigation of a Drainage Seheme for the Trivandrum town and for the Town Planning Scheme.

26. *Superannuation Allowances and Pensions.*—The expected increase is mainly under superannuation and retired allowances due to the anticipated increase in the number of retirements.

27. *The Public Service Recruitment Committee* appointed to enquire into and report on the question of placing the system of recruitment to Public Service on a definite basis, have submitted their report and it is engaging the attention of Government.

28. *The Retrenchment Committee* in their report, made proposals for the standardization of salaries of officers of the State involving an average saving in expenditure to the extent of Rs 4·15 lakhs per annum. The Special Officer deputed during the current year for the standardisation of salaries has submitted proposals which would result in an average saving of about Rs 4·35 lakhs. The proposals are under consideration.

29. *Travancore State Land Mortgage Bank.*—It is expected that loans to the extent of Rs 5·80 lakhs would be sanctioned by the Bank by the close of the current year. For the next year, a sum of Rs 3 lakhs has been provided in the budget under "Debt

[Mr. R. Nilakanta Pillai.]

Heads ". The amounts collected from the Bank's debtors are also being utilised for the grant of further loans. The rate of interest charged on the prior encumbrances, for the clearance of which the Bank has granted loans, is in most cases 12 per cent. per annum. There have also been a few cases in which the rate of interest was 15 per cent. The Bank is now charging an interest of 7½ per cent. per annum on the advances made by it. It is, however, proposed to reduce the rate of interest to 6½ per cent. per annum with effect from 1st Chingam next. The reduced rate will be applicable to the loans granted prior to that date also, provided, however, that the interest accrued up to that date will be calculated at the present rate of 7½ per cent.

CAPITAL EXPENDITURE NOT CHARGED TO REVENUE.

30. *Quilon-Trivandrum Railway.*—A small provision of Rs ·06 of a lakh is made for replacing the existing gravel ballast with granite stone ballast over a distance of 5 miles on the line.

31. *Chackai-Tampanoor Extension.*—An allotment of Rs ·24 of a lakh is provided for watering arrangements at Trivandrum Central, for the construction of quarters and for establishment and other charges, as detailed in Appendix H.

32. *The Willingdon Water Works.*—The expenditure to the end of the current year is estimated at Rs 47·83 lakhs and a sum of Rs 3·34 lakhs is proposed for the next year including Establishment charges. The dam at Aruvikara has been raised to its full height and water is now drawn into the main supply line direct from the impounding reservoir. The settling tank, the filter house and the low level service reservoirs are in full working order and the high level service reservoir is in course of construction.

The work of extending the Water mains to the Pattom Palace included in the second stage of the scheme has been completed. A sum of Rs 2 lakhs has been provided in the next year's budget for further works in the second stage.

A sum of Rs 1·25 lakhs has been estimated as receipts from the scheme next year and Rs ·99 of a lakh has been provided for working expenses. The rules for the working of the scheme will be issued soon.

33. *Construction of a bridge at Neriamangalam across the Periyar.*—Out of the provision of Rs 2·07 lakhs in the current year's budget, Rs 1·25 lakhs only is expected to be spent during the year. The allotment proposed for the next year is Rs 1·75 lakhs.

34. *The Trivandrum Electric Supply.*—The total cost of the scheme is expected to stand at Rs 8·86 lakhs at the close of 1110. 48 miles of overhead and 11 miles of high tension underground cables have already been laid. The net revenue from the scheme for 1110 is estimated at Rs ·47 of a lakh. This works up to 5·3 per cent· on the capital invested after setting apart Rs ·46 of a lakh towards depreciation fund which is expected to stand at Rs 2·35 lakhs at the close of the next year. Under working expenses, provision is made for the appointment of a separate Division Officer and staff, temporarily, to be in charge of the schemes at Trivandrum and Quilon till the Pallivasal Hydro-Electric Scheme is completed. Provision is also made for a small staff to cope with the increase of work in the Electrical Engineer's Office and also for the collection of revenue from the consumers numbering about 1,600 and living scattered in the town.

35. *Telephone.*—The capital cost of the scheme is expected to stand at Rs 1·23 lakhs at the close of the current year and the net revenue at Rs ·04 of a lakh. As the demand for telephone installation is steadily increasing, the revision of the tariff with a view to make it more popular and paying is under consideration. An allotment of Rs ·37 of a lakh has been provided for the next year for incomplete and new works. The net receipts from the scheme next year are estimated at Rs ·05 of a lakh.

36. *Quilon Electric Supply.*—The total expenditure on this scheme is estimated to stand at Rs 1·50 lakhs at the close of 1109. The Power House engine room is practically completed and foundations have been laid for the engines to be installed there. Out-houses and office extensions will be completed before the close of this year, as also buildings, cooling tank, overhead tank, etc. The engines will be installed before September next and power is expected to be supplied from October. A provision of Rs ·85 of a lakh has been made for the next year, of which Rs 60,000 is for incomplete works and Rs 24,000 for new works. A net revenue of Rs ·06 of a lakh is estimated for the next year after providing Rs ·10 of a lakh for depreciation.

37. *Pallivasal Hydro-Electric Scheme.*—This scheme has already progressed in all directions. In respect of civil works, an approach road, 4 miles long, has been constructed and leads to the Power House passing through staff quarters. Most of the buildings for staff quarters have been completed. Contracts have been placed with Messrs. Harrison and Crosfield for pipes, the first shipment of which from Poland is expected to arrive at Alleppey about the 15th September 1934. The pipe line is expected to be completed by December 1935. The tunnel works are progressing at the rate of 120

[Mr. R. Nilakanta Pillai.]

feet per week. Tenders for plant and machinery have been received for scrutiny and contracts for the supply will be fixed up before the close of the current year. The Transmission line survey is over. Tenders for supply and erection will be taken up for consideration early next year. The building works at Kotamangalam and Pallom are nearing completion. A provision of Rs 20·57 lakhs has been made for the next year, as detailed in Appendix J to the budget estimates.

38. *State Life Insurance.*—The scheme of Public Insurance, about which mention was made in my speech last year, was introduced with effect from 1st Meenam last. Unlike the official branch of the State Life Insurance, which provides only for the endowment scheme of insurance payable at 55 years of age, the Public Branch provides for various kinds of insurance schemes, such as endowment policies payable at different ages, life policies and children's endowment policies. Though the Public Insurance started work only very recently, it has already proved itself to be popular with the insuring public and proposals for about Rs 5 lakhs have been received during the short period of 4 months. There is every reason to hope that the scheme will be successful from a financial point of view.

39. *Provident Fund.*—The State Provident Fund which was introduced in Meenam 1107 has proved itself to be popular. The number of subscribers has risen to about 6500 from 4300 in Karkatakam last. The Fund is expected to have a closing balance of about Rs 1·67 lakhs at the end of the current year.

40. *Government Rubber Factory.*—It is proposed to open a Rubber Factory at Chackai, Trivandrum, at an estimated cost of Rs 3 lakhs, of which Rs 2 lakhs will be required for the purchase of machinery and Rs 1 lakh for buildings and working capital. A sum of Rs 15,000 will be spent during the current year and a sum of Rs 2·55 lakhs is proposed to be allotted for the next year under "Investment Account." In view of the good quality of the rubber produced in the State, the facilities for transport, the cheap and educated labour available and the protective duty on all imported rubber goods, it is hoped that the factory would work at a reasonable profit and prove conducive to the economic prosperity of the State.

41. *The Travancore Sugars.*—Government have an investment to the extent of about Rs 4 lakhs, in the shape of shares in and advances to the Travancore Sugars Ltd., Tuckalai. The factory was handed over to Mr. N. S. T. Chari for management from 1st July 1933 and the concern earned a profit of about Rs 70,000

during the first seven months of its working. The factory was originally installed with a capacity of 60 candies of jaggery for daily melt ; but with certain additions, alterations and improvements, the capacity has been recently raised to a daily melt of 120 candies. The real difficulty in the matter of working the factory at present is the scarcity of supply of jaggery. The factory is now indenting upon the neighbouring British districts for the supply of jaggery, as the Travancore supply has been found to be insufficient for the daily requirements of the factory. We have a large number of palmyrah trees in South Travancore ; but all of them are not tapped for want of climbers The price of one candy of palmyrah jaggery stood at Rs 18 an year ago ; but is now quoted at Rs 30 per candy and the present depression has not affected the price of jaggery in any way. There appears to be ample scope for development in this direction, as the manufacture of palmyrah jaggery has been found to be a paying concern. However, on account of the scarcity of palmyrah jaggery, experiments are being conducted by Mr. Chari in the Munro Island, Quilon taluk, to ascertain whether cocoanut jaggery of sufficient refining value could be produced out of sweet toddy on a commercial scale. If the experiment proves completely successful, as is expected, it is bound to be of immense advantage to the factory and to the cocoanut estate owners in general.

42. *Loans made by Government.*—An allotment of Rs 3·50 lakhs has been provided in the next year's budget for the grant of loans under the Land Improvement and Agricultural Loans Regulation, including Rs 1 lakh for the grant of special loans to the Punja cultivators in Kuttanad. An allotment of Rs ·50 of a lakh for the grant of Industrial loans and of Rs ·50 of a lakh for Miscellaneous loans and advances has also been made for the next year.

Financial Position.

43. A statement of our assets and liabilities as at the close of 1109 and 1110 is given on pages 9 and 10 of the Budget Estimates. The total booked assets at the close of last year amounted to Rs 387·83 lakhs and the liabilities to Rs 268·09 lakhs and according to the revised estimates of the current year, the assets would amount to Rs 403·60 lakhs and the liabilities to Rs 284·67 lakhs. Our surplus investments, which stood at Rs 211·95 lakhs at the close of last year, is expected to be reduced to Rs 192·60 lakhs at the close of the next year on account of our drawings for expenditure on Capital and Reproductive works. Our assets and liabilities at the close of 1110 are expected to be Rs 410·58 lakhs and Rs 293·44 lakhs respectively. The Government Account, which

[Mr. R. Nilakanta Pillai.]

stood at Rs 119·74 lakhs at the beginning of the current year, is expected to be reduced to Rs 118·93 lakhs at its close, due to the anticipated revenue deficit during the year and the adjustment of the outlay on Electrical schemes. As Government propose to incur a Capital expenditure of Rs 5·39 lakhs during the next year, the net deficit is estimated at Rs 1·79 lakhs. The Government Account is thus expected to close with a balance of Rs 117·14 lakhs. Our cash balance in treasuries and in the Imperial Bank of India at the close of the current and ensuing years is expected to stand at Rs 48·45 lakhs and Rs 45·82 lakhs respectively. Government now hold gilt-edged securities to the face value of Bh. Rs 263·69 lakhs including Bh. Rs 12 lakhs in the 3 per cent. loan of 1896-97. These securi ies, revalued at the current market rate, have appreciated to the extent of Rs 7·44 lakhs as the result of general rise in the p ice of gilt-edged securities and certain sales and purchases effected by Government in recent years. On the whole, it is gratifying to note, that our present financial position is unquestionably sound.

President: The Houses will now adjourn. The Assembly will meet on Friday, the 27th July, at 11 A. M. and the Council will meet on Friday, the 10th August, at 11 A. M.

The joint sitting of the two Houses terminated at 11-52 A. M.

P. PARAMESVARAN PILLAI,
Secretary to the Sri Chitra State Council.

QUESTIONS AND ANSWERS.

Electric lighting of the streets in Trivandrum.

1. ***Mr. M. N. Paramesvaran Pillai** (*Municipal Coun cils*): Will the Government be pleased to state :

(*a*) (i) whether any extension of electric lighting in Trivan drum is being undertaken for this year, and, if so, for how man miles ; (ii) which are the roads selected ; (iii) who selected them and (iv) whether the local Municipal Council has been consulted i this matter, and, if not, whether there are any special reasons fo not doing so ;

(*b*) whether any money is being received by Governmen from the Trivandrum Municipal Council as contribution toward electric lighting in the town ; and, if so, how much ;

(*c*) whether the Municipal Council, Trivandrum, has furni shed at any time lists of roads in the town to be lit with electri lights ; if so, for how many miles of roads ; whether all the road comprised therein have now been lit with electric lights ; and, if not whether there are any special reasons for not doing so ;

(*d*) whether the Electrical Engineer has taken up the road not included in the lists forwarded by the Municipal Council fo lighting ; and

(*e*) how many electric lamp posts have been planted on th road sides in the town without their being fitted with street light and how many miles would they cover ; what is the expenditure in curred by Government for that purpose (inclusive of the cost c posts, fittings and labour) ; why have they been so planted ; an what was the necessity to take up new extensions before lights ar fitted up in these posts ?

Mr. K. P. Padmanabha Menon (*Electrical Engineer t Government*) : (*a*) (i) No.

(ii) (iii) and (iv) These do not arise in view of the reply t (i) above.

(*b*) No contribution is being paid to Government by th Municipality, except for the current consumption for certain junc tion lights and pumping plant.

(*c*) Yes, 38 roads (vide list* attached). These have nc been taken up as the Municipality is not in a position to meet th initial cost and annual maintenance.

(*d*) No.

---

* *Vide* Appendix I—page 41.

(e) No electric lamp posts have been planted; but about 420 posts have been erected for the extension of supply mains and no street lights are fitted on these. The distance will be about 14 miles. The total expenditure booked for this line is Rs. 32,345. They have been planted for extension of supply mains. The necessity of these extensions is to give connection to consumers.

Mr. M. N Paramesvaran Pillai: May I know, Sir, whether any extension of electric lighting in the town of Trivandrum is proposed to be undertaken during the year 1110?

Mr. K. P. Padmanabha Menon: Two miles' extension has been proposed for the year 1110.

Mr. M. N. Paramesvaran Pillai: May I know whether it is in addition to the lamp posts which are already posted?

Mr. K. P. Padmanabha Menon: These two main extensions are in addition to the supply lines already erected.

Mr. M. N. Paramesvaran Pillai: May I know whether these cover the 420 lamp posts which the member referred to in his answer?

Mr. K. P. Padmanabha Menon: I have replied in part (e) of my answer that they are not lamp posts but they are supply posts.

Mr. M. N. Paramesvaran Pillai: May I know who has met the cost of these lamp posts?

President: You mean supply posts?

Mr. K. P. Padmanabha Menon: It is met out of the capital expenditure debited to the Trivandrum Electric Supply.

Replacement of the electric wires in public offices in Trivandrum from lead casing to wood casing.

2. ***Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state:

(a) how many of the public offices in the town have been fitted up with electric wires in lead casing; the date of such fitting up and the cost therefor; and

(b) whether the Electrical Engineer has now recommended to Government to replace these lead casing with wood casing; if so, on what grounds; and what will be the total cost for such replacement?

Mr. K. P. Padmanabha Menon: (a) A list* is laid on the table

(b) No.

* *Vide* Appendix II—page 42.

Fitting of engines to the Electric Power House in Trivandrum.

3. ***Mr. M. N. Paramesvaran Pillai** : Will the Government be pleased to state :

(*a*) when the Electric Power House at Trivandrum was opened ; how many engines there were then ; whether they were fitted up departmentally or by other agency on contract ; if on contract, by whom and what was the remuneration paid for that work; and

(*b*) how many engines have been got down for the Power House since then ; who fitted them up ; and at what remuneration ?

Mr. K. P. Padmanabha Menon : (*a*) On 8th March 1929. There were 3 engines then. They were fitted up by the suppliers, Messrs. Mirrlees Bickerton and Day Ltd., Bombay, on contract. The cost of erection was Bh. Rs. 6,130.

(*b*) Three ; and these were fitted up by the suppliers in each case. The details of erection are as follows:—

Set No.	*Suppliers and Erectors.*	*Cost Bh. Rs.*
4	Messrs. Mirrlees Bickerton and Day Limited., Bombay.	2,685
5	Messrs. Swiss Locomotive and Machine Works, Bombay.	1,750
6	Messrs. Mirrlees Bickerton and Day Limited., Bombay.	2,750

Mr. M. N. Paramesvaran Pillai : May I know whether the Electrical Chief Engineer does not know to fit these engines ?

Mr. K. P. Padmanabha Menon : No, Sir.

Fitting up of street lights in Trivandrum.

4. ***Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state :

(*a*) by whom were the electric lines in the streets of Trivandrum fitted up ; whether such work was given on contract t any agency at any time ; if so, for how many miles was the contract given and at what cost ; and who supervised the work executed by the contractors ; and

(*b*) how many cases of leakage of electric current and accidents consequent thereon have till now (15-11-1109) been reported ?

Mr. K. P. Padmanabha Menon : (*a*) Out of 46 miles o supply lines in Trivandrum, the first 24 miles were erected by Contractors (Messrs. Chari and Chari Limited., Madras) and the remaining 22 miles by the department. The cost of erection paid to the

contractors was Rs. 10,104-4 Chs.-0. The Electrical Engineer and staff supervised the work.

(*b*) 3 cases of leakage have been reported so far, of which two produced fatal results and one a minor shock.

Supply of electric current from the Power House.

5. ***Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state:

(*a*) the rate per unit at which electric current is supplied at present;

(*b*) the net cost of generating one unit of electric current; what is the gain, if any, per year from the electric lighting scheme in the town; what is the total volume of current generated in the Power House every day; how much current is consumed every month by the Government institutions and offices; how much by private consumers and how much for street lighting;

(*c*) how many private consumers are there at present; what was their number in the beginning; of the private consumers how many utilised current for domestic purposes and how many for industrial and other similar purposes; and

(*d*) of the private consumers for industrial purposes how many were there in the list in the beginning and how many are there at present (15-11-1109); what are the industries for which current is supplied from the department; and at what rate per unit is current supplied to such consumers?

Mr. K. P. Padmanabha Menon: (*a*) 1. For lights and fans 6 annas a unit subject to a minimum of B. Re. 1-8-0 a month for each consumer per meter.

2. For Cenematograph installations, 4 annas a unit.

3. For domestic uses such as cooking, refrigerating, small pumping sets, etc., 3 annas a unit.

4. (1) For small installations up to 20 B. H. P. requiring power intermittently and consuming less than 24,000 units per annum, 3 annas per unit.

(ii) For installations consuming above 24,000 units but below 1,00,000 units per annum, first 50,000 units 1 1/2 annas per unit. For consumption above 50,000 units 1·35 annas per unit. For consumption above 1,00,000 units rates will be fixed by special agreements.

(*b*) 1. The net cost of generation of one unit of energy is a variable figure depending upon the load. The average cost of generation in 1108 is Chs. 4-8·38 cash per unit.

[Mr. K. P. Padmanabha Menon.]

2. The gain is also a variable figure depending upon the demand for power. The net revenue for the years 1105 to 1108 is as follows :—

					Rs.
1105	...	...	...	...	26,025
1106	...	...	...	...	37,769
1107	...	...	...	...	53,544
1108	...	...	...	...	50,773

The total energy generated per day is also a variable quantity. The average daily generation for Mithunam 1109 is 2,400 units.

The average consumption under each head during Edavam 1109 is as follows :

Government Institutions	...	...	23,581·69	Units.
Private consumers	...	...	29,578·95	...
Street lighting	...	...	9,834·24	...

(c) The number of private consumers at present (as on 15-11-1109) is 1139.

Nil.

Among private consumers, 24 use electric energy for purposes other than lights and fans.

(d) Nil. The number on 15-11-1109 is 12. Electric energy is supplied for oil mills, refrigerators, match factory, printing presses, saw mills and flour mills.

Vide answers to part (a).

Supply of electric current to Railway Stations, Municipal Corporations and firms.

6. ***Mr. M. N. Paramesvaran Pillai :** Will the Government be pleased to state :

(a) whether the Electrical Department supplies current for lighting and other purposes in the Central and Pettah Railway Stations, and if so, at what rate ; and

(b) whether the Municipal Council, Trivandrum, made any requisition for the supply of current for street lighting at concessional rates ; and whether electric current is being supplied at concessional rates to big consumers like municipal corporations and firms in other cities where electric schemes have been introduced ?

Mr. K. P. Padmanabha Menon : (a) Yes. At 4 annas per unit.

(b) Yes ; but the rates vary with each supply agency.

Mr. M. N. Paramesvaran Pillai : May I know from the member why the same rate of 4 annas is allowed to the Municipality ?

Mr. K. P. Padmanabha Menon : The Municipality is charged less than 4 annas ; only 3½ annas.

Mr. S. Piraviperumal Pillai (*Commerce and Industry, South*) : May I know from the member why this reduced rate is allowed to the Railway Stations ?

Mr K. P. Padmanabha Menon : That is to make it conform with the rate at which current is supplied to the S. I. R. in other stations ?

Mr. S. Piraviperumal Pillai : May I know whether the rates levied on private consumers here are in conformity with those at which current is supplied to private consumers in British India ?

Mr. K. P. Padmanabha Menon : In many cases they are more favourable and in some cases they are the same.

Arrears due from private consumers for the Supply of electric current.

7. ***Mr. M. N. Paramesvaran Pillai :** Will the Government be pleased to state :

(*a*) whether there are any arrears due from private consumers of electric current ; if so, how many of such consumers are Government servants and how many others ; the names of such Government officers and the amount due from each and the period for which they have been in default ; and

(*b*) whether there are any rules laid down by the department in respect of the realisation of the dues for the supply of electric current to private consumers, and if so, what they are ?

Mr. K. P. Padmanabha Menon : (*a*) Yes ; the consumer's addresses as given in their applications do not very often furnish information as to whether they are Government servants or not. It is therefore not possible to state correctly how many Government servants are consumers of electric energy.

(*b*) Yes. The dues are payable to the Superintendent, Trivandrum Electric Supply, within one week of the receipt of the invoice, failing which, the supply is liable to be disconnected.

Pallivasal Hydro Electric Works.

8. ***Mr. M. N. Paramesvaran Pillai :** Will the Government be pleased to state :

(*a*) whether there is a Resident Engineer appointed by them in connection with the Pallivasal Hydro Electric Works and how much he is paid as salary and other allowances ;

[Mr. M. N. Paramesvaran Pillai.]

(*b*) when he was appointed and what his duties are ;

(*c*) whether the work is being carried on by the Electrical Department of the State or by other agency on contract ; if on contract, which is the agency that has undertaken the work ; whether any agreement has been entered into for the purpose ; if so, whether there is any guarantee clause in the same : and what is the clause ; and

(*d*) how many times does the Electrical Chief Engineer visit Pallivasal every month and for what purpose ?

Mr. K. P. Padmanabha Menon : (*a*) Yes. His pay is Bh. Rs. 1,500 and permanent travelling allowance is Sr. Rs. 50/- per mensem.

(*b*) 15-4-1933. Supervising the construction of the tunnel and other Civil Engineering Works as may be delegated to him in connection with the Pallivasal Hydro Electric Project.

(*c*) The project works are carried out by the department through contract agency The contractors for the tunnel works are Messrs. Moylan & Co., Bombay, and local contractors are engaged for carrying out other constructional works. They have entered into an agreement and have furnished a security for the due fulfilment of the contract. Specifications embodying the guarantees required are issued and these form the basis of the contract.

(*d*) The Electrical Engineer has so far inspected the works at Pallivasal on an average once in two months. The purpose of his visit is to inspect the works in progress and give instructions to the executive officers and contractors regarding the technical and other details of works, etc. He also measures the work in progress.

Mr. S. Piraviperumal Pillai : With reference to the answer to part (*c*), may I know whether there is any guarantee clause for the same and if so what is it ?

Mr. K. P. Padmanabha Menon : The terms of the guarantee depend upon each individual contract. For each separate contract there is a different guarantee. If the member would refer to any specific instance, I shall answer. For instance does he refer to the time of completion or the quality of work ?

Supply of electric power from Pallivasal to Peermade and Vandiperiyar.

9. ***Mr. L. A. Lampard** (*Travancore Planters*) : Will the Government be pleased to state :

(*a*) whether they are prepared to extend the supply of electric power from Pallivasal to the Peermade and Vandiperiyar districts ;

(*b*) If so, what demand would be necessary to influence them to undertake this extension ;

(*c*) when such extension could be undertaken ;

(*d*) what charges would be made for power and whether there would be a sliding scale ; and

(*e*) what portion of the installation would be undertaken at Government's expense ?

Mr. K. P. Padmanabha Menon : (*a*) Yes.

(*b*) A minimum consumption of five million units per annum.

(*c*) As soon as the minimum consumption is guaranteed.

(*d*) No charge has yet been fixed ; but it will be possible to work out a tariff which will be attractive to the consumer and in this tariff a sliding scale will be provided.

(*e*) Government would undertake the main transmission line to the terminal station and the distribution of power from the station to the various factories will preferably be undertaken by a licensee.

Prescription of text-books for 1934—1935.

10. ***Mr. M. N. Paramesvaran Pillai :** Will the Government be pleased to state :

(*a*) who prescribed the various text-books for use in the Vernacular and English Schools for the year 1934-35 ;

(*b*) whether text-books not approved by the Text-Book Committee have been prescribed ; if so, who was responsible for the selection ; what are those books and by whom were they written and published ;

(*c*) what was the principle followed in the matter of prescribing the various text-books ;

(*d*) what is the principle kept in view by the Education Department in prescribing a number of text-books for a particular class, leaving the choice of selection to the school masters of the various schools ; and

(*e*) what were the difficulties, if any, in prescribing the same set of text-books for any particular class in all the schools of the State ?

Mr. R. M. Statham : (*Director of Public Instruction*) : (*a*) The Director of Public Instruction, with the approval of Government.

(*b*) No.

(*c*) Suitability of the books.

(*d*) & (*e*) The member is referred to the recommendations of the Education Reforms Committee Report in the matter.

Mr. M. N. Paramesvaran Pillai: May I know, Sir, how many members are there in the Text-Book Committee?

Mr. R. M. Statham: Twenty-five.

Mr M. N. Paramesvaran Pillai: May I know, Sir, how many copies of a book have to be sent to the Director of Public Instruction by an author or publisher who wishes to have the same prescribed as text-book?

Mr R. M. Statham: Four.

Mr. M. N. Paramesvaran Pillai: May I know how many of these books will be kept in the Director's Office and how many will be sent to the members of the Text-Book Committee for perusal?

Mr. R. M. Statham: They are forwarded to the Sub-Committees of the Text book Committee and not to all members.

Mr. M. N. Paramesvaran Pillai: Am I, therefore, to understand, Sir, that all the books are not read and approved by all the members of the Committee?

Mr. R. M. Statham: No; it is impossible to have all books read by all the members. There is the matter of language.

Mr. M. N. Paramesvaran Pillai: After the approval by the Text-Book Committee, may I know who prescribes the text-books?

Mr. R. M Statham: The Government.

Mr. M. N. Paramesvaran Pillai: May I know whether the Director of Public Instruction has any hand in it?

Mr. R. M. Statham: Yes, he makes the recommendation to Government.

Mr. M. N Paramesvaran Pillai: May I know from the member how the present Director of Public Instruction was able to prescribe or make the necessary recommendations with regard to the books in the Vernacular languages?

Mr. R. M. Statham: Because he had assistants.

Mr. M. N. Paramesvaran Pillai: Am I to understand, Sir, that it was only the Assistants' recommendations that were forwarded to Government and not those of the Director of Public Instruction?

Mr. R. M. Statham: No, it was the Director's recommendation.

Mr. M. N. Paramesvaran Pillai: May I know, Sir, whether books written by the members of the Text-Book Committee have been prescribed as text-books?

Mr. R. M. Statham: In some cases, yes.

Mr. M. N. Paramesvaran Pillai: May I know in how many cases ?

Mr. R. M. Statham: I want notice.

Mr. M. N. Paramesvaran Pillai: May I know on what basis the prices of these text-books are fixed by the Director and the Government ? Is it fixed on the basis of any remuneration that an author is able to make by the sale of the copyright of his book to a publisher or book-seller ?

Mr. R. M. Statham: There is not any exact basis. Sometimes the price put on the book is accepted. Sometimes, if it is too high, it is reduced.

Mr. M. N. Paramesvaran Pillai: May I know, Sir, whether, in respect of text-books written in English, they have been prescribed by the Director of Public Instruction or whether the choice has been left to the Headmasters of the various schools ?

Mr. R. M. Statham: For the examination classes, the text books are prescribed by Government ; for ordinary classes, they are left to the choice of the Headmasters.

Mr. M. N. Paramesvaran Pillai: May I know, Sir, whether it is a fact that since the choice thus left to the Headmasters, who were not able to exercise their option sufficiently early, the various booksellers in the State were not able to stock the necessary text-books and that in several schools the students have not been able to equip themselves with all the books necessary for their classes ?

Mr. R. M. Statham: So far, I have neither a report that the books are not available or that the students have no books.

Mr. S. Piraviperumal Pillai: With reference to the answer to part (*b*), may I know from the member whether all the books approved by the Text-Book Committee have been published in the Gazette ?

Mr. R. M. Statham: Yes.

Mr. S. Piraviperumal Pillai: Then may I know whether there are any books prescribed which have not been so published in the Gazette?

Mr. R. M. Statham: No book has been prescribed which has not been approved by the Text-Book Committee and published in the Gazette.

Mr. S. Piraviperumal Pillai: May I know the basis on which this answer has been given?

Mr. R. M. Statham: The basis is fact. It is based on fact.

Mr. S. Piraviperumal Pillai: If I challenge the member that there are books prescribed which are not published in the Gazette, will the member be pleased to give an answer tomorrow when the Education Demand comes for discussion?

Mr. R. M. Statham: That is a matter for the Chair.

President: That is hypothetical.

Mr. S. Piraviperumal Pillai: With reference to the answer to part (c), may I know from the member the principle followed in the matter of prescribing the various text-books?

Mr. R. M. Statham: The answer has been given, Sir.

Mr S. Piraviperumal Pillai: May I know from the member whether in approving books, the Text-Book Committee have followed this principle, *viz.*, the suitability of the books?

Mr. R. M. Statham: Certainly they have.

Mr. S. Piraviperumal Pillai: Therefore, am I to understand, Sir, that the Text-Book Committee have not prescribed books which are not suitable or the least objectionable?

Mr. R. M. Statham: I am afraid that does not follow at all. The Text-Book Committee aprove books for various purposes *viz.*, for libraries, for class use and for teacher's use. To which of them the member refers I do not follow.

Mr. S. Piraviperumal Pillai: From the list of books approved by the Text-Book Committee, may I know what principle has been followed in the matter of prescribing text-books?

Mr. R. M. Statham: The Text-Book Committee makes a list of books suitable to be prescribed as texts and the Director and Government chose from among them books which are most suitable.

Mr. S. Piraviperumal Pillai: May I know the principle underlying the selection of text-books which are most suitable?

Mr. R. M. Statham: The underlying principle is to find out books which are most suitable. It is left to the judgment of the Director of Public Instruction and Government.

Appointment of a Malayalam Lecturer in the Arts College.

11. *** Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state:

(a) whether one Mr. P. N. Kunjan Pillai B. A. (Hons) Sanskrit of the Annamala University, has been appointed as a Lecturer in Malayalam in H. H. The Maharaja's College of Arts;

(b) whether he has undergone studies in Malayalam for any degree course, and, if so, where;

(c) when he was appointed ;

(d) what is the length of his service in the department ;

(e) whether there are teachers available in the Government High Schools of the State who have taken M. A. degrees both in Malayalam and Sanskrit ; and

(f) whether any of them had at any time acted as Malayalam Lecturer in the Arts College, and, if so, what is the period of his total service in the Education Department ?

Mr. R. M. Statham : (a) Yes.

(b) No.

(c) 22-1-1934.

(d) About eleven months, of which five months' service was in English Schools.

(e) No.

(f) No.

Mr. M. N. Paramesvaran Pillai : May I know from the member whether the degree holders of Annamala University are treated on a par with the degree holders of the Madras University for the purpose of recruitment into the Education Department ?

Mr. R. M. Statham : Yes, other things being equal.

Mr. M. N. Paramesvaran Pillai : May I know what are the other things the member has in view ?

Mr. R. M. Statham : For instance a first class man of the Madras University will be preferred to a second class man of the Annamala University.

Mr. M. N. Paramesvaran Pillai : Suppose both the candidates obtain the same class, one from the Madras University and the other from the Annamalai University, whom would you prefer ?

Mr. R. M. Statham : Again, I have to say other things being equal the standing of the University in that particular course of study will be considered.

Mr. M. N. Paramesvaran Pillai : May I know whether there was any application from any candidate who had passed the M. A. in Malayalam from the Madas University with distinction for the post of the junior lecturer in Malayalam ?

Mr. R. M. Statham : There was no such applicant as the member describes.

Mr. P. Padmanabhan Tampi (*Kalkulam cum Vilavankod*) : What other qualification has Mr. P. N. Kunjan Pillai?

Mr. R. M. Statham: He is a Vidwan in Malayalam.

Mr P. Padmanaban Tampi: Has he passed any examination in Travancore?

Mr. R. M. Statham: I do not think so.

Particulars regarding the answer given to question relating to maps prescribed in Vernacular Schools.

12. ✻ **Mr. S. Piraviperumal Pillai:** With reference to the statement that there was one set of instructions from the Office of the Director of Public Instruction and there was another set of instructions from the Office of the Inspector of Vernacular Schools and so on and so forth, contained in the answer given by Mr. Chandrasekharan on the 23rd August 1933 regarding the maps prescribed in the Vernacular Schools (page 260 of Volume I, No. 4 of the Proceedings of the Sri Chitra State Council), will the Government be pleased to state:

(*a*) why two different sets of instructions were issued on the same subject;

(*b*) what the instructions from the Office of the Director of Public Instruction were;

(*c*) what the instructions from the Office of the Inspector of Schools were;

(*d*) the result of the investigation stated therein;

(*e*) who investigated the matter;

(*f*) the contents of the report submitted by the investigating officer; and

(*g*) the final orders of Government on the subject?

Mr. R. M. Statham: (*a*) Mr. Brahmanayagam Pillai's wall map of Travancore (Malayalam) was prescribed for use in schools until maps prepared and printed by the Superintendent of Survey were available, and in the absence of better maps. Subsequently, a notification prescribing Mr. Brahmanayagam Pillai's map for use in schools until further notice was also published in the Gazette in April 1933. Two different sets of instructions, however, came to be issued on the subject due to an error of judgment on the part of the Inspector of Vernacular Schools.

(*b*) These instructions were to the effect that the wall map of Travancore prepared and published by Mr. Brahmanayagam Pillai was prescribed for use in schools until further notice, and that this map can be had of the publisher at Bh. Rs. (6) six only per copy.

(*c*) That the appliances (the wall maps of Travancore were included in the term 'the appliances') were available for purchase at the Vanivilasam Publishing House, Karamanai, Trivandrum, and also from Mr. R. Brahmanayagam Pillai, Trivandrum.

(*d*) The action of the Inspector of Vernacular Schools was not in accordance with the explicit orders of the head of the department in the matter.

(*e*) The Director of Public Instruction.

(*f*) Though the Inspector of Vernacular Schools withdrew the instructions issued to his subordinate officers *vide* (*c*) above, and issued fresh instructions prescribing Mr. Brahmanayagam Pillai's map for use in the Vernacular Schools, as subsequently ordered from the Director's Office, his original action was not regular.

(*g*) The Government accepted the explanation of the Inspector of Vernacular Schools in the matter.

Appointment of Devasya Joseph as a permanent runner in the Trivandrum Anchal Office.

13. ***Mr. N K. Padmanabha Pillai** (*Neyyattinkara* cum *Nedumangad*): Will the Government be pleased to state whether the Anchal Superintendent has appointed one Devasya Joseph, outsider, as a permanent runner in the Trivandrum Anchal Office, when there were experienced volunteers even from the depressed classes waiting outside without work; and if so, whether there was any special reason for the same?

Mr. E. I. Mathew (*Anchal Superintendent*): The answer to the first part of the interpellation is in the negative. The second part does not therefore arise.

Mr. J. John Kattakayam (*Muvattupuzha* cum *Todupuzha*): അഞ്ചൽ ഓട്ടക്കാരിൽ കത്തോലിക്ക് സമുദായത്തിൽ പെട്ടവർ എത്രപേരുണ്ടെന്നറിയാമോ?

Mr. E. I. Mathew: നാലുപേരുണ്ട്.

Mr. J. John Kattakayam: അതിൽ അധഃകൃതസമുദായത്തിൽപെട്ടവർ എത്രപേരുണ്ട്?

Mr. E. I. Mathew: അധഃകൃതരെ കൂടാതെയാണ് നാലുപേർ ഉണ്ടെന്നു പറഞ്ഞത്.

Mr. J. John Kattakayam: അഞ്ചൽ ഡിപ്പാർട്ടുമെൻറിലെ ഉദ്യോഗനിയമനത്തിൽ കത്തോലിക്കരുടെ അവശതകളെ പരിഹരിക്കണമെന്ന് മെമ്പർ വിചാരിക്കുന്നുണ്ടോ?

Mr. E. I. Mathew: അത് ഗവണ്മെൻറിൽനിന്നും ആലോചിക്കേണ്ട ഒരു സംഗതിയാണ്.

Mr J. John Kattakayam: അഞ്ചൽസൂപ്രണ്ട് ക്രസ്തീയ സമുദായത്തിൻെറ ഏതു ഭാഗത്തിൽപെട്ട ആളാണ് എന്നു പറയാമോ?

Mr. E. I. Mathew: പ്രാട്ടസ്ററൻറ് വിഭാഗത്തിൽപെട്ടയാളാണ്.

Mr. J. John Kattakayam: കത്തോലിക്കർക്ക് പ്രാട്ടസ്ററൻറുകാരുമായി വല്ല ചാർച്ചക്കർഹതയുണ്ടോ?

Mr. E. I. Mathew: സാധാരണ ചാർച്ചയൊന്നുമില്ല.

Lady clerks in the Anchal Department.

14. ***N. K. Padmanabha Pillai:** Will the Government be pleased to state the names of the lady clerks in the Anchal Department (acting, S. P. T. and permanent), with the dates of their first entertainment, qualification, and present pay, in each case?

Mr E I. Mathew: A statement* furnishing the information is laid on the table.

Mr. J. John Kattakayam: അഞ്ചൽ ഡിപ്പാർട്ടുമെൻറിൽ സ്ഥിരക്കാരായി എത്ര സ്ത്രീകൾ ഉണ്ട്?

Mr. E. I. Mathew: അഞ്ചു പേർ ഉണ്ട്.

Mr. J. John Kattakayam: അതിൽ ക്രസ്ത്യാനികളായി എത്ര സ്ത്രീകളുണ്ട്?

Mr. E. I. Mathew: ഒരാളുണ്ട്.

Mr. J. John Kattakayam: മിസ്സ്. മേരിജാൺ എന്നസ്ത്രീയെ സ്ഥിരപ്പെടുത്തിയതു് ഏതു അഞ്ചൽ സൂപ്രണ്ടിൻെറ കാലത്താണ്?

Mr. E. I. Mathew: മിസ്ററർ. നാഗൻപിള്ളയുടെ കാലത്താണ്.

Mr. J. John Kattakayam: അവർ ഡിപ്പാർട്ടുമെൻറൽ പരീക്ഷ പാസാകണമെന്നുള്ളതിൽ നിന്നും ഒഴിവാക്കിയിട്ടുണ്ടോ?

Mr. E. I. Mathew: അതിനെപ്പററി ഗവമ്മെൻറിലേക്ക് എഴുതി അയച്ചിട്ടുണ്ട്.

Mr. J. John Kattakayam: എത്രരൂപയാണ് അവക്ക് ശമ്പളം?

Mr. E. I. Mathew. ൨൫ രൂപായാണ് ശമ്പളം.

Mr. J. John Kattakayam: അങ്ങിനെ കൊടുത്തുതുടങ്ങിയിട്ട് എത്രകാലമായി?

Mr. E. I. Mathew: അതിന് നോട്ടീസ് വേണം.

* Vide Appendix III page 43.

President: I am not able to follow itiat all. It is simply a soliloquy. (*Laughter.*)

Mr. E. I. Mathew: The member wants the date from which a particular individual was entertained. I claim notice.

Mr. J. John Kattakayam: മിസ്സ് മേരിജാൺ മലയാളത്തിലുള്ള പല കൃതികളുടേയും ഗ്രന്ഥകർത്രിയാണെന്നറിയാമോ?

Mr. E. I. Mathew: അവർ ഒരു കവയിത്രിയാണെന്നു് പറഞ്ഞു കേട്ടിട്ടുണ്ടു്.

Mr. J. John Kattakayam: അവർ എഴുതിയിട്ടുള്ള ഒരു പുസ്തകം ഇൻറർമീഡിയറ്റ് ക്ലാസിൽ ടെക്സ്റ്റ് ആക്കിയിട്ടുണ്ടു് എന്നുള്ള വിവരം അറിയാമോ?

Mr. E. I. Mathew: അറിയാം.

Mr. J. John Kattakayam: കൂടുതൽ ക്രിസ്ത്യാനികളെ അഞ്ചൽ ഡിപ്പാർട്ടുമെൻറിൽ നിയമിക്കുവാൻ ശ്രദ്ധിക്കുമോ?

Mr. E. I. Mathew: അതു് ഗവൺമെൻറിൽനിന്നും നിശ്ചയിക്കേണ്ട ഒരു സംഗതിയാണു്.

Fanel of Anchal Inspectors recommended by the Anchal Superintendent.

15. ***Mr. N. K. Padmanabha Pillai**: Will the Government be pleased to state:

(*a*) the names of the subordinates who were recommended by the Anchal Superintendent to be the panel of the Anchal Inspectors;

(*b*) whether Mr. Velayudhan Pillai, Anchal Master, Alleppey, and Mr. Vappukannu, Anchal Master, Chalai, were included in the list;

(*c*) whether any of these has ever acted as Anchal Inspector; and

(*d*) if the answer to part (*b*) is in the negative, what were the reasons for the same?

Mr. E. I. Mathew:

(*a*) Mr. P. O. Jacob B. A.
,, G. Vasudevan B. A. & B. L.
,, S. Subrahmanya Aiyar B. A.
,, G. Ramachandra Kammathi.

(*b*) No.

(*c*) Yes—Mr. Velayudhan Pillai.

(*d*) Four of the senior efficient men in the department were selected for the panel. Hence these two men were not included in the list.

Mr. N. K. Padmanabha Pillai : What is the principle adopted in the selection ?

Mr. E. I. Mathew : Seniority and efficiency.

Mr. K. P. Nilakanta Pillai (*Chirayinkil* cum *Nedumangad*): May I know how the present Anchal Superintendent was able to know the efficiency of the individuals concerned ?

Mr. E. I. Mathew : He has been inspecting their work from time to time during the last few months after he took charge of the department ; and he had, before him, records of their work.

Mr. K. P. Nilakanta Pillai : Am I to take it that efficiency is judged on the work turned out by these men in their respective Anchal Offices ?

Mr. E. I. Mathew : The Superintendent ascertains how they have been discharging the work assigned to them from time to time.

Mr. K. P. Nilakanta Pillai : May I ask whether there was any report regarding the inefficiency of the two men referrred to in part (*d*) of the answer ?

Mr. E. I. Mathew : Yes ; the Inspectors under whom they worked have reported against them.

Mr. J. John Kattakayam : ഇ. വേലായുധൻപിള്ളക്കും വാപ്പുക്കണ്ണിനുമുള്ള പരീക്ഷായോഗ്യതകൾ എന്തെല്ലാമാണ്?

Mr. E. I. Mathew : അറിഞ്ഞുകൂടാ?

Mr. J. John Kattakayam : യാതൊരു പരീക്ഷായോഗ്യതയും ഇല്ലാത്തവരെ ഇൻസ്പെക്ടർമാരായി നിയമിച്ചാൽ കാര്യക്ഷമതക്ക് ഹാനികരമായി തീരുകയില്ലേ?

Mr. E. I. Mathew : അതെ.

Mr. J. John Kattakayam : പരീക്ഷായോഗ്യതയും കാര്യക്ഷമതയും നോക്കിയാൽ ഇപ്പോൾ ആ ജോലി കൊടുത്തിരിക്കുന്നവരെക്കാൾ കൂടുതൽ യോഗ്യതയുള്ളവരായി ഡിപ്പാർട്ടുമെൻറിൽ ആരെങ്കിലും ഉണ്ടോ?

Mr. E. I. Mathew : അവരെക്കാൾ കൂടുതൽ സർവ്വീസുള്ളവർ ഡിപ്പാർട്ടുമെൻറിൽ ആരുമില്ല.

PANEL OF CHAIRMEN.

President : Under Rule 3 (1) of the Travancore Legislative Rules, I have to announce that I have nominated Mr. Kochikal P. Balakrishnan Tampi and Mr. K. K. Thomas to the Panel of Chairmen during the current Session of this Council.

RULING OF THE PRESIDENT.

President : Honourable Members will remember that during the last meeting of the Council certain points of order were raised for the decision of the Chair and I had promised to examine them and give my rulings at this Session. One of those points was whether the answering of a starred question by placing a statement on the table was in order and sufficient, as it deprived the members of the opportunity for putting supplementary questions thereon. As I said in the other House the other day, answering an interpellation by laying a statement on the table if such a procedure was unavoidable, even though the interpellation itself did not ask for such a statement, is a well recognised practice in the Legislative Chambers in British India. The House may be aware that on one occasion, the same point specifically came up for consideration in the Indian Legislative Assembly when an honourable member contended that the laying of a statement was not by itself a sufficient answer to a starred question, unless it was read out in the House. It was then ruled by the Chair that the procedure of placing the statement on the table was usual and unobjectionable. I do not find in the Rules or Standing Orders relating to the conduct of business in this House any provision which enables the President to compel the Government member to answer a question in a particular manner. The sufficiency of the answer and the method of answering a question are matters left to the discretion of the answering member, though, I should emphasise that this discretion should be wisely and appropriately used. My ruling therefore is that it is perfectly in order to answer a question by laying a statement on the table, even if the question itself did not specifically ask for such a statement. But, I trust that this procedure will be resorted to as rarely as possible.

I would also take this opportunity to prescribe the procedure to be followed in laying statements on the table. The statements are laid by merely handing them over at the Secretary's table. This is the practice in the Indian Legislative Assembly and elsewhere. Such statements are neither read nor copies thereof circulated among the members. They are incorporated in the printed proceedings of the House for the day and circulated to honourable members in the usual course.

[President]

Another point that came up for consideration during the last meeting was the convention established in this House by which no member is allowed to rise in his place more than once for putting supplementary questions. It seems to me that the fair and correct rule, having regard to the interest of all the members of the House is that one member should ordinarily be given only one opportunity, to put his series of supplementary questions. It should be remembered that a supplementary question is generally intended to clear up what might have seemed obscure in the answer given to the original question but not on answers given in reply to supplementary questions themselves. I do not therefore propose to interfere at present with the convention observed in this House. I shall, however, watch how the convention works in practice and in the light of experience so gained reconsider it, if found necessary, in the interest of the House as a whole. Let me add that in exceptional circumstances, I am prepared to allow more opportunities than one to any member asking supplementary questions, if I feel convinced that such a concession is really necessary.

Now I shall turn to the discussion on the Budget. Under Rule 74 the debate on it will begin to-day with a general discussion and the voting of demands for grants will follow it from to-morrow. The maximum time of 4 days has been allowed for the latter. As honourable members are aware the demands will be discussed in the order in which they are printed in the list supplied to them already.

In calculating the number of hours to be allotted for the voting of demands, the following procedure will be adopted. A day will be taken as from 11 A. M. to 5 P. M. of which the first hour is available for questions and another hour (1 to 2 P. M.) as lunch interval. The remaining four hours will be treated as a full day and two hours as half a day. If the time taken up for questions and answers is less than an hour, the remaining time will also be available to the House for the voting of demands. Such available time will not, however, go to increase the time allotted for any one demand but will only enable the House to discuss more demands.

As the House knows half a day each is allowed for the voting of demands for grants under I—Education, II—Public Works Department, and VI—Land Revenue. The remaining demands will have to be dealt with before the close of the fourth day and not more than one hour will be allotted to any one of these demands.

Honourable members of the Council are of course aware that they should discuss each demand as a whole and vote upon it as a whole without moving for the reduction of any grant or of any item in a grant.

During the general discussion every member, other than the Financial Secretary, will be allowed not more than 15 minutes. During the second stage, *i. e.* in the voting of demands for grants, the time limit for speeches for all members will be 10 minutes. As a matter of general convenience it would be well if the honourable members will so adjust their participation in the debate as to afford sufficient time to the official members for elucidating points and dispelling doubts, which might have arisen in the course of such discussion failing which, I am afraid, the discussion will lack in completeness.

Mr. R. Nilakanta Pillai : Sir, certain cuts were made by the Sri Mulam Assembly in the voting on demands for grants. These cuts are as follows :—

Education Department	...	Re.	1
Public Works Department	...	Rs.	5
Industries Department	...	Rs.	4,800
Land Revenue Department	...	Rs.	5
Forest Department	...	Re.	1

Government have accepted these cuts and the Budget already laid before the Council may be treated as having been amended to that extent. Sir, I beg permission to do so.

President : Yes. Leave is granted.

Mr. M. N. Paramesvaran Pillai : May I know from the member whether the principles underlying these cuts have also been accepted ?

Mr. R. Nilakanta Pillai : The money cuts have been accepted.

GENERAL DISCUSSION OF THE BUDGET.

President : The House will now proceed with the general discussion of the budget.

Mr. M. Govindan (*Nominated*) : Sir, I wish to make a few observations regarding the budget that has been presented to us by the Financial Secretary. To begin with, I wish to speak a few words about the Sinking Fund. The Financial Secretary assures us that Rs. 69,43,000 would be available from the Sinking Fund which we have been contributing to for the purpose of purchasing the Quilon-Shencotta Railway after 1945. Government has recorded its thanks to the Legal and Constitutional Adviser to His Highness the Maha Raja for the services rendered by him in getting by correspondence the Government of India to agree to our contention that there is no obligation on our part to make the purchase after 1945, but that it is optional

[Mr. M. Govindan]

with us to do so. If that is so, the Government deserves to be congratulated on the face of the statement that we are liberated from an obligation. But in the discussion elsewhere and outside some facts have been brought out which make it doubtful whether it is a matter for unqualified congratulation. In the first place, the Cochin Harbour has to be linked by railway to Quilon and, when that is done, what is now a losing concern may prove to be advantageous and the probability may be that we have to purchase for our State this Shencotta—Quilon line. In the event of our having to do so, the diversion of this fund now will necessitate our going in for a loan when the purchase has to be made. It is always advantageous to have some reserve fund for the purpose of a successful negotiation even for the purchase. There is also this other circumstance that the very irksome duty of underwriting a growing demand in interest may be avoided by a purchase. There is one other fact also not prominently brought before the public in the discussions and that is that our patriotism and our love of our mother country should induce us to adopt all measures possible for avoiding the necessity of giving extra-territorial jurisdiction to the Indian Government over the Shencotta—Quilon line and that can be done only if we exercise our option to make the purchase. These facts show, Sir, that the matter is one of some doubt, at any rate, and, so, I hesitate to congratulate the Government over this Sinking Fund diversion.

The next point to which I wish to draw the attention of the House, is one in which I can congratulate the Government in unqualified terms and that is, the Rubber Factory that is proposed to be opened at the Chackai beach. Now, Sir, Travancore is an agricultural country and this narrow strip of country has a teaming population dependent mainly on agriculture, and wise statesmanship would direct the State in such a manner as to convert this agricultural country into an industrial one, but a definite policy of industrialising the country had not yet been undertaken by Government. Hitherto we were, no doubt, helping certain industries by grants, by taking shares, etc., in certain concerns, but the Government had not come forward to take the sole responsibility of establishing and running a *pucca* concern like the one that is now undertaken at Chackai. The work is, I notice, proceeding very vigorously and I am sure the Government will be able to see the result during the course of the next three years at the most.

Mr. **K. P. Nilakanta Pillai**: How does it differ whether the factory is run by money advanced by Government or by money raised by means of loans or by selling shares, etc. ?

Mr. M. Govindan: Government's direct responsibility means that there is great resource behind it and more efficiency in the matter of supervision and control. To me, it appears that the difference between a private concern or a quasi private concern and one run by Government can easily be seen from our experience of other institutions.

Mr. K. P. Nilakanta Pillai: May I know what the member's experience is with reference to the Sugar Factory at Tuckalai?

Mr. M. Govindan: In the case of the Sugar Factory the Government has given a sufficient explanation for retardation of progress. In the Financial Secretary's speech it is stated that the melt has been increased but that it was not possible to secure the quantity of jaggery necessary. Mr. Chari of Messrs. Chari & Co. is making experiments in Munro Island with regard to jaggery and Government expects that his experiments are likely to prove successful. I submit that in the case of the Rubber Factory there is not the likelihood of any such deficiency as there is plentiful supply of rubber of very good quality as the Financial Secretary himself has stated, and there are also other advantages such as educated labour and some other circumstances which he has mentioned. That shows that we can have a good prospect of a successful concern being run by Government. It will serve as an example to other private institutions coming up also. Hitherto we have been only making small experiments in the Industries Department, and, after all, experiments are but experiments. They serve on a small scale as object lessons. But this is a big enterprise and I reckon it as an inauguration of a definite policy of industrialisation of this country.

There is also foreshadowed in the speech of the Financial Secretary another suggestion about the possibilty of opening a Paper Mill at Alwaye or Kotamangalam, in view of the cheap electricity that would be available when the Hydro Electric Scheme is completed and in view of the circumstance that we have got plentiful growth of a reed called *eeta* on the sides of the new Pallivasal road that will be opened. With that also will come another chapter in the industrial growth of this country. In the meantime, I would express my view that the machinery of Government should also be so adjusted as to be able efficiently to supervise, control and give proper advice to these concerns. What I mean is this. In the Secretariat a new section may be opened, say an industrial and commerce section, to deal with such subjects as tariff, customs, commercial intelligence, statistics and labour.

[Mr. M. Govindan]

These are highly technical matters on which members of these Houses may have to disuss with other members who have spent their lives on these subjects elsewhere, in British India when the Federation comes. I would press on the attention of Government the necessity of having a separate section in the Secretariat. Government have already anticipated my suggestion, I should think, by deputing a young man with the necessary qualifications to study in statistical methods under the Director General of Commercial Intelligence at Calcutta. That is a very good beginning. A separate section in the Secretariat with this man also in it when he returns qualified, may be able to help the Government to carry on the new duties that they have taken up on themselves.

I have also to point out certain short comings. The first thing that I would point out is this. There is no provision in the budget, so far as I could see, for supplementing the munificent donation of Rs. 50,000 announced by His Highness the Gracious Maha Raja for the help of the destitute and the infirm. In the rules published in the Gazette one source of income for the charity is donation that may be made by Government.

Mr. R. Nilakanta Pillai: Is there not provision for receiving contribution from the general public?

Mr. M. Govindan: Yes, there is. The committee, I understand, is issuing an appeal to the public for funds. But it would not be befitting for a committee constituted by Government to appeal to the Government themselves for funds. I hope the Government will liberally supplement the Royal donation by a sum which will enable the committee to carry on the work efficiently.

Another thing that I want to point out is that the funds provided for loans are not adequate enough, I mean, the agricultural and industrial loans. The fact cannot be denied that there is great hardship and many agricultural holdings are sold for arrears of revenue. This is the time when the Government should be able to find some funds to give adequate help in the shape of loans on easy terms to avoid compulsory sale of these lands. I would suggest, therefore, that the amount allotted for loans may be liberally supplemented by funds which must be available from the large reserve out of the Sinking Funds. The next shortcoming is that there is no provision for a Public Service Commission.

Mr. S. Piraviperumal Pillai: May I know whether if more funds are allotted for loans the agriculturists will have sufficient lands to give as security?

Mr. M. Govindan: They may be given on personal security.

President: I believe that it is recognised by members that the time allotted for each member is 15 minutes.

Mr. Kochikal P. Balakrishnan Tampi: (*Mavelikara* and *Kartikapalli* cum *Kunnattur*): Sir, last time when the Budget was presented we offered certain criticisms regarding the same. I wish our criticisms had been reduced to a gramaphone plate because the same old criticism we are to repeat time and again as regards the Budget presented by the Financial Secretary. Incidentally, I pointed out last time that the defects of the department are mainly due to the fact that the Account officer and the Financial Secretary are rolled into one. The mixing up of work of so divergent a nature is to make him an indifferent auditor and a worse financier. As if in revenue the Financial Secretary presents himself to us this year in his multiple capacity as a Financial Secretary, as the Account Officer, As an Actuary, and also as a Banker, Government having interest in two banks, one the state Aided Bank and the other the Land Mortgage Bank. I again draw the attention of the Government to the advisability of having separate officers as Financial Secretary and account Officer. The finances of the state are not guided with that ability which it demands. In this present age when in every other country we hear of the five year Programme and Planned Economy it is certainly sorry that this officer in Travancore adds up figures of income and expenditure and presents his budget in the orthodox manner. Therefore, with all the emphasis that I can command I again bring to the attention of Government the necessity of having a Financial Secretary who can give competent advice to Government in matters financial.

As most of the things are discussed at length elsewhere we always find it is very tame for us to talk about the same things and we sympathise with others who have to hear the same remarks and the same criticisms with regard to the budget. Anyway I do not want to share in the pessimism of Mr. Govindan regarding the Sinking Fund. Modern finances have gone much further than Mr. Govindan, my friend. It is not considered wise to starve ourselves so that the future generations may be nourished. I must certainly congratulate Government on the brilliant financial stroke by which all the Sinking Fund was made over for reproductive purposes in the State. The Davidson Committee Report says that the main and trunk railway lines of strategic value are considered as central concerns in the future. When we are sure that the railway would be taken by the Central Government there is no wisdom in Travancore Government taking up an uneconomic undertaking as

[Mr. Kochikal P. Balakrishnan Tampi]

the Trivandrum—Shencotta railway. So long as the money available is spent for reproductive purposes we are to congratulate the Government. I have also to congratulate the Government on the heavy industrial undertakings. I wish I could share the enthusiasm and the hopefulness of the Financial Secretary regarding the Rubber Factory. He speaks about the protective tariff in the face of the Interportal Convention of the 1st June 1865. I do not see how Government is competent to impose a protective customs duty so as to help the rubber industry.

Mr. M. Govindan: May I know from the member the provision of the Interportal Convention that is relevant to the subject?

Mr. Kochikal P. Balakrishnan Tampi: That section which says that we cannot impose any import duty on things manufactured in British India or on things which come into India through British Indian or Cochin ports is relevant.

I am also sorry that the Financial Secretary does not speak anything regarding depression. Absolutely no mention of the hundreds of ryots whose homesteads are proclaimed for sale in the swelling sheets of the Travancore Government Gazette. The sums that have been spent on luxuries and sinecure appointments are themselves sufficiently large Besides that, the Government do not understand the psychological question involved; when hundreds are losing their homes it is poor comfort to them that there is a well-manned State Guests Department in the State controlled by a Directress and the Game of the State is well preserved by a retired officer. My grievance is that these ventures are not necessary. Even if they are necessary, this is not the psychological time when we should have them. The security of the State does depend upon the contentment of the masses. The contentment of the people is not a mere platform phrase or a ceremonial epithet spoken by people on ceremonial occasions. The Government have to grasp it. With all the modern amenities of life at Trivandrum with pipe water and the electric supply, the Government is likely to forget the accute suffering to which the people are subject to elsewhere. That the Government must be spending Rs. 4 or 5 lakhs on widening a road or trying to make at least a part of Trivandrum look like the boulevards of Paris or the long straight avenues of Berlin at this juncture is preposterous, and from the statesman-like point of view I do not find much to commend it.

Then I pass on to the offer of Government in trying to implement their promise that the non-officials will be taken more into

confidence, that something like responsible Government which would ensure continuity of policy would be inaugurated in the State. If that is done, it would give competent advice and direction to the Government and much of the evil that we find in the present administration could have been removed.

Before I close my remarks I would again refer to those luxury departments that have been newly opened. With a strange sense of humour, perhaps, the Financial Secretary has provided for this time a Directress, Superintendent, Assistant Superintendent and all that in the Guests Department and he has omitted the Butler. I sympathise with the guests however, who will have a lot of direction and supervision but very little on which the culinary artist has to exercise his skill. I wish the Government had closed the new department as we are aware that the T. B's. in Travancore are excellent and that they give all the convenience that an ordinary tourist may require. Moreover, Travancore is not going to gain reputation as possessing excellent hotel keepers. Again I repeat that the possible praise that our Government may get in some English Provincial Weekly or in an after-dinner speech of some American globe-trotter in Sanfrancisco is not a substitute for the steady support and contentment of the people of the State.

Mr. S. Piraviperumal Pillai: May I know whether the member is aware of the speech made by the Prince of Wales in opening the Hotal Keepers' Association in London ?

Mr. Kochikal P. Balakrishanan Tampi: I am not going, Sir, to give any information in this House on matters for which I am not responsible.

I also take objection to the manner in which Government have been trying to take with the left hand what His Highness the Maha Raja has given by the right hand, I mean the Government is trying to rob the contents of Regulation II of 1108 by framing rules. Sir, according to the Legislative Reforms Regulation passed last year, the Guest House cannot be a non-votable institution. It is wonderful, it is strange to find that the Guest House has become political. According to my notions if there is any place under the sun which is non-political it is the Guest House and if there are any persons who are devoid of politics they are the guests.

I have to draw the attention of the Government to certain irregularities in the budget. This time one small item in the miscellaneous which was Rs. 1,600 in 1107 has gone up to Rs. 26,000. The Financial Secretary has not cared to tell us how he can account for such a huge miscellaneous item. Anyway that is what it has come to.

Mr. S. Piraviperumal Pillai: Sir, nothing can give greater satisfaction to the representatives of the people than to be told that our financial position is sound. For the first time on the floor of our Legislature, has any Financial Secretary told us, in unmistakable terms, that our financial position is unquestionably sound for which he deserves our unqualified praise and warm congratulations.

A perusal of the budget now before us reminds me of the analogy drawn by Sir Mirza Ismail, Dewan of Mysore, during a recent session of the Mysore Assembly where he has compared the State to a Joint Stock Company and the Government to the Directorate thereof. From the manner in which this budget is prepared I am inclined to believe that the analogy drawn by Sir Mirza is very applicable to our State. It is a matter of common knowledge that the Directorate of all Joint Stock concerns, while preparing the budget of their expenditure, have always a keen eye on their own emoluments and allowances and do not pay as much attention as they ought to, on questions pertaining to the share-holders. Similarly, Sir, permit me to frankly state that the budget now before us discloses the fact that the Government have not bestowed as much consideration as they ought to, on the agriculturists and the tax-payers who form the share-holders of this Joint Stock Cmpany. However I sincerely trust that the present Government, with its sound finances at its command and wise statesmansdip at its disposal, will bestow their careful consideration on this most important question and hope that next year this time when we assemble to take stock of the activities of Government during the year, they will give us ample opportunities to congratulate them on the success that might attend them on their attempts in this direction.

Sir, one question that has evoked considerable criticism on the floor of the Sri Mulam Assembly is the purchase of the Railway line between Shenkotta and Quilon.........

Mr. Kochikal P. Balakrishnan Tampi: Is it in order to discuss with reference to a criticism made in the other House?

President: No. You can say "some discussion somewhere." You cannot specify.

Mr. S. Piraviperumal Pillai: Sir, one question that has evoked considerable criticism elsewhere is the question of the purchase of the Shencotta-Quilon Railway. Sir, several members severely accused the Government for having made up their mind not to purchase this line. Sir, I also join with them in accusing Government and that, not for making up their mind not to purchase this line, but for not making

up their mind so. Those who have been watching the trend of affairs regarding matters of transport throughout the world might understand that owing to the keen Road-Rail competition and other fast means of communication, the railways are fast becoming a losing concern and that the handy automobile is ousting the iron-horse from the roads and I am afraid the time is fast approaching for the Railway coach to say good-bye and take its place side by side with the stage-coach in the London Muesem sooner or later. Rather sooner than later, it will do so. Now, Sir, coming nearer home, let us examine the origin of construction of railways in India. Those who have made a close study of the subject might know that railways in India were constructed to serve two purposes, *viz.*, the interests of commerce and industry and for the movement of the military and troops for the defence of the country. It is only the commercial railways mainly intended for serving commerce and industry that were the profitable ones and they have been constructed along centres of commercial and industrial activities. The strategical railways that have been constructed for the quick movement of the military and troops have all along been an unprofitable concern and a burden to the tax-payer. From the geographical position of the Shencotta-Quilon line it may be easily found that it does not possess the features of a commercial railway, and as such, believe me or not, I may prophesy that it is never going to be a profitable concern whosoever may manage it. At any rate from the light of past experience during the last over twenty-two years it is impossible for me to believe that the Quilon-Shencotta Railway will be converted into a profitable concern when once it becomes Government property. From the speech of the Financial Secretary we find that

> " On the assumption that we are bound to take over the line after 1945 on payment of the capital cost a Sinking Fund was created in 1912..."

It will thus be seen that the Government had committed themselves to purchase a concern which has been notorious as a tremendously losing venture. Our thanksare therefore due to the present Government for securing a declaration from the Government of India that the State has no obligation to purchase this line while it reserves the option to do so, thus eliminating the possibilities of wasting a crore and a half on rotten scraps of rusty iron in 1945.

I may also in this connection state that our present position so far as railways are concerned is that while we are called upon to pay the piper, we have no right to call the tune. I mean while we are asked to pay large sums for the renewal of rolling stock and guaranteed interest we cannot look into their accounts or question how the amounts are spent. The rolling stock on the Travancore

[Mr. S. Piraviperumal Pillai.]

branch is so hopeless that the less said about them is the better. I sincerely trust that the Government will take up all these questions also and will succeed in securing a greater control over the management of railways in future

Passing next, as the representative of the Commerce and Industry Constituency, it is indeed gratifying to note that the present Government are more industrially minded than ever. The expenditure of works in connection with the Pallivasal Hydro Electric Scheme and the Rubber Factory at Chackai, the arrangements for the verification of soundings of the anchorage at the Quilon Port, the provision of a sum of a lakh of rupees for 1110 in the P. W. D. budget for commencing the extension of the Pier at Alleppey, the consideration of a scheme for opening a Paper Factory at Alwaye, the additions, alterations, and improvements in the Travancore Sugars, the appointment of a Trade Agent in Bombay, are some of the special features in the budget which evince the keen interest that the present Government are displaying for promoting the interests of commerce and industry in the State, for which I congratulate them.

Sir, the abolition of the posts of Deputy Director of Public instruction and Deputy Darbar Physician is but an expression on the part of the present Government of their desire to be responsive to the wishes of the Legislature, which is indeed a welcome symptom.

Last but not the least, your action in convening a conference of the representatives of the Press and telling them at the very outset, "I have summoned you here for the purpose of a free and frank talk between one who carries on his shoulders the burdens of responsibilities of administering this country and you who, from my stand-point should be so many avenues through which I must seek help and guidance of the right direction" is one which is unprecedented in the annals of the State.

Believe me, Sir, I am not flattering you when I say that there never sat in Bhakthivilas any Dewan who at any time openly declared "No administrator should neglect the Public Press but he should try to imbibe ideas from the Public Press on such of the problems which he might have to handle" and thus did honour to the members of the fourth estate, which they are rightly entitled to.

Sir, while frankly stating that you were disappointed in the Public Press of Travancore you mentioned. and that rightly too, "To my great regret I feel bound to say that journalism........

Mr. Kochikal P. Balakrishnan Tampi: Is the member addressing the Dewan or the President:

President: The Dewan-President.

Mr. S. Piraviperumal Pillai: You mentioned and that rightly too "To my great regret I feel bound to say that journalism in this country is not conducted on those lines on which I expected it to be conducted, to play the same part in moulding the principles and policies in this country which the Pubilc Press in India and elsewhere has been able to do." May I, therefore, with a view to achieve this expectation, express the pious hope, Sir, that you, as a friend of the Public Press all throughout your life, as one who has always had the best relations with them as one who has always enjoyed their confidence and been benefited by it, will clear the way for us by removing the stumbling block "The Newspapers Regulation" which lies as an impediment?

Mr. Komilezhathu Sankaran (*Nominated*): What has the Press Conference to do with the budget discussion?

Mr. S. Piraviperumal Pillai: If the member followed me, he could understand, if he is able to.

In conclusion, assuring you of our hearty co-operation in all measures that you may propose to do for increasing the welfare and the prosperity of the half-a million people entrusted to your care and wishing you all success in your endeavours in that direction, I thank you for the kind indulgence shown.

വിദേശത്തുപോയ ഏതുവിഷയത്തെപ്പററിയും ശരിയായി പഠിച്ചു ഡിഗ്രിഎടുത്തുകൊണ്ടു വരുവാൻ ഈ നാട്ടിൽ ധാരാളം ആളുകൾ ഉണ്ടു്. കഴിഞ്ഞ ബഡ്ജററുകാലത്തു രണ്ടു ആദായനികുതി ഇൻസ്പെക്ടർമാർ അനാവശ്യമാണെന്നു ജനപ്രതിനിധികൾ വാദിച്ചിട്ടും ഇപ്പോൾ ഗവർമ്മെൻറു ആദായനികുതി കലക്ടറേഴ്സ് എന്ന അഭിധാനത്തിൽ രണ്ടുപേരെ നിശ്ചയിച്ചിരിക്കുന്നു. ആ രണ്ടുദ്യോഗങ്ങളും ആവശ്യമില്ലാത്തതാണു്; അവയേയും നിറുത്തണം.

ഇപ്പോൾ പോലീസു ഡിപ്പാർട്ടുമെണ്ടിലുള്ള ആറു എ. എസ്. പി. മാരേയും കുറക്കണം. ഈ എ. എസ്. പി. മാരെ കുറക്കണമെന്നു ഇതിനുമുമ്പു നിലവിലിരുന്ന ലജിസ്ലേററീവു കൌൺസിലിൽ ഭൂരിപക്ഷപ്രകാരം പാസാക്കുകയും ചെയ്തു എങ്കിലും ഇതുവരെ അതിനെ നടപ്പിൽ വരുത്താതിരുന്നതു കഷ്ടംതന്നെ. ആർക്കിയോളജിക്കൽ ഡിപ്പാർട്ടുമെണ്ടിനെ ൩. വർഷത്തിനകം നിറുത്തിക്കൊള്ളാമെന്നു ൧൯൨൭-ൽ ഗവൺമെൻറിൽനിന്നും ഉറപ്പുപറഞ്ഞിട്ടുണ്ടു്. അതും ഇതുവരെ നടപ്പിൽവരുത്തിക്കാണാത്തതു തുലോം ശോചനീയംതന്നെ. ഇനിയെങ്കിലും ഈ ഡിപ്പാർട്ടുമെൻറിനെ ഉടനെ നിറുത്തേണ്ടതു അത്യാവശ്യമാണു്. രണ്ടുതാലൂക്കിനുമാത്രമായി വച്ചിരിക്കുന്ന ദേവികുളം ഡിവിഷൻ തീരെ ആവശ്യമില്ലാത്തതാണു്. ഇപ്പോൾ പള്ളിവാസൽ-നേര്യമംഗലംറോഡു തുറന്നിരിക്കുന്നതുകൊണ്ടു ഗതാഗതസൌകര്യം പൂർവ്വാധികം വർദ്ധിച്ചിട്ടുണ്ടു്. കോട്ടയംഡിവിഷൻറെ മുഴുവൻ ചാർജ്ജും ഒരു ഡി. എസ്. പി. വഹിക്കുന്നു; ഈ സ്ഥിതിക്കു ഇതുപോലെതന്നെ ഡിസ്ട്രിക്ട് രജിസ്ട്രാർ ദേവികുളത്തെ ഭരിക്കുന്നു. ആലുവാ എക്സിക്യൂട്ടീവ് എൻജിനീയർ ദേവികുളംഡിവിഷൻറെ ചാർജ്‌വഹിക്കുന്നു. ഇങ്ങിനെ മററുപല സ്ഥാപനങ്ങളുടേയും മേലധികാരം ദേവികുളം ഡിവിഷനില്ല. രണ്ടു താലൂക്കുമാത്രം ചേന്ന ദേവികുളം ഡിവിഷനുമാത്രം ഒരു മേധാവിയെ വച്ചിരിക്കുന്നതു തീരെ അനാശാസ്യമാണു്. അതുകൊണ്ടു ദേവികുളംഡിവിഷനെ കോട്ടയത്തോടുകൂടി ഘടിപ്പിക്കണം. റിട്രഞ്ച്മെൻറു്കമ്മിററിക്കാർ അനാവശ്യമായ ഉദ്യോഗങ്ങളെ കുറച്ചു് പതിനഞ്ചു് ലക്ഷത്തിതൊണ്ണൂറായിരത്തി അറുനൂററിമുപ്പത്തിമൂന്നുരൂപാ ആദായം വരത്തക്ക ഒരു റിപ്പോർട്ടാണു ഗവണ്മെൻറിലേക്കു സമർപ്പിച്ചിട്ടുള്ളതു്. ആ റിപ്പോർട്ടിലെ നിർദ്ദേശങ്ങളെയെങ്കിലും ഉടൻ നടപ്പിൽ വരുത്തുന്നതിനു് ഗവണ്മെൻറു് ഇതുവരെ ശ്രമിച്ചിട്ടില്ല. തല്ക്കാലം ഇതു ഉടൻ നടപ്പിൽ വരുത്തുന്ന ശമ്പളപ

രിഷ്കരണത്തിനായി ഒരുദ്യോഗസ്ഥനെ നിയമിച്ചിരിക്കുന്നു. അതിൽ മറ്റു അനുദ്യോഗസ്ഥമെമ്പറും ഇല്ല. ആ ഉദ്യോഗസ്ഥന്റെ റിപ്പോർട്ടു ഇതുവരെ വെളിയിൽവന്നിട്ടില്ലെങ്കിലും ഞാൻ അറിഞ്ഞിടത്തോളം തീരെ അന്യായമെന്നാണ് എനിക്കു തോന്നിയിട്ടുള്ളത്. അധികാരസ്ഥാനങ്ങളിൽനിന്നും കൊടുത്തിരിക്കുന്ന നിർദ്ദേശം അനുസരിച്ചുമാത്രമെ ആ ഉദ്യോഗസ്ഥൻ പ്രവർത്തിച്ചിട്ടുള്ളു എന്നു ഞാൻ വിചാരിക്കുന്നു. കൂടുതൽ ശമ്പളമുള്ള ആളുകൾക്കു ശമ്പളം കൂട്ടിയും താണതരം ശമ്പളങ്ങൾ നിർദ്ദയം വെട്ടിക്കുറച്ചുമാണ് റിപ്പോർട്ടു സമർപ്പിച്ചിരിക്കുന്നത്.

നമ്മുടെ ദിവാൻജി അവർകൾ വർത്തമാനപത്രലോകത്തെ ആദരിക്കുന്ന ആളാണെന്നു കാണുന്നതിൽ സന്തോഷിക്കുന്നു. പൊതുജനപ്രതിനിധികളും വർത്തമാനപത്രങ്ങളും ഗവൺമെൻറും തമ്മിൽ സകലവിധത്തിലും ബന്ധപ്പെട്ടിരിക്കേണ്ടതാണ്. അതുകൊണ്ടു അങ്ങയുടെ കാലത്തെങ്കിലും വർത്തമാനപത്രറഗുലേഷൻ റദ്ദ്ചെയ്തു പത്രലോകത്തിനു സ്വാതന്ത്ര്യം വർദ്ധിപ്പിക്കണം. ഈ മഹാനുഗ്രഹം ചെയ്തുകൊടുക്കാമെന്നു ഞാൻ പ്രതീക്ഷിക്കുന്നു. പത്രറിപ്പോർട്ടറന്മാർക്കു ജനപ്രതിനിധികൾക്കുള്ള കൂടുതൽ സൌകര്യങ്ങളും ആനുകൂല്യങ്ങളും ചെയ്തുകൊടുക്കണം. കണിശമായും കൃത്യമായും ചോദ്യങ്ങൾ അയച്ചില്ലെങ്കിൽ എന്തെങ്കിലും കാരണം പറഞ്ഞു സെക്രിട്ടറി അവയെ തള്ളിക്കളയുന്നു. ആ വിഷയത്തിൽ ഇപ്പോൾ അനുകരിച്ചുവരുന്ന നയം ഉപേക്ഷിക്കണം. പൊതുജനങ്ങളുടെ നാവുകളായ ഇവിടത്തെ പത്രലോകത്തെപ്പററി ഗവൺമെണ്ടിനു ഇപ്പോൾ ഉള്ളതിൽ കൂടുതൽ മതിപ്പു പ്രദർശിപ്പിക്കണം.

Mr. V. S. Arumukham Pillai (*Tovala* cum *Agastisvaram*): It is really an achievement on the part of the Financial Secretary that he has been able to present us with a surplus budget and it is a matter for congratulation also that he has been able to show to the outside world that our present financial position is unquestionably sound. But what I would ask of the Financial Secretary is whether, after all, the budget is really a surplus budget and whether, after all, our financial position is unquestionably sound.

That the budget is really not a surplus budget but merely a manipulation of figures will be evident from a comparison of receipts under Cochin Harbour alone. As regards receipts from Cochin Harbour the figures stand as follows :—

The actual amount received for 1108 is Rs. 12,71,721.

The actual amount received for 1109 is only Rs. 9·09 lakhs, as against the budgeted amount of Rs. 14 lakhs, thus leaving a deficit of Rs. 4·91 lakhs.

[Mr. V. S. Arumukham Pillai.]

The budgeted amount for 1110 is Rs. 11 lakhs.

Now, in presenting the budget for 1109 the Financial Secretary was able to show a nominal surplus of Rs. 0·83 lakhs. But the revised estimate for 1109 shows a deficit to the extent of Rs. 5·11 lakhs. This heavy deficit is due to the deficiency to the extent of Rs. 4·91 lakhs in the Cochin Harbour receipts, that is, as against the budgeted amount of Rs. 14 lakhs we were able to receive only Rs. 9·09 lakhs.

It will be seen therefore that out of the total deficit of Rs. 5·11 lakhs in the revised estimate for 1109 the deficit in Cochin Harbour receipts alone contributed to the extent of Rs. 4·91 lakhs, the fall on account of other sources being only to the extent of a nominal sum of Rs. 0·2 lakhs.

For the year 1109 the Financial Secretary was able to manipulate the figures in the budget in such a way as to make both the Houses understand that the budget is only a surplus budget though a nominal one. But the fact remains, as could be seen from the revised estimate for 1109, that the budget shows a deficit to the extent of Rs. 5·11 lakhs. Similarly, I am afraid that the surplus worked out by the Financial Secretary to the extent of Rs. 2·60 lakhs is mainly based upon the anticipated share of the receipts of the Cochin Harbour to the extent of Rs. 11 lakhs. The Financial Secretary has offered no explanation for the fall of Rs. 4·91 lakhs in 1109 in the Cochin Harbour receipts and for the anticipated receipts of nearly Rs. 2 lakhs in 1110 over the actual receipts in 1109. If the actual receipts of 1109 alone is taken into consideration we will not have this surplus of Rs. 2·60 lakhs. I hope a satisfactory explanation will be offered by the Financial Secretary for the heavy fall in 1109 and for the anticipated increase in 1110.

Is the budget a balanced budget? No; is my answer. In presenting the budget estimate the Financial Secretary begins with the bombastic statement that the present economic situation has been taken into consideration to the extent possible in framing the next year's estimates of receipts and expenditure.

From the above statement one would at once expect some adequate remission in land tax, but to our utter disappointment the budget is most prominent by its absence. The most striking feature of the present economic situation is the sad plight of the agriculturists. Agriculture, our basic industry, has been hit hard. Agriculturists are now passing through a period of crisis unparalleled within living memory. A colossal fall in the price of

agricultural produce, the like of which has not been witnessed before, coupled with the heaviest burden of taxation imaginable, have sunk the agriculturists in heavy indebtedness and abject poverty. The produce from land is now hardly sufficient to cover both the cost of cultivation and Government tax. The price of land has fallen by more than 50 per cent. For the payment of land revenue and interest charges on his debts the ryot has to sell double and treble the quantity. The outturn from land has not admittedly doubled and he is unable to keep up to his existing engagements. In most cases, as in Nanjanad, entire produce has to be sold to meet the assessment. Sometimes, even this is not sufficient. Any gold or other jewel has to be sold. The credit of land holders is utterly destroyed and this reacts on trade and other professions. I presume, the Government are fully aware of the existing conditions. In season and out of season, both in the Assembly and in the Council the miserable plight of the agriculturists has been dinned into the ears of Government. How is it then that our Financial Secretary has lost sight of it? Why is it then that our Government is coldly indifferent about it? In the sister State of Cochin we find provision being made for remission of land tax. In the sister State of Mysore the Government have appointed a committee consisting of officials and non-officials to enquire into the extent to which the fall in the price of agricultural produce has affected the resources, the debt obligation and the credit facilities of the land amongst cultivating classes in different parts of the State. They have further ordered remission and relaxation of rules regarding coercive process.

In contrast with the action taken in other places to relieve the agriculturists the indifferent and cruel attitude of our Government is ununderstandable. Is it then the opinion of our Government that our agriculturists do not stand in need of any relief? Or, is it the opinion of Government that our ryots are much better off? I should think, no.

Coming next to the question of school fees, court fees, stamps, registration fees and sundry other kinds of taxation, we find the very same rates prevailing. When the people have become impoverished and indebted, where is the justification for continuing these high rates? The burdens should bear some proportion to the capacity of the people to bear them. Thus, when there is no provision for any remission of land tax, for any reduction of school fees or court fees, how can the Financial Secretary be justified when he says that the economic situation of the people has been taken into consideration in framing the receipts?

[Mr. V. S. Arumukham Pillai.]

Let us then examine how far the Financial Secretary has taken into consideration the present economic situation in framing the expenditure. In view of the constant agitation carried on incessantly by popular representatives in the Assembly and in the Council one would naturally expect a great and substantial reduction in the salaries and the high cost of administration. There is only the loud talk of the careful husbanding of the resources. What we actually find is just the reverse. The fact cannot be ignored that the only class now flourishing is the salaried officers, benefited by increase in salaries and fall in prices. Their salaries are now left untouched and unaffected. The reason is obvious. They are the persons to decide it. They constitute the Government and Government is powerful. People are powerless and consequently their cry is merely a cry in the wilderness. Now, it is high time that the salaries and travelling expenses should be reduced. In any case, the personal advantage of the few, *viz.*, the salaried officers of Government should not prevail as against the just claims of the people. Instead of reduction in salaries and abolition of unnecessary posts as has been agitated by the people, we find provision being made for still more new posts and gigantic schemes. These new posts and gigantic schemes may have their justification. Similarly, the appointment of highly qualfied foreigners on high salaries may be justified. But what I would ask the Financial Secretary is whether the economic situation of the people can afford it.

Now, already the people are overtaxed—taxed beyond their capacity and endurance, to the utmost of their resources, quite out of all proportion to their income and they are already groaning under it. Taxes must be based on the net income and levied in proportion to it and the cost of administration which the people are called upon to meet must be in proportion to the tax so based. This is not the case now obtaining here. The system of administration is top-heavy and the people are called upon to meet it. Whether it is possible for them or not is no concern of Government. When the ordinary and normal revenues are found to be insufficient to meet that heavy cost, the Government have resorted to fresh ones. It is as a result of this top-heavy administration we are now having that old barbarous tax which goes by the name of toll tax, a relic of Mahomedan and Moghul Emperors introduced amidst us. The system of administration and the cost of it have to be balanced in the interest of the tax-payer. That is the proper method and then alone can there be any real balancing the budget.

But what is it that our Financial Secrerary has done? Did he take into account the taxable capacity of the people? Did he make any attempt to ascertain the net income of the people and adjust the tax in proportion to it and then adjust the expenditure in proportion to the tax so adjusted? Without these, how can there be a balanced budget? What he has done is to fix the expenditure as in normal times without taking into account the real economic condition and the capacity of the people and then force the people to pay for it. This is only increasing the impoverishment of the people and of the country's resources.

I may take this opportunity to point out to Government that there is already a strong feeling of indignation and discontent among the agriculturists, that the Government are not taking stock of their present depressed condition but they are burdening them with a land tax out of all proportion to their capacity. To fan the flame of discontent and indignation the Government have now instituted a net work of toll-gates—toll-gates with a vengeance.

When the price of land has fallen by 50 per cent., when the price of agricultural produce has fallen 50 per cent., and when the people are impoverished, where is the justification for the present high rates of assessment? Let it be remembered that the agriculturists are the backbone of the country. Let it also be remembered that the security, safety, peace and tranquillity of the country depend on the well-being of this agricultural community. If only the Government have the interest and the welfare of the country at heart, the first and foremost duty cast on them is to preserve the agricultural community from extinction. In spite of repeated agitation Government do not seem to realise the seriousness of the situation. Even in Europe a great change is discernible. One of the most striking things in Europe at present is the recognition of the importance of agriculture in the economic life of each country and the 'back to land' movement is spreading fast. When such is the case even in Europe, here in Travancore the agriculturists are being driven away from land by over-taxation.

The Council rose for lunch at 1 P. M. and reassembled at 2 P. M. with Mr. Kochikal P. Balakrishnan Tampi, one of the panel of Chairmen, in the Chair.

Mr. K Madhavan Pillai (*Trivandrum*): Sir, I desire to make a few observations of a general character regarding the budget which has been presented by the learned Financial Secretary. I must, though with great reluctance, bring to the notice of the Council looseness of thought and carelessness of writing visible in the preparation of important financial statements bearing on

[Mr. K. Madhavan Pillai.]

the budget. I do so for the reason that at times these careless writings stand in the way of informed discussions on budget proposals. As an illustration, I may cite a passage which appears in the speech of the Financial Secretary, in relation to the imposition of a duty on matches. He says:—

"Government have passed the necessary legislation on the subject, adopting the British Indian Excise duty to come into force from the 1st April 1934."

If what the Financial Secretary says is correct, I am afraid, the duty on matches is not realisable. The man in the street knows how laws are enacted in this country and that a law enacted by Government is no law at all. Probably the old mentality of the official, sticks even though His Gracious Highness The Maha Rajah was pleased to delegate the function of legislation to a duly constituted legislature. There is another instance in which this sort of careless writing has stood in the way of proper discussion of the budget. Provision had been made in the budget for 1099 and expenditure incurred for preliminary preparations for starting a Health Unit in North Travancore. But in the present budget there is absolutely no mention of this matter. In regard to it what he says is :—

"Government have an idea"—a word which is put to different uses "to establish another Health Unit in North Travancore". It is possible that this idea which was floating in his mind at the time when he sat down to write his speech got lost subsequently in the process of hard cerebration which the exacting nature of his duties necessitates. In the budget there is no mention of this idea or of its off-spring, *viz*., the expenditure of Rs. 5,000 incurred in the training of selected men. It was clear that the Government had intended to establish a Health Unit in North Travancore. But he probably relied on the word idea. There was only an idea. This idea taken in association with the preliminary preparation actually made involving expenditure of money, conveyed to the Council the impression that a definite assurance had been given to the representatives of the people on behalf of the Government by the Financial Secretary. It is a case of deliberately ignoring or going back upon a promise made to the representatives of the people. I say, Sir, we have a right to be better treated. At least a word of explanation was due. If promises are made by Government they are not to be broken. I refer to this matter to show how embarrassing is careless writing in the matter of debate. Sir, the budget appears to me to be an indication that the authorities are after all face to face with the real problems of the country. Some of the proposals contained in the budget carry with them great possibilitise

of strengthening our national life. But I regret to find that provision had not been made in the budget for some of our fundamental needs. Sir, you must pardon me for making the observation that we in this small country are unfortunately over 50 lakhs and we promise to grow quickly, if mis-directed financial policy in reference to public health does not attract plague and pestilence to this country. We are face to face with the necessity of finding food and lodging for 50 lakhs of people. There is no denying the fact that the structure of our economic life stands dismantled. Depression or no depression, it is beyond the range of possibility to rebuild it on old foundations. We have to place our economic life on entirely new foundations, and for this we require money and talents of a high order. You cannot get anything for nothing, and genuine talent is a costly commodity. My regret is that provision has not been made in the budget for an adviser to Government on financial and economic questions. Sir, our needs are many and our resources limited. We must either expand the sources of our income or subject our finances to a most carefully and extremely prudent managenent in order that able management may take us to the extent that we desire. May I put a question to the Financial Secretary? Is he in a position to say that the financial administration of the country is sound? Can he say that every pie that is legitimately due to this Government reaches his pocket and can he at the same time tell me that every pie that leaves his pocket by way of public expenditure brings adequate and ample return? I am sure he will not be able to satisfy me. I speak from a deliberate conviction that the financial administration of this country is weak, inefficient, defective and unsuited to modern conditions. I may, Sir, bring to the notice of the Government one or two instances where revenue legitimately due to Government is lost on account of supineness or addiction to routine on the part of those responsible for financial administration. The number of tanks big and small in this country situated in Poramboke lands is legion. If only the Government had sold the right to grow and catch fish in these tanks it would have brought a large amount of money. It would have provided employment to a few people, reduced unemployment to that extent, provided a nourishing food and done nobody harm. It would have also brought to the banks and bunds of tanks care-takers who would have done their best to prevent breaches of bunds for fear that their wealth would be washed away. Why should this money be lost to Government and why should it go into the pockets of the rogues of the localities? There are in this country about 193 public markets. There are again markets labelled private and these

[Mr. K. Madhavan Pillai.]

number 328. Out of these public markets Government derived, in 1108 an income of Rs. 81,000 and odd. From nearly double the number of private markets Government derived a revenue of only Rs. 4,000. The enormity of loss to the Government on account of the neglect of this source of income is illustrated by the fact that a market in Neyyattinkara which was yielding the Government about Rs. 84 in the shape of annual license fees is giving to my friend Mr. N. K. Padmanabha Pillai, President of the Municipal Council, Neyyattinkara, an yearly income of about Rs. 8,600. What is apparent in this phenomenon is the craze for patronage. While a man with a School Leaving Certificate is ordained a Guru, the man who spurned the school master is kicked up to fortune by the grant of a license to conduct a private market. This is why revenue is lost. I ask the question does every pie that leaves the treasury bring an adequate return. I say it does not. Sir, the method of raising revenue by finding out new sources, examining the existing sources in reference to their future yield and the application of revenue raised to the practical needs of the country in such manner that it will bring the best possible return to the State and increase its material prosperity ;—are these I ask functions which ought to be regarded as a subsidiary occupation for one who is Account Officer, Chief Audit Officer, President of the Land Mortgage Bank, Organiser and Controller of the Government Insurance Department and what not? It is a wonder that he is able to bear all this strain and signs of exhaustion are unfortunately visible. Sir, unless you are prepared to place the financial administration of the country on a sound basis there is no hope for this country. To keep the financial organisation inefficient is to incur grave responsibilities ; for a misguided financial policy is bound to have its repercussions on feelings and sentiments and create political discontent. I am very sorry that Government have not cared to provide funds for the appointment of a Financial Adviser to Government entirely independent of and dissociated from the Account Officer. The incident which happened in an institution under the very nose of the Account Officer may be called to mind. For seven long years the accounts of an institution yielding an annual revenue of Rs. 1 lakh had not been audited and the result is that funds have disappeared probably not to return. A bridge that was built in my village collapsed just about the time its final bill was passed. Did any body care to trace the destination of all the money spent on account of this bridge? Was anything done to find out who was responsible for the collapse of the bridge so soon

after the construction of the bridge? There are any number of incomplete works of the P. W. D. now lying abandoned. Who is responsible for this? Large amounts of money are spent for acquisition of land for public purposes and land thus acquired has been left unused. Who is responsible for these things?

Instances may be multiplied of grave neglect in spending public funds which establishes the extreme necessity for strengthening and reorganising the financial administration of the State. There are some other problems to which I should like to draw your attention and in respect of which I find no provision made in the budget. For the last several years, land is passing from the hands of the agriculturists to the non-agriculturists and during the last two years, that is to say in 1107 and in 1108, 74158 acres of land have passed from the hands of the agriculturists to the non-agriculturists. I do not see any move on the part of Government which will show that they are alive to the gravity of the danger that is threatening the agricultural industry of the country. Provision has not been made for an examination of the question why the traditional agriculturist is parting with his land. There is again a process of conversion of paddy lands into garden lands going on everywhere. This is a country where rice is the staple article of food for all classes and in normal times we import paddy worth between 3 and 4 crores of rupees. If paddy land is systematically destroyed, what is going to be our position in regard to our food supply? This is a question that Government have not considered. Some provision ought to have been made with a view to discover why the ryots are converting paddy lands into garden lands.

Sir, the revenue of the State is made of several items, the chief among them is land tax. It is time that we consider whether land tax in its present form can be continued and whether Government will be able to realise this amount year after year. Holdings are being minutely sub-divided so much so that the producer is also the consumer and there is nothing left for the cultivator to pay tax from. This is a condition which requires the careful consideration of Government. Whether holdings should be allowed to be so minutely sub-divided or whether there ought to be a minimum extent below which they ought not to be sub divided are questions which Government do not seem to have considered. These problems are not to form the spare-time occupation of an Account Officer.

Mr. M. N. Paramesvaran Pillai: Sir, this is the second annual budget that has been placed before this House by the Honourable Financial Secretary for our consideration. The statement that he has made, while presenting the budget at the

[Mr. M. N. Paramesvaran Pillai.]

joint sitting of the two Houses of Legislature, except for the manipulation of certain figures contained therein, is totally barren of any striking feature or phenomenal changes. Is there anything in it, I ask, that strikes the imaginative mind ? No new scheme or difinite policy is enunciated for the coming year. Some lakhs of rupees are proposed to be collected or rather to be squeezed out of the people by way of tax or other revenues and to be mainly spent for the cost of general administration which, since the last budget, has been enormously enhanced by the creation of several unnecessary and high posts, without caring in the least to liberate sufficient public funds for beneficent schemes of social and economic development. When all around us we face nothing but acute depression, deep suffering on the part of the people, I ask the Financial Secretary whether he has any proposals to make so as to alleviate the growing miseries of the people. Absolutely none. The comfortable and cool atmosphere under the sweep of the electric fans in the various Public Offices and the extravagant salaries and other privileges allowed to our officers are mostly responsible for this kind of forgetfulness on their part, and in that, our Financial Secretary perhaps has only erred in common with his comrades.

The Financial Secretary's budget speech closes with a bold and liberal note of optimism. He seems to lack no courage in telling us that "On the whole it is gratifying to note that our present financial position is unquestionably sound". For the reckless audacity with which our Financial Secretary has made this statement, when the whole country is groaning under the weight of economic depression which to quote his own words, is "unprecedented alike in its extent, its duration and its intensity," he certainly deserves the congratulations of this House. Sir, he has been telling us almost the self same story year after year. In spite of the slight of hand and feats of jugglery in the manipulation of figures displayed in presenting a surplus budget last time we have now to face a huge deficit to the extent of Rs. 5 11 lakhs during the current year. When, owing to the depression, there is heavy fall or decline in revenue in almost every source, whether it be under Customs, Stamps, Registration, Abkari, Opium or Anchal and disproportionate increase in every head of expenditure, how could one reasonably expect a surplus of Rs 2·60 lakhs in the coming year? If we examine the budget too closely we will be able to discern that had it not been for the financial jugglery and the inspiration which led our Financial Secretary to treat the expenditure on such schemes as the Trivandrum Electric and Telephone

Schemes, the Quilon Electric Scheme and the Pallivasal Hydro Electric Scheme as investments on reproductive works, we would, no doubt, have been landed in a tremendous deficit not of Rs. 5·11 lakhs as now admitted by the Financial Secretary but 4 or 5 times that. In view of the prevailing economic depression and the anticipated fall in revenue under various heads, the year 1110 is also likely to close with a big deficit. These situations have no doubt necessitated our Government to fall back on their reserve funds and to recoup the same by diverting the accumulated Railway Sinking Fund.

The diversion of the Railway Sinking Fund is certainly an act of unwise statesmanship, if not a stupendous and colossal blunder. By this step it has become practically impossible for the State to redeem the Shencotta-Quilon Section of the Railway. No doubt the Financial Secretary got an opportunity to thank Sir C. P. Ramaswami Aiyar in public, but it does not bring any credit or honour to the Travancore Darbar to own that it had to wait all these years, nay even for decades, for a Sir C. P. Ramaswami Aiyar to come and interpret to it that after all there is no legal obligation on the part of our Government to purchase the Shencotta-Quilon Section of the Railway, but that it may do so at its option. We are not prepared to accept this interpretation so long as our Government do not care to disclose the superior advantages of such a diversion.

Mr. M. Govindan : May I know from the member whether it is the interpretation that he will not accept?

Mr. M. N. Paramesvaran Pillai : Not only that. To say that the Travancore Darbar did not understand the obligations arising out of the agreement into which they entered with open eyes is indeed disgraceful.

Sir, to say that in 1912 when Sir P. Rajagopalachari opened this Railway Sinking Fund he did not understand the terms and implications of the agreement is to throw calumny on the memory of one of our ablest Dewans. The Railway Sinking Fund which is the accumulated saving from the taxes paid by the present generation cannot be better utilised than for the alleviation of the distressing conditions of the people now. It is an unsound financial policy to spend anything from the reserve funds towards reproductive schemes, benefit of which will be fully enjoyed by future generations. Such schemes have always to be designed and undertaken with loans floated for the purpose. In spite of the Financial Secretary's assurances of advancing prosperity, we feel rather pessimistic about the future of our finances. The State expenditure has, after 1095, increased by 46 or 50 per cent. From the Administration Report for the year 1108 and also from the Budget

[Mr. M. N. Paramesvaran Pillai.]

Speech made by the Financial Secretary, we learn that owing to the enormous expenditure incurred in connection with the recent Viceregal Visit and the Pallikettu Ceremony of Her Highness the First Princess, owing to the steady increase of expenditure in the Royal Stables and on account of His Highness the Maharaja's tours outside the State and also on account of the rapid and tremendous increase in the number of costly appointments and huge pension lists, the State treasury is badly in need of immediate replenishment. That certainly explains why, instead of adopting relief measures to help the people, the Government have decided to add to their burden by imposing excise duty on matches and cardamoms and so forth.

Sir, if we review the events of the past 12 months we will find that every action of Government has been calculated to defy and flout public opinion. From the statement of expenditure placed before us at the last session of the Council in Edavam, we observe that the Government have spent more than 2 lakhs of rupees without consulting this Council upon matters which *prima facie* do not appear to be in any way urgent. Numerous general as well as local grievances have been ventilated both in this House and in the Assembly from time to time but very few of them have been remedied or attended to. Works which have been agreed to and provided for in the previous budgets have been indefinitely and deliberately put off on the much accustomed or usual plea of "want of funds", whereas the Government do not seem to have any scruples in spending large sums of money on appointments and patronage.

We have been repeatedly telling the Government that they should cut down their expenditure on salaries, pensions and appointments, yet every time we feel that our voice is only a voice in the wilderness, the Government always having their own ways. Notwithstanding the solemn assurance to the contrary given to this House by Government, have they not created the post of the Game Warden even before the representatives of the people reached their respective homes after the last Budget Session and put in a superannuated man there ? Long before the last Budget Session the local newspapers were giving the news about the appointment of a 7th Judge in the High Court and soon after the Session was over that appointment also became an accomplished fact. So also, if I remember correct, the present Commissioner of Police on his present high salary, was asked to take charge from his predecessor while the Assembly was in full session. In none of these cases our Government had the courage to take the opinion of this House.

This time also just a couple of weeks before the budget was placed in our hands, we were informed that a new department "The State Guests Department" has been created and placed under a superannuated Directress. If you only go through the memorandum regarding the formation of this department published in the Government Gazette dated 5th Mithunam 1109 you will at once be convinced that this department is nothing but a sheer waste of public money. The Chief Engineer, the Commissioner of Devicolam, the Division Peishkars, the Superintendent of the Guest House, the P. W. D. Division Officers, the Tahsildars and others are still there to attend upon the guests as they have been doing hitherto. Provision is also made for the creation of special officers when distinguished personages visit the State. Why then, I ask, are such sinecure appointments created by Government, more often even against the rules of the Service Regulation? Over and above the pension, the Directress is to get a fat pay and allowance, the aggregate of which would exceed the amount of pay that she was getting on the date of superannuation. How is the appointment of a Directress going to be of any special advantage in the efficient catering to the comforts and convenience of the State guests is a matter on which every one of us would very much like to be enlightened. Even if the Government really thought that such an appointment was necessary, why did they not select a young and active individual, either from the existing service or from outside its panel instead of going in for a superannuated person? If, in the opinion of Government, superannuation made the newly appointed Directress unfit to be the Lady Principal of a college, I wonder how she will be better fitted to run with the guests from one end of the country to the other.

It is notorious that in Travancore appointments are very often created more to accommodate and patronise favoured individuals than to meet the necessities created by the exigencies of public service, so much so that in the liberal extension of this vicious system of patronage, our public service has now come to possess numerous unnecessary offices. It is, indeed, strange to note that in several cases, even after retirement, such favoured persons continue, always undeservingly, to enjoy this kind of patronage. I am aware of about a dozen instances of superannuated persons having been blessed with re-entertainment in important places in our public service. In our country having the best intelligentsia, one is tempted to ask when one sees such injustice whether after all the service of any one has become so absolutely indispensable as to make our Government always swerve from the path of duty and public morality. Some of our officers think, and that too very strongly that they are

[Mr. M. N. Paramesvaran Pillai.]

holding their appointments as a matter of right and that they and their kith and kin are specially sent down by Providence to rule us at our expense. I only sympathise with them. They forget that many of them are there by sheer accident and not by birth or by Providential dispensation; and every one of them, if only he takes a retrospect, will find something or other in his life to hang his head down in shame.

The powers of the Retrenchment Committee appointed in 1931 were very much restricted and it had not the full authority to apply the pruning knife in every place. A thorough enquiry is, therefore, necessary to nip the public service of its ever growing surplusage. Time and gain it has been said on the floor of this House and elsewhere in the press and platforms by responsible citizens that our administrative machinery has become very expensive owing chiefly to the high salaries in the upper grades of service. Even without much enquiry or investigation one could say without the least fear of contradiction that such offices as the 7th Judge in the High Court, the Game Warden, the Superintendent of Stationery and Printing the Directress of State Guests, the managers and personal assistants in the offices of the various heads of departments and a host of such others could be easily done away with, without in the least impairing the efficiency of service. In the matter of pay and pension everybody will agree with me in expressing the view that our administration is top-heavy and overmanned and is too costly for our revenues I do not think I will be misunderstood in any quarter when I say that the salaries and allowances fixed for our present Dewan Sahib and the Legal and Constitutional Adviser to His Highness the Maha Raja are so big that our poor State can ill afford to maintain them. This is a point on which, I am sure, even the holders of such offices will have no difference of opinion. The salaries attached to very many other offices are also big. Almost 96 lakhs of rupees are now annually spent on salaries alone and more than 14 lakhs of rupees are distributed as pension. Practically half the revenue is thus annually expended for patronage. This is what I rightly characterised in my last budget speech as the policy of robbing Peter and paying Paul. The salaries of our offices were fixed at a time when the prices of commodities were very high. But now that they have gone down by 50 or 60 per cent. substantial cuts in salaries and pensions could be easily made and any move in that direction cannot be denounced as unjust or unwise.

The State is now making expensive recruitments in the public service by taking in too many Europeans and outsiders. This practice once discontinued seems to have been revised by our Government in recent years. The Government have to spend on such appointments not only huge sums as salaries, but equally big amounts as allowances, pensions, pensionary contributions and the like. In our poor, small State we have at present more than 16 European officers drawing very big salaries and allowances and more than half a dozen outsiders drawing equally high salaries, not to speak of the numerous other offices held by non-Travancoreans in the lower ranks of service.

The interests of the tax-payer demand that salaries and pension charges should be brought down. The pension rates should be immediately reduced from the present percentage to at least thirty-three and one third per cent. of the pay. While suggesting this reduction in pension, I would like to avail myself of this opportunity to urge before the attention of Government that a joint contributory system should be intrduced under which each employee of theirs should be made to contribute regularly a fixed amount or a specified percentage from his pay towards his pension while the Government, as the employing agency, shoud contribute the balance. While such contributory systems are accepted in many countries, here as matters stand, the whole pension expenditure is borne entirely from the public exchequer.

Chairman : Your time is up.

Mr. K. P. Nilakanta Pillai : Sir, the Financial Secretary has made a speech, in support of his budget proposals for the coming year, which is less dry and more pleasing than usual. But, in his attempt to state clearly some of the activities which the Government propose to enter into during the coming year, he has made his position less secure and more dangerous. Sir, I am not at present going to enter into a detailed discussion of his various proposals, for they have been very severely criticised by members here and in the other House. I would only ask one direct question in the face of the several admissions made by the learned Financial Secretary in his speech, viz, after all, what has he done by way of remedying the difficulties due to the present economic depression; does he realise that he is living in a State which is generally recognised as part of the modern world or does he imagine that he is in the 18th century? That is the only question which I honestly put to the Financial Secretary. Sir, in paragraph 8 of his Budget Speech, he states—I am only picking out a sentence here and a sentence there, from his speech, to advance my argument—

[Mr. K. P. Nilakanta Pillai.]

"The demands of the several departments.........

"were very carefully scrutinised........"

This and other similar statements in his speech will show that economy is preached in the abstract. But the demands for expenditure have been made very specific and detailed, and hence more effective. Several of the provisions in the budget estimate and many of the observations in the Financial Secretary's speech are opposed to all accepted canons of public finance. It is very regrettable that in the preparation of the budget estimate for the next year the Financial Secretary's counsels were merely directed by the momentary fluctuations of affairs in Travancore alone. That is the reason why I put the question whether he was aware of the economic and financial policy pursued by the modern world during these days of serious economic depression. A careful reading of the Budget Speech will also reveal the desperate efforts made by the Financial Secretary to cure the present economic evil by a sort of mental treatment. It is that kind of mental outlook which has let him to say that, in the coming year, the revenues will improve by Rs. 3 07 lakhs. He says he has carefully considered the demands for expenditure put forward by the various departments and has adequately provided for all of them. In short, he proposes to collect Rs. 232 and odd lakhs next year, he proposes to make adequate provisions for all the departments and thus budget for an expenditure of Rs. 230 and odd lakhs and he proposes to add Rs. 2 and add lakhs to our surplus. Sir, what a glorious picture during this time of acute economic depression? This reminds me of the story of the boy who told his playmates with an amount of pride and sadness "we always have chicken on Sundays but only the preacher eats it." Sir, I will leave our finances here.

The second statement made by the Financial Secretary, which I would next refer to and which has been already quoted by many of my friends here, is his admission that the present economic depression is unprecedented alike in its extent, duration and intensity. The Financial Secretary also admits that the prices of commodities still remain very low; in other words, agricultural products are very cheap. We all know, Sir, that cocoanuts are cheap, and paddy is very cheap. Yet, we find that our children going to their schools hungry and half-fed for want of these very cheap cocoanuts and paddy with which our markets are now being dumped. In all earnestness, Sir, I ask the question, what has the Financial Secretary

done or has attempted to do for the people in spite of what he calls "our unquestionably sound finances."? Has the Government machinery taken any definite step, be it foolish or wise, have they done anything to show that they are alive to the real situation in the country? That is my question, Sir. Have the Government considered why things are so cheap and still the people are starving? Sir, our Professors will call this evil by the name of underconsumption and a collegiate way of saying it is that the people who need things have not got the money to purchase them. Sir, what have the Government done to enhance the purchasing power of the people or to enhance the prices of commodities in the country? So far as I can see the Government still continue, in a sort of half-hearted manner some of the insignificant measures which they have been adopting even before the economic depression set in. They disburse about Rs. 7½ lakhs by way of loans; Rs. 3 lakhs through the Land Mortgage Bank, Rs. 3½ lakhs as agricultural loans, Re. 0·5 lakh as industrial loans and another Re. 0·5 lakh as miscellaneous loans. Evidently the underlying idea of Government is that this money, provided by them, will filter down to the masses and enhance their purchasing power. Unfortunately, Sir, that is far from the truth. These moneys are either with some of the Government departments or with some bank subject to the control of Government, so that unless adequate security is offered the loans will not be available at all. Sir, the provision for such loans is not a novel method. Further, how are these loans going to enhance the purchasing power of the people ?. And where does all this money come from? Is it not the tax-payers' money? We all know, Sir, that the Government, with all the expert advice available to them, produce Anchal stamps and envelopes, stamp papers and Government Gazette and we know the income from these. For the rest it comes to this. We tax ourselves to get money to provide ourselves with. I need only state the proposition in order to realise the folly of it all.

There is, it cannot be denied, a lot of capital in the country. Still the people have lost their purchasing power. How is it? It is all due to the various acts of commission and omission on the part of the Government. Sir, look at the fabulous sum of Rs. 55 lakhs in the Anchal Savings Bank, carrying an interst of 3½%, paid at the expense of the tax-payer. And, what do the depositors do with the interest they get annually? They re-deposit it in the Savings Bank, so that practically they get compound interest. At this

[Mr. K. P. Nilakanta Pillai.]

rate, the present sum of Rs. 55 lakhs will in 25 years' time become Rs. 250 lakhs, an amount equal to the annual income of our State. Further, Sir, all the banks in the country are now over-flowing with deposits, which they get at very low interest ranging between three and three and a half per cent, per annum ; but they do not lend for anything less than 15 to 18 per cent. interest. What has the Government done to control these Banks ? This is an act of omission, on the part of Government, referred to by me. The first step that the Government should now take is to ask all these depositors in the Savings Bank to take back their deposits.

Secondly, they must see that the private banks do not advance loans at more than a particular rate of interest. Having done this, the whole problem is not solved. Everybody knows that we are keeping a mint. The price of silver is cheap. Why not we mint Travancore coins and put in circulation to such an extent as will be sufficient to double the price of commodities. For instance, the money that would fetch a particular measure of a thing will then fetch only half of it.

Mr. R. Nilakanta Pillai: Should the Travancore coins have any relationship to the coins prevalent in British India ?

Mr. K. P. Nilakanta Pillai: Yes, I thought that the question will come and it has come. I am ready to answer the question, but it is a very important and a thorny question so that I may not be expected to answer it now. I can make a speech by way of answer if there is time. I think I would be able to get the time for that during the course of the session. I ask the question where the Rs. 40 lakhs of surplus cash with the Government is put? Is it not in the Imperial Bank ?

Mr. R. Nilakanta Pillai: That is the cash balance.

Mr. K. P. Nilakanta Pillai: The budget shows that there is a cash surplus. Where is it placed? Let the Financial Secretary say that we have no cash surplus, that our treasuries are tottering and that we have nothing in the Imperial Bank. Sir, I ask the question whether at present our coins have any relation to the coins obtaining in British India or not. We cannot prevail on the banks in British India to accept our coins. But we can see that the Imperial Bank here accepts our coins on the security which our State will stand for. That is why I stated without explaining it further that it is not a question which can be answered by a single sentence. What I want to press on the attention of Government is that some sort of action whether wise or foolish is better than

mere words. These things are being attempted by every State during these days of economic distress and we are away from it in this 20th century.

Sir, another subject which has received the applause of many members in this House and elsewhere is the programme of industrialisation which is very clearly visible in the speech of the Financial Secretary as also from the pages of the budget. My humble view is that we are thereby taken back to the position which nations occupied in the 18th century. I say that this State, internationally dependent and helpless as it is, cannot enter into any big programme of industrialisation and I say apart from industrial agriculture and development of cottage industries, if our finances are going to be committed to a big industrial programme, it would be a first class blunder. Sir, the Financial Secretary with reference to the starting of the Rubber Factory states that several points are in favour of the proposal. He says:

> "In view of the good quality of the rubber produced in the State, the facilities for transport, the cheap and educated labour available and the protective duty on all imported rubber goods, it is hoped that the factory would work at a reasonable profit and prove conducive to the economic prosperity of the State."

Sir, every point is disputable and it will be challenged later on. Now, in the present position of the world conditions, the unemployed millions clamour for work which cannot be given. Rich capitalists work their factories and every article they turn over adds to the confusion of a world which does not know what to do with all this merchandise that nobody wants. Now forgetting what they preached in the 18th century, the professors in their lectures, the journalists in their articles and even the essayists are beginning once more to speak of the virtues and wisdom of hand work. They cite the examples of France, Italy, and other countries which were once denounced as backward but are now envied, for they are less industrialised and less standardised. Their agricultural life is still independent and real, simple and rustic so that a stoppage of industry does not bring the whole economic life of the country to a stand still. Thus what big nations have given up, this small State proposes to take up. See the humour of it. So any programme to industrialise the country should be proceeded with great caution, but at the same time the whole energy and resources of the State should concentrate upon agriculture and allied cottage industries. Moreover nothing succeeds like success. When I think of these and the arguments of the Financial Secretary and the kind of expert advice which is available to the administration from its services, I am reminded of a story told to American children about President Roosevelt and his Brain Trust. One foggy morning in

[Mr. K. P. Nilakanta Pillai.]

New York harbour a boat which was bringing from Europe six hundred statesmen to discuss with the President collided with a boat with 600 intellectuals who were on their way to Washing on to advise the President. The two boats sank in the harbour. What do you think happened? The next day the 600 statesmen were found floating on the proposals they brought, for they were hollow, and the 600 intellectuals were keeping themselves from drowning by clinging to their theories, for they too were hollow. So I say the words and sentences, ideas and arguments in the Financial Secretary's speech are light but Government should take care that the learned Financial Secretary is not made to eat his own words.

Mr. Kattiyattu Sivarama Panickar (*Vaikam cum Shertallai*): With commendable skill has the Financi l Secretary, attempted to present the budget before us and convince us that after all, we need not be anxious of our exchequer and that our finances are unquestionably sound. Though I am willing to appreciate the lucidity of the sentence with which he has expressed that idea, I am sorry I am unwilling to share its optimism and say that the budget estimates are either unobjectionable or are satisfactory. If it were not for the unforeseen expenditure in connection with His Excellency the Viceroy's visit or the Pallikettu ceremony or the expenditure under Panivagai items, I am sure our Financial Secretary would have produced a net surplus of not less than Rs. 5 lakhs even this year. He however anticipates a surplus of Rs. $2\frac{1}{2}$ lakhs next year.

But, Sir, at a time of frightful economic depression, when every trade is dislocated, when the money market is tighter than ever, when in consequence the people's sources of revenue are falling further down, the Financial Secretary seems to be anxious to produce a surplus budget probably just to show to the world, here and outside, that our finances are stable, that we need not be afraid of any financial trouble and that our country is, so to say, free from the operations of world depression.

Sir, the facts are just the other way. He who runs may read the indigence, the poverty and the famine conditions prevailing in most parts of the State. By squeezing the people's resources through coercion and reducing expenditure by starving nation-building activities, any financier in any country can very easily show a credit balance and say that our finances are sound and the country prosperous. But it is a false prosperity and as such no indication that the people are prosperous. If the prosperity on the other hand were due

to increased production or increased commerce, the prosperity of the people and the State would have been identical. The income from the development departments invariably forms an index of national wealth and the fact that the income from these departments has almost been stationary for some years in the past and is now steadily going down year after year, suggests that there is something radically wrong in that direction. As regards the income from customs items we see that there has been, in spite of a better developed harbour this year, a distinct fall of nearly Rs. 2,40,000. On what data does the Financial Secretary anticipate an increase of revenue from the Cochin Harbour is not clear. Well, Sir, whatever might be our quota on the duty on matches, I might assure you that the income from customs is not going to reach the budgeted revenue. Similar, Sir, will be the case with regard to the income from all other main heads of revenue. More so will be the case with regard to the income from Stamps and Registration. What we see this year is a distinct fall under this item to the extent of Rs. 1,40,000 and odd. But here the Financial Secretary, making a manipulation of the figures by reducing the income under Stamps and by showing an increase of revenue under Registration, anticipates the same figure next year. It is common knowledge that if there is a fall in income under Stamps, there will be a corresponding fall in income under Registration as well. Yet how he arrives at that figure and says that the income from the two items will be equal to the income that we have derived this year is a real mystery.

Mr. R. Nilakanta Pillai: Has the sale of court fee stamps anything to do with registration ?

Mr. Kattiyattu Sivarama Panickar: What I wish to point out, Sir, is this—that acording to conditions obtaining at present there is no likelihood of any transaction becoming better next year unless by a magic wand our Financial Secretary or any other gentleman comes to our rescue and saves the situation.

What I wish to emphasise is that in the present circumstances the anticipated revenue can never be reached next year. The only possible course open will therefore be to curtail all recurring expenditure, to reduce the salaries of high paid officers and to enforce wise economy. The pruning knife must be applied then and there. Even supposing the anticipations of the Financial Secretary are going to be true, I ask why is he so much enamoured of a surplus budget especially in these days of acute economic stringency when every country will even go in for a loan to advance money to the poor ryots of the country to benefit them? Here I ask the same question that was put forward by my friend Mr. K.P. Nilakanta Pillai.

[Mr. Kattiyattu Sivarama Panickar.]

What! has the Government done to combat the evils arising out of the economic depression? What does it show? Does it not show that they do not realise the actual situation of the people in the country and feel for them? They are not taking any steps to solve the present situation. I mean the Government are not proposing to do anything to combat the evils to satisfy the people. They keep silent over the whole question. It is a very hard fact, Sir. They do not seem to sympathise with the hard lot of the people. But here, I shall be failing in duty, if I don't confess that this year's budget makes a departure from its traditionary conservatism and makes a lump provision of Rs. 2½ lakhs for starting a Rubber Factory: Well, this is a step in the right direction. It will go a great way to find work for our unemployed young men and at the same time to find a ready market for the produce of our country. This again is an indication that the Government are slowly opening their eyes towards industrialising our country. But what we want is a more liberal and a bolder policy. Definite schemes must be formulated to turn to good use all the cocoanuts and other staple commodities produced in the country. If this is done we need not be anxious of economic depression. If Government are helpless to find remedy from without, it must be sought from within. All the staple products can be consumed in the country itself. That I suppose, Sir, they are capable of. Sir, there is yet another thing which the Government ought to do immediately to save the people from penury and ruin. Our people are bad economists. They do not know how to adjust themselves with their environments. Their commodities do not sell, their lot is very hard, yet they are never prompt to adjust themselves to live according to the income they derive. I believe some propaganda work has to be done in this direction. The Government with the co-operation of responsible citizens of the country should do propaganda work to educate the masses to make them realise their real situation to enable them to live a life of thrift and economy. Much can be done in this way to improve the financial outlook of individuals constituting the people.

Chairman: Your time is up.

Mr. Kattiyattu Sivarama Panickar: Sir, I shall try to wind up my speech in one minute. I wish that the Officers of Government try to move very freely amongst the people to ascertain their wants and seek means to remedy them. It will go a great way to establish a better and healthier relationship between the ruler and the ruled. It seems

that some of the officers think that they are meant for other purposes. Though I do not wish to mention personalities, yet in order that I may not be misunderstood, I wish to add that the Police Commissioner is a rare person in mofussils and that he seems to think that he has been imported only to coach his assistants. What the nature of the coaching is, the world is yet to know. Coming as I do from a mofussil part, I wish to cite one instance in point.

Chairman : Your time is up.

Mr. P. Padmanabhan Tampi : It was with very great interest and anxiety that we were waiting to see the budget for the ensuing year and it was with still more interest that we heard the speech delivered by the Financial Secretary at the joint session of the Legislature. 'Anxiety and interest were evoked in us for we expected a fair, prosperous and progressive budget—prosperous, progressive and fair to the people to be placed before the Legislature under the able guidance of Sir Muhammad Habibulla, the Dewan of Travancore. But, we regret, the budget was not only not fair and prosperous and progressive but it was rather retrograde in pursuing a policy of enhancing the level of taxation by introducing new taxes and raising the cost of administration by creating new appointments in the teeth of opposition of the non-official members of both the Houses. To speak frankly and sincerely, Sir, there is unrest in every part of Travancore, and there is clamour and murmur in the mind of every Travancorean about the raising of the level of taxes and realising the tax by means of oppressive and coercive methods by heartless Revenue Officers by selling the valuable movable and immovable properties of the agriculturists and spending the money thus realised without any scruple for pomp and pleasure and for obliging the favourites of the State officials. The subjects of His Highness the Maharaja are proverbially loyal and law-abiding. It is high time, Sir, to stop the policy of the Government in trying their patience and driving them to corners so that they may turn their back and become disloyal. We are really proud, Sir, in having a man of allround fame, vast experience and unrivalled capacity to steer the administrative machinery ; and we are still more proud Sir, in having another personage of equal if not more fame and prestige as the Legal and Constitutional Adviser to His Highness the Maharaja. Excuse me, Sir, when I say that these officers are not able to deal with the important political questions of the State and solve them in favour of the Government and enrich the coffers of the State without taxing the people, but by giving them a helping hand and relieving them from their heavy indebtedness. Our vanity in having the services of such officers vanishes and we have begun to feel the high

[Mr. P. Padmanabhan Tampi.]

expenditure met by the Government amounting to Rs. one lakh and twenty-five thousand for maintaining them. The important political questions that I referred to are the revival of the Interportal Convention, the revival of the Periyar Lease and the revival of the Kannan Devan Hills Concession. Instead of the Financial Secretary thanking the Legal and Constitutional Adviser for the representations he is said to have made on behalf of this Government to the Government of India, the whole people of Travancore would have thanked the Legal and Constitutional Adviser and the Dewan of the State if they could bring out any changes in the above conventions and concessions which were brought about by the foreign administrators against the interest of the State and which have been working very hard against the State interests for the last half a century. We are at a loss to know, Sir, whether the Financial Secretary, a subordinate officer of the State, was in order in thanking the Legal and Constitutional Adviser for the representations he is said to have made concerning the railway question when the matter itself is a subject of controversy and on the face of your admission in the Lower House that you yourself feel doubtful as to the matter. A casual reader of the political and constitutional history of Travancore will admit in one moment that there cannot be a medium between His Highness the Maharaja and his Minister on the one side and the Government of India on the other to make representation concerning political matters. Referring to the budget I said that it is not prosperous or progressive. The subject has not provided any tangible relief to the growing population of the State. A mere thought of the growth of the population and the means of their subsistence is alarming. Though Travancore stands 19th in extent when compared to other Indian States she holds the third rank in the matter of population. Hyderabad stands first, Mysore stands second, but Mysore and Hyderabad are 11 times and 4 times bigger than Travancore. Concerning density, Travancore holds the second position to all other Indian States, she heads the list in regard to all other British Indian Provinces and she holds the 4th position when compared with India and other foreign States. Travancore stands next to England and Wales in regard to density—the density in England and Wales is 686 per square mile and Travancore 668 per square mile. Though Travancore is an agricultural country the area per head of population of arable land is only 0·43 of an acre which is the lowest in the whole world other than Japan. Though Japan stands equal in this respect to Travancore the out-turn is 4 times larger than that of Travancore. Concerning the increase of population the increase from Census to Census was phenomenal.

May I question, what provision is made to the growing population for their gloomy future? Travancore may boast of having maintained two white elephants and they are granted; but the provision made for them is scanty—I mean agriculture and industry. Out of the 230 lakhs of rupees paid for the expenditure in the next year only Rs. 1,86,000 and odd and Rs. 1,45,000 and odd are allotted for expenditure of the Agriculture and Industrial Departments. Even out of the whole of this portion, a large portion goes by way of salaries and travelling allowances and other miscellaneous expenses to officers leaving a small balance which is allotted to this department for the development of agriculture. With this scanty provision how can it be possible to show an increase in the out-turn of agriculture. Speaking of industries, all industries undertaken by the department have failed without any exception, not to speak of the silk worm industry, leather tanning industry, honey industry and so on. The Travancore Sugars industry is not coming up chiefly for the reason of failure to get adequate supply of raw materials. Mr. N. S. T. Chari is running about to gather as much raw material as possible, from corner to corner and pillar to pillar. It was only after a very long time that Travancore was able to find that it is not possible to supply raw materials for the sugar factory.

To speak about the Rubber Factory to be established from the next year onwards.

Mr. R. Nilakanta Pillai: Is it not possible for the people in South Travancore to supply all the raw materials that the sugar factory may require?

Mr. P. Padmanabhan Tampi: Yes, Sir, it can be supplied provided the communities other than the Nadar community are also trying to supply. But there is no other hope of getting raw materials.

Mr. Komilezhathu Sankaran: Does the member think that if free licenses are granted for tapping of sweet cocoanut toddy ample raw materials will be available for the sugar factory?

Chairman: You need not answer that question. Please continue to speak about the general discussion.

Mr. P. Padmanabhan Tampi: There was a proposal to cultivate sugar-cane. But that was subsequently dropped. Another proposal was made by Mr. N. S. T. Chari that an experiment may be conducted as to whether it could be possible to take out sugar from cocoanut. I have to point out that matter has not engaged the attention of the Government. And if that proposal is brought into effect, I can say, that the cocoanut cultivators may, to a very great extent, be saved.

[Mr. P. Padmanabhan Tampi.]

Then I have to say a word about the way in which these industries are started and worked out. All industries are started without any data whatsoever or without knowing anything about it. And the way in which these industries are started is also in a half-hearted manner. With regard to the Travancore Sugars, I may say, it was contemplated by Dewan Mr. T. Raghaviah, the foundation stone was laid by Dewan Mr. M. E. Watts, the factory was opened by Dewan Mr. V. S. Subrahmanya Aiyar, and it was worked out byDewan Mr. T. Austin. Now it has become the lot of the present Dewan to find out raw materials for the working of the factory. In the same way, all the other industries are seen to have been proposed in a half-hearted and stingy way. We have a formidable rival in the rubber trade to compete with and that is Japan. Japan has flooded her rubber materials throughout the world, so much so that even England could not compete with her. What are the data for Travancore in regard to the source of raw materials in this direction? What about the capital and at what time these industries can be worked up? Suppose the man who is appointed to work up the factory finds it difficult to work in Travancore. In that case who is the other person to work it up? Even with all the facilities that we may have in the shape of electrical and other appliances and Engineers, who is to do such a big work, if the former refuses to work it up? I earnestly request Government to think over the matter in all these aspects before committing to such a tremendous scheme.

Mr. K. K. Thomas (*Nomniated*): What has the member to say in respect of the recommendations of the Economic Depression Enquiry Committee regarding the rubber production?

Mr. P. Padmanabhan Tampi: I have only to say that these recommendations are made without knowing actually the details of the industry; that is my point. They had no idea of the details of each industry.

Then a word about the administrative machinery. We have been agitating for the last 50 years against the importation of foreigners into our country. Travancore has become a laboratory where experiments are being conducted by the outsiders. For instance the Police Commissioners are always brought from British India and they remain for a short period to be again replaced by a fresh man from outside. It has become the policy of late to import the heads of departments as well. We have to pay even Rs. 32,000 to the Director of Public Instruction, we have to pay Rs, 20,000 to

the Police Commissioner Rs. 21,000 to the Chief Engineer as if Travancore cannot find capable men in her own land. Even after spending one-fourth of the revenue for education what is the use that we derive?

Mr. Komilezhathu Sankaran: Is it not generally the fact that justice is always meted out at the hands of foreigners in Travancore?

Chairman: That question does not arise.

Mr. Komilezhathu Sankaran: Another question, Sir. May I know from the member the defects of importing foreigners as heads of departments in Travancore?

Mr. P. Padmanabhan Tampi: The administration becomes costly. They have no knowledge of the local conditions. They come with certain motives which are quite against Travancore. We find that they are not able to keep the department in such a manner so as to maintain even discipline. We have heard in the Lower House and elsewhere, Sir, how corruption is prevailing in the Police Department and in other departments. If the Commissioner is not able to keep his department free from corruption what is the fun of having such a costly officer as the head of the department? And it is indeed the case everywhere. We have heard our present Dewan having expressed in more places than one that he can tolerate stupidity but not dishonesty. And we pray that the prevailing corruption be put down with an iron hand. With these words I take my seat.

Mr. M. P. ട്ടപടിയുമായി വീതിച്ചുകൊടുക്കുകയല്ലേ ചെയ്യുന്നത്. അതു ദീർഘദൃഷ്ടിയുള്ള ആരെങ്കിലും ചെയ്യുന്നതാണോ?

ജനങ്ങളുടെ രക്ഷക്കുവേണ്ടി ഭരണംനടത്തുന്ന ഗവൺമെൻറിനു കർത്തവ്യബോധമുണ്ടെങ്കിൽ ഇങ്ങനെയുള്ള പതനത്തിൽ ജനരക്ഷയേ വിഗണിച്ച് അവരുടെ പുരസ്തുവകകളും മററും ലേലംചെയ്തു റവന്യൂ ഈടാക്കാൻ ശ്രമിക്കുമോ? അതുകൊണ്ട് ഏതുവിധത്തിൽ നോക്കിയാലും ലാൻഡ് റവന്യൂവകുപ്പിൽനിന്നുംഈടാക്കുവാൻപ്രതീക്ഷിക്കുന്ന ൩൦൦,൦൦൦ രൂപാ ഈടാക്കുന്നതു് ശരിയല്ലെന്നും, അതിൽ ഗണ്യമായ ഒരുഭാഗം വക വച്ചുകൊടുക്കേണ്ടിവരുമെന്നുമാണ് എനിക്കു പറയാനുള്ളതു്.

ഏററുമതിത്തീരുവയിനത്തിൽ ൫,൫൦൦,൦൦൦-ൽ പരം രൂപാ ഈടാകുമെന്നു ഗവൺമെൻറു പ്രതീക്ഷിക്കുന്നു. ൫൦൦-നാളികേരത്തിൻെറ ഇപ്പോഴത്തേ വിലയായ ൫½ രൂപായിൽ കൂടുതലായ വില ൩൦ കൊല്ലത്തിനുമുൻപ് നാളികേരത്തിന് ഉണ്ടായിരുന്നുവെന്നു തിരുവിതാംകൂർ സ്റ്റേററുമാനുവൽ ൨-ാം വാല്യം ൫൭൩-ാം പുറത്തുനിന്നും കാണാവുന്നതാണ്. നാളികേരത്തിൻെറ വില ഇത്രമാത്രം അധഃപതിച്ചിരിക്കുന്ന ഈ കാലത്തു് ലോകത്തു് മറെറങ്ങും ഇല്ലാത്ത ഏററുമതി തീരുവ നിറുത്തൽചെയ്യേണ്ടതാണെന്നുള്ള ഈ സഭയുടെ അഭിപ്രായത്തെ ഗവൺമെൻറു ഇതുവരെ ഗണ്യമാക്കീട്ടില്ല.

൫൦൩൯-ൽ നാളികേരത്തിൻെറ താരിപ്പുവില കണ്ടിക്കൊന്നുക്കു ൭൫-രൂപാ ആയിരുന്നതു് ക്രമേണ വർദ്ധിപ്പിച്ച് ൫൨൦-രൂപാ ആക്കുകയും പിന്നീടു പലപ്രാവശ്യത്തെ ജനങ്ങളുടെ മുറവിളിയുടെ ഫലമായി ൫൮൩-ൽ ൻ൩-രൂപാ ആയി കുറക്കുകയും ചെയ്തു. എന്നാൽ ഇപ്പോൾ കൊപ്രായുടെവില ൨൫ രൂപായിൽ കൂടുതൽ ഇല്ലെങ്കിലും താരിപ്പുവില ആ പഴയ ൻ൩-രൂപായിൽനിന്നും കുറക്കാതിരിക്കയാണു ചെയ്യുന്നതു്.

ഏററുമതിത്തീരുവ അഞ്ചുശതമാനത്തിൽ കൂടുതലായി ചുമത്തുകയില്ലാ എന്നു ബ്രിട്ടീഷ്ഗവൺമെൻറുമായുള്ള കരാറിനെ ഈ കൃത്രിമതാരിപ്പുവിലനിമിത്തം തിരുവിതാംകൂർഗവൺമെൻറു ലംഘിച്ചിരിക്കുന്നു.

ഉല്പന്നങ്ങളുടെ വില കൂടുന്നഉടനേ താരിപ്പുവില കൂടുന്നതിനു താല്പര്യംപ്രദർശിപ്പിച്ചിട്ടുള്ള ഗവൺമെൻറു നാളികേരത്തിൻെറ വില ക്രമാതീതമായി ഇടിഞ്ഞുകൊണ്ടിരുന്നിട്ടും മൂന്നുവർഷക്കാലമായി തീരുവകാര്യത്തിൽ യാതൊന്നും ചെയ്യാതിരിക്കുന്നതിൻെറ കാരണം മനസ്സിലാകുന്നില്ല.

കുരുമുളകിനു വിലകൂടിയപ്പോൾ താരിപ്പുവില അഞ്ചുരൂപായിൽ നിന്നും പത്തുരൂപാ ആയി വർദ്ധിപ്പിച്ച ഗവർമ്മെന്റു അതിന്റെ വില കുറഞ്ഞിട്ടു മൂന്നുകൊല്ലത്തിൽ അധികമായിട്ടും ആ വിവരം അറിഞ്ഞതായിട്ടു ഭാവിക്കുന്നില്ല. അതുകൊണ്ടു് ഗവർമ്മെന്റിന്റെ നയം ജനക്ഷേമത്തിനും നീതിക്കും യോജിച്ചവിധം രൂപവൽക്കരിക്കയാണെങ്കിൽ നീരുവഹനത്തിലുള്ള ആദായത്തിന്റെയും ഒരു വലിയ പങ്കു കുറഞ്ഞുപോകുന്നതാണു്.

പള്ളിക്കൂടങ്ങളിലും കാളേജുകളിലും വിദ്യാർത്ഥികളുടെ ഫീസ്സു പകുതി ആക്കണമെന്നുള്ള കഴിഞ്ഞ ശ്രീമൂലംഅസംബ്ലിയുടെ തീർച്ചയേ ഗവർമ്മെന്റു സ്വീകരിക്കുന്നപക്ഷം ആ ഇനത്തിലും വലുതായ ഒരു സംഖ്യ കുറഞ്ഞുപോകുന്നതാണു്.

ഇപ്രകാരം ജനക്ഷേമകരങ്ങളായ പ്രവൃത്തികൾ ചെയ്യുകയും ബഡ്ജററു ബാലൻസ്സു ചെയ്യുകയും വേണമെങ്കിൽ ചിലവിനങ്ങൾ കുറക്കേണ്ടിയിരിക്കുന്നു. അനാവശ്യ ഉദ്യോഗങ്ങൾ കുറക്കുക, തീരെ താണ ശമ്പളക്കാരൊഴിച്ചു് ബാക്കിയുള്ളവരുടെ ശമ്പളത്തിൽ ശരിയായ കുറവുവരുത്തുക, ആഡംബരച്ചിലവുകൾ മാററിവയ്ക്കുക മുതലായകാര്യങ്ങളിൽ ഗവർമ്മെന്റു ഒരു ധീരമായനയം കൈക്കൊള്ളുന്നപക്ഷം ഇവിടത്തെ സാമ്പത്തികവിഷമത്തിനു വളരെ ആശ്വാസം ലഭിക്കുന്നതാണു്.

അടുത്തകൊല്ലത്തിൽ ഒരു റബ്ബർഫാക്ടറി സ്ഥാപിക്കുന്നതിനു ൨ ലക്ഷം രൂപാ ബഡ്ജററിൽ കൊള്ളിച്ചിരിക്കുന്നതിൽ ഗവർമ്മെന്റിനെ അഭിനന്ദിക്കുന്നു. ഗവർമ്മെന്റിന്റേയും പ്രജകളുടേയും ശ്രേയസ്സിനു ഉപയുക്തങ്ങളായ ഈവക വ്യവസായസ്ഥാപനങ്ങളിൽ ഗവർമ്മെന്റിന്റെ ദൃഷ്ടി മേല്ക്കുമേൽ പതിയുമെന്നു ഞാൻ ആശിക്കയും വിശ്വസിക്കയും ചെയ്യുന്നു.

തിരുവിതാംകൂർരാജ്യത്തെപോലെ ജനസംഖ്യ വർദ്ധിച്ചുവരുന്ന വേറെ ഒരു രാജ്യം ഉണ്ടോ എന്നുള്ളതു് സംശയമാണു്. ആളൊന്നിനു അര ഏക്കർ ഭൂമിപോലും ഇപ്പോൾ ഇവിടെഇല്ലാതാണിരിക്കുന്നതെന്നു കണക്കുകൊണ്ടു കാണാവുന്നതാണു്. ഈ രാജ്യത്തു കൃഷി ഏററവും അഭിവൃദ്ധിയിൽ ഇരുന്നകാലത്തുതന്നെയും ഉല്പന്നങ്ങളായ ആഹാരസാധനങ്ങളും മററും ജനങ്ങളുടെ ആവശ്യത്തിനു മതിയാകാതെയാണു് ഇരുന്നിട്ടുള്ളതു്. നെല്ലു്, അരി മുതലായ സാധനങ്ങൾ അന്നും നാം വിദേശങ്ങളിൽനിന്നു വരുത്തുന്നുണ്ടായിരുന്നു എന്നുള്ളതു് അനുഭവസിദ്ധമാണല്ലോ. ജനസംഖ്യയുടെ കുറവും തന്നിമിത്തം ആളൊന്നിനു ശരാശരിക്കു ഉണ്ടായിരുന്ന ഭൂമിയുടെകൂടുതലും മണ്ണിന്റെ വീര്യക്കൂടുതലിനാൽ വിളവിന്റെ കൂടു

ഗലും ഉണ്ടായിരുന്ന അന്നത്തേ അവസ്ഥ ഇതായിരുന്നുവെങ്കിൽ ജനസംഖ്യ ക്രമാതീതമായി വർദ്ധിച്ചും തന്മൂലം ആളൊന്നിനു ഭൂമി വളരെ കുറഞ്ഞും തുടർച്ചയായുള്ള കൃഷിയിൽ മണ്ണിന്റെ വീര്യം കുറഞ്ഞ് വിളവുതീരെ മോശമായും ഇരിക്കുന്ന ഇന്നത്തെ അവസ്ഥ എത്രമാത്രം ശോചനീയമായിരിക്കണമെന്നു ഊഹിക്കാവുന്നതാണല്ലോ.

പരിഷ്കാരങ്ങൾ ഒരു രാജ്യത്തിന്റെ ഉന്നതിക്കു ഒഴിച്ചുകൂടാത്തവയാണെന്നിരുന്നാലും അവയുടെ ഗുണങ്ങൾ ജനങ്ങളിൽ പ്രതിഫലിക്കണമെങ്കിൽ അവയ്ക്കു തക്കതായ പരിതഃസ്ഥിതികൾ കൂടി അവക്ക് ഉണ്ടായിരിക്കേണ്ടതു് എത്രയും അത്യാവശ്യമാണു്. വസ്ത്രധാരണത്തിനും, ആഹാരത്തിനും യാതൊരുവകയുമില്ലാതെ പട്ടിണികൊണ്ട് കാലംകഴിച്ചുകൂട്ടുന്ന ഇവിടത്തെ സാമാന്യജനങ്ങൾക്ക് ഇലക്ട്രിക്കലൈററിന്റേയോ, വലിയതുകകൾ ശമ്പളംകൊടുത്തു വിദേശങ്ങളിൽനിന്നും വരുത്തുന്ന വമ്പിച്ച ഉദ്യോഗസ്ഥന്മാരുടേയോ സാന്നിദ്ധ്യംനിമിത്തം എന്തു പ്രയോജനമാണുണ്ടാകുന്നതു്?

Mr. Tariatu Kunjitomman (*Nominated*): രാജ്യഭരണത്തിന്റെ വിവിധവശങ്ങളെ സംബന്ധിച്ച് ഇവിടെ ദീർഘമായ വിമർശനങ്ങൾ നടന്നുകഴിഞ്ഞിരിക്കുന്നു. അവയെല്ലാം ആവർത്തിച്ചു പറഞ്ഞു് സമയം കളയണമെന്നു് ഞാൻ വിചാരിക്കുന്നില്ല. ഏററവും പ്രധാനമെന്നു വിചാരിക്കുന്ന ചില സംഗതികളെ ജനക്ഷേമത്തിനും രാജ്യത്തിന്റെ ശ്രേയസ്സിനുമായി പ്രത്യേകം ഗവണ്മെന്റിനെ ചൂണ്ടിക്കാണിക്കാമെന്നാണ് വിചാരിക്കുന്നതു്. ജനങ്ങളുടെ നന്മയ്ക്കു് അവശ്യം വേണ്ടതായ ചിലവുകൾക്ക് വലിയ ലുബ്ധുകാണിക്കാതെ മിച്ചം വരുന്ന ഒരു ബഡ്ജററു തയാറാക്കിയിരിക്കുന്നതു് ശ്രേയസ്കരംതന്നെ. മെഡിക്കൽ, സാനിട്ടറി, പബ്ലിക്ക് വർക്സ്, എഡ്യൂക്കേഷൻ മുതലായ ഇനങ്ങൾക്ക് അടുത്തവർഷവും ചിലവിൽ വലിയ കുറവു ബഡ്ജററിൽ വരുത്തീട്ടില്ല. രാജ്യമൊട്ടുക്കു ക്ഷാമം ബാധിച്ചിരിക്കുന്ന ഈ അവസരത്തിൽ ഈവിധം ബഡ്ജററു തയ്യാറാക്കുവാൻ സാധിച്ചതു് ആശ്വാസജനകമാണ്. എന്നാൽ ഈ ബഡ്ജററിൽ പ്രതീക്ഷിക്കുന്ന വരവ് പരിതസ്ഥിതി മേലിലും ഇങ്ങനെതന്നെ തുടർന്നുകൊണ്ടിരിക്കുകയാണെങ്കിൽ ഗവണ്മെന്റിനു ലഭിക്കുമോ എന്നും ഗവണ്മെന്റിനു ചിലവിനങ്ങളിൽ ലുബ്ധു കാണിക്കാതിരിക്കാൻ തരപ്പെടുമോ എന്നും വളരെ സംശയിക്കേണ്ടിയിരിക്കുന്നു. മുതലെടുപ്പു പ്രധാനമായി എക്സൈസു ഡിപ്പാർട്ടുമെന്റിൽനിന്നും ലാൻഡ് റവന്യൂഡിപ്പാർട്ടുമെന്റിൽനിന്നും ഉണ്ടാകേണ്ടവയാണ്.

ഉല്പന്നങ്ങളുടെ വിലക്കുറവുകൊണ്ടു് കർഷകന്മാർ മിക്ക കൃഷികളേയും കുറച്ചുകളയും. ഇഞ്ചി മുതലായ കൃഷികൾ ഇപ്പോഴെ കുറച്ചിരിക്കുന്നു. ചുക്കു്, മുളകു്, കൊപ്രാ മുതലായവയുടെ തീരുവയിനത്തിലാണു് എക്സൈസിലെ മുതലെടുപ്പധികവും. വിലക്കുറവും വിളവുകുറവുംകൊണ്ടു തീരുവ ഇനത്തിലെ വരവു കുറയാതിരിക്കയില്ല. അബ്കാരി ഇനത്തിലെ വരവും ക്ഷാമം നിമിത്തം കുറയുകതന്നെചെയ്യും. ഭൂനികുതിയും എത്ര നിർബന്ധിച്ചാലും ശരിയായിടാകുമെന്നു വിചാരിക്കാൻപാടില്ല. അതുകൊണ്ടു് കർഷകന്മാരുടെ രക്ഷക്കായി ഇപ്പോൾതന്നെ എന്തെങ്കിലും ശരിയായി ചെയ്തു് അവരുടെ കഷ്ടത തീർത്തെങ്കിൽമാത്രമെ മുതലെടുപ്പു പ്രതീക്ഷപോലെ ഉണ്ടാകു. ജനങ്ങൾ കഷ്ടപ്പെടുന്നെങ്കിലും അവരെ സഹായിക്കത്തക്കവണ്ണം ഗവണ്മെൻറിൻെറ ധനസ്ഥിതി തൃപ്തികരമായിരിക്കുന്നതു് ജനങ്ങൾക്കു് ആശാജനകമാണു്. ഗവണ്മെൻറിൻെറ ധനസ്ഥിതിയെ ആശ്രയിച്ചല്ലാതെ ജനങ്ങൾക്കെന്തെങ്കിലും സഹായം ലഭിക്കുമെന്നു പ്രതീക്ഷിക്കുവാൻ തരമില്ലല്ലോ. രാജ്യം ഒട്ടുക്കു ബാധിച്ചിട്ടുള്ള ക്ഷാമം ഏതുവിധത്തിൽ തടുത്തുനിർത്താമെന്നു ഗവണ്മെൻറു ശരിയായി പര്യാലോചിക്കേണ്ടതാണു്. ഗവണ്മെൻറു പര്യാലോചിക്കുന്നുണ്ടെങ്കിലും അതിലേക്കു ശരിയായ മാർഗ്ഗങ്ങൾ പ്രയോഗിച്ചുകാണാത്തതുകൊണ്ടു് ഗവണ്മെൻറു് ഇതേവരെ അതിനുള്ള മാർഗ്ഗങ്ങളൊന്നും കണ്ടുപിടിച്ചിട്ടില്ല എന്നുവേണം വിചാരിക്കുവാൻ. ഈ ക്ഷാമത്തെ നീക്കംചെയ്യുവാനുള്ള മാർഗ്ഗങ്ങൾ എന്തെല്ലാമാണെന്നു ഗവണ്മെൻറു ഗാഢമായി ആലോചിച്ചു് ഉടനെ നടപ്പിൽ വരുത്തണം. സമയം ഇനിയും നീട്ടിവയ്ക്കരുതു്. എനിക്കു് ഈ വിഷയത്തിലുള്ള അഭിപ്രായങ്ങൾ ഇവിടെ പ്രസ്താവിക്കാം.

കരം ഇളച്ചുകൊടുക്കുക, ശമ്പളങ്ങൾ കുറയ്ക്കുക മുതലായ നിർദ്ദേശങ്ങൾ ക്ഷാമനിവാരണത്തിനായി ഇവിടെ പലരും നിർദ്ദേശിച്ചുകാണുന്നുണ്ടു്. എന്നാൽ ഒരുകൊല്ലത്തേക്കോ രണ്ടുകൊല്ലത്തേക്കോ, ഉള്ള ക്ഷാമമാണെങ്കിൽ ഇവയെല്ലാം ഒരുവിധത്തിൽ മതിയെന്നുവയ്ക്കാം. എന്നാൽ ഈ ക്ഷാമം പല കൊല്ലങ്ങൾ നിലനിൽക്കുന്ന ഒരു ക്ഷാമമായിട്ടാണു കാണുന്നതു്. അങ്ങനെയാണെങ്കിൽ കരം ഇളയ്ക്കുന്നതിനും ഉദ്യോഗസ്ഥന്മാരുടെ ശമ്പളം കുറയ്ക്കുന്നതിനും സംഖ്യയേയും കാലത്തേയും ആശ്രയിച്ചിടത്തോളം ഒരു ലിമിററു വയ്ക്കേണ്ടിവരുമല്ലോ. ഈ സ്ഥിതിക്കു ക്ഷാമനിവാരണത്തിനായി നാം മററു മാർഗ്ഗങ്ങളേയും ആരായേണ്ടിയിരിക്കുന്നു. കർഷകരെയാണു ക്ഷാമം നല്ലവണ്ണം ബാധിച്ചിട്ടുള്ളതു്.

[Mr. Tariatu Kunjitomman.]

ഇവിടത്തെ ജനങ്ങളിൽ ഭൂരിപക്ഷവും കൃഷിക്കാരാണ്. കൂലിക്കാരെപ്പററി പറയുകയാണെങ്കിൽ, കുറേപ്പേർ പട്ടണത്തിലുള്ള ഉദ്യോഗസ്ഥന്മാരുടെ കൂലിക്കാരായി കഴിയുന്നുണ്ടായിരിക്കും. അതുപോലെതന്നെ, പബ്ലിക്ക് വർക്സിലുംമററും ഏർപ്പെട്ടിട്ടുള്ള കുറെ കൂലിക്കാരേയും കാണും. എങ്കിലും ഭൂരിപക്ഷം കൂലിക്കാരും കൃഷിവേലചെയ്തു കഴിയുന്നു. ഭൂമി ഉടമസ്ഥർമാത്രമല്ല, അവരെ ആശ്രയിച്ചു കഴിയുന്ന ഈ ജോലിക്കാർക്കും, അതായത് കൃഷിക്കാരുടെ ആവശ്യത്തിലേക്കായി വെട്ടുകത്തി, കലപ്പ, മുതലായവ ഉണ്ടാക്കുന്നവർ നിലംപുരയിടങ്ങളിൽ കൂലിവേല ചെയ്യുന്നവർ, പാട്ടക്കാർ ഇവർക്കുമൊക്കെ, വലിയ ക്ഷാമം ഉണ്ട്. ഇതിനെന്താണു നിവൃത്തി? ഇതിലേക്കു ഭൂസ്വത്തുജാമ്യബാങ്കുമുഖേന എന്തെങ്കിലുംചെയ്യാൻ കഴിയുമോ എന്നു ഗവണ്മെൻറു ഗാഢമായി ആലോചിക്കേണ്ടതാണ്. ഗവണ്മെൻറ് ഒരു വലിയ തുക ഇതിലേയ്ക്കു നീക്കിവയ്ക്കുമോ എന്നുചോദിച്ചാൽ തൽക്കാലം ഗവണ്മെൻറിനതുകൊണ്ടു കഴിയുന്നതല്ലായിരിക്കാം. എന്നാൽ ഡിബഞ്ചർലോൺ ഏർപ്പെടുത്തി പിരിച്ചു കൃഷിക്കാരുടെ ഭൂമി ജാമ്യംവാങ്ങി ചുരുങ്ങിയ പലിശയ്ക്കു കൊടുക്കാൻപ്രയാസമില്ല..

Mr. Komilezhathu Sankaran : ഭൂസ്വത്തു ജാമ്യബാങ്കുകൊണ്ട് ഭൂമിഉടമസ്ഥന്മാർക്കല്ലാതെ പ്രയോജനമുണ്ടോ?

Mr. Tariatu Kunjitomman : ഭൂമിയുടമസ്ഥന്മാർക്കുണ്ടാകുന്ന പ്രയോജനമനുസരിച്ചാണ് ഈ രാജ്യത്തെ പൊതു ഐശ്വര്യം സ്ഥിതിചെയ്യുന്നത്.

Mr. Komilezhathu Sankaran : ഇവിടെ ഭൂമിയുടമസ്ഥന്മാർ എത്രപേരുണ്ട്?

Mr. Tariatu Kunjitomman : വളരെപ്പേരുണ്ട്. അതിൻെറ കണക്ക് സെൻസസ്സ് റിപ്പോർട്ടേടുത്തു് നോക്കിയാൽകാണാം.

Mr. Komilezhathu Sankaran: ആകെ ഹ വ ലക്ഷമേ ഉള്ളവെന്നറിയാമോ?

Mr. Tariatu Kunjitomman : അവരെത്രപേരുണ്ടായാലും ശരി, ഞാൻ പറയുന്നതു് ഭൂമിയുടമസ്ഥന്മാരും അവരെ ആശ്രയിച്ചു കഴിയുന്നവരുമാണ് ഈ രാജ്യത്തു മഹാഭൂരിപക്ഷവുമെന്നാണ്.

Mr. Komilezhathu Sankaran : ഭൂസ്വത്തുക്കളുടെ വരവിൽനിന്നും അതിൻെറ ചെലവു തള്ളിയാൽ ഗവണ്മെൻറിലേക്കു ബാക്കിവരുന്ന സംഖ്യ എന്താണെന്നു പറയാമോ?

Mr. Tariatu Kunjitomman : ഇവിടെ അതറിയേണ്ടതില്ല. എന്റെ പ്രസ്താവനകൾ മുഴുവനായിട്ടില്ല. അതുകഴിഞ്ഞു് ചോദ്യങ്ങൾ ചോദിച്ചാൽ ഞാൻ ഉത്തരം പറയാം. ഇപ്പോൾ എനിക്കുകളയുവാൻ സമയമില്ല.

Mr. Komilezhathu Sankaran : ഒരു ചോദ്യംകൂടി, ഭൂമിയുടമസ്ഥന്മാൎക്കുവേണ്ടി ഗവണ്മെന്റിൽനിന്നും എന്തെങ്കിലും ചിലവാക്കുന്നുണ്ടോ? ഭൂമിയിൽനിന്നും ഗവണ്മെന്റിലേക്കു കിട്ടുന്ന ആദായത്തിൽകവിഞ്ഞു് എന്തെങ്കിലും ചെയ്യണമെന്ന് മെമ്പറിന് അഭിപ്രായമുണ്ടോ?

Mr. Tariatu Kunjitomman : ഭൂമിയുടമസ്ഥന്മാൎക്കു ഗവണ്മെന്റിൽനിന്നും ചെയ്യുന്ന ആനുകൂല്യങ്ങൾകൊണ്ടു പ്രയോജനമുണ്ടായാൽ അവരോടു പലപ്രകാരേണ ബന്ധിച്ചിരിക്കുന്നവരായ സകല ആളുകൾക്കും പ്രയോജനമുണ്ടാകുമെന്നാണ് ഞാൻ പറഞ്ഞതു്. ഭൂമിയുടമസ്ഥന്മാൎക്കു ചെയ്യുന്ന ശരിയായ സഹായങ്ങൾകൊണ്ടു് രാജ്യത്തിനു പൊതുവിൽ ഗുണമുണ്ടാകുമെന്നു ഞാൻപറയുന്നു. അതാണ് ഇവിടത്തെസ്ഥിതി. ഇനിയുള്ള ചോദ്യങ്ങൾ അവസാനത്തിൽ ചോദിച്ചാലെ ഉത്തരംപറയൂ.

അതുകൊണ്ടു് ഭൂമിയുടമസ്ഥന്മാരെ സഹായിക്കുവാൻ ഗവണ്മെന്റു് പ്രത്യേകം ശ്രദ്ധപതിക്കേണ്ടതാകുന്നു. ഇതിനു ഗവണ്മെന്റു് ഒരു മദ്ധ്യസ്ഥന്റെനിലയിൽ പ്രവൎത്തിച്ചാൽമതി. ഗവണ്മെന്റു് ഒരു ലോൺ ഏൎപ്പെടുത്തുകയാണെങ്കിൽ മൂന്നോ മൂന്നരയോ പലിശയ്ക്കു ആവശ്യമുള്ള സംഖ്യ കിട്ടും. അതു തിരിയെ ജനങ്ങൾക്കു നാലോ നാലരയോ പലിശക്കു ഭൂമിഈടിന്മേൽ കൃഷിക്കാൎക്കു കൊടുക്കാം. അങ്ങനെയാണെങ്കിൽ ജനങ്ങൾ ഇപ്പോൾ കൊടുത്തുവരുന്ന ൧൨ പലിശയിൽനിന്നു ജനങ്ങൾക്കു രക്ഷകിട്ടും; ഗവണ്മെന്റിനു നഷ്ടവുമില്ല. ഉല്പന്നങ്ങളുടെ വിലക്കുറവുകൊണ്ടു് കടത്തിന്റെ പലിശകൊടുക്കുവാനോ കരംപോലും കൊടുക്കുവാനോ ജനങ്ങൾക്കു സാധിക്കുന്നില്ല. കൃഷിക്കാരിൽ വലിയ ഭാഗം ജനങ്ങളും ഇപ്പോൾ കടത്തിൽ ഉൾപ്പെട്ടിരിക്കുകയാണ്. നൂറു് രൂപാ ഭൂമിയിൽനിന്നും ആദായം കിട്ടികൊണ്ടിരുന്നവൎക്കു ഇപ്പോൾ ൨൫ രൂപാ കിട്ടുന്നില്ല. ആയിരംരൂപാ വിലയ്ക്കുള്ള സ്വത്തു് ഇരുനൂറോ മുന്നൂറോ രൂപായ്ക്കു ഈടുകൊടുത്തിരിക്കും. ഇരുനൂറു രൂപായുടെ പലിശകൊടുത്തുതീൎക്കാനുള്ള ആദായംപോലും ഉല്പന്നങ്ങളുടെ വിലക്കുറവുകൊണ്ടു ആ വസ്തുവിൽനിന്നും കിട്ടാതെവരികയും തന്നിമിത്തം നിസ്സാരവിലക്കു വിററുപോകയും ചെയ്യുന്നു. ഈവിധത്തിലുള്ള ഭൂമി വില്പനയാണ് കോൎട്ടുമൂലം ഇപ്പോൾ അധികമായി നടക്കുന്നതു്. ഇതു

[Mr. Tariatu Kunjitomman.]

വലിയ നഷ്ടമാണല്ലോ എന്നുവച്ച് പലരും ചുരുങ്ങിയ വിലക്കു വസ്തുക്കൾ തീറുകൊടുക്കുകയോ നടപ്പു പണയംകൊടുക്കുകയോ ചെയ്യുന്നു. രജിസ്ട്രേഷൻവകുപ്പിലെ കഴിഞ്ഞ രണ്ടു്കൊല്ലത്തെ റിപ്പോർട്ടുകൾ നോക്കിയാൽ ഓരോ ആണ്ടും ൩൦-ആയിരവും ൪൦-ആയിരവും ഏക്കർ ഭൂമികൾ കൃഷിക്കാരല്ലാത്ത ആളുകൾക്കു ചെന്നുചേർന്നുകൊണ്ടിരിക്കുന്നതായി കാണാം. ഈ സംഗതി ആ റിപ്പോർട്ടുകളുടെ രണ്ടാംപേജിൽ വിവരിച്ചിരിക്കുന്നു.

Mr. K. P. Nilakanta Pillai: ഇങ്ങനെ കൃഷിക്കാരുടെ ഭൂമി എല്ലാം പണയംകൊടുത്തു് പണംവാങ്ങുന്നതു് അവർ തുലയാനുള്ള ഒരു പണിയല്ലേ?

Mr. Tariatu Kunjitomman: ആരും നഷ്ടപ്പെടാതെ എല്ലാവർക്കും നല്ലതുവരാനുള്ള പദ്ധതിയാണല്ലോ ഗവണ്മെൻറു സ്വീകരിക്കേണ്ടതു്. അതാണു് പറയുന്നതു്.

Mr. Komilezhathu Sankaran: അതു ഭൂമിയുടമസ്ഥന്മാർക്കു മാത്രം മതിയെന്നാണോ മെമ്പറിൻെറ അഭിപ്രായം?

Mr. Tariatu Kunjitomman: ഒടുവിൽ ഉത്തരം പറയാം.

മഹാരാജാവു് തിരുമനസ്സിൽനിന്നും രാജ്യഭാരം കയ്യേററപ്പോൾ ശ്രീ സ്വാതന്ത്ര്യജാമ്യബാങ്കിലേക്കു ഒരു നല്ല സംഖ്യ തൃക്കൈയിൽനിന്നുതന്നെ കല്പിച്ചുകൊടുക്കയുണ്ടായി. ഈ കർഷകരാജ്യത്തിൻെറ ശ്രേയസ്സിനു ഈ സ്ഥാപനത്തിൻെറ അഭിവൃദ്ധി എത്രയും അത്യാവശ്യമായ ഒരു കാര്യമാണെന്നു് തിരുമനസ്സുകൊണ്ടുതന്നെ ഇതുകൊണ്ടു നമുക്കു മനസ്സിലാക്കിത്തരികയായിരുന്നു എന്നുവേണം വിചാരിക്കുവാൻ. ചെങ്കോട്ട–കൊല്ലം റെയിൽവേ വാങ്ങുന്നതിനായി സൂക്ഷിച്ചുവന്ന ഫണ്ടു് മററുകാര്യങ്ങൾക്കായി; അതായതു് ഇലക്ട്രിക്ക് സ്കീമിലേക്കും മററുമായി, വിനിയോഗിക്കാമെന്നുവച്ചതു അഭിനന്ദനീയംതന്നെ. ഭാവിയിൽ വലിയകാര്യങ്ങളൊക്കെ സാധിച്ചുകൊള്ളാനായി ഒരു വലിയസംഖ്യ സൂക്ഷിച്ചിട്ടുണ്ടെന്നും അതുകൊണ്ടു് ജനങ്ങൾ ഇപ്പോൾ കഷ്ടപ്പെട്ടുകൊള്ളട്ടെ എന്നും പറയുന്നതു് ലുബ്ധംപിടിച്ച ഒരു കാരണവൻെറ നയമാകുന്നു. ആ നയം സ്വീകരിക്കാതെ വേണ്ടകാര്യങ്ങൾക്കുടനെ വിനിയോഗിക്കുവാൻ സൌകര്യമുണ്ടാക്കിയവരെ അഭിനന്ദിക്കതന്നെവേണം. ഹൈഡ്രോ ഇലക്ട്രിക് സ്കീം മദ്ധ്യതിരുവിതാംകൂറിലേയും ഉത്തരതിരുവിതാംകൂറിലേയും കൃഷി

വ്യവസായങ്ങൾക്കും നാനാമുഖങ്ങളായ ജീവിതസൌകര്യങ്ങൾക്കും ഏററം ഉതകുന്ന ഒരു സ്കീമാണെന്നതിനു സംശയമില്ല. അനേകം ജനങ്ങൾക്കു ഇതുകൊണ്ടു ഉപജീവനമാർഗ്ഗം ഉണ്ടാവുന്നതാണ്. ഗവണ്മെൻറ് മദ്ധ്യ തിരുവിതാംകൂറിലും ഉത്തരതിരുവിതാംകൂറിലും തെക്കെ കോതയാററണക്കെന്നപോലെ വലിയ ചിലവുകൾ ഒന്നും ചെയ്യിട്ടില്ലെന്നുള്ള ആക്ഷേപവും ഈ സ്കീംകൊണ്ട് നീങ്ങീട്ടുണ്ട്. മഹാരാജാ തിരുമനസ്സിലെ ഭരണാരംഭകാലത്തു കല്പിച്ചനുവദിച്ചിട്ടുള്ള ഈ വലിയസ്കീം പൂർണ്ണമായി നടപ്പിൽ വന്നുകഴിയുമ്പോൾ തിരുവിതാംകൂറിനെ ഐശ്വര്യത്തിലും നാഗരീകത്തിലും എത്രയും ഉന്നതമായ നിലയിൽ എത്തിക്കുമെന്നതിനു സംശയമില്ല. കഴിയുന്നതും വേഗത്തിൽ ഇതു പൂർത്തിയാക്കുവാൻ ഗവണ്മെൻറു ശ്രമിക്കുമെന്നു വിശ്വസിക്കുന്നു. മററോരോ വിഷയങ്ങളെപ്പററി എനിക്കു പറയാനുള്ളതു ഓരോവകുപ്പുകളിലേക്കുള്ള ഗ്രാൻറുകൾ വരുമ്പോൾ പറയാമെന്നു വിചാരിക്കുന്നു. ക്ഷാമോദ്ധാരണത്തിനായിട്ടാണു ഇപ്പോൾ ഗവണ്മെൻറ് ഒന്നാമതായി ശ്രമിക്കേണ്ടതു്. അതിലേക്കു ഒരു കോടിയോളം രൂപാതന്നെ ലോൺ ഏർപ്പെടുത്തി ഗവണ്മെൻറു പിരിക്കണം. ഒരു കുളത്തിൽ പത്തു് മത്സ്യം കിടപ്പുണ്ടെന്നുവിചാരിക്കുക, അവ പലസ്ഥലത്തും കൂടക്കൂടെ പൊങ്ങുകയും താഴുകയും ചെയ്തുകൊണ്ടിരിക്കുമ്പോൾ ആ കുളത്തിൽ അനേകം മത്സ്യങ്ങൾ കിടപ്പുണ്ടെന്നു നമുക്കു തോന്നിപ്പോകും. അതുപോലെതന്നെ ഒരുകോടിരൂപാ കടമെടുത്തു ജനങ്ങളുടെയിടയിൽ പുറത്തുവിട്ടാൽ ഇരുപതോ ഇരുപത്തഞ്ചോ കോടിരൂപായുടേ മറിവു രാജ്യത്തുണ്ടാകുന്നതും ക്ഷാമത്തിനു വലിയകുറവും തൊഴിലുകൾക്കഭിവൃദ്ധിയുമുണ്ടാകുന്നതാണ്. അങ്ങിനെ ഉടനെചെയ്തു കൃഷിക്കാരെ സഹായിക്കാതിരുന്നാൽ അവസാനമില്ലാതെ അടിക്കടി കരങ്ങൾ കുറച്ചുതരണമെന്നും ശമ്പളം കുറയ്ക്കണമെന്നും ജനഭാഗത്തുനിന്നു മുട്ടിച്ചുകൊണ്ടുതന്നെയിരിക്കും. എത്ര കുറച്ചാലും മതിയാകയുമില്ല.

Mr. K. P. Nilakanta Pillai : പണം എവിടുന്നുവരും?

Mr. Tariatu Kunjitomman : അതു് സൂക്ഷിച്ചുവച്ചിരിക്കുന്ന ആളുകളുടെ പക്കൽനിന്നും.

Mr. K. P. Nilakanta Pillai : ആരാണ് പണം സൂക്ഷിച്ചിരിക്കുന്നതു്?

Mr. Tariatu Kunjitomman : അങ്ങനെ സൂക്ഷിച്ചുവച്ചിട്ടുള്ളവർ ആരെന്നു ലോൺ ഏർപ്പെടുത്തുമ്പോൾ അറിയാം. കടം വാങ്ങുന്ന ആളിൽനിന്നും കൊടുത്തസംഖ്യ തിരിയെ വാങ്ങുവാൻ പ്രയാസ

[Mr. Tariatu Kunjitomman.]

മെന്നു കരുതി പണം പുറത്തുവിടാതെ അവിടവിടെ പലരും സൂക്ഷിച്ചു വച്ചിരിക്കുകയാണ്. സക്കാരിന്റെ കയ്യിൽ പണം ഏല്പിക്കാൻ ആക്കും മടിയുണ്ടാകയില്ല. രാജ്യത്തിനു പുറത്തുനിന്നായാലും അകത്തുനിന്നായാലും എത്രയുംകുറഞ്ഞ പലിശക്കു പണം ലോൺ ഏർപ്പെടുത്തിയാൽ ആറുമാസത്തിനകം വന്നുചേരുമെന്നതിനു സംശയമില്ല. അസാധാരണമായ ഈ ക്ഷാമത്തിൽനിന്നു പ്രജകളെ രക്ഷിയ്ക്കുവാൻ ഗവൺമെന്റിനു കഴിവുണ്ടാക്കുന്ന ഏകമാർഗ്ഗം ഇതേയുള്ളു എന്നു ഇപ്പോൾ ഞാൻ വിചാരിക്കുന്നു. ഒരുകോടികൊണ്ടു പത്തുകോടിയുടെ കടമടയും. അതാണ് വിനിമയരീതി.

Mr. M. N. Narayana Menon (*Kottayam*) : സർ, ഫൈനാൻഷ്യൽസെക്രട്ടറിയുടെ ബഡ്ജററു വായിച്ചുനോക്കിയതിൽ കൃഷിക്കാരായ ജനങ്ങളുടെ സങ്കടപരിഹാരത്തിന് യാതൊന്നും കണ്ടില്ല. ഗവമ്മെൻറു ഗസററിന്റെ ഓരോ പ്രതിയും പ്രത്യേകം എടുത്തുനോക്കിയാൽ ഇരുനൂറും ഇരുനൂററമ്പതും വശങ്ങളുള്ളതായി കാണാം. അവയെല്ലാം രാജ്യത്തെ സ്ഥാവരവസ്തുക്കൾ ലേലംചെയ്യുന്നതിനുള്ള പരസ്യങ്ങൾകൊണ്ടു നിറച്ചിരിക്കുകയാണ്.

Mr. R. Nilakanta Pillai : ഇപ്പോൾ ഗസററിൽ അത്തരം പരസ്യങ്ങൾ കാണുന്നുണ്ടോ ?

Mr. M. N. Narayana Menon : ഇല്ല. അതാണ് ഞാൻ പറയാൻതുടങ്ങുന്നത്. ഗവമ്മെൻറു ഇപ്പോൾ ഒരു പൊടിക്കൈ പ്രയോഗിച്ചിട്ടുണ്ട്. അതായത് മൂന്നേക്കറോ അതിൽ കുറവൊ ഉള്ള സ്ഥാവരവസ്തുക്കൾ ഗസററിൽ പരസ്യപ്പെടുത്താതെ ലേലംചെയ്യാമെന്നു തീരുമാനിച്ചിരിക്കുന്നു. അതായിരിക്കണം ഉദ്യോഗസ്ഥ ഭാഗത്തുനിന്നും ഇപ്പോൾ കാണുന്നുണ്ടോ എന്നു ചോദിച്ചത്. ഈ രാജ്യത്തെ ശരാശരി കണക്കനുസരിച്ച് ഒരാൾക്കുള്ള ഭൂമി അരഏക്കറിൽ കുറവാകുന്നു. ഈ തത്വമനുസരിച്ച് ഒരു കുടുംബത്തിനു രണ്ടര ഏക്കറിൽ അധികം ഭൂമി ഇല്ല. അതിനാൽ ശരാശരിക്കു മൂന്നേക്കർ ഭൂമിയുള്ള യാതൊരു കുടുംബവും ഇവിടെ കാണുന്നില്ല എന്നാണ് അതിനെനിക്കു മറുപടി പറയാനുള്ളത്. ഭൂസ്വത്തിൽ നിന്നും കിട്ടുന്ന ആദായക്കുറവുകൊണ്ടു ഗവമ്മെൻറിനു കരംകൊടുക്കാൻതന്നെ വളരെ വിഷമമായിരിക്കുന്ന ഈ ഘട്ടത്തിൽ കരത്തിനും പുറമേ ആണ്ടുതോറും എഴുപത്തയ്യായിരത്തോളം രൂപകൂടി നോട്ടീസുപടിയായിട്ടും പിഴ മുതലായവയായിട്ടും ഈടാക്കാൻ

നിശ്ചയിച്ചിട്ടുള്ളതായി ബഡ്ജററു നോക്കിയാൽ കാണാം. ഇങ്ങനെ ജനങ്ങളെ ഞെക്കിപ്പിഴിഞ്ഞു് തൽക്കാലം ഗവമ്മെൻറിന്റെ ഭരണം മുമ്പോട്ടു കൊണ്ടുപോകാൻ കഴിയും. എന്നാൽ ജനങ്ങളുടെ പ്രധാന ആദായമാർഗ്ഗമായ കൃഷി മുതലായവകയിൽ നിന്നുമുള്ള വരവു് വളരെ വളരെ കുറഞ്ഞിരിക്കുന്നതുകൊണ്ടു ഈ വിധം എത്രനാൾ മുമ്പോട്ടുപോകാൻ സാധിക്കുമെന്നാണാലോചിക്കേണ്ടതു്.

കൊപ്രയുടെ കയററുമതി തീരുവ നിത്തൽചെയ്യണമെന്നു് പലപ്രാവശ്യവും ഞങ്ങൾ റസല്യൂഷൻ പാസ്സാക്കിയിട്ടും ഗവമ്മെൻറു് അതുവകവച്ചിട്ടില്ല. ഇതേപ്പററി ഗവർമ്മെൻറു പറയുന്നതു് "ഇൻഡ്യാഗവമ്മെൻറിലേക്കു് കൊപ്രയുടെ ഇറക്കുമതി തീരുവ കൂട്ടുവാനായി എഴുതീട്ടുണ്ടു്, അവിടെനിന്നും അനുകൂലമായ മറുപടി ഗവർമ്മെൻറു പ്രതീക്ഷിക്കുന്നുവെന്നാണു്". ഗവർമ്മെൻറു് ഇവിടത്തെ കയററുമതി തീരുവ നിറുത്തിയിട്ടു് ഇൻഡ്യാഗവർമ്മെൻറിനോടു മററു സൗജന്യങ്ങൾക്കപേക്ഷിച്ചിരുന്നുവെങ്കിൽ നാം ആവശ്യപ്പെടുന്ന സൗജന്യം അവർ അനുവദിച്ചുതരുമായിരുന്നു. നാം ആദ്യമായി ആലോചിക്കേണ്ടതു് എക്സ്പോർട്ടു ഡ്യൂട്ടി നിറുത്തുകയായിരുന്നു. നമ്മൾ അങ്ങനെചെയ്തിട്ടു് ഇൻഡ്യാഗവർമ്മെൻറിന്റെ അടുക്കൽ ആവശ്യപ്പെടുക. നിശ്ചയമായി എന്തെങ്കിലും അനുകൂലം കിട്ടും.

ദിവാൻജി അവർകൾ ഇവിടത്തെ കൊപ്രയുടെ തീരുവയെ സംബന്ധിച്ചു് ഒരിയ്ക്കൽ പ്രസ്താവിച്ച സന്ദർഭത്തിൽ നമ്മൾ ഡൽഹിനഗരത്തിൽനിന്നും വളരെ ദൂരത്തിൽ ഇരിക്കുകയാണെന്നും അതുകൊണ്ടു നമ്മുടെ നിലവിളി അവിടെ കേൾപ്പാൻ പ്രയാസമാണെന്നും പറയുകയുണ്ടായി. ആ ഭാഗം നമുക്കു് വകവച്ചു കൊടുക്കാം. അതിന്നു സമാധാനമായി എനിക്കു പറയാനുള്ളതു് നമ്മൾ വളരെ ദൂരെയാണെങ്കിലും നമ്മുടെ നിവേദനം അവിടെ കേൾപ്പിക്കത്തക്ക രണ്ടു മഹാരഥന്മാർ ഇവിടെയുണ്ടല്ലോ. അവരുടെ സർവസ്വാധീനശക്തികളും പ്രയോഗിച്ചു് രാജ്യത്തിന്റെ നന്മയ്ക്കുവേണ്ടി അവർ പ്രവത്തിക്കുന്നില്ലെങ്കിൽ രാജ്യസ്നേഹമുള്ള യാതൊരുത്തനും അവരുടെ ഇവിടത്തെനിലനില്പു് സന്തോഷാവഹമായി വിചാരിക്കാൻ നിവത്തിയില്ല.

രാജ്യമാസകലം സാമ്പത്തികാധഃപതനം മൂലം കുഴങ്ങിയിരിക്കുന്ന ഈ സന്ദർഭത്തിൽ ഗവർമ്മെൻറു് ജനങ്ങളുടെ ഋണമോചനത്തെപ്പററി യാതൊന്നും ചിന്തിച്ചിട്ടില്ല.

Mr. R. Nilakanta Pillai : ദേവധാർ കമ്മിററി ഇതിനെപ്പററി ആലോചിച്ചിട്ടില്ലെ?

Mr. M. N. Narayana Menon : ദേവധാർ കമ്മററി റിപ്പോർട്ട് ഇപ്പോഠം ഗവർമ്മെൻറിലാണല്ലോ. അതുവായിച്ചാൽ അറിയാം. അവർ ആലോചിച്ചിട്ടുണ്ടെന്നാണ് എനിക്കു തോന്നുന്നതു്.

സാമ്പത്തികാധഃപതനത്തോടുകൂടി കഷ്ടകരായ ജനങ്ങഠംക്ക് കടത്തിൽനിന്നും കരകേറാൻ നിവൃത്തിയില്ലാതായിരിക്കുന്നു. ഈ അടുത്ത അവസരത്തിൽ എൻെറ നിയോജകമണ്ഡലത്തിലെ ഏററവും മാന്യനായ ഒരാഠംക്കും വീട്ടുവാൻ നിവൃത്തിയില്ലാഞ്ഞിട്ട് ആത്മഹത്യചെയ്തതായി എനിക്കറിയാം. ഇതുപോലെ എത്ര ആത്മഹത്തികളാണ് രാജ്യത്തുനടക്കുന്നതു്. ഗവർമ്മെൻറിൽനിന്നും ഞങ്ങഠംക്കുതന്ന രാജ്യഭരണറിപ്പോർട്ടിൻെറ ചില ഭാഗം വായിച്ചുനോക്കിയാൽ ധാരാളം കൊലപാതങ്ങളും അതുപോലെയുള്ള മററക്രമങ്ങളും വർദ്ധിച്ചിട്ടുണ്ടെന്നു കാണാവുന്നതാണ്. ൧൦൯ ൽ ൨൯ കൊലപാതകങ്ങഠം നടന്നിരിക്കെ ൧൦൨-ൽ ൧൨൧ ആയിരിക്കുന്നു. കള്ളനാണയകേസുകഠം ൧൩-ൽ നിന്നു ൨൭ ആയി. ക്രിമിനൽ കേസുകഠം ൨൩൦൦൦-ൽ നിന്നും ൩൦,൦൦൦-ൽ ചില്വാനമായി കൂടിയിരിക്കുന്നു. ഇതിലും പരിതാപകരമായ അവസ്ഥ കുററക്കാരായ സ്ത്രീകളുടെ എണ്ണം ൪൨൪-ൽനിന്നു ൧൦ൻ൪ ആയി വർദ്ധിച്ചിരിക്കുന്നു. ഇതിനെല്ലാററിനെയും പ്രധാനമായകാരണങ്ങഠം നാട്ടിൽ ജനങ്ങഠംക്ക് വന്നിട്ടുള്ള ദാരിദ്ര്യവും ക്ഷാമവുമാണെന്നുള്ളതിനു സംശയമില്ല.

ഈ അവസരത്തിൽ ഇൻഡ്യാ സാമ്രാജ്യത്തിലേക്കു നമ്മുടെ കണ്ണോന്നോടിച്ചു് നോക്കാം. കൃഷിക്കാരുടെ കടമോചനത്തിനും സങ്കടപരിഹാരത്തിനുമായി അതാതു ഗവമ്മെൻെറുകഠം മാർഗ്ഗങ്ങഠം ചിന്തിച്ചുകൊണ്ടിരിക്കുകയാണ്. ഇൻഡ്യയുടെ ഏതുഭാഗത്തും കർഷകരുടെ കടബാദ്ധ്യതയ്ക്കു പരിഹാരം ഉണ്ടാക്കാനുള്ള ശ്രമങ്ങഠം ശീഘ്രഗതിയിൽനടക്കുന്നു. North-west Frontier; United Provinces, Central Provinces, Panjab, Bengal, മുതലായ സ്ഥലങ്ങളിൽ Debt Conciliation, ബോർഡുകഠം സ്ഥാപിച്ചു കഴിഞ്ഞിരിക്കുന്നു. അതുപോലെയുള്ള മററുപല ബോർഡുകളും ഓരോ സ്ഥലത്തു് ഏർപ്പെടുത്തിട്ടുണ്ടു്. മദ്രാസിൽ തന്നെ മി. ആർ. ഡി.രാമലിംഗം ചെട്ടിയാർ ഇതിലേക്കു ഹാജരാക്കിയ ബിൽ

സിലക്ററു കമ്മിററിയിലായിരിക്കുന്നു. മൈസൂരിലും അടുത്ത അവസരത്തിൽ കർഷകരുടെ അവശതകളെപ്പററി അന്വേഷിപ്പാനും അവയ്ക്കു പരിഹാരം നിർണ്ണയിയ്ക്കുവാനും ഒരു കമ്മിററിഏൎപ്പെടുത്തി. ഇതിലൊക്കയും സർവപ്രധാനമായ സംഗതി ഭവനഗരത്തിലെ Debt Redumption പദ്ധതിയാണ്.

Mr. Tariatu Kunjitomman : അയൽ രാജ്യമായ കൊച്ചിയിൽ ഈ വിധം ഒരു കമ്മിററി ഏർപ്പെടുത്തി റിപ്പോർട്ടുഗവണ്മെൻറിലേക്കു സമർപ്പിച്ചിരിക്കുന്നതറിയാമോ?

Mr. M. N. Narayana Menon : അറിയാം.

ഭവനഗരിൽ ൧൯൩൦-ൽ ആണ് ഈ പദ്ധതിആരംഭിച്ചത്. ഇക്കഴിഞ്ഞ നാലുവർഷംകൊണ്ടു അതു പരിപൂർണ്ണവിജയത്തെ പ്രാപിച്ചിരിക്കുന്നു. ഈ പദ്ധതി ഏർപ്പെടുത്തുമ്പോൾ അവിടത്തെ ജനങ്ങൾക്കു എൺപത്താറു ലക്ഷം രൂപ കടം ഉണ്ടായിരുന്നു. എന്നാൽ ഗവണ്മെൻറു ഇടപെട്ടു ആയതു ൨൧-ലക്ഷമാക്കുകയും ഗവണ്മെൻറു തന്നെ അതു കടമായി കൊടുത്തു കർഷകരെ മോചിപ്പിക്കയുംചെയ്തു. ഇൻഡ്യയിൽ ഇന്നുസകലരുടേയും സുവിശേഷമായ ശ്രദ്ധയെ ആകർഷിച്ചിരിക്കുന്നതു ഭവനഗരമാകുന്നു. ഇൻഡ്യയിലെ പലപല മഹാന്മാരും അതിനെപ്പററി സൂക്ഷ്മമായി പരിശോധിച്ചു വരുന്നുണ്ടു്. ഭവനഗരം പദ്ധതി ഏറെക്കുറെ ഭേദഗതിയോടുകൂടി ഇവിടെയും സ്വീകരിക്കാവുന്നതാണ്.

റയിൽവേ സിങ്കിംങ്ഫണ്ടിനെപ്പററി പല ആളുകളും ഇവിടെ പ്രസ്താവിക്കുകയുണ്ടായി. ആ ഇനത്തിലുള്ള ന്നൻ ലക്ഷം രൂപയും അങ്ങനെ തന്നെ ഇരിക്കുന്നതു് വളരെ നല്ലതാണെന്നാണ് എൻെറ അഭിപ്രായം. ഈ തുക ഒരു ട്രസ്ററു ജാമ്യബാങ്കുസ്ഥാപിക്കുവാനും അതുവഴി കൃഷിക്കാരുടെ കടത്തിനു പരിഹാരം വരുത്തുവാനും വേണ്ടി ഉപയോഗിക്കേണ്ടതാണ്. ഇപ്പോൾ ഇവിടെയുള്ള ട്രസ്ററുജാമ്യബാങ്ക് അശേഷം മതിയാകുന്നില്ല. ബാംബേയിൽതന്നെ അടുത്തകാലത്തു് ഒരു വലിയ ട്രസ്ററു ജാമ്യബാങ്ക് സ്ഥാപിച്ചു ജനങ്ങളുടെ കടത്തിനു നിവാരണമുണ്ടാക്കുവാൻ ശ്രമിക്കുന്നു. ബംഗാളിലും അങ്ങനെചെയ്യുന്നു. തിരുവിതാംകൂറിലും അതുപോലെ ചെയ്യേണ്ട കാലം വളരെ അതിക്രമിച്ചിരിക്കുന്നു.

ഭവനഗരിലെ സ്കീം ഇവിടെ അതേപടി നടപ്പാക്കാൻ സാധിക്കുകയില്ലെന്നു ഞാൻ സമ്മതിക്കാം. എന്നാൽ അവിടത്തെ സർ പ്രഭാശങ്കർപട്ടാണിയേപ്പോലെ വിശാലഹൃദയത്തോടും ദീർഘദൃഷ്ടിയോടുംകൂ

[Mr. M. N. Narayana Menon.]

ടി പ്രവൎത്തിക്കുന്ന ജരു രാജ്യഭരണതന്ത്രജ്ഞൻ തിരുവിതാംകൂറിലുണ്ടെങ്കിൽ–അതുണ്ടെന്നാണെന്റവിശ്വാസം —ഈ രാജ്യത്തെ കർഷകരെ അവരുടെ കടത്തിൽ നിന്നും മോചിപ്പിക്കുവാൻ സാധിക്കും.

Mr. Komilezhathu Sankaran : അവിടത്തെ ദിവാൻജിക്കു എന്തുശമ്പളമുണ്ട്?

Chairman : You need not answer that question. That question does not arise.

Mr. M. N. Narayana Menon : തിരുവിതാംകൂറിൽ ഇപ്പോഴുണ്ട് അതിനെപ്പററിയ അവസരം. നൂറു രൂപാകൊടുക്കാനുള്ള ഒരുത്തൻ ൫൦ രൂപയോ അതിൽ കുറഞ്ഞ ഒരു തുകയോ പണമായിട്ടൊക്കെ കൊടുത്താൽ അതു് കടക്കാർ വാങ്ങിച്ചുകൊള്ളും. അതുകൊണ്ടു് ഇവിടേയും അതുപോലെയുള്ള ഒരു പദ്ധതി സ്വീകരിച്ചു കടമോചനമുണ്ടാക്കേണ്ടതാണ്.

വിദ്യാഭ്യാസത്തെപ്പററി ഞാൻ പ്രത്യേകം പറഞ്ഞു കൊള്ളാം.

ആരോഗ്യരക്ഷയെപ്പററിപറയുകയാണെങ്കിൽ നിർബന്ധിതവാക്സിനേഷൻ ഇവിടെ നടപ്പാക്കീട്ടുണ്ട്. എന്നാൽ അതുകൊണ്ടു ജനങ്ങൾക്കു വലിയ വിഷമം നേരിടുന്നുണ്ട്. എന്റെ വില്ലേജിൽ തന്നെ നിർബന്ധിതവാക്സിനേഷൻ നടപ്പാക്കുന്നതിനായി ഞാൻ തന്നെ ശ്രമിക്കുകയുണ്ടായി. അവിടെ പലരേയും വാക്സിനേഷൻ ചെയ്തു. എന്നാൽ ആറുമാസംകഴിഞ്ഞിട്ടും വാക്സിനേഷൻമൂലമുണ്ടായ പനിയും പഴുപ്പും ഭേദമായിട്ടില്ല.

Mr. K. Madhavan Pillai : ഏതുസ്ഥലത്താണ് അങ്ങനെയുണ്ടായതു്?

Mr. M. N. Narayana Menon : കുമരകം, ഉളശ മുതലായ സ്ഥലങ്ങളിൽ

അധഃകൃതസംരക്ഷണത്തിനായി പതിനായിരം രൂപാ മാത്രമേ ബഡ്ജററിൽ കൊള്ളിച്ചിട്ടുള്ളു. അയൽ രാജ്യമായ കൊച്ചിയിൽ ഒരു ലക്ഷം രൂപഇതിനുവേണ്ടി കൊള്ളിച്ചിട്ടുണ്ട്. രണ്ടുകൊല്ലമായിട്ടും കുമരകം റോഡിന്റെ മൊത്തം തുക അനുവദിച്ചില്ല. വൈക്കംവെച്ചൂർറോഡു കുമരകവുമായി യോജിപ്പിക്കണമെന്നു ആവശ്യപ്പെട്ടിട്ടു് അതിന്റെ സർവെപോലും നടന്നിട്ടില്ല. Temple Entry Enquiry Committee യെപ്പററിയാണ് ഇനി എനിക്കുപറയുവാനുള്ളതു്. ൨൫,൦൦൦ രൂപചെലവുചെയ്തു് ഗവണ്മെൻറിനു് ഒരു റിപ്പോർട്ടു ലഭിച്ചിട്ടുണ്ടു. എ

ന്നാൽ ആ റിപ്പോർട്ട ആവശ്യപ്പെട്ടാൽ വെറുതെയും വിലയ്ക്കും കിട്ടുന്നതല്ല. ഞാൻ ഇതു തിരക്കി ഹജ്ജൂരാഫീസിൽ ചെന്നപ്പോൾ പ്രസ്സിൽചെന്നാൽ കിട്ടുമെന്നു പറഞ്ഞു. അവിടെ അന്വേഷിച്ചതിൽ വിലയ്ക്കും കിട്ടിയില്ല. ഈ റിപ്പോർട്ട ഈ സഭയിൽ കൊണ്ടുവരാത്തതിന്റെ ഉദ്ദേശം ജനങ്ങളുടെ അഭിപ്രായം റിപ്പോർട്ടിൽ പറഞ്ഞിരിക്കുന്ന അഭിപ്രായത്തിനു വിപരീതമായിരിക്കുമെന്നു കരുതിയായിരിക്കാം. ഗവൺമെൻറ് ഈ റിപ്പോർട്ടിനെപ്പററി വേണ്ടവണ്ണം ആലോചിക്കേണ്ടതാണ്. ഞങ്ങൾക്കു ആ റിപ്പോർട്ടിന്റെ ഓരോപ്രതിയും തരേണ്ടതാകുന്നു.

Mr. Komilezhathu Sankaran : Temple Entry Enquiry Committee റിപ്പോർട്ടിനെ ഗവൺമെൻറ് എന്തു ചെയ്യണമെന്നാണ് മെമ്പർ പറയുന്നതു്?

Mr. M. N. Narayana Menon : ആ റിപ്പോർട്ടുകണ്ടതിനു ശേഷംഞാൻപറയാം.

Mr. Komilezhathu Sankaran : ഗവൺമെൻറ ഇതിനേപ്പററി ആലോചിക്കേണ്ടതാണെന്നു മെമ്പർ പറഞ്ഞുവല്ലോ.എന്തു ചെയ്യണമെന്നാണുപറയുന്നതു്?

Mr. M. N. Narayana Menon : അതു് റിപ്പോർട്ട കണ്ടതിനുശേഷമേ എനിക്കു പറയുവാൻ നിവൃത്തിയുള്ളു. ഇത്രയും രൂപയ്ക്കുപുറമേ ഒരു നൂറു രൂപാകൂടി ചെലവഴിച്ചിരുന്നെങ്കിൽ ഈ റിപ്പോർട്ടിന്റെ പ്രതികൾ ഞങ്ങൾക്കും ലഭിക്കുന്നതിനു തരപ്പെടുമായിരുന്നു. കഴിഞ്ഞവർഷം ഫൈനാൻഷ്യൽ സെക്രിട്ടറിയുടെ പ്രസംഗത്തിൽ കുമരകത്തും ഒരു ഗ്രാമപ്പഞ്ചായത്തു അനുവദിച്ചതായി പ്രസ്താവിച്ചിരുന്നുവെങ്കിലും ഇതുവരയും നടപ്പിൽ വരുത്തിയിട്ടില്ല. കുട്ടനാട്ടിലെ പുഞ്ചകൃഷിക്കാരുടെ ദയനീയസ്ഥിതി ഗവൺമെൻറിന്റെ പ്രത്യേകശ്രദ്ധയിൽ പെടേണ്ടതാകുന്നു.

Mr. Jacob Hassan Sait (*Commerce and Industry, North*): ഗവൺമെൻറ് എടുത്തിട്ടുള്ള ഡിബെഞ്ചർകടം ഫർസ്റ്റ ലക്ഷം രൂപാ ഇപ്പോൾതന്നെ കൊടുത്തുതീക്കുന്നതായാൽ ഗവൺമെൻറിന് അതിന്റെ പലിശ ഇനത്തിൽനിന്നും തന്നെ അടുത്ത ഏഴുകൊല്ലത്തേക്കുംകൂടി ഉദ്ദേശം രണ്ടുലക്ഷംരൂപാ മിച്ചം ഉണ്ടാകുന്നതാണ്. അതുകൊണ്ടു് സ്വദേശസ്നേഹികളായ മുതലുടമസ്ഥന്മാർ അവർക്കു കിട്ടേണ്ടതായ പണം ഉടൻ

[Mr. Jacob Hassan Sait.]

തന്നെ വാങ്ങികൊള്ളും. മേൽപ്രകാരം മിച്ചം ഉണ്ടാകുന്നതു് സാമ്പത്തികാധഃപതനംനിമിത്തം വലയുന്ന കൃഷീവലന്മാർക്കും മററും കുറഞ്ഞ പലിശനിരക്കിനു കടം കൊടുക്കേണ്ടതാണു്.

കേരോല്പന്നങ്ങളുടെ അഭൂതപൂർവമായ വിലക്കുറവുനിമിത്തം കഷ്ടപ്പെടുന്ന കൃഷിക്കാർക്കു് പഞ്ചസാര ഉണ്ടാക്കത്തക്ക ചക്കര തെങ്ങിൻകള്ളിൽനിന്നും ഉണ്ടാക്കാമെന്നും, അതു് ഇപ്പോഴത്തെ തേങ്ങയുടെ വിലക്കുറവിനെ പരിഹരിക്കത്തക്കവണ്ണം ഒരു മാർഗ്ഗമായിത്തീരുകയും ചെയ്യുമെങ്കിൽ ജനങ്ങൾക്കു് ഒരു ഉദ്ധാരണമാർഗ്ഗം ഉണ്ടാകുന്നതാണു്. അതിലേക്കു് ഗവൺമെൻറു് വേണ്ട പ്രോത്സാഹനം നൽകേണ്ടതാണു്.

വീഥികളിലെ ചവറും അമേദ്ധ്യവുംകൊണ്ടു് നല്ല ഒന്നാംതരം വളം ഉണ്ടാക്കാമെന്നു് ബയോക്കെമിസ്റ്റ് മിസ്റ്റർ കെ. ആർ. നാരായണയ്യർ പരീക്ഷിച്ചുതുടങ്ങിയിരിക്കുന്നതിനെ പ്രോത്സാഹിപ്പിക്കുന്നതായാൽ ഈ നാട്ടിൽ ഒരു കൊല്ലം നാല്പത്തിഅഞ്ചുലക്ഷം രൂപയോളം ലാഭമുണ്ടാകുമെന്നു് അദ്ദേഹം പറഞ്ഞിട്ടുള്ളതിൻെറ യഥാർത്ഥം ജനങ്ങളെ ബോദ്ധ്യപ്പെടുത്തേണ്ടതാണു്. ഇങ്ങനെ ഉണ്ടാക്കുന്ന വളങ്ങൾ കൃഷിഡിപ്പാർട്ടുമെൻറു മുഖാന്തിരം വില്പന നടത്തേണ്ടതുമാണു്.

കരക്കുടിശ്ശികക്കു ലേലംചെയ്യുന്നതിനാൽ പലതരത്തിലുള്ള നഷ്ടങ്ങൾ സംഭവിക്കുന്നതാണു്. ലേലത്തിൻെറ പരസ്യം ഗവൺമെൻറു ഗസററിൽ (മൂന്നേക്കറിൽ കുറവാണെങ്കിൽ) പരസ്യപ്പെടുത്തുകയില്ല എന്നു് തീർച്ചപ്പെടുത്തിയിരിക്കുന്നതു് വളരെ സങ്കടംതന്നെയാണു്. വസ്തു ഈടുവാങ്ങി കടംകൊടുത്തിട്ടുള്ളവർ അവരറിയാതെതന്നെ കരക്കുടിശ്ശികക്കു ഈവസ്തുക്കൾ ലേലംചെയ്യുന്നതായി അറിയുന്നു. അതുനിമിത്തം ഉത്തമർണ്ണന്മാർക്കു് വളരെ നഷ്ടവും പ്രയാസവും നേരിടുന്നതാണു്. കൂടാതെ ഗസററിലെ പരസ്യംകൂടി നിൎത്തിയിരിക്കുമ്പോൾ അതു് ഉത്തമർണ്ണന്മാൎക്കു കുറേക്കൂടി നഷ്ടഹേതുവായിത്തീൎന്നിരിക്കയാണു്. അതിനാൽ സാമ്പത്തികാധഃപതനംനിമിത്തം ലേലനടപടികളുടെ നിഷ്കർഷ വളരെ കുറക്കേണ്ടതാണു്. കൂടാതെ പരസ്യങ്ങൾ ഉത്തമർണ്ണന്മാർ അറിയത്തക്കവണ്ണം ചില പ്രത്യേകസ്ഥലങ്ങളിൽ അതായതു് ഓരോ പകുതിയിലും സ്ഥിതിചെയ്യുന്ന പകുതിക്കച്ചേരികളിലും അഞ്ചലാഫീസുകളിലും വോട്ടർലിസ്റ്റ് പരസ്യംചെയ്യുന്നരീതിയിൽ പരസ്യപ്പട്ടിക പതിക്കത്തക്കവണ്ണം ഏർപ്പാടുചെയ്യേണ്ടതാണു്.

തൊഴിലില്ലായ്മക്കു റബ്ബർഫാക്ററി ഏർപ്പെടുത്തുന്നതുകൊണ്ടു് സ്വല്പമായ പരിഹാരമുണ്ടാകുമെന്നിരുന്നാലും കൂടുതൽ വ്യവസായശാല

കൾ ഏർപ്പെടുത്തി തൊഴിലില്ലായ്മക്കു പരിഹാരമുണ്ടാക്കുന്നതു് നമ്മുടെനാട്ടിന്റ അത്യാവശ്യമായ സംഗതിയാണ്. ബോംബയിൽ ഒരു ട്രെയിഡ് ഏജൻറിനെ ഏർപ്പെടുത്തിയിട്ടുള്ളതുകൊണ്ടു ഏതുതരത്തിലുള്ള വ്യവസായം ആദായകരമായിത്തീരുമെന്നു കണ്ടുപിടിക്കേണ്ടതും ആയതു് ഏർപ്പെടുത്തി തൊഴിലില്ലായ്മയെ കഴിയുന്നതും പരിഹരിക്കേണ്ടതുമാണ്. സ്കൂളുകളിലും വ്യവസായങ്ങൾ ഏർപ്പെടുത്തി കുട്ടികളെ പരിശീലിപ്പിക്കേണ്ടതാണ്.

Mr. A. N. Visvanatha Pillai (*Quilon cum Karunagapalli*): സർ, സാമ്പത്തികാധഃപതനം ഇത്ര രൂക്ഷമായിരിക്കുന്ന ഇക്കാലത്തു് ഇപ്രകാരം മിച്ചമുള്ള ഒരു ബഡ്ജറ്റ് അവതരിപ്പിച്ചിരിക്കുന്നതു് ഏററവും അത്ഭുതാവഹമാണ്. കാർഷികോല്പന്നങ്ങളുടെ വിലക്കുറവു ബഡ്ജറ്റ് രൂപീകരിച്ചവരുടെ ശ്രദ്ധയിൽപെട്ടിട്ടില്ലെന്നു പറയേണ്ടിയിരിക്കുന്നു. ഇക്കൊല്ലം മൂന്നുലക്ഷത്തിൽചില്വാനം രൂപ ഭൂനികുതി പിരിഞ്ഞുകിട്ടുമെന്നു ഗവൺമെൻറ ആശിച്ചിരുന്നു. എന്നാൽ അഞ്ചുലക്ഷത്തോളം രൂപ ഗവൺമെൻറ പിരിച്ചെടുത്തിരിക്കുന്നു. ഇതു് ജനങ്ങളുടെ ഐശ്വര്യത്തേയും രാജ്യത്തിൻെറ ഉൽക്കർഷത്തേയുമാണോ കാണിക്കുന്നതു്? അറുപതുശതമാനത്തോളം കാർഷികോല്പന്നങ്ങളുടെ വില കുറഞ്ഞിരിക്കുന്ന ഈ സന്ദർഭത്തിൽ അതിരൂക്ഷമായ കർശനനടപടികൾ നടത്തി കരം ഈടാക്കുന്ന ഗർഹണീയമായ സമ്പ്രദായത്തെ അപലപിക്കാതിരിപ്പാൻ നിവൃത്തിയില്ല. മൂന്നേക്കറിൽ കൂടുതൽ ഇല്ലാത്തസ്ഥലങ്ങൾ കരക്കുടിശ്ശിഖക്കു ലേലംചെയ്യുന്നതിനു ഗസററിൽ പരസ്യംചെയ്യേണ്ട ആവശ്യമില്ലെന്നു തീരുമാനിച്ചിരിക്കുന്നതു് തീരെ ആക്ഷേപാർഹമാണ്. തിരുവിതാംകൂറിലുള്ള അധികം ഭൂമികളും മൂരേക്കർപോലും ഇല്ലാത്ത തുണ്ടുഭൂമികളാണ്. മൂന്നേക്കറോളം വിസ്താരംവരുന്ന ഭൂമികൾ ഇവിടെ വളരെയില്ല. ഭരണച്ചിലവിനു ഗവൺമെൻറ ചെലവാക്കിവരുന്ന വമ്പിച്ചതുകയേപ്പററിയാണ് ഇനി എനിക്കു പറയാനുള്ളതു്.

ഉദ്യോഗസ്ഥന്മാരുടെ ശമ്പളം വളരെ അമിതമാണെന്നു പറയാതിരിക്കാൻ നിവൃത്തിയില്ല. വ്യയന്യൂനീകരണത്തിനു ജനങ്ങൾ മുറവിളികൂട്ടുമ്പോൾ ഗവൺമെൻറാകട്ടെ വലിയ ശമ്പളമുള്ള ഉദ്യോഗസ്ഥൻമാരെ പുറമെനിന്നും ഇറക്കുമതിചെയ്യുന്നു. വലിയശമ്പളങ്ങൾ കുറയ്ക്കുന്നതിനുപകരം പുതിയഉദ്യോഗങ്ങൾസൃഷ്ടിക്കുന്നു. കഴിഞ്ഞകൊല്ലം ഗെയിംവാഡൻ ഉദ്യോഗം സൃഷ്ടിച്ചതിനെപ്പററി ഈ സഭ ആക്ഷേപിച്ചെങ്കിൽ ഈവഷത്തെ ബഡ്ജററ് സ്റ്റേററ ഗസ്റ്റ് ഡയറക്ടസ്സിൻെറ ഉദ്യോഗവുംകൊണ്ടാ

Mr. H. O. L. Marikar (*Minachil* cum *Devicolam*) : Sir, it is very much regrettable to find that there is no reduction in the indirect taxation which affects the people. Nor is there anything being done to impose any direct taxation or indirect taxation to tax the rich. Coming to the railways, we want railways in Travancore. Throughout the world people are moving fast, in some countries people are flying also. And we must move fast to keep with the times. To construct a line in Travancore will cost much more than what it will cost in British India, *i. e.*, in the plains, owing to the geographical conditions. Therefore, we must recognise the fact that to construct a line at that time was impossible for us to venture. So the South Indian Railway Company have constructed the line from Shencotta to Quilon. There was an understanding when starting the Sinking Fund that certain arrangements were to be made by which they are to construct a line and we are to take over the line at our option in 1945 by paying the construction cost. Until then we have guaranteed certain dividends. If the earning goes less we have to make good for the loss. Now in order to take over the railways, we are not to consider whether it is a paying concern or not. We have the Sinking Fund. It amounts to Rs. 70 lakhs. For ten years to come the Sinking Fund will have to be continued. Till then we must make provision by contributing for the Sinking Fund for taking over the railways. But we are not to consider whether it is a paying concern or not. There are village roads and village wells which are not paying concerns. We cannot allow the South Indian Railway Company to take away the line. But we must have it in our hands. Postponement of taking over the railway is not a good policy. The year 1945 was fixed for the Company to surrender their whole right over the railway line. But owing to a change of policy of the British Indian Government they may leave it off with the South Indian Railway Company. So far as Travancore is concerned it is possible to raise a loan or to increase the Sinking Fund for the purpose of taking over the railway and work it profitably. At present it is worked by the S. I. R., and the arrangement as explained by the Chief Secretary to Government was that the collections from Quilon to Tinnevelly were calculated. But there was a diversion of the line from Shenkotta to Virudunagar, and so traffic is diverted through the new cord line and the present income may be less, Moreover, we

[Mr. H. O. L. Marikar.]

have no right to go into the accounts. But once we acquire the railways we will have the right to manage it most economically and see that it works with a profit. The State will be profited indirectly also. Say, for instance the marketing of coconut oil in Madura and Trichinopoly. Now the oil from Malabar is sold there much cheaper than the oil from our country. The railway freight stands in our way, and a reduction of freight would much benefit our producers. If we apply to the S. I. R. for a reduction of the freight they may or may not do that. When the line is taken over by the State it is to the interests of the State to reduce the freight. Just postponing this and utilising the 70 lakhs of rupees for other purposes for the benefit of the State is not a great achievement. Therefore, I do not think that we have to thank anybody for doing this piece of work.

Then, Sir, if the 8 lakhs of rupees that we are giving to the British Government annually can be diverted for the purpose of defending our country, *i. e.*, by enhancing and improving our military it would have been a creditable thing. The fact that our country needs adequate defence is strengthened by the incident which is within our living memory, *viz.*, the bombing exploits of the German cruiser Emden. If this is done, Travancore would be eternally thankful. I do not think that the Government do take the public into their confidence in adopting these changes. In the matter of railways they ought to have let the people know that the Sinking Fund was intended to be diverted for other purposes. They ought to have let us know the details of all the preliminary transactions with the Secretary of State for India or with the South Indian Railway Company. They also adopt a similar attitude to the public with regard to the Cochin Harbour affair. Negotiations are going on and we do not know what exactly is our Government's position. The Government issue a Press Note after everything is complete and after a decision was reached. As an example of this unwholesome practice I shall site an analogy. A vakil who appears in a lower court for a defendent cannot appear in the higher court for the plaintiff in one and the same case. One party who goes to the Secretary of State with certain proposals cannot go to any other authority with a contrary proposal and upset the arrangements that he had once made. It would be better for the Government to consult the opinion of the people of the State also before entering into definite agreements in the matter of the Cochin Harbour or the railways.

Mr. G. Narayana Aiyar (*Kunnatnad* cum *Parur*): The budget presented to this House appears to be a surplus budget and

I congratulate the Financial Secretary. But there are some factors which are very disappointing. At the outset I may say that the Government have not adopted any policy in fixing the items of expenditure. Now the establishment charges which stood at about Rs 62 lakhs in 1095 rose to 91 lakhs in 1106 and it has come up to 97 lakhs in 1109. These figures show that during the course of 13 or 14 years the establishment charges have risen up by 50 per cent. If we go on at this rate increasing expenditure without adopting any policy of fixing some percentage for the expenditure out of the income where we will be at the end of a few years we do not know. New offices are being created year after year, and foreigners are being imported for the same, not on the salaries that we fixed but on the terms that they demand. That this policy is kept up even in the budget this year also is evident from the following circumstances. On page 13 of the Financial Secretary's speech it is said:

> "The absence of teachers whether in departmental or private schools qualified to teach the subject on modern scientific lines is therefore a serious draw-back. To remove this defect arrangements have been made for a course of lectures in Geography being given to the teaching staff by an expert from Madras fully conversant with up-to-date methods of teaching the subject."

I seriously challenge the accuracy of the statement. There are capable men, qualified men serving in the Travancore State who are qualified to teach Geography, men who have taken Diploma in Geography as well as Geography L. Ts, whose claims have been ignored. Government are following the old policy of appointing foreigners for each and every appointment. This is highly objectionable.

Mr. R. M. Statham: May I know, Sir, what appointment the honourable member is referring to?

Mr. G. Narayana Aiyar: It is for delivering a series of lectures in Geography on modern scientific lines. Whether the post is honorary or paying, local talents have to be encouraged.

Then it is admitted in the Financial Secretary's speech that there are no signs of improvement in the economic depression. On page 6 it is stated:

> "The economic depression which has been correctly described as unprecedented alike in its extent, its duration and its intensity, still persists."

Last year the Government allowed a remission of a certain percentage of tax. What was the cause that prevented the Government not to follow that policy of remission this year also? Unless the Government solve the ever growing unemployment problem and the economic depression by sufficient allotments we can expect something more disastrous or an agrarian trouble in the near future.

Sir, we find that cases of defalcation are on the increase. What is it due to? Either it is due to inefficiency of our

[Mr. G. Narayana Aiyar.]

auditing or want of sufficient capable hands. It may not be entirely due to want of sufficient hands. In the audited report of the State Aided Bank of Travancore. Ltd., by Messrs. Fraser & Ross, it is stated that the policy of declaring dividends in the past out of the capital should not be continued and is highly objectionable. They have certified that the position of the Bank is not such as to have a payment of dividends. What does it show? It shows that our audit is not efficient. Competent men should be sent for auditing. The Financial Secretary in his speech says vaguely that he is going to strengthen the inspecting staff. He admits there are 373 institutions excluding Municipalities, the accounts of which have to be audited properly. We do not know what is the sort of improvement that he is going to effect in the audit branch.

I would bring to the notice of the House the difficulties the rich and poor are undergoing, on account of the currency question. Each and every day everybody is losing in his daily transactions by the present state of currency. According to strict calculation a pie is equal to 2 3/8 cash. Our Government have declared that an anna is equal to 1 Ch. and 12 cash. That statement is incorrect. A strict conversion will go to show that one anna is equal to 1 Ch. and 12½ cash. There are no coins for fractions of a cash. Supposing you want to purchase ¼ of an anna stamp from the Post Office, you are legally bound to pay 7 1/8 cash. Since no 1/8 cash is available you are asked to pay 8 cash. In the same way for an half anna stamp, instead of paying 14¼ cash we have to pay 15 cash if not more. The Government have fixed the price of salt as Rs. 2 9 as. 6 ps. and Rs. 2 as. 6 ps. 6 per maund. In purchasing this also the public have to lose something due to our currency. The British Indian one anna nickel coins as well as copper coins are not accepted as legal tender in our treasuries and public offices, and have been declared by Government as uncurrent coin in this State. The money order form that is to be used for sending money to the Cochin State does not find a column for inserting pies. The chelan forms in force for depositing amounts in treasuries do not provide for anna coins or British copper coins. Supposing you have to send fractions of anna also besides rupees and annas as money order to Cochin State you have to pay more for acceptance in the Anchal Offices. In case of deposit of decree amounts which in some cases are in terms of rupees, annas and pies, the very same loss occurs to the public.

Mr. R. Nilakanta Pillai: Are there decrees in Travancore in terms of rupees, annas and pies?

Mr. G. Narayana Aiyar : Yes. There are decrees in terms of rupees, annas and pies in Travancore. Besides that, the foreign decrees we get for execution in our courts from British India and Cochin State always fix the decree amounts and costs in Rs. As. Ps. only.

It is high time that the public are relieved of the daily loss they are put to by maintaining the currency as it is. The public are losing daily for no fault of theirs, but due to the existing currency policy of the Government. In these days of economic depression to give room to any sort of loss to the subjects due to the fault of the Government is highly objectionable.

Chairman : Do you suggest any solution?

Mr. G. Narayana Aiyar : I would suggest that the chuckram be treated as equivalent to half an anna and a chuckram be treated as equivalent to 12 cash. Much of the difficulty in commutation as well as loss can be avoided.

Mr. R. Nilakanta Pillai Sir, I beg to thank the various members for the many valuable suggestions they have made in the course of the general discussion of the budget. One of the important points raised is that Government have not taken satisfactory steps to relieve agricultural indebtedness. I would however point out to the House that it was mainly with this purpose in view that Government started the State Land Mortgage Bank. That institution is slowly but steadily working itself up and it may be reasonably hoped that in the fulness of time something substantial will be done towards the achievement of the desired end. Further agricultural indebtedness is one of the main issues with which the Devadhar Committee is concerned. Mr. Devadhar went to Bhavnagar State and studied the conditions there and it is hoped that his report will suggest some satisfactory solution for the problem of relieving the present agricultural indebtedness. Some of the honourable members on the other side of the House referred to the applicability of the Bhavnagar Scheme in Travancore.

Mr. M. N. Paramesvaran Pillai : May I know whether the Devadhar Committee Report will be placed before this House for discussion?

Mr. R. Nilakanta Pillai : The report will be placed before the House, or copies of the same supplied to the members.

Mr. K. P. Nilakanta Pillai : May I know, Sir, whether the learned member is developing an argument on hypothetical basis that the report may contain some measures to relieve the present agricultural indebtedness?

Mr. R. Nilakanta Pillai : No. But I remember that some of the members did actually refer to Bhavnagar Scheme and its applicability to our State.

Mr. Komilezhathu Sankaran : When a point of order is raised by any member, are we not expected to have a ruling from the Chair ?

Chairman : I do not give a ruling on this but only mention that the Financial Secretary was indulging in an anticipation of the report which has not yet seen the light of day.

Mr. R. Nilakanta Pillai: Sir, to continue what I was saying. Some of the members of the House have referred to the suitability of the Bhavnagar Scheme to the conditions of Travancore. I have made an attempt to study the Bhavnagar Scheme with a view to find out whether it could be made applicable to Travancore conditions. In Bhavnagar there is a rule that courts should not decree a debt which is more than three times the assessment due from the debtor to the State. Suppose a cultivator in Bhavnagar borrowed Rs. 100 from a money lender. If the annual assessment payable by him is Rs. 25, the courts in Bhavnagar would decree the debt only up to Rs. 75. Again in Bhavnagar if a cultivator borrows Rs. 100 for a period of five or six months, the debt automatically becomes Rs. 500 at the end of the period. This is how it works out. I may be permitted to quote a small extract from the 'Capital' which gives a good summary of the Bhavnagar Scheme.

"First, mention may be made of the daily common practice of what is known as the *savaya* system which means that the borrower has to pass a bond for Rs.125 for every Rs.100 borrowed, repayable within four to eight months. Even good and solvent *kheduts* could not obtain credit on any system less expensive than the *savaya* system. But this is not the end of the evil which the *sowcar's* ingenuity sharpened by greed is so fertile in inventing."

Mr. A. N. Visvanatha Pillai: സർ, Point of order ഈ സഭയിൽവച്ച് മെമ്പക്കു ഒരു പേപ്പർ വായിക്കാമോ?

Mr. R. Nilakanta Pillai: This is only an extract just to elaborate my point.

"The money-lender, who is also usually a cotton merchant and a commission agent, generally induces the borrower to deliver a fixed quantity of cotton at the ensuing harvesting season instead of making cash payment. For this purpose, the sum of Rs, 125 is converted into, say 62 maunds of cotton at Rs. 2 per maund. Further, if this quantity is not delivered, it is reconverted into its money

value, not at Rs. 2 per maund, but at the prevailing market price, with a fresh 25 per cent. superadded, Supposing the market price is Rs. 8 per maund, the cultivator would be obliged to execute a fresh bond for Rs. 500, five times the sum lent to him four or eight months previously.

"At times, the *sowcar* would not directly stipulate for repayment of the loan by a fixed quantity of cotton but the bond would include a time clause and the failure to repay on due date would entail liability to deliver the fixed quantity of cotton; it need not be said that this penalty is rigidly enforced. If the stipulated period was exceeded, as it often happened, by a day or two only, the *sowcar* gave no quarter but insisted on realising his pound of flesh".

Mr. M. N. Paramesvaran Pillai: May I know the document which the member is referring to?

Mr. R. Nilakanta Pillai: I am reading from the 'Capital' a well-known financial magazine.

These are the conditions prevailing in Bhavnagar State, These conditions do not exist in Travancore. In Travancore, the cultivators do not pay more than 12 per cent. In several instances the interest charged ranges from 6 to 9 per cent.

Mr. M. N. Paramesvaran Pillai: May I know the author of that article?

Mr. R. Nilakanta Pillai: This is just a summary of the Bhavnagar Scheme by the Editor of the "Capital."

Mr. Komilezhathu Sankaran: May I know whether the member is in possession of any Government publications on Bhavnagar Scheme?

Mr. R. Nilakanta Pillai: No. But this is quite a good summary of the Bhavnagar Scheme.

Mr. K. P. Nilakanta Pillai: May I know whether if the Bhavnagar Scheme is inapplicable to Travancore conditions, it is impossible to think of any other scheme which is applicable to Travancore?

Mr. R. Nilakanta Pillai: That is a question which may be considered after the publication of the Devadhar Committee Report.

In the meantime there is the Land Mortgage Bank relieving agricultural indebtedness to a certain extent.

Mr. Komilezhathu Sankaran: May I know the actual amount distributed to the people from the Land Mortgage Bank till now?

Mr. R. Nilakanta Pillai: About Rs. 5 lakhs. I may also inform the House that no application received in the Land Mortgage Bank has so far been rejected merely on the ground of want of funds, though there may be rejections on account of defects in title, etc.

Mr. K. P. Nilakanta Pillai: May I know whether the Land Mortgage Bank directly helps to relieve the economic depression ?

Mr. R Nilakanta Pillai: Yes. I think so. Most people were paying 12 per cent. interest on their debts. But the State Land Mortgage Bank would be charging only 6½ per cent. interest on the loans issued therefrom. If we calculate the interest at 12 per cent. for a period of 25 years, it might be found that from the interest calculated at 12 per cent. it would be possible to pay both the principal and interest due to the Land Mortgage Bank. In that respect, the Land Mortgage Bank is a relief to the indebted agriculturalists and to that extent there is relief in the present economic depression.

Mr. K. P. Nilakanta Pillai: May I know what is the source from which the capital now available from the Land Mortgage is advanced ?

Mr. R. Nilakanta Pillai: It is from the Government cash balances that money is advanced to the Bank.

Mr. K. P. Nilakanta Pillai: May I know whether the cash balance which is diverted from the surplus funds is produced by the people?

Mr. R. Nilakanta Pillai: The cash balance has nothing to do with the surplus fund. The cash balance is the cash actually.

Sir, as regards the diversion of the Sinking Fund, the reasons for the same have been explained in my speech introducing the budget to the joint sitting of the Assembly and the Council. The expenditure on account of the Pallivasal Hydro Electric Scheme is being met out of the loan funds in the hands of Government and a public loan will be raised when it is found necessary.

Mr. M. N. Paramesvaran Pillai: May I know what is the guaranteed interest that we have to pay?

Mr. R. Nilakanta Pillai: The Capital account of the Shencotta—Quilon section of the railway consists of Debentures raised in England and advances made by the Secretary of State for India. The present rate of interest on the existing debentures is 3 per cent. The advances made by the Secretary of State towards the construction of the line carry a rate of interest of 3½ per cent. while the advances made for the discharge of debentures are charged interest

at $5\frac{1}{2}$ per cent. The working expenses of the line are deducted from the gross receipts and from this net receipts the interest on the Capital invested on the Quilon-Shencotta line is first deducted. If any residue is left, it is paid to this Government towards the interest on the capital invested by us on the Quilon-Trivandrum Extension. But, in case the net receipt is not sufficient to cover the interest on the capital invested on the Shencotta-Quilon section of the railway the deficiency has to be made good by this Government. This deficiency is a varying figure and is found to vary from year to year on the basis of the net receipts.

Mr. M. N. Paramesvaran Pillai: Is it that we are to pay that rate of interest in both years or only when we are called upon to pay interest?

Mr. R. Nilakanta Pillai: If the net receipts after deducting working expenses are not sufficient to cover the interest on the capital account of the Shencotta-Quilon section of the railway, the balance amount alone has to be paid by us.

Sir, a word about the proposed Rubber Factory. Mr. Balakrishnan Tampi stated that the Travancore Government have no power to levy a protective duty under the Interportal Trade Convention. Under the Interportal Trade Convention we have to levy the same import duty as in British India. A rubber article which has already paid an import duty in British India could be sold in Travancore only at cost price plus freight plus import duty and cost of conveyance from British Indian port to Travancore. In that case, any rubber article manufactured in Travancore out of Travancore raw material can have an advantage over the imported article, in that all these incidental charges over and above the cost price of the imported article is saved and to that extent these incidental charges act as a protective duty to the Travancore manufactured article. It is only in that source the words 'protective duty' were used in the Budget Speech.

Mr. K. K. Thomas: What has the Economic Depression Enquiry Committee Report to say in the matter?

Mr. R. Nilakanta Pillai: The report deals mainly with the manufacture of crape soles.

Mr. P. Padmanabhan Tampi: May I know from the member when the price of the imported tyres and locally made tyres is equal, which of them would be preferred by the purchaser?

Mr. R. Nilakanta Pillai: When the prices become equal it is likely that the tyres manufactured locally would be sold at a cheaper price than the imported one.

Mr. M. N. Paramesvaran Pillai : May I know from the member who is going to work out the Rubber Factory, whether it is the Industrial Director?

Mr. R. Nilakanta Pillai : The services of an expert from outside have been secured for the purpose.

Mr. M. N. Paramesvaran Pillai : Are there no experts here in this State ?

Mr. R. Nilakanta Pillai : Government do not think that there are at present in the State experts competent to run the factory satisfactorily.

Mr. M. N. Paramesvaran Pillai : What is the salary fixed for the expert ?

Mr. R. Nilakanta Pillai : No salary has been fixed for him at present.

Mr. M. N. Paramesvaran Pillai : Then, is he going to work gratis ?

Mr. R. Nilakanta Pillai: Certainly not.

Mr. K. P. Nilakanta Pillai May I know whether, if there is sufficient scope for the production of articles from the Rubber Factories, the possibility of finding some markets for marketing these articles outside the State will engage the attention of Government ?

Mr. R. Nilakanta Pillai : The matter will engage the attention of Government, in due time.

Mr. K. P. Nilakanta Pillai : Therefore am I to understand that the question has hitherto not engaged the attention of the Government ?

Mr. R. Nilakanta Pillai : Government consider that these details had best be considered after getting at a definite idea as to the various kinds of articles that could be manufactured at the Rubber Factory.

Mr. K. P. Nilakanta Pillai : In that case may I know whether they have no idea of the articles to be manufactured in the Rubber Factory to be established in Trivandrum ?

Mr. R. Nilakanta Pillai : Articles to be manufactured will generally be in the shape of tyres, tubes, toys, etc.

Mr. M. N. Paramesvaran Pillai : May I know whether after having asked the expert to come if he proposes any special terms with the Government and Government are not prepared to accept his terms and if he runs away ....

Chairman : The Financial Secretary need not answer such hypothetical questions.

Mr. M. N. Paramesvaran Pillai: May I know from which part of the world is this expert got down ?

Mr. R. Nilakanta Pillai: He comes from Belgium.

Mr. M. N. Paramesvaran Pillai: Is it a fact that all the machinery should be got down from Germany ?

Chairman: I can assure Mr. Paramesvaran Pillai that the opinion of the Government will always be elastic.

Mr. Komilezhathu Sankaran: When he says on page (5) of the Budget Speech – "The economic significance of this lies in the possibility of using this pulp to run a paper mill in the vicinity, either at Alwaye or Thattakad," am I to understand that it is an undertaking on the part of Government that the Government will be running a paper mill ?

Mr. R. Nilakanta Pillai: There is no undertaking on the part of Government to run a paper factory.

Mr. Komilezhathu Sankaran: Is there any possibility of running a paper mill.

Mr. R. Nilakanta Pillai: The Budget Speech is clear on the point.

Mr. Komilezhathu Sankaran: Does the Government contemplate now to take up that industry ?

Chairman: Order, Order: Please allow the Financial Secretary to make his reply. The Chair does not want to place any restriction on the rights of reasonable debate if matters are going on smooth. The Chair does not want to see that the Financial Secretary is heckled with questions. To such problematical and hypothetical questions from my friends, the Financial Secretary will not be able to give a well-thoughtout reply. I call to order and ask Mr. Nilakanta Pillai to continue his speech.

Mr. R. Nilakanta Pillai: As regards the question raised by Mr. Sankaran, I would point out to the House that Government have just placed before the members as well as the general public certain facts that have been disclosed to them as a result of the survey of a large area of land lying on either side of the Pallivasal-Neriamangalam road. No further progress has so far been made in the matter. This is how matters stand at present.

Sir, about Mr. K. P. Nilakanta Pillai's remarks that silver coins should be minted to an unlimited extent and circulated so as to increase the prices for raw materials, I have very serious doubts as to whether the suggestion is a sound one. In a small State like Travancore such a step has, I think, to be attempted after very serious deliberation. I do not think we will be right in going in for an increase in the currency as a solution of the problem of the present economic situation.

[Mr. R. Nilakanta Pillai.]

As regards raising the prices of commodities it need hardly be stated that it is an international problem and Travancore by itself can do very little in the matter.

Then, Sir, Mr. Kunjitomman suggested the raising of a loan of one crore of rupees to relieve the agricultural indebtedness. Government are awaiting the publication of the report of the Devadhar Committee on the subject of agricultural indebtedness and it is too early to say whether Government would go in for such a large loan.

Mr. Komilezhathu Sankaran: May I know whether Government entertain any idea to provide any land on behalf of the betterment of the landless people in the State?

Mr. R. Nilakanta Pillai: Some provision has been actually made in the budget for amelioration of the depressed classes.

Mr. Komilezhathu Sankaran: I did not mention about the depressed classes. There are landless people in all communities. I wish to know whether any provision is made for them?

Mr. R. Nilakanta Pillai: Puduval lands are being registered in favour of the landless classes. The Administration Report contains details of the area that has so far been registered.

Mr. Komilezhathu Sankaran: And no provision is made in the form of money?

Mr. R. Nilakanta Pillai: No.

Mr. Komilezhathu Sankaran: Rs. 33 lakhs and odd that is being paid by the landless people by way of duty and income on articles... ......

Mr. R. Nilakanta Pillai: I do not admit the principle underlying that question.

Mr. Komilezhathu Sankaran: If I may be allowed I can give the figures with the permission of the Chair.

Chairman: Yes, provided it is not a lengthy speech.

Mr. Komilezhathu Sankaran: Of course there is the duty on matches which will bring an amount of Rs. 1,50,000 and Salt Rs. 21,17,000, Arrack Rs. 5,95,974, Toddy Rs. 11,06,262, Tree taxes Rs. 3,52,268... ... ...

Chairman: Will you please say what is your point.

Mr. Komilezhathu Sankaran: My point, Sir, is that the landless people have paid in the form of money taxes on various tems.

Mr. R. Nilakanta Pillai: Sir, I do not admit the principle of that question.

Mr. Komilezhathu Sankaran: Do not the landless people pay taxes ?

Mr. R. Nilakanta Pillai: All people are contributing towards the cost of the administration of the State by paying taxes.

Mr. Komilezhathu Sankaran: My point is, Sir, there are 51 lakhs of people in the State of whom 12 lakhs of people are landholders and the tax paid by them, if you just calculate, will come to a certain amount and if we proportionately distribute that among the population, my point is, it will come to Rs. 33 lakhs and odd.

Mr. R. Nilakanta Pillai: I do not admit that it is the landless classes that pay these 33 lakhs of rupees.

Chairman: You have got a socialistic-economic question which you are not bound to answer.

Mr. Tariatu Kunjitomman: പന്ത്രണ്ടുലക്ഷംപേർ ഭൂസ്വത്തുടമസ്ഥരാണെന്നുപറയുന്നതു ഒരു കുടുംബത്തിലുള്ള എല്ലാവരേയും കൂട്ടിച്ചേർത്തിട്ടല്ലയോ ?

Mr. R. Nilakanta Pillai: പന്ത്രണ്ടുലക്ഷമെന്നു കണക്കാക്കിയതു് കോഓപ്പറേറ്റിവ് സൊസൈറ്റിക്കാരാണെന്നു തോന്നുന്നു. ഒരു കുടുംബത്തിൽ ൫ പേർ ഉണ്ടായിരിക്കുമെങ്കിൽ അവരെയെല്ലാം ഉൾപ്പെടുത്താതെ കണക്ക് നോക്കിയാൽ അഞ്ചുലക്ഷംപേർ ഭൂസ്വത്തുടമസ്ഥരായി കണ്ടേക്കാം.

Mr. V. S. Arumukham Pillai: May I know whether he is prepared to offer an explanation for the heavy deficit of 4·91 lakhs in 1109 under the Cochin Harbour receipts and for the anticipated receipts to the extent of 2 lakhs over the actual receipts of the year 1109?

Chairman: The whole question can raise only one specific point. Which do you want to be answered ?

Mr. V. S. Arumukham Pillai: An explanation for the heavy deficit in Cochin Harbour receipts in the year 1109 and an increase in 1110.

Mr. R. Nilakanta Pillai: We actually received only Rs. 9 lakhs and odd in the year 1109. On the other hand we expect to receive 11 lakhs during the next year.

Chairman: The House is now adjourned to meet at 11 A. M. tomorrow.

The Council adjourned at 5-2 P. M.

P. PARAMESVARAN PILLAI
Secretary to the Sri Chitra State Council.

PROCEEDINGS

of

THE TRAVANCORE SRI CHITRA STATE COUNCIL.

(*OFFICIAL REPORT*)

FIRST COUNCIL.

VOLUME III—NUMBER 3.

THIRD SESSION—1109/1934.

Saturday, the 11th August, 1934/27th Karkatakam, 1109.

The Travancore Sri Chitra State Council met again in the Victoria Jubilee Town Hall at Eleven of the clock, the President, Khan Bahadur Sir Muhammad Habibullah Sahib Bahadur, K. C. S. I., K. C. I. E., Kt., LL. D., presiding.

QUESTIONS AND ANSWERS.

Resolutions passed by the Travancore Private School Teachers' Conference at Mavelikara.

16. * **Mr. M. N. Paramesvaran Pillai** (*Municipal Councils*): Will the Government be pleased to state whether they have received copies of the resolutions passed at the Travancore Private School Teachers' Conference held in the Mavelikara B. H. School hall on 13-5-1109; and, if so, what action they have taken on resolutions Nos. 3, 4 and 5?

Mr. R. M. Statham (*Director of Public Instruction*): Yes. The member is referred to G. O. D. Dis. No. 648 of 34/Edn., dated the 30th May 1934, published on page 1158, Part I, of the Government Gazette, dated the 5th June, 1934.

G. P. T. 2159. 350. 3-3-1110.

Printing and selling of books written by subordinates of the Education Department.

17. *Mr. G. Narayana Aiyar (*Kunnatnad* cum *Parur*): Will the Government be pleased to state whether there is an order to the effect that, in respect of text-books written by the subordinates of the Education Department, and either approved or prescribed for use in schools, the author should not retain the copyright and that he should not print or sell such books ?

Mr. R. M. Statham: Yes. The member is referred to Rule 21 of the Text-Book Committee Rules.

Mr. G. Narayana Aiyar: May I know whether the Director of Public Instruction is aware that the Manager of his office, Mr. Sivaswami Aiyar, still holds copyright of one of the text-books prescribed for this year ?

Mr. R. M. Statham: I am not aware.

Mr. G. Narayana Aiyar: Will the Director be pleased to make an enquiry ?

Mr. R. M. Statham: I do not think that the Manager does hold a copyright, but I will gladly make an enquiry.

Observance of the G. O. cancelling New Moon holidays for the Education Department.

18. ***Mr. G. Narayana Aiyar**: Will the Government be pleased to state whether, after their order cancelling New Moon holidays for the Education Department, one New Moon day this year was a holiday for the Director's Office ; and if so, why it was a holiday for that office alone ?

Mr. R. M. Statham: Yes, Friday the 1st of Medam 1109, which happened to be a New Moon day, was allowed to be a holiday for the Office of the Director of Public Instruction on account of Vishu, and that was done at the request of a major portion of the Office staff. The 2nd Medam 1109, which was a public holiday for Vishu, was made a working day for the Office instead.

Mr. G. Narayana Aiyar: Does the Director of Public Instruction know that the Hindus have to perform Sradha on New Moon days ?

Mr. R. M. Statham: Yes, he does.

Mr. G. Narayana Aiyar: May I know whether New Moon days are holidays for the colleges ?

Mr. R. M. Statham : That may be. Colleges are governed by quite a different set of rules.

Mr. G. Narayana Aiyar : May I know from the member whether *Vavoo Orikkal* and *Vavoo* days were treated as holidays by all the Colleges ?

Mr. R. M. Statham : Yes, they were.

Mr. M. N. Paramesvaran Pillai : May I know from the member, under what authority the Director gave leave on the New Moon day, that holiday having been cancelled by Government ?

Mr. R. M. Statham : Under the authority of the powers of the Director of Public Instruction.

Mr. S. Piraviperumal Pillai (*Commerce and Industry, South*) : May I know from the member whether the question that New Moon days were days necessary for the Hindus to perform religious ceremony was considered when the holiday for New Moon was cancelled ?

Mr. R. M. Statham : Yes, certainly.

Mr. S. Piraviperumal Pillai : May I know who considered the question ?

Mr. R. M. Statham : The Director of Public Instruction and the Government.

Mr. S. Piraviperumal Pillai : May I know whether the Government cancelled that holiday on the recommendation of the Director of Public Instruction or on their own accord?

Mr. R. M. Statham : On the recommendation of the Director of Public Instruction.

Mr. S. Piraviperumal Pillai : May I know whether the Director of Public Instruction consulted anybody or considered the question that that holiday, if cancelled, will give great hardship to Hindus ?

Mr. R. M. Statham . The Director of Public Instruction and the Government are of opinion that it could not create hardship to Hindus.

Mr. S. Piraviperumal Pillai : My question is whether he consulted anybody or considered that question when he made that recommendation.

Mr. R. M. Statham : The Director of Public Instruction acted on his experience in other parts of India and other States in India.

Mr. Komilezhathu Sankaran (*Nominated*): May I know from the member whether he is aware of the fact that New Moon holidays are the only holidays in a month for the Hindus?

Mr. R. M. Statham: No. There are other holidays.

Mr. Komilezhathu Sankaran: May I know what are the other holidays for the Hindus?

Mr. R. M. Statham: They vary from month to month.

Mr. K.P. Nilakanta Pillai (*Chirayinkil* cum *Nedumangad*): May I know from the member whether the calculation made for holidays for the Education Department published in the Government Gazette, dated the 27th February 1934, is correct?

Mr. R. M. Statham: Yes, it is correct.

Mr. K. P. Nilakanta Pillai: May I know from the member how 52 Sundays were fixed when Onam, Christmas and Midsummer holidays which number 13, 23 and 47 respectively, as published in the Gazette, include Sundays also?

Mr. R. M. Statham: The member is incorrect. Allowance has been made both for holidays, Sundays and New Moon days in giving the number of days for vacation and other holidays.

Mr. K. P. Nilakanta Pillai: May I know as matters stand now, whether Headmasters of departmental schools and Managers of private schools are free to give holidays for which holidays are not recognised by the order of the Director of Public Instruction and to hold school days on some other days?

Mr. R. M. Statham: That is rather a general question. With regard to New Moon days the position is this. Teachers may be permitted to come an hour late if they so desire, and if they are not satisfied with that, they may take casual leave for that day. If on account of that, a large number of teachers take leave, that day will be a holiday and the school will work on the following Saturday. No hardship is involved in that arrangement.

Mr. K. P. Nilakanta Pillai: May I know whether any sort of uniformity with reference to this is enforced in departmental and private schools if the discretion is vested in the Headmasters or the Managers?

Mr. R. M. Statham: No discretion is vested. The orders of the Director of Public Instruction apply to all schools.

Mr. K. N. Kesavan Namputiripad: (*Jenmies*): I may inform the member that formerly Sunday was a working day. May I know from the member whether he has any objection in making Sunday a working day?

Mr. R. M. Statham: I was not aware that Sunday was a working day formerly. Personally I have no objection to make it a working day.

Mr. S. Piraviperumal Pillai: May I know from the member... ... ...

President: You have already exhausted your chance. Unless it is a very important question, I cannot allow.

Mr. S. Piraviperumal Pillai: With regard to New Moon the Director said that teachers were allowed to take casual leave or late leave for one hour. What about students who have to perform the religious function?

Mr. R. M. Statham: They take leave in the ordinary way.

Rebuilding the Government English Middle School at Perumbavoor.

19. ***Mr. G. Narayana Aiyar**: Will the Government be pleased to state whether it is a fact that a sum of Rs. 10,000 was sanctioned by them for improving and rebuilding the Government English Middle School at Perumbavoor; and, if so, when the amount was sanctioned and why the work was not undertaken?

Mr. R. M. Statham: The answer is in the negative. The latter part of the question does not therefore arise.

Mr. G. Narayana Aiyar: May I know from the member whether he has inspected the present school building at Perumbavoor?

Mr. R. M. Statham: No.

Mr. G. Narayana Aiyar: May I know whether he has not inspected the English High School at Perumbavoour?

Mr. R. M. Statham: I have visited Perumbavoor in my capacity as the Chairman of the Education Reforms Committee, but not as the Director of Public Instruction. So, I have not seen either of the schools.

Mr. G. Narayana Aiyar: May I know what is the distance between the English Middle School and the English High School at Perumbavoor?

Mr. R. M. Statham: I am not quite sure, I think it is one and half miles.

Mr. G. Narayana Aiyar: Will the member be pleased to inspect the school at an early date?

Mr. R. M. Statham: I will, as soon as the Council Session is finished

(The President called Mr. J. John Kattakayam to put his question.)

Mr. J. John Kattakayam (*Muvattupuzha* cum *Todupuzha*): സർ, ഉത്തരം മലയാളത്തിൽ പറഞ്ഞാൽ കൊള്ളാം.

President: The proceedings are in English and so the Government member will read the answer in English.

Mr. M. N. Paramesvaran Pillai: Sir, a point of order. For members who do not know English, is it not necessary to give them an interpreter if the official members are going to answer in English?

President: It is nowhere so laid down.

Mr. J. John Kattakayam: ഞാൻ ചോദ്യം പിൻവലിച്ചിരിക്കുന്നു.

President: That is left to him. So all questions are withdrawn?

Mr. J. John Kattakayam: മലയാളത്തിൽ ഉത്തരംകിട്ടാത്ത ചോദ്യങ്ങളെ എല്ലാം ഞാൻ പിൻവലിച്ചിരിക്കുന്നു.

President: It is nowhere laid down in the Rules. You can ask for an amendment of the Rules. The President allows to talk in Malayalam if he thinks fit. In the Rules there is no provision that the Government member should answer in Malayalam.

Mr. S. Piraviperumal Pillai: If the member so desires can he not keep an interpreter by his side?

President: Well, there is not the least objection.

Construction of a channel on the western side of the Kottukal Ela.

20. *Mr. N. K. Padmanabha Pillai (*Neyyattinkara* cum *Nedumangad*): Will the Government be pleased to state whether the estimate for the construction of a channel on the western side of the Kottukal Ela, Neyyattinkara, has been prepared and, if so, when?

Mr. G. B. E. Truscott (*Chief Enigneer*): It is under preparation.

Mr. N. K. Padmanabha Pillai: May I know whether the estimate has been sanctioned?

Mr. G. B. E. Truscott: It has not been sanctioned. It is under preparation.

Mr. N. K. Padmanabha Pillai: What is the delay in the preparation of the estimate?

Mr. G. B. E. Truscott: There is not any delay.

Mr. N. K. Padmanabha Pillai: May I know from the member whether representations from the public and the members of the Legislative Council and Assembly have not been repeatedly made that this is an urgent work and that unless it is done immediately no useful purpose will be served by that?

Mr. G. B. E. Truscott: The member must understand that the Irrigation Division was formed purposely for this sort of work and estimates are being prepared by the Irrigation Division and they will be submitted in due course.

Mr. N. K. Padmanabha Pillai: May I know when the eastern side of the channel was opened and the cost of it?

Mr G. B. E. Truscott: I claim notice.

Mr. N. K. Padmanabha Pillai: May I know whether the Government or the Chief Engineer have enquired into the complaints by the people that the western side would be useless for cultivation for want of a channel?

Mr. G. B. E. Truscott: I am afraid that that supplementary question has nothing to do with the question on the paper.

Mr. M. N. Paramesvaran Pillai: May I know whether any provision is being made in the departmental budget for that purpose for the next year?

Mr. G. B. E. Truscott: If you refer to the Financial Secretary's budget speech you will find that Rs. 5 lakhs have been provided to form an Irrigation Reserve Fund.

Mr. M. N. Paramesvaran Pillai: May I know whether any provision has been made for this particular work?

Mr. G. B. E. Truscott: No.

Irrigation works in certain pakuthies of Nedumangad taluk.

21. ***Mr. N. K. Padmanabha Pillai**: Will the Government be pleased to state:

(*a*) the amount sanctioned; and

(*b*) the amount spent on irrigation works in the pakuthies of Perumkulam, Veeranakavu, Ozhamalakal, Kulattummel, Vellanad and Mannurkara of Nedumangad during each of the years 1107, 1108 and 1109 (up to 19-11-1109)?

Mr. G. B. E. Truscott: (*a*) The amounts sanctioned for the works in the Kulattummel pakuthi where alone irrigation work was carried out in the years are:—

[Mr. G. B. E. Truscott.]

		Rs.	Chs.	C.
1107	...	1,580	0	0
1108	...	200	0	0
1109	...	100	0	0
(b) The amounts spent are :—				
1107	...	639	0	0
1108	...	391	0	0
1109	...	8	0	0

Widening of the Vavanjalikulam Road in Trivandrum.

22. ***Mr. K. P. Nilakanta Pillai** : Will the Government be pleased to state :

(a) whether the Chief Engineer has received an estimate for the widening of the Vavanjalikulam Road (road running from the southern gate of the Huzur Secretariat to the Railway Station Road) in Trivandrum town ; and

(b) if the answer to part (a) is in the affirmative, what action has been taken on the matter ?

Mr. G. B. E. Truscott : (a) Yes.

(b) The estimate has been sanctioned.

Mr. M. N. Paramesvaran Pillai: May I know when the work will be undertaken ?

Mr. G. B. E. Truscott : When funds are available.

Mr. M. N. Paramesvaran Pillai: May I know when the Chief Engineer expects funds for the purpose ?

Mr. G. B. E. Truscott : That is not a question that should be asked of me.

Mr. M. N. Paramesvaran Pillai : May I know whether this work would be taken up next year or a few years hence ?

Mr. G. B. E. Truscott : That is a hypothetical question.

(The President called Mr. M. N. Paramesvaran Pillai to put his question).

Mr. M. N. Paramesvaran Pillai : In view of the statement made by the Financial Secretary in his budget speech at page 11 to the effect that the post of Vice-Principal of the Training College has been abolished once for all, I do not propose to put my question† on that subject.

Appointment of a Vice Principal for the Training College.

†MR M. N. PARAMESVARAN PILLAI : Will the Government be pleased to state whether they have received any recommendation from the Director of Public Instruction for the appointment of a Vice-Principal for the Training College ; whether there was not a Vice-Principal before ; when the place was abolished and why ; and what are the new grounds on which the present recommendation is made ?

President: Before we leave this item of Questions and Answers, I think I have to make one observation in regard to what Mr. John Kattakayam has done this morning. He asked that the answer given by the Government member to his questions must be in the Malayalam language, perhaps, to enable him to understand the answers and then put supplementary questions. Had I not been presiding over this House during the last session and had I not been observing the number of supplementary questions which Mr. John Kattakayam has been asking even for replies given him in the English language, I should have certainly allowed the answers to be interpreted to him in the Malayalam language. But, my observations have left no other impression in my mind than that Mr. John Kattakayam *can* follow English, but, perhaps, cannot make himself understood in the English language. Therefore it was that the request he made this morning appeared to me to be novel and hence I overruled it.

Mr. J. John Kattakayam: ഞാൻ ഇതിനുമുമ്പു ചോദിച്ചിട്ടുള്ളതെല്ലാം മലയാളത്തിൽ ആയിരുന്നു. അവയ്ക്കു മലയാളത്തിൽതന്നെ മറുപടിയും തന്നിരുന്നു. ഇതിനുമുമ്പു ചോദിച്ചിട്ടുള്ള ചോദ്യങ്ങൾക്കു് ഇംഗ്ലീഷിൽ മറുപടി പറഞ്ഞിട്ടുള്ളതുകൊണ്ടു് ഇപ്പോഴും ആ വിധത്തിലെ പാടുള്ളു എന്നു പ്രസിഡൻറു് പറയാനിടയായതിൽ ഞാൻ വ്യസനിക്കുന്നു. പക്ഷെ അങ്ങനെയല്ല ഇവിടെ ഇതിനുമുമ്പു നടന്നിട്ടുള്ളതു്.

President: I have only to refer the member to the answers given him in the English language, answers which were immediately followed by his supplementary questions.

Mr. Kayalam Paramesvaran Pillai (*Additional Head Sirkar Vakil*): The fact that the member has now made his statement in reply to the observation from the Chair shows that he *has been* able to follow the President's observations in English.

Mr. M. N. Paramesvaran Pillai: I may say, Sir, that Mr. John Kattakayam had instructions from Dr. Madhavan Pillai in regard to the President's observations.

President: He can have such assistance in regard to the answers also.

Mr. J. John Kattakayam: ഞാൻ പ്രതിനിധീകരിക്കുന്ന നിയോജകമണ്ഡലത്തെ അനേകകാലം പ്രതിനിധീകരിച്ച ആളാണു് എന്റെ പുറകിൽ ഇരിക്കുന്ന മി. കുഞ്ഞിത്തൊമ്മൻ. അദ്ദേഹത്തിനും എനിക്കും ഇംഗ്ലീഷ്ട്ടുംതന്നെ അറിഞ്ഞുകൂടാ. ഞങ്ങൾ മാതൃഭാഷയായ മല

[Mr. J. John Kattakayam.]

President : If it is the wish of the House that, for the sake of one member, answers must be given in Malayalam also, personally I have no objection. I want to give equal opportunities to all members. I do not want to shut out any member from asking supplementary questions.

Mr. Kayalam Paramesvaran Pillai : What will the European members do, Sir ?

President : They will have to get the Malayalam translated into English, in their turn.

Mr. M. N. Paramesvaran Pillai : The member may be permitted to speak in Malayalam.

President : That, he has always been doing.

Mr. M. N. Paramesvaran Pillai : Official members answering his questions may be allowed to give the answers in Malayalam. That has been the practice hitherto.

President : The rules must, certainly, be made clear in order that that may be done.

Can you follow Malayalam, Mr. Menon ?

Mr. K. P. Padmanabha Menon *(Electrical Engineer to Government)* : Yes, Sir.

President : Then, go on in Malayalam. The President will sit with hands folded.

Tender for "cutting and covering up" called for by the Electrical Department.

23. ***Mr. J. John Kattakayam :** Will the Government be pleased to state :

(*c*) the name of the contractor whose tender was accepted;

(*d*) whose tender was the lowest; and

(*e*) whether any tender at a lower rate had been offered by any Travancorean?

Mr. K. P. Padmanabha Menon: (*a*) Yes, by the Electrical Engineer to Government.

(*b*) Rs. 56,000 as per original alignment, but reduced to Rs. 21,500 as per final alignment adopted;

(*c*) Messrs. Moylan & Co.

(*d*) Messrs. Moylan & Co.

(*e*) No.

(The answer was read in Malayalam.)

Mr. J. John Kattakayam: രണ്ടാമതു ൨൧,൦൦൦ രൂപായായി കുറയ്ക്കാൻ കാരണമെന്താണ്?

Mr. K. P. Padmanabha Menon: ടണ്ണലിന്റെ നീളം ആദ്യത്തേതിൽനിന്നും കുറച്ചതുകൊണ്ടാണ് ആ തുകയും കുറയാൻ ഇടയായിട്ടുള്ളത്.

Mr. J. John Kattakayam: കുറഞ്ഞ തുകക്ക ടെൻഡർ എടുക്കാൻ തിരുവിതാംകൂർകാരായി ആരെങ്കിലും വന്നിട്ടുണ്ടായിരുന്നുവൊ?

Mr. K. P. Padmanabha Menon: കുറഞ്ഞതുകക്കു ടെൻഡർ എടുക്കാൻ തിരുവിതാംകൂർകാർആയി ചിലർ ഉണ്ടായിരുന്നു. എന്നാൽ ഏറ്റവും കുറഞ്ഞ തുകക്ക ടെൻഡർ എടുക്കാൻ നാട്ടുകാരിൽ ആരും ഉണ്ടായിരുന്നില്ല.

Mr. J. John Kattakayam: ഏറ്റവും കുറഞ്ഞതുക എത്രയാണെന്നു പറയാമൊ?

Mr. K. P. Padmanabha Menon: തിരുവിതാംകൂർകാരിൽനിന്നും വന്നവരുടെ കുറഞ്ഞ തുക ൮൪൮ രൂപ ആയിരുന്നു. എന്നാൽ ഇപ്പോഴും കാൺട്രാക്ട് കൊടുത്തിരിക്കുന്നതു ൭൦ രൂപാ ൨൦ ചക്രത്തിനാണ്.

Mr. J. John Kattakayam: വെളിയിലുള്ളവർ ആരെങ്കിലും ഇതിന് ആവശ്യപ്പെട്ടിട്ടുണ്ടായിരുന്നുവോ?

Mr. K. P. Padmanabha Menon: ഉണ്ടായിരുന്നു.

Mr. J. John Kattakayam: അവർ നിശ്ചയിച്ച തുക എത്രയാണ്?

Mr. K. P. Padmanabha Menon: അതു് ഇപ്പോൾ ഓർമ്മയില്ല.

President: I cannot follow. Have you finished? It must be an embarrassment to some one or other.

Amount sanctioned for the completion of the tunnel at Pallivasal.

24. ***Mr. J. John Kattakayam**: Will the Government be pleased to state:

(*a*) the exact amount sanctioned for the completion of the work under the item "cutting and covering up" of the tunnel;

(*b*) the balance that will be left under this item after the completion of the work;

(*c*) the reasons, if any, that may necessitate the lengthening of the longer tunnel;

(*d*) the rate payable for each additional foot;

(*e*) the rate sanctioned for 1,000 cubic feet in respect of the work "cutting and covering up"?

Mr. K. P. Padmanabha Menon: (*a*) Rs. 56,000.

(*b*) Rs. 34,500.

(*c*) No lengthening of the tunnel will be necessary.

(*d*) Does not arise in view of the answer to (*c*).

(*e*) Rate sanctioned is not per 1,000 cubic feet but per foot length.

(The answer was read in Malayalam.)

Mr. J. John Kattakayam: തുരങ്കത്തിന്റെ നീളം കൂട്ടാൻ ഉള്ള പ്രത്യേകകാരണം എന്താണ്?

Mr. K. P. Padmanabha Menon: നീളം കൂട്ടി എന്നു പറഞ്ഞില്ല.

Mr. J. John Kattakayam: നീളംകുറയ്ക്കണമെന്നു വിചാരിക്കുന്നുണ്ടോ?

Mr. K. P. Padmanabha Menon: നീളം ഇപ്പോൾ കുറച്ചാണു വെച്ചിരിക്കുന്നതു്.

Mr. J. John Kattakayam: ആദ്യം നിർദ്ദേശിച്ചിട്ടുള്ള നീളത്തെക്കാൾ ഇപ്പോൾ കുറവായിട്ടല്ലേ ഇരിക്കുന്നതു്?

Mr. K. P. Padmanabha Menon: ആദ്യംനടത്തിയസർവ്വെ പ്രകാരം നീളം കുറെ കുറവു ചെയ്യേണ്ടതായിട്ടാണു വന്നുചേർന്നതു. അങ്ങനെ കുറവുചെയ്തശേഷം അതിൽപിന്നീടു യാതൊരു വ്യത്യാസവും വരുത്തിയിട്ടില്ല.

Contract for the tunnel at Pallivasal.

25. ***Mr. J. John Kattakayam**: Will the Government be pleased to state:

(*a*) the rate per foot at which the tunnel was given on contract to the contractors;

(*b*) the special reasons which induced them to accept the tender of the present contractors, which was far higher than the lowest tender; and

(*c*) the loss sustained by Government thereby?

Mr. K. P. Padmanabha Menon: (*a*) Bh. Rs. 64-0-0 per running foot.

(*b*) The lowest tenderer had no previous experience in this class of work.

(*c*) No loss has been sustained by Government.

(The answer was read in malayalam.)

Mr. J. Jonn Kattakayam: ഈവക ജോലികൾക്ക് അവക്കു പരിചയമില്ലെങ്കിൽ അവരെക്കൊണ്ടു ഡെമണി കെട്ടിവപ്പിക്കുന്നില്ലേ?

Mr. K. P. Padmanabha Menon: അവർ ഡെമണി വയ്ക്കുന്നതുകൊണ്ടു ഗവണ്മെൻറിനു പ്രയോജനമൊന്നുമില്ല.

Mr. J. John Kattakayam: അവർ ജോലി നടത്തിയില്ലെങ്കിൽ ഡെമണിയിൽനിന്നും ആ നഷ്ടം പരിഹരിക്കാൻ സാധിക്കുകയില്ലേ?

Mr. K. P. Padmanabha Menon: ഡെമണി വയ്പിക്കുന്നുഎങ്കിൽ അതു ൪൦,൦൦൦ രൂപായെ വരികയുള്ളു. എന്നാൽ അവർ ചെയ്തുതീർക്കേണ്ട ജോലി ൯ ലക്ഷം രൂപായ്ക്കുള്ളതാണ്.

Mr. J. John Kattakayam: ജോലി തീരുന്നതിന് ആവശ്യമുള്ള സംഖ്യയുടെ ഇരട്ടി സംഖ്യ സെക്യൂറിട്ടി വയ്പിക്കുന്ന പതിവില്ലേ?

Mr. K. P. Padmanabha Menon: സെക്യൂറിട്ടിവയ്ക്കുന്നതു ൬ ശതമാനമാണ്.

Mr. J. John Kattakayam: ജോലിമുടക്കിയാൽ ആ തുകയെങ്കിലും അയാൾക്കു നഷ്ടം വരികയില്ലേ?

Mr. K. P. Padmanabha Menon: അങ്ങിനെ ഒരു തുക നഷ്ടപ്പെടുത്തിയതുകൊണ്ടു ഗവണ്മെൻറിനു യാതൊരു പ്രയോജനവുമില്ല.

Mr. J. John Kattakayam: ആ മനുഷ്യൻ അപ്രാപ്തനാണെന്നു മെമ്പർക്കു ബോധ്യമുണ്ടോ?

Mr. K. P. Padmanabha Menon: പ്രാപ്തനല്ലെന്ന് എനിക്കു നല്ല ബോധ്യമുണ്ട്.

Engagement of native coolies for work.

27. ***Mr. J. John Kattakayam**: Will the Government be pleased to state:

(*c*) the number of native coolies engaged in the work?

Mr. K. P. Padmanabha Menon: (*a*) Yes.

(*b*) Yes.

(*c*) 186.

(The answer was read in Malayalam.)

Mr. J. John Kattakayam: തിരുവിതാംകൂറുകാരായ ജോലിക്കാരെ ഏർപ്പെടുത്തണം എന്ന് ഉടമ്പടിയിൽ വല്ല വ്യവസ്ഥയും ഉള്ളതായി അറിയാമോ?

Mr. K. P. Padmanabha Menon: അങ്ങനെ ഉണ്ടെന്നാണു മറുപടി പറഞ്ഞിട്ടുള്ളതു്.

Mr. J. John Kattakayam: ഉടമ്പടിയിലെ വ്യവസ്ഥ എന്താണെന്നു പറയാമോ?

Mr. K. P. Padmanabha Menon: കഴിവുള്ളടത്തോളം പ്രാപ്തിയുള്ള തിരുവിതാംകൂറുകാരെ നിയമിച്ചുകൊള്ളണം എന്നാണ്.

Mr. J. John Kattakayam: ആ രീതിയിൽ തന്നെയാണോ ഇപ്പോൾ പ്രവൎത്തനം നടത്തിവരുന്നതു്?

Mr. K. P. Padmanabha Menon: അതെ.

Mr. J. John Kattakayam: ഇവിടെ ഉള്ള മെക്കാനിക്കൽ ഫിറേറഴ്സ് എന്നീ ഉദ്യോഗങ്ങൾക്കു പുറത്തുനിന്നും ഭീമമായ സംഖ്യ ശമ്പളംകൊടുത്തു് ഇറക്കുമതി ചെയ്തുവരുന്നതായി അറിയാമോ?

Mr. K. P. Padmanabha Menon: അറിഞ്ഞുകൂടാ.

Mr. J. John Kattakayam: സൎവ്വേയേഴ്സായി പുറമേനിന്നും ആൾ എടുത്തിട്ടുണ്ടോ?

Mr. K. P. Padmanabha Menon: ഉണ്ടു്.

Mr. J. John Kattakayam: അവക്കു് എന്താണു ശമ്പളം?

Mr. K. P. Padmanabha Menon: ൨൦൦ രൂപായാണ്.

Mr. J. John Kattakayam: നാട്ടുകാരായ സൎവ്വേയേഴ്സിനു കൊടുക്കുന്ന ശമ്പളം എത്രയാണ്?

Mr. K. P. Padmanabha Menon: നാട്ടുകാരായി ആരെങ്കിലും ടണ്ണൽ സൎവ്വേ ജോലി നടത്തിയിട്ടുള്ളതായി അറിഞ്ഞുകൂടാ. നാട്ടുകാരായിട്ടുള്ള സാധാരണ സൎവ്വേയറമാൎക്കു് ൫൦ മുതൽ ൭൦ രൂപാവരെ ശമ്പളം കൊടുത്തിട്ടുണ്ടു്.

Mr. K. P. Padmanabha Menon: താഴ്ന്നതരം ജോലി എന്നു പറഞ്ഞതു് എന്താണെന്നു മനസ്സിലായില്ല.

Mr. J. John Kattakayam: മണ്ണെടുക്കുക മുതലായ ജോലികളെപ്പററിയാണു ഞാൻ ചോദിക്കുന്നതു്.

Mr. K. P. Padmanabha Menon: ആ തരത്തിലുള്ള തിരുവിതാംകൂറുകാരായ ജോലിക്കാർ ൧൮൭ പേരുണ്ടു്. ടണ്ണൽജോലിയിൽ

[Mr. K, P. Padmanabha Menon.]

൩൪ പേരുണ്ടായിരുന്നു. നാട്ടുകാരായ ജോലിക്കാർവരുമ്പോൾ പുറമെനിന്നും എടുത്തിട്ടുള്ള ജോലിക്കാരെ പിരിച്ചുവിടുന്നുണ്ട്. ആദ്യകാലം നാട്ടുകാരായ ജോലിക്കാർ ആരുംതന്നെ ഉണ്ടായിരുന്നില്ല. ഇപ്പോൾ ൨൯൭ പേരുണ്ട്.

Mr. J. John Kattakayam: ഇപ്പോൾ ആകെ എത്രപേർ കൂലിക്കാരായി ഉണ്ട്?

Mr. K. P. Padmanabha Menon: ൪൫൦ പേരുണ്ട്.

Mr. J. John Kattakayam: ഈ ൪൫൦ പേരിൽ ൨൦൭ പേർ മാത്രമേ തിരുവിതാംകൂറുകാരായി ഉള്ളോ?

Mr. K. P. Padmanabha Menon: ൨൦൭ എന്നല്ല ഞാൻ പറഞ്ഞതു്. ൨൯൭ പേർ എന്നാണ്.

Mr. J. John Kattakayam; നെടുമങ്ങാട്ട്, വക്കം, മുതലായ സ്ഥലങ്ങളിൽ ടണ്ണൽജോലിക്കു പരിചയമുള്ള ആളുകൾ ധാരാളമായി ഉണ്ടെന്നുള്ള വിവരം മെമ്പർക്കറിയാമോ?

Mr. K. P. Padmanabha Menon: അങ്ങനെ ഉള്ള ആളുകളും അവിടെ ജോലിക്കുവന്നിട്ടുണ്ട്.

Mr. J. John Kattakayam: ഇനിമേലെങ്കിലും ഇത്തരം ജോലികൾക്കു വിദേശികളെ ഇറക്കുമതിചെയ്യാതെ തിരുവിതാംകൂറുകാരെത്തന്നെ എടുക്കുന്നതിനു മെമ്പർ ശ്രമിക്കുമോ?

Mr. K. P. Padmanabha Menon: ഇപ്പോൾ അങ്ങനെ തന്നെ ചെയ്തുവരുന്നതു്.

Mr. J. John Kattakayam: ഇപ്പോൾ അങ്ങനെ ചെയ്തുവരുന്നില്ല എന്നു മനസ്സിലാക്കിയതുകൊണ്ടാണു, മേലാലെങ്കിലും അങ്ങനെ ചെയ്യുമോ എന്നു ഞാൻ ചോദിക്കുന്നതു്.

Mr. K. P. Padmanabha Menon: ഇപ്പോഴും ചെയ്യുന്നതുപോലെ മേലാലും ചെയ്യുന്നതാണ്.

Mr. J. John Kattakayam: അതു തൃപ്തികരമായ ഉത്തരമല്ല.

Mr. J. John Kattakayam : മെയിൻടണ്ണലിന്റെ നീളം ഇത്ര അടിയാണെന്ന് കൺട്രാക്ട് കൊടുത്ത കാലത്ത് നിശ്ചയിച്ചിട്ടുണ്ടായിരുന്നോ?

Mr. K. P. Padmanabha menon : ഉദ്ദേശം പതിനായിരം അടിയാണെന്നു നിശ്ചയിച്ചിട്ടുണ്ടായിരുന്നു.

Mr. J. John Kattakayam : പതിനായിരത്തി ഇരുനൂറടി എന്നല്ലേ ആദ്യം നിശ്ചയിച്ചത്?

Mr. K. P. Padmanabha Menon : അല്ല.

Mr. J. John Kattakayam : ടണ്ണൽ ഓപ്പൺചെയ്ത അവസരത്തിൽ ഉണ്ടായ ഒരു പ്രസംഗമദ്ധ്യേ ടണ്ണലിന്റെ നീളം പതിനായിരത്തി ഇരുനൂറടിയാണെന്നു പ്രസ്താവിച്ചിട്ടുള്ളതായി അറിയാമോ?

Mr. K. P. Padmanabha Menon : അങ്ങനെ പ്രസ്താവിച്ചിരിക്കാം,

ELECTION OF MEMBERS TO THE STANDING FINANCE COMMITTEE AND THE PUBLIC ACCOUNTS COMMITTEE.

President : The House is aware that the non-official members have a right to elect one of themselves to the Public Accounts Committee and another member to the Standing Finance Committee,

[President.]

President has to fix the date of such election and the method of the election. I think it will meet the convenience of the House if I fix Wednesday next, the 15th instant, for the purpose of election. The election will take place immediately after the business of the House is over and it will be presided over by Mr. Balakrishnan Tampi, one of the two on the Panel of Chairmen.

VOTING OF DEMANDS FOR GRANTS.

DEMAND I—EDUCATION.

Mr. R. M. Statham : Sir, I move for a grant not exceeding Rs. 46,04,579 under Demand I—Education.

Mr. Kochikal P. Balakrishnan Tampi : (*Mavelikara and Kartikapalli cum Kunnattur*) : Sir, I move that the total allotment of Rs. 46,04,579 under Education be omitted. In doing so, I want to draw the attention of Government to some of the unwholesome features of the present educational policy of the State. Last year, while the non-official members were offering criticisms on the existing educational system, Government hushed them all to silence by the fact that Mr. Statham and his committee were hard at work and the Government promised that, as soon as the Committee's report was submitted to them, necessary action would be taken on it. But, I am afraid that the Government have not implemented their promises given during the last Budget Session. The Educational Reforms Committee have submitted their report and there has been a discussion on the floor of this House. The Educational Advisory Board also has been formed in pursuance of the recommendations in the report. But I am sorry to point out that education is even now stagnating in the State, without any definite policy or aim. It is true that the report contains many valuable suggestions but I am afraid they are all put under the refrigerator. The salutory reforms, many of them, recommended in the report, which have been accepted by the Government of India, as will be seen in their last quinquennial report, especially as regards wastage and stagnation, are not heeded by the present Government.

I am also sorry to point out that the Government are not paying any great attention to elementary education. While colleges and high schools are attended to, the lot of the elementary schools, both of the teachers and of the boys and girls, is not heeded by the Government. More than 50per cent. of our children are in private schools and the rest are in Government schools. The school buildings and the furniture of these schools are not worthy of any modern civilised state,

The civilisation or the culture of this State will be judged more by the condition of our schools than by the condition of our roads or hotel arrangements. Within a stone's throw of this House, Sir, elementary schools there are, in which children are grovelling in dust, where even the teachers have not any furniture worth speaking about. It is the duty of Government to provide the necessary funds for furnishing these schools and for re-building school houses wherever they are found to be necessary.

I also want to draw the attention of Government to the sad condition of teachers in private schools. As I mentioned earlier, most of the boys and girls under instruction are in private schools and, as such, it is the duty of the State to see that the conditions of service of the teachers in aided schools are made easier and better. As far as the security of tenure is concerned, as far as the revised rules for privilege and extraordinary leave are concerned, the lot of the teacher in the private schools is anything but desirable; and I trust that Government would see that the conditions of service of the teachers in private schools are made easier and more secure.

I now come to the most important aspect. Even the report of the Education Department for the last year will show that there is considerable decrease in the number of boys and girls under instruction in English schools. That will certainly show, and the Director of Public Instruction himself has opined, that it is owing to the financial depression. Therefore I draw the attention of Government to the necessity of granting some reduction in the matter of fee till the depression is over. I do not want to speak at length regarding the necessity. It is so self-evident and I merely want to draw the attention of Government to it and to request the Government to be gracious enough to announce a reasonable reduction in college and school fees this year.

Mr. K. P. Nilakanta Pillai: I second the motion. To offer a general criticism of the policy of the Education Department at the present moment seems to be quite inopportune, because the present Director himself has evaded that question in his report when he says that he was not practically in management of the department during the year 1108. So, that will wait. Yet, Sir, with reference to the report, it is quite fresh in our memory that the report of the Education Reforms Committee was discussed in this House only during the year 1109. The report and the order passed by Government on the report of the Education Department for the year 1108 show that the report of the committee was exhaustively criticised in this House. I do not know how that crept into the report for 1108. Secondly, Sir, it says that an Advisory Board was constituted so as to provide adequate representation to

[Mr. K. P. Nilakanta Pillai.]

the elected elements of the Legislature. I question that statement again. We do not at all approve of the constitution of that Advisory Board or the way in which the members were chosen to serve in that Advisory Board. I do not know from whose point of view the Advisory Board was representative and is working satisfactorily. It is a matter of regret in Travancore. I do not confine myself to the present Board but I would refer to other committees also—that one does not know on what principle the members are chosen to serve on such committees and why members who have taken an opposite view in regard to the formation of the committees are excluded. Sir, in justice, if this deliberative body is to serve any purpose, those members who led the opposition should also be placed on it. They have been purposely ignored not only for the purpose of this Board but for other committees also constituted by Government for so many purposes.

Passing over that, Sir, the reform is now being given effect to and the Director of Public Instruction must be told face to face that very grave defects exist in the department even today. There is a provision after the Inspectorate was formed and given effect to for the appointment of an Inspectress. It will be advantageous for the Director to look into the working of this Inspectress branch of the Education Department for the last twelve years. I can assure the members that the whole department has been made a mess of. Confusion and chaos and corrupt influences in the matter of appointment, promotions and other things that prevail in that department are nothing but deplorable. Whoever may be the Director of Education, he cannot afford these matters to escape his notice. I can assure you, Sir, that teachers are appointed in the department without any principle. The claims of those teachers who have secured the best examination qualifications and have served in the primary branch of the Education Department for girls and who have put in even one to ten years' service, are ignored and that branch of the department is staffed with teachers with lesser qualifications and who have entered service only a year back. When such things take place in the department, I am at a loss to understand what the duty of the Director or the controlling officer is. These grievances must be remedied. Sir, we have been levelling criticisms against corrupt influences being brought to bear upon the several departments in the State. Some years back, at least the Education Department was free from these corrupt influences. Now, every sort of corrupt influence is prevailing in the department where the purity must be kept above suspicion. I do not understand what the object of appointing an Inspectress after the formation of the Inspectorate

is except to roam about the country and claim T. A. I do not know exactly what her business is. In the report for 1108 about the work of the Inspectress it is stated that Miss Rosemeyer inspected schools for a number of days and that she took leave from the 1st of Meenam and that Mrs. Quinless was in charge.

"Mrs. Quinless was on tour for 15 days and visited 5 English High Schools, 3 English Middle Schools, 3 Vernacular High and Middle Schools, 10 Special Schools and one Assistant Inspectress's Office."

If I remember correct, the schools were closed for the summer recess on the 15th of Meenam, and every one knows that annual examinations begin by the 1st week of Meenam. On the 1st of Meenam Mrs. Quinless took charge. It surpasses my imagination how she was able to visit all these schools within a fortnight. If it was a mere matter of visiting the schools for the pleasure of seeing them, then I can understand. But we cannot afford to pay Inspectresses for visiting schools as a matter of pleasure and to satisfy their curiosity. Therefore, that branch of the Education Department has to be very carefully scrutinised. Some order has to be brought out of the chaos in which that branch of the department is working now.

The same is the case with the Vernacular schools. There was a Chief Inspector for the Vernacular branch of the Education Department. In the matter of promotions as Headmasters of Primary schools, every sort—I do not know, Sir, what to call it—of undue influence and corruption—if not in the shape of passing money, other sorts of corruption—is brought to bear. I ask the Director to examine these appointments in which teachers were put as Ag. Headmasters of primary schools and see what their claims are and whether there are any teachers in the department with better claims and what were the special circumstances for preferring others to these people. That also, the Education Director will kindly enquire. The next thing that I want to speak is about the teachers' provident fund. I ask the question, who is responsible for that fund, where that fund is now, whether it is properly accounted for, what is the state of that fund, whether that fund is safe or whether there is any misappropriation? The Director has a right to enquire and we have a right to know about the money collected from these poor teachers and the fate thereof.

We are spending a lot of money for education. The Science College is the most important of the Government colleges in the State and the money we spend for this college is beyond the capacity of the State. Very recently the University Committee visited this college and said that the things got down there are much more

[Mr. K. P. Nilakanta Pillai.]

than what the University College in Madras possesses. All these things are rotting there without any use. Who is responsible for getting down these unnecessary things, and who is liable for their misuse? Now look at the result. They are able to produce 30 per cent. result from the College. When we have magnanimously given everything that they wanted, 30 per cent. is the result. Private colleges for the conduct of which we are not responsible, have produced better results. What are these teachers doing in these colleges? About the selection of teachers and other things, the Director has a right to look into as also the working of these institutions. There are even deaf professors. How can they be asked to teach? These things cannot escape the notice of the Government. How can deaf professors be expected to teach? There are not one but more than that. These are some of the aspects which the Director has to look into. The time at my disposal is very limited. I have to cover a wide sphere.

Then, a word about the disbursement of grants. About Rs. 11 or 12 lakhs are provided for the disbursement of grants. The Director will please note how these amounts are disbursed. Mismanagement of the worst sort is evident in this direction. Schools which were started and approved in the years 1106 and 1107 are not given grants. But, for schools which were opened in 1108 and 1109, grants are given. What do all these things show? Something is wrong somewhere in the department. We are at a loss to know what is taking place in this department.

Now the Education budget comes for criticism in this House. There is no use by jumping headlong into the reforms and carrying them into effect. According to the recommendation, sanction has been given and some of the reforms are given effect to. There also the most important thing which we wanted the Government to look into is the adjustment of schools, that is, how schools should be located so as to satisfy the requirements of every locality. In the case of localities where there are schools more than necessary, some of them should be taken and given to localities where there are not sufficient number of schools. That is not very efficiently carried out. Any how, the Inspectorate is reformed. That, according to me, was the most unimportant item in the report of the committee on education. The idea whether the educational institutions could be closely inspected and supervised by the staff of the Education Department is itself a disputable point. We hold less inspection is better. There is the other aspect also that more and more efficient inspection will advance the cause of education.

That again is a disputable point. The Inspectorate is reorganised and it is given effect to.

President: Your time is up.

Mr. J. John Kattakayam: പ്രാഥമിക വിദ്യാഭ്യാസത്തെ സംബന്ധിച്ചു് രണ്ടുവാക്കു് പറയണമെന്നു ഞാൻ വിചാരിക്കുന്നു. ഉദ്ദേശം അൻപതുവർഷത്തിനുമുൻപുവരെ ഈരാജ്യത്തുണ്ടായിരുന്ന സകല ഗവണ്മെന്റു റിക്കാർഡുകളും മലയാളഭാഷയിൽതന്നെ ആയിരുന്നു. മലയാളഭാഷയെ അന്നു രാജഭാഷയായിട്ടാണ് ഉപയോഗിച്ചുവന്നിരുന്നതു്. ആ സ്ഥിതിയിൽ മലയാളഭാഷയുടെ സുവർണ്ണജൂബിലികഴിഞ്ഞുകൂടിയിട്ടുണ്ടു്. എന്നാൽ ഇംഗ്ലീഷ്ഭാഷയുടെ ശതവർഷ ജൂബിലിനാമമാത്രമായി എ. ബി. സി. പഠിച്ചിട്ടുള്ള ചിലകുട്ടികളെ വച്ചുകൊണ്ടിരുന്നതുറപ്പെടുത്തിമാത്രമാണ് കഴിച്ചിട്ടുള്ളതു്. അതു ശരിയായരീതിയിലുള്ള ഒരു ശതവർഷ ജൂബിലിയല്ല. ഇന്ന് ഓരോതരത്തിലായി മലയാളഭാഷയെ തീരെ ഇല്ലാതാക്കിയിരിക്കയാണ്. ഇങ്ങനെ മലയാളഭാഷയെ തീരെ ഉപേക്ഷിക്കപ്പെട്ടതുനിമിത്തം കോടതികളിൽ കക്ഷികൾക്കു വളരെ വിഷമം നേരിടുന്നു എന്നു കഴിഞ്ഞ കൌൺസിൽ സെഷ്യനിൽ ഒരു പ്രശ്നത്തിനിടയിൽ ഞാൻ പ്രകാശിപ്പിച്ചപ്പോൾ ചീഫ്സെക്രട്ടറി പറഞ്ഞതു് അങ്ങനെയുള്ള വിഷമങ്ങൾ ഒന്നും ഉള്ളതായി ഗവണ്മെന്റിനു അറിവില്ലെന്നാണ്. അദ്ദേഹം അങ്ങനെപറഞ്ഞതു ആദ്യതവണ ശീമയിൽപോയിട്ടു തിരിച്ചുവന്ന സമയത്തായിരുന്നുഎങ്കിൽ സങ്കടമില്ലായിരുന്നു. ഇന്ന് ഞങ്ങളെപ്പോലെ അദ്ദേഹവും നാട്ടിൽനടക്കുന്ന സംഗതികളെനോക്കി കണ്ണാടിയിൽ എന്നപോലെ കണ്ടുകൊണ്ടിരിക്കയാണ്. മി. സ്റ്റേത്താം എന്നൊരു മഹാശയൻ ഇവിടെ വന്നിരിക്കുന്നു. അദ്ദേഹം പറയുന്നതു് ഇംഗ്ലീഷ്പഠിച്ചിട്ടുള്ളവർക്കു നല്ല ഉദ്യോഗങ്ങളും മലയാളം പഠിച്ചവർക്കു പങ്കാപിടിക്കുന്ന ജോലിമാത്രവും കൊടുത്താൽമതിയെന്നുംമറ്റുമാണ്. ഇതു് മലയാളഭാഷാഭിമാനികൾ ഒരിക്കലും സഹിക്കത്തക്കതല്ല. ഇത്ര അവമാനകരമായ ഒരവസ്ഥയെ ഭാഷാഭിമാനികളിൽ ആരും എതിർക്കാതിരിക്കുന്നതു തുലോം വിസ്മയാവഹമെന്നേ പറയേണ്ടതുള്ളു. ഇപ്പോൾ മലയാളഭാഷാസാഹിത്യത്തെ പോഷിപ്പിക്കുന്നുണ്ടെങ്കിൽ അതു് മലയാള പത്രങ്ങളും പത്രഗ്രന്ഥങ്ങളും മാത്രമാണ് എന്ന് എവിടെയും സധൈര്യം പറവാൻ കഴിയും. ഇന്നു കാണുന്ന മലയാളപത്രങ്ങളും ഗ്രന്ഥങ്ങളും ഇല്ലായിരുന്നുഎങ്കിൽ മാതൃഭാഷക്കു് യാതൊരുനിലയും വിലയും കാണുകയില്ലായിരുന്നു. എന്റെ നിയോജകമണ്ഡലത്തെ പ്രതിനിധീകരിച്ചിരുന്ന മി. കുഞ്ഞിത്തൊമ്മൻ ഒരു യഥാ

[Mr. J. John Kattakayam.]

ത്ഥപ്രതിനിധിയാണെന്നുപോലും ചിലർ ഒരുകാലത്തു ഘോഷിച്ചിട്ടുണ്ടായിരുന്നു. മി. കുഞ്ഞിത്തൊമ്മൻ ഉപയോഗിക്കുന്ന ഭാഷ മലയാളമാണ്. ഇന്നു ഞാൻ ഈ സഭയിൽ ചോദിച്ചിരുന്ന ചോദ്യത്തിനു നമ്മുടെ ഇലക്ട്രിക്കൽ എൻജിനീയർ എനിക്കു മറുപടിതന്നതു് ഇംഗ്ലീഷിലായിരുന്നു. അതു് ധിക്കാരംകൊണ്ടോ തനിക്കു മാതൃഭാഷയോടുള്ള അവജ്ഞകൊണ്ടോ എന്താണെന്നു വളരെ ആലോചിച്ചിട്ടും എനിക്കു മനസ്സിലാകുന്നില്ല. അതുകൊണ്ടു് ഇനിയും ഞങ്ങളെപ്പോലുള്ള ആംഗ്ലേയഭാഷാനഭിജ്ഞന്മാരായ ആളുകൾ പ്രതിനിധികളായി കൌൺസിലിൽ വരാതിരിക്കണമെങ്കിൽ ഗവണ്മെന്റു ഒരുകാര്യംചെയ്യണം. ഒരുരൂപാ ഭൂനികുതിയുള്ളവക്കും ഇരുപത്തഞ്ചുരൂപാ കരമുള്ളവക്കും കൌൺസിലിലും അസംബ്ലിയിലും വോട്ടുചെയ്യാൻ അർഹതയില്ലെന്നും ബി. ഏ. ഡിഗ്രികിട്ടിയിട്ടുള്ളവക്കുമാത്രമേ വോട്ടിനു അർഹതയുള്ളു എന്നുംമററും നിശ്ചയിക്കണം. അഞ്ചുരൂപാ നികുതികൊടുക്കുന്നവരേയും ഇരുപത്തഞ്ചുരൂപാ കരമുള്ളവരേയും ബി. ഏ. ഡിഗ്രി എടുത്തിട്ടുള്ളവരേയും ഇപ്പോൾ ഒരേതോതിലാണ് ഗവണ്മെന്റു ഈ സംഗതിയിൽ ഗണിച്ചിരിക്കുന്നതു്. നിരക്ഷരകുക്ഷിയാണെങ്കിലും ഭൂനികുതികൊടുക്കുന്നതുകൊണ്ടുമാത്രം വോട്ടിനർഹനായിത്തീരുന്നു.

Mr. M. Govindan (*Nominated*): ഗവണ്മെന്റിന് മലയാളവിദ്യാഭ്യാസത്തെ പ്രോത്സാഹിപ്പിക്കരുതെന്നോ അതിന്റെ അഭിവൃദ്ധിയെ കുറക്കണമെന്നോ ഉള്ള എന്തെങ്കിലും ഉദ്ദേശം ഉണ്ടോ?

Mr. J. John Kattakayam: എനിക്കു വളരെ കുറച്ചുസമയംമാത്രമേഉള്ളു. ഇപ്പോഴത്തെ നിങ്ങളുടെ നീണ്ടചോദ്യത്തിനുതന്നെ കുറെസമയം നിങ്ങൾ അപഹരിച്ചിട്ടുണ്ടു്. പ്രാഥമികവിദ്യാഭ്യാസം സാർവത്രികമാക്കുന്നതിനു വിദ്യാർത്ഥികൾക്കു ഫീസ് സൌജന്യംചെയ്തുകൊടുക്കണം. പകുതിഫീസ് ഇളവുചെയ്യണം എന്ന് ലോവർ ഹൌസിൽ ഒരു പ്രമേയം പാസായതിൽ എനിക്കു വളരെ സന്തോഷം ഉണ്ടു്. ഇംഗ്ലീഷ്, മലയാളം എന്നീ സ്കൂളുകൾ പരിശോധിക്കുന്നതിനു രണ്ടിൻസ്പെക്ടർമാരെ നിയമിക്കണമെന്നു സ്റ്റേറ്റാംകമ്മിററിയുടെ റിപ്പോർട്ടിൽ പറഞ്ഞിട്ടുണ്ടായിരുന്നു. ഇപ്പോൾ നാലിൻസ്പെക്ടർമാരെ നിയമിച്ചിരിക്കുന്നു. ഇൻസ്പെക്ടരുടെ ആഫീസിൽഉള്ള ജോലികൾക്കു ഡയറക്ടർ ആഫീസിലുള്ള കൂടുതൽജോലിക്കുമായി കൂടുതൽസ്റ്റാഫിനെ ഏർപ്പെടുത്തിയിരിക്കുന്നു. രാജ്യത്തിൽ നികുതിഭാരം വർദ്ധിപ്പിക്കുവാനുള്ള ശ്രദ്ധമാത്രമല്ലാതെ പൊതുജനോപകാരപ്രദങ്ങളും അത്യാവശ്യമുള്ളതുമായ കാര്യങ്ങളിൽ ഗവണ്മെന്റിന്റെ ശ്രദ്ധ വേണ്ടസമയത്തു വേണ്ടപോലെ പതിയുന്നില്ല.

Mr. Kochikal P. Balakrishnan Tampi: വിദ്യാഭ്യാസ ഡയറക്ടരുടെ അഡ്വൈസറിബോർഡിന്റെ അഭിപ്രായപ്രകാരമുള്ള നാലിൻസ്പെക്ടറന്മാരും വേണമെന്നാണോ മെമ്പറിന്റെ അഭിപ്രായം?

Mr. J. John Kattakayam: മുൻപുചോദിച്ച ചോദ്യത്തിനുകൊടുത്ത മറുപടിതന്നെ ഈ ചോദ്യത്തിനു ഉത്തരമായി പറയേണ്ടിയിരിക്കുന്നു.

Mr. Kochikal P. Balakrishnan Tampi: ചീഫിൻസ്പെക്ടസ്സായി പ്രത്യേകം ഒരാളില്ലെന്നു മെമ്പർക്കറിയാമോ?

Mr. J. John Kattakayam: അതിനെപ്പററി പിന്നീടുപറയാം.

ഡപ്യൂട്ടിഡയറക്ററർ ഉദ്യോഗംവേണ്ടെന്നു കഴിഞ്ഞ അസംബ്ലിയിലും കൌൺസിലിലും വളരെ ശക്തിയായി പലരും വാദപ്രതിവാദം നടത്തി. എന്നാൽ ഗവർമ്മെണ്ടു ആ ഉദ്യോഗത്തെ എതുൽപര്യന്തം പുലർത്തിക്കൊണ്ടുപോരുന്നു. ഇപ്പോൾ ആ ഉദ്യോഗം വേണ്ട എന്നും പറയുന്നു. ഡപ്യൂട്ടിഡയറക്ററെ നിയമിച്ചിരിക്കുന്നതു ഡയറക്ടർജോലി പകുതിയായി കുറയ്ക്കുന്നതിനാണ് എന്നുമററുമാണ് അന്നു ഡയറക്ടർ മറുപടിപറഞ്ഞതു്. ഇപ്പോഴും ഡപ്യൂട്ടിഡയറക്ററുടെ ജോലി എങ്ങിനെയാണു് നിർവഹിക്കുന്നു എന്നുള്ളതു അജ്ഞാതമായിട്ടാണിരിക്കുന്നതു്. ഡപ്യൂട്ടി ഡയറക്ററക്കു ഒരു ഡിപ്രമോഷനും കൊടുത്തിരിക്കയാണെന്നു കേട്ടിരിക്കുന്നു. ഒരു വ്യക്തിചെയ്ത അപരാധത്തിനു് ആ ഉദ്യോഗംതന്നെ വേണ്ടെന്നു വയ്ക്കുന്നതു ശരിയോ?

Mr. Komilezhathu Sankaran: ഈ അറിവുകളെല്ലാം മെമ്പർക്കു എവിടെനിന്നുകിട്ടി?

Mr. J. John Kattakayam: അതിനെപ്പററി പിന്നീടു പറയാം.

സയൻസ്കാളേജിലെ പണാപഹരണം സംബന്ധിച്ചു് പുറമെ പല പ്രസ്താവനകളും കേൾക്കുന്നുണ്ടു്. ഈ ഡിപ്പാർട്ടുമെണ്ടിൽ ഉന്നതസ്ഥാനങ്ങളിൽ ഇരിക്കുന്നവരെ സംബന്ധിച്ചുംമററും അനാശാസ്യങ്ങളും ആക്ഷേപാർഹങ്ങളും ആയ പല അപവാദങ്ങളും അടിക്കടികേട്ടുകൊണ്ടിരിക്കുന്നു. ഉയന്ന ഉദ്യോഗസ്ഥന്മാർ ആക്ഷേപമനഃസ്ഥിതിയോടുകൂടിയവരുമാകുന്നുഎങ്കിൽ മനഃസംസ്കാരം സിദ്ധിച്ചിട്ടില്ലാത്ത താഴ്ന്നതരം ആളുകളുടെ പ്രവർത്തികളെപ്പററി അധിക്ഷേപിക്കേണ്ട ആവശ്യം ഇല്ലതന്നെ. ഉദ്യോഗനിയമനവിഷയത്തിൽ ഡയറക്ററർ പല കുഴ

പ്പങ്ങളും കാണിച്ചവരുണ്ടെന്ന് എന്ന അറിയുന്നു. എൻെറ നിയോജക മണ്ഡലങ്ങളിലുള്ള താലൂക്കുകളേയും മററും ഉൾപ്പെടുത്തി ഒരിൻസ്പെക്ടറെ നിയമിച്ചതു് അഞ്ചെട്ടു പേരുടെ ന്യായമായ അവകാശത്തെ അവഗണിച്ചിട്ടാണെന്നു പരാതി മുഴങ്ങിക്കൊണ്ടിരിക്കുന്നു. അങ്ങനെ ചെയ്തതു കാര്യക്ഷമതയ്ക്കുവേണ്ടിയാണ് എന്നാണ് ഡയറക്ടർ പറയുന്നത്. നമ്മുടെ ഗവമ്മെണ്ടിൻെറ കാര്യക്ഷമത റബ്ബർപോലെ യഥേഷ്ടം കൂട്ടാനോ കുറക്കാനോ കഴിയും എന്നാണ് ഞാൻ വിചാരിക്കുന്നതു്.

ഒരു ഭൂമിശാസ്ത്രവിദഗ്ദ്ധനെ പുറമെനിന്നും വരുത്താൻ ഉദ്ദേശിക്കുന്നതായി കേൾക്കുന്നു. ഇന്നു ഡയറക്ടർ വിചാരിക്കുന്ന ഏതുതരത്തിലും യോഗ്യതസമ്പാദിച്ചിട്ടുള്ള ആളുകൾ ഇവിടെ അനേകംഉണ്ട്. ഈ സംഗതിക്കെന്നല്ല ഏതു ഡിഗ്രിയും ഉദ്യോഗംകൊടുക്കാമെന്ന വ്യവസ്ഥയില്ലാതെതന്നെ സ്വന്തചിലവിൽ വിദേശത്തുപോയി കരസ്ഥമാക്കിക്കൊണ്ടുവരുവാൻ ഇവിടെ ആളുകൾ തയ്യാറുണ്ടെന്നു ഞാൻ മുൻപുതന്നെ പ്രസ്താവിച്ചിട്ടുണ്ട്. അതിനാൽ ഈ വിഷയത്തിൽ വൈദഗ്ദ്ധ്യം സമ്പാദിച്ചിട്ടുള്ള ഈ നാട്ടുകാർ ഉള്ളസ്ഥിതിക്കു അവരെ നിയമിച്ചാൽ മതിയാകുന്നതാണ്. ഇതിലേക്കു പുറമെനിന്നും ആളെ വരുത്തേണ്ടതായ യാതൊരാവശ്യവുമില്ല.

ഭാവിപൌരന്മാരായിത്തീരേണ്ട വിദ്യാർത്ഥികളെ വിദ്യ അഭ്യസിപ്പിക്കുന്ന അദ്ധ്യാപകന്മാർ മാതൃകാപുരുഷന്മാരായിതന്നെ ഇരിക്കേണ്ടതാണ്. അദ്ധ്യാപകൻമാരെ നയിക്കുന്ന മേലദ്ധ്യക്ഷന്മാർ ഈവകശന്മാരേക്കാൾ സർവ്വവിധത്തിലും മാതൃകയായിത്തന്നെ ഇരിക്കണം എന്നുള്ളതിനു യാതൊരു സംശയവും ഇല്ല. ഈ സംഗതികൾ ഗവമ്മെൻറു പ്രത്യേകം ശ്രദ്ധിക്കുമെന്നു വിശ്വസിക്കുന്നു.

ഇവിടെ നായർമേധാവിത്വം നടമാടുന്നു എന്നാണ് ചിലർ പറഞ്ഞുവരാറുള്ളതു്. എന്നാൽ ഈ ഡിപ്പാർട്ടുമെൻറിൽ ഉയന്നഉദ്യോഗങ്ങളിൽ ഇരിക്കുന്നവരിൽ പകുതിയിലധികവും തമിഴ്ബ്രാഹ്മണരാണ്. ഇവരാണ് കൊഴുത്തശമ്പളം വാങ്ങിക്കുന്നതു് എന്നു സൂക്ഷിച്ചുനോക്കിയാൽ കാണാവുന്നതാണ്. പങ്കാവലിക്കുന്നഉദ്യോഗങ്ങളിൽ സിംഹഭാഗവും നായന്മാക്കാണുള്ളതു്. വലിയഉദ്യോഗങ്ങളുള്ളതിൽ ക്രിസ്ത്രീയസമുദായത്തിൽനിന്നും തമിഴ്ബ്രാഹ്മണരുടെ മൂന്നിലൊന്നുമാത്രമേയുള്ളൂ.

Mr. Komilezhathu Sankaran: ഇവരിൽ കത്തോലിക്കർ എത്രപേരുണ്ട്?

Mr. J. John Kattakayam : വളരെ കുറച്ചുമാത്രമെ വരികയുള്ളൂ.

ഇവിടെ ഒരു ടെക്സ്റ്റുബുക്കുകമ്മിററി ഏർപ്പെടുത്തിയിട്ടുണ്ട്. അതിൽ ഡയറക്ടറുടെ ഇഷ്ടംഅനുസരിച്ചു മാത്രമാണ് ആളുകളെ എടുത്തിരിക്കുന്നതു്. ഡയറക്ടറക്കു മാതൃഭാഷാജ്ഞാനം തീരെയില്ല. കമ്മിററിമെമ്പറന്മാർ സ്വകൃത്യനിർവ്വഹണവിദഗ്ദ്ധന്മാരായി കാണപ്പെടുന്നില്ല പുസ്തകങ്ങൾ പ്രായേണ മോശമായിട്ടാണിരിക്കുന്നതു്. കത്തോലിക്കാലോകത്തേയും അതിലെ ബഹുമാന്യരായ വൈദികമേലദ്ധ്യക്ഷന്മാരേയും മററുംപററി അപലപിച്ച്എഴുതിയിട്ടുള്ള ഗലിലയൊ എന്ന പുസ്തകം പാഠ്യപുസ്തകമാക്കിയതു ശരിയല്ല. ഈ സംഗതി അധികൃതന്മാരുടെ ദൃഷ്ടിക്കു അചിരേണ അർഹമാകുമെന്നു വിശ്വസിക്കുന്നു.

എഡ്യുക്കേഷൻ ഡിപ്പാർട്ടുമെൻറിൻെറ ചിലവു കൊല്ലംതോറും ക്രമാതീതമായി വർദ്ധിച്ചുതന്നെയാണുവരുന്നതു്. ഈ സാമ്പത്തികാധഃപതനകാലത്തു അതിൻെറ നിവാരണത്തിനായി ഒന്നുംതന്നെ നിർദ്ദേശിച്ചുകാണാത്തതിൽ വ്യസനിക്കുന്നു. ഇക്കാര്യത്തിൽ ഒരു നിയന്ത്രണം വരുത്തേണ്ടതു വളരെ അത്യാവശ്യമാണ്. മൂവാററുപുഴ, തൊടുപുഴ മുതലായ ഉൾനാടുനിവാസികൾക്കു് പ്രാഥമികവിദ്യാഭ്യാസം ലഭിക്കുന്നതിനുപോലും യാതൊരു സൌകര്യവും ലഭിക്കാതിരിക്കുന്നു. തൊടുപുഴത്താലൂക്കിൽ സാമാന്യമായ സ്കൂളുകൾമാത്രമേയുള്ളു. കാർത്തികപ്പള്ളിത്താലൂക്കിനേക്കാൾ അതിന് ആറിരട്ടിവലിപ്പമുണ്ടു്. ആസ്ഥിതിക്കു ഏതുതരത്തെ ആസ്പദമാക്കിയാണ് ഇപ്പോഴുള്ള സ്കൂളുകൾകൊണ്ടു് തൃപ്തിപ്പെടാമെന്നു ഡയറക്ടർ നിശ്ചയിച്ചിരിക്കുന്നതെന്നു മനസ്സിലാകുന്നില്ല. ആ താലൂക്കിൽ ഇപ്പോൾ ഒരുലക്ഷത്തിൽപരം ജനങ്ങൾ അധിവസിക്കുന്നുണ്ടു്. ഇവർക്കു മാതൃഭാഷാഭ്യസനത്തിനുപോലും മാർഗ്ഗമില്ലാതിരിക്കുന്നു. ഈ ശോചനീയാവസ്ഥയെ എങ്കിലും പരിഹരിക്കേണ്ടതാണ്.

Mr. M. N. Paramesvaran Pillai : Sir, I am reminded of the statement that our present Dewan made when he first set foot on this soil. He has said in the Secretariat Association that he would tolerate stupidity and even inefficiency in his officers but not corruption and dishonesty. But in the Education Department one finds inefficiency, corruption, misappropriation, dishonesty and all the rest of it. Almost every day, we happen to read in the papers or hear something undesirable about this department. The morale of this department has gone down very much, so much so respecta-

[Mr. M. N. Paramesvaran Pillai.]

ble and self-respecting citizens are now afraid of sending their boys and girls to schools and Colleges. The "Temples of Learning" are no longer pure temples of learning but are in several cases being presided over by deities of questionable character. If Government cannot improve the tone of this department, I strongly maintain that there is no use in spending anything like 46 lakhs of rupees every year on education.

Mr. Statham may, no doubt, have a reputation as an educationist and he, it appears, has been got down by Government at heavy cost to effect radical changes in our educational system. We have, by this time, seen enough of his reforms and activities. In my view he appears to be more an idealist and a visionary than a practical educationist. The first reform that he effected on assuming charge of the department was to reduce the number of holidays for the schools. In this matter he has shown himself to the public that his knowledge of arithmetic is poor; and in accepting his recommendation the Government have placed themselves in a position in which they continue to remain as the laughing stock of the world. The proceedings on the recommendation of the Director have been published at Page 645 of part I of Government Gazette dated 16-7-1109. The argument advanced for reducing the number of holidays is that, at present, some of the English and Vernacular Schools are not able to hold classes for 175 and 170 days respectively a year, as prescribed by rule 100 of the Education Code. The Director makes the following calculation as the basis of his recommendation and that is :—

Saturdays	52
Sundays	52
Onam holidays	13
Christmas holidays	23
Midsummer Vacation	47
New Moon	12
H. H. the Maharaja's Birthday	1
Pujavaippu	3
Other holidays	15
Total	218

In this, Sir, he makes a fundamental miscalculation. During the 13 Onam holidays there will be 2 Saturdays and 2 Sundays. So also during Christmas holidays there will be not less than 3 Saturdays and 3 Sundays. During the Midsummer Vacation we have 7 Saturdays and 7 Sundays. How could the Director then

contend that the department has been getting 52 Saturdays and 52 Sundays, over and above the 13 days for Onam, 23 days for Christmas and 47 days for the Midsummer vacation. Then again some of the New Moon and otherh olidays in the year fall either on Saturdays or on Sundays. From a perusal of the Almanac for 1110, one finds that *Avaniavittam* and *Gayatharijapam* holidays fall during the Onam holidays. Similarly, *Sivarathri* on 19-7-1110 falls on a Sunday; the New Moon on 23-1-1110 is on a Saturday; the New Moon on 21-6-1110 is on a Sunday; the New Moon on 18-10-1110 is on a Saturday and the New Moon on 16-11-1110 is on a Sunday. I hope the Government will take early action to rectify these mistakes into which they have been led by the Director.

The next thing he has done is to change the working hours for schools on Fridays. Formerly the classes were held on Fridays, just as on other days in the week, from 10 A. M. to 12-30 P. M. and from 1-30 P. M. to 4 P. M., but the new Director has changed the afternoon hours on Fridays into 2-30 P. M. to 5 P. M. Evidently he seems to have not realised the difficulties arising out of this change.

Mr. R. M. Statham: That order is an order of Government dated 19th July 1934.

Mr. M. N. Paramesvaran Pillai; I know it was issued on the recommendation of the Director of Public Instruction. Even if it was not issued on the recommendation of the Director but was made by the Government on their own initiative, I say the order is wrong for various reasons. Both in this town and in the mofussil we find that very many of the school-going children attend the schools from distant places, walking 6 to 10 miles both in the morning and in the evening. By this change they are put to considerable hardship. This change of programme is said to have been made for the sake of a few school-going Mahomedan boys and girls.

Mr. Komilezhathu Sankaran: May I know whether the member has any objection in treating all Fridays as holidays?

Mr. M. N. Paramesvaran Pillai: Certainly I have no objection.

But as it is, the large majority of students who belong to other communities are put to serious hardship for the sake of one or two Mahomedan students in their classes. In some classes we many not find any Mahomedan students at all.

Sir, the next change that the Director has effected is the reorganisation of the Inspectorate. A lot of confusion has been brought about by this new change. For want of time I do not propose to go into details. I shall content myself with citing one or two instances.

The Government of His Highness the Maharaja do deserve our congratulations for having decided once for all to abolish the posts of the Deputy Director of Public Instruction and the Vice Principal of the Training College. Whatever interested persons may write in the papers or say in the Assembly for the restoration of these two places, I am sure, Sir, you will be held in high esteem by the people at large if you do not retrace the steps that you have once taken after due deliberation. I need hardly point out that the establishment charges in the Education Department could still be considerably reduced without affecting efficiency. For instance, most of the professors and lecturers in the Education Department who have to work only a couple of periods on some days in the week are given very big salaries. If the expenditure in the Education Department is properly husbanded, it would be extremely easy and possible for Government to reduce the cost of education.

Before I finish, I wish to offer a few remarks with regard to the constitution and working of the Text-Book Committee. In the first place very few literary talents are in the committee. It would appear that the Text-Book Committee and the Education Advisory Board are meant for the Director of Public Instruction to exercise a sort of patronage even over the members of the legislature.

Mr. Kochikal P. Balakrishnan Tampi: May I request the member to withdraw the remark as regards the statement that the members "are meant for the D. P. I. to exercise a sort of patronage?" It is an insult.

Mr. M. N. Paramesvaran Pillai: It is my personal view.

It must be said to the credit of the present Director of Public Instruction that he has never missed any opportunity to use this bait to hush opposition from whatever quarter it may proceed. It is scandalous, Sir, that this committee should be composed mostly of men who have not the requisite qualification and ability to pronounce a correct opinion on any book. Decency prevents me from mentioning the names. What this committee has done is to select the books written by some of its own members in preference to books written by standard and recognised authors like Messrs. Vallathol, P. K. Narayana Pillai, Olloor and others.

Mr. R. M. Statham: There is a book written by one of these authors prescribed.

Mr. M. N. Paramesvarau Pillai: I am not unaware of that fact, but the majority of the books selected by the committee are books written by inferior class of writers. For instance there is one book, Nalabahukam written by a member of the Text-Book Committee and the same is prescribed for the IV Form. There are very few correct sentences in that book,

Mr. Kochikal P. Balakrishnan Tampi : May I know how many works of Milton and Shakespeare are accepted as text-books in English schools?

Mr. M. N. Paramesvaran Pillai : I am now speaking of Vernacular Schools only.

In the matter of English text-books, History, Geography and similar other books in English, Headmasters of the various schools are given the option of selecting the books they like from the approved list. Two serious difficulties arise out of this. In the first place transfer of a student from one school to another in the course of the academic year becomes practically impossible. Even a transfer of a student from the Vanchiyoor School to the Model School cannot be had, because the text-books selected by the Headmasters of these schools do not happen to be the same. Then again, since the whole matter was left in a state of uncertainty no book-seller was able to stock the necessary books. Consequently even today in very many schools in the State the students have not equipped themselves with all the necessary text-books.

I hope that, at least in future, the Government will look into the recommendations of the Director carefully before they are sanctioned and given effect to.

Mr. M. N. Narayana Menon : ഇന്നത്തെ വിദ്യാഭ്യാസഡയറക്ടറർ വളരെ സമർത്ഥനായ ഒരാളാണ്. വിദ്യാഭ്യാസപരിഷ്കരണക്കമ്മിററിയുടെ പ്രസിഡണ്ടായിരുന്ന മിസ്റ്റർ സ്റ്റേത്താമിനെത്തന്നെ എഡ്യൂക്കേഷൻഡയറക്ററരാക്കിയാൽ ഈ രാജ്യത്തെ വിദ്യാഭ്യാസരീതി വളരെ മെച്ചനിലയിൽ ആയിത്തീരുമെന്നാണ് ജനങ്ങൾ ആശിച്ചിരുന്നതു്. എന്നാൽ "മലയെലിയെ പ്രസവിച്ചതു"പോലെയാണ് ആ സംഗതി പര്യവസാനിച്ചിട്ടുള്ളതു്. ഇതു് അദ്ദേഹത്തിൻെറ കുററമല്ലായിരിക്കാം. ഡിവിഷൻ ഇൻസ്പെക്ററൻെറ പരിഷ്കാരത്തെപ്പററിയാണ് എനിക്ക ആദ്യമായി പറയുവാനുള്ളതു്. രണ്ടിൻസ്പെക്ടർമാർ മാത്രം മതിയെന്നായിരുന്ന റിപ്പോർട്ടിൽ നിർദ്ദേശിച്ചിരുന്നതു്. ഇപ്പോൾ രണ്ടിനുപകരം നാലുപേരെ നിയമിച്ചിരിക്കുന്നു. ഒരു ഇൻസ്പെക്ടറുടെ ഉദ്യോഗപ്പേരാണിപ്പോഴുള്ളതു്. ഇപ്പോഴത്തെ പരിഷ്കാരം അനുസരിച്ച ഇൻസ്പെക്ടറേഴ്സിൻെറ അധികാരാതൃത്തി നിർണ്ണയിച്ചിരിക്കുന്നതുനോക്കിയാൽ തിരുവിതാംകൂറിനെപ്പററി എന്തെങ്കിലും ജ്ഞാനമുള്ളവരോ തിരുവിതാംകൂറിൻെറ പടം കണ്ടിട്ടുള്ളവരോ ആയി ആരെങ്കിലും ആ ആഫീസിൽതന്നെ ഉണ്ടായിരുന്നോ എന്നു സംശയം തോന്നുന്നതാണ്. അതിലേക്കു് ഉദാഹരണം പറയാം. തിരുവല്ലാ ഇൻസ്പെക്ട

രുടെ അധികാരാതൃത്തി കോട്ടയം കടന്നു വൈയ്ക്കവും വൈക്കത്തിനു പടിഞ്ഞാറുള്ള ചേർത്തലയും ഉൾപ്പെട്ടിരിക്കുന്നു. മൂവാററുപുഴഇൻസ്പെക്ടർ കോട്ടയംകടന്നു പീരുമേട്ട മുതലായ സ്ഥലങ്ങളിലേയ്ക്കു പോകേണ്ടിയിരിക്കുന്നു. ഇതു സകലക്കും ബുദ്ധിമുട്ടുണ്ടാക്കുന്ന ഒരു സംഗതിയാണ്. കോട്ടയംഡിവിഷനെ മുൻപിലത്തെപ്പോലെ ഒരു ഹെഡ്കചാട്ടേഴ്സ് ആക്കേണ്ടതു അത്യാവശ്യമാണ്. രാജ്യം ഒട്ടുക്ക സഞ്ചരിക്കത്തക്കവിധത്തിൽ ഇൻസ്പെക്ടറന്മാർ ഇപ്പോൾ ധാരാളം ഉണ്ട്. ഇൻസ്പെക്ടർമാരുടെ കീഴിൽ അസിസ്റ്റൻറിൻസ്പെക ടർമാരുമുണ്ട്. അസിസ്റ്റൻറിൻസ്പെക്ടറന്മാക്ക് മിഡിൽസ്കൂളുകളും പ്രൈമറിസ്കൂളുകളും പരിശോധിക്കാമെന്നുവച്ചിരിക്കെ, അസിസ്റ്റൻറിൻസ്പെക്ടറസ്സുകൾക്കു മിഡിൽസ്കൂൾ പരിശോധിക്കാൻ പാടില്ലാ എന്നു നിശ്ചയിച്ചിരിക്കുന്നതിൻെറ കാരണം മനസ്സിലാകുന്നില്ല. തിരുവനന്തപുരത്തുള്ള ഇൻസ്പെക്ടറസ്സിൻെറ പേസനൽ അസിസ്റ്റൻറു രാജ്യം ഒട്ടുക്ക സഞ്ചരിക്കണം എന്നു വച്ചിരിക്കുന്നു. അതാതുസ്ഥലത്തുള്ള അസിസ്റ്റൻറിൻസ്പെക്ടറസ്സുകൾ വർണാക്കുലർ മിഡിൽസ്കൂൾ പരിശോധനകൂടി നടത്താൻ സാധിയ്ക്കുന്നതുകൊണ്ട് ഇൻസ്പെക്ടറസ്സിൻെറ അസിസ്റ്റൻറ് രാജ്യം ഒട്ടുക്ക സഞ്ചരിച്ചു പരിശോധനനടത്തേണ്ട ആവശ്യം ഇല്ല. വിശേഷിച്ചും അതു ഒരു അധികച്ചിലവായിവരുന്നതാണ്. അതിനുംപുറമെ മററു അസിസ്റ്റൻറിൻസ്പെക്ടറസ്സുകൾക്കു സങ്കടകാരണവുമാകുന്നു. നാലിൻസ്പെക്ററന്മാർ ഇപ്പോൾ ഉള്ള സ്ഥിതിയ്ക്കു ഒരു ഇൻസ്പെക്ടറസ്സിൻെറ ആവശ്യം അശേഷം ഇല്ലെന്നു ഇതിൽനിന്നും തെളിയുന്നതാണ്. ഈ സ്ഥിതിയ്ക്കു ഈ ഇൻസ്പെക്ടറസ്സ് ഉദ്യോഗം നിറുത്തൽചെയ്യുന്നതു നന്നായിരിക്കും.

ഈ അവസരത്തിൽ ഫീസു ഇളവുചെയ്തുകിട്ടേണ്ടതു് അത്യാവശ്യമാണ്. കഴിഞ്ഞവർഷത്തെ ഡയറക്ററുടെ റിപ്പോർട്ടിൽ ൧൧൦൭ ലെ-നെക്കാൾ ൧൧൦൮-ൽ ഇംഗ്ലീഷ്സ്കൂളുകളിൽ ൨൨൪൬ വിദ്യാർത്ഥികൾ കുറവുണ്ടെന്ന് പറഞ്ഞുകാണുന്നു. മറെറാരുഭാഗത്തു് ഭൂസ്വാത്തുടമസ്ഥന്മാരുടേയും കൃഷിക്കാരുടേയും കുട്ടികൾ ൧൪൦൦൦ കുറഞ്ഞിട്ടുണ്ട് എന്നും അതിനുള്ള പ്രധാനകാരണം സാമ്പത്തികാധഃപതനമാണെന്നും അദ്ദേഹം പരിപൂർണ്ണമായി സമ്മതിക്കുന്നുണ്ട്. ഇങ്ങനെ സമ്മതിക്കുന്നതല്ലാതെ ഈ സാമ്പത്തികാധഃപതനത്തിൻെറ പരിഹാരത്തിനു ഗവൺമെൻറിൽനിന്നും യാതൊന്നും നിർദ്ദേശിച്ചുകാണുന്നില്ല. അതുകൊണ്ട് ഫീസ് ഇളവുചെയ്തുകൊടുക്കുന്നതിനു ഉദ്യോഗസ്ഥഭാഗത്തേക്കുതന്നെ വളരെ

[Mr. M. N. Narayana Menon.]

ന്യായങ്ങളുണ്ട്. എന്നാൽ ഫീസു കുറയ്ക്കണം എന്നുള്ള സംഗതി കേൾക്കുമ്പോൾതന്നെ ഒരു ഭീമമായ സംഖ്യ അതുനിമിത്തം നഷ്ടംവരികയില്ലേ എന്നു തോന്നിയേക്കാം. ഈ രാജ്യം ഒട്ടുക്കുള്ള വിദ്യാലയങ്ങളിൽനിന്നും കിട്ടുന്ന ഫീസ് ഉദ്ദേശം ഏഴുലക്ഷം രൂപാമാത്രമേയുള്ളു. അതിൽനിന്നും മൂന്നു ലക്ഷംരൂപാ കുറയ്ക്കുന്നതു് ഒരു വലിയ കുറവായിവരാനിടയില്ല. ൨൩൦ ലക്ഷം രൂപാ വരവുള്ള ഗവണ്മെൻറിനു ഒരു മൂന്നുലക്ഷംരൂപ കുറയ്ക്കാൻ സങ്കടപ്പെടേണ്ട ഒരാവശ്യവും ഇല്ല. ഈ രാജ്യം വിദ്യാഭ്യാസവിഷയത്തിൽ വളരെ മുന്നോക്കം നില്ക്കുകയാണുചെയ്യുന്നതു്. രാജ്യത്തിൻെറ പ്രശസ്തിയെ മുന്നോട്ടു കൊണ്ടുപോകുന്നതിന് വിദ്യാഭ്യാസം അത്യന്താപേക്ഷിതമായിരിക്കുന്നതിനാൽ വിദ്യാഭ്യാസംചെയ്യുന്നതിനുള്ള സൌകര്യത്തിനെ ഉദ്ദേശിച്ചെങ്കിലും ഫീസ് പകുതികുറച്ചുകൊടുക്കണമെന്നു ഞാനപേക്ഷിക്കുന്നു.

എൻെറ ഒരു മാന്യസ്നേഹിതൻ പറഞ്ഞതുപോലെ കാളേജിലെ പ്രൊഫസ്സേഴ്സിൻെറ ശമ്പളം കുറയ്ക്കുന്നതുകൊണ്ട് യാതൊരനൌചിത്യവും വരാനില്ല. മുൻപ് ഈ പ്രൊഫസ്സേഴ്സിൻെറ ശമ്പളം രണ്ടു ഗ്രേഡിൽ ആയിരുന്നു. അന്ന് യൂറോപ്യൻ പ്രൊഫസ്സേഴ്സും ഉണ്ടായിരുന്നു. അവർക്ക് ബ്രിട്ടീഷ് ഇൻഡ്യയിലുംമററും കിട്ടിവന്നിരുന്ന തോതനുസരിച്ച് ഉയർന്ന ശമ്പളവും നാട്ടുകാർക്ക് ചുരുങ്ങിയ തോതിലുള്ള ഒരു ശമ്പളക്രമവും ആണ് ഉണ്ടായിരുന്നതു്. സർ. പി. രാജഗോപാലാചാരി ഇവിടെ ദിവാൻജിയായിരുന്നകാലത്താണെന്നു തോന്നുന്നു നാട്ടുകാരായ പ്രൊഫസ്സേഴ്സിൻെറ ശമ്പളം യൂറോപ്യൻ പ്രൊഫസ്സേഴ്സിൻെറ ശമ്പളത്തിനനുസരിച്ച് ഉയർത്തിക്കൊടുത്തിട്ടുള്ളതു്. ഇന്നിവിടെ യൂറോപ്യൻപ്രൊഫസ്സേഴ്സ് ഉണ്ടെന്നു തോന്നുന്നില്ല. അതുകൊണ്ട് ഈ സാമ്പത്തികാധഃപതനകാലത്തു് പ്രൊഫസ്സേഴ്സിൻെറ ശമ്പളം കുറയ്ക്കുന്നതിൽ യാതൊരു അനൌചിത്യവും വരാനില്ല. അങ്ങിനെ കുറച്ചുകിട്ടുന്ന തുകകൊണ്ട് ഫീസ് ഇളവുചെയ്യുന്നതുനിമിത്തമുള്ള നഷ്ടത്തെ പരിഹരിക്കാവുന്നതാണ്. ഏതു രീതിയിലെങ്കിലും ഫീസ് ഇളവുചെയ്തുകിട്ടേണ്ടതു് അത്യാവശ്യമാണ്. സർവകലാശാലാപരീക്ഷാഫലത്തെപ്പററിയാണ് എനിക്ക് അടുത്തതായി പറയുവാനുള്ളതു്. ഇൻറർമീഡിയററ് പരീക്ഷാഫലം പ്രസിദ്ധപ്പെടുത്തിയിട്ടുണ്ട്. എൻെറ മരു മാന്യസ്നേഹിതൻ പറഞ്ഞതുപോലെ സയൻസ് കാളേജിലെ പരീക്ഷാഫലം തീരെ തൃപ്തികരമായിരിക്കുന്നില്ല. എത്രയോ പണം ചിലവാക്കി ഇവിടെ നടത്തിവരുന്ന പരീക്ഷകളുടെ ഫലം മററു സ്കൂളുകളെ അപേ

Mr. M. Govindan : I had not thought of making a speech on this subject before I heard the discussion here. I was sorry to find personal attacks being made against the present Director. There have been all manner of irrelevant statements which did not directly concern the motion before the House.

Mr. K. P. Nilakanta Pillai: Is it open to the member to say that what other members said was irrelevant when the Chair has not ruled so?

President: That is *his* opinion, and not the Chair's.

Mr. K. P. Nilakanta Pillai: Will the member be pleased to point out any one statement which he considers irrelevant?

Mr. M. Govindan: Sir, the motion before the House is......

Mr. M. N. Paramesvaran Pillai: May I ask whether the whole Education Department is not under review now?

President: Yes, it is.

Mr. M. Govindan: Yes, the whole department is under review, and anything connected with the administration of that department may be discussed now. That is my idea too. My only point is that it is not appropriate, under this motion, to call the Director a visionary and an idealist.

Mr. M. N. Paramesvaran Pillai: I did not say 'Missionary', I said 'visionary'.

President: That is what I heard Mr. Govindan also say; 'visionary' and not 'missionary'; Mr. Statham is not a 'reverend'. (*Laughter*).

Mr. M. Govindan: Sir, if my friend had called the Director a *missionary* that would have been more appropriate, and I would have accepted it; because, such is the enthusiasm of Mr. Statham in educational matters. The pointed answers which he gives to questions put to him by members like Mr. M. N. Paramesvaran Pillai will demonstrate, if anything, that he is neither a visionary nor an idealist. Sir, I do not propose to dwell on that topic any more; because there is none in this House more competent to answer personal aspersions made against him than Mr. Statham himself.

In regard to the Deputy Director's post, it has been pointed out, Sir, that the disciplinary action, recently taken against the incumbent of that office, should not be revised.

Mr. K. K. Thomas (*Nominated*): May I know from the member whether he is in possession of the facts of the case?

Mr. M. Govindan: I shall give the facts in my possession.

It has been pointed out, Sir, that the Government should not revise their decision regarding the abolition of the post of the Deputy Director. My submission is that, on two important grounds, that decision *has to be* revised.

The first ground is that that post is, at any rate now, very necessary, and should not be abolished. We all know, Sir, that the

department is now in the melting pot. Many reforms are being got through. Many of the suggestions and recommendations made by the Education Reforms Committee are being sanctioned.

Mr. M. N. Paramesvaran Pillai: May I ask the member whether he would recommend the continuance of both the Director and the Deputy Director?

President: That is what he said.

Mr. M. Govindan: Yes, Sir. Until the whole reform is given effect to, we must have a Deputy Director. A large quantity of work has to be got through by the Director, and the volume of it is certainly staggering. That one man should be asked to do all the work single-handed is to expect too much. No man of ordinary powers can, single-handed, do the work satisfactorily. Unless the post of the Deputy Director is revived it is sure to lead to dilatoriness, notwithstanding the fact that Mr. Statham has more than one man's powers in the disposal of work, and the fact that he is devoting much more time to the disposal of work than even the officers of our judiciary, who are admittedly the most hard-worked officers in our State. We all know, Sir, that, even before the Personal Assistant or Manager comes to the office, Mr. Statham is at his desk and works till six or seven in the evening. The Deputy Director's post is, therefore, very necesssary.

My next point is that responsible officers like the Deputy Director should not be degraded for defalcation by a clerk under him, unless there is conclusive proof that he is directly concerned in the embezzlement. And, if he is directly concerned in the embezzlement, the proper course is, not to degrade him and send him back to the very place from where he embezzled the money.

(At this stage, the President left the House and Mr. Kochikal P. Balakrishnan Tampi, one of the Panel of Chairmen, took the Chair).

What ought to have been done is to find out, before arriving at any decision or meting out any punishment, whether the officer concerned has appropriated the money himself.

Mr. Komilezhathu Sankaran: On a point of order, Sir. The motion now before the House is the one moved by Mr. Balakrishnan Tampi, who is now presiding over the deliberations of this House. I wish to know whether it is competent to him to preside over the discussion on his own motion?

Mr. M. Govindan: If there is any difficulty about it, I am willing to father the motion myself. Speaking of the degradation, if there has been embezzlement of money by the very person concerned directly, then the punishment that has been meted out to

[Mr. M. Govindan.]

him is inadequate. But if only as the head of the office there is the responsibility for him to refund the sum, then the proper course is for him to be asked to refund the amount and then to punish the person directly concerned in appropriating the money.

Mr. M. N. Paramesvaran Pillai: May I know from the member about whose punishment he is now speaking?

Mr. M. Govindan: I am referring to the punishment of Mr. C. V. Chandrasekharan, the Deputy Director.

Mr. M. N. Paramesvaran Pillai: May I know from the member for what he is punished?

(Mr. Govindan took his seat as the time allotted for him to speak expired).

Mr. G. Narayana Aiyar: It cannot be denied that there serious complaints......

Mr. S. Piraviperumal Pillai: I rise to a point of order. When a member sits down when another member is asking a question, does it mean that the time has expired?

Chairman: Sometimes it may synchronise.

Mr. G. Narayana Aiyar: There are serious complaints in the matter of promotions and appointments in the department and no definite policy seems to have been followed in that respect. There are also cases in which recognition has been withdrawn without any proper enquiry, and recognition restored again within two days without any further enquiry. These are very serious matters and have to be duly considered. Then there is the attack on the Hindu holidays in a Hindu State. The recommendation of the Director was followed by the Government without trying to verify the correctness of the same. This is also objectionable. Qualified hands that enter the Vernacular branch of the department as well as the English branch are placed in different categories. Those who enter the Vernacular branch of the department find it very difficult to get any increment or their prospects bettered. But when one enters the English branch with the same qualification his usual promotion is given. This distinction should be stopped. I would suggest that there should be an interchange of teachers in both the branches of the department. In the matter of pay also, the professors in the colleges receive a disproportionately large pay, when we take into consideration the pay that the professors in Cochin and other States receive. It can be seen that the pay here is more than double of what is received elsewhere by the professors. A District Judge who works hard from day to night without any rest whatsoever can expect only to receive Rs. 500 or Rs. 600, whereas a professor who has to work for only five or six hours a week has to be paid Rs. 700 or more.

Mr. M. Govindan : May I know whether the member has any objection to increasing the pay of the District Judges ?

Mr. G. Narayana Aiyar : Certainly, they deserve more. What I would suggest is that in the professors' case the pay is disproportionately high and that it has no relation to the work turned out by them. That has to be cut down.

Mr. K. Madhavan Pillai (*Trivandrum*): If the member is inclined to raise the pay of the District Judge, may I know why he should be anxious to reduce the pay of the professors ?

Mr. G. Narayana Aiyar : It is not possible in the present state of our finance to increase the pay of the District Judges. So we have to cut down the pay of the professors.

In the matter of imparting education also, as has been observed by previous speakers, we are not having good results. That is clear from the attitude of the Government. If the Government can find properly qualified men here to fill up the various posts of heads of departments, why should they go in for foreigners ? That attitude of Government is sufficient to convince everybody that the Education Department is not turning out as good and competent set of men as is expected.

Then, as I submitted yesterday, in the matter of Geography lectures for which there is a provision of Rs. 443 in the budget, it is advisable to consider the claims of local men. I am prepared to give the names of a few who are qualified. Mr. T. C. Cheriyan, a teacher at Tiruvalla, has taken a diploma in Geography ; Mr. C.M. John, a teacher, has also taken the diploma in Geography ; Mr. Varghese, another teacher, has taken a diploma in Geography ; Mr. N. A. Venkiteswara Aiyar, M. A., who has taken a Diploma in Geography is a teacher in the Science College and there is another Mr. P. Venkiteswara Aiyar, M. A., L. T., who has not only taken a diploma in Geography but is also a Geography L. T. and who is also employed as a teacher in Perumpavur. When there are such capable men, serving in the State whose services could be utilised, it is very difficult to understand the importation of a foreigner for receiving this remuneration.

Mr. K. N. Kesavan Namputiripad ; Sir, I also like to speak a few words on this motion. When the report of the Education Reforms Committee was published it was hailed with great joy by all. Some people here had become disgusted with the prevailing form of education and any change was welcome to them. Since the report of the committee contained many valuable suggestions, it was thought that if they are put into effect they would be advantageous to the people. There was a great talk in the Assembly as well as outside about the reforms that were going to be effected

[Mr. K. N. Kesavan Namputiripad.]

the starting of vocational bias schools, the opening of a college of technology, the introduction of industrial arts in schools, the introduction of instruction through the medium of Vernacular and the adjustment of school hours to meet the local needs—so many things were talked of. But all these were given up and the authorities attended to very minor matters. The only thing which the authorities have done by way of reform in the administration is the reorganisation of the Inspectorate. It sounds very bombastic but it is hollow and it means nothing. To do such minor things a great educationist as Mr. Statham was not necessary. That could have been done by any petty clerk in the department. I may say that it was a huge deception that was being played by the Government on the public, because the suggestions were very alluring and the people were led to entertain false hopes that they would be benefited by the reforms. With these words I support the opposition.

Mr. N. K. Padmanabha Pillai: വിദ്യാഭ്യാസഡിപ്പാർട്ടുമെൻറിനെപ്പററി എനിക്കും രണ്ടുവാക്കു പറയാനുണ്ട്. സാധാരണ ജനങ്ങൾക്കും വിദ്യാഭ്യാസം ലഭിക്കത്തക്കവിധത്തിൽ ഫീസിനു കുറവു ചെയ്യണമെന്നുള്ളതാണ് എനിക്കാദ്യമായി പറയുവാനുള്ളത്. ഇപ്പോഴത്തെ നില അനുസരിച്ച് ഉദ്യോഗസ്ഥന്മാരുടേയും ധനാഢ്യന്മാരുടേയും സന്താനങ്ങൾക്കല്ലാതെ ഹൈസ്കൂളിലൊ കാളേജിലൊ വിദ്യാഭ്യാസം നടത്തുന്നതിനു സാധിക്കുന്നില്ല. അതുകൊണ്ട് അസംബ്ലിയിൽ ൫൦ ശതമാനം ഫീസു ഇളവുചെയ്യണമെന്നു പ്രമേയം പാസാക്കിയതിനെ ആദരിച്ചു ഫീസു കുറവുചെയ്യേണ്ടതു് അത്യാവശ്യമാണ്. അതുനിമിത്തം മൂന്നോ നാലോ ലക്ഷംരൂപാ സർക്കാർമുതലിൽ കുറവുവരുന്നു എങ്കിൽ അതിനെ ഒരു വലിയ നഷ്ടമായി കരുതാനില്ല. അതിൽ നൂറുമടങ്ങു രക്ഷ ജനങ്ങൾക്ക് അതുനിമിത്തം ഉണ്ടാകുന്നതാണ്. ഫീസു കുറവു ചെയ്താൽ ഒട്ടുവളരെ കുട്ടികൾ പള്ളിക്കൂടത്തിൽ കൂടുതലായി വന്നുചേരുന്നതാണ്. വിദ്യാഭ്യാസഡയറക്ററുടെ കഴിഞ്ഞവർഷത്തെ റിപ്പോർട്ടിൽ ൧൧൦൭-ലെക്കാൾ ൧൧൦൮-ൽ വിദ്യാർത്ഥികളുടെ എണ്ണം കുറഞ്ഞിട്ടുണ്ടു എന്നു ഡയറക്ടർതന്നെ സമ്മതിച്ചിരിക്കുന്നു. ആ സ്ഥിതിക്കും ഇപ്പോഴത്തെ ഫീസിനു ശരിയായി കുറയ്ക്കേണ്ടതാണെന്നു കാണാവുന്നതാണ്.

ഫൈൻ ഈടാക്കുന്നതിനെ സംബന്ധിച്ചാണ് ഇനി എനിക്കു പറയുവാനുള്ളതു്. ഒരു ക്ലിപ്തതീയതിക്കകം ഫീസുകൊടുക്കാതെ ഇരുന്നാൽ

അങ്ങനെ കൊടുക്കാത്ത കുട്ടികളിൽനിന്നും ഒരു ഫൈൻകൂടി ഈടാക്കിവരുന്നുണ്ട്. കഴിഞ്ഞ വർഷത്തിൽ കാളേജിൽനിന്നും ൩൦,൦൦൦ രൂപായും ഇംഗ്ലീഷ്സ്കൂളിൽനിന്ന് ൨,൦൦൦ രൂപായും മുന്നാണ്ടത്തെ അപേക്ഷിച്ച് കൂടുതലായി വരവുണ്ടായിട്ടുണ്ടെന്നു കാണുന്നു. ഇതിൽ ഭൂരിഭാഗവും ഫൈൻഇനത്തിൽ കൂടുതലായി കിട്ടിയിട്ടുള്ളതാണെന്നു അനുമാനിക്കാം. ഇതു വളരെ കഷ്ടമാണ്. ഇങ്ങനെ ഫൈൻ ഈടാക്കുന്ന ഏർപ്പാടു നിർത്തണം. ഫീസുകൊടുക്കേണ്ട സമയങ്ങളിൽ ഫൈൻ കൊടുക്കുന്നതിനെ ഭയന്ന് ജനങ്ങൾ സ്വർണ്ണആഭരണങ്ങൾ പണയപ്പെടുത്തുകയും ജംഗമസാമാനങ്ങൾ വിൽക്കുകയുംചെയ്യുന്നതു സാധാരണയാണ്. അതുകൊണ്ട് ഇപ്പോൾ നടപ്പിലിരിക്കുന്ന ഫൈൻ ഏർപ്പാടു നിർത്തേണ്ടതു് അത്യാവശ്യമാണ്.

ഇൻസ്പെക്ടറേററു പരിഷ്കാരത്തെ സംബന്ധിച്ചാണ് ഇനി എനിക്കു പ്രസ്താവിക്കുവാനുള്ളതു്. അതിനെപ്പററി ഇവിടെ പല സ്നേഹിതന്മാരും പറഞ്ഞുകഴിഞ്ഞു. സ്റ്റേത്താംകമ്മിററി റിപ്പോർട്ടിൽ രണ്ടു ഡിവിഷണൽ ഇൻസ്പെക്ടർമാർ വേണമെന്നേ ശുപാർശചെയ്തിട്ടുണ്ടായിരുന്നുള്ളു. ഇപ്പോൾ നാലു ഇൻസ്പെക്ടരും ഒരു ഇൻസ്പെക്ട്രസ്സും ഉൾപ്പെടെ അഞ്ചുപേരുണ്ട്. ജനങ്ങളെ ഏതെല്ലാംവിധത്തിൽ ദ്രോഹിക്കാനും ഉപദ്രവിക്കാനും കഴിയുമോ ആ വിധത്തിലെല്ലാം ചെയ്യുന്ന ഒരു ഇൻസ്പെക്ട്രസ്സിനെയാണു നമുക്കു കിട്ടിയിരിക്കുന്നതു്.

Mr. Tariatu Kunjitomman (*Nominated*): ഏതുവിധത്തിലാണു ഇൻസ്പെക്ട്രസ്സ് ജനങ്ങളെ ഉപദ്രവിച്ചുകൊണ്ടിരിക്കുന്നതെന്നു പറയാമോ?

Mr. N. K. Padmanabha Pillai: നിയമനകാര്യത്തിൽ വലിയ ഉപദ്രവംചെയ്തുകൊണ്ടിരിക്കുന്നു. ന്യായമായ അവകാശികളുള്ള നിയമിക്കാതെ യാതൊരു അവകാശവും ഇല്ലാത്തവരെ നിയമിച്ചിരിക്കുന്നു.

Mr. Tariatu Kunjitomman: അങ്ങനെ നിയമിച്ചിട്ടുള്ള രണ്ടുമൂന്നുപേരുടെ പേരു പറയാമോ?

Mr. N. K. Padmanabha Pillai: ഇപ്പോൾ അവരുടെ പേർ പറയുന്നതിനു സമയമില്ല. എത്രപേരു വേണമെങ്കിലും പിന്നീടു പറഞ്ഞുതരാം.

Mr. Kattiyattu Sivarama Panickar (*Vaikam cum Shertallai*): ഈ ഇൻസ്പെക്ട്രസ്സ് വേണ്ടെന്നാണോ പറയുന്നതു്?

Mr. N. K. Padmanabha Pillai: അതേ.

[Mr. N. K. Padmanabha Pillai.]

അവരുടെ പരിശോധനക്കായി നിശ്ചയിച്ചിരിക്കുന്നതു് നൂറിൽപ്പരം എണ്ണം മാത്രമുള്ള ഗാൎൽസ്മിഡിൽസ്കൂൾ, ഹൈസ്കൂൾ, ട്രെയിനിംഗ് സ്കൂൾ എന്നിവയാണ്. അവയെ ഡിവിഷൻ ഇൻസ്പെക്ടന്മാൎക്കൊ അസിസ്റ്റൻറു് ഇൻസ്പെക്ടന്മാൎക്കൊ പരിശോധിക്കാവുന്നതാണ്. അതുകൊണ്ടു ഈ ഇൻസ്പെക്ട്രസ്സ് ആവശ്യമില്ല.

Mr. Kattiyattu Sivarama Panickar: ആ തരം സ്കൂളുകളെ പുരുഷന്മാർ പരിശോധിക്കാൻ പാടില്ല എന്നു നിശ്ചയിച്ചിരിക്കുന്നതിനുള്ള കാരണമെന്താണെന്നു് മെമ്പൎക്കറിയാമൊ ?

Mr. N K. Padmanabha Pillai: ആൺഇൻസ്പെക്ടന്മാൎക്കു് മററുള്ള സ്കൂളുകൾ എല്ലാം പരിശോധിക്കാമെങ്കിൽ ഈ മിഡിൽസ്കൂളും ഹൈസ്കൂളും ട്രെയിനിംഗ്സ്കൂളുകളുംമാത്രം അവൎക്കു് പരിശോധിക്കാൻ പാടില്ലാ എന്നു് പറയുന്നതു് അതിശയമായിരിക്കും. നല്ല മനഃപ്പരിഷ്കാരം സിദ്ധിച്ചിട്ടുള്ളവരാണ് ഈ വക ജോലികളിൽ ഏർപ്പെട്ടിരിക്കുന്നതു്.

Mr. Kattiyattu Sivarama Panickar: ഇൻസ്പെക്ടന്മാരുടെ പരിശോധനക്കായി വച്ചിരിക്കുന്നതു് എലിമെൻററിസ്കൂളുകളും ഇൻസ്പെക്ട്രസിൻെറ പരിശോധനക്കായി വച്ചിരിക്കുന്നതു് മിഡിൽസ്കൂളുകളും ഇംഗ്ലീഷ്സ്കൂളുകളുമാണെന്നു് മെമ്പൎക്കറിഞ്ഞുകൂടെ?

Mr N. K Padmanabha Pillai : അറിയാം. ഈ വ്യത്യാസം ആവശ്യമില്ലെന്നാണ് ഞാൻ പറയുന്നതു്. Co education ഹൈസ്കൂളുകളിലും കാളേജിലും ഇവിടെ നടപ്പിലിരിക്കുകയുമാണല്ലൊ.

Mr. A. N Visvanatha Pillai (*Quilon cum Karunagapalli*): സ്ത്രീകൾക്കും പുരുഷന്മാരോടൊപ്പമുള്ള സ്വാതന്ത്ര്യംവേണമെന്നു് വാദിക്കുന്നകാലമല്ലെ ഇതു്?

Mr. N. K. Padmanabha Pillai : അങ്ങനെ ആയിരിക്കാം.

Mr. A. N. Visvanatha Pillai: അതുകൊണ്ടു് പുരുഷന്മാർ സ്ത്രീകളുടെ പള്ളിക്കൂടങ്ങളെ പരിശോധിക്കുന്നതിൽ അസ്വാതന്ത്ര്യമൊന്നുമില്ലെന്നു് മെമ്പൎക്കു് തോന്നുന്നില്ലെ?

Mr. N. K Padmanabha Pillai: അങ്ങനെതന്നെയാണ് എൻെറ അഭിപ്രായം.

Mr. Tariatu Kunjitomman: ഉയൎന്നതരം വിദ്യാലയങ്ങളെ പരിശോധിക്കുന്നതിനു് ഇൻസ്പെക്ട്രസ്സിനെ നിയമിക്കുന്നതു് അതിനുവേണ്ടി ഒരു ഇൻസ്പെക്ടരെ നിയമിക്കുന്നതിനെക്കാൾ കൂടുതൽ ദോഷകരമാണൊ?

Mr. N. K. Padmanabha Pillai: ദോഷമൊന്നും ഇല്ലായിരിക്കും, പക്ഷേ കൂടുതൽ ഇൻസ്പെക്ടറേർസ് ഉള്ളതുകൊണ്ട് ഇൻസ്പെക്ടെസ്സിൻെറ ആവശ്യം ഉണ്ടാകുന്നില്ല. ഇതുകുറച്ചു സ്കൂളുകൾക്ക് ഒരു ഇൻസ്പെക്ടെസ്സ് ആവശ്യമില്ല. വൃഥാവ്യയമാണ്.

Mr. M. N. Narayana Menon: നൂറ് ശതമാനം ആൺപെൺകുട്ടികളെ ഒരുമിച്ചിരുത്തിയാണ് വിദ്യാഭ്യാസം നടത്തിവരുന്നതെന്നറിയാമോ?

Mr. N. K. Padmanabha Pillai: അതെ. അങ്ങനെയാണ് റിപ്പോർട്ടിൽനിന്നും കാണുന്നതു്.

ഇൻസ്പെക്ടെസ്സ് ഉദ്യോഗനിയമനവിഷയത്തിൽ അനീതികരമായ പക്ഷപാതം കാണിക്കുന്നു എന്നുള്ളതു് ഞാൻ മുമ്പുതന്നെ ഇവിടെ പ്രസ്താവിച്ചിട്ടുണ്ട്. ഏതുകൊണ്ടും ഇൻസ്പെക്ടെസ്സിൻെറ കീഴിൽ വച്ചിട്ടുള്ള വിദ്യാലയങ്ങളെ പരിശോധിക്കുന്നതിനുള്ള അധികാരം ഇൻസ്പെക്ടന്മാർക്ക് വീതിച്ചുകൊടുത്താൽ മതിയാകും.

Mr. Tariatu Kunjitomman: മററ് ഇൻസ്പെക്ടന്മാർ സത്യമായും ന്യായമായും ആണു് നിയമനം നടത്തിവരുന്നതെന്ന് മെമ്പർക്കു ബോദ്ധ്യമുണ്ടോ ?

Mr N. K. Padmanabha Pillai: നിശ്ചയമായും ഇത്രത്തോളം അനീതിചെയ്യുന്നില്ല.

അസിസ്റ്റൻറ് ഇൻസ്പെക്ടെസ്സുകൾക്കു വർണ്ണാക്കുലർ മിഡിൽസ്ക്കൂളുകളിൽ പരിശോധനനടത്താൻ പാടില്ലാ എന്ന് വച്ചിരിക്കുന്നു. എന്നാൽ അവരെക്കാൾ പ്രാപ്തിയും സർവ്വീസും ശമ്പളവും കുറവുള്ള അസിസ്റ്റൻറ് ഇൻസ്പെക്ടെസ്സിൻെറ അസിസ്റ്റൻറിനു പരിശോധിക്കാമെന്നു നിശ്ചയിച്ചിരിക്കുന്നതു് ഏതുതത്വത്തെ അടിസ്ഥാനപ്പെടുത്തിയാണെന്നുള്ളതു് മനസ്സിലാകുന്നില്ല.

Mr. K. Madhavan Pillai: സ്ഥലം ഇൻസ്പെക്ടെസ്സിനു മലയാളം അറിഞ്ഞുകൂടാ എന്നുള്ളതു് മെമ്പർക്കറിയാമോ?

Mr. N. K. Padmanabha Pillai: അങ്ങനെ മലയാളഭാഷ അറിഞ്ഞുകൂടാ എങ്കിൽ ഈ സ്ഥാനത്തു് ഒരു നിമിഷവും വച്ചുകൊണ്ടിരിക്കാൻ പാടില്ലാത്തതാണ്.

Mr. Komilezhathu Sankaran: ഡിവിഷൻ ഇൻസ്പെക്ടരുടെ പേർസണൽ അസിസ്റ്റൻറുമലയാളം ബി. എ. ആണെന്നുള്ളതു് മെമ്പർക്കറിയാമൊ?

Mr. N. K. Padmanabha Pillai : അറിഞ്ഞുകൂടാ. അങ്ങനെ ആയിരുന്നാൽതന്നെ എന്തു്?

ഇപ്പോഴത്തെ ഡിവിഷൻസ് തിരിച്ചിരിക്കുന്നവിഷയത്തിൽ ശരിയായ ഒരു വ്യവസ്ഥയും സ്വീകരിച്ചിരിക്കുന്നതായികാണുന്നില്ല. തിരുവനന്തപുരം ഇൻസ്പെക്ടർക്കു് പത്തു ഡിസ്ട്രിക്ടും, കൊല്ലംഇൻസ്പെക്ടർക്കു് ആറുഡിസ്ട്രിക്ടും കൊടുത്തിരിക്കുന്നു. ചെങ്കോട്ടയും കൊട്ടാരക്കരയും തിരുവനന്തപുരം ഡിവിഷനിൽ ചേർത്തിരിക്കുന്നു. ആ സ്ഥലങ്ങൾ പരിശോധിക്കാൻ കൂടുതൽ സൗകര്യം കൊല്ലംഇൻസ്പെക്ടർക്കാണെന്നുള്ളതു എന്തുകൊണ്ടു വിസ്മരിച്ചു എന്നു മനസ്സിലാകുന്നില്ല.

കറുത്തവാവു് ഒഴിവിനെപ്പററി ഇവിടെ പലരും സംസാരിച്ചുകഴിഞ്ഞു. എന്തായാലും വാവ്ഒഴിവ് എടുത്തുകളഞ്ഞതിൽ തീരെന്യായം കാണുന്നില്ല. ഹിന്ദുക്കൾ അതിനെ പ്രധാനമായ ഒരു ഒഴിവു് ദിവസമായിട്ടാണു ആചരിച്ചുവരുന്നതു്. കറുത്തവാവു് ദിവസത്തിൽ അദ്ധ്യാപകർ ഒന്നോ ഒന്നരയോ മണിക്കൂർസമയം താമസിച്ചുവന്നാൽ മതി, അല്ലെങ്കിൽ കാഷ്വൽ അവധി എടുത്തുകൊള്ളണമെന്നും മററും ഡയറക്ടർ നിശ്ചയിച്ചതു ആരുടെ ഉപദേശപ്രകാരമാണെന്നു് മനസ്സിലാകുന്നില്ല. ആ ദിവസത്തെ മതപരമായിവളരെ പ്രാധാന്യമുള്ള ഒരു ഒഴിവു് ദിവസമായി ഹിന്ദുക്കൾ ആചരിച്ചുവരുന്നതുകൊണ്ടു് തീർച്ചയായും അതിനെ ഒഴിവുദിവസമായിതന്നെ ഗണിക്കേണ്ടതാണു്.

Mr. Komilezhathu Sankaran : ഈ കറുത്തവാവു ദിവസമല്ലാതെ ഹിന്ദുക്കൾക്കു മാസംതോറും വരുന്ന ഹിന്ദു ഒഴിവു ദിവസങ്ങൾ വേറെഎന്തെങ്കിലുമുണ്ടോ?

Mr. N. K. Padmanabha Pillai: വേറെ ഒന്നുമില്ല.

ഫീസ് കൺസെഷനെ സംബന്ധിച്ച മി. പരമേശ്വരൻപിള്ള പുറപ്പെടുവിച്ച അഭിപ്രായത്തോടുകൂടി ഞാൻ യോജിക്കുന്നു. ഫീസ് സൌജന്യം ജാതിമതവ്യത്യാസംകൂടാതെ സാധുക്കൾക്കു് എല്ലാവർക്കും ചെയ്തുകൊടുക്കേണ്ടതു് അത്യാവശ്യമാണു്. ഇപ്പോഴത്തെ ഏർപ്പാടു് അനുസരിച്ചു എത്രകഴിവുള്ള മഹമ്മദീയർക്കും മുഴവൻ ഫീസും സൌജന്യമാക്കിയിരിക്കുന്നു. ആ സ്ഥിതിക്കു ഇവിടത്തെ ദിവാൻ, സർ ഹബീബുള്ള അദ്ദേഹത്തിൻെറ കുട്ടികളെ സ്ക്കൂളിൽ അയച്ചാൽ അവർക്കു് ഫീസ് കൊടുക്കേണ്ട എന്നാണു് വിചാരിക്കേണ്ടിയിരിക്കുന്നതു്. ഇതു് പ്രത്യക്ഷത്തിൽ അന്യായമല്ലേ? അതുകൊണ്ടു ഇപ്പോഴത്തെ ഫീസ് സൌജന്യരീതിയെ ഭേദപ്പെടുത്തേണ്ടതാണു്.

ടീച്ചേർസ് ബെനിഫിററ്ഫണ്ടിനെപ്പററി മി. കെ. പി. നീലകണ്ഠപ്പിള്ള ഇവിടെ പ്രസ്താവിച്ചുകഴിഞ്ഞു. അതിൻെറ പ്രസിഡൻറായിരുന്നതു് മുമ്പിലത്തെ വർണ്ണാക്കുലർസ്ക്കൂൾ ഇൻസ്പെക്ടർ ആയിരുന്നു. അദ്ദേഹം ഇപ്പോൾ നാലിലൊന്ന് ഇൻസ്പെക്ടർ ആയിരിക്കുകയാണ്. അതുകൊണ്ടു അദ്ദേഹത്തിനു പ്രസിഡൻറുസ്ഥാനം വച്ചുകൊണ്ടിരിക്കാൻ നിവൃത്തി ഇല്ല. സാധുക്കളായ അദ്ധ്യാപകന്മാരിൽനിന്നും പിരിഞ്ഞുകിട്ടിയിട്ടുള്ള ഒരു ലക്ഷം രൂപാ ഈ ഫണ്ടിൽ ഉണ്ടു്. ൪,൮൦൦ മെമ്പേഴ്സും ഉണ്ടു്. രണ്ടുകൊല്ലക്കാലമായി അതിനെ ശരിയായി നടത്തിക്കൊണ്ടുവരുകയാണ്. ആ കാര്യത്തെപ്പററി പ്രത്യേകമായി ആരും ശ്രദ്ധിക്കാതിരിക്കുന്നതുകൊണ്ടു പല കുഴപ്പങ്ങളും ഉണ്ടാകുന്നുണ്ടു്. ഇപ്പോഴത്തെ ഡയറക്ററർ അതിൻെറ പ്രസിഡൻറായിരിക്കണമെന്നു കമ്മിററിക്കാർ പലപ്രാവശ്യവും അപേക്ഷിച്ചിട്ടും അദ്ദേഹം അതു സ്വീകരിക്കാതിരിക്കുന്നതു എന്തു ഉദ്ദേശത്താലാണെന്ന് അറിയുന്നില്ല. ഡയറക്ററർ ഫണ്ടിൻെറ പ്രസിഡൻറായിരുന്ന് അതിനെ പ്രോത്സാഹിപ്പിക്കണം.

Mr. V. S. Arumukham Pillai (*Tovala* cum *Agastisvaram*): Sir, I do concede that the present Director of Public Instruction is a great educationist and a great enthusiast in education. But the fact cannot be denied that some of his recommendations are quite impracticable. In this respect, I agree with the honourable member, Mr. Paramesvaran Pillai, when he said that the Director was a visionary. Now leaving aside the merits of his reform and the merits of the learned Director, what we are concerned is whether any reform which touches our pocket, the resources of the State, is fit to be effected at the present moment. That is the question that I want to lay emphasis upon. Under the head of Education funds to the extent of Rs. 1·16 lakhs in excess of the anticipated expenditure of the current year have been provided for in the budget. The fact cannot be denied that Travancore is foremost in the matter of education and this place which our Travancore has attained is at the cost of huge sums of money on education and it is as a result of that we have attained to this position. But my question is are we the richer for it. I may submit that it is the costly education that has caused the poverty of the country.

Mr. M. Govindan: May I know from the member whether there is not more literacy now than before?

Mr. V. S. Arumukham Pillai: I do concede that there is more literacy now than before and that is why I say that the country has become poorer. In the words of the Census Commissioner unemployment increases with literacy, and indebtedness is

[Mr. V. S, Arumukham Pillai.]

steadily increasing with unemployment. That is the point which I emphasise. Costly education which we were having hitherto has caused the poverty of the country.

Mr. Kattiyattu Sivarama Panickar : Does not the Statham Committee report contain the same observation made by the member now?

Mr. V. S. Arumukham Pillai : Yes. I find on page 342 of the report these words .—

> "the recommendations we have made in this Report have naturally been made irrespective of the present economic depression and in the hope that Travncore, along with other countries, will soon enjoy a revival of trade".

Now so far as the revival of the trade is concerned there is no hope for the future. The clouds are thicker and blacker and there is no likelihood of things getting brighter. Therefore my point is that when the people are too poor and when they are impoverished it will be too much to ask them to contribute any more money to this education which, I may say, is not at all beneficial so far as the economic point of view is concerned.

Mr. M. Govindan : May I know whether he does not accept the opinion of the Financial Secretary that our financial position is quite sound?

Mr. V. S. Arumukham Pillai : I do not accept it. I have said yesterday during the general discussion on the budget that the statement of the Financial Secretary is questionable. The financial position is really not sound. It is the peoples' resources which we ought to take into consideration and not the figures that we find in the budget book.

Mr. K. Madhavan Pillai : Does the member mean to say that the State ought not to spend any money to remove illiteracy? Is that the point?

Mr. V. S. Arumukham Pillai : That is not my point. Illiteracy must be removed. But too much money need not be spent on education, because it is becoming useless and has made the country poor. That does not mean that there must be illiteracy in the land. What I mean is this. In the colleges we find that huge sums of money were lavished and are being lavished even now. We do not find the same amount spent in the secondary schools.

Mr. M. Govindan: What about the vocational bias schools?

Mr. V. S. Arumukham Pillai: I am deadly against the introduction of vocational bias schools. I have elaborated my point on that during the time when the committee's report was discussed in this House. It is impracticable and our experience of the existing vocational institutions shows that it will be a failure. By instituting vocational bias schools the Director or the committee are trying to solve the naughty problem of unemployment.

Now turning to the subject, I may say that I am against the costly establishment which we are having in the colleges. I may submit that I do not grudge sufficient money being spent in schools, because to a citizen of modern State secondary school education at least is as much necessary as light and air and every facility ought to be provided for encouragement of secondary school education, and in view of the impoverishment of the country I would agree with most of my friends that the school fees should be reduced substantially but not the college fees.

Now I may take this opportunity to point out that there are in the State 8 lakhs of Tamil speaking people. It has been a long-felt grievance of these Tamil speaking people to have a separate Tamil Inspectorate. They have been agitating for a long time but the Government do not heed to it and therefore I would request that this long-felt grievance may be redressed at the earliest opportunity.

Mr. K. Madhavan Pillai: Does the member want Tamil Inspectorate all over the country?

Mr. V. S. Arumukham Pillai: One Tamil Inspector for the whole State.

Mr. S. Piraviperumal Pillai: Are there sufficient Tamil schools all over the State?

Mr. V. S. Arumukham Pillai: No. In this connection I would point out that more Tamil schools should be established throughout the State.

Mr. Tariatu Kunjitomman: ഒരു രാജ്യത്തിന്റെ സ്ഥിരമായ അഭിവൃദ്ധി അവിടത്തെ വിദ്യാഭ്യാസത്തെ സാരമായി ആശ്രയിച്ചാണിരിക്കുന്നത്. ഇൻഡ്യയിൽ കൊച്ചികഴിഞ്ഞാൽ വിദ്യാഭ്യാസത്തിൽ മുന്നിട്ട് നിൽക്കുന്നത് തിരുവിതാംകൂർആണ്. ഇവിടെ സാമ്പത്തികവിഷമം അധികരിച്ചു വരുന്നുഎങ്കിലും കഴിഞ്ഞകൊല്ലത്തിൽ ഒരു ലക്ഷത്തിപ്പതിനാറായിരം രൂപാ എഡ്യൂക്കേഷൻ ഡി

Mr. K. P. Nilakanta Pillai: തിരുവിതാംകൂറിൽ വിദ്യാലയങ്ങൾ ഇല്ലാത്ത പകുതികൾ എത്രയുണ്ടെന്നറിയാമോ?

The Council adjourned for lunch at 1 P. M. and reassembled at 2 of the clock, Mr. Kochikal P. Balakrishnan Tampi, one of the panel of Chairmen, presiding.

Mr. Tariatu Kunjitomman: സർ, വിദ്യാഭ്യാസത്തിനായി അനുവദിച്ചിട്ടുള്ള സംഖ്യയിൽ വലിയപങ്കും പട്ടണങ്ങളിലേ ഉയർന്ന വിദ്യാലയങ്ങൾക്കായി ചിലവുചെയ്തുവരുന്നു. നാട്ടിലെ ജനസാമാന്യത്തിൽ നിന്നും പിരിക്കുന്ന സംഖ്യ നാട്ടുംപുറക്കാർക്ക് വേണ്ടതുപോലെ ഉപയോഗപ്പെടുന്നില്ല. നാട്ടിൻപുറങ്ങളിൽ താണതരം മലയാളവിദ്യാലയങ്ങളിലാണു സാമാന്യജനങ്ങളുടെ കുട്ടികൾ പഠിച്ചുവരുന്നതു്. അങ്ങിനെയുള്ള വിദ്യാലയങ്ങൾ അടുത്തടുത്തു വേണ്ടിടത്തോളം ഉണ്ടായിരിക്കത്തക്കവണ്ണം അവയുടെ സംഖ്യവർദ്ധിപ്പിക്കാൻ ഗവൺമെൻറു ശ്രദ്ധിക്കണം. അങ്ങനെയുള്ള വിദ്യാലയങ്ങൾ നേരിട്ടുസ്ഥാപിക്കുവാൻ പ്രയാസമെങ്കിൽ ഗ്രാൻറു നാട്ടുകാരെജനങ്ങളെ പ്രോത്സാഹിപ്പിച്ചു സ്ഥാപിക്കണം. എന്നാൽ ഗ്രാൻറു വിദ്യാലയങ്ങളുടെ ചിലവു ഗവൺമെൻറു പ്രതിവർഷം കുറച്ചുവരുന്നു. ഗ്രാൻറു സ്കൂളുകൾക്കുള്ള സംഖ്യകഴിഞ്ഞ മൂന്നുകൊല്ലമായി പതിനായിരക്കണക്കിനു് ഗവൺമെൻറു കുറച്ചിരിക്കുന്നു. ൧൧,൧൨,൦൦൦-രൂപായാണു ബഡ്ജററിൽ ഗ്രാൻറു വിദ്യാലയങ്ങൾക്കു അനുവദിച്ചിട്ടുള്ളതു്. അതു് എത്രയും തുച്ഛമായിട്ടുള്ള ഒരു തുകയാണു. ഗ്രാൻറു വിദ്യാലയങ്ങളുടെ സംഖ്യനോക്കുന്നപക്ഷം ഗവൺമെൻറു വിദ്യാലയങ്ങളുടെ ഇരട്ടിയുണ്ടു്. അവയിലെ വിദ്യാർത്ഥികളുടെ സംഖ്യനോക്കുന്നതായാലും ഗവൺമെൻറു വിദ്യാലയങ്ങളിലേതിൽ ഇരട്ടിയുണ്ടു്. ഇങ്ങനെ എല്ലാം ഇരുന്നിട്ടും പൊതുവിലുള്ള ൪൭-ലക്ഷത്തിൽ നിന്നു ൧൧,൦൦,൦൦൦ ത്തിൽ ശിഷ്ടം രൂപായേ അവയ്ക്കു അനുവദിച്ചിട്ടുള്ളു. അതിനും പുറമേ ഇപ്പോൾ ഗ്രാൻറു് വിദ്യാലയങ്ങളുടെ ഗതിയെ കൂടി തടയണമെന്നാണു് ചില സ്നേഹിതന്മാർ പറയുന്നതു്. ഗ്രാൻറു വിദ്യാലയങ്ങളെ തടയുന്നതു് രാജ്യത്തിൻെറ പുരോഗതിയെത്തന്നെ തടയുകയാണെന്നു് ഓർക്കണം. നമ്മുടെ രാജ്യത്തും നമ്മുടെഅയൽ രാജ്യമായ കൊച്ചിയിലുമാണു് ഇൻഡ്യയിൽവച്ചു കൂടുതൽ വിദ്യാഭ്യാസമുള്ളതെന്നു് സെൻസസ്സ റിപ്പോർട്ടിൽകാണുന്നു. ഗ്രാൻറുവിദ്യാലയങ്ങളുടെ

Mr. R. M. Statham : Sir, the criticisms against the Education Department have been rather widespread and I shall not obviously be able to deal with every point raised. I shall therefore endeavour to answer the more important criticisms that have been levelled against the department. I think the most important question is what has or what has not been done with the recommendations contained in the Education Reforms Committee Report.

[Mr. R. M. Statham.]

Sir, there have been two kinds of criticisms about that. One is that nothing has been done, and the other is that even the attempts that have been made to do something, ought not to have been made because the reforms proposals were not satisfactory. Mr. M. N. Narayana Menon, I think, mentioned that the mountain has been in labour and produced only a mouse. I am not sure of the length of labour of a mountain, but, I would press this point *viz.*, that the members of the State Council should scarcely have attempted to judge the results of the reforms after a period of a few months. The time element is an important element in attempting to introduce a very large number of reforms, reforms with far-reaching effect. Honourable members will remember that no action could be taken on big questions of reform until after the reform proposals in the report had been discussed by the members of the Assembly and the members of the Council. That took us up to the end of November last year, and the reforms were considered by Government only afterwards. After that a major portion of the items of the reforms had to be considered by the Advisory Board which was set up by Government not only to look to education generally but to discuss the items of reforms proposed in the report. The Advisory Board just met in December. That means really that there has been only a period of 7 months since the question of reforms actually received the earnest attention of the Education Department and of the Government.

I have to tell you, Sir, that so far as the reforms are concerned, they include a great amount of spade work to be done, and a very large number of recommendations had to be sanctioned by Government on the recommendation of the Director. I think, if I attempt to make a statement of what has been actually done, the honourable members will admit that as much has been done, as could possibly be done in the time allotted. Remember also that there was another and more important factor at work, and that is the provision of finance. Nobody could expect large items of reforms, such as the opening of a Technological Institute to be brought into effect all at once, at a time when both sides of the Houses admit that there is grave financial stringency. Also, Sir, we have been endeavouring to carry out real reforms. We have not been attempting anything very spectacular like educational exhibitions and things of that kind, as is done by Education Departments elsewhere. What we have tried to do is to have solid and systematic work leading to the building up of the reforms on a sound foundation. Members of the House, if they will turn to the summary of recommendations, will find that there are 136 recommendations specified

in the summary, although there are in addition a large number of suggestions in the body of the report not specifically mentioned in the summary. Eleven of these 136 relate to things which are outside the immediate purview of the Education Department, such questions as the starting of more Agricultural Settlements and so on. Twelve of these recommendations relate to the amalgamation of colleges and the setting up an institution for higher technological study. I may say we could not proceed with the question of amalgamation of colleges and setting up higher technological institution at the present time of financial stringency. The report itself shows that until a decision has been arrived at by Government with regard to the availability or otherwise of the Nayar Brigade grounds upon which the questions of technology and amalgamation of colleges are dependent, the recommendation cannot be proceeded with.

Of the remaining, 89 of the recommendations have actually been acted upon either by the Government or by the department and in the case of 36, final orders have been passed and final action has been taken. Even numerically, therefore, that is not a very bad record considering the short period of time that has elapsed.

With regard to the items of recommendation of the Education Reforms Committee which have actually been undertaken, the reorganisation of the Head Office has been proceeded with and nearly all the suggestions of the report have been given effect to. A Financial Assistant has been appointed ; and the members of the House must realise that it is a very important step. It means not only an additional officer in the Head Office ; but there is a regular system of internal check and audit ; and a careful scrutiny of the whole budget expenditure and receipts. That is a big step forward which enables the Head Office to understand correctly the financial position of the department.

The Inspectorate has been reorganised. About that, I shall speak in detail as I come to the various criticisms. An Advisory Board has been established. That may not be a very big achievement from the point of view of some members ; but in my humble opinion, it is very important, for, it has created a link between the officials and non-officials and we are able to get good advice on most of the major questions of policy regarding the department generally and the reforms in particular. The question of overlapping of Vernacular primary schools has been taken up very seriously and a strong policy has been adopted in that regard. I may say with regard to that, that for 12 solid years previous to the Education Reforms Committee's Report, the question of overlapping schools and

[Mr. R. M. Statham.]

of unnecessary schools and the waste of money involved therein have been under the consideration of Government. For the last 12 solid years these questions have been considered by the Government and by the department and, I think I am right in saying that during these years not a single school was removed from the recognised list as unnecessary I say that question has now been thoroughly gone into and a large number of schools, overlapping and unnecessary, has been removed. The question of the utility of a large number of incomplete schools, particularly one-class schools and two-class schools, has been fully gone into and a great majority of the unnecessary, unwanted and wasteful of the incomplete schools have been done away with. The question of overlapping English schools, referred to in the report, has also been gone into, and a new policy has been adopted to see that the various aided English schools and departmental English schools do not overlap and do not enter into cut-throat competition. Co-education in the Vernacular primary schools has been approved by Government as recommended by the committee. The recommendation to adopt mixed staffs particularly with the idea of having women teachers in charge of the lowest primary classes of Vernacular schools has been sanctioned by Government. The Education Reforms Committee Report recommended a 5 years' primary course preliminary to a vocational bias course. Government have sanctioned the scheme as a whole. Unfortunately Government were not able to introduce the 5 years course this year on account of financial stringency. I would like to point out that you cannot press a button and have all the reforms brought about in one moment. In the report it is clearly stated that it would take 3 to 5 years before you can have the complete vocational bias scheme working. All that I can now say is that Government have sanctioned the scheme and steps have actually been taken to see that the scheme is gradually brought into effect during the course of about 3 years. Government have also sanctioned the attachment of primary schools to English schools which is a radical change and which is in the recommendations of the report. Both aided and departmental English schools can now have primary classes attached to them. Another very important point, one of the major recommendations of the report, was the need for more adequate inspection of schools.

During the last few months, almost every school in the State, Vernacular as well as English schools, have been inspected. I do not think it is a small achievement, Sir, considering the fact that,

as could be seen from the report of the Education Reforms Committee, on an average about 600 schools were being, year after year, left un-inspected.

Some of the honourable members spoke about what they considered the 'expensive' re-organisation of the Inspectorate. After all, Sir, the additional expenditure involved in the re-organisation, for the coming year, is only Rs. 8,500. I consider that, Sir, comparatively a very small amount, considering the fact that it will enable the inspection of every school in the State at least once every year and will also make surprise visits possible. I think it is foolish policy to spend Rs. 11 lakhs by way of grants in-aid to private schools, and over Rs. 20 lakhs on Government schools without having any idea as to how they are working. Therefore, Sir, the very small additional expenditure incurred on account of the re-organisation of the Inspectorate is more than justified by its results.

Increased provision has been made for the training of teachers as recommended in the report. The number of admissions to the L. T. College has been increased from 50 to 80. Two new English Training Schools have been opened as also five new Vernacular Training Schools. Therefore, Sir, the recommendations regarding the question of increasing the number of trained teachers has been implemented. Pre service training has now become the order of the day. Stipends have been stopped for new recruits. Formerly, raw graduates used to be recruited on the understanding that they would be taken for training after some years. That system has been stopped, as recommended by the committee, and only trained teachers are now entertained in departmental as well as aided schools as far as possible. The Non-trained Teachers' Certificate Examination has been abolished as recommended by the committee.

It was very common for teachers to work without licenses. Last year about 40 per cent. of the teachers had no license although it is one of the ordinary rules of the Code that every teacher must have the teacher's license Now it has been made a condition of recognition that every school should submit the licenses of every one of its teachers for endorsement by the Inspector.

With regard to the question of the irregularity of the payment of teachers in aided schools, I am not able, obviously, due to the limitations of time at my disposal, to give full details as to what has been done in the matter. I can assure the House that strong action has been and is being taken in the matter. Notices are being issued to the managements of schools, which have not been paying the teachers regularly or which have been largely in arrears, that their recognition will be withdrawn unless they mend matters. As a

[Mr. R. M. Statham.]

matter of fact, recognition has been withdrawn in some cases until the management paid off the money due and convinced the department that they were treating their teachers properly.

In regard to the aided schools generally, the recommendation of the committee has been followed and, as I said, the system adopted by Dr. Mitchell is now being followed. Teachers' licenses have to be properly endorsed by the managers and approved by the department. The tenure of service in aided schools has been improved. Much is being done to improve the position of the teachers in aided schools.

A number of steps have been taken to implement the recommendation with regard to Mahomedan education. The honourable members of the House know how few Mahomedans there were in the department in former years. A Mahomedan first class M. A. in Arabic has been appointed as an Inspector of schools; and a Mahomedan L. T. has been appointed in the Mahomedan school at Alleppey. A mahomedan has been appointed as Assistant Inspector at Alleppey. Further concessions to Mahomedans have been under the consideration of the Advisory Board.

Similarly, with regard to the education of the depressed classes, action has been taken to give effect to the recommendations of the committee in regard to this matter also. For instance, in the budget for 1110, there is special provision for extraordinary grant-in-aid to aided school managements in proportion to the number of the depressed class pupils in the fourth primary class, and also the number of Muslim girls. The Advisory Board has considered more extensive concessions to members of the depressed classes, and their recommendations are being placed before Government. Detailed instructions have been issued to all inspecting officers to make it their first duty to submit special reports as to how the depressed class pupils are getting on, as to the number stagnating in particular classes ....

Mr. Komilezhathu Sankaran: What has the Director done in regard to the twelve schools which are still not open to certain communities in the State?

Mr. R. M. Statham: One of such schools has been closed. In regard to the others orders have been issued for the school being removed from their present sites to other sites accessible to all communities.

In regard to the Text-Book Committee, the new type of committee that has now been formed has been criticised by some of the

honourable members of the House. I can only request the House to wait and watch the working of the new committee for some time more before they cry it down.

A new type of primary school building, costing only Rs. 1,750, more airy and better in every respect has been introduced in the place of the old type costing about Rs. 3,780. Although the main objective of the Education Reforms Committee was not retrenchment, the new design will effect large savings.

Another recommendation of the report, which I personally consider as very important, was the laying down of policy, relating to all important problems, and information being sent round to the various officers of the department by means of circulars. This is being done.

Another recommendation of the committee which has been implemented is that the standards of promotion in the high school forms should be improved. In fact, formerly, the rule was that every pupil in the VI Form must be sent up for the Secondary School Leaving Certificate Examination, whether he was good enough for the examination or not. That rule has been abolished. Selection and promotion examinations have been considerably tightened.

Another recommendation of the committee was that the number of holidays enjoyed by the schools was excessive. That has been implemented, and the number of holidays has been considerably reduced. I think, Sir, I might, in this connection, explain at some length, the actual position in the matter. I really think that there cannot be a more unjustifiable public agitation than the one against the reduction of the number of holidays of the schools in Travancore, particularly against the abolition of the holiday on the New Moon day. Actually, Sir, absolutely no attack against any Hindu holiday has been meant or has been made at all. If you take Christian holidays, for instance the number of Christmas holidays has been reduced from 23 to 10, whereas the Onam holidays have been reduced only from 13 to 8. I would request the House to consider seriously whether any teacher worth his job has any reason to complain of the recent reduction of holidays when he actually gets every Saturday and every Sunday as holidays, when he has Onam and Christmas holidays, when he has about two months in the summer, and also—in the case of the teachers in the departmental schools—fourteeen days' casual leave in the year on the top of all these. I must say, Sir, that it was utterly wrong on the part of Mr. Paramesvaran Pillai when he stated that the calculation with regard to the reduction of holidays was made by a very unmathematical Director. The calculation is quite alright, Sir. Only, the number of holidays in the English

[Mr. R. M. Statham.]

schools does not exactly correspond with those in the Vernacular schools. There is slight difference in the margin left between the two sets of schools. In all cases, Sir, sufficient margin is left to the individual school to have a minimum of 170 working days in the year. In this State, Sir, the minimum number of working days for Vernacular schools is only 170, and the minimum for English schools is 175. In Madras—not that I consider Madras as the paragon of virtue—they have a minimum of 200 days for the Vernacular schools and 180 days for the English schools. I submit, Sir, that if the little childern in Madras can be forced to work on 200 days in the year, there is not much hardship in the children in Travancore being asked to work for 170 days. In regard to the New Moon day, Sir, I cannot imagine that any Hindu, however pious or orthodox he may be, can have any grievance ; because, even under the present arrangement, teachers who have ceremonies to perform can come to school one hour late. In Madras also that is the rule ; and in the Madras town, they are not allowed even that privilege. Teachers who insist on having a holiday on the New Moon day are permitted to take casual leave ; and, if in any school, the majority of teachers apply for casual leave for this purpose, it is open to the Headmaster to declare the New Moon day a holiday and to work on the following Saturday. In these circumstances, I do not think any teacher or pupil, however orthodox he may be, has any reason to complain of the present arrangement.

Another recommendation made in the report was that the staff of the Training College should be empowered to inspect Training Schools. That has been implemented, and provision has been made in the budget for that purpose.

The report has also recommended the introduction of child education as a subject of study in the Training College. Steps have been taken to give effect to that recommendation, and Government have deputed one of their Officers for higher studies, in England, in child education.

With regard to the rules governing the imparting of religious instruction in educational insitutions, the recommendations contained in the report have been accepted by the Government, and orders are being issued accordingly.

A School Leaving Certificate Examination Board for the control of examinations, has been set up and is working.

Government have approved of the recommendation of giving grants-in-aid to hostels attached to schools as distinct from colleges,

The committee had also recommended that admissions to the Colleges must be restricted and that the standard for such admission must be heightened. That suggestion was accepted by the Advisory Board. Government also have accepted the recommendation in principle and are considering ways and means to bring it into effect.

Another recommendation of the report was that medical examination must be more wide-spread, particularly in primary schools. A new scheme for medical inspection has been drawn up by the Director of Public Instruction, in consultation with the Darbar Physician and the Deputy Director of Public Health. The scheme was placed before the Advisory Board; and they have accepted it with certain modifications. It is being submitted to Government.

The reform of Sanskrit education, also recommended by the committee, has been taken up. The question has been discussed with the experts in the Sanskrit College and with the members of the College Committee and proposals are being submitted to Government.

Another recommendation was the improvement of Arabic instruction in schools and the improvement of the position of the Koran teachers and Arabic Munshis. Proposals have been made to Government to increase the pay of the Koran teachers.

Mr. M. N. Paramesvaran Pillai: May I know what reply the Director has to say in reply to the suggestion made by Mr. N. K. Padmanabha Pillai with regard to the reduction of school fees?

Mr. R. M. Statham: I just wanted to show to the House that it was not the case of a mountain being in labour and producing a mouse, so far as the reforms were concerned.

Chairman: You have only two minutes more, Mr. Statham.

Mr. R. M. Statham: I just wanted to impress upon the House that we have had so far only a comparatively short period of seven months to deal with recommendations numbering somewhere about 400. I claim, Sir, that, in the circumstances, a very considerable amount of work has been done.

I would just say, before I exhaust the one minute or half minute that I have yet, a word about the Inspectorate. I would request the House to criticise the re-organisation when we meet next time or, even better, next year, when they can judge for themselves as to how many schools have been inspected and how few remain un-inspected.

[Mr. R. M. Statham.]

As a matter of fact, the attention that is now being paid to all classes of institutions from the lowest primary class to the English school is infinitely greater than what was being given for many years in the past. Though there may have been difficulties as to what place should be the headquarters of a particular Inspector or something like that, the new arrangement, if given a fair chance to be worked for some time to come, will show better results and will save Government a great deal of money which was hitherto wasted on schools which were not working properly. I have had occasion to state before on behalf of Government that while Government do not consider it either necessary or possible to reduce at the moment the fees in all the Government colleges, which are already lower than the fees in all the aided colleges in the State or to reduce the fees in the high school classes where something over Rs. 2 lakhs is being spent by way of concessions and scholarships, Government are prepared seriously to consider the possibility of reducing fees in the Vernacular schools, from classes V to VII for example, and in the Preparatory and lowest classes of the English schools.

Several members have referred to the increasing expenditure in the Education Department.

Mr. S. Piraviperumal Pillai: On a point of order, Sir. I am afraid the time allotted for the demand has expired.

Chairman: The Chair has the discretion to allow a minute or two.

Mr. R. M. Statham: If we look into the Education budget carefully for the years 1109 and 1110 it will be seen that definite retrenchments have been effected in the budget to the tune of practically a lakh of rupees. Rs. 30,000 has been saved by way of abolition of posts in the colleges and schools. So, something has been done by way of definite retrenchment, and the actual small increase in the expenditure is much more than accounted for by the normal increments in the department. There *has been* a retrenchment policy and the retrenchment has been *very real.*

Chairman: The mover of the motion wishes to withdraw the motion with the leave of the House. I suppose the House accords permission for the mover to withdraw the motion.

Mr. M. N. Paramesvaran Pillai: I rise to a point of order. There is only one motion before the House, the Demand of Mr. Statham for grants for the Education Department. According to Section 28 (8) of Regulation II of 1108 the Council cannot reduce the amount referred to in any Demand either by a lump sum reduction or by the reduction of any particular item or items of

expenditure of which the Grant is composed. The Demand made by Mr. Statham has therefore to be put to the vote of the House. The motion for omission of the grant should be ignored.

Chairman : I suppose the House allows the motion for the omission of the grant to be withdrawn.

Mr. M. N. Paramesvaran Pillai : Sir, I wish to have a ruling on the point raised by me.

Chairman : I am not going to give any ruling on that now.

The motion was, by leave, withdrawn.

Chairman : I now put Demand I–Education for Rs. 46,04,579 to your vote.

The grant was made.

Chairman : As regards the point raised by Mr. M. N. Paramesvaran Pillai a considered ruling will be given later.

DEMAND II—PUBLIC WORKS DEPARTMENT.

Mr. G. B. E. Truscott : Sir, I move for a grant not exceeding Rs. 36,01,726 under Demand II—Public Works.

Mr. K. P. Nilakanta Pillai : Sir, I oppose the motion.

Chairman : Mr. John Kattakayam who has sent in a motion for the omission of the demand, will speak first.

Mr. K. P. Nilakanta Pillai : Sir, unless the point of order is decided, the members will be placed in a difficult situation and they will not know how to proceed.

Chairman : Provisionally I give this ruling, that those who have sent in motions will have precedence over others and as soon as a demand is brought before the House the person whose name is printed on the motion sheet as one who has given notice of a motion to omit the demand will have precedence. Mr. John Kattakayam will therefore speak now.

Mr. M. N. Paramesvaran Pillai : I rise to a point of order whether it is necessary for a member to give notice of a motion for the omission of any demand.

Chairman : I do not invite a criticism on the ruling of the Chair. I have already said that a considered ruling will be given later.

Mr. K. Madhavan Pillai : റോഡുവേലക്കാരുടെ കൂലിക്രമം എങ്ങിനെയാണ്?

Mr. J. John Kattakayam : ഇപ്പോൾ കൂലിക്രമം വളരെ കുറഞ്ഞിട്ടുണ്ട്.

പരിഷ്കൃതരാജ്യങ്ങളിൽ സാമ്പത്തികാധഃപതനം വരുമ്പോൾ റോഡുകൾ നന്നാക്കുക, പാലങ്ങൾ നന്നാക്കുക, റെയിൽവെ നന്നാക്കുക മുതലായ ഗതാഗതസൌകര്യങ്ങൾ വർദ്ധിപ്പിച്ച് ജനങ്ങളുടെ തൊഴിലില്ലായ്മയെ പരിഹരിക്കാൻ പ്രവൎത്തിക്കുന്നുണ്ട്. ഇവിടെ നേരെ വിപരീതമായിട്ടാണു കാണുന്നതു്.

ഒരുസ്ഥലത്തു് ഒരു റോഡുണ്ടാക്കാൻ ആദ്യം സ്ഥലത്തു ലയിൻ അടിക്കുവാൻ അയക്കുന്നതു് ഏററവും താണ ഒരുതരം ഉദ്യോഗസ്ഥനെയാണ്. അയാൾ അവിടെ ചെന്നുകഴിഞ്ഞാൽ ഉടനേ ധാരാളം ഫലവൃക്ഷങ്ങളുള്ള ഒരു പുരയിടം നോക്കി അതിൻെറ മദ്ധ്യത്തുക്കൂടി കുററി അടിച്ചുതുടങ്ങും. എന്തിന് ഒടുവിൽ വല്ലതുംഒന്നു കരസ്ഥമാക്കിയശേഷം ആ പുരയിടത്തിൽനിന്നും മററുപുരയിടങ്ങളിലേക്കു കുററിയുമായിപോകും. പ്രതിഫലം കിട്ടുന്നതിനു പലപ്പോഴും റോഡു വളഞ്ഞും പുളഞ്ഞും പോകുന്നതിന് ഇടയാകുന്നു. ഇതാണ് ഇന്നു കാണുന്ന പഴയ റോഡിന്

[Mr. J. John Kattakayam.]

പററിയ നാശം എന്നു തീർത്തു പറവാൻകഴിയും. മേലാൽ അങ്ങിനെ ഉള്ളവരെ ഈ കാര്യത്തിന് ഒരിക്കലും നിയമിക്കരുത്. അതിലേയ്ക്കു ഉയന്ന ഉദ്യോഗസ്ഥന്മാരെ തന്നെ നിയമിക്കേണ്ടതാണ്. ഈ സംസ്ഥാനത്തു ധാരാളം റോഡുകളുണ്ട്. മിക്കവാറും റോഡുകൾ മോട്ടാറിൽ സഞ്ചരിക്കുന്നവക്കും യാത്രക്കാക്കും ഉപദ്രവം നേരിടത്തക്കവണ്ണം മേൽ പറഞ്ഞ കാരണങ്ങളാലും മററും വളഞ്ഞാണ് കിടക്കുന്നത്. റോഡിന് ചില സ്ഥലങ്ങളിൽ വളരെ വീതികാണും. ഇതു പ്രായേണ വളവുകളിലാണ് കാണുന്നത്. ഇങ്ങനെ വളവുള്ള റോഡുകളിൽ റോഡ് മുതിരപ്പുറംപോലെ കിടക്കുന്നതിനാൽ സയിഡ് എടുത്തു പോകാൻ നിവൃത്തിയില്ല. സയിഡ് എടുത്തു പോകുന്നപക്ഷം വാഹനങ്ങളുടെ വേഗതകൊണ്ടു ചരിഞ്ഞും മറിഞ്ഞും പോകുമെന്ന് ഭയപ്പെടുന്നു. ഇതിനെ പരിഹരിക്കുന്നതിന് വളവുകളിലെല്ലാം കാംബർ സ്ഥാപിക്കണം. ഇപ്പോഴത്തെ നിലയിൽ കിടക്കുന്നപക്ഷം വളരെ ആപത്തുകൾ ഉണ്ടാകാൻ മാർഗ്ഗമുണ്ട്. ഇതിനുംപുറമെ വളരെസ്ഥലം വളവുകളിൽ നിരുപയോഗയോഗ്യമായിക്കിടക്കുന്നു. ഈവക സംഗതികൾ അചിരേണ നടപ്പിൽ വരുത്തിയാൽക്കൊള്ളാമെന്ന് എനിയ്ക്കു അഭിപ്രായമുണ്ട്.

Chairman: Your time is up.

Mr. K. P. Nilakanta Pillai: Sir, I second the motion. While seconding the motion, I have to place before the House the fact that an enormous and unnecessary expenditure is incurred on account of this department. Even though it may not be proper to blame the Chief Engineer alone for this loss of revenue on account of the Public Works Department, he and the others who are responsible for the close watching of the expenditure of the department are equally blamable. Now that the Public Works Department is under discussion the Chief Engineer, I am sorry, will have to take the whole blame. At a time when Travancore was spending more than Rs. 36 lakhs under this department, Rs. 15 lakhs was spent on buildings, communications and original works and we were having a staff consisting of a Chief Engineer and six or seven Executive Engineers. In the coming year's budget the whole allotment under Public Works is Rs. 32 lakhs odd, and out of it, Rs. 98,000 alone is earmarked for original works. Therefore, the rest of the amount, excluding the amount to be spent on capital works, is to be utilised for looking after the ordinary maintenance of the existing roads, repairs and other things. I ask the question, Sir, on what ground these

establishments could be justified to spend Rs. 98,000? The House will remember that out of the Rs. 62 lakhs spent for the Public Works Department the capital works are being supervised directly by different officers. The Electrical Department is supervised by the Electrical Engineer. For the Minor Irrigation Works there is a separate Assistant Engineer. The Water Works Department is supervised by another Engineer. Therefore the Chief Engineer and the Executive Engineers have only to supervise the original works and such a sum as Rs. 98,000 can never be justified for this staff and their establishment. One ought to be ashamed, Sir, to say that for executing works of Rs. 98,000 one Chief Engineer, the Executive Engineers and a lot of Supervisors and others are necessary.

Secondly, Sir, the history of the Public Works Department will show that it is groping in the dark. There is no definite policy. What they propose to do today is left incomplete tomorrow They have no idea whatsoever. By simply looking at the exigencies they prepare estimates, they sanction estimates and then estimates sanctioned are set at naught. I do not know what idea the department has about the work and what is the benefit of the amount spent by the department.

Sir, the next question to which I want to draw the attention of the House is the wastage of money in the department. I know what the department has been doing for the last 10 years. I know that my statement will be received with as much authority as the statement of the Chief Engineer in this respect. I have travelled throughout Travancore and I know that several original works which have been begun are left unfinished. Bridges started are left uncompleted. New roads opened, a section completed and the rest left uncompleted. Therefore the enormous amount of money spent in the opening of these new roads is a waste because they are not completed and are allowed to be washed away by rains and other natural causes. Therefore the whole money spent on these things is but a mere waste. Who is responsible for these things, who is supervising the working of this department and controlling its expenditure? To speak about my own constituency I know that there are half a dozen roads started in 1106, money spent on them, left uncompleted and they are allowed to be washed away. This is the state of things that we find, if we look into the history of wastages. Where is the Financial Secretary? What is the control that he is exercising? Does the administrative head of the Travancore Government exercise control over the several departments? Are the responsible officers not aware of these? What is the use of sanctioning new works this year when the works already started last year have not been completed? Nothing has been done to

[Mr. K. P. Nilakanta Pillai.]

safeguard unnecessary expenditure on account of new roads. This is the kind of wastage that is going on when the country is passing through acute economic depression. I ask the question what is the use of providing this Rs. 98,000 when nobody is going to take care about the way in which it is spent? In the history of the P. W. Department the Financial Secretary says Rs. 62 odd lakhs for the next year is the largest allotment that is made for any year. What a wonderful thing. When we come to close quarters we find that Rs. 98,000 is going to be spent by the officers of the department in 1110. What is done towards the nation building activities of the State? Ridiculous, to speak the least about it. I can understand any State possessing responsible Government would have taken more serious action about these things. But nobody takes interest to know the way in which these funds are spent and whether there is any check in these matters. What is the Financial Department doing? Have they called for any reports as to how money was spent, what amount was spent, etc.? Is there anybody to look into these things?

Mr. S. Piraviperumal Pillai: Are even the roads for which members have clamoured in their constituencies at least opened?

Mr. K. P. Nilakanta Pillai: I am not speaking of new roads. I want only roads to be completed which are already left unfinished. Government should at least take care that the money already spent for new roads is not wasted. I ask the question, is it not the bounden duty of the Government and the Chief Engineer, if not the duty of anybody else, to look into this most important question?

Chairman: You have only two minutes more.

Mr. K. P. Nilakanta Pillai: In the Government order passed on the working of the P. W. Department for the year 1108 all sorts of encomiums were paid as the floods were very terrible and the whole energy and the resources of the department were put to the test and Government thought it even fit to congratulate the department on the work turned out by it. My friend Mr. John Kattakayam was pointing out that all money is being spent in the capital. Within two furlongs distance of this Town Hall there is a certain place called Thekkumudu and a bridge has collapsed there. An amount of only Rs. 2,000 is required for the purpose. I want to draw the attention of the Chief Engineer to the ridiculous way in which the road is looked after. When the bridge collapsed there was not even a danger light kept there. A car fell down into that *thodu* and a number of cyclists had the same experience. I

know personal instances. Thanks that the Law of Tort is not as much developed here. Otherwise some people would have thought of filing a suit for damages and a decent amount recovered as compensation for the injured persons due to the negligence of the department. That is the way in which the whole resources and energy of the department were directed during the time of the floods. I do concede that some useful work was done by the department in the Chalai Bazaar. The whole energy and the resources of the department were brought to bear on the banks of the Killiyar. I know the work done by the Chief Engineer and the P. W. Department. It was the then Dewan that took more interest in this matter than anybody connected with the P. W. Department. Probably that may be the reason why the whole resources of the department were at its back. In this case it happened to be the Dewan. If it is high personalities there will be water pipes, electric lights and all the rest of it. Apart from the question of bad water there are places where we have no water at all. Rs. 2 lakhs is provided for extension of water supply in Trivandrum. Pipes are put up not from the view points of the question of necessity. But it is something considered by the department as a matter of obligation. Whom should it oblige and by obliging who is benefited? That is the only thing. In conclusion I say that in view of the small amounts provided for the next year such a costly staff is not necessary for the department.

Mr. M. Govindan: അതു നല്ലതല്ലെ.?

Mr. N. K. Padmanabha Pillai: അല്ല.

Mr. M. N. Paramesvaran Pillai: Sir, I rise to oppose the demand made by the Chief Engineer. The Public Works Department is one of those departments which is meant to minister to public convenience.

Mr. Kayalam Paramesvaran Pillai: Sir, I rise to a point of order. The member is opposing the Demand. There is already a motion before the House which is in the nature of an amendment motion and that should be got disposed of before we can take up the question of opposing the Demand. The motion moved by Mr. John Kattakayam is a motion as provided for by the Standing Orders. But the motion just now made by Mr. Paramesvaran Pillai does not conform to the provisions of the Standing Orders which require 2 days' clear notice. Again the motion, which is in the nature of an amendment motion, moved by Mr. Kattakayam should be got disposed of first.

Mr. M. N. Paramesvaran Pillai: Sir, I wish to know whether the Law Member is in order?

Chairman: Order, please.

Mr. Kayalam Paramesvaran Pillai: So that when it is in the nature of an amendment motion, it should be got disposed of before the admission of the motion now before the House.

Chairman: Is Mr. Paramesvaran Pillai opposing the Demand made by the Chief Engineer or opposing the motion made by Mr. John Kattakayam?

Mr. M. N. Paramesvaran Pillai: That is why I pressed for a ruling from the Chair a little while ago. But the Chair said that a considered ruling will be given later. But in my view.....

Chairman: It will be seen from Standing Order 59 that the Standing Orders contemplate a motion to omit a demand being moved. Although the motion is for *total* omission and, as such, it may be taken substantially to be the same as an opposition to the demand, yet the motion to omit the demand is admissible as a motion. It is in the nature of an *amendment* to the principal motion of demand moved by Government. And, therefore, such omission motions must be got disposed of, before the mere opposition to the demand is allowed to be spoken on. It may be that the difference between a support to the omission motion on the one hand and the opposition to the Demand on the other is rather technical and perhaps shadowy. But still, the difference has to be kept up in the nature of the Standing Orders governing the conduct of business in this House. Therefore the motion of Mr. Kattakayam to omit the demand is in order; and that motion has precedence before the mere opposition to the demand is taken up.

Mr. M. N. Paramesvaran Pillai: Then, I submit to the ruling and support......

Mr. Kayalam Paramesvaran Pillai: Sir, I rise to a point of order. There are two motions, one made by the Chief Engineer and the other made by Mr. John Kattakayam. Mr. Paramesvaran Pillai opposes the motion of the Chief Engineer, while the motion made by Mr. Kattakayam remains undisposed of by the House.

Chairman: In opposing the motion of the Chief Engineer, the member may only be supporting the motion of Mr. Kattakayam. Mr. Paramesvaran Pillai may continue.

Mr. M. N. Paramesvaran Pillai: In view of the ruling from the Chair, I am going to support the motion made by Mr. John Kattakayam.

Sir, the Public Works Department is one of those departments which is meant to minister to public convenience and comforts, and that certainly accounts for the large provision being made every year in the budget under this head. But this department has, of late, come up for much adverse criticism from the public. Instead of continuing to be more productive of good to the public, this department has proved to be a mere white elephant which consumes, next to the Education Department, the biggest share of the State revenue. In no other department of Government is there so much wastage or even leakage of public money. All around we notice not only inordinate delay in the execution of works but also inefficiency and incompetency. From top to bottom—from the Chief Engineer down to the Supervisors —we have a pretty large army of high paid officers sufficient even to stem the onset of a mountain torrent. Why should we have so many high paid officers in this department? Most of these officers have absolutely very little work to do, except to ease in their arm chairs and sign their salary bills or pass the contractors' bills. As to their engineering skill the less said the better. Whenever the State wants to undertake such important works as the construction of the bridge across the Neendakara bar or at Neriamangalam or to investigate and report on the causes of sand accretion in the Alleppey Port or wants to start such beneficent schemes as the Pallivasal Hydro Electric Scheme, it has to indent upon the services of experts from outside.

Mr. G. B. E. Truscott: Sir, I rise to a point of order. An expert .. ..

Mr. M. N. Paramesvaran Pillai: The member is not in order in putting the question. He is not in his seat. (*Laughter.*)

Mr. G. B. E. Truscott: I merely wish to say, Sir, that it was said that experts are being got down in connection with the Pallivasal Hydro Electric Scheme for advice. I have been an expert, Sir.

Mr. M. N. Paramesvaran Pillai: Then again, to work out the Trivandrum Town-Planning or Drainage Schemes or even to plant some avenue trees on either side of the road leading to the Kowdiyar Palace or for similar other purposes, our Government have to look up for Engineering skill elsewhere than in our own State. Sir, is it not, after all, disgraceful that our State should spend large amounts for getting down experts from outside even for installing the generating sets in the engine rooms of the Power House at Trivandrum, especially when the State is maintaining from its revenue an Electrical Department with a high paid Electrical Chief Engineer, helped by a number of equally high paid Assistants?

Mr. G. B. E. Truscott: I rise to a point of order, Sir. We are discussing about the Public Works Department proper and not the Electrical Department budget. Whether the member is in order in speaking on electrical matters.

Chairman: Mr. Paramesvaran Pillai, please confine yourself to the P. W. D. proper.

Mr. M. N. Paramesvaran Pillai: Why then, I ask, are our Government maintaining such big establishments? In these days of improved means of communication between the different parts of the State, I do not think there is any necessity to have so many P. W. Divisions placed under so many big officers. Under the present conditions there is practically no difficulty for the P. W. Officers to exercise jurisdiction over wider areas. Further almost all the big and important works are now being executed through foreign contractors and experts, either through Messrs. Braithewaite & Co, or Messrs. Harrisons & Crosfield.

Mr. G. B. E. Truscott: Sir, I rise to a point of order. Can the member tell me what Messrs. Braithewaite were doing?

Mr. M. N. Paramesvaran Pillai: The member should refer to them.

Mr. G. B. E. Truscott: What construction have they been doing?

Mr. M. N. Paramesvaran Pillai: Sir, I will refer the member to page 12 of the Financial Secretary's Budget Speech. I think the hon'ble member can question me further after I have finished my speech.

Without sacrificing efficiency it may, therefore, be possible for Government to divide the whole State into a fewer number of divisions, say for instance, into two or three, and thus try to liberate more money for public works of utility. The establishment charges of this department have very often been the subject

of severe criticism and the Retrenchment Committee has recommended substantial cuts and reductions with a view to curtail the enormous expenditure now incurred on establishment. As it is, we find that for spending Rs. 5 or 6 on public works the department has to spend now more than a rupee on establishment.

The delays in the department have become more proverbial than even the Laws' delays. I do not think it necessary for me to recapitulate here all the works that are now pending completion. There are ever so many small roads, bridges and culverts still under construction stage, although such works were sanctioned and undertaken years ago. May I ask the Chief Engineer how many years it is since the bridge across the Kayancolam canal is under construction; how many Chief Engineers have come and gone and in how many budgets the necessary funds were provided for? Then again, what about that big culvert on the Jagathi road and the Mamom *palam*, which were washed away in the floods of 1108? Both these are on two important roads connecting the traffic between Nagercoil and Quilon with the capital. All these remain as standing disgraces to the Public Works Department.

In this connection it does not appear to me to be necessary to inform this House how many miles of roads in this State have not seen gravel or have not felt for years together the influence of a spade, pick axe, roller or some such instrument or machine. Most of my friends here, who come from the mofussil, will be able to bear full testimony to my statement. Even in this capital city we are surprised to find several roads which have not seen gravel for very many years and along which people have to wade through slush and mud in winter and dust in summer. It is nothing but inefficiency and incompetency that we notice everywhere in this department. It is usually contended by the Chief Engineers that for want of sufficient funds several works had to be put off every year. That, I believe, is one of the stock arguments which the present Chief Engineer, like his predecessors, is likely to repeat. In reply to this I have only to ask the Chief Engineer whether his department is spending all the amounts that are sanctioned by us every year for public works? Is not his department making big surrenders every year from the budget allotments? Are all the works sanctioned in the budget every year being faithfully carried out by his department? Notwithstanding repeated complaints we find that this department is not at all doing its duties which it owes to the public. How can we then pass this demand? Unless this department is prepared to make amends for its past sins and assure this House that this state of affairs shall not continue any longer we will be forced to refuse our assent to this demand for grants. Then again, Sir,......

Mr. S. Piraviperumal Pillai: Sir, if there is one department in the State which has to justify the huge sum that is allotted for it, it is the Public Works Department. This department is not doing the work in the manner it ought to. Roads are not being maintained properly. Their condition is very miserable. Take for example the road to South Travancore (Main Southern Road from Aramboly to Trivandrum). The tolls collected from this road are enormous but the amount spent on it is very meagre. I do not know whether the Chief Engineer has travelled through this road.

[Mr. S Piraviperumal Pillai.]

Motor vehicles which pay a very huge amount as tolls and other fees often have their axles broken. That will speak about the condition of the road. Then, Sir, coming to buildings, the supervision by the P. W. D. is not adequate. In a very short period after the completion they collapse. For instance, I can mention the building which was constructed for the use of the patients of the Oolampara hospital which collapsed very soon it was completed and the patients who were lying in the hospital had to suffer severe injuries. And I may say in this connection, that the Chief Engineer is unwilling to give any information about the collapse of this building and interpellations sent to Government are not answered. I wonder why.

Sir, with regard to another point, there is a standing complaint that the department is not paying any attention to the requests of the members of the representative institutions *re* the opening of roads in places which stand in urgent need. They say that they have no funds. But when the year closes we find that the funds allotted for this department lapse. Under these circumstances I am of opinion that this department has to be scrutinised properly.

Mr. K. Sankaralingom Pillai (*Kottarakara* and *Pattanapuram* cum *Shencotta*): Sir, I have also along with my friends to complain about this department on certain matters. During the Budget session, last year, I referred to a matter of urgent local need, namely the provision of a water-supply scheme for the town of Shencotta. Since then the Government issued a Press Communique and they mentioned a number of places for which they propose to make water-supply schemes. So far as the town of Shencotta is concerned the Press Communique made it clear that investigations will be made and funds will be provided for, in this year's budget itself. However, when I looked into the budget I found that no funds have been provided for. Sir, this must be due either to the indifference of the Government in such matters or at least their slowness. The necessity for this scheme arises not merely because of the difficulty of getting good water but because of the danger to public health that exists as a result of the prevalence of cholera during many years in the neighbouring places of the town and the consequent infection of water sources in the town itself. Sir, the municipal estimate for the whole work does not come to more than a lakh of rupees. The Financial Secretary boasts of very sound finance and good reserves, and this should not be difficult, particularly when Government could find surplus money to spend, by lakhs, simply for widening roads in the capital, and tens of thousands, for the investigation of drainage schemes for it. I hope, Sir, that if Government have any sympathies in the matter they would translate them into action.

Mr. M. N. Narayana Menon: സർ, എൻജിനീയർഡിപ്പാർട്ടുമെൻറിൽ ഓരോ വർഷവും പുതിയ വേലകൾക്കായി അനുവദിക്കുന്ന തുക വളരെ കുറവായിട്ടാണു കണ്ടുവരുന്നതു്. എന്നാൽ ആ അനുവദിക്കുന്ന തുകകൾപോലും ശരിയായി ചിലവാക്കുന്നില്ലെങ്കിൽ ഇത്ര വലിയ ഒരു ഡിപ്പാർട്ടുമെൻറു വച്ചുപുലർത്തുന്നതിൻെറ ആവശ്യം എന്താണെന്നു മനസ്സിലാകുന്നില്ല. ഓരോകൊല്ലവും ബഡ്ജററിൽ നോക്കുന്നതായാൽ ഓരോ പണികൾക്കായി ധാരാളം തുക അനുവദിച്ചിട്ടുള്ളതായി കാണാം. എന്നാൽ ബഡ്ജററ് റിവയിസ്ചെയ്യുന്നകാലത്തു് ആ തുക കുറഞ്ഞുകുറഞ്ഞുവന്നു ഒടുവിൽ ലാപ്സായിപോകുന്നു.

ഉദാഹരണമായി ഞാൻ പ്രതിനിധീകരിക്കുന്ന കോട്ടയം താലൂക്കിലെ കുമരകംറോഡ് നന്നാക്കുന്നതിനായി ൧൧൦൯-ലെ ബഡ്ജററിൽ ൫൦൦൦ രൂപാ കൊള്ളിച്ചിരുന്നു. ബഡ്ജററ് റിവയിസ്ചെയ്തപ്പോൾ ൪൦൦൦ രൂപാ ആക്കി കുറച്ചു. ആ ൪൦൦൦ രൂപായിൽനിന്നു ൧൦൦൦ രൂപാപോലും ഈ വർഷം ചിലവുചെയ്യുമെന്നു എനിക്കു തോന്നുന്നില്ല. റോഡുകൾക്കുവേണ്ടി അനുവദിക്കുന്ന ചുരുങ്ങിയ തുകതന്നേയും ചിലവാക്കാതിരിക്കുന്നുഎങ്കിൽ ഈ ഡിപ്പാർട്ടുമെൻറു് എന്തിനാണു പുലർത്തിക്കൊണ്ടുപോകുന്നതു്. ഇതു വളരെ കഷ്ടംതന്നെയാണ്. ഓരോ വേലകൾക്കും എസ്റ്റിമേററു തയ്യാറാക്കി പണം അനുവദിച്ചശേഷം ആ വക പണികളെ മാററിവയ്ക്കുകയാണു ചെയ്യുന്നതു്. കോട്ടയം വി. എം. ഗറൽസ്ക്കൂളുതന്നെ ഇതിന് ഉദാഹരണമാണ്. അതു കൊട്ടാരത്തിനടുത്താണ്. മഹാരാജാവുതിരുമനസ്സുതന്നെ അതു കണ്ടിരിക്കും. പ്രസ്തുതസ്കൂളിനു ഒരു പുതിയകെട്ടിടം പണിയണമെന്നു ആവശ്യപ്പെട്ടു തുടങ്ങീട്ടു കൊല്ലങ്ങൾ വളരെയായി. കെട്ടിടം പണിനടക്കുന്നതുവരെ സ്കൂൾവേറെ ഏതെങ്കിലും ഒരു കെട്ടിടത്തിലേക്കു മാററി ഇടണമെന്നു പറഞ്ഞിട്ടും കേൾക്കാൻ ആളില്ല.

ഇനിയും ഡിപ്പാർട്ടുമെൻറിനു അകത്തു നോക്കുന്നതായാലും പലകുഴപ്പങ്ങളും ഉണ്ടു്. സ്വജനപക്ഷപാതം... ന്‌വ്യ-നശേഷം ഉണ്ടായിട്ടുള്ള ചില നിയമനങ്ങളിൽ ചിലരെ സ്ഥിരപ്പെടുത്താതിരിക്കുക, ചിലരെ സ്ഥിരപ്പെടുത്തുക ഇങ്ങനെപലതും നടക്കുന്നുണ്ടു്. എൻജിനീയർഡിപ്പാർട്ടുമെൻറിലെ മേസ്തിരിമാരാണു പ്രധാനമായി ജോലിചെയ്യിക്കുന്നവർ. അവരെ സ്ഥിരപ്പെടുത്താതെ എപ്പോഴെങ്കിലും പിരിച്ചുവിടാമെന്നുള്ള നിലയിൽ വച്ചിരിക്കുന്നു. അതുകൊണ്ടു അവർ ഒന്നുംതന്നെ കാര്യമായി കരുതുന്നില്ല. അതുകൊണ്ടു ഈ

[Mr. M. N. Narayana Menon.]

സംഗതിയും പ്രത്യേകം ഗൌനിക്കണമെന്നു ഓർമ്മിപ്പിച്ചുകൊള്ളുന്നു. ഇങ്ങനെ അനേകം സംഗതികൾ ചെയ്യേണ്ടതായിട്ടുണ്ടു്. വാസ്തവത്തിൽപ്പതിയതായി വേലകൾ ചെയ്യാൻ പണം അനുവദിക്കാതിരിക്കുമ്പോൾ ഉള്ള പണം അത്യാവശ്യച്ചിലവുകൾക്ക ചെയ്തു ഓരോ ജോലികൾചെയ്തു തീർത്തില്ലെങ്കിൽ ഇത്രവലിയ ഒരു ഡിപ്പാർട്ടുമെൻറുകൊണ്ടും ഉദ്യോഗസ്ഥന്മാരെക്കൊണ്ടും നമുക്കു് എന്താണു പ്രയോജനം? യാതൊരു കാരണവശാലും അനുവദിക്കുന്ന പണം ലാപ്സാകാൻ ഇടയാക്കരുതു്.

Mr. K. Rama Varma Raja (*Edavagai*): Sir, several members have spoken about the inefficiency of the department in meeting the demands of the people in the different parts of the State. Year by year more money is being spent for the establishment and less for the works. In the year 1108 the expenditure on establishment was Rs. 3,53,000. In the year 1109 it is expected to be Rs. 3,75,000. But an establishment costing Rs. 4,80,000 is to be maintained to do the work of Rs. 22,43,000 during the year 1110. In the year 1109 an establishment costing Rs. 3,75,000 could do works for Rs. 27,16,000. If the Government is prepared to meet an additional expenditure for the establishment of any department, the Government should also be prepared to give them more work. It is not encouraging to see that the Financial Secretary has been able to show a surplus amount in the budget. When from the different parts of the State people are clamouring for the necessities, I say for drinking water, for the means of going from one place to another to work and to gain a livelihood, the Financial Secretary should be in a position to meet those demands and not keep a reserve amount in the Treasury. By following the present policy of the Government in the matter of public works they may not be able to meet the demands of the people. They should follow a definite policy and prepare a scheme which will enable them to meet the demands of the people. I say the Government should ascertain the most necessary works that are to be carried out in the State in the near future, for which the people are clamouring, and find out how much money they require in all. It may be a crore or a crore and a half of rupees. Then the Government should make a plan by which these works which are highly necessary and which are to be executed in the near future to be met from a separate fund, to which that portion which the Government can spare in each year may be added; and until and unless the whole works that have been started under the scheme are completed no pie out of it should be allowed to lapse. Say for 10 years the Government may be able to allot some 2 crores of rupees,

i. e. 20 lakhs per year; or for new works the Government may be able to allot 10 lakhs per year. In 10 years the Government will be able to allot a crore of rupees. An estimate should be prepared and a scheme according to that should be prepared at present which will cover an amount of a crore of rupees; and that work the Government should undertake to execute within these 10 years. If this policy is adopted by the Government at least for 10 years the loud clamouring from the different parts of the State will not be so much as it is now, after years. Now the works that have been undertaken before new work are begun are left incomplete and at times a certain amount is allowed to lapse. Such a contingency will not result in case a definite scheme is followed by the Government.

Chairman: Your time is up.

Mr. G. Narayana Aiyar: Sir, the policy of the Government so far as this department is concerned is not quite sound. Whenever there is a cry from any quarter for any particular thing, just to pacify that demand something is sanctioned and work taken up which is never completed. This is bad policy. There are several instances of such incomplete works in the constituency to which I belong. The Ankamali-Parur Road *via* Manjali was sanctioned in 1928. The Velampoor-Veettoor Road was sanctioned in 1929. The Chitrapuzha road was sanctioned in 1926. These roads are still incomplete. There are other roads also left incomplete such as the Parur-Kuriapalli Road, Perumpavoor-Edapally, Road *etc.* The Parur-Kuriapalli Road, Munambam East coast Road, Perumpavoor-Koovapadi Road and Manjapra-Kallar Road are also in a very bad condition. In the Parur-Kuriapalli Road and Munambam East Coast road there will be water during high tides even in summer season, not to speak of floods which do visit the northern taluks every year. The above said 4 roads are being daily used by a lot of school going children. In the present condition it is unsafe for children to walk along these roads. The necessity for a bridge in the Periyar river at the Alwaye-Parur ferry crossing place was brought to the notice of the Government years ago by repeated representations and, I understand, sanction has been accorded for the putting up of that bridge. With the opening of the Union College, and the rise in the commercial importance of the Alwaye town and Railway Station, the necessity for the above said bridge has become very keen. That bridge if put up will be the connecting link between Travancore and Cochin. It is regrettable to find that no provision has been made for the putting up of that bridge and for removing the defects in the above said roads. Again that there is scarcity of water for drinking purposes in Perumpavoor town cannot be disputed,

[Mr. G. Narayana Aiyar.]

A well was sunk there at Government expense and unfortunately we find there is no water in the well from Kumbham to Medam. That defect is not cured as yet. For removing the scarcity of water for bathing purposes representations were made at repeated sessions of the Assembly from 1095 onwards. No action has been taken. As for the deepening and widening of the Palakattu-Thazham canal about which representations were often made, no difinite action has been taken. In this connection I should like to bring to the notice of this House that I had addressed a petition to the present Chief Engineer's predecessor complaining of the grievances of the public in the matter of some of these roads early in this year. I regret to submit that the Chief Engineer had not the courtesy to acknowledge even the receipt of my petition, not to speak of redressing the grievances contained therein. I personally visited the Chief Engineer and represented the grievances; that also had no effect. I should like to have a decisive ruling whether members on this side of the House are competent to represent to heads of departments the local grievances or defects, if any, existing and whether the heads of departments are bound to take any action on those matters.

In the Alwaye Sub-Division Office we have an Executive Engineer, an Assistant Engineer, a Sub-Engineer, and a Supervisor. The amount allotted for the Alwaye Sub-Division is not sufficient to engage all the above said officers.

The northern taluk of Kunnatnad is an agricultural centre. The large local products have to be carried to the nearest market for their sale. There are no sufficient means of communication for transport. It is regrettable to find that Government are not paying as much attention to this question as it deserves. In these days of economic depression, not to have sufficient means of communication for at least carrying the raw products to the available market is also very hard.

I request that these grievances should engage the serious attention of the Government.

Chairman: In regard to the point of order raised by Mr. G. Narayana Aiyar I can say that he has no liberty as a member of the House to claim more privileges than a private gentleman in the matter of addressing the heads of departments on departmental matters. The Government and the departmental heads will, as far as possible, try to reply and show courtesy to them, but it is no part of the right or privilege of a member as a member of this House to hold correspondence with any heads of departments.

Mr. M. Govindan : Sir, I thought Mr. Narayana Aiyar was not raising any point of order. Of course I do not question the ruling of the Chair, but I share with him the same complaint that we do not know to whom to address the grievances as citizens ; and not as members of this House ; as citizens to whom to look for a new road or a new bridge, I share the same grievance, Sir, I should like to be told when the Chief Engineer would be replying and who is the person to whom we may look for getting our grievances redressed in the matter, as there is a long army of officers in this department and as such we do not know whom to approach. There was a Road Board and I do not exactly know the functions of the Road Board or even whether it exists now. But there is necessity for opening new roads. It is not possible for arranging them in the order of urgency unless there is some constituted authority for the whole of Travancore ; for each one of us will be naturally thinking more of his own locality and trying to get constructed roads and bridges near his house.

With regard to the item of supply of drinking water I have something to bring to the attention of the Chief Engineer. For the supply of drinking water in the coastal regions of Karunagapalli and Kartikapalli there is a provision of one thousand and four hundred rupees in the budget.

Mr. A. N. Visvanatha Pillai: ഇതു രണ്ടുവെള്ളമുള്ളതുക കഴിഞ്ഞകൊല്ലവും ഈ ബഡ്ജററിൽ കൊള്ളിച്ചിട്ടുണ്ടായിരുന്നല്ലോ?

Mr. M. Govindan : I believe there was a previous provision also made. But I don't think anything substantial has been done in the direction. It is a great necessity. My point in respect of it is not exactly the urgency of doing it. My point is that the problem is not confined to Kartikapalli and Karunagapalli alone. There are other taluks in Travancore which equally require good drinking water. The necessity is common to the strip of land lying midway between the back waters and the sea from Katinamkulam to North Parur. The problem of the supply of good water exists in all those areas. It so happens that some of us are more articulate than others. The people of Kartikapalli and Karunagapalli brought their demand to the notice of the Government. The fact is that it is a common complaint in the coastal regions of Travancore. When the matter is taken up it will be found that the necessity exists not only in South Travancore or Middle Travancore but also in North Travancore up to Parur.

Mr. K. K. Thomas : Sir, from the discussions that have been going on here I am surprised to find that very little credit has been given to the Public Works Department.

[Mr. K. K. Thomas.]

Travancore has been priding herself in the possession of a department which was an envy to the outside world. Men who travel in British India or in other countries of the world will find, as soon as they enter the borders of Travancore, that our roads are infinitely better constructed and maintained. In fact it is the pride of Travancore to have a well maintained system of roads and the credit of it goes to the P. W. Department.

There is an incessant cry for more and more roads from several places. We have about 986 miles of metalled roads and about 2,929 miles of unmetalled roads and another 1,108 miles of village roads. I do not know if our exchequer will be able to maintain these roads in good repair even if we give the whole allotment of the department for maintenances alone. Such being the case, the department has to find out some means of making more roads and to maintain them in proper condition. It is not possible for each and every pakuthy to get roads. There is a cry for more roads in every village. Some amount has to be set apart for such new works and as in the case of the Education Department our people should come forward with a mood to surrender lands and maintain them. Some grants will have to be given of course. Unless some such method is found out it may not be possible to cut roads and keep them in good condition, for there is want of funds to maintain even the existing roads. With regard to communication in the western portion of the country any body who has any knowledge of Travancore would be convinced that unless a large amount of money is spent it is not possible to open new roads. A much higher proportion has to be set apart for the maintenance of roads in these places. In these regions owing to the looseness of sand and erosion of saltish water, culverts constructed on the roads get loosened. Further, floods also bring in a lot of trouble and difficulty and inconvenience to the people. Anyhow an investigation may be made before we launch upon any large number of roads on the western portion of the country. Much has to be done by way of supplying good drinking water to the ryots especially on the coastal regions where good water cannot be got for drinking purposes, as in Quilon and Alleppey. These should be done as early as possible.

Mr. G. B. E. Truscott: Sir, I wish to speak regarding the motion of Mr. John Kattakayam for omitting the whole amount demanded under the Public Works. Mr. John Kattakayam makes a sweeping statement that the work in the department is in a very bad condition, and that the department is flooded with many highly paid officers and work is being carried out in a most unsatisfactory

manner. Sir, criticism is easy, especially destructive criticism ; but constructive criticism is very difficult. Mr. Nilakanta Pillai made some remarks regarding the expenditure and also remarked that he knows more than the Chief Engineer. There are many more like him; but in one point he does not know as much as the Chief Engineer, for he refers to the fact that only Rs. 98,335 is provided in the budget for new works. If you look at Appendix B of the budget you will find that Rs. 1,38,600 plus Rs. 2,63,835 plus Rs. 67,915 is provided for works in progress. That is new work, as on account of various reasons the works under this head could not be completed during 1109 and therefore they are being continued 1110.

Then we have for new works Rs. 70,410 and Rs. 1,16,790 and Rs. 2,67,800 for protective irrigation and Rs. 16,500 for productive irrigation and if you turn over to Appendix D you will find a sum of Rs. 3,37,000 for works under the Road Development Fund. This is all in addition to Mr. Nilakanta Pillai's Rs. 98,335.

Mr. K. P. Nilakanta Pillai : May I know whether the amount allotted for the maintenance of the existing roads can be included as the amount allotted for new works?

Mr. G. B. E. Truscott : The amount allotted for maintenance of existing roads is Rs. 9,09,823 plus Rs. 16,939 for traces and 11,263 for bridges.

Mr. M. N. Paramesvaran Pillai : Apart from this, may I know whether Mr. K. P. Nilakanta Pillai was right when he stated that for the coming year a sum of 98,000 rupees and odd is allotted for opening new roads ?

Mr. G. B. E. Truscott : Yes.

Mr. K. P. Nilakanta Pillai : May I know, Sir, whether the Chief Engineer can intellectually think that a difference is possible between opening of new roads and maintaining existing roads ?

Mr. G. B. E. Truscott : I must refer him to works in progress, Sir. I say these must be included, as works are continued from one year to the next due to want of time and funds to finish them, and therefore they are new works.

Mr. N. K. Padmanabha Pillai spoke of the headquarters of the Irrigation Division being at Quilon. The Irrigation Department is a new one and Quilon is considered the best place for its headquarters. If it is found more convenient later to remove the headquarters elsewhere, I am sure that Government will have no objection in doing so. Mr. Paramesvaran Pillai spoke of the bridge at Neendakara being constructed by a firm of specialists. This

[Mr. G. B. E. Truscott.]

department is competent and does design the bridges required, but if a firm of specialists submit a favourable alternative tender for a type of bridge in which they are specialists, that tender is considered, and if more favourable, the work is given to them.

Mr. K. P. Nilakanta Pillai: In view of the fact that the member was not able to say anything as a matter of constructive policy may I ask a question whether if roads once started are found after 6 years not completed and the funds are wasted, that will be the criticism and questioning about the definite policy of the department? What has the member to say?

Mr. G. B. E. Truscott: When framing the budget of this department for the coming year I took the whole of the incomplete works to see if it was possible to include them in the amount allotted for the P. W. D. It was not possible that the whole amount could be so included, but these will be included in the next budget, as it is policy of the department to complete, as far as possible, all works, lying unfinished.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether all the moneys sanctioned last time have been spent on road works or any surrender has been made by his department?

Mr. G. B. E. Truscott: No surrender has been made.

Mr. S. Piraviperumal Pillai: May I know from the member whether any amount lapsed during 1108 out of the amounts sanctioned for the year 1108?

Mr. G. B. E. Truscott: I do not know; I was not here in 1108.

Mr. K. P. Nilakanta Pillai: May I know, Sir, further whether so far as the present Chief Engineer is concerned he expects criticism of the department?

Mr. G. B. E. Truscott: As every department is criticised the Chief Engineer does not expect the P. W. D. to be left out.

Coming to the specialist business, Mr. Paramesvaran Pillai spoke about the Alleppey Pier.

Mr. M. N. Paramesvaran Pillai: I did not speak about the Alleppey Pier. I spoke only about the sand accretion in the Alleppey Pier.

Mr. G. B. E. Truscott: Mr. Paramesvaran Pillai spoke about Messrs. Braithewaite & Co. They are specialists in the supplying of the special materials required for Alleppey Pier work and there is no firm in Travancore who can make the necessary materials

Regarding tenders for works, I would say that before we award any contract we advertise in the papers and through the gazettes and give the work to the most favourable tenderer.

Mr. Kattiyattu Sivarama Panickar: May I know from the Chief Engineer whether he has got anything to say as regards constructive criticism raised by my honourable friend Mr. John Kattakayam about raising the road at its bend to avoid accidents?

Mr. G. B. E. Truscott: That will be considered.

Regarding the supply of drinking water, this is engaging the attention of this department, and with the Public Health Department we are making a five-year programme for sinking of wells. For Nagercoil, a detailed investigation has been made and a report has already been submitted to Government. Water-supply to Alleppey and Shertallai is also being investigated.

One member referred to tube wells in coastal areas. I would say that a tube well had been sunk to a depth of 107 ft. but water there was found brackish. We are making other borings to try to obtain potable water.

Mr. Komilezhathu Sankaran: May I know from the Chief Engineer whether his department has spent any amount from the allotment for the 113 miles of new roads in Karunagapalli?

Mr. G. B. E. Truscott: A portion might have been spent. Mr. Piraviperumal Pillai spoke about the Main Southern Road. The Main Southern Road is one of the two most important roads in the whole of India as regards the intensity of traffic.

Mr. S. Piraviperumal Pillai: Is it not the first road that pay the greatest amount of tolls in the whole of India?

Mr. G. B. E. Truscott: I cannot say that. The cost of maintenance of that road is extremely high. I have travelled along that road and cannot agree that it is in the bad condition as referred to by the member but can only think that if motor buses break down on that road, it is due to the senile condition of the vehicle, rather than the condition of the road.

Mr. Komilezhathu Sankaran: May I know from the member whether the policy of the department is for opening up of new roads from east to west or from north to south?

Mr. G. B. E. Truscott: The policy of the department is to open new roads wherever they are found necessary and according to the provision of funds.

[Mr. G. B. E. Truscott.]

One member spoke regarding maistries being made permanent in the department. This has been engaging the attention of Government for some time past. Maistries are appointed for a particular work and their pay is charged directly against the work. When that work is completed, as far as possible they are drafted elsewhere for similar work ; but it is not possible to add a thousand men or so to the permanent staff as the number of maistries required depend on the amount of work. Government are however considering a scheme of gratuities for the maistries who are more or less continuously employed.

Mr. S. Piraviperumal Pillai: May I know from the member how many months after the payment of the last bill the newly constructed building at the Oolampara Hospital collapsed?

Mr. G. B. E. Truscott: I do not know.

Mr. K. P. Nilakanta Pillai: May I know whether the Chief Engineer would be kind enough to explain what are constructive and what are destructive works in the department?

Chairman: I don't think the Chief Engineer spoke in any insinuating language to the honourable member. He was only having a bit of general philosophy.

Mr. G. B. E. Truscott: Mr. Narayana Aiyar spoke about Parur-Kuriapalli Road, Ankamali-Kalady Road and other roads in the vicinity. I have inspected these roads. Estimates for the improvements of some of them have been prepared, but, are pending sanction and execution for want of funds. All the same, maintenance works are being carried out to keep them fit for traffic. New roads are wanted all over the State but they can only be provided when the finances of the State are such as to allow funds to be allotted for them.

Mr. M. N. Paramesvaran Pillai: Is there any proposal to increase the number of tolls?

Mr. G. B. E. Truscott: It is proposed to open two fresh toll gates. Regarding the bridging of the Alwaye river, that has been engaging the attention of Government for a long time. Two bridges are needed and it means an expenditure of about 7 lakhs of rupees. I am very sorry to hear that Mr. Narayana Aiyar received no reply from me to his letter. I send replies to every letter that is sent to me. I do not remember having seen his letter and hence I could not reply.

Now about the Road Board. The Road Board was constituted to give advice to Government in the matter of opening, improving and maintaining roads, bridges and waterways in the State. As a

result of the deliberations of the board a large number of works were recommended but the board were not able to fix their priority and this was left to the department to do.

Mr. Komilezhathu Sankaran: May I know from the Chief Engineer how long it will take to finish the construction of the Kayancolam bridge?

Mr. G. B. E. Truscott: It should be finished in the course of the coming year.

Mr. Komilezhathu Sankaran: Has the construction of the bridge already begun?

Mr. G. B. E. Truscott: No. You have'nt yet passed the budget.

Then regarding the staff. I do not think the members quite realise the amount of work that the staff does. It is not an idle staff that lounges on easy chairs, as suggested by one member. The percentage of establishment charges for 1110 is estimated to be 16·72. In Madras the percentage is 23. In Hyderabad it is 30.

Mr. K. P. Nilakanta Pillai: May I know what is the allotment in Madras and Hyderabad?

Mr. G. B. E. Truscott: I do not know.

Mr. S. Piraviperumál Pillai: May I know from the member whether in those places the staff sit on easy chairs and work?

Mr. G. B. E. Truscott: I don't know. But I know that this P. W. D. staff sit in easy chairs only in their Bungalows.

Mr. Kattiyattu Sivarama Panickar: Is there separate allotment in each taluk?

Mr. G. B. E. Truscott: No. You find in South Travancore the roads are more numerous than in North Travancore; so an allotment on taluk war basis will not be equitable.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether a reduction in the number of P. W. D. divisions in the State would curtail the expenditure?

Mr. G. B. E. Truscott: I should say it is impossible to reduce the number of divisions.

Mr. K. P. Nilakanta Pillai: Has the Chief Engineer recommended for more funds for the coming year?

Mr. G. B. E. Truscott: It is a matter between the Government and myself.

Mr. J. John Kattakayam: എന്റെ ഉപക്ഷേപത്തിൽ പറഞ്ഞിട്ടുള്ള പ്രസ്താവനകളെപ്പറ്റി ചീഫ് എൻജിനീയർ വേണ്ടവണ്ണം ആലോചിച്ചു പരിഹാരമുണ്ടാക്കുമെന്നുള്ള വിശ്വാസത്തോടുകൂടി ഈ ഉപക്ഷേപം ഞാൻ പിൻവലിച്ചുകൊള്ളുന്നു.

The motion was by leave withdrawn.

Chairman: I take it that Demand II—Public Works Department, for an allotment of Rs. 36,01,726 moved by the Chief Engineer is granted.

Mr. K. P. Nilakanta Pillai: Sir, I rise to a point of order. The motion that has been withdrawn is an amendment motion and the motion of Mr. Truscott is now before the House. So, I propose to oppose the demand. It has been brought to the notice of the Government from time to time... ...

Chairman: You have raised a point of order and you cannot make a second speech on the motion.

Mr. S. Piraviperumal Pillai: May I know whether it was in order because the motion now before the House is the demand by Mr. Truscott?

Chairman: I made it clear that there is only a slight technical difference between speaking for the original demand and also speaking against the second motion.

Mr. K. P. Nilakanta Pillai: May I request the Law Member to give his opinion on this point of order?

Mr. Kayalam Paramesvaran Pillai: The Chair has declared its ruling.

Mr. K. P. Nilakanta Pillai: May I know whether the same point has been raised and a ruling has been made by Mr. Austin? May I understand that the Chair is not amenable to the informative opinion from the Law Member?

Chairman: The member is not in order. I put this Demand to vote.

Mr. K. P. Nilakanta Pillai: I demand a poll.

The motion was put to vote and the House divided as follows:

DEMAND No. III.

ELECTRICAL DEPARTMENT.

Mr. K. P. Padmanbha Menon: I rise to move for a grant of Rs. 24,87,608 for Electrical Department under Public Works.

Mr. J. John Kattakayam: ഈ ഡിപ്പാർട്ടുമെൻറിലുള്ള ഭരണവൈകല്യങ്ങളെ ഈ സഭയുടെ മുമ്പാകെ കൊണ്ടുവരുന്നതിനാണു ഞാൻ ഈ ഉപക്ഷേപം അവതരിക്കുന്നതു്. എലക്ട്രിക് എൻജിനീയരുടെ ആഫീസ് അട്ടത്ത ആണ്ടാരംഭത്തോടുകൂടി പള്ളിവാസലിലേക്കു മാറുന്നതുകൊണ്ട് അവിടെ റസിഡൻറ എൻജിനീയർ എന്ന അഭിധാനത്തിൽ കുറെനാളായി ഭീമമായ ശമ്പളവുംകൊടുത്തു ഒരു ഉദ്യോഗസ്ഥനേയും സ്റ്റാഫിനേയും വച്ചിട്ടുള്ളതു കുറയ്ക്കുവാൻ ഇതു തക്കതായ ഒരവസരമാണ്. പ്രതിവർഷം ആ ഉദ്യോഗസ്ഥനുവേണ്ടി മുപ്പതിനായിരം രൂപയാണു പോകുന്നതു്. എലക്ട്രിക്കൽ എൻജിനീയരാകട്ടെ, ഈ കാര്യത്തിൽ വിദഗ്ധനായിട്ടുള്ള ആളാണ്. പൈക്കാരമുതലായ സ്ഥലങ്ങളിൽ ഇരുന്നു ചിരപരിചയം സിദ്ധിച്ചിട്ടും ഉണ്ട്. അവിടത്തെ ടണൽ പണിയുടെ ആരംഭദശയിൽ അന്നത്തെ ദിവാൻജിയായിരുന്ന മി. ആസ്ററിൻെറ അദ്ധ്യക്ഷതയിൽ കൂടിയ യോഗത്തിൽവച്ചു ടണലിൻെറ

Mr. Kyalam Paramesvaran Pillai : ഉദ്ദേശം പതിനായിരമടിയെന്നാണ പറഞ്ഞിട്ടുള്ളതു്.

Mr. J. John Kattakayam : എന്നാൽ പതിനായിരത്തിൽ പരം എന്നാണ് പറയേണ്ടിയിരുന്നതു്. ഏതായാലും എനിക്കു ഈ ഡിപ്പാർട്ടുമെന്റിലെ ഭരണവൈകല്യങ്ങളെപ്പററി പല സംഗതികളും പറയുവാൻ ഉണ്ടായിരുന്നെങ്കിലും ഇലക്ട്രിക്കൽ എൻജിനീയരെ സംബന്ധിച്ചു വളരെ നല്ല മതിപ്പായിരുന്നു. എന്നാൽ ഇന്നത്തെ അദ്ദേഹത്തിന്റെ മറുപടികൊണ്ടു് അതു കുറഞ്ഞുപോയി. റസിഡന്റ് എൻജിനീയരും പൈക്കാരയും തമ്മിൽ എന്തൊ ചില ബന്ധം ഉണ്ടു്. അവിടത്തെ സെക്കൻറ്ഹാൻഡായിട്ടുള്ള സാമാനങ്ങൾ ഇവിടെ കൊണ്ടുവന്നു നമ്മുടെഗവണ്മെണ്ടിന്റെ ചെലവിൽ പണിനടത്താൻ അനുവദിക്കുന്നതു വളരെ കഷ്ടമാണ്.

Mr. Chairman: ആ വാക്ക് പിൻവലിക്കണം.

Mr. J. John Kattakayam: അതിന്റെ ഉത്തരവാദിത്വം എനിക്കുണ്ട്.

Mr. Chairman: എന്നിരുന്നാലും ആ വാക്ക് പാർലമെന്ററി അല്ല. പിൻവലിക്കണം.

Mr. J. John Kattakayam: അങ്ങിനെഎങ്കിൽ ഞാൻ ആ വാക്ക് പിൻവലിച്ചിരിക്കുന്നു. റസിഡന്റ് എൻജിനീയരുടേയും മററും കാര്യത്തിൽ തകരാറുകൾ ഉണ്ട്. അദ്ദേഹം ഇതിന്റെ യഥാർത്ഥം എത്രത്തോളം മനസ്സിലാക്കീട്ടുണ്ടെന്നു എനിക്കറിയാൻപാടില്ല. റസിഡന്റു ആഫീസിലുള്ള ഒരു സുന്ദരസിംഗും ഒരു നായർസർവ്വേയരും ഒരു ക്രിസ്ത്യൻ സർവേയരുംകൂടിയാണ് തുരങ്കംസർവെ നടത്തീട്ടുള്ളത്. നാട്ടുകാരാരും ഈ സർവ്വേ നടത്തുവാനില്ലെ എന്നു ഞാൻ ചോദിച്ചതിൽ ശരിയായമറുപടിയില്ല. സുന്ദരസിംഗിന് ൩൦൦ രൂപാ ശമ്പളംകൊടുക്കുന്നു. ലാമെമ്പർ എന്റെ ഈ പ്രസ്താവനയേയും തിരുത്തുമെന്നു ഞാൻ വിശ്വസിക്കുന്നു.

Mr. K. P. Padmanabha Menon: മുന്നൂറ് രൂപായാണ്.

Mr. J. John Kattakayam: നാട്ടുകാരായ സർവ്വേയരന്മാരിവിടെ ഉള്ളപ്പോൾ വിദേശത്തുനിന്നും വരുത്തുന്ന ഇവർക്ക് ഇത്രവളരെ ശമ്പളം കൊടുക്കുന്നതെന്തിന്? നാട്ടുകാരായ സർവ്വേയരന്മാർക്ക് ൩൫ രൂപായാണ് ശമ്പളം. ജോലിരണ്ടും ഒരുപോലെയാണ്. കമ്പനിസർവ്വേയർക്കു ൩൦൦ രൂപാ; ആഫീസുമാനേജർക്കു ൩൦൦ രൂപാ; തുരങ്കംസർവ്വേയർക്കു ൨൦൦-മുതൽ ൩൦൦-വരെ, മെക്കാനിക്കൽ എൻജിനീയർക്കു ൪൫൦-രൂപാ; ഈ തരത്തിൽ ആവശ്യത്തിലധികം ശമ്പളംവാങ്ങുന്ന ധാരാളംപേർ അവിടെയുണ്ട്.

Mr. R. Nilakanta Pillai (*Financial Secretary to Government*): ഈ ശമ്പളമൊക്കെ സർക്കാരിൽനിന്നും കൊടുക്കുന്നു എന്നാണൊ അതോ, കമ്പനിയിൽനിന്നും കൊടുക്കുന്നുവെന്നാണോ മെമ്പർ പറയുന്നത്?

Mr. J. John Kattakayam: ഗവർമ്മെന്റിന്റെ പണം ഗവർമ്മെന്റ് കൊടുക്കുന്നുവെന്നാണ് ഞാൻ പറയുന്നത്. എലക്ട്രിക്കൽ എൻജിനീയർക്കു മനസ്സുണ്ടായിരുന്നെങ്കിൽ ഈവക ഉദ്യോഗങ്ങൾ എല്ലാം തന്നെ നമുക്കു കിട്ടുമായിരുന്നു. ടണൽവർക്ക് സംബന്ധിച്ചു ജ്ഞാനമുള്ളവനും എന്റെ നിയോജകമണ്ഡലത്തിൽപ്പെട്ടവനുമായ മി. പി. ആർ. നാരായണപിള്ളക്കു ജോലികൊടുത്തെങ്കിലും ൪൮-മണിക്കൂറിനുശേഷം പിരിച്ചുവിട്ടു.

Mr. M. N. Paramesvaran Pillai: I rise to support the motion of Mr. John Kattakayam. In this connection I wish to point out some aspects in the working of this department which call for the immediate attention of Government. The first thing I have to state is that this department does not try to justify its existence. We have in the staff of this department a high paid Electrical Chief Engineer, an Assistant Electrical Engineer and several others drawing high salaries, but every time, whether it is for installing the generating sets in the Power House or for putting up over-head lines in the streets of Trivandrum or even for starting the Pallivasal Hydro Electric Scheme, we are put to the necessity of requisitioning the services of experts and agents from outside the State at enormous costs. Why should the Government then maintain this department, is what I cannot understand.

With regard to the Trivandrum Electric Supply, what we find is that although the overhead lines in the streets were put up only some years ago there have been numerous cases of leakage, frequent accidents and even claims for damages. The overhead lines and the lead casing are quite unsuited to modern conditions and as such they have been condemned in other parts of the world. But generally it is our experience that in this country we always find that, whatever is condemned in other places, whether it is in the field of science or legislation, is readily adopted by the Government. That certainly is a peculiarity of our Government.

In the matter of putting up electric lights the Electrical Chief Engineer adopts no recognised principle. Several important roads in the town have not been lit with electricity, whereas on the other hand we find some of the unimportant roads and even lanes are now provided with electric lights. It appears from the policy followed by the Electrical Chief Engineer that the importance of a road is to be determined not from the traffic or use to which it is put, but from the importance of the Olympian personalities that reside therein. If an officer wants light, even if he is living in the corner of a lane, the electric line will at once be extended there by the Electrical Chief Engineer at heavy cost to Government simply to oblige that individual. For such purposes the Government have very often to spend large amounts for putting up unnecessary posts on road sides. The Electrical Chief Engineer told us yesterday that there are 420 such supply posts in the streets of Trivandrum. Is it not a huge waste, Sir?

Then again, Sir, the Trivandrum Municipal Council has been surrendering annually from its lighting grants about Rs. 7,000 towards the electric lighting in the town, but yet the Electrical Chief

Engineer is not prepared to consult this body or respect its views in the matter of the extension of the electric scheme in the town. The department is supplying electric current at cheap and concessional rates to various small firms and even to the S. I. R., but the Municipality, which is one of the biggest consumers, is denied the concession which such bodies receive in other places. It is important to note in this connection that in Trichinopoly only Rs. 9 and odd is charged every year for a full night electric light, lit on all days in the year. The Trivandrum Municipality is now spending more than Rs. 9 a year even for a half night kerosene light which is burnt only for 20 days in the month. If the Electrical Department would only extend the concession to the Municipality, the latter will be able to light the whole town with electricity, with the amount of Rs.14 or 15 thousand which it is spending every year on kerosene lights. The policy of the Electrical Department should be to supply current at cheap rates and thus popularise electric consumption. The department could do so because the cost of generating one unit of current does not exceed more than an anna or so It is the cost of a big establishment that has necessitated this high rate. Although it is six or seven years since this department was organised, we find that it has not yet made that amount of popularity which it was expected to make during this period.

Another point which I wish to bring to the notice of our Electrical Chief Engineer is that since there are no lights on the Railway over-bridges, much inconvenience is caused to the public. I hope this need will be attended to by the department without delay.

With these few words I support the motion.

Mr. N. K. Padmanabha Pillai: എലക്ട്രിക്കൽ ഡിപ്പാർട്ടുമെൻറ് ഈ രാജ്യത്തേർപ്പെടുത്തിയിട്ട് അധികകാലമായിട്ടില്ല. എന്നുവരികിലും ആ ഡിപ്പാർട്ടുമെൻറുനിമിത്തം തിരുവനന്തപുരം ടൌണിൽ പലഭാഗങ്ങളും രാത്രികാലങ്ങളിൽകൂടി സുഖമായി സഞ്ചരിക്കാവുന്ന നിലയിലായിതീർന്നതിൽ വളരെ സന്തോഷിക്കുന്നു. എലക്ട്രിക് സപ്ളൈ അടുത്തതാലൂക്കുകളിലുംകൂടി ലഭിക്കത്തക്കവണ്ണം ഈ ഡിപ്പാർട്ടുമെൻറിൽനിന്നും കുറേക്കൂടി വിശാലമായ ഒരു പദ്ധതി കണ്ടുപിടിച്ചാൽകൊള്ളാമെന്നാണ് ഞാൻ പറയുന്നത്. അതായത് ഞാൻ പ്രതിനിധീകരിക്കുന്ന നെയ്യാററിൻകര താലൂക്കിൽകൂടി അധികം പണം ചിലവില്ലാതെ മുനിസിപ്പാലിററിക്ക് നടത്തത്തക്കവിധത്തിൽ എന്തെങ്കിലും ഏർപ്പാടുചെയ്യുന്നത് കൊള്ളാം.

Mr. A. N. Visvanatha Pillai: അടുത്തതാലൂക്കുകളിലാണോ പട്ടണങ്ങളിലാണോ, നടപ്പാക്കേണ്ടത്?

Mr. N. K. Padmanabha Pillai : അടുത്ത താലൂക്കുകളിൽ എന്നാണ് ഞാൻ പറഞ്ഞതു്. അതു് പട്ടണത്തെ ഉദ്ദേശിച്ചാണ്.

Mr. K. P. Padmanabha Menon : Sir, Mr. John Kattakayam has been labouring under certain misconceptions regardiug the works at Pallivasal.

Mr. J. John Kattakayam : മെമ്പർ മലയാളത്തിൽ സംസാരിച്ചാൽ കൊള്ളാമെന്നാഗ്രഹിക്കുന്നു.

Chairman : Can you speak in Malayalam, Mr. Padmanabha Menon ?

Mr. K. P. Padmanabha Menon : It is usual to reply in English, Sir.

Chairman : Then you may continue to speak in English.

Mr. K. P. Padmanabha Menon : He has been labouring under certain misconceptions regarding the arrangements of works at Pallivasal. He is apparently under the idea that the expenditure under equipment and staff in connection with the tunnel works is met by Government. That is not the position. Government are paying the contractors a definite rate for each completed length of the tunnel. It is no concern of the department as to what equipment the contractors use, or what labour they employ. All that the department has insisted on is that, as far as possible in the matter of employment, experienced and suitably qualified local men, if available, should be preferred to outsiders. It is therefore no business of the department to question the contractors as to whether they have brought all their equipments from the Pykara works or from any other place, whether they have appointed a manager on Rs. 300 or 400 per month or a surveyor on Rs. 300 per month. If the contractors are satisfied about the efficiency of the local labour they should appoint them wherever possible. So these objections have no ground.

With regard to the length of the tunnel, Mr. Kattakayam made out that originally it was 10,000 feet and later on it was altered to 10,200 feet. The position is this, Sir. When I invited tenders, the actual length was not fixed. But to give a general idea of the amount of work involved, it was specified in the tender specifications that the total length will be *approximately* 10,000 feet; and at the time when the Resident Engineer of the tunnel works made a speech at the opening ceremony it was stated as 10,200 feet. As a matter of fact the actual lenth now determined by a correct survey is 10,134 feet. There are no other points which require, in fact, an answer, as regards the works at Pallivasal.

I will now turn my attention to the points raised by Mr. Paramesvaran Pillai. The first one was with regard to the engagement of men from outside for the erection of plant when the department is alredy manned with a highly paid staff. We have to get experienced men from outside to instal our plant. I said this morning that I was not an experienced erector. It does not therefore follow that there are no experienced erectors in the department. I am primarily an Engineer and there is a considerable difference between an Erector and an Engineer. At the same time it is quite possible that an Engineer may also know erection work. I have specialised in certain branches of Engineering and unfortunately erection did not happen to be one of them. Moreover, if my department is to attend to any of these erections, it will not be possible to tie down the suppliers to definite guarantees for a specified period of time. All suppliers of machinery insist on their plant being erected not by the buyers but by their own men. Otherwise if anything goes wrong subsequently they will say it is all due to the faulty erection of the machine. And after all, when we are buying plant for about one or two and a half lakhs of rupees, it is not worth while to spend some 2,000 rupees more and get a guarantee for satisfactory operation for five years from the suppliers. Otherwise we have to lose the benefit of the five years' guarantee. After all the work involved is not a very complicated work and yet it is only experienced and skilled men that could undertake the erection work. And a man cannot be condemned because he cannot set up an engine. So much about specialists.

Then a case was made about leakages of electric current in the town of Trivandrum. I certainly regret that one or two incidents happened recently, one of which ended fatally. But it is not due to the leakage of the overhead lines. There was no case of leakage in overhead lines and the leakages happened because of the deterioration of certain lead wires which were used to tap from the overhead lines.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether lead wires have been condemned in other places?

Mr. K. P. Padmanabha Menon: They have been only recently condemned.

Mr. S. Piraviperumal Pillai: May I know whether there are not leakeages in other places also?

Mr. K. P. Padmanabha Menon: There are possibly leakages elsewhere also.

Lead wiring was introduced about 10 years ago in this country. In 1929 I consulted several experienced contractors in Madras and Bombay and also consulted the specifications of the Madras Public Works Department. I was given to understand that lead wiring

[Mr. K. P. Padmanabha Menon.]

was satisfactory. But I find subsequently that experience elsewhere during the last ten years has not been satisfactory and this is confirmed by my experience here also. In view of this, I have now definitely abandoned lead wiring especially for service lines.

Mr. M. N. Paramesvaran Pillai : With regard to the extension of supply lines in various places not covered by the Municipality, may I know whether the lines are not introduced at present ?

Mr. K. P. Padmanabha Menon : I may state here that the main principle underlying the extension of supply is with a view to meet the demand from consumers. Government have originally set apart a certain amount of money for lighting for the Trivandrum Municipality That money is now transferred to this department and the department are able to maintain about 35 miles of street lighting with that amount. Incidentally it may be mentioned that the rates for street lighting has now been reduced from Rs. 30 to 25. which works out 3½ aunas per unit, This Rs. 25 includes the complete maintenance, whereas in Trichinopoly the cost of maintenance and replacement is not included. Neither does it include the first cost for the street light, epuipments and wiring, whereas Rs. 25 charged here includes the first cost of the whole equipment as well. Mr. Parameswaran Pillai said that the department has been in existence for the last six years and it has not been able to popularise the supply as much as it should have done The actual position is however entirely different. We started in the first year with about 380,000 units. Next year it rose to 480,000 units ; in the third year it was 610,000 units ; fourth year 728,000 units and in this year it is expected to be about 900,000 units.

Mr. M. N. Paramesvaran Pillai : Out of this how much is consumed by the Government offices ?

Mr. K. P. Padmanabha Menon : It might have been a big percentage in the first year. This year it is about 25 to 27 per cent. The minimum for each consumer is now reduced to rupee one and annas eight per unit.

Mr. M. N. Paramesvaran Pillai : What will be the actual cost of producing one unit of current ?

Mr. K. P. Padmanabha Menon . It is all described in the administration report. I cannot remember all the figures. The cost of oil, fuel and lubrication comes to ·467 of an anna. Wages, salaries, repairs to plant, etc., will work out to ·35 of an anna. The depreciation comes to about 1 anna and other miscellaneous charges about ·94, so that the net cost will be the total cost, which will be 2·75 of an anna.

With regard to the extension of supply to Neyyattinkarā, this suggestion will be kept in mind and an estimate will be prepared as early as possible. It will not be a very difficult proposition to extend the supply from Trivandrum to Neyyattinkara, if there is a guaranteed consumption which will bring in a revenue of about 1,000 rupees per mensem.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether any steps are being now taken to supply the Railway over-bridges with electric lights?

Mr. K. P. Padmanabha Menon: No.

With regard to the extension of electric lighting in Trivandrum the position at present is this. All that is available under this head is the grant which was originally allotted for the P. W. D. for the maintenance of gas lights and petromax lights, in addition to the grant made to the Municipality. These put together would be about 30,000 rupees. The Government granted in addition another Rs. 13,000 making the total grant Rs. 43,000. But due to the reduction of rates this year, the street lighting maintenance will come down to Rs. 38,000 this year. What I propose now to do is to work out a special tariff rate for the Municipality by which it will enable the Municipality to replace by electric lights all its existing kerosene lights in the roads where supply lines are available on payment of probably six or seven thousand rupees per annum, provided the Municipality is satisfied that the lights maintained are for the same duration as in the case of their own lights, and provided the Municipality is satisfied that the distance which is now maintained will be taken as the average span of electric lighting. Now we have already drawn our supply line for 14 miles, where there are no electric lights, so that it will be possible to work out a tariff by which all these 14 miles of roads can be lighted on a payment of about Rs. 6,000 per annum. This matter is now being investigated and I hope to discuss the question with the Municipal President and arrive at an understanding with him before taking the matter to Government. Sir, I have answered all the points that were raised in the discussion.

Chairman: Have you anything more to add, Mr. John Kattakayam?

Mr. J. John Kattakayam: ഞാൻ എന്റെ ഉപക്ഷേപത്തെ പിൻവലിച്ചുകൊള്ളുന്നു.

Chairman: Does the House grant permission to withdraw the motion?

The motion was, by leave, withdrawn.

Chairman: I now put to the vote of the House Demand III—Public Works—Electrical Department for Rs. 24,87,608.

The grant was made.

DEMAND IV—INDUSTRIES.

Mr. N. K. Padmanabha Pillai (*Director of Industries*): Sir, I move for a grant not exceeding Rs. 1,45,531 under Demand IV—Industries.

Mr. K. P. Nilakanta Pillai: Sir, I oppose the motion. Sir, with reference to the working of this department my poor memory brings back to me a line from Wordsworth. "Things which I have seen before, I see now no more". That is exactly applicable regarding the working of this department. In the Government order on the report of the department for 1107 the following remarks are made:—

> "The tapping of underground water in the arid tracts of the State which has already been taken up should be continued."

Another remark by the Government on the activities of the department is about the development of cottage industry. It is as follows:—

> "The report makes no mention of the activities of the department in the development of cottage industries. In G. O. R. O. C. No. 3021/23/Devpt, dated the 19th February 1927, the Government have passed orders with regard to the improvement of the bellmetal industry. The report is silent as to how far the orders relating to this branch have been given effect to."

Those are the remarks passed by Government in reviewing the work of the department. In 1108 also the Government have passed similar remarks about the working of this department. Sir, it is rather embarrassing for the members on this side of the House to make very cutting remarks about the working of any department. But the honourable members who occupy the Government benches also should feel that they ought to work up to the expectations of the tax-payer. We are only doing our duty in that matter. Sir, I know the working of the department for the last 10 years. Therefore, I can say that the remarks passed by the Government in reviewing the work of the department were absolutely not exaggerated. Nothing has been continued in the next year, and the next year's report mentions nothing about the activities of the department for the previous year. It is better not to single out one, but every head of the department is going on working just like a labourer for the day's work.

Chairman: Better confine yourself to this particular department.

Mr. K. P. Nilakanta Pillai: Yes, Sir. My point is that the department is working without any data or definite idea with regard to the constructive side of the activities. Sir, the department is a scientific department, and it is staffed with all available experts. So the head of the department is sanctioning the proposals of new experiments by these experts and these experts go on working; but nothing comes out in any shape or form. Before advancing my arguments, there is one argument used by the Director of Industries, which I have to examine. He says that the funds allotted by Government do not meet the requirements of a development department like the Industries Department. One could very well conceive the strength of that argument. Therefore, the Government is more to be blamed for the inactivity of the department; and either the department should be struck off from the list or adequate funds should be allotted for it, if the Government hopes that by the working of this department the general prosperity of the State could be ensured. But in either case there seems to be something wrong somewhere. If sufficient funds are allowed and if this is the kind of work that is going to be turned out by the department, I do not know for what purposes these funds will be utilised. I can enumerate several instances where money was wasted on experiments. Some years back some work was carried on with the boring machine with a view to finding out artesian wells in South Travancore. Then some operations were undertaken in Thonnackal on limestone beds. Then a proposal was made to introduce electric power to work the fly shuttle looms. There is no use of enumerating these things. The department is silent about all this. Then there were experiments on umbrella making and ginger syrup manufacturing; with what result? The less said about the department, the better. They are jumping from place to place to find solid ground to justify the existence of the department. But nowhere they find firm ground. That is the way in which the department is working. The Government after reviewing the report of the department passed definite orders calling the attention of the Director of Industries that whatever is attempted by the department should be continued till some definite results are obtained. It is not for a poor member like me to ask the head of the department to account for all the money he has wasted in carrying out such experiments at the expense of the tax-payer. It is rather humiliating for the Government to advance funds for the doubtful success of the activities of this department, especially so when the

[Mr. K. P. Nilakanta Pillai.]

Director ignores the orders of the Government made year after year. I may ask the question how many looms have been got down for textile works? How many looms are working successfully? Why are some others not working? What is the amount of money lost on this account? These are very simple questions for the Director to answer. But what can they do? They are now embarking on big schemes of advertisement for Travancore. They start sales depots. But no definite policy is chalked out under which the department is to be worked. What are these experts doing? All sorts of difficulties are pronounced that stand in their way. They are ever going on with some experiment; and every experiment is not expected to succeed and you will have to go till eternity to obtain some tangible result 99 per cent. of them fail, and to make amends for all the failures they say one at least will be a success. There also success is far away. That is my grievance. The remarks passed by Government show this feeling.

Then about the technical school. They say that the school is continuing to be popular. .

Chairman: You have only two minutes more.

Mr. K. P. Nilakanta Pillai: Sir, I am referring to the Commercial School at Alleppey. There a few students are taught shorthand, typewriting and book keeping. Probably their argument is cutting both ways. The success of the institution justifies the existence of the department because the few who come out successful get employment. But in view of the existence of so many efficient private institutions in and outside Trivandrum which are prepared to coach students, this school can very well be abolished; and that credit can be taken away from the Department of Industries.

Mr. J. John Kattakayam: സർ,

Chairman: മിസ്റ്റർ പത്മനാഭപിള്ളയോടു സംസാരിക്കാൻ ഞാൻ പറഞ്ഞുപോയി

Mr. J. John Kattakayam: ഇന്നത്തെ അജൻറയിൽ ഇതു വരുമെന്നു വിചാരിച്ചിരുന്നില്ല.

Mr. K. P. Nilakanta Pillai: I rise to a point of order. Whether the Government member can speak before the members on this side have done with their speeches?

Mr. N. K. Padmanabha Pillai: Sir, the honourable member Mr. K. P. Nilakanta Pillai said that the department does not follow up their proposals regarding certain industries such as the bellmetal industry, etc. In fact they did follow up the bellmetal industry, by

giving industrial loans to some of the bellmetal manufacturers and that is the reason why we did not think of starting that industry departmentally.

With regard to the boring machine, we had a machine just for prospecting minerals. Now it is transferred to the P. W. D. Whenever it is required we generally take a loan of it. One of the members of the Assembly wanted some prospecting work to be done in Nedumangad.

We have a Geological Assistant in the department who is following up that line of work. With regard to the charge that the power looms in the department were not working, I may say that we have several fly-shuttle looms in the Central Technological Institute for training teachers who come from various weaving schools and almost all of them were working. Later on we purchased power-looms. Last year, for want of power we were not able to work the power-looms. Towards the end of last year we got the motors required for working and all the looms are working even now.

With regard to the Commercial School, there was a demand from the public that a Commercial School will have to be opened at Alleppey because it is one of the most important commercial centres and students trained there may get employment in the town of Alleppey or elsewhere. And the school continued to be popular. Mr. K. P. Nilakanta Pillai said that this is the only technical institute on which the department can claim popularity, but there are several other technical schools for weaving, carpentry and many other industrial works which are equally popular and efficiently conducted under the supervision of the department and there is such a rush for admissions in some of the schools, such as the S. M. T. School, etc. Then he said that we are not continuing some of the experiments we started last year and he referred to the remarks by the Government on our administration report.

There is a remark in the administration report that we did not follow up the cocoanut jaggery experiment; in fact we did follow it up but we were not able to get sufficient jaggery from Parur and other places, because there was no general licensing system for tapping cocoanut trees for jaggery. Very recently, towards the end of the year, Government granted license to a certain person and he started producing jaggery on a large scale, and the sugar produced from cocoanut jaggery is available for sale from Travancore Sugar Factory. It must be clear to the honourable member that the experiment carried out by the Industrial Chemist is successful. The contractor of the Travancore Sugars successfully proved that the experiment carried out by our Chemist is useful.

Mr. Kattiyattu Sivarama Panickar ; May I know from the member what he proposes to do with the students who are undergoing training in the tannery at Karamanai on its abolition ?

Mr. N. K. Padmanabha Pillai ; Sir, we have not decided yet what is to be done with them, but if there are chances for them in some of the other technical institutions and if they are willing to join we will try to take them. Since we are starting a rubber factory they may be able to get some work there.

Chairman : The House will now adjourn to meet again on Monday at 11-30 A. M. As the Dewan President has to open the exhibition in the Girls High School, the usual time of the meeting of the Council at 11 A. M. will be changed to 11-30 A. M. and the House will sit till 5-30 P. M. on Monday.

The Council adjourned at 5-5 P. M.

(*n*) The member is referred to the answer to part (*m*) above.

Mr. M. N. Paramesvaran Pillai: May I know whether the answer to part (*j*) of the question was based on any medical examination?

Mr. K. George: No medical examination is necessary to say whether a person is suffering from elephantiasis.

Mr. M. N. Paramesvaran Pillai: The answer to part (*j*) speaks of some report. May I know whose report it is that is referred to in the answer?

Mr. K. George: The report of the Survey Superintendent.

Mr. M. N. Paramesvaran Pillai: Has the Land Revenue Commissioner seen this officer?

Mr. K. George: Yes, I have seen him.

Mr. M. N. Paramesvaran Pillai: May I know the special reason why this gentleman was got down from British India when we have trained Tahsildars here?

Mr. K. George: His special fitness for the work and his experience in Survey.

Mr. M. N. Paramesvaran Pillai: May I know who decided his fitness?

Mr. K. George: Government, on the report of the Survey Superintendent.

Mr. M. N. Paramesvaran Pillai: Had the Survey Superintendent any previous acquaintence with this gentleman?

Mr. K. George: He says he has. He says that he had occasion to work with him for about 6 months in connection with the verification of our boundaries.

Mr. M. N. Paramesvaran Pillai: Has this officer at any time been deputed, after his appointment here, to inspect the boundaries of the State?

Mr. K George: No, not yet.

Mr. M. N. Paramesvaran Pillai: Is he to be sent out for that work?

Mr. K. George: If the exigencies of service require that, he will have to do it.

Mr. M. N. Paramesvaran Pillai: In that case, do the Government think that this Mr. Sivaramakrishna Aiyar will be faithful to both his masters, *viz.*, the Government of Travancore and the Government of British India?

President: That is a question of opinion.

Mr. M. N. Paramesvaran Pillai: What was the qualification of the previous Survey Superintendent, Mr. K. R. Krishna Pillai?

Mr. K. George: I cannot say that now.

Mr. M. N. Paramesvaran Pillai: What is the technical qualification of the present Survey Superintendent?

Mr. K. George: I cannot say.

Mr. M. N Paramesvaran Pillai: May I know whether there are other qualified men in the Survey Department?

Mr. K. George: There are, but not suitable for this post.

Mr. M. N. Paramesvaran Pillai: Are there not persons with better technical qualifications in the department than Mr. Sivaramakrishna Aiyar?

Mr. K. George: I do not think there is.

Senior Head Surveyor in the Survey Department.

32. ***Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state:

(*a*) whether there is a Senior Head Surveyor in the Survey Department;

(*b*) how long he has been holding that appointment;

(*c*) what are his technical qualifications; and

(*d*) what is the total length of his service both in this State and outside and what is his pay now?

Mr. K. George: (*a*) There is no appointment in the Survey Department bearing the designation 'Senior Head Surveyor'. But among the four Head Surveyors in the department, Mr. K. Venkatachalam Aiyar is the senior most.

(*b*) From 5-5-1106, if the member has in view Mr. K. Venkatachalam Aiyar.

(*c*) (1) Madras Head Surveyor and Sub-Assistants' Test.

(2) Deputy Surveyors' Test Examination.

(3) Certificate of the International Correspondence Schools, Ltd., London.

(4) Diploma of corporate membership of the institution of British Engineers, Windsor House, Westminister, London, S. W. 1.

Items (3) and (4) are not recognised by the Government.

(*d*) He has put in a service of 22 years and 7 months in the department. Government have no information about his service outside. His present pay is Rs. 90.

Mr. M. N. Paramesvaran Pillai: Do the Government recognise the Criminal Judicial Test as a qualification for the Survey Superintendent's post?

Mr. K. George: No.

Recovery of demand notice fees in the Neyyattinkara taluk.

33. ***Mr. N. K. Padmanabha Pillai:** (*Neyyattinkara* cum *Nedumangad*): Will the Government be pleased to state:

(*a*) the amounts realised under demand notice fees in Neyyattinkara taluk in 1104, 1105 and 1106;

(*b*) the number of demand notices in the above taluk for which fees have not been recovered in 1106, in pursuance of G. O. R. O. C. No. 2764|31/Rev., dated 14-7-31;

(*c*) whether demand notice fees have been recovered in 1107 for any of the cases referred to in part (*b*) and, if so, the number of such cases;

(*d*) whether all the fees realised under part (*a*) for the second half of 1106 were treated as advance payment for the first instalment of 1107 and 1108; and

(*e*) if the answer to part (*d*) is in the negative, the number of cases in which the fees so realised have not been credited as advance and the reason for the same?

Mr. K. George:

	Year.	*Amounts realised.* Rs.	Chs.	c.
(*a*)	1104	2434	0	0
	1105	2435	4	0
	1106	3003	16	0

(*b*) 1002.

(*c*) No.

(*d*) and (*e*) There was no case in which the concession had to be given in pursuance of G. O. R. O. C. No. 2764/31/Rev. dated 14-7-31.

Continuance of the Survey class in Trivandrum.

34. ***Mr. C. M. Joseph** (*Changanachery* cum *Peermade*): Will the Government be pleased to state:

(*a*) whether they intend to continue the Survey Training Class at Trivandrum for their officers; and

(*b*) if not, what arrangements will be made by them for the failed candidates of the above class?

Mr. K. George: (*a*) No.

(*b*) They will have to wait till the classes are next opened.

Expenditure on certain roads in the Nedumangad taluk.

35. ***Mr. N. K. Padmanabha Pillai:** Will the Government be pleased to state the amount spent in 1108 and 1109 (up to

19-11-1109) on the village roads in the pakuthies of Perumkulam, Veeranakavu, Ozhamalakal, Kulattummel, Vellanad and Mannurkara of Nedumangad taluk ?

Mr. G. B. E. Truscott (*Chief Engineer*) :

Year.	Amounts.
	Rs.
1108	86-13-8
1109	72-20-0

Mr. N. K. Padmanabha Pillai : Do the amounts given, cover the expenditure for maintenance and for new works together ?

Mr. G. B. E. Truscott : Only maintenance.

Mr. N. K. Padmanabha Pillai : May I know the expenditure on new works alone in each of these pakuthies ?

Mr. G. B. E. Truscott : Nothing at all.

Mr. N. K. Padmanabha Pillai : What is the length of road newly constructed, in these pakuthies, during the last two years ?

Mr. G. B. E. Truscott : So far as I know there is only one village road, *viz*., the Vellanad road ; and the answer deals with that road alone.

Mr. N. K. Padmanabha Pillai : How many years is it since new roads were constructed in these pakuthies ?

Mr. G. B. E. Truscott : I do not think it arises out of the question. I do not know.

Mr. S. Piraviperumal Pillai: (*Commerce and Industry, South*) : May I know the total length of the roads in these pakuthies ?

Mr. G. B. E. Truscott : I do not know.

Irrigation works for which no funds have been allotted.

36. ***Mr. N. K. Padmanabha Pillai** : Will the Government be pleased to lay on the table a list of irrigation works for which estimates are ready but for which funds have not been allotted till now (19-11-1109), with the dates on which such estimates were finally approved ?

Mr. G. B. E. Truscott : The *list is laid on the table.

Extension of the beach road.

37. ***Mr. N. K. Padmanabha Pillai** : Will the Government be pleased to state whether there is a proposal to extend the beach road from Poovar to Colachel and to make a beach road from Cape to Trivandrum ?

Mr. G. B. E. Truscott : Yes.

---

* *Vide* Appendix I—Page 235.

Mr. N. K. Padmanabha Pillai: May I know the action that the Government have taken in the matter?

Mr G. B. E. Truscott: It is part of the main coastal road from Trivandrum to the Cape, and is lying over at present owing to want of funds.

Mr. N. K. Padmanabha Pillai: May I know when the proposal originated, *viz.*, the proposal to extend the beach road from Poovar to Colachel?

Mr G. B. E. Truscott: It forms the 6th, 7th, and the 8th sections of the coastal road from Trivandrum to the Cape.

Mr. N. K. Padmanabha Pillai: The question is whether there is a proposal to extend the beach road from Poovar to Colachel and the answer is 'Yes'. I want to know when that proposal originated?

Mr. G. B. E. Truscott: I must ask for notice; I have the information in the file; but I fear it will take time.

Mr. N. K. Padmanabha Pillai: May I ask whether the proposal originated from the P. W. D. or from the Government?

Mr. G. B. E. Truscott: In regard to that also, I have to gather the information from the file.

Mr. M. N. Paramesvaran Pillai: May I know the approximate cost of this road?

Mr. G. B. E. Truscott: I cannot say now.

Expenditure on minor irrigation works in Chirayinkil taluk.

38. ***Mr. K. P. Nilakanta Pillai** (*Chirayinkil cum Nedumangad*): Will the Government be pleased to state the expenditure incurred by them for carrying out minor irrigation works in Chirayinkil taluk for the last six years?

Mr. G. B. E. Truscott:

	Rs.	Chs.	C.
1103	358	2	6
1104	4,198	17	11
1105	7,644	20	11
1106	8,440	1	2
1107	135	3	8
1108	2,931	15	2

Hindu depressed class students in colleges.

39. ***Mr. N. K. Padmanabha Pillai:** Will the Government be pleased to state the total number of Hindu depressed class students in the several colleges of the State and the names of the colleges and the number of such students in each, specifying also the classes in which they are studying?

Mr. R. M. Statham (*Director of Public Instruction*): Two in all the colleges. One Vadhiryar in the undergraduate section of the Training College, and one Sambavar in the Senior Intermediate class of the Science College.

Mr. N. K. Padmanabha Pillai: May I ask whether the students receive any concession from Government, and, if so, what it is?

Mr. R. M. Statham; The student in the Training College receives a stipend from Government; and the student in the Senior Intermediate class in the Science College has not got to pay any fees; he gets a full fee concession from the time he entered the college.

Surveyors engaged for tunnel work.

40. ***Mr. J. John Kattakayam** (*Muvattupuzha* cum *Todupuzha*); Will the Government be pleased to state:

(*a*) whether the work of the Travancore surveyors and the contractors' surveyors appointed in connection with the tunnel survey, was satisfactory;

(*b*) whether it was due to the want of application from Travancoreans that the contractors' surveyors were also recruited; and

(*c*) whether it is a fact that the Travancore surveyor was paid Rs. 35 and the contractors' surveyor 300 and odd rupees?

Mr. K. P. Padmanabha Menon (*Electrical Engineer to Government*): May I answer in Malayalam, Sir?

President: Yes; a convention has been established.

Mr. K. P. Padmanabha Menon: (*a*) The work of the surveyors employed was satisfactory. No contractors' surveyors were appointed.

(*b*) In view of the answer to part (*a*) this does not arise.

(*c*) Travancore surveyors were paid at the rate of Rs. 35 + 10 per mensem and in view of the reply to (*a*) the question of pay to the contractors' surveyors does not arise.

(The answer was read in Malayalam.)

Length of the tunnel to be constructed at Pallivasal.

41. ***Mr. J. John Kattakayam**: Will the Government be pleased to state:

(*a*) the total length of the tunnel, in feet, as surveyed; and

(*b*) the length of the tunnel, in feet, when completed?

Mr. K. P. Padmanabha Menon: (*a*) 10,201 feet.

(*b*) 10,134 feet of tunnel and 192 feet of cut and cover.

(The answer was read in Malayalam)

Mr. J. John Kattakayam : കൂട്ടം കവറും കൂടുതലായി നടത്തുന്നതിൽ വല്ല ഭേദഗതിയും ചെയ്തിട്ടുണ്ടോ?

Mr. K. P. Padmanabha Menon : ടണൽ സംബന്ധിച്ച് കൂടുതലായി ഭേദഗതികൾ ചെയ്തിട്ടില്ല.

Appointment of a Mechanical and Electrical Engineer for tunnel works.

42. ***Mr. J. John Kattakayam** : Will the Government be pleased to state whether an officer who is a foreigner has been appointed as the Mechanical and Electrical Engineer in connection with the tunnel works ; and, if so, his pay per mensem ?

Mr. K. P. Padmanabha Menon : No.

(The answer was read in Malayalam.)

Coolies engaged for tunnel work.

43. ***Mr. J. John Kattakayam** : Will the Government be pleased to state:

(*a*) the number of Travancoreans working under the contractors ; and

(*b*) the number of foreign coolies in each grade, and their wages ?

Mr. K. P. Padmanabha Menon : (*a*) 186.

(*b*) A *statement is placed on the table.

(The answer was read in Malayalam.)

Mr. J. John Kattakayam : മേശപ്പുറത്തു വച്ചിരിക്കുന്നു എന്നു് പറഞ്ഞതു് എന്താണെന്നു പറയാമോ?

Mr. K. P. Padmanabha Menon : അതു് ഒരു സ്റ്റേറ്റുമെൻറാണ്. അതു് രണ്ടുമൂന്നുപേജ് ഉണ്ടു്.

Mr. J. John Kattakayam : മേലാലെങ്കിലും സ്വദേശികളെ തന്നെ നിയമിക്കുമോ?

Mr. K. P. Padmanabha Menon : മേലാൽ മാത്രമല്ല ഇപ്പോൾതന്നെയും അങ്ങനെ ചെയ്തുകൊണ്ടിരിക്കുകയാണ്.

DEMANDS FOR GRANTS.

DEMAND IV—INDUSTRIES (*contd*).

Mr.N.K. Padmanabha Pillai : (*Director of Industries*): I have nothing more to add, Sir.

Mr. M, N. Paramesvaran Pillai : Sir, like our Agricultural Department, this is also a sleeping department in the State. This department has not been following any definite policy all these years. It is even today in the infant stage conducting experiments and research work. After nine years of experiment and the assurance contained in the Financial Secretary's Budget Speech of last year that the tannery at Karamanai is proposed to be developed so as to produce sufficient quantities of leather to meet the requirements of all Government departments, the Government have now grown wiser and rightly done away with the the post of the Tanning Expert. • It is stated by the Financial Secretary in the

[Mr. M. N. Paramesvaran Pillai.]

Budget Speech that the Tannery at Karamanai is proposed to be abolished from the commencement of the next Malabar year. I am sure that if the Government had only respected the views of the people, the same fate would have overtaken the other branches of the Industrial Department also several years ago. Nobody would feel if all the experts in the department, as well as those in the Agricultural and Fisheries Department, are done away with ; for the people do realise that both these departments of Government do not serve any useful purpose in return for the tax-payers' money annually expended for their maintenance. To indulge in a metaphor, there can be no exaggeration in describing these two departments as the appendix, in the machinery of Government, having no functions to perform, just as the appendix in the human body is reported by modern anatomists as an organ whose usefulness has not yet been discovered by any one. The State will not be a loser if all the experts in this department are sent away. It is no wonder that in the administration report of the department for 1108 the Government was constrained to remark thus;—

"In the review of last year it was observed that there seemed to be no continuity in the investigation and experiments carried on, and that the laying down of a definite programme of work was the only method to prevent laboratory work being conducted in haphazard and aimless manner."

And the review of the Administration Report for the year 1108 is closed with the following concluding remark:—

"The department must aim at greater driving force, more originality and keener direction,"

The same remark, I fear, will have to be repeated year after year. There is now a serious menace threatening our coir yarn, mats and mattings, and rope industry on account of the fraudulent and dishonest practice of admixing fine sand in the fibre before spinning it into coir yarn. The Alleppey Chamber of Commerce has pointed out this evil long long ago, and yet the department has not done anything to protect this industry ; and the good reputation of Travancore, which has practically the monopoly of superior varieties of yarn and has a very big export trade in mats and mattings, is being marred by the continuance of the above dishonest practice. The Industrial Director has very little time to attend to the development of industries in the country. All his time is now absorbed in conducting useless and unprofitable shows like the Ootty or the Trivandrum Sales Depot. The Government have appointed a Trade Agent in Bombay on a salary of Bh. Rs. 500 plus an allowance of Rs. 75. One who has not even seen our country—how he is going to find better markets for Travancore products is a matter that remains to be seen.

In these circumstances, Sir, I am constrained to support the motion of Mr. John Kattakayam, and to request the House that the demand made by the Director of Industries may be thrown out

Mr. S. Piraviperumal Pillai (*Commerce and Industry, South*) : I am sorry, Sir, that I have to oppose this motion for the omission of the total demand for the Industries Department. My first reason is that, if this demand is omitted, there will be no Industries Department, and I am afraid, there will be no constituency to elect me for this seat in this House. (*Laughter.*) My friend Mr. Paramesvaran Pillai just now complained, Sir, that the department was sleeping. But, if we follow the step recommended by him, viz., the omission for the total allotment for the department, the department will die, while what he actually wanted was that more work must be done by this department. I ask if the total demand is to be omitted and if the department is to be abolished, how is that to be done ?

Again, he said, Sir, that the Trivandrum Sales Depot was doing no work at all. I do not know on what basis he said that. Except this *ipsi dixit*, he did not give any reason in support of his statement. I am therefore unable to follow him.

He also said, Sir, that the appointment of a Trade Agent at Bombay would not be of any use since the gentleman, who has now been appointed, had not visited Travancore so far. My friend asked 'How is he going to develop our trade and industries when he has not visited our place even once'? Well, Sir, if that principle is to be followed, viz., that our trade and industry can be developed only by people who have visited our country, it is impossible to have any trade relations with foreign countries, and we can never hope to have any foreign trade at any time. As a matter of fact, Sir, we *have been* doing a good deal of business with ever so many foreign countries and none of the representatives of our customers have so far visited Travancore. Sir, there is the Postal Department, the Telegraphic Department, the Railway and what is more we have now air service also. We can send samples and communicate with merchants throughout the whole world now much easily. I do not therefore think that our foreign agents can be of use to us only if they visit our places.

I wish to make one suggestion to the Director of Industries, that is, to harness our natural resources for the improvement of our industries. We all know, Sir, that, in our Pallivasal Hydro Electric Scheme, we propose to harness water and to produce electricity so that we could supply power cheap and thereby develop our industries. We all know, Sir, that sun's light and heat, if properly harnessed, culd be utilised to our best advantage. From what I was able to gather from a magazine, I understand that, in America, they have invented a machinery with powerful lens, with which they intensify sun's heat and utilise the energy for industrial purposes. We are now wasting sun's heat. If the Director of Industries will get into touch with the inventors in America and find out the nature of that invention and try and see if we could not follow

[Mr. S. Peraviperumal Pillai.]

their example and utilise sun's heat which is now being wasted, I think, in Travancore, where we have extensive sea-coast, we would construct cement pans and pump brine from the sea into these pans and utilise the sun's heat for increasing our out-put of salt so that we can be self-sufficient in that matter and avoid the large import of salt which we now have to make. I trust the Director of Industries will bestow his earnest attention on this suggestion.

Mr. G. Narayana Aiyar (*Kunnatnad* cum *Parur*): Sir, I oppose the grant. (*Louder please.*) This department has not justified its existence as a separate department. Very little useful work seems to be done by this department except costly touring by its officers. Government also seem to be satisfied as to the fact that this department does not do any useful work ; and they have suggested, in their order on the report of the department, the manner in which the department ought to work. At page 1 of the report of the department, Government say:—

> 'There are large quantities of raw materials like jack fruits, pine apples, various kinds of roots, plantains, etc., which under scientific treatment may be capable of conversion into concentrated foods of high nutritive value."'

I should like to know what action has been taken by the Director in the direction indicated by the Government ; and I expect the Director will elucidate the position to the House.

The department is maintaining a costly Commercial School. In the light of the fact that there are, now-a-days, a large number of private institutions, I think it is not necessary to maintain that institution any longer.

Then there is the Industrial Research Chemist. He too does not seem to do much useful work, except the analysis of materials sent to him. He ought not to be satisfied with that. He ought to take up original research and be of more use to the people of the country.

Our country has a great number of raw products which could with advantage be turned into useful articles. The department must bestow its attention in that direction. Nuxvomica, *marotti* seeds, ginger, cardamom, cinnamon, and lemon grass oil are products which we get in plenty in our country and which can be easily manufactured into very useful medicines. We are importing every year lakhs of rupees worth of medicines. If the Government start a pharmacy, as in Mysore, they can manufacture most of our medicines and save a good deal of their present expenditure. Arrow root, tapioca and bananas are some of our food products which can very easily be converted into exportable foods. That will be a very profitable industry also.

So far as industries in general are concerned, the policy in other States seems to be for the Government to take the lead to

start new industries and to establish factories of their own, and after running the factories for a few years as a Government concern and establishing public confidence, hand over the same to private agencies. This ought to be the principle. For instance, in Mysore, they have their soap works. Their soaps have established a very good reputation. Travancore is importing a very large quantity of soaps. We have got cocoanut oil and other materials necessary for soap manufacture in plenty. Why not we also start a soap factory?

The Director ought to devote his attention to such useful matters instead of simply continuing on the lines followed by his predecessor. I hope that at least in future, he will be more active and be more useful to the people of the State and thereby justify the continuance of the department.

Mr K. K. Thomas (*Nominated*): From the very inception of this department much unsympathetic criticism has been levelled against it. Nothing theatrical or spectacular can be achieved by a department run by Government and for which moneys have to be allotted from time to time by a House of this nature. Sir, each industry has to be investigated and examined properly before it is undertaken, and the necessary funds have to be allotted unstintingly. From the very earliest stages of the organisation of the department, I have been continuously listening to criticisms of this nature against this department, that this department has not been of any practical use to the people, that it is a sleeping department and that it is something like the vermiform appendix in the human body which has no function of its own. Sir, this kind of criticism is very unfair. It was Sir M. Vivsesvaraya who, in Mysore, paved the way for a good many industries there. But, what was the result? There have been stupendous failures and a lot of waste of money. After all, they now have their soap works and sandal oil factories which pay them fairly good dividends. They have got cheap electric power. Sir, there is not much use in launching upon big schemes without proper investigation?

Mr. M. Govindan (*Nominated*): May I know whether it is the member's view that the Geological Assistant and the Industrial Engineer are being given sufficient work by the Director of Industries?

Mr. K. K. Thomas: That is for the Director of Industries to answer.

It is unfair, Sir, that, without giving proper machinery for work, without providing adequate fnds even for conducting proper investigation, we should condemn the department or any of its branches and suggest that all on a sudden the department must be abolished altogether. We were very sorry to hear that the Tanning Section of this department has been stopped all on a sudden.

[Mr. K. K. Thomas.]

In fairness to the officer concerned and to his assistants, suitable provision should be made for them in some other departments.

I should also suggest to Government that they must allot more funds for this department.

Mr. K. P. Nilakanta Pillai : May I ask whether, at any time, this House has refused grants demanded by the Director of Industries, or whether any such recommendation of the Director of Industries has been long pending with the Government ?

Mr. K. K. Thomas : My point is that a fair trial has not been given to this department.

Mr. K. P. Nilakanta Pillai : May I know what, approximately is the number of years, for which trial must be given to this department ?

Mr. K. K. Thomas : The necessary funds must first be provided ; and then we must try for two or three years at least.

Now, there is a proposal, Sir, to start a rubber factory. In regard to the location of the factory... ... ...

Mr. M. N. Paramesvaran Pillai : On a point of order There is a separate demand for the rubber factory. The member cannot therefore speak about it now.

President : Where about is that demand ?

Mr. N. K. Padmanabha Pillai : Demand No. XXXV.

President : We may not reach it at all.

Mr. K. K. Thomas: I submit I am entitled to refer to all industries now.

President : You want to strike the iron when it is still hot. (*Laughter*).

Mr. K. K. Thomas : It is very good, Sir, that it has been decided to establish a rubber factory. Great things and good things are expected of you for improving the industrial and economic position of the country. It has been suggested in the report of the Economic Depression Enquiry Committee that our products may not be able to compete successfully with foreign goods. I hope that Government will look into the matter carefully before actually starting the factory. I would suggest that, if it is found to be a success, other rubber factories may be established in rubber producing areas and in places nearer to British India and to sea ports. I am still not quite sure, Sir, of the success of the proposed rubber factory. Our experience has not been quite happy in regard to the manufacture of crepe soles. Mr. Murphy had a crepe sole factory and Messrs Harrisons and Crosfield had another. In the beginning they were making some profit. But, as time went on, the price of soles went down so low that the factories here were not able to make any profit whatsoever. Besides competition from other markets, Sir, it is also likely that foreign Governments raise tariff

walls against our products. That question has also to be carefully looked into before the factory is actually started.

With regard to the sugar industry, the success of the industry depends upon the price at which they get cocoanut toddy from which they have to make molasses. On account of want of competition, the tappers demand not less than Rs. 20 per head per month. And each tapper is asked to tap only 15 trees. At this rate it is very unlikely that the sugar manufacturers are able to get sweet toddy for a price which would be advantageous to them. Smuggling and illicit tapping are sure to result; and the Excise Department must be on its guard. Anyhow, I hope and wish that the industry is successful so that our cocoanut products, which now yield very low prices, will fetch a better price at least in the future.

മാത്രമെ അതുകൊണ്ടു ജനങ്ങൾക്കു രക്ഷകിട്ടുകയുള്ളു. നമ്മുടെ രാജ്യത്തു അസംസ്കൃതസാധനങ്ങൾ ധാരാളമായി കിട്ടുന്നതുകൊണ്ടു അന്യരാജ്യത്തേക്കു ആവശ്യമുള്ള സാമാനങ്ങൾപോലും ഇവിടെ സുലഭമായി ഉണ്ടാക്കാൻ സാധിക്കുന്നതാണ്. ഇപ്പോൾ ഇവിടെ നിലനിന്നുവരുന്ന സാമ്പത്തികാധഃപതനം ഇവിടെ എത്രകാലം നിലനില്ക്കുമെന്നുള്ളതു അറിയാൻ നിവൃത്തിയില്ലാതിരിക്കുന്നു. ആ സ്ഥിതിക്കു നമ്മുടെ വ്യവസായങ്ങളെ പരിപോഷിപ്പിച്ചെങ്കിൽമാത്രമെ ദാരിദ്ര്യത്തിനു അല്പമെങ്കിലും ശമനം ഉണ്ടാകുകയുള്ളു. അതിലേയ്ക്കുവേണ്ടി ഗവണ്മെണ്ടു കൂടുതൽ പ്രയത്നിക്കുമെന്നു വിശ്വസിക്കുന്നു.

Mr. J. John Kattakayam: എന്റെ സ്നേഹിതൻ മിസ്റ്റർ വിശ്വനാഥപിള്ള മുൻപൊരിക്കൽ പ്രസ്താവിച്ചിട്ടുള്ളതുപോലെ കള്ളുവ്യവസായം എന്നൊരു വ്യവസായം മാത്രമല്ലാതെ വേറെ ഒരു വ്യവസായവും ഇവിടെ നടക്കുന്നില്ല എന്നു സധൈര്യം പ്രസ്താവിച്ചുകൊള്ളുന്നു.

Mr. Komilezhathu Sankaran (*Nominated*): കള്ളുവ്യവസായം കൊണ്ടു ഗവണ്മെൻറിനു ലാഭമാണൊ, അതല്ല നഷ്ടമാണൊ ഉണ്ടാകുന്നതു്?

Mr. J. John Kattakayam: അതുകൊണ്ടു ലാഭംതന്നെ എന്നു സമ്മതിച്ചേതീരു; എന്നാൽ കൊലപാതകങ്ങളും വിവിധവിധ അക്രമങ്ങളും തന്നിമിത്തം ഉണ്ടായിക്കൊണ്ടിരിക്കുന്നുണ്ടു്. വാസ്തവത്തിൽ ഇതു ജനസാമാന്യത്തിന്റെ സദാചാരനിഷ്ഠയേയും ധനത്തേയും ഒരുപോലെ നശിപ്പിക്കുന്നു.

Mr. Komilezhathu Sankaran: കള്ളുകുടിയ്ക്കുന്നതു കൊണ്ടല്ലെ അങ്ങനെ സംഭവിയ്ക്കുന്നതു്?

Mr. J. John Kattakayam: അതിന്റെ കാരണം ഞാൻനേരത്തെ പറഞ്ഞുകഴിഞ്ഞു. ഇവിടത്തെ പ്രധാനതൊഴിൽ കൃഷിയാണ്. കൃഷിക്കാർക്ക് ഇപ്പോൾ പലവിഷമങ്ങളും നേരിട്ടുകൊണ്ടിരിക്കുന്നു. പാശ്ചാത്യരാജ്യങ്ങളെല്ലാം അവരുടെ വ്യവസായങ്ങളെ അഭിവൃദ്ധിപ്പെടുത്തിക്കൊണ്ടാണിരിയ്ക്കുന്നതു്. ഇവിടെ ധാരാളം ഭൂമികൾ ഉണ്ടു് അപ്രയാൽ കൃഷിചെയ്തുണ്ടാക്കുന്ന സാമാനങ്ങളുടെ വിലക്കുറവും ഭൂനികുതിയുടേയും മറ്റുനികുതികളുടേയും കൂടുതലും നിമിത്തം ഇവിടെയുള്ള ആളുകൾ പലരും അന്യനാട്ടുകളിലേക്കുപോയിക്കൊണ്ടിരിക്കുന്നു. ഇവിടെയുള്ള ഭൂമികൾ തന്നെയും കൃഷിയ്ക്കു ഉപയോഗപ്പെടുത്താൻ അനുവദിക്കുന്നില്ല. രാജ്യത്തിന്റെമൂന്നിലൊന്നുഭാഗം റിസർവ്വായി ഒഴിച്ചിട്ടിരിക്കുന്നു. അവിടെ എത്തി

നോക്കുന്നതിനുപോലും കൺസർവേററർ അനുവദിക്കുന്നില്ല. വ്യവസായ ഡയറക്ടരായി ഇവിടെ വന്നിട്ടുള്ള പലരും വിവിധവിധനഷ്ടങ്ങളും വരുത്തിയിട്ടുണ്ട്. ബാക്കർ എന്നൊരു ധരം ഇവിടെവന്നു ഗവണ്മെൻറിൻെറ ഒട്ടുവളരെ പണം അനാവശ്യമായി ചിലവാക്കി. ഈവക സംഗതികളൊന്നുംതന്നെ ഗവണ്മെൻറു കാണുന്നില്ല. ഇവിടെ വ്യവസായ ഡയറക്ടർ ആയിരുന്ന മി. ഐ. സി. ചാക്കൊ തിരുവിതാംകൂറിൽ ഇതുവരെ ഒരു വ്യവസായവും ഉണ്ടായിട്ടില്ല എന്നു പറഞ്ഞിരിക്കുന്നു. ഇവിടെ ഒരു വ്യവസായവിദഗ്ദ്ധൻ വന്നിട്ടുണ്ട്. അദ്ദേഹത്തിനു ശമ്പളംകൊടുക്കുന്നില്ല. ഉണ്ണാനും ഉടുക്കാനും കിടക്കാനും കുടിക്കാനും മററുമുള്ള ആവശ്യങ്ങൾ മാത്രമെ അന്വേഷിച്ചുവരുന്നുള്ളു എന്നു ഫൈനാൻഷ്യൽസെക്രിട്ടറി പറഞ്ഞിട്ടുണ്ടു. ശമ്പളംകൊടുക്കാതെ ഒരുദ്യോഗസ്ഥനേയും ഇവിടെ എടുക്കേണ്ട ആവശ്യമില്ല. ശമ്പളമില്ലാത്തുള്ള ഉദ്യോഗസ്ഥന്മാരേകൊണ്ട് എത്രകണ്ടു കാര്യസാദ്ധ്യത്തിനുതകുമെന്നു കണ്ടുതന്നെ അറിയണം. ഗവണ്മെൻറു തുടങ്ങാൻ നിശ്ചയിച്ചിരിക്കുന്ന റബ്ബർവ്യവസായശാല തിരുവനന്തപുരത്തു കടൽ തീരത്തു സ്ഥാപിക്കുവാൻ നിശ്ചയിച്ചിരിയ്ക്കുന്നതു നല്ലതല്ല. എന്നാൽ റബ്ബർ ധാരാളമുണ്ടാകുന്ന സ്ഥലത്തെവിടേയെങ്കിലും വ്യവസായശാല സ്ഥാപിക്കുകയാണെങ്കിൽ അതു പലവിധത്തിലും വളരെ ആദായകരമായിരിക്കും. മുണ്ടക്കയം. കാഞ്ഞിരപ്പള്ളി, മീനച്ചിൽ, തൊടുപുഴ, മൂവാററുപുഴ, ആലുവാ മുതലായ സ്ഥലങ്ങളിൽ റബ്ബർ ധാരാളമായി കിട്ടുന്നുണ്ട്.

Mr. A. Kumara Pillai (*Secretary to Government*): നെടുമങ്ങാട്ടുതാലൂക്കിൽനിന്നും ധാരാളം റബ്ബർ കിട്ടുന്നുണ്ടെന്നറിയാമൊ?

Mr. J. John Kattakayam: നെടുമങ്ങാട്ടു റബ്ബർ കിട്ടുമെങ്കിലും അതു പലതോട്ടങ്ങളിൽനിന്നും സംഭരിക്കണം. ഇവിടെനിന്നുംവളരെ ദൂരവുംവരും. അത്രയും ദൂരത്തുനിന്നും ഇവിടെ വരുത്തുന്നതിനു ഒരുസംഖ്യ ചെലവുചെയ്യേണ്ടിവരുന്നതാണ്. ഞാൻ പ്രസ്താവിച്ച സ്ഥലങ്ങൾ പ്രായേണ നാട്ടിൻപുറങ്ങളുംമററും ആകയാൽ പല ചെലവുകളും കൂടാതെ കഴിക്കാവുന്നതാണ്. അതുകൊണ്ടു ഉത്തരതിരുവിതാംകൂറിൽ എവിടെ എങ്കിലും സ്ഥാപിയ്ക്കുന്നതാണു കൂടുതൽ സൌകര്യപ്രദവും ആദായകരവും ആയിട്ടുള്ളതു്.

മൈസൂരിൽ ചന്ദനത്തടിവ്യവസായം വളരെആദായകരമായി പരിണമിച്ചിരിക്കുന്നു. ഈ രാജ്യത്തുള്ള വനവിഭവങ്ങളെ ശരിയായി എടുത്തുവരുന്നില്ല. വനത്തിലുള്ള ചില്ലറ വനവിഭവങ്ങളിൽനിന്നും നല്ലതൈലങ്ങൾ വാററിഎടുക്കാവുന്നതാണ്. അതിനു നല്ലവിലയും കിട്ടുന്നതാണ്.

Mr. S. Piraviperumal Pillai : നമ്മുടെ നാട്ടിൽ എത്രമാത്രം ചന്ദനത്തടി കിട്ടുമെന്നറിയാമൊ?

Mr. J. John Kattakayam: അതു കൺസർവേററരോടു ചോദിയ്ക്കണം. പെരുവകൃഷി തിരുവിതാംകൂറിൽഅല്ലാതെ വേറെ ഒരുസ്ഥലത്തും ഇതുവരെ കൃഷിചെയ്യുതായി അറിവില്ല. ഇതു വാററിഒരുകുപ്പി തൈലം കൊച്ചിയിൽ കോഡറിൻെറഷാപ്പിൽ കൊണ്ടുചെന്നാൽ അതിനുനല്ലവിലകൊടുക്കുകയും കൂടാതെ കൊണ്ടുവരുന്നആളിനെ കേമമായി സൽക്കരിച്ചയയ്ക്കുകയും ചെയ്തുവന്നിരുന്നു. ഉത്തരതിരുവിതാംകൂറിലല്ലാതെ മററൊരുസ്ഥലത്തും ഈ കൃഷി നടത്തിവരുന്നതായി കാണുന്നില്ല. ഒരു പെട്ടിക്കു ൧൫൦ രൂപായിലധികം ഒരുകാലത്തു വിലകിട്ടിക്കൊണ്ടിരുന്നു. പിന്നീടു വിലതീരെ അധഃപതിച്ചു. ഇതിനാൽ ഈ കൃഷി പ്രായേണ നശിച്ചുതുടങ്ങി. ഇതോടെ പുൽതൈലത്തിൻെറ പ്രവാഹം വളരെ കുറഞ്ഞു. വീണ്ടും വില അല്പാല്പം വർദ്ധിച്ചുതുടങ്ങി. ഇടത്തരക്കാരായ ദല്ലാളന്മാരാണ് ഇതിൻെറ പുരോഗതിയെ നശിപ്പിക്കുന്നതു്. ഇക്കാര്യത്തിൽ ഗവമ്മെൻറു പ്രവേശിച്ചാൽ സാധുകഷ്കക്കു് നല്ല ഒരു വിലസിദ്ധിക്കുന്നതിനു കാരണമായിത്തീരും. ഈട്ടിത്തടിയും മററും വില്ക്കുന്നതിൽ ഗവമ്മെൻറിനു കിട്ടേണ്ട ഒട്ടുവളരെ പണം ദല്ലാളന്മാർ അപഹരിച്ചുകളയുന്നു. നല്ല തോതിൽ വ്യവസായശാലകൾ സ്ഥാപിച്ചു നടത്തിക്കൊണ്ടിരുന്നാൽ ഈട്ടിത്തടിയിൽനിന്നും ഒരു വലിയ ലാഭം നമുക്കു കിട്ടാൻ പ്രയാസമില്ല.

ഇപ്പോൾ കിട്ടിവരുന്ന റബ്ബറിൻെറ മൂന്നിലൊരുഭാഗംതള്ളി ബാക്കി കണക്കാക്കിയാൽ കിട്ടുന്ന തുകപോലും ഇൻഡ്യക്കു മൊത്തം അയയ്ക്കുന്നതിനു അനുവദിച്ചിട്ടുള്ള തുകയുമായി വളരെ വ്യത്യാസം വരുന്നതാണ്. ഇതു വലിയ നഷ്ടംതന്നെ. ഇതനുസരിച്ചുനോക്കുന്നതായാൽ ത്തന്നെയും തിരുവിതാംകൂറിനു ൧൦൪൧൯ ടൺ കിട്ടണം.

നാലുലക്ഷം ഏക്കർ റബ്ബർ കൃഷിസ്ഥലമുള്ള സിലോണിൽ ൭൭൫൦൦ ടൺ കോട്ടാ അനുവദിച്ചപ്പോൾ ഒന്നര ലക്ഷമുള്ള ഇൻഡ്യക്കു ൬൯൫൦ ടൺ ആണനുവദിച്ചിട്ടുള്ളതു്.

നമ്മെക്കാൾ റബ്ബർകൃഷി വളരെ കുറച്ചുള്ള സയാമിൽ ൨൯൦൦൦ ടൺ ആണ് കയററി അയയ്ക്കാവുന്നതു്. ഇതുപോലെ ഉദാഹരണങ്ങൾ സുലഭങ്ങളാണ്.

തിരുവിതാംകൂറിലുള്ള അര ശതമാനം റബ്ബറിനുവേണ്ടി ഈ പദ്ധതി ഉടഞ്ഞുപോകുന്നു എങ്കിൽ അതു നമുക്കു അഭിമാനജനകമായിരുതാം.

റബ്ബർ ക്വോട്ടായെ സംബന്ധിച്ചു ഞാൻ ഈ കൌൺസിലിൽതന്നെ ഒരടിയന്തിരപ്രമേയം അവതരിപ്പിച്ചിട്ടുണ്ടു്. നമ്മുടെ സ്ഥിതിവിവരക്കണക്കിൽ വന്നിട്ടുള്ള പിശകുകളാണു് ഈ വിഷമങ്ങൾക്കു എല്ലാം കാരണമായിരിക്കുന്നതു്.

ഇതിനെ അചിരേണ പരിഹരിച്ചു വേണ്ടതു പ്രവർത്തിക്കുമെന്നു വിശ്വസിക്കുന്നു.

Mr. K. P. Nilakanta Pillai: I beg permission to withdraw the motion.

The motion was, by leave withdrawn.

President: I put Demand IV—Industries—for Rs. 1,45,531. The grant was made.

DEMAND V—AGRICULTURE AND FISHERIES.

Mr. K. Paramesvaran Pillai (*Director of Agriculture and Fisheries*): Sir, I move for a grant of Rs. 1,86,446 under Demand V—Agriculture and Fisheries.

Mr. K. P. Nilakanta Pillai: Sir, I oppose the demand. I am aware that when I propose to make a few observations about the working of this department as I did in the case of other departments, enthusiastic members on this side of the House may accuse me about the unsympathetic manner of my criticism. Of course, I have been making unsympathetic criticisms. But I am relying upon the proverb. "An open enemy is ten times better than an insincere friend." Sir, when I recollect for a moment the achievements obtained by this department for a few years past I am reminded of the famous poem of Omar Khayyam:—

> "Myself when young did eagerly frequent
> Doctor and Saint and heard great argument
> About it and about; but ever more
> Came out by the same door as in I went"

Therefore having known what the work of the department is I must confess at the very beginning that the condition of the department still is the same when it was started. It is not in any way an unsympathetic criticism. My first objection is that the several departments which were started and encouraged here for the development of industries and agriculture and indirectly for the advancement and prosperity of the people work without any co-ordination and any understanding between the work of one department and the other. The Departments of Industries and Agriculture are the two departments which are instances in point. We will find, Sir, the same kind of experts working in different lines in the two

[Mr. K. P. Nilakanta Pillai.]

departments and the result they achieve is nothing. We do not know what exactly is the idea or the work carried out by the experts employed in these departments who are engaged in some experiments the result of which we have yet to know.

Coming to the establishment of this department, we find in the Directorate a Bio-Chemist and an Assistant Bio-Chemist. About the work of the Bio-Chemist, in 1108 nothing more than the fact that he has been deputed to Bangalore and the question of considering the manufacture of artificial manure from night soil is engaging his consideration is said in the administration report of the department. We also do not find anything on the Government order passed on that report. About the work of the Assistant Bio Chemist this is what he has been doing last year:—

> "He continued his investigation on the mineral contents of the fodder grasses of the state and analysed a dozen samples."

With what results we do not know. A perusal of the report of the department will show that the previous year's observations were confirmed as a result of the experiments conducted during the year 1108. That is experiments on 12 samples of different grasses were conducted in two years. We all understand that two years consists of 730 days. This particular assistant was conducting experiments on the very same kind of grasses as was done in the previous year. In the first year he conducted the very same experiment and the same result was obtained. The next year also he was engaged in the very same work and the previous year's result was confirmed. This is the work done by the assistant. Are not the time and money worth more than repeating the experiment conducted by the man in the previous year so that the same varieties of grasses were experimented upon and he got the same result which made him to confirm his opinion about the result of the experiment conducted in the previous year. With reference to this appointment, Sir, there has been a lot of criticism. This is an example of providing a place for a man because he could not be provided anywhere else. It is not to serve any purpose that he is appointed, either for the department or for the country at large. Some men have to be provided somewhere. There are already numerous instances like that and the working of this assistant is an example. The department deserves to be congratulated because they have paid more attention with regard to the vital statistics in the Cattle Farm. At the beginning of the year when the number of cattle was 156, towards the close of the year the number decreased to 98. I would like that the Dewan in one of his evening rides should visit that Cattle Farm. Anybody will be convinced of the cause of the

death of those cattle there. That is all what I have to offer in this direction.

Mr. Kattiyattu Sivarama Panickar (*Vaikam cum Shertallai*) : May I know whether the member is aware of the fact that the Bio-Chemist at Quilon last year did useful work in the matter of converting night s il into good manure?

Mr. K. P. Nilakanta Pillai : Now I am dealing with a quite different matter. I shall answer it later.

I know, as a matter of fact, that there is a Fruit Farm. What are the activities of that Fruit Farm? There is absolutely nothing said about it either in the Administration Report or in the Grovernment order passed on it.

President : Has the honourable member attended the Fair today?

Mr. K. P. Nilakanta Pillai : Yes, I was there. My grievance is that nothing about it is said in the report. We do not know whether that has even been abolished. That also is a natural doubt. As a matter of fact nothing has been mentioned in the report. From my personal experience I know that the Fruit Farm is practically neglected. On account of the absence of some convenience the working of the Fruit Farm is altogether neglected. It does not serve its purpose properly. So far I know. Then coming to the proper question, and going outside the purview of the administration report, I would like to ask the question, because almost every member has emphasised the fact that this is an agricultural country, what has been done towards the development of agriculture in this country. There is one Economic Botanist ; you will understand, Sir, what his activities during the year 1108 were. He experimented on paddy and paddy seeds and as a result he has been able to sell about 189 *paras* of paddy seeds. That was his activity. He was able to sell 189 *paras* of paddy seeds to the cultivators in Nanjinad. One who has any knowledge of the extensive area under paddy cultivation in Nanjinad can understand what exactly is done by this Botanist. Again with reference to the experiments conducted in improving the seeds the report shows that he was carrying on some experiments in regard to five varieties of paddy seeds such as Chamba, Vasanamundan, Cherumanian, etc.

President : Your time is going to be closed...

Mr. K. P. Nilakanta Pillai : I only want to stress this point. This Botanist was carrying on experiments with the varieties of paddy which even the ordinary cultivator could have done. Therefore the Botanist was not doing anything better than the ordinary cultivator. For the use of these varieties of paddy is well-known to Travancore cultivators from time immemorial. Probably

[Mr. K. P. Nilakanta Pillai.]

he may be able to put ideas in a technical way which the ordinary cultivator may not be able to understand. What has the Director done to increase the acreage of paddy cultivation? The acreage of paddy cultivation is on the decrease today than in the year 1108. The report says nothing about it and the Director evaded that question by quoting the Census Commissioner's figures about the acreage under cultivation. So he solved the question very nicely. I ask the question what he has done to improve it if the acerage was diminishing? Has he considered the question of introducing economic system of cultivation or throwing open more lands for the cultivation of paddy?

Mr. Kattiyattu Sivarama Panickar: Sir, he has not answered my question. He has promised to answer me.

President: I cannot compel him to answer the question.

Mr. K. P. Nilakanta Pillai: I have already answered it, Sir.

Mr. Tariatu kunjitomman: കൃഷിഡിപ്പാർട്ടുമെൻറിനെ കൂടുതൽ പ്രയോജനകരമാക്കുന്നതിനുള്ള പ്രായോഗികമായ ചില പദ്ധതികളെപ്പററി പ്രസ്താവിക്കണമെന്നാണ് ഞാൻ ഉദ്ദേശിക്കുന്നതു്. ഒരു കർഷകരാജ്യമായ നമ്മുടെരാജ്യത്തു് ഉൽപന്നങ്ങളുടെ വിലക്കുറവു നിമിത്തം ഭയങ്കരമായ ക്ഷാമം ബാധിച്ചിരിക്കുന്ന ഈ അവസരത്തിൽ ആദായകരമായ നൂതനകൃഷികളെ കണ്ടുപിടിച്ചു നടപ്പിൽവരുത്തുന്നതിനും പഴയകൃഷികളെ കൂടുതൽ ആദായകരമാക്കിത്തീർക്കുന്നതിനുമാണ് നാം ശ്രമിക്കേണ്ടതു്. നമ്മുടെ ഭൂസ്ഥിതിക്കും ക്ലൈമററിനും യോജിച്ചവിധത്തിലുള്ള എന്തെല്ലാം പുതിയ കൃഷികളാണ് ഇവിടെ നടത്താൻ സാധിക്കുന്നതെന്ന് നല്ലവണ്ണം അന്വേഷിക്കേണ്ടതാണ്. നമ്മുടെ രാജ്യത്തിൻെറ സ്ഥിതിയോടു് ഏകദേശം യോജിച്ച മലയാ, ജാവാ, സിലോൺ മുതലായ രാജ്യങ്ങളിൽ ആദായകരങ്ങളായ പല കൃഷികളും ഇപ്പോൾ ഇവിടെ ഇല്ലാത്തവ നടത്തിവരുന്നുണ്ടെന്നാണ് കേൾവി. ലമൻഗ്രാസ്സ് ആയിൽ പോലെ വേറൊരുതരം ആയിൽ സിലോണിൽ ഉണ്ടാക്കിവരുന്നുണ്ടു്. ആ കൃഷി ഇവിടത്തേക്കു് യോജിച്ചതാണോ എന്നറിഞ്ഞുകൂടാ. ആയിൽ പാം ആദായകരമായ കൃഷിയാണ്. ജാവായിലും മലയായിലും ആ കൃഷി നടത്തിവരുന്നുണ്ടു്. ഈ രാജ്യത്തു് സർവത്ര വ്യാപിച്ചിരിക്കുന്ന മരിച്ചീനി കൃഷി കുറേക്കാലങ്ങൾക്കുമുമ്പു ഇവിടെവന്നുചേർന്നിട്ടുള്ളതാണെല്ലൊ. അതു് ഇപ്പോൾ ജനങ്ങൾക്കു എത്രമാത്രം രക്ഷനൾകുന്നു. സാധുജനങ്ങളുടെ ഒരു പ്രധാന ആഹാരമാണല്ലൊ ഇതു്. ഇതുപോലെ പുറത്തുനിന്നും നമ്മുടെ

Mr. Tariatu Kunjitomman: അങ്ങിനെ ഉണ്ടെങ്കിൽ നല്ലതാണു്. ഞാൻ വളരെക്കാലമായി ഇതു പറഞ്ഞുവരുന്നതാണു്. ഇങ്ങിനെ സ്കൂളുകളോടുചേർന്നുള്ള തോട്ടങ്ങളിൽ അതാതുപ്രദേശത്തെ കൃഷി ഇൻസ്പെക്ടന്മാർപോയി ക്ലിപ്തസമയങ്ങളിൽ വിദ്യാർത്ഥികൾക്കു് കൃഷിയെപ്പററി വേണ്ട നിർദ്ദേശങ്ങൾ നൽകണം. കൃഷിയെ ഒരു ഐച്ഛികവിഷയമായി സ്വീകരിച്ചു് സ്കൂളുകളിൽ എല്ലാം പഠിപ്പിക്കണം. ഇങ്ങിനെ ചെയ്താൽ നാട്ടിനഭിവൃദ്ധിയുംതൊഴിലില്ലായ്മയ്ക്കു് കുറേഎങ്കിലുംപരിഹാരമുണ്ടാകുന്നതുമാണു്. പ്രായോഗികമായരീതിയിലുള്ള കൃഷിസമ്പ്രദായമാണു് ഇവിടെ ഏപ്പെടുത്തേണ്ടതു്. ഇവിടത്തെ മണ്ണിനും ക്ലൈമററിനും യോജിച്ച പുതിയ കൃഷികളെ കണ്ടുപിടിച്ചു് പ്രചരിപ്പിക്കുന്നതിൽ പ്രത്യേകം ശ്രദ്ധപതിപ്പിക്കാനും ബാലവിദ്യാർത്ഥികൾക്കു് കൃഷിയിൽ ഉത്സാഹവും വാസനയും അഭിമാനബോധവും ഉളവാക്കാനും ഗവമ്മെൻറു് പ്രത്യേകം വേണ്ട നിഷ്കർഷകൾചെയ്യണം. കൃഷിഡിപ്പാർട്ടുമെൻറിൽനിന്നും പല പ്രവൃത്തികളും കൃഷിയുടെ അഭിവൃദ്ധിക്കുവേണ്ടി ചെയ്തുവരുന്നുണ്ടെങ്കിലും അവയുടെ ഫലം ജനങ്ങൾക്കു പരക്കെ ലഭിച്ചുവരുന്നില്ല. നമുക്കു് പല വിദഗ്ദ്ധന്മാരുമുണ്ടല്ലൊ. നമ്മുടെ ചില വിദഗ്ദ്ധന്മാരെ സിലോൺ, മലയാ, ജാവാ, മുതലായ സ്ഥലങ്ങളിലേക്കയച്ചു് അവിടത്തെ കൃഷികൾ മനസ്സിലാക്കി ഇവിടത്തേക്കു് യോജിച്ച കൃഷികൾ ഉണ്ടെങ്കിൽ അവയെ ഇവിടെ പ്രചരിപ്പിക്കുവാൻ ഉടൻ ശ്രമിക്കേണ്ടതാണു്.

Mr. K. K. Thomas: അവിടത്തേയും ഇവിടത്തേയും ഭൂമികൾക്കുള്ള വില എങ്ങിനെയാണെന്നു പറയാമോ?

Mr. Tariatu Kunjitomman : അവിടത്തെ വില എങ്ങിനെ ഇരുന്നാലും ഇവിടെ ഭൂമി വെറുതെ കിടപ്പുണ്ട്. റിസർവ്വിൽനിന്നു ഇനിയും ഒഴിച്ചെടുത്തു കൃഷിചെയ്യാം.

Mr. Komilezhathu Sankaran : അങ്ങിനെചെയ്താൽ ഇവിടത്തെ ഉൽപന്നങ്ങൾക്കു വില വർദ്ധിക്കുമോ?

Mr. Tariatu Kunjitomman : വില വർദ്ധിച്ചിട്ടുള്ള കൃഷികൾ ചെയ്യണം. അതിനുള്ള മാർഗ്ഗങ്ങളാണ് അറിയേണ്ടതു്.

ഈ രാജ്യത്തേക്കാവശ്യമുള്ള പുകയിലക്കും കഞ്ചാവിനുംവേണ്ടി അനവധിപണം വിദേശങ്ങളിലേക്കു പോയിക്കൊണ്ടിരിക്കുന്നു. പുകയില കൃഷി ഇവിടെ മിക്കസ്ഥലങ്ങളിലും നടത്താവുന്നതാണ്. ഇതിനെപ്പററി ൧൧ വർഷങ്ങൾക്കുമുമ്പ് കൌൺസിലിൽ ഞാൻ ഒരു പ്രമേയം അവതരിപ്പിച്ചിട്ടുണ്ടായിരുന്നു. പുകയിലകൃഷിക്ക് പററിയസ്ഥലങ്ങൾ തിരിഞ്ഞെടുത്തു കൃഷിക്കാരെ പ്രോത്സാഹിപ്പിച്ച് കൃഷിചെയ്യിച്ചാൽ ആ ഇനത്തിൽ നമ്മുടെ പണം പുറത്തുപോകാതെകഴിക്കാം.

റിസർവ്വിലുള്ള മലവേടന്മാർ ചിലസ്ഥലങ്ങളിൽ പുകയിലയും കഞ്ചാവും കൃഷിചെയ്തുവരാറുണ്ട്. എക്സൈസുകാരും ഫാറസ്റ്റുകാരും അറിയുമ്പോൾ കൃഷി നശിപ്പിച്ചുകളയുന്നു. ഗവണ്മെൻറിനു നഷ്ടമില്ലാത്തവിധം ഈ കൃഷികൾ നടത്തിക്കൊണ്ടുപോകാൻ വേണ്ട ചട്ടങ്ങളുണ്ടാക്കി ഇവിടെ ആവശ്യമുള്ളിടത്തോളമെങ്കിലും ഇവിടെത്തന്നെ കൃഷിചെയ്യിക്കാൻ നോക്കണം. എത്രലക്ഷം രൂപയാണ ഈ ഇനത്തിൽ ഈ ക്ഷാമകാലത്തും പുറത്തുപോയിക്കൊണ്ടിരിക്കുന്നതു്. ഉപ്പും ഇവിടെ വേണ്ടിടത്തോളം ഇവിടെ തന്നെ വിളയിക്കണം.

Mr. S. Piraviperumal Pillai : Sir, my friends who spoke have dealt with the Agricultural branch of the department. I shall, therefore, Sir, just deal with the Fisheries branch of the department. Travancore, as we know, has a very long sea-coast and much could be done by developing this industry and a good portion of revenue could be obtained if this industry is properly attended to. But what do we find from the working and achievement of the department? It is seen that the department is totally forgotten or rather neglected, at any rate, this branch. Sir, a perusal of the export figures of fish during the last five years will bear testimony to my statement. It will be seen that in the year 1105 we exported 285,434 cwts. giving Rs. 40,91,494 ; in 1106 it dwindled down to 240,500 cwts. valued at Rs. 31,65,840; in 1107 it further dwindled down to 230,756 cwts. valued at Rs. 27,50,661 and in 1108 it has come down still to 162,977 valued at Rs. 20,28,929. This fact has been noticed by

Government as is seen from the review of the administration report of the department for the year 1107. This is what Government say :

> "Travancore with its long coast line and backwater affords ample facilities for the development of this industry. There is also a large population engaged in the fishing business The Director of Agriculture and Fisheries will bestow greater attention to the development of this branch of the department."

With reference to that nothing has been done. And again in the administration report for the next year, viz., 1108, this is what Government say :

> "In the last year's review the Director was asked to bestow greater attention on the development of this branch of his department. Yet Government note that it is still being run in the old grove and that no attempts are being made to develop its activities on scientific and up-to-date lines".

If this is what the department has been doing for the last several years, I doubt why this branch should be continued at all. I therefore trust that Government will take adequate steps to see that this branch is properly run so that not only the loss of revenue that we incur year after year is prevented, but the industry also is turned to a flourishing condition.

The following members took the oath and signed the rolls:—
Mr. C. O. Madhavan, B. A., B. L., Excise Commissioner.

Mr. R. Dhanukoti Pillai, B. A. (OXN.), Conservator of Forests.

VOTING OF D MANDS FOR GRANTS—(*contd*).

DEMAND V—AGRICULTURE AND FISHERIES—(*contd*).

Mr. M. N. Paramesvaran Pillai: Sir, I also feel that there is very little to be said to the credit of this department. Agricultural demonstration farms were started in the State so early as in 1894 and the Agricultural Department was organized in 1908. But still we do not find any useful purpose being served by this department. The two most important agricultural products in this country are paddy and cocoanuts. In regard to the cultivation of paddy what we observe is that in spite of all the efforts put forth by this department, the country has not made any advance towards self-sufficiency. The agricultural demonstration farms conducted by this department are mere shows and are only means of spending public money for no tangible good or benefit to the ryots. At present, Sir, most of these agricultural demonstrations are being conducted in fields and gardens owned by influential officers and the relations and friends of some of the officers of the department. The poor ryots who have neither the necessary agricultural implements or other equipments, nor the means to possess them, find it rather unable to adopt the so-called scientific methods of cultivation demonstrated by this department at fabulous expense.

Sir, the cattle power of the country has also completely deteriorated. Periodically we find large numbers of cattle are being swept away by diseases and no effective attempt is made by the department to prevent this loss. There are also no sufficient number of seed bulls in the country. It is no wonder that the Government were also forced to remark in the course of their review of the administration report of the department for the year 1108 that this department should pay greater attention to the improvement of cattle.

Then again, Sir, the cocoanut palms in many parts of the country are affected by various diseases. Even from the days of Dr. Kunjan Pillai, our present Chief Secretary, the people have been looking up to this department for some protection from the ravages of the cocoanut palm disease; but even today practically nothing has been done in this matter. Every year we are being told that the mycologist is conducting experiments for the treatment of cocoanut palms affected by diseases. Perhaps, the department may continue to do these experiments till the Judgment Day and the poor cultivators will only be forced to adopt the radical remedy of felling down the affected trees suggested by the department from the days of its first Director.

This department is not at all functioning properly. In these circumstances, Sir, I do not think it worthwhile for the State to become a member of the Imperial Council of Agricultural Research and contribute every year Rs. 5,000 towards that purpose. Merely because Cochin, Mysore and Baroda have accepted membership in that Council I do not think there is any necessity for us to follow their steps. In my view our Agricultural Department does not justify its existence in spite of its working for more than a quarter of a century. With regard to the Fisheries Department, as Mr. Piraviperumal Pillai remarked, my view is that the department does not justify its existence at all. In this connection I would only refer you, Sir, to paragraph 9 of the administration report of the department for the year 1108 in which it is clearly stated:

"In last year's review the Director was asked to bestow greater attention on the development of this branch of his department. Yet Government note that it is still being run in the old grove and that no attempts are being made to develop its activities on scientific and up-to-date lines. The absence in the higher ranks of sufficient men with a scientific turn of mind is no doubt a great handicap in the development of this important branch on useful lines. Every opportunity should be utilised to remedy this fundamental defect. From the statement, it is seen that the Fish Curing Yards at Poovar, Poonthurai and Muttom are not working satisfactorily. The Director is requested to state whether these yards may not be abolished or shifted to other places where there may be greater demand for them.

[Mr. M. N. Paramesvaran Pillai.]

Sir, a reading of this administration report, will certainly convince this House that it will not be justified in granting the demand now made by the official member. With these observations, Sir, I support the motion of my friend, Mr. Nilakanta Pillai.

Mr. H. O. L. Marikar (*Minachil* cum *Devicolam*): Sir, this Agricultural Department of Travancore is one of the most successful of the departments here. It has proved its worthiness. It has helped us to grow our products to meet our requirements I oppose the motion, but propose that the department should be abolished immediately because our requirements are met. Nothing more is wanted. So we will abolish that department. If hereafter the produce falls down, then we shall be prepared *to revive* it. By overproducing we cannot do anything with the surplus production. Until Government find it possible to find a way for us to sell our agricultural produce and industrial products outside India, there is no use of over-production. The department has helped us to farm poultry. We have produced eggs more than we could eat. We wanted to build up a thriving industry in that and we were sending them to Ceylon. But that Crown Colony of Ceylon has dared to put a prohibitive duty on eggs and upset all our calculations in the matter. We do not know what to do with the large number of poultry farms we are running and the large number of eggs that are produced. It is on account of the Interportal Convention which prevents the Government of Travancore from retaliating or putting a prohibitive tax on any of the products that are imported into Travancore from any of such countries. If that small Crown Colony could put a prohibitive duty on Travancore products, it is a disgrace for the Government of Travancore, the Government of a progressive State within the Empire of His Britanic Majesty, an ally of His Majesty the King Emperor of India—it is a disgrace if they are unable to put a prohibitive duty on articles from countries which adopt retaliatory measures against our progress. Sir, this Interportal Convention was signed on a date when we were dependent only on our own products and not on products imported from outside, when we were quite satisfied with the Kottar and Eraniel cloth and when we were using only the palm leaf umbrellas. But now, enormous quantities of manufactured goods are imported here from outside which cause our wealth to flow from here to British India. In such cases when prohibitive duties are imposed on our articles on export to other countries, we apply to Simla for help. And Simla will not move until British Indian interests are affected by such countries. If Travancore interests alone are affected, they will calmly keep quiet. Therefore, in order that we may directly take action with any

country which puts prohibitive duties on our raw materials or manufactured goods, we must have the Interportal Convention cancelled. In all the countries in Europe and in all the parts of the world, all treaties, entered into centuries before, have been revised during the past half a century and it is only this treaty which has been made with the British Indian Government that stands and makes us pay an indirect tax to the British Indian exchequer. We do not grumble to pay any amount of tax to the Government of Travancore; even if cent per cent, tax is levied we are prepared to pay. For instance a packet of chocolate which is sold here for a rupee is worth only eight annas and the other eight annas goes to the British Indian exchequer because they tax a 50 per cent. on imported confectionery. Sir, the British Indian Government have allotted Rs. 25 lakhs for the improvement of the handloom industry. How they got that money was that they charged an excise duty on all cotton goods produced in British India and we were consuming a greater part of these British Indian cotton goods. Our Government do not get anything of what we contribute thus to British India. So our handloom industry suffers here, while the British Indian handloom industry thrives owing to the utilisation of the excise duty, no atom of which we can get. All these defects will be rectified if this Interportal Convention is once for all cancelled or re-written. If not, I am afraid that one day the people of Travancore will only treat it as a mere scrap of paper.

[Mr. N. K. Padmanabha Pillai.]

അവർ എന്തുചെയ്യുന്നു എന്നു നാട്ടുകാർക്കറിഞ്ഞുകൂടാ. അങ്ങിനെയുള്ള എക്സ്പർട്ടുകളെ ഉടനെ നിറുത്തണമെന്നാണു ഞാൻ പറയുന്നത്. കർഷകർ ദുരന്തദുരിതം അനുഭവിക്കുന്ന ഈ അവസരത്തിൽ ധാരാളം പണം ചെലവു ചെയ്തു ഇങ്ങനെ ഉപയോഗശൂന്യമായി അർത്ഥമില്ലാത്ത ഒരു ഡിപ്പാർമെന്റിനെ വച്ചു പുലർത്തുന്നതിന്റെ കാരണം മനസ്സിലാകുന്നില്ല. ധാരാളം സ്ഥലവും വിദഗ്ദ്ധന്മാരും ഇവിടെ ഉണ്ടായിരുന്നിട്ടും ഇവിടെ ആവശ്യമുള്ള നെല്ലു മുഴുവൻ ഇവിടെ കൃഷിചെയ്തുണ്ടാക്കാൻ സാധിക്കാത്തതിൽ വ്യസനിക്കുന്നു.

ഇവിടെ ഉണ്ടായിക്കൊണ്ടിരിക്കുന്ന തേങ്ങ, കൊപ്രാ, ഇഞ്ചി മുതലായ സാധനങ്ങൾ ഇവിടെ കൃഷി ചെയ്തിട്ടു യാതൊരു പ്രയോജനവുമില്ലെന്നാണു വന്നിരിക്കുന്നത്. ഈ ഉൽപന്നങ്ങൾക്കു ശരിയായ മാർക്കറ്റുകൾ കണ്ടുപിടിച്ചു ജനങ്ങൾക്കു സഹായം ചെയ്തുകൊടുക്കണമെന്നു അനേകം പ്രാവശ്യം മുറവിളി കൂട്ടീട്ടും ചെയ്തുകൊടുക്കാൻ ആളില്ല.

ഇവിടെ സമൃദ്ധിയായി ഉണ്ടാകുന്ന കരിമ്പുകൃഷിക്കു ശരിയായ പ്രോത്സാഹനം ചെയ്യുന്നില്ല. ഈ ഡിപ്പാർട്ടുമെന്റിന് അനുവദിക്കുന്ന പണം മതിയാകുന്നില്ലായോ എന്നും സംശയിക്കുന്നു.

കൃഷിക്കാർക്കു ശരിയായ സഹായം ചെയ്തുകൊടുക്കണമെന്നു വിചാരിക്കുന്നു എങ്കിൽ കർഷകർക്കു കൊടുക്കുന്ന കൃഷിവായ്പ മേലാൽ ഈ ഡിപ്പാർട്ടുമെന്റിൽനിന്നു കൊടുക്കാൻ അനുവദിക്കുന്നതായാൽ കുറച്ചുകൂടി പ്രയോജനകരമായി തീരുന്നതാണ്.

ഈ ഡിപ്പാർട്ടുമെന്റിൽ ഉൾപ്പെട്ടതാണ് കന്നുകാലികൾ. കന്നുകാലിച്ചന്തകളിൽനിന്നും ഗവർമ്മെന്റു പിരിക്കുന്നപണം ഈ ഡിപ്പാർട്ടുമെന്റിലേക്കു കൊടുക്കുന്നതായാൽ അതു ആദായകരമായി തീരുന്നതാണ്. അതുകൊണ്ടു കൃഷിവായ്പ കൊടുക്കുവാനുള്ള അധികാരവും കന്നുകാലിച്ചന്തയിൽ നിന്നു ഗവൺമെന്റിനു ലഭിക്കുന്ന ആദായവും ഈ ഡിപ്പാർട്ടുമെന്റിലേക്കു കൊടുക്കുന്നതു നന്നായിരിക്കുമെന്നാണു എന്റെ അഭിപ്രായം.

Mr. K. Madhavan Pillai (*Trivandrum*) : മാർക്കറ്റിനെ ഇമ്പ്രൂവുചെയ്യുന്നതിനുള്ള പണം എവിടെനിന്നാണു കിട്ടുന്നത്?

Mr. N. K. Padmanabha Pillai : ആ സംഗതി മാർക്കറ്റിനെപ്പററിപറയുമ്പോൾ പറയണമെന്നാണു വിചാരിച്ചത്. ഇപ്പോൾ ചോദിച്ചതുകൊണ്ട് അതിനെപ്പററി പറയാം.

ഇപ്പോഴത്തെ മാർക്കറ്റുകൾ അധികവും പ്രൈവറ്റ് മാർക്കറ്റുകളാണ്. അങ്ങിനെയുള്ള പ്രൈവറ്റുമാർക്കറ്റുകളെ എല്ലാം പബ്ലിക്ക മാർക്കറ്റുകളാക്കണം. അങ്ങിനെ ചെയ്താൽ രണ്ടുമൂന്നുലക്ഷം രൂപാ കൂടുതൽ ആദായം കിട്ടും. ഇപ്പോൾ അതു മുഴുവനും കടിയാനവന്മാർ എടുത്തുവരികയാണ്. ഈ പണത്തിൽ ഒരുഭാഗം കൃഷിഡിപ്പാർട്ടുമെന്റിലേയ്ക്കു ഉപയോഗിക്കാവുന്നതാണ്. മാർക്കറ്റിൽനിന്നും കിട്ടുന്ന പണംമുഴുവനും അതിനായിതന്നെ ചിലവാക്കിയില്ലെങ്കിലും ഒരു നല്ല അംശം മാർക്കറ്റുകൾ നന്നാക്കുന്നതിനു വിനിയോഗിക്കണം.

Mr. P. Padmanabhan Tampi (*Kalkulam* cum *Vilavankod*): Sir, speaking on the budget during the general discussion, I pointed out that the Government is maintaining two big white elephants and that they are starved to death on account of the scanty provision allowed to them. I really wonder, Sir, that the Director of Agriculture and Fisheries is asking for a grant of Rs. 1,86,446 only like a poor man asking for alms like 4 and 8 cash when we are prepared to give more. I think that the Director would have asked for a larger amount for the development of agriculture. To my mind it seems it is high time for the Government either to mend the department or end it. I am not for ending this Department, for Travancore is an agricultural State. The condition of agriculture in Travancore requires improvement and scientific method of agriculture should be developed. All the eminent men of the State, past as well as present, like Messrs. Sankarasubba Aiyar, Thanu Pillai and others and present men like Dr. Kunjan Pillai and Dr. Subramanya Aiyar, have unanimously expressed that the only solution for Travancore is to develop agriculture. In comparing Travancore with other States in the whole world it was pointed out by such men that the area in Travancore amounts to 40 acres per head of population. Travancore comes last of all other countries except Japan. In this respect though Japan stands on the same level the out-turn is four times larger than that of Travancore. It is rather shamefull to the people of Travancore that an agricultural state like Travancore has to depend upon Burma and Rangoon for our food supply. We know our experience during the time of the Great War and how much we had to suffer during the time. Suppose paddy is not imported on any ground from Burma or Rangoon; what will be the condition of the agriculturists? We have to starve and we were starving during the time of the last war, and we know that the Government had to interfere in the supply of food. So the developement of

[Mr. P. Padmanabhan Tampi.]

agriculture is the only salvation for Travancore. It is highly deplorable that the department even though it was working with the best men at its head like Dr. Kunjan Pillai and Mr. Paramesvaran Pillai, was not able to; show any increase in the out-turn of production. Is it their fault is the question I am asking ? It is not the fault of the Agricultural Directors, as it was controlled by such goood men of the State. It is on account of cur fault and we cannot find fault with them. For instance a large quantity of bone-meal is now exported. It is on account of the fact that Government refused to give a small amount for preparing bone-meal in Travancore that we had to import from outside Travancore for want of sufficient facilities. For other purposes also we have no money. Only Rs. 1,86,446 is provided in the budget. The whole amount will be used for salary, travelling allowance and other miscellaneous expenses in the office. Where is money provided for for the development of agriculture is my question.

A word more about the Industrial and the Agricultural Departments. It is the opinion of the better men that both these departments should be kept under one head and the Agricultural and the Industrial Departments could be worked by a single head with better success.

Mr. K. Paramesvaran Pillai : Sir, members on the other side of the House who spoke on the motion dealt with several points and I am sorry that the time at my disposal will not allow even to touch at least a few of them.

From what I have heard there seems to be some sort of misconception in regard to the scope and working of the department. Some of them think that the department is working without any definite aim or without any definite scheme. I may assure the House that the department started work from its inception with a definite aim and I am prepared to convince anybody that the department has been from the very beginning utilising the resources in men and money placed at its disposal to the best advantage. Departments of Agriculture all the world over are concerned primarily with investigations of soils, manures, crops and agricultural implements.

Mr. K. Madhavan Pillai : Do they neglect minor irrigation ?

Mr. K. Paramesvaran Pillai : I will come to that also. The Department of Agriculture in Travancore is devoting its attention sufficiently well to all these questions.

To begin with, in the laboratory attached to the Department of Agriculture, an investigation of the different kinds of soils met with in Travancore was taken up several years ago and a soil survey was started in some of the important tracts like Nanjinad and

Kuttanad which are the most important centres of paddy cultivation. The soil survey of these districts has been completed a few years ago and the reports thereon were also published. Copies of these reports are available for sale. After completing these two important districts, soil surveys of Shertallai and Onattukara were taken up and in the case of these two tracts the work is nearing completion.

Mr. M. N. Paramesvaran Pillai: May I know the sort of investigation that is conducted?

Mr. K. Paramesvaran Pillai: The soil survey of a taluk will give you the agricultural value, that is the productive capacity of the different kinds of soils occurring in that taluk. That will be a guide to the agriculturist to take to different kinds of crops and to apply the right kind of manures to the various crops.

Mr. P. Padmanabhan Tampi: May I know whether the soil survey is made in every survey number or only in some places of a taluk?

Mr. K. Paramesvaran Pillai: When the officer in charge of the work travels through different *pakuthies* of a taluk he will start the examination of the several areas and will come to the conclusion that there are so many different types of soil. Then he will collect typical samples of these different kinds of soils and start the investigation. It is not possible to take samples of soil from all the survey numbers of a *pakuthi* or a taluk. Such a procedure is found to be unnecessary.

Mr. Komilezhathu Sankaran: May I know what the Mycologist at Kayancolam is doing?

Mr. K. Paramesvaran Pillai: If members are going to interrupt me like this I may not be able to complete my speech. I have got only five minutes.

He is conducting investigations of the diseases of crops particularly cocoanut.

Mr. Komilezhathu Sankaran: May I know how many years is it since he has begun the work? Has he suggested any remedy?

Mr. K. Paramesvaran Pillai: Yes, he has suggested several remedial and preventive measures.

Mr. Komilezhathu Sankaran: With what effect?

Mr. K. Paramesvaran Pillai: He found that in the case of certain diseases, cure can be effected in the cocoanut farms affected by special treatment.

Mr. Komilezhathu Sankaran: May I know from the member whether the Mycologist has been able to improve the cocoanut trees by his demonstrations?

Mr. K. Paramesvaran Pillai: Yes, 63 cocoanut palms in the cocoanut farm at Oachira affcted by the disease were cured by his treatment. These palms were treated with a special mixture.

Mr. Komilezhathu Sankaran: May I know which were the cocoanut farms at Onattukara which do not show any sign of disease?

Mr. K. Paramesvaran Pillai: I am talking of one particular disease. There are other diseases also.

Mr. Komilezhathu Sankaran: May I know whether the mixture is applied as a preventive measure?

Mr. K. Paramesvaran Pillai: This is a disease which is prevalent in all the cocoanut growing areas in the world. It occurs in Ceylon, Jamaica, and all other places wherever the cultivation of cocoanuts is carried on. By careful cultivation and manuring and by the application of fungicides the disease could be brought under control and the trees could be made to yield better crops.

Mr. M. N. Paramesvaran Pillai: May I know whether there is any single tree in this taluk which is not affected by this cocoanut disease?

Mr. K. Paramesvaran Pillai: For the member's information I shall point out lakhs and lakhs of trees which do not show any symptom of the disease.

Chairman: Your time is up. Do you press your motion, Mr. Nilakanta Pillai?

Mr. K. P. Nilakanta Pillai: I beg permission to withdraw the motion.

The motion was, by leave, withdrawn.

Chairman: I put Demand V—Agriculture and Fisheries for Rs. 1,86,446

The grant was made.

DEMAND VI.—LAND REVENUE.

Mr. K. George: Sir, I move for a grant of Rs. 9,30,505 under Demand VI— Land Revenue.

Mr. V. S. Arumukham Pillai (*Tovala* cum *Agastisvaram*): Sir, I move for the total omission of the allotment of Rs. 9,30,505 under Demand VI.

Sir, my main object is to point out to the Government that the land-tax now levied is most excessive, oppressive and unjust, that the process employed for realising the same is most cruel, and to impress upon the Government the urgent necessity for granting adequate relief to the agriculturists by a substantial remission in land-tax and by relaxation and temporary suspension of the coercive process. Sir, the fundamental principle governing the system of land revenue in India was based on the fact that their rulers had to take from the subjects a portion of the gross produce so much as would be necessary for meeting their normal and current expenses of administration. The correct principle of taxation as recognised by all sound financiers is that the taxes imposed must be in proportion to the economic rental or net income. That is, in other words taxes levied must be proportionate to the income from the land. Now what is it that we find here in Travancore? Here we find that the people are taxed most excessively quite out of proportion to their income. Our Government do not take into consideration the actual capacity of the people and the actual income from the land. Sir, now it is a matter too well known to the Government and to the authorities concerned that the prices of land and the prices of agricultural products have fallen by more than 50 per cent. It is also a known fact that there is no corresponding increase in the out-turn. Consequently in most cases, in order to meet the assessment alone, the entire produce has to be sold away. Now, Sir, where is the justification for Government to take the entire produce as tax? To take a concrete instance, in Nanjanad the maximum tax is Rs. 35 per acre, a tax, Sir, which is not obtaining anywhere under the sun excepting in this blessed land of charity and the annual average yield will come to about 20 *kottas* which means Rs. 70 at the prevailing rate and the expenses of cultivation will come to Rs. 20 per crop. This is the minimum expense for cultivation. Sir, from the Economic Depression Enquiry Committee Report and the Banking Enquiry Committee Report, we find that the annual net income on one acre of paddy land in Nanjanad was about Rs. 20, that is at the time when paddy was selling at 5 and 5½ rupees. From that itself the Government might very well infer the stress to which the agriculturists in Nanjanad are driven to at present. Sir, I ask whether this is taxation. Am I wrong in saying that such a kind of taxation, that is, taking the entire produce from the land, is unjust? And the famous Tamil poet Tiruvulluvurr compares unjust taxation to high-way robbery, to which Nanjanad people were in olden days subject, from border tribes. Sir, justice and fairplay should be the guiding factors in reconstructing men's relations in all fields, political, economic and social. The State should

[Mr. V. S. Arumukham Pillai.]

exist for man, though man is only a limb of the State. Sir, the agricultural population as a whole is sunk in high indebtedness and is on the brink of insolvency. Our basic industry, agriculture, is speedily dying and I have been harping upon it ever since the commencement of the session that, in the interest of the country, in the interest of the administration and in the interest of safety, it is highly essential that the agricultural community should be preserved. Agriculture is the main basic industry of the country which should never be allowed to die. Now it is dying and it behoves on Government, and it is their duty to extend their helping hands to preserve them from ruin. For we see even in Europe the importance of agriculture has come to be recognised. As I have said in my general discussion of the budget the "Back to the land" movement in Europe is spreading fast. At this time, Sir, it is very unsafe, it is very dangerous for us not to recognise the importance of agriculture and to allow the industry to die. Now, farsighted statesmanship and wisdom must and should dictate that a discontented peasantry is the country's ruin. Sir, one of the stock arguments advanced is that the Government will lose a large portion of the revenue without a corresponding benefit on the ryots. My answer is very simple. Cut short your expenses. Sir, such an extraordinary development in the condition of the agricultural class as is obtaining now demands of the Government an extraordinary remission programme.

Mr. A. Kumara Pillai (*Secretary to Government*): Does the member know that the tax in Nanjanad was much more than what it is now before the settlement?

Mr. V. S. Arumukham Pillai: It was not. It seems that the honourable member does not include the water-rate. Now the tax is Rs. 35, including the water-rate.

Mr. A. Kumara Pillai: Is it not for tank-bed conversions that this tax is referred to by the honourable member?

Mr. V. S. Arumukham Pillai: I mean only the maximum burden. Of course there are lands bearing 25 and 28 rupees. Rs. 35 is the maximum.

Mr. S. Piraviperumal Pillai: May I know from the member the yield per *kotta* of paddy and the price of paddy then?

Mr. V. S. Arumukham Pillai: I want to know to what period the member is refering.

Mr. S. Piraviperumal Pillai: At the time of settlement,

Mr. V. S. Arumukham Pillai: At the time of settlement, the price of paddy must have been much more than what it is now.

Mr. S. Piraviperumal Pillai: What about yield ?

Mr. V. S. Arumukham Pillai: The yield also must have been higher than what we get now. I cannot furnish exact figures now. Sir, the extension of credit by Land Mortgage Banks and Co-operative Societies might put off the evil, say by a few months or years ; but the land will come to sale later on. Therefore I appeal to Government that, if any tangible or substantial benefit can be done, it can be done only by a substantial remission of land-tax. I have been telling this House that the prices of agricultural produce have fallen by 50 per cent. and therefore it is but just and equitable that a remission should be nothing less than 50 per cent. That alone would touch the fringe of the problem.

Now, Sir, I shall conclude by quoting from Mr. O' Conor, late Director General of Statistics in India.

He said "I have little doubt that any reduction in land revenue would be of far more value in the improvement of the class who constitute the bulk of the population and who contribute most largely to the finances of the State."

Mr. Gokhale remarks "whatever loss of revenue such a measure may cause direcly to the State, will be more than indirectly made up by a material improvement in the condition of the people".

Mr. K. Padmanabha Panickar: Sir, I would oppose this demand and, in doing so I wish to draw the attention of this House to the necessities of the paddy cultivators of this land. Our country produces only two-thirds of the total quantity of rice required for the consumption of our people. The remaining one-third has to be imported from outside. The foreign countries are engaged in over-production. Countries like Burma, Siam and Japan encourage people there for increased production of rice and the result is that these countries dump on our ports the surplus quantity of rice produced in those countries. Sir, it is not necessary or expedient for us to restrict those imports or to levy import duty on that because, rice being the chief article of food, the poor man will be taxed heavily, if an import duty is levied. What we have to do here is to give increased facilities to our cultivators and give agricultural loans at a cheaper rate than is being done at present. Some lands in Nanjanad and Kuttanad do not produce sufficient yield to meet the ordinary Government demand, that is tax. Such kind of lands are the Kayal lands, Kandukrishi lands and the like. Therefore Government have to come to the rescue of these ryots. Many of these Kayal lands are classified under a high rate and some on a lower rate. The lower rate is the 13th *tharam* and the higher

[Mr. K. Padmanabha Painckar.]

rate is the 12th *tharam*. The 13th *tharam* is just half of the 12th *tharam*. It is necessary that the *tharam* of these Kayal lands should be levelled down. The fertility of these lands is the same and I do not see why Government should keep up this invidious distinction with regard to this classification. Sir, this classification has been a source of great loss to many of these ryots and if this is kept up the owners of these lands will be forced to allow these lands to lie waste.

It would be a great national waste if these lands are allowed to lie waste. It is necessary also to give every relief to these ryots by providing adequate protection to the ring bunds. The cultivators of the Vembanad reclamation have to fight against the fury of the wind and the wave and sufficient protection is not afforded to the ring bunds. It is expected that the Pallivasal Hydro Electric scheme could provide sufficient power to pump out water from this reclamation. But it is a matter of speculation as to how long it will take for them to do so. At least, till then it is necessary that these poor ryots should be kept alive and the Government will have to come to their rescue by providing relief in common with the other rice cultivators of the country. The extent of Kayal lands is above 15,000 acres and by the changing of the *tharam* I am sure the Government will have to loose about Rs. 15,000. While concession has been given to owners of rubber lands, I do not see why the Government should not extend the concession to the cultivators of rice lands also. With these words I oppose the motion.

Mr. P. Padmanabhan Tampi : Sir, I strongly support Mr. V. S. Arumukham Pillai in opposing the motion for the grant for Land Revenue. I beg to point out that we have convinced the Government last year about the difficulty of the ryot and the Government accepted our proposals and made a reduction of 12½ per cent. of tax. This year the Financial Secretary points out in his speech.—

> "I shall now pass on to the budget of the coming year. The economic depression which has been correctly described as unprecedented alike in its extent, its duration and its intensity still persists. Commodity prices, subject to minor recoveries, *i. e*, in tea and rubber, still remain low. The present economic situation has been taken into consideration, to the extent possible, in framing the next year's estimates of receipts and expenditure."

It is doubtful whether the reduction of tax has been considered by the Financial Secretary. In the lower House also there was a cut for a fifty per cent. remission next year and the Financial Secretary has not announced in this House whether the Government are accepting the cut or not. On this conduct of the Government

still following the old policy of taxing the people even for the whole amount and estimating the whole receipt of landtax. I strongly oppose the demand for the grant and support Mr. V. S. Arumukham Pillai.

A word more about the land assignment policy adopted by the Land Revenue Department. Of late, it has come to our notice that Government lands are considered to be the private lands of officers. Registry of Government lands is made according to the will and pleasure of the officers of the department. Take, for instance, the *kuthakapattom* given by Government to one ex-officie member of the old Legislative Council. The answers given by the Land Revenue Commissioner to the interpellations in the last session will convince the House how deliberately and against the interests of the State the land was given on *kuthakapattom*. A few figures about the income of the land and the way in which the matter was treated will not be out of place. In Survey No. 5473 in Neendakara pakuthi 27 acres of land were sold in public auction and the bid went up to Rs. 45,000 per 1,000 sq. yds. Then the Government thought that the auction bid was low and that the property was ordered to be sold again in auction to fetch a higher price. At the second auction the bid came down to Rs. 29,320. Again, the Government was not satisfied with the amount and proposed to hold another auction. At the third auction the amount went down to Rs. 25,080. The Government was not satisfied with this amount and stopped the auction. This tank bed was occupied by the depressed classes who had cultivated the land and had put up sheds over the property. They were living there and they applied for the registry in their own names and they were prepared to pay Rs. 25,000, the last bid. Government also gave word for the registry of the land to the depressed classes. It was at this time that an ex-officio member of the old Council asked for *kuthakapattom*. There was the clear order of the Government that, until final orders were passed on the recommendations of the Minor Irrigation Committee, no Sirkar land should be registered or given on *kuthakapattom* to anybody. The land was given for *kuthakapattom* for Rs. 259. Approximately the tax assessed on the land (which was treated as a first class land) amounted to Rs. 570 per year. Even if the property were sold in auction it would fetch Rs. 25,000, and the Government would get Rs. 540, by way of land tax and Rs. 140 by way of water cess. And the Rs. 25,000 at the rate of six per cent. will yield an interest of Rs. 1,500. But now the Government gets only Rs. 259 per year.

Mr. K. Madhavan Pillai: Was the ex-member's constituency in favour of such a grant to that member?

Mr. P. Padmanabhan Tampi: That matter was not brought to the notice of the Council or even to the notice of the Dewan Peishkar or the Tahsildar concerned. Certainly the people of the locality knew nothing about it. All this was done in secret and the Government was defrauded.

Mr. K. Madhavan Pillai: I am asking if the ex-member's constituency knew it?

Mr. P. Padmanabhan Tampi: It was done so privately that neither his constituency nor anybody else knew it.

Chairman: Is the member referring to the present Council?

Mr. P. Padmanabhan Tampi: I am referring to the old Council. In a recent registry of land, I was told that a certain member of Nedumangad has got some registry and that that member is even now trying for some registry of forest lands.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether it is his opinion that the present Council is in any way better than the previous Council?

Chairman: That question does not arise.

Mr. P. Padmanabhan Tampi: It is high time that these matters are brought to the notice of the House or are published in the Government Gazette before registries are made, so that the House and the public may be aware of these. The policy adopted by the revenue officers in registering land to the depressed classes is simply deplorable. There are so many people without lands, without houses and living in other's property with a great deal of trouble. With these words, I oppose the grant and press for the omission of the whole allotment.

Mr. M. N. Paramesvaran Pillai: Sir, I rise to oppose this demand and I do so with a view to bring home to Government the imminent necessity of granting a remission of at least 50 per cent of the land tax, recoverable from all kinds of lands. The Assembly has given its verdict, and I do not think any argument is necessary to establish the justice and soundness of this claim. Even the Financial Secretary has, at page 6, paragraph 6, of his Budget speech frankly admitted that "the economic depression which has been correctly described as unprecedented alike in its extent, its duration and its intensity still persists. Commodity prices, subject to minor recoveries *i. e.*, in tea and rubber, still remain low". But in spite of this admission we do not see in his speech any proposal calculated to relieve the ryots of their growing

miseries and appalling poverty. Even the trifling concession of a 12½per cent. remission allowed in 1109 in respect of tax due from ayacut wet lands, the Government do not propose to extend for the ensuing year.

Owing to the heavy fall in prices of agricultural products the people are now unable to pay their taxes. But the attitude of Government seems to be that of an avaricious man who has got not only sufficient for his present needs, but also something to lay by for the future, and yet wants his poor and helpless neighbour to part with his morsel of food. This is indeed cruel. There is no justification for the continuance of the land tax, when the people do not get any margin of profit from the land they cultivate. On one side they are now hard hit by the economic depression and on the other side they are mercilessly harassed by the revenue authorities. According to the revised estimate of 1109 we find that the department has collected Rs. fortyfive thousand more than the budget estimate. It is admitted in the Administration Report of the department for the year 1108 that more coercive steps were resorted to during the year. From this, one could more or less infer how many coercive steps and sale of lands had to be resorted to for collecting a bigger amount in 1109 than what was actually forecasted by the Financial Secretary at the time of the framing of the budget. The ryots need immediate relief of a substantial nature. Unless something is done to save them, I fear that, in spite of all precautionary methods that the Government may adopt—they may stop publication of the sale notifications in the Gazette or do anything else—an agrarian revolution is bound to disturb the tranquillity and peace in the country. The Government must cease to think that its people are mere grapes fit to be crushed into wine for their officers' drinking. There is a feeling in the country which is gaining currency every day that the Government forcibly take the property of this man for the purpose of giving gratis benefit to that man. Money is exacted from the poor so that the children of their less impoverished neighbours may have cheap lessons and that various people mostly better off may read newspapers and novels for nothing. It may be argued in this connection that the greater part of the money exacted by Government comes from those who are relatively well off. Assuming it to be true, I think, as Herbert Spencer has said, it is no consolation to the ill off from whom the rest is exacted. If the comparison be made between the pressures borne by the two classes respectively, it becomes manifest that the case is even worse than at first appears, for, while to the well off the exaction means loss of luxuries, to the ill off, it means, loss of necessaries.

[Mr. M. N. Paramesvaran Pillai.]

As it is, the poor tax-payer always views with extreme dissatisfaction and discontent the alarming growth of expenditure under State patronage and implores that the conditions be improved without further delay. There is a limit to the increase of taxation and coercion resultant upon such increasing expenditure, and I may assure you, Sir, there will come a time when resistance by the tax-payer will become his duty and submission treason. The tax-payers insist upon due economy in the performance of Governmental functions.

In conclusion, Sir, I would most strongly appeal to Government to take note of the present situation and try to ease it without losing time. If Government do not show any preparedness or willingness to accede to our demand, which, in this case, is truly the country's demand, I would most fervently and earnestly appeal to my honourable friends on this side of the House, both young and old, elected and nominated, to completely forget at least for the time being all the natural and artificial barriers and differences and with one voice throw out this demand for grants, without the least compunction.

Mr. Komilezhathu Sankaran: How many people are actually benefited by the remission of tax?

Mr. M. N. Paramesvaran Pillai: All people are benefited. Those who pay the tax and those depending upon them will be benefited.

Mr. Komilezhathu Sankaran: How many tax-payers are there in the State?

Mr. M. N. Paramesvaran Pillai: I have not taken statistics. How else could we effectively record the feelings of the thousands and thousands of poor and helpless souls crying for food and help? We must remember that we have come here not to lecture to the official benches or listen to their sermons and lullabies but to achieve something tangible for the people whom we have the good fortune or the misfortune to represent. Everyone of us should realise that he owes a sacred duty to his constituency. If he fails to discharge that, he is guilty of the highest breach of trust and confidence which his constituency has placed on him. With these words, Sir, I support the motion.

(Messrs. John Kattakayam and Piraviperumal Pillai both stood up one after another to speak)

Mr. S. Piraviperumal Pillai: Sir, I also wish to speak a few words.

Chairman: Mr. John Kattakayam may speak.

Mr. J. John kattakayam: "പുരകെട്ടും കരംകെട്ടും കഴിഞ്ഞെങ്കിൽ കിടക്കപ്പൊറുതിയുണ്ട്" എന്നൊരു പഴഞ്ചൊല്ലുണ്ട്. പുരാതനകാലങ്ങളിൽ നികുതി ഈടാക്കുന്നതിനു പലതരത്തിലുള്ള വിഷമങ്ങൾ ഉണ്ടായിരുന്നു. കരം തവണക്ക് കെട്ടാത്തവനെ പിടിച്ചുകൊണ്ടുവന്നു കുനിച്ചുനിറുത്തി മുതുകത്തു കല്ലുവച്ചുവിഷമിപ്പിച്ചുവന്നു. ഇപ്പോഴത്തെ രീതി അതിലും കഷ്ടതരമാണ്. കരത്തിനുവേണ്ടി ആഹാരസാധനങ്ങളും കിടപ്പാടുതന്നെയും നഷ്ടപ്പെട്ടുപോകുന്നു. നാട്ടിൽ ഇപ്പോൾ നികുതിയിൽ കുടിശിഖവരുന്നുണ്ട്. അതിനുകാരണം ജനങ്ങളുടെ സാമ്പത്തികസ്ഥിതി അനുകൂലമല്ലാത്തതുകൊണ്ടാണ്.

Mr. M. N. Narayana Menon (*Kottayam*): സർ, സാമ്പത്തികാധഃപതനംകൊണ്ടു ജനങ്ങളുടെ ധനസ്ഥിതി വളരെ വളരെ മോശമാകുന്നുണ്ടെങ്കിലും ഗവൺമെൻറിൻെറ ധനസ്ഥിതിക്കുയാതൊരു കുറവുമില്ല എന്നു പറയുന്നതു് സന്തോഷാവഹം തന്നെ. ഫൈനാൻഷ്യൽസെക്രട്ടറിയുടെ ബഡ്ജററു പ്രസംഗത്തിൽ ഇപ്രകാരം കാണാം.

"The financial position is unquestionably sound".

ഇതിൽ നിന്നും ഗവൺമെൻറു ഭണ്ഡാഗാരത്തിനു യാതൊരു കുഴപ്പവും ഇല്ലെന്നു കാണാൻ കഴിയും. ജനങ്ങളിൽനിന്നും പിരിയാനുള്ള കരം കുറവായിട്ടേ പിരിയുന്നുള്ളുവെന്നും, കുട്ടികളുടെ ഫീസു പിരിയുന്ന കാര്യം കുഴപ്പമാണെന്നും ഗവൺമെൻറു പറയുന്നു. ൩൫ ശതമാനത്തിൽ കൂടുതൽ കരം ഇപ്പോഠം നടപടികൂടാതെ പിരിയുന്നില്ല. ബാക്കി ൬൫ ശതമാനം പിരിക്കുന്നതിന് വളരെ വിഷമമായിരിക്കുന്നു. ഈ അവസരത്തിൽ ൧൭,൦൦൦ രൂപാ ജനങ്ങളിൽനിന്നു പിഴ മുതലായ ഇനത്തിൽനിന്നും പിരിക്കുന്ന ഗവൺമെൻറിൻെറ ഭയമില്ലായ്മയെപ്പററി എന്താണ് പറയേണ്ടതു? വാസ്തവത്തിൽ നികുതികൊടുക്കുന്ന വസ്തു ഉടമസ്ഥന്മാരാണ് വളരെ വിഷമിക്കുന്നതു്. വിദ്യാഭ്യാസഡയറക്ടരുടെ റിപ്പോർട്ടിൽ ഭൂസ്വത്തു ഉടമസ്ഥന്മാരുടെ ൩൦൦൦-ത്തിൽ പരം ഇംഗ്ലീഷ്സ്കൂഠം കുട്ടികഠം ഫീസ് കൊടുക്കാൻ നിവൃത്തിയില്ലാത്തതുകൊണ്ടു് സ്കൂളിൽനിന്നും പിൻമാറിയിരിക്കുന്നു എന്നു പറഞ്ഞിരിക്കുന്നു. ഇങ്ങനെ ജനങ്ങഠം വളരെ വിഷമിക്കുന്നുണ്ടെന്നു ഗവൺമെൻറും സമ്മതിക്കുന്നുണ്ടെങ്കിലും അതിനു യാതൊരു പരിഹാരവും ഉണ്ടാക്കിക്കൊടുത്തിട്ടില്ല.

കൃഷിവായ്പ ഇനത്തിലേക്കു ഏതാനും സംഖ്യ അനുവദിച്ചിട്ടുണ്ട്. കഴിഞ്ഞ വർഷം ൧൩൦൦ ആളുകളുടെ കൃഷിവായ്പക്കുള്ള അപേക്ഷകഠം തള്ളിയതായി റിപ്പോർട്ടിൽ പറയുന്നുണ്ട്. സാധാരണയായി അനുവദിച്ച തുക തീർന്നുപോയാൽ അപേക്ഷകളെ തള്ളുകയാണ് പതിവ്. ആണ്ടവസാനത്തിൽ നോക്കുന്നതായാൽ ഏകദേശം ൭൦,൦൦൦ രൂപാ ലാപ്സായി പോയിട്ടുള്ളതായും കാണാം. ഗവൺമെൻറിൽനിന്നും ജനങ്ങഠംക്കു കൃഷിവായ്പമൂലം ഒരു സഹായം

ചെയ്യുന്നുണ്ടെങ്കിലും അതു് മുഴുവൻ ജനങ്ങൾക്കു ഫലിക്കുന്നില്ല. ലാൻഡു് റവന്യൂ റിപ്പോർട്ടിനേ സംബന്ധിച്ചു പറയുമ്പോൾ കുടിശിക പിരിയാത്തതു് ജനങ്ങളുടെകഷ്ടപ്പാടു കൊണ്ടാണെന്നു ഗവണ്മെൻറു സമ്മതിക്കുന്നു; എന്നാൽ അവരോടു യാതൊരു ദാക്ഷിണ്യവും കാണിക്കുന്നില്ല. കൃഷിവായ്പ എടുത്തിട്ടുള്ളവരുടെ അപേക്ഷ അനുസരിച്ചു് അവധി നീട്ടിക്കൊടുക്കാറുണ്ടെങ്കിലും അതിനുള്ള പിഴ കുറക്കാൻ അനുവദിക്കുന്നതായി കാണുന്നില്ല. അവധിനീട്ടുമ്പോൾ നിശ്ചയമായും പിഴ കുറക്കേണ്ടതാണ്. കൃഷിവായ്പയുടെ അവധി നീട്ടിക്കൊടുക്കുന്നതോടുകൂടി പിഴ ഇളവു ചെയ്യുകയും പലിശയിൽ രണ്ടു ശതമാനമെങ്കിലും കുറക്കുകയും ചെയ്യേണ്ടതാണ്.

കുട്ടനാട്ടിലേ കർഷകന്മാരേ സംബന്ധിച്ചു ഗവണ്മെൻറു ചില സൌജന്യങ്ങൾ ചെയ്തിട്ടുള്ളതായി കണ്ടു. ഇടവമാസത്തിലെ തവണക്കു പകരം ഇടവം, മിഥുനമാസമാക്കിയപ്പോൾ രണ്ടു് പ്രാവശ്യം നോട്ടീസുപടി ഈടാക്കിവരുന്നു. അതു് ഒരു അനീതിയാണെന്നു പറയേണ്ടതായിട്ടിരിക്കുന്നു. കുട്ടനാട്ടിലേ പുഞ്ചകൃഷിക്കാരുടെ നില വളരെ പരിതാപകരമാണ്. രണ്ടു മൂന്നു വർഷക്കാലമായി അവർ ദുരന്തദുരിതം അനുഭവിക്കുന്നു. അവരുടെ സങ്കടാവസ്ഥയേ സംബന്ധിച്ചു ഗവണ്മെൻറു അന്വേഷിക്കേണ്ട കാലം ഏററവും അതിക്രമിച്ചിരിക്കുന്നു. കുറേ നാളുകൾക്കു മുൻപു് നാളികേരത്തിനു ൧൦൦-ന്നു ൭ രൂപാ വില കിട്ടിക്കൊണ്ടിരുന്നു. എന്നാൽ ഇപ്പോൾ ൧൦൦-ന്നു ഒരു രൂപയും, ഒന്നേകാൽ രൂപയും മാത്രമേ വില കിട്ടുന്നുള്ളു. എന്നിട്ടും നാളികേരവൃക്ഷങ്ങളുടെ കരം കുറക്കുന്നില്ല. ഭൂമിക്കല്ലാതെ വൃക്ഷങ്ങൾക്കു കരം ചുമത്തുന്ന പതിവു ഗവണ്മെൻറു നിറുത്തണം. സാമ്പത്തികാധഃപതനം തീരുന്നതുവരെ എങ്കിലും കർഷകരിൽനിന്നും ഇപ്പോൾ ഈടാക്കിവരുന്ന ആയക്കെട്ടുകരത്തിൽനിന്നും ൩൦ ശതമാനം നികുതി ഇളവുചെയ്തു കൊടുക്കണം. തുലാമാസം അവസാനംവരെ എങ്കിലും കുടിശികകരത്തിനുള്ള അവധി നീട്ടിക്കൊടുക്കണം. ഈവക കാര്യങ്ങളെപ്പററി ആലോചിച്ചു ഗവണ്മെൻറു് ഒരു തീരുമാനം ചെയ്യാത്തപക്ഷം രാജ്യത്തു ഒരു വലുതായ വിപ്ലവം ഉണ്ടാകുമെന്നു പറയാതിരിക്കാൻ നിർവാഹമില്ല. ഈവക സംഗതികളെ ഗവണ്മെൻറിൻെറ ഗാഢമായ ശ്രദ്ധയിൽ കൊണ്ടുവരേണ്ട ചുമതല എനിക്കുണ്ടെന്നു ഞാൻ വിചാരിക്കുന്നു. റബ്ബറിൻെറ വില കുറഞ്ഞപ്പോൾ റബ്ബർഭൂമിക്കുള്ള കരം പകുതിയാക്കി. എന്നാൽ നാളികേരത്തിൻെറ വില കുറഞ്ഞപ്പോൾ തെങ്ങിൻെറ കരം എന്തുകൊണ്ടു കുറച്ചില്ല?

Mr. S. Piraviperumal Pillai: Sir, my friends who spoke just before me have dilated in strong terms the woes and miseries of the agriculturists in general and they have appealed very strongly that some sort of substantial help should be done to the agriculturists and tax-payers, to relieve them of the sufferings they are now undergoing. A 50 per cent. cut in the tax has already been passed on the floor of the lower House and I believe the Government—I do not know what they propose to do—may do something in this matter. But I ask, is this enough and will this serve the purpose? Government ought to do something more than this so that they (taxpayers) may be able to get a higher price for their agricultural products and thus be able to pay the tax at least in future. However I do not think that this reduction in the payment of tax cannot give him any relief at all. But at any rate it cannot be, Sir, that this is relief adequate and relief enough. But what we find from the Administration Report of the department is that the department is anxious very much to get as much as it could from the people. Sir, they do not spend the amount which they collect for improving the lot of the people. They collect as much as they could and do nothing adequate for what the people pay. That can be seen from the fact as to what they have been doing with the amount realised from the markets under the Markets Regulation. When that Market Regulation was promulgated Government said that this was not a fiscal measure but with the collection they intended to make the markets clean, improve the condition of the markets and to provide the necessities of those who attended the markets by sinking wells and so on. But from what we find from the Report it is seen they are not satisfying the purpose for which they made the Regulation and honoring the pledge they gave before the House. From the Administration Report we find that in 1104 the Government collected a revenue of Rs. 91,201 from markets and they spent only Rs. 36,000 and odd. In 1105 the collection was Rs. 95,000 and odd and the amount spent was only Rs. 29,000 and odd. In 1106 they collected Rs. 92,000 and odd and spent only Rs. 17,899. In 1107 the collection was Rs. 76,422 and they spent only Rs. 5,449. In 1108 they collected Rs. 81,000 and spent Rs. 7,146. From this it will be clearly seen that they squeeze the taxpayer and collect as much as they could and they do not really give adequate benefit to the taxpayer as they promise to.

Mr. K. Madhavan Pillai: Is not the member aware that when the Markets Regulation was introduced, the Dewan-President replied that the whole amount collected from the markets will be utilised for their improvement?

Mr. S. Piraviperumal Pillai : Exactly, Sir, that is wha I have been saying That is why I said Government are not honoring the pledge that they gave before this House when the Regulatioi was enacted and the fun of it is that in the Administration Repor they say that in the year 1107 they collected Rs. 76,000 and odd but no amount was spent for permanent improvements "on account of the financial stringency." I wonder, Sir, what the financia stringency has got to do with this. They have collected Rs. 76,000 and odd. I ask why not they spend all that amount as they pledged on the floor of this House? They plead that no amount has been spent on account of the financial stringency. I ask what Government meant by that pledge? At any rate, it was during the financial stringency that they ought to have spent all this sum and something more. Sir, as I said at the general discussion of the budget, the Government who form the Directorate of the Company do not bestow as much attention as they ought to, on the taxpayers who form the share-holders of the company.

Sir, coming now to the tax question, a reduction of 50 per cent. for which there has been a token motion passed on the floor of the other House, has been accepted. Now my friend Mr. Paramesvaran Pillai while he closed his arguments asked how we could record our protest against Government.

Mr. M. N. Paramesvaran Pillai : I did not say we should record our protest. I only said that these are only the ways for pleading the cause of the country.

Mr. S. Piraviperumal Pillai : I thank him, Sir ; it only strengthens my case. It is more important that we should record a protest against Government and in doing so, we are doing the duty which we owe to the constituency. The other House has recorded a strong protest by carrying a token cut and making Government do what they ought to do.

Chairman : Reference to the proceedings of the other House may not be allowed on the floor of this House.

Mr. S. Piraviperumal Pillai : I beg pardon, I am not making any reference. I only said with reference to what the Financial Secretary has said in presenting the budget as passed in the Assembly..........

Chairman : You cannot base your arguments on the proceedings of the other House.

Mr. M. N. Paramesvaran Pillai: I rise to a point of order. When the Financial Secretary placed the budget before us he said that the cuts made by the lower House have all been accepted by Government and so I think we will be justified in referring to the proceedings of the Assembly relating to that cut.

Mr. S. Piraviperumal Pillai: Sir, I beg to submit respectfully that......

Mr. M. N. Paramesvaran Pillai: No ruling has been made as to whether reference may be made to the proceedings of the other House.

Chairman: You can refer to it, but you cannot base your arguments on the proceedings of the other House and it will be considered an infringement of the rights and privileges of the other House. That is the parliamentary procedure.

Mr. S. Piraviperumal Pillai: Sir, as I said, we want now Government to do something for the agriculturist and the taxpayer, to relieve his sufferings and could that be achieved by throwing out this demand? We want that something substantial should be done and for that purpose, I think, we should not throw out this demand but should see that Government do something and the effective way of doing that would be to speak strongly and unanimously and see that they do something to relieve the agriculturists and tax-payers.

[Mr. A. N. Visvanatha Pillai.]

യോജനവും ഉടമസ്ഥനില്ല. ഈ സന്ദർഭത്തിലെങ്കിലും ഗവൺമെൻറു കർഷകർക്കു ഭൂനികുതിയിൽ സാരമായ ഒരംശം ഇളവുചെയ്തുകൊടുക്കാതിരിക്കുന്നതു വളരെ കഷ്ടമാണ്. ഈ സന്ദർഭത്തിൽ ഗവൺമെൻറിൻെറ ദൃഷ്ടിയിൽ വേറൊരു കാര്യംകൂടി ഞാൻ കൊണ്ടുവന്നുകൊള്ളുന്നു. ഇൻഡ്യാ ഗവൺമെൻറിൽനിന്നും തെങ്ങുകൃഷിയെപ്പററി അന്വേഷിപ്പാൻ നിയുക്തനായ മി: പട്ടേലും ആയി ഞാൻ നടത്തിയ അഭിമുഖസംഭാഷണമദ്ധ്യേ തിരുവിതാംകൂറിലെ തെങ്ങുകൃഷിസ്ഥലങ്ങളുടെ ഭൂനികുതി കുറയ്ക്കേണ്ട കാര്യവും കേരോല്പന്നങ്ങളുടെ ഏററുമതിതീരുവ നിർത്തേണ്ട കാര്യവും തിരുവിതാംകൂർ ഗവൺമെൻറിൻെറ ദൃഷ്ടിയിൽ കൊണ്ടുവരേണ്ടതാണെന്നദ്ദേഹം പറഞ്ഞു. ആ വസ്തുത ഗവൺമെൻറിൻെറ ദൃഷ്ടിയിൽ കൊണ്ടുവരുന്നതിനു ഞാൻ ഈ സന്ദർഭം ഉപയോഗപ്പെടുത്തിക്കൊള്ളട്ടെ. ഇപ്പോൾ നിലവിലിരിക്കുന്ന ഏററുമതിത്തീരുവ എടുക്കേണ്ടതാണെന്ന് ഇവിടത്തെ നിയമസമിതിയുടെ രണ്ടു മണ്ഡലങ്ങളും തീരുമാനം ചെയ്തിട്ടുണ്ട്. മുമ്പിലത്തെ സഭയും അങ്ങിനെ തീരുമാനിച്ചുവെന്നാണ് എൻെറ ഓർമ്മ. ഈ കാര്യങ്ങളെപ്പററി ഒരക്ഷരംപോലും ബഡ്ജററിൽ പ്രസ്താവിച്ചുകാണുന്നില്ല. കാർഷികോല്പന്നങ്ങളുടെ വിലക്കുറവുകൊണ്ടു ജനതതിക്കു നേരിട്ടിരിക്കുന്ന വിഷമങ്ങളെ തീർക്കുന്നതിനു യാതൊരു സഹായവും ഗവൺമെൻറു ചെയ്യുന്നില്ല. താരിപ്പ്, തീരുവ, വിദേശവാണിജ്യമത്സരം ഈവക കാര്യങ്ങളിൽ ജനങ്ങൾ കേവലം നിരാശ്രയരാണ്.

കരംകൊടുക്കുവാൻ വളരെ പ്രയാസമുള്ള ഈ കാലത്തുപോലും ഒരു വലിയ തുക ജനങ്ങൾ പുകയില മുതലായ ഇനങ്ങളിലുംമററുമായി ചെലവാക്കുന്നുണ്ടെന്നും അതുകൊണ്ടു് ജനങ്ങൾക്ക് നികുതികൊടുക്കുവാൻ പ്രയാസമുണ്ടായിരിക്കുകയില്ലെന്നും ഗവൺമെൻറുഭാഗത്തുനിന്നും ഒരു വാദം പുറപ്പെടുവിച്ചേക്കാൻ എളുപ്പമുണ്ടു്. എന്നാൽ ഈ പുകയില ഇനത്തിൽത്തന്നെ ഒരു നല്ല സംഖ്യ തീരുവയായി ഗവൺമെൻറിനു കിട്ടുന്നുണ്ടു്. ഗവൺമെൻറിൻെറ തടസ്സം ഒന്നുകൊണ്ടുമാത്രമാണ് ഇവിടെ പുകയില കൃഷിചെയ്യുവാൻ സാധിക്കാതെയിരിക്കുന്നതു്. ഒരു വമ്പിച്ച തുക ആ ഇനത്തിൽ പ്രതിവർഷം രാജ്യത്തിനുപുറത്തു പോകുന്നു. പുകയില കൃഷിചെയ്യുന്ന സ്ഥലത്തിനു ലൈസൻസു ചുമത്തി ഈവക നികുതി ഗവൺമെൻറിന്നീടാക്കാവുന്നതാണ്. അതിൻെറ വിലവകയിൽ രാജ്യത്തിനു വെളിയിലേക്കു പ്രവഹിച്ചുകൊണ്ടിരിക്കുന്ന ധനത്തെ തടഞ്ഞു് ജനങ്ങളുടെ സാമ്പത്തികനില അത്രമാത്രമെങ്കിലും ഉയർത്തുവാനും ഗവ

ണ്മെൻറിനാഗ്രഹമില്ല. ആ അഭിവൃദ്ധിയും ഗവണ്മെൻറുതന്നെയാണു തടഞ്ഞിരിക്കുന്നത്.

റബ്ബർ കൃഷിചെയ്യുന്ന സ്ഥലങ്ങളുടെ കരം ൫൦ ശതമാനം കുറച്ചിരിക്കുന്നു. റബ്ബറിനുവന്ന വിലക്കുറവിനേക്കാൾ വളരെ മടങ്ങു വിലക്കുറവ് നാളികേരത്തിനുണ്ടായിട്ടുണ്ട്. ഇതിനു ഞാൻ കാണുന്ന ഒരു കാരണം റബ്ബർകൃഷിക്കാർ സംഘടനയുള്ളവരാണെന്നുള്ളതാകുന്നു. അനേകം ഏക്കർവീതം വിസ്തീർണ്ണമുള്ള എസ്റ്റേറ്റുകളിലാണ് ഇവിടെ റബ്ബർകൃഷി നടത്തുന്നത്. എന്നാൽ നാളികേര കൃഷി നടത്തുന്നത് തുണ്ടുതുണ്ടായ ചെറുപറമ്പുകളിലും ആകുന്നു. നാളികേര കൃഷിക്കാർ ഇതുവരെ സംഘടിച്ചുനിന്നിട്ടില്ല. അവർക്കു റബ്ബർകൃഷി ഉടമസ്ഥന്മാരായ യൂറോപ്യന്മാരെപ്പോലെ ഗവണ്മെൻറിൻെറമേൽ സ്വാധീനശക്തിയുമില്ല. തിരുവിതാംകൂറിലെ സാർവത്രികമായ കൃഷി തെങ്ങാണെന്നുള്ള സംഗതി നാം വിസ്മരിക്കരുത്. ഈ സന്ദർഭത്തിൽ നാളികേരത്തിൻെറ വില ൭൫ ശതമാനം കുറഞ്ഞിരിക്കുന്ന സ്ഥിതിക്ക് ഭൂനികുതിയും ൭൫ ശതമാനം കുറവുചെയ്യണമെന്നാണ് ജനങ്ങൾ ആവശ്യപ്പെടേണ്ടത്. എന്നാൽ ഞാൻ ആവശ്യപ്പെടുന്നത് ൫൦ ശതമാനംമാത്രം കുറയ്ക്കണമെന്നേയുള്ളു. കഴിഞ്ഞകൊല്ലം മൂന്നുലക്ഷം രൂപാ ലാൻഡു വന്യൂവിൽ പിരിയുമെന്നു കണക്കാക്കിയിരിക്കെ അഞ്ചു ലക്ഷംരൂപാ പിരിച്ചെടുത്തിരിക്കുന്നു. ഇതുകൊണ്ട് ജനങ്ങൾ ക്ഷേമമായിരിക്കുന്നുവെന്നാണോ ഗവണ്മെൻറു വിചാരിക്കുന്നത്? എത്ര ഭയങ്കരങ്ങളായ കർശനനടപടികൾകൊണ്ടാണ് ഈ തുക പിരിച്ചെടുത്തിരിക്കുന്നതെന്നു ഗവണ്മെൻററിയുന്നുണ്ടോ? ജനങ്ങൾക്കു നിത്യവൃത്തിക്കുപോലും തീരെ കഴിവില്ലാതെ പട്ടിണികൊണ്ടു വലയുന്ന ഈ സന്ദർഭത്തിൽ ആഹാരസാധനം പാകം ചെയ്യുന്ന മൺപാത്രങ്ങൾ തുടങ്ങിയ ജംഗമങ്ങൾ ഏററവും നിഷ്ഠുരമായി ജപ്തിചെയ്താണ് ഈ തുക പിരിച്ചിട്ടുള്ളതെന്നു ഗവണ്മെൻററിയുന്നുണ്ടോ?

ഇതിനുംപുറമെ ഞാൻ പ്രതിനിധീകരിക്കുന്ന കരുനാഗപ്പള്ളിതാലൂക്കിൽതന്നെ ൨൫൦൦-ൽപരം വസ്തുക്കൾ കരക്കുടിശിഖയ്ക്കായി ലേലത്തിനുപോയിട്ടുണ്ട്. ഞാൻ പ്രതിനിധീകരിക്കുന്ന മററൊരു ഭാഗമായ കൊല്ലംതാലൂക്കിൽ ൧൩രൂപാ വിലയ്ക്ക് അനവധി പറ നിലങ്ങൾ വിററുപോയിരിക്കുന്നു. ഇതെല്ലാം ജനങ്ങളുടെ ക്ഷേമത്തെയാണോ കാണിക്കുന്നതെന്നു ഗവണ്മെൻറു ഗാഢമായി ആലോചിക്കേണ്ടതാണ്.

Mr. Tariatu Kunjitomman: റവന്യൂവകുപ്പിനെഗവൺമെൻറിനും ജനങ്ങൾക്കും ശ്രേയസ്കരമാംവണ്ണം നയിക്കുന്നതിനുവേണ്ട ചില കാര്യങ്ങളെ ചൂണ്ടിക്കാണിക്കുവാനാണ് ഞാൻ വിചാരിക്കുന്നത്. ഈ വകുപ്പ് പലവിധത്തിൽ കുഴഞ്ഞുകിടക്കുന്ന ഒന്നാണ്. സാമാന്യജനങ്ങളോടു ഇത്ര അധികമായി അടുത്തുപെരുമാറുന്ന മറെറാരു വകുപ്പില്ല. ഇതിലെ കീഴ് ഉദ്യോഗസ്ഥന്മാരിൽനിന്നും ജനസാമാന്യം വളരെ സങ്കടം അനുഭവിക്കുന്നുണ്ട്. ക്ഷാമംനിമിത്തം കരംപിരിയുന്നതിനുള്ള വൈഷമ്യങ്ങൾകൊണ്ടു വസ്തുക്കൾലേലമാണല്ലോ ഇപ്പോൾ നടക്കുന്നത്. പല പകുതികളിലും ഉദ്യോഗസ്ഥന്മാർ ജനങ്ങളിൽനിന്നും കരംവാങ്ങിച്ചുകൊണ്ടു വരവുവയ്ക്കാതെ കൃഷിക്കാരെ വളരെ കഷ്ടപ്പെടുത്തുന്നുണ്ട്. ഇതു ഗവൺമെൻറു പ്രത്യേകം ശ്രദ്ധിച്ചുനിറുത്തണം. ഇതുകൊണ്ടു ഗവൺമെൻറിനുയാതൊരുലാഭവും ഉണ്ടാകുന്നില്ല. അങ്ങനെ ചെയ്യുന്നവരെ കണ്ടുപിടിച്ച് ശരിയായി ശിക്ഷിച്ചില്ലെങ്കിൽ ഗവൺമെൻറിൻെറ നല്ലപേരിനുതന്നെ കളങ്കംവരും.

Mr. J. John Kattakayam: തഹശീൽദാരന്മാരും പേഷ്കാരന്മാരും പരിശോധിക്കുവാനായി ചെല്ലുമ്പോൾ ഈ കണക്കുകളെല്ലാം പ്രത്യേകംശ്രദ്ധയോടുകൂടി ചെക്കുചെയ്യണമെന്ന് ഈയിടെ ഒരു ആർഡർ ഉണ്ടായിട്ടുള്ളതായി അറിയാമോ?

Mr. Tariatu Kunjitomman: ഉണ്ടായിരിക്കും; നാട്ടിൻപുറത്തുള്ളവക്കാണ് ഇങ്ങനെയുള്ള സങ്കടങ്ങൾ അധികമായി ഉണ്ടാകുന്നത്. ഞാൻ നാട്ടിൻപുറത്തുനിന്നും വരുന്ന ആളാണ്. മേലുദ്യോഗസ്ഥന്മാരുടെ കണ്ണിൽ പെടാതെതന്നെ പലരും ഈമാതിരി പ്രവർത്തിച്ചു നല്ലവരായികഴിയുന്നു.

Mr. M. P. Madhavan pillai: (*Tiruvalla* cum *Pattanamtitta*): കരംകൊടുത്തുകഴിഞ്ഞാൽ ഉടനെ കണക്കിൽ വരവുവയ്ക്കാതിരിക്കുന്നപക്ഷം സങ്കടക്കാർ അതിനെപ്പററി പരാതിപ്പെടാറില്ലേ?

Mr. Tariatu Kunjitomman: പരാതിപ്പെടുന്നവരുമുണ്ട്. എന്നാൽ സാധുക്കൾ അതിനു തയ്യാറാകുകയില്ല. പകുതിയിലുള്ള അക്കൌണ്ടന്മാരോടും പാർവത്യകാരോടും വിരോധമായിനിന്നാൽ വെറുതെ വല്ല പുറമ്പോക്കുകേസോ മറെറാ എടുത്ത് തങ്ങളെ ഉപദ്രവിച്ചേക്കുമെന്നുള്ള ഭയം കൃഷിക്കാർക്കു പരക്കെയുണ്ട്.

Mr. K. George: രസീതു് എഴുതിക്കൊടുക്കാതെ കരം കൊടുക്കുമോ?

Mr. Tariatu Kunjitomman: പലതും കൊടുക്കും. നാട്ടിൻപുറങ്ങളിലുള്ള ആളുകൾക്ക് അതാതു പകുതികളിലെ അക്കൌണ്ടന്മാരും പ്രവർത്ത്യാരന്മാരും വലിയ യജമാനന്മാരാണ്. അവർ വിചാരിച്ചാൽ ഈ സാധുക്കളെ ഉപദ്രവിക്കാൻകഴിയും. ഇവർ ആവശ്യപ്പെട്ടാൽ രസീതു കൊടുക്കാതെതന്നെ പണംകൊടുക്കും. കരംപിരിക്കാൻവന്നാൽ വളരെ ഉപചാരമായിട്ടാണപെരുമാറുന്നത്. പണം വരവ് വച്ചില്ല എന്ന് ഒടുക്കം ലേലംവരുമ്പൊഴെ അറിയൂ.

Mr. J. John Kattakayam: പ്രവർത്ത്യാരങ്ങന്മ വന്നുവെന്നു പെൺപിളമാരുടെ അടുക്കൽ പറഞ്ഞാൽ കരംകൊടുത്തയക്കുന്ന ആളുകളും നമ്മുടെ ഇടയിൽ ഇല്ലേ?

Mr. Tariatu Kunjitomman: അങ്ങനെയുള്ള ആളുകൾ നാട്ടിൻപുറങ്ങളിൽകണ്ടേയ്ക്കും. ഇപ്പോൾ കരക്കുടിശ്ശികയ്ക്കു ഗസററിൽ പരസ്യപ്പെടുത്താതെ വസ്തുക്കൾ ലേലത്തിൽവിൽക്കാൻ തുടങ്ങിയിരിക്കുന്നു. ലേലത്തെസംബന്ധിച്ച പകുതിക്കച്ചേരികളിൽനിന്നും താലൂക്കുകച്ചേരികളിൽനിന്നും പരസ്യപ്പെടുത്താനായി അയക്കുന്ന നോട്ടീസുകളുടെ നാലുമൂലയും, അവ എവിടെയോ ഒട്ടിച്ചിരുന്നതാണെന്നറിയിക്കാൻവേണ്ടി കീറിക്കളഞ്ഞു മേശയുടെ കീഴിൽ ഇട്ടുകളക ചിലപ്പോഴൊക്കെ പതിവാണ. വസ്തുവിൻെറ പേരും സ്ഥലവും ലേലത്തീയതിയും തുകയും ഒക്കെ അടങ്ങിയ നോട്ടീസുകൾ ഒരിടത്തും പതിക്കാതെ അതിൻെറ നാലുമൂലകളും കീറി ഇട്ടിരിക്കുന്ന നോട്ടീസുകൾ പതിച്ച നോട്ടീസാണെന്നു പാർവ്വത്യകാരന്മാർക്കു തെളിവു കാണിക്കാൻ സാധിക്കും. ഇതുപോലെയുള്ള അനീതികൾ പല വിധത്തിൽ ഉൾനാട്ടുകളിൽ നടക്കുകയും ഈ ക്ഷാമകാലത്തു കൃഷിക്കാർ വളരെ കഷ്ടപ്പെടുകയും ചെയ്യും. ഗവൺമെൻറിനു വിശേഷാൽ ലാഭവുമില്ല. അതിനാൽ ഗസററിൽ പ്രസിദ്ധപ്പെടുത്താതെ സ്ഥാവരസ്വത്തു ലേലം ചെയ്യരുതു എന്നു എത്രയും വേഗത്തിൽ എല്ലാതാലൂക്കിലേക്കും ഗവൺമെൻറുത്തരവയക്കേണ്ടതാണ. കമ്മിമാറ്റംതന്നെ അറിയിച്ചാൽകൊള്ളാം.

കരം കൊടുക്കുന്നകാര്യത്തിൽ ജനങ്ങൾ വളരെ ബുദ്ധിമുട്ടുന്നുണ്ടെന്നുള്ളതു വാസ്തവംതന്നെ. ഗവൺമെൻറു ഇതേപ്പററി ദയവായി ആലോചിക്കേണ്ടതാണ. ഉല്പന്നങ്ങളുടെ വിലക്കുറവു നിമിത്തം ക്ഷാമംകൂടി കൊണ്ടുവരുന്നു. ദീർഘകാലം കരം ഇളവുചെയ്തുകൊടുത്താൽ ഗവൺമെൻറു എന്തുചെയ്യുമെന്നൊരു ചോദ്യം ഇവിടെ ഉണ്ടായേക്കാം. തന്നെയു

[Mr. Tariatu Kunjitomman.]

മല്ല, എല്ലാ കൃഷിസ്ഥലങ്ങൾക്കുമുള്ള കരം മുഴുവനും ക്ഷാമം തീരുന്നതുവരെ ഇളച്ചുകൊടുക്കണമെന്നുള്ള അപേക്ഷ ജനപക്ഷത്തുനിന്നുമുണ്ടായിക്കൊണ്ടിരിക്കും. അതുകൊണ്ടു കൃഷിക്കാരെ സഹായിക്കാൻ മററുചിതമായ മാററങ്ങളാലോചിച്ചുടനേ നടപ്പിൽകൊണ്ടുവരണം. ഗവൺമെൻറിൻെറ ധനസ്ഥിതിനന്നായിരിക്കുന്ന ഈ അവസരത്തിൽ ലോൺ ഏർപ്പെടുത്തിയും മററും ജനങ്ങളെ സഹായിക്കാം. ആയതിനുള്ള മാററങ്ങൾ വിശദമായിപൊതുവിമർശനാവസരത്തിൽ ഞാൻ ചൂണ്ടിക്കാണിച്ചിട്ടുണ്ട്. ഉടനെ വേണ്ടതുചെയ്തില്ലെങ്കിൽ പിന്നീടു ജനങ്ങളും ഗവൺമെൻറും വിഷമത്തിലായിട്ടു വിചാരിച്ചാൽ ഫലമില്ല. കരമിളച്ചും മററും ഗവൺമെൻറിൻെറ സാമ്പത്തികനില വിഷമത്തിലായാൽ ഗവൺമെൻറിനു ജനങ്ങളെ സഹായിക്കാൻ പ്രയാസമാകും. ചെറിയ സഹായംകൊണ്ടു ഇപ്പോൾ ഫലമില്ല.

Mr. G. Narayana Aiyar : I oppose the Demand. That the taxpayer is very hard hit and is in need of relief, nobody can deny. The Government records show clearly that there are only .36 per cent. of the tax-payers who are able to pay without any processes and the others pay only after obtaining processes on some of their properties. That thecondition of the tax-payer has not improved since last year is admitted by the Government. The attitude of the Government to realise the last pie even though they admit. the difficulty of the taxpayer is also difficult to explain. What were the circumstances that actuated the Government not to allow the remission which was allowed last year is also difficult of explanation. In this connection it is advisable to know what our sister government placed in similar circumstances have done. It may not be out of place to read a few lines from the budget speech of the Cochin Finance Member in introducing the budget for 1110:

> "Before I conclude, I may be allowed to refer to the measures taken by us to afford relief to the agriculturists affected by the phenomenal fall in the price of agricultural products. Consistent with our financial position we have granted a liberal remission of $18\frac{3}{4}$ per cent. in land revenue this year and proposed $12\frac{1}{2}$ per cent. for the next year."

The Administration Report of the Land Revenue Department goes to show that the number of coercive processes as well as sales of movables and immovable properties for the arrears of tax due, was on the increase. Non-payment of tax in our State is not due to any political causes but due simply to inability to pay and want

of funds for the same. In the nature of the prevailing distress it would be advisable to stop all coercive processes and grant a decent reduction of tax.

I would support the proposal of Mr. Kunjitomman that the G. O refusing publication of revenue sales in the Government Gazette should be cancelled, and the cancellation order communicated to the various Tahsildars at once by wire, or else serious difficulties may arise. Charge holders and hypothecatees who have no liability to pay tax as well as land holders and Government servants and business-men who are away from the property having entrusted the properties to their agents or lessees directing them for the payment of tax, will be put to serious difficulties by the stopping of the Gazette proclamation. Revenue processes as a rule are never conducted legally and openly on the property or on the person and it will be unjust to stop the gazette proclamation for arrears of land tax. There is no provision in the Revenue Recovery Regulation for such Gazette proclamation for selling properties for arrears of land revenue. It was by repeated representations and requests that Government thought it advisable to give due publicity to revenue sales also by publishing them in the Government Gazette, thus giving an opportunity to the land holders to prevent such sales. As regards the practice now followed by the Jenmikaram Settlement Officer I have to bring to the notice of the responsible officers two important points equally affecting the *jenmi* as well as the *kudiyan*. Properties actually included in the *kanam* and held as *kanam* by the tenant, but for which *patta* as *pandarapattom* was wrongly given during settlement to the tenant are not taken into account for fixing *jenmikaram*. Properties within the area of a *kanam* deed and forming part of the *jenmom* land and *kanam* demise were treated differently by the settlement authorities during settlement operations by giving *patta* to some portions of the holding as *jenmom* property and the other portion as *pandaravagai pattam* or *otti* or some other such tenure. Under the existing law in force in Travancore the *jenmi* has no duty to take *patta* or to see that *patta* is properly issued and it is the look out of the *kudiyan* to take *patta* for the *kanam* property as *jenmom* in his name. But if mischievously inclined tenants with a view to injure the *jenmi* take *patta* for the part of the property as *puduval* in his name or if the Sirkar issues *patta* to a tenant for the excess within the registered holding as *puduval* of the tenant, how can *jenmi* be made to suffer for that. In this connection I should like to know whether the *jenmi* is competent to file a suit to recover that portion of the property from the tenant which though included in the *kanam* demise is treated otherwise by the settlement authorities and *patta*

[Mr. G. Narayana Aiyar.]

issued to the tenant in that capacity. I should like to know also what are the respective rights and liabilities of the *jenmi* and *kudiyan* so far as such properties are concerned, and where the *jenmi* is to go to remedy these grievances.

Mr. K. George: Why not the *jenmi* or *kudiyan* apply to Government to rectify the mistake in *patta.*

Mr. G. Narayana Aiyar: *Pattas* were issued in 1095 and it is too late now to apply for a correction of the same to the Government. Under the then existing law the *jenmi* had no responsibility to take *patta* or to see to the correct issue of *patta* and the late application of the *jenmi* now to get it corrected may not do any good.

Mr. Kayalam Paramesvaran Pillai (*Additional Head Sirkar Vakil*): Will such properties be treated as *kanam* properties coming under the Regulation?

Mr. G. Narayana Aiyar: They ought to be treated certainly as *kanam* properties since it has been held by the High Court that excess within the registered area should not be treated as *puduval* and the tenant should not be given *patta* in that capacity behind the back of the *jenmi. Patta* by itself has been held to create no right over the properties. The *jenmikaram* officers ignore such properties included in the *kanam* and this is causing great hardship to *jenmies.* Another fact which I would bring to the notice of the authorities concerned is the manner in which perquisites are valued and entered in the jenmikaram register. Under Section 46 of the Jenmikudiyan Regulation the appointment of the committee for fixing the value of perquisite, has been contemplated and such a committee was appointed only very recently.

Mr. A. Kumara Pillai: Does the member know that the Jenmikudiyan Regulation specifies the prices to be fixed for customary dues?

Mr. G. Narayana Aiyar: That may not include all perquisites.

We have Sections 3 and 46 on this subject. Section 3 is controlled by Section 46. It is the provisions of Section 46 that has to be finally accepted. Supposing the Settlement Register is prepared fixing a certain valuation as is now adopted, and the committee under Section 46 fix another valuation, there will be confusion in the valuation. We do not know which will prevail. I am liable to be corrected if my position is not correct.

I would also bring to the notice of the responsible officers that due weight should be given to statements in the partition deeds in

the tenants family as regards appropriation in fixing *jenmikaram* of various plots of land comprised in a *kanam* deed.

Mr. N. K. Padmanabha Pillai: നമ്മുടെ കർഷകരുടെ ദാരിദ്ര്യത്തിന്റെ സ്ഥിതി നോക്കിയാൽ അവർക്ക് കരയ്ക്കു കയറുവാൻ നിവൃത്തിയില്ലാത്തവിധം വളരെ ആഴത്തിൽ ആണ്ടുകിടക്കുന്നുവെന്നു പ്രസ്താവിക്കാതിരിക്കാൻ നിവൃത്തിയില്ല. ഈ സന്ദർഭത്തിൽ സാധുക്കളായ കർഷകന്മാർക്കു ശരിയായ സഹായങ്ങളൊന്നുംതന്നെ ഗവൺമെന്റിൽനിന്നും ചെയ്തുകൊടുക്കാതിരിയ്ക്കുന്നതു വളരെ സങ്കടമാണ്. മററു രാജ്യങ്ങളിൽ കരം ഇളവു ചെയ്തു കൊടുക്കുക, കുടിശിഖയ്ക്കു പിഴ മുതലായതു വസൂലാക്കാതിരിക്കുക മുതലായ വേണ്ട സഹായങ്ങൾ ചെയ്തുകൊടുക്കുന്നുണ്ട്. ഇവിടെയാകട്ടെ സർക്കാരിനു കൊടുക്കുവാനുള്ള ആദായം പോലും ഭൂമിയിൽ നിന്നും കിട്ടാതിരിക്കുന്ന ഈ സന്ദർഭത്തിൽ സാധുക്കളായ കൃഷിക്കാരുടെ ഭൂമി വിററു കരമീടാക്കുക എന്ന നയം സ്വീകരിച്ചിരിക്കുന്നു. ഇതു് ഒരിക്കലും ആശാസ്യമല്ല. ഇപ്പോഴും സർക്കാർ ഗസററിൽ കരക്കുടിശിഖയ്ക്കു ഭൂമി വിൽക്കുവാനായി ലേലത്തിൽ വച്ചിരിക്കുന്ന കണക്കില്ലാത്ത വസ്തുക്കളെ പരസ്യപ്പെടുത്തിക്കാണുന്നുണ്ട്. മേലാൽ ഗസററിൽ ലേലപരസ്യങ്ങൾ വേണ്ടെന്നു ഗവൺമെന്റ് നിശ്ചയിച്ചിട്ടുള്ളതാണല്ലോ. എന്നാൽ വേറെ എവിടെയോ വെച്ച് ഇനി മേലാലും ഗസററിൽ പരസ്യം ചെയ്യുന്നതിനെപ്പററിയും നടപടി നടത്തുന്ന ചട്ടങ്ങളിൽ വേണ്ട ഭേദഗതികൾ വരുത്തേണ്ടതിനെപ്പററിയും ആലോചിക്കാമെന്നു ഗവൺമെന്റുമെമ്പർ സംസാരിച്ചതായി ഞാൻ ഓർമ്മിക്കുന്നുണ്ട്. അതിനെപ്പററി ഞാൻ വീണ്ടും പറയുകയാണെങ്കിൽ, ആ ആലോചന കൂടി പൊയ്പോവുകയില്ലേ എന്നാണെന്റെ സംശയം.

ലേലത്തിനായി ഈയിടെ വച്ചിട്ടുള്ള വസ്തുക്കളുടെ എണ്ണം വളരെ കൂടുതലാണെന്നു റവന്യൂകമ്മീഷണർ തന്നെ സമ്മതിച്ചിട്ടുണ്ട്. ൧൧൦൯-ൽ പ്രതീക്ഷയിൽ കവിഞ്ഞു നാലയ്യായിരം രൂപാ കൂടുതൽ കരക്കുടിശിഖ ഈടാക്കിയതിൽ നിന്നും കിട്ടിയെന്നു ഫൈനാൻഷ്യൽ സെക്രട്ടറിതന്നെ അദ്ദേഹത്തിന്റെ പ്രസംഗത്തിൽ പ്രസ്താവിച്ചിട്ടുണ്ട്. ഈ തുക എങ്ങിനെയാണ് ഈടാക്കിയതെന്നാലോചിച്ചു നോക്കുക. സാധുക്കളായ ജനങ്ങളെ ഇടിച്ചു പിഴിഞ്ഞിട്ടും കരം ഈടാക്കി എടുക്കുവാൻ സാദ്ധ്യമാകാഞ്ഞിട്ട് അവർ താമസിക്കുന്ന ഭൂമിയിൽനിന്നും അവരെ ആട്ടി ഓടിച്ച് ഈടാക്കിയ തുകയാണിതു്. പാശ്ചാത്യരാജ്യങ്ങളിലാണെങ്കിൽ കൃഷിക്കാരുടെ ഭൂമി വിററുകൂടാ എന്നു ചട്ടങ്ങൾ ഉണ്ടായി

[Mr. N. K. Padmanabha Pillai.]

രിക്കുന്നു. ദാരിദ്ര്യാവസ്ഥ ഇത്ര ദുർഘടാവസ്ഥയിൽ എത്തിയിട്ടില്ലാത്ത മൈസൂരിൽ പോലും ജനങ്ങളുടെ ക്ഷാമനിവാരണത്തിനും വസ്തുക്കൾ അന്യാധീനപ്പെട്ടുപോകാതിരിക്കുവാനുമായി ഒരു കമ്മിററി ഏർപ്പെടുത്തുകയും ആ കമ്മിററി ചില നിർദ്ദേശങ്ങൾ സമർപ്പിക്കുകയും ചെയ്തിരിക്കുന്നു. എന്നാൽ ഇവിടെയോ, ഏതെങ്കിലും വിധത്തിൽ വസ്തുക്കൾ വിററായാലും കൊള്ളാം, മററു രീതിയിലായാലും കൊള്ളാം കരമീടാക്കണമെന്നുള്ള ഒരു മനസ്ഥിതിയാണു പ്രദർശിപ്പിക്കുന്നതു്.

ഈയിടെ ഗവൺമെൻറു ചെയ്തിട്ടുള്ള മറെറാരു കടുകയ്യിനെപ്പററിയും രണ്ടു വാക്കു പറയാതിരിക്കുവാൻ നിവൃത്തിയില്ല. കണ്ടുകൃഷിവസ്തുക്കളുടെ അനുഭവമീടാക്കുന്ന കാര്യത്തിൽ ചില പുതിയ ചട്ടങ്ങൾ ഈയിടെ ഉണ്ടായിരിക്കുന്നു. ആ ചട്ടംമൂലം സാധുക്കളായ കണ്ടുകൃഷി വസ്തു ഉടമസ്ഥന്മാർക്കു വളരെ വിഷമതകൾ നേരിട്ടിട്ടുണ്ടു. ഒരു നൂററാണ്ടിനു മുമ്പു പട്ടയം കിട്ടി തന്റെ സ്വന്തം പോലെ വിചാരിച്ചു കെട്ടിടങ്ങൾ കെട്ടി വിലയേറിയ ദേഹണ്ഡങ്ങൾ ചെയ്തു താമസിച്ചുവരുന്ന കണ്ടുകൃഷി ഉടമസ്ഥന്മാർക്കു ഈ പുതിയ ചട്ടം ഒരു വലിയ കണ്ഠകോടാലിയായിട്ടാണു വന്നിരിക്കുന്നതു്. അതായതു കുടിശിഖ മുഴുവനും അതിനും പുറമേ ഒരാണ്ടത്തെ കരം മുമ്പേറായും ഉടനെ കൊടുക്കണമെന്നും അങ്ങിനെ ചെയ്യാതിരിക്കുന്നപക്ഷം അവർ ഉടൻ തന്നെ അവരുടെ കണ്ടുകൃഷിസ്ഥലങ്ങളിൽനിന്നും പൊയ്ക്കൊള്ളണമെന്നും വിവരിച്ചു പലർക്കും നോട്ടീസു കിട്ടിയിരിക്കുന്നു. എന്റെ നിയോജകമണ്ഡലത്തിൽ തന്നെ ഒരു നൂററാണ്ടിനു മുമ്പു മുതൽ തന്നെ പട്ടയങ്ങളും കിട്ടി കെട്ടിടങ്ങളും വച്ചു താമസിച്ചുവരുന്ന കണ്ടുകൃഷി ഉടമസ്ഥന്മാർ രണ്ടായിരത്തിൽ പരമുണ്ടു്.

Mr. A. Kumara Pillai : ഏതു സന്ദർഭത്തിലാണു് ഇപ്രകാരം വസ്തു ഒഴിഞ്ഞുപോകണമെന്നു പറഞ്ഞിരിക്കുന്നതു?

Mr. N. K. Padmanabha Pillai : അവർക്കു നോട്ടീസു കിട്ടിയിരിക്കുന്നതു തന്നാണ്ടത്തെ കുടിശ്ശിക തീർക്കണമെന്നും ഒരാണ്ടത്തെ കരം മുമ്പേറായി കിട്ടണമെന്നും ഇല്ലെങ്കിൽ ഇറങ്ങി പോകണമെന്നും കാണിച്ചാണു്. ആ മാതിരി നോട്ടീസു ഞാൻ കാണിച്ചുതരാം. അതെപ്പററി നിവേദനപ്പെടുവാൻ ഒരു ഡപ്യൂട്ടേഷൻ ഇവിടെ വന്നിട്ടുമുണ്ടു്. ഈ മാതിരി ഒരു ചട്ടം ഉണ്ടായിരിക്കുന്നതു സാധുക്കളായ കൃഷീവലന്മാർക്കു് ഇപ്പോൾ കുരുനിന്മേൽ കുരു എന്നപോലെ ആയിരിക്കുന്നു. നമ്മുടെ ഗവൺമെൻറിനു സാധുക്കളായ ജനങ്ങളുടെ പേരിൽ എത്രമാത്രം അനുകമ്പയുണ്ടെന്നുള്ളതു് ഇതിൽ നിന്നും മനസ്സിലാക്കാവുന്നതാണല്ലോ.

Mr. N. K. Mr. M. N. Narayana Menon : ഇങ്ങനെ കൂടുതൽ തുക പിരിക്കുന്നവർക്കു പ്രമോഷൻ കൊടുക്കാറില്ലേ?

Mr. N. K Padmanabha Pillai : കൊടുക്കുന്നുണ്ട്. ഇവർക്കു തന്നെയാണു അതാതു പകുതികളിലെ ഭരണാധികാരവും.

൫൦ ശതമാനം കരം കുറവു ചെയ്യണമെന്നുള്ള ജനങ്ങളുടെ അപേക്ഷയെ അസംബ്ളിമൂലം ഗവൺമെൻറിനെ ധരിപ്പിക്കുന്ന ഈ സന്ദർഭത്തിൽ അതിനെ ദയവായി വിചാരിച്ചു ശരിയായ വിധത്തിൽ നടപ്പിൽ വരുത്തണമെന്നാണു് എനിക്കു പറയാനുള്ളതു്. അങ്ങിനെ ചെയ്യുന്നതുകൊണ്ടു് ഗവമെൻറിനു് ഒരു നല്ലസംഖ്യ കുറവുവരാമായിരിക്കാം. അതിനുപകരം ഇപ്പോൾ രാജ്യത്തു അനേകം പ്രൈവററു ചന്തകൾ ഉണ്ടു്. അവയെ എല്ലാം പബ്ലിക്കു ചന്തകളാക്കുന്നപക്ഷം മൂന്നു് നാലു് ലക്ഷം രൂപായെങ്കിലും ഗവണ്മെൻറിനു കൂടുതൽ ആദായം കിട്ടുന്നതാണ്. ഇപ്പോൾ തുച്ഛമായ ലൈസൻസുഫീസും മറേറതാനും സംഖ്യകളും മാത്രമേ പ്രൈവററു ചന്തകളിൽനിന്നും കിട്ടുന്നുള്ളു.

Mr. Komilezhathu Sankaran : സാധാരണ പ്രൈവററുചന്തകളിൽ സാധനങ്ങൾ വിൽക്കാൻകൊണ്ടുവരുന്നതു ഭൂസ്വത്തുടമസ്ഥന്മാരാണൊ അതോ, സാധുക്കളോ?

Mr. N. K. Padmanabha Pillai : എല്ലാവരും കൊണ്ടുപോകും. നെയ്യാററിൻകര ടൌണിൽതന്നെ രണ്ടു് പ്രൈവററു മാർക്കററുകൾ ഉണ്ട്.

[Mr. N. K. Padmanabha Pillai.]

അവയിൽനിന്നും ആണ്ടുതോറും ൨൦ രൂപാവീതം മാത്രമാണു ഗവൺമെൻറിലേക്കു കിട്ടിക്കൊണ്ടിരുന്ന ആദായം. എന്നാൽ ഗവൺമെൻറിൻെറ സന്മനസ്സുകൊണ്ട് അവ രണ്ടും മുനിസിപ്പാലിററിക്കു വിട്ടുതരികയുണ്ടായി. ഇപ്പോൾ ഏകദേശം ൨൦൦൦ രൂപായോളം മുനിസിപ്പാലിററിക്കു അവയിൽ നിന്നും ആദായം കിട്ടുന്നുണ്ട്. ഇതുപോലെയുള്ള ചന്തകൾ പല സ്ഥലങ്ങളിലായി അനവധിയുണ്ട്. അവയെ പബ്ളിക് ചന്തകൾ ആക്കിയാൽ നല്ല സംഖ്യ ആദായം കിട്ടും.

Mr. K. K Thomas : ഈ ആണ്ടത്തെ ചന്തക്കരം പിരിക്കുന്നതിനുള്ള ലേലം കഴിഞ്ഞുപോയില്ലേ?

Mr. N. K. Padmanabha Pillai: ഈ ആണ്ടത്തേതു കഴിഞ്ഞുപോയെങ്കിൽ അടുത്ത ആണ്ടിൽ മതിയാകും.

Mr. M. N. Paramesvaran Pillai : ഈ ചന്തകൾ നെയ്യാററിൻകര മുനിസിപ്പാലിററിക്കു വിട്ടുതരാതിരിക്കുവാനായി പേഷ്കാർ വളരെ തക്കം പുറപ്പെടുവിച്ചില്ലേ?

Mr. N. K. Padmanabha Pillai: തക്കമുണ്ടായിരുന്നതു മുമ്പാണ്. എന്നാൽ ഇപ്പോൾ അദ്ദേഹത്തിൻെറ ആനുകൂല്യവും സന്മനസ്സും ഇല്ലായിരുന്നുവെങ്കിൽ, ഇത്ര എളുപ്പം ഈ ചന്ത മുനിസിപ്പാലിററിക്കു വിട്ടു കിട്ടുകയില്ലായിരുന്നു.

Mr. K. P. Nilakanta Pillai : I want to make a few observations on the working of the Land Revenue Department. The necessity of a remission to the extent of 50 per cent. has been stressed by the previous speakers. There is a lot of leakage in the revenue of the department and that matter has already been brought to the attention of the Government. Mr. Kunjitomman has already referred to those two points.

Misappropriation and defalcation have recently become the two very dominant features in the administration of the Land Revenue Department. Another question is that there is corruption among the officers of the Revenue Department from the accountant upwards. How are these things going to be dealt with? There is a standing grievance that all the revenue collected is not received in the Government exchequer. This is a matter now of common occurrence in all the departments, whether it is the Land Revenue Department, Excise Department or any other department. It is a very serious thing to which the attention of the Government must be drawn. Sir, I ask the question, what is the duty of the Tahsildar, or the *jamabandy* officer, when he very often visits or inspects every taluk office at least once in a year? It is not his look-out to see how this defalcation is possible. Has the Land Revenue

Commissioner considered any measure to avoid the repetition of the misappropriating of money paid by tax-payers by the Proverticars or Accountants? Has the Account Officer considered any means to prevent such leakages?, These are some of the important questions which I have to impress upon the Government with reference to the administration of the Land Revenue Department.

Another matter, Sir, which I take this opportunity to impress upon the Government, is the inadvisability of investing the Tahsildars with magisterial functions. Sir, the administration report of the Land Revenue Department, as well as the Government order on it, will show that there are arrears in the collection of land revenue, or disposal of poramboke cases or the issue of *pattas*. And whatever may be, it will go to show that the department is inefficiently working. This is seen from the administration report for the year 1108 and particular attention is drawn to such inefficiency in the case of Chirayinkil, Neyyattinkara and some other taluks. That is the reason why the Tahsildar, who is a revenue officer in the taluk, should not be given magisterial work also, because he won't be able to find time to look after the dual functions satisfactorily.

Mr. M. N. Paramesvaran Pillai: Is not the Tahsildar at Chirayinkil also the President of the local municipality?

Mr. K. P. Nilakanta Pillai: The Tahsildar there is a First Class Magistrate and also the Municipal President. In Neyyattinkara also the Tahsildar has been invested with First Class Magisterial powers. Therefore the work of the department with reference to the administration of revenue proper including the land assessment, disposal of *pokkuvaravu* and *poramboke* cases and issue of *pattas*, becomes quite unsatisfactory. Sir, I do not know why a set of officers, called the Revenue Supervisors, must still exist in the department. Now every Tahsildar, Head Accountant and Proverticar is expected to be trained in survey and I do not find the necessity for having the Revenue Supervisors in each taluk. These officers, to speak of them very mildly, are the creators of village vexations. Every sort of quarrels is created through the medium of Revenue Supervisors and Proverticars and Accountants. I do not know how far the Revenue Supervisors are more competent in rectifying the mistakes in survey and measurements. Cases after cases were reported against the troublesome work done by the Revenue Supervisors and we particularly stressed that their retention is unnecessary since all the mistakes have been rectified by thorough work done by the Assistant Tahsildars some years back. I say these Revenue Supervisors are no more needed in the taluks to help the Land Revenue Department, especially so when there is a Survey Office to check finally all the sketches. There seems to be

[Mr. K. P. Nilakanta Pillai.]

a temporary establishment, which has become more or less permanent. In the pakuthies of Kottarakara, Adur and Kunnattur a temporary staff is given. Who is responsible for the work of this staff? And the administration report of the department for the last year shows that the work they turned out is quite unsatisfactory and how long this staff has to be continued if they go on working like this nobody knows. These are matters which ought to have drawn the attention of the Land Revenue Commissioner. From this temporary staff, whether it is in the Land Revenue Department or Survey Department or any other department, the Commissioner has not exacted as much work as he ought to. A vague laxity of work is being exhibited by the temporary staff of the department. How long are we to continue the staff for completing their work of a sub-division of the taluks of Kunnattur and Kottarakara? So in several ways the administration of the department is very unsatisfactory. With these few words I take my seat.

Mr. K. K. Thomas: Sir, I wish to add a few words and, in doing so, I would emphasise the importance of the Government's attention being drawn towards the enhancement of the prices of our staple commodities. Sir, no other Government, under the existing conditions, would have allowed things to drift till we came to this fuss. Some serious efforts should be made to get out of the present impasse. Mr. Arumukham Pillai has made out a good case to show that the tax on the Nanjinad wet lands is much above what can reasonably be claimed by the department on general principles of taxes. In the case of garden wet lands, also the value of the main commodities has gone down by 75 per cent. and I need not labour that point very much. In America or Great Britain, we find in the course of two years the depression has turned the corner. Why, in our State alone no effort, no serious effort, has been made? I wonder, if the reports would be able to show anything that the Government has attempted either alone or in company with non-officials to raise the prices of the main commodities of this country. We had a large market in British India. Ceylon Government, five years ago, has been sending its representatives all over the country to find out markets for her own commodities and the result is that she had been able to oust the Travancore products from our markets at Karachi and Bombay. What have we done to reinstate ourselves in these markets? We have got an Industrial Department and I feel that the advertisements or the efforts made in that direction to capture the markets in Northern India has been of very little avail. Such being the case, I would earnestly request the Government to try their very best to increase the value of the commodities, without

which, Government themselves will come to a standstill before the next year is out.

With regard to the tax, though one may say it is very necessary to have some reduction, I do not know if Government or the whole House would be prepared to support a reduction of 50 per cent. of tax of all kinds, that is on wet lands and dry lands. That will create an impasse I would earnestly press for the attention of the Government that something substantial has to be done in this matter of reduction of taxes, though not 50%.

Mr. K. George : Sir, several topics have been discussed in the House today. And I have hardly time to cover all the points that have been raised ; but the one common topic in all the speeches was the question of remission of land revenue. It has been suggested that the Government should, in view of the prevailing economic distress in the country, give a 50 per cent reduction in the tax. The Government certainly admit that the ryots have been hard hit by the economic depression. The prices of staple commodities have fallen considerably and it cannot be denied and it is foolish to deny that the ryots have been seriously hit. There are however some aspects of the matter which this House does not appear to have considered. I want the House to seriously consider whether the reduction of 50 per cent. of land revenue which, by the way, is the only stable source of income to Government would not practically paralyse the financial administration of the State. The loss to the State, I mean, the loss of income to the State would be about 17 or 18 lakhs of rupees. No doubt if it was only a matter of temporary relief which need not again be resorted to, then perhaps even a 50 per cent. reduction might not produce any alarming situation.

Sir, we have to remember that apparently the economic depression is not a thing which is going to pass away in the near future. Therefore, we have to think seriously whether it is practicable to surrender such a large sum of money as 18 lakhs of rupees this year to be followed by a remission of the same amount during the succeeding years. Mr. Arumukham Pillai presented a lurid picture of the condition of the Nanjinad ryots. He stated that land tax is heavy and that Nanjinad is more heavily taxed than other parts of the State. I do not agree with his view that land tax in Travancore is excessive. It may be conceded that the tax in Nanjinad is somewhat high, but I can boldly say that, so far as other parts of the State are concerned, the land tax is considerably light.

Mr. M. N. Paramesvaran Pillai: May I know from the member what is the average income of an individual in Travancore according to the last Census Report?

Mr. K. George : I am unable to say just now.

Mr. A. N. Visvanatha Pillai : തിരുവിതാംകൂറിലെ തെങ്ങുകൃഷിക്കാർ മത്സരിക്കേണ്ടിവരുന്ന സിലോണിൽ ഭൂനികുതിയില്ലെന്നറിയാമോ?

Mr. K. George : We are talking of Travancore. We need not go to Ceylon but we can compare with Cochin.

Mr. P. Padmanabhan Tampi : A point of order, Sir. When the member is talking about tax, is he not bound to explain about the average tax per head of population? Can he evade the answer and say that he had no sufficient material?

Mr. K. George : I can answer that. But just now I have not the time.

Chairman : You cannot compel him to answer.

Mr. K. George : Another point that I would urge in this connection is that the remission of this tax will not afford any substantial benefit to the tax-payer because, as I had occasion to state in this House last year.........

Mr. Tariatu Kunjitomman : റബ്ബർ കൃഷിചെയ്തിട്ടുള്ള ഭൂമികളിലെ കരം കുറച്ചിട്ടുണ്ടെന്നു ഒരു മെമ്പർ പറയുകയുണ്ടായി. എല്ലാം റബ്ബർകൃഷിസ്ഥലങ്ങളെ സംബന്ധിച്ചും അതു വാസ്തവമാണോ? പുതുവൽപതിച്ചിട്ടുള്ള ഭൂമികളിലെ കരമല്ലാതെ കുറച്ചിട്ടുണ്ടോ?

Mr. K. George : Sir, by the disturbances, I am sorry, I lose the head of my argument.

Mr. M. N. Paramesvaran Pillai : A point of order Sir. Can the member say that another member's question is disturbance?

Mr. K. George : I mean interruptions, Sir.

I was saying, Sir, that no substantial benefit would come to a tax-payer by this remission of land tax. As I said on a previous occasion 55 per cent. of the agriculturists in Travancore pay less than a rupee as tax and by the remission they would get about 8 annas a year. 32 per cent. pay only between 1 rupee and 5 rupees. The maximum remission they would get is only Rs. 2 1/2. It is only the rest that would substantially be benefited by this remission. And they are persons, I think, who can really afford to pay the land tax.

Mr. A. N. Visvanatha Pillai : അങ്ങനെയാണെങ്കിൽ, ഗവൺമെൻറിനു സഹിക്കേണ്ടിവരുന്നതു്, മുതലെടുപ്പിനോടു താരതമ്യപ്പെടുത്തിയാൽ ഏററവും തുച്ഛമായ ഒരു തുകയല്ലേ?

Mr. K. George : No, it is not. It is a very substantial part of the Government revenue.

What is needed is not a mere remission of tax which could not really substantially benefit the tax-payer but something more. That is to say, even if you give half a rupee or one rupee, or two rupees or five rupees that will not really improve the present economic position of the ryot. What he really wants is a rehabilitation of his economic position. This petty remission will not attain that end. So, I quite agree with Mr. Piraviperumal Pillai's view that it is the duty of Government to do something to really benefit the ryots in the direction of re-establishing the economic prosperity.

Mr. M. N. Paramesvaran Pillai : May I know what the member has in view by way of doing something?

Mr. K. George : The Dewan proposes, soon after the present session of the House is over, to take up the question and to have a preliminary discussion with his officers in regard to the general question of improving the economic position of the ryot. Along with that he proposes to consider what are the immediate relief measures to be taken to help the ryots in their present condition. For instance, besides the tax there are certain small charges recovered from defaulting ryots such as demand notice fees, attachment notice fees and so on. It is proposed to consider whether some reductions cannot be made in these fees. Along with the question of immediate relief, will be considered also the larger and important question of the measures that should be adopted to restore the economic prosperity of the people. I think with that assurance...

Mr. A. N. Visvanatha Pillai: ഇതാലോചിക്കുന്നതിനു കഴിഞ്ഞകൊല്ലം ഈ സഭ കഴിഞ്ഞതിനുശേഷം ഇതുവരെ സമയം ഉണ്ടായിട്ടില്ലല്ലോ.

Mr. K. George : I need not answer that.

Mr. M. N. Paramesvaran Pillai : May I know from the member what he has to say about the statements contained in paragraph 6 of the Financial Secretary's speech?

Chairman : You cannot make a speech.

Mr. K. George : The honourable member means, I think that in fixing the figures under certain heads of revenue he took

[Mr. K. George.]

into account the effect of the economic depression on the receipts under these heads. That is what I understand from the Financial Secretary's speech.

Now, I should like to refer to some of the other topics raised in the course of the debate. One is about the publication of notices of revenue sales in the Government Gazette. I may inform the House that the matter is engaging the attention of the Government and they propose to reconsider the matter. Mr. Kunjitommen and Mr. K. P. Nilacanta Pillai spoke very strongly about the misappropriation of public revenue. Sir, one factor which facilitates these misappropriations is the fact that the public of the State pay their taxes to the Proverticars without getting any receipts from them.

Mr. K. P. Nilakanta Pillai: May I know whether, even if a duplicate is preserved for every receipt given by the Proverticar, misappropriations will occur?

Mr. K. George: The Proverticars sometimes get hold of printed receipt forms out of unused receipt books. Sometimes manuscript receipts are issued and these are accepted by the public without question. In such cases, it becomes possible to misappropriate the amount received. And it is not always possible for the *Jamabandy* officers to detect these frauds because the *Nalvazhi* will invariably agree with the counterfoils of the receipts.

It is a fact that recently several misappropriations have come to the notice of the authorities. In every detected case the delinquents have been severely punished by suspension and sometimes by prosecution also.

Mr. V. S. Arumukham Pillai: May I know whether the Government are going to grant us some concession by way of some remission of land tax.

Mr. K. George: Since I have no time, I may pass on to other topics.

With regard to Jenmikaram Settlement, Mr. Narayana Aiyar mentioned some difficulty in the fixation of values of customary dues. According to the Regulation in valuing any customary dues payable in kind, the commutation price specified in the *Kanapattom* document or the local customary rate whichever is less has to be adopted. Section 46 of the Regulation does not apply to the commutation of customary dues as these are governed by a specific section in the Regulation. That section deals only with the commutation of the price of commodities which constitute the *michavaram*. The member is also not correct when he says that the settlement officers must fix the *Jenmikaram* for lands described as

Pandarapattam wrongly in the Settlement Registers. The Jenmikaram officers cannot correct Settlement mistakes. It is the duty of the parties to apply to Government for such corrections. The Jenmikaram Settlement Officer cannot alter the tenure of the lands as shown in the Settlement Register.

Mr. Narayana Menon spoke about agricultural loans. He said that about 1300 applications were refused last year and that, although extension of time is given, penalty is recovered by the department. If that is the case it is clearly a mistake. Penalty is not recoverable if extension of time is given, and the party pays within the extended time. Then as regards the number of applications which have been refused it is mainly due to the fact that the properties offered as security are heavily encumbered. In some cases applications had to be refused for want of funds. But last year I was able to supply additional funds to some of the taluks.

Then one member suggested that the rate of interest on agricultural loans should be reduced. That is a subject which would be considered in the forthcoming conference. Then, as regards Mr. Piraviperumal Pillai's criticism regarding the appropriation of the receipts for markets, Sir, it is a fact that we have not been able to spend the whole amount collected every year under the Markets Regulation. But the figures quoted by him are not quite all the amounts that we have spent. There will be some expenditure for improvement of markets and acquisition of lands in the Public Works budget. All the same I admit that we have not been able to spend as much money as we have collected.

Mr. V. S. Arumukham Pillai : May I know from the member whether he can assure us that some remission at least in land tax would be given to the ryots ?

Mr. K. George : I have said that it will be considered by Government.

Mr. V. S Arumukham Pillai: In view of what the Land Revenue Commissioner has said, I beg permission to withdraw the motion.

Mr. M. N. Paramesvaran Pillai : Sir, I oppose the withdrawal.

Then the motion was put to vote and lost.

Mr. M. N. Paramesvaran Pillai : Sir, I demand a poll.

A poll was taken and the House divided as follows:—

Chairman: I put the Demand VI—Land Revenue—for Rs. 9,30,506.

The grant was made.

DEMAND VII—TAXES ON INCOME.

Mr. K. George: Sir, I now move for a grant of Rs. 22,151 under Demand VII—Taxes on Income.

Mr. M. N. Paramesvaran Pillai: Sir, it is stated by the Financial Secretary in his budget speech that there are reasons to believe that there is some leakage of revenue owing to the inadequacy of the existing assessing agency. And on this ground he makes provision in the next year's budget for the creation of two full-time Collectors, evidently to take the place of the old Income-Tax Inspectors, abolished by the Council. We thought that in this matter the Financial Secretary would take us more into his confidence by fully divulging the reasons which weighed with him to propose the creation of these places. A perusal of the administration report of the Income-Tax Department for the year 1108 would convince any one that the abnormal fall in revenue under Income-Tax has been due mainly to the intensity of the prevailing

economic depression. It is stated that all the Divisions except Trivandrum show a substantial fall. In Trivandrum there cannot be much fall, because the major portion of the revenue under this head is realised from officers and so long as their pay is not reduced, the revenue is safe. But in other places, owing to the heavy fall of prices and the slump in trade, the receipt has fallen and is bound to go down year after year. The assessees are also steadily declining in number. The number has come down from 2736 in 1106 to 2595 in 1107 and 2397 in 1108. Unless the financial conditions of the people are improved there is absolutely no chance of any rise in the revenue under this head. In these circumstances, I do not believe for a moment that the appointment of the newly proposed Income-Tax Collectors is going to improve the situation. But one thing I wish the Income-Tax Commissioner to attend to immediately and that is to place an effective check upon the various Income-Tax Offices. I know, Sir, of numerous instances where people have escaped payment of income-tax by pleasing the clerks in the various Income-Tax Offices, whereas on the other hand those who are miserly enough to keep their purses tight have been caught and forced to pay Income-Tax even though they have no assessable income.

Chairman: Are you speaking for or against the motion?

Mr. M. N. Paramesvaran Pillai: That will depend upon my vote, Sir. I have not yet made up my mind. I hope the Income-Tax Commissioner will not allow this sort of affairs to continue any longer in his department.

Mr. H. O L. Marikar: I oppose the motion for the only reason that the two offices of Commissioner of Income-Tax and Commissioner of Land Revenue are held by one and the same person; for income-tax is based on one principle and the land revenue is based on another principle. One is just and the other is unjust. I cannot say at once whether the income-tax or the land tax is just. They stand as follows. If I have got forty thousand rupees in a bank as fixed deposit at 4½ per cent. interest I get 1,800 rupees a year or Rs. 150 a month. When the Income-Tax Commissioner comes, I can show my account and need pay no tax. My capital and income are safe. I can spend in the 365 days in the year an idle life. On the other hand if I own a piece of land, say 10 or 100 acres, of this value and cultivate and toil day in and day out with any sort of garden produce, say cocoanut palms, the land will give an income only after 10 years. But the Land Revenue Commissioner will come every year and will take a slice of land for tax, irrespectively, whether I get a profit for my investment or not. Thus in 10 or 15 years he will take away my whole land. The principle of levying income-tax is quite different from

[Mr. H. O. L. Marikar.]

that of land tax. In the matter of land tax we have to pay tax out of capital, until the land comes to yielding stage and even if the yield does not cover the maintenance cost, which is unjust. I do not say income tax is just to the tax-payer, for the rest of us pay nothing to Government if our income does not amount to Rs. 2,000. I say the land tax is unjust, for the Government take away our lands as tax in the course of 15 or 20 years. Hence the collection of these two taxes should be based on one principle. Then alone it will be equitable.

Mr. J. John Kattakayam: ആദായനികുതി ഈടാക്കുന്നതിനു ചുമതലപ്പെട്ടിട്ടുള്ള ആളുകൾ നാട്ടിൻപുറങ്ങളിലും മററും താമസിക്കുന്ന വ്യക്തികളെ വളരെ ഉപദ്രവിക്കുന്നുണ്ട്. സാധാരണന്മാരാണ് ഇന്നാർക്ക് ആദായമുണ്ട്, ഇന്നാർക്ക് ആദായമില്ല എന്നു നിശ്ചയിച്ചു പട്ടിക കൊടുക്കേണ്ടതു. പ്രവൃത്തിയാരന്മാർ ആ വിവരം താലൂക്കിലേക്കെഴുതും. താലൂക്കുകളിൽനിന്നും അതു പല സ്ഥലങ്ങളിലേക്കു പോകുന്നു. താലൂക്കിലുള്ള തഹശീൽദാരന്മാർക്കോ, പാർവ്വത്യക്കാരന്മാർക്കോ ഏതെങ്കിലും വ്യക്തികളോട് എന്തെങ്കിലും വിരോധമുണ്ടെങ്കിൽ ഉടനെ അവർ ആ വ്യക്തിയുടെ പേരിൽ ആദായനികുതികേസെടുക്കും. നമ്മുടെ ആളുകളുടെ ഇടയിൽ കണക്കു വയ്ക്കുന്ന പതിവു വളരെ ചുരുക്കമാണ്. ഒരു കേസു ഒരാളിന്റെ പേരിൽ എടുത്തതിനെപ്പററി പുനർവിചാരണ ചെയ്യുന്നതിന് അന്നത്തെ ലാൻറുറവന്യൂ കമ്മീഷണരായിരുന്ന മി. റാബിൻസന്റെ അടുക്കൽ ചെന്നപ്പോൾ കണക്കുകൊണ്ടുവാ എന്നാണ് അദ്ദേഹം പറഞ്ഞതു്. നമുക്കെവിടുന്നാണു കണക്ക്? കമ്പനികളോ, അതുപോലെയുള്ള മററു സ്ഥാപനങ്ങളൊ നടത്തുന്നവർക്കു കണക്കില്ലാതിരിക്കാൻ നിവൃത്തിയില്ല. ഇതു ഞങ്ങളുടെ കുടുംബസ്വത്താണല്ലൊ, പിന്നെന്തിനാണു കണക്കെല്ലാം, എന്നാണു നാട്ടിൻപുറങ്ങളിലുള്ള ജനങ്ങളുടെ വിചാരം.

Mr. Komilezhathu Sankaran: ആദായനികുതി കൊടുക്കുന്നവർതന്നെ, ആദായനികുതി ഇൻസ്പെക്ടരെ കാണിക്കാൻ ഒന്ന്, വാസ്തവത്തിലുള്ളതൊന്ന്, ഇങ്ങനെ രണ്ടുതരത്തിലുള്ള കണക്കു കാണിക്കാറില്ലേ?

Mr. J. John Kattakayam: അതിലേക്കു ഞാൻ വരുന്നുണ്ട്. ഈ കാരണത്താൽ ജനങ്ങൾക്കു വളരെ ഉപദ്രവം നേരിടുന്നു. താലൂക്കുദ്യോഗസ്ഥന്മാരുമായി പിണങ്ങാതെ, അവിടത്തെ ക്ലാർക്കന്മാരെയോ മററൊ ശരിയായ കാഴ്ചവച്ചുകണ്ടാൽ കാര്യങ്ങളൊക്കെ ശരിപ്പെടുത്താം. അതല്ലെങ്കിൽ തഹശീൽദാരന്മാരെ കണ്ടാലും വലിയ വിഷമങ്ങളൊന്നും

നേരിടുകയില്ല. നേരെമറിച്ച് എതിർത്തുനിന്നാൽ, ഇവിടെനിന്നും തീർച്ചചെയ്തുപോകുന്ന നോട്ടിൽ അങ്ങേഅറ്റംവരെ yes, yes, yes, yes, തന്നെ. നമ്മോടുകൂടിവിരോധമുള്ള താലൂക്കുദ്യോഗസ്ഥൻ നമുക്ക് എതിരായി ഒരു തീർച്ചചെയ്താൽ അതിന്മേൽ അപ്പീൽ ബോധിപ്പിച്ചാൽ അവിടെയുള്ള ക്ലാർക്കുകൾ ഇടുന്ന നോട്ടനുസരിച്ചാണ് അധികൃതന്മാർ തീർച്ചകല്പിക്കുക എന്നതു് സർവ്വസാധാരണമാണ്. ന്യായാന്യായങ്ങളൊന്നുംതന്നെ ചിന്തിക്കാതെ നോട്ടിൽ പറയുന്നതനുസരിച്ച് yes ഇട്ടുപോകും. അതുകൊണ്ടു് ഇങ്ങനെയുള്ള അബദ്ധങ്ങളെല്ലാംചെയ്തു ജനങ്ങളെ ഉപദ്രവിക്കാതിരിക്കുവാൻ പ്രത്യേകം ചട്ടംകെട്ടണം.

എത്ര ആദായമുണ്ടായിരുന്നാലും ആദായനികുതികൊടുക്കുന്നതിൽ നിന്നും ഒഴിയുവാൻ വേറെ ഒരു പണിയുണ്ടു്. രജിസ്റ്റർ ആധാരപ്രകാരമുള്ളതും മറ്റു പ്രത്യക്ഷത്തിൽ ആദായമുണ്ടെന്നു തോന്നുന്നതുമായ കാര്യങ്ങൾക്കുമാത്രം ആദായനികുതികൊടുത്താൽ മതിയാകും. മറ്റു കാര്യങ്ങൾക്കൊക്കട്ടെ, അവയ്ക്കു കിട്ടുന്ന ആദായത്തിന്റെ യാതൊരുകണക്കും പുറത്തുവരാതിരിക്കുന്നതിനു ആദായനികുതിപട്ടിക തയ്യാറാക്കാൻ ചുമതലപ്പെട്ട ഉദ്യോഗസ്ഥന്മാർക്കു കൈക്കൂലികൊടുത്താൽ മതിയാകുന്നതാണ്. ൪൮൦ രൂപയിൽ കൂടുതൽ ആദായമുള്ളവരോടുകൂടി ആദായനികുതി ഈടാക്കുന്നതിനും നികുതിചോർന്നുപോകാതിരിക്കുന്നതിനും മറ്റും റവന്യൂകമ്മീഷണർതന്റെ ദൃഷ്ടിപതിക്കുമെന്നു വിശ്വസിക്കുന്നു.

Mr. S. Piraviperumal Pillai: Sir, I also wish to speak a few words on this demand. This is a demand which, as Mr. George described, is one where our constituency is mostly affected. We have been on the floor of this House, on several occasions, bringing home to Government the way in which merchants are harassed in the matter of assessing income-tax. Sir, from the Financial Secretary's speech this year, as well as the report of the department for the past several years, we may find that trade, on the whole, is not in a flourishing condition. Sir, in the report of the administration for 1105, the Income-Tax Commissioner says as follows:—

> "As already observed, the year 1104 was a very bad year for industry and trade generally. Banking was the only business which thrived. The year 1105 was therefore a very poor year for income-tax; and it is gratifying to note that there was no abnormal fall in the demand and collection".

Then what does he say in 1106? He says:

> "The economic depression which gradually set in from 1104 became keener in 1105; and the big merchants and industrial and commercial firms of the State suffered in consequence. From the conditions prevailing in the State, the fall in income-tax revenue in 1106 was apprehended to be greater".

[Mr. S. Piraviperumal Pillai.]

While that was in 1106, let us see the condition of trade in 1107. In 1107 he says :—

"The economic depression which set in during 1104 continued with unabated vigour in 1106 and, consequently, the business men and firms in the State did not prosper during the year. Since the price of tea fell considerably, the Tea Companies and Estates which contribute substantially to the State revenue also showed very poor returns. The employees of Companies, etc., suffered reduction in their salary All these reasons rendered the year 1107 a poor year for income-tax".

Then let us see, Sir, whether trade has improved in the year 1108. The Income-Tax Commissioner says :—

"The year under report was favourable for mats and matting, cashew-nuts and ilmenite mining. Excepting these, trade conditions were unfavourable and very few business men earned good profits. Depression in the price of tea which began in the previous years became worse in 1107 and consequently the income of tea companies was much less in 1107. All these reasons rendered the year 1108 a poor year for income-tax".

From these it will be seen that, as the Government themselves have stated, in their review, the condition of trade has not been improving and that merchants and traders are in a very bad condition. Now the Financial Secretary, in the course of the speech, says that there has been a leakage under income-tax and he has not stated what the reasons are. He says that the revenue from that source has not shown any substantial improvement. How can it, I ask? During the past four or five years we find that traders, particularly, are in a great difficulty and they have been making actually no profit at all. Perhaps a question may be asked, if they are not making any profit, how is it that they are assessed to income-tax. Sir, it is a matter of common knowledge that traders, like vakils, have to put on appearances. Unless we put on appearances, our condition will be a very precarious one. For these and other reasons we cannot bring our accounts to light. Consequently, Sir, these officers of the department assess income-tax in any manner they please, and we have been yielding to it, year after year, and paying it, and that accounts to the fact that we have been taxed, though we have been making no profit at all. Well, in the next year we find that two Income-Tax Collectors are to be appointed. What is it for? To harass us more, Sir. And then let us see what, after all, is the income under income-tax that the Government is anticipating for the next year. After all an income of Rs. 10,000. The revised estimate for 1109 shows Rs. 4,40,000. The budget estimate for 1110 shows Rs. 4,50,000 ; and therefore the amount that is being anticipated to be collected by these two collectors is only Rs. 10,000. And for that, we have to incur an expenditure of Rs. 5,000. Rs. 5,000 we spend to collect another Rs. 5,000. I prophesy, Sir, that it is not this amount that is to be

the increase in the next year but something much more. As we know that these collectors are to be only temporary now, in order to justify their continuance I am sure they will fleece us. Let us wait and see.

Mr. M N Narayana Menon: ഞാനും ഇതിൽ അനുകൂലിക്കുകയാണുചെയ്യുന്നതു്. നമ്മാം ഒരുവശത്തു ഭൂനികുതി ഇളയ്ക്കണമെന്നും ഫീസുകുറയ്ക്കണമെന്നും മററും ആവശ്യപ്പെടുന്നു. ഗവൺമെൻറു് അതിനോടു ചില അനുഭാവങ്ങളെല്ലാം കാണിയ്ക്കുമെന്നു നമ്മെ വിശ്വസിപ്പിച്ചിരിക്കുന്നു. എന്നാൽ അതിൽവച്ചുണ്ടാകുന്ന നികുതിക്കുറവിനെ പരിഹരിക്കുവാനുള്ള ഒരു മാർഗ്ഗംകൂടി നാം കാണിച്ചുകൊടുക്കേണ്ടതാണു്. ആ ഭാഗംകൂടി ആലോചിക്കേണ്ട ഒരു ചുമതല ഈ വശത്തുള്ള നമുക്കുണ്ടു്.

ആദായനികുതി വാസ്തവത്തിൽആദായം ഉള്ളവരുടെ അടുക്കൽ നിന്നും ഈടാക്കേണ്ടതാണു്. ആദായനികുതി ഈടാക്കുവാൻ ചുമതലപ്പെട്ടിട്ടുള്ള ഉദ്യോഗസ്ഥന്മാർവളരെ സ്വഭാവഗുണമുള്ളവരായിരിക്കണം. വാസ്തവത്തിൽ അവർക്കു് ആരോടു വിരോധമുണ്ടോ, അവരുടെ അടുക്കൽ നിന്നൊക്കെ ആദായനികുതി ഈടാക്കുവാൻ അവർക്കു കഴിയും.

Mr. s. Piraviperumal Pillai: ആദായനികുതി കൊടുക്കുന്ന ഉദ്യോഗസ്ഥന്മാർ മാത്രം സ്വഭാവഗുണമുള്ളവരായിരുന്നാൽ മതിയോ?

Mr. M. N. Narayana Menon: ആദായനികുതിയെപ്പററി പറയുമ്പോൾ ആദായനികുതി പിരിക്കുന്ന ഉദ്യോഗസ്ഥന്മാരെപ്പററിയാണു സംസാരിക്കേണ്ടതു്. ഗവൺമെൻറു നിയമിക്കുവാൻ വിചാരിക്കുന്ന ആദായനികുതി കലക്ടരന്മാർ ഏററവും നല്ലവരും വിശ്വാസമുള്ളവരുമായിരിക്കണം. ഇങ്ങനെ നിയമിക്കപ്പെടുന്ന ഈ ഉദ്യോഗസ്ഥന്മാർ അടുത്തകൊല്ലം ഏകദേശം പതിനായിരം രൂപമാത്രമേ ഈ ഇനത്തിൽ പിരിച്ചെടുക്കുവാൻ വിചാരിക്കുന്നുള്ളു എന്നു കാണുന്നു. വാസ്ഥവത്തിൽ അതിനോടു നാം അനുഭാവം കാണിക്കേണ്ടതാണു്. അതുകൊണ്ടാണു ഞാൻ ഇതിനെ അനുകൂലിക്കുന്നതു്. അവർ കൂടുതൽ പിരിയ്ക്കുമെന്നു ഗവൺമെൻറു് ഉദ്ദേശിക്കാത്തതു് ഈ സാമ്പത്തികാധഃപതനകാലത്തു് ഒരു വലിയ അനുഗ്രഹംതന്നെ.

Mr. Tariatu Kunjitomman: ആദായമുള്ളവരുടെ അടുക്കൽനിന്നും ആദായനികുതി ഈടാക്കേണ്ടതു് ആവശ്യമാണു്. പ്രത്യേകിച്ചും ആദായംകിട്ടിക്കൊണ്ടിരിക്കുന്നവരുടെ അടുക്കൽനിന്നാണല്ലോ ഗവൺമെൻറു് നികുതി ഈടാക്കുവാൻ ശ്രമിക്കേണ്ടതു്. എന്നാൽ അധികൃത

Mr. N. K. Mr. K. K. Thomas: ഇപ്പോഴത്തെ സാമ്പത്തികാധഃപതനം തീരുന്നതുവരെ എങ്കിലും ഈ രീതിയിലുള്ള ആദായനികുതി ഈടാക്കണമെന്നാണോ പറയുന്നതു്. അതോ, സ്ഥിരമായിട്ടുവേണമെന്നോ?

Mr. N. K. Padmanabha Pillai: സ്ഥിരമായിട്ടുതന്നെവേണം. ഈ അവസരത്തിൽ എനിക്കു ഒരു കാര്യംകൂടി പറവാനുണ്ട്. ഓരോസംഗതിക്കും ഓരോ ഡിപ്പാർട്ടുമെൻറും സ്വീകരിച്ചുവരുന്നനയത്തെപ്പററി ഗവണ്മെൻറിനെ പലപ്പോഴും അപലപിക്കാറുണ്ടല്ലോ. ഭൂനികുതിയും ആദായനികുതിയുംകൂടി പിരിക്കുന്നതിന് ഇപ്പോൾ ഒരുലാൻറു റവന്യൂകമ്മീഷണരും പേഷ്കാരന്മാരും അസിസ്റ്റൻറു പേഷ്കാരന്മാരും തഹശീൽദാരന്മാരും പ്രവൃത്തിയാരന്മാരും മററും ഉണ്ട്. അവർക്കു മററു പല ജോലികളും ചെയ്യേണ്ടതായിട്ടുണ്ട്. അതുകൊണ്ട് ആദായനികുതിപിരിക്കുവാൻ പ്രത്യേകം ഉദ്യോഗസ്ഥന്മാരെത്തന്നെ വച്ചിരുന്നാൽ കൊള്ളാം. അങ്ങനെ ചെയ്താൽ മററുള്ളവരുടെ ജോലികളും ശരിയായിനടന്നുകൊള്ളും. പോരെങ്കിൽ ഇന്നാൾക്കു ഇത്ര രൂപാ ആദായം കിട്ടുന്നുണ്ട്, ഇന്നാൾക്കില്ലയൊ എന്നുള്ളതു സൂക്ഷ്മമായി അറിയുന്നതിനും സാധിക്കും. അതുകൊണ്ട് ഈ ഡിപ്പാർട്ടുമെൻറു പ്രത്യേകം തിരിക്കുന്നതു നന്നായിരിക്കും. ഇപ്പോൾ പ്രവൃത്തിയാരന്മാരും മററും പറയുന്നരീതി അനുസരിച്ചാണ് ആദായമുള്ള ആളുകളെ കണ്ടുപിടിക്കുന്നതെന്ന് എൻെറ സ്നേഹിതൻ പറയുകയുണ്ടായി. അതുകൊണ്ടുള്ള ന്യൂനതകളും ഒരു പ്രത്യേകഡിപ്പാർട്ടുമെൻറായി വേർതിരിക്കുന്നപക്ഷം തീർക്കാവുന്നതാണ്.

Mr. P. Padmanabhan Tampi: നാല്പതു രൂപ പ്രതിമാസം കിട്ടുന്ന ആളുകളുടെ പക്കൽനിന്നും ആദായം പിരിക്കുന്നതിന് അവരെ ചുമതലപ്പെടുത്തിയിട്ടുണ്ടോ?

Mr. N. K. Padmanabha Pillai: അതു റഗുലേഷൻ നോക്കിയാൽ അറിയാം.

Mr. A. N. Visvanatha Pillai: ഞാൻ ഈ ഡിമാൻറിനെ എതിർക്കുന്നതു് ആദായനികുതിഇനത്തിൽനിന്നും പിരിക്കേണ്ടിടത്തോളം നികുതി പിരിക്കാത്തതുകൊണ്ടാണ്. സ്റ്റേററിനു പിരിക്കാവുന്നതിൽ എത്രയും ന്യായമായ നികുതിയാണ് ആദായനികുതി. ഭൂമിയിൽനിന്നും കിട്ടുന്ന ആദായം കുറഞ്ഞുപോയിരിക്കുന്നുവെന്നും ഭൂനികുതി ഇളവുചെയ്തുകൊടുക്കണമെന്നും ഒരു ഭാഗത്തുനിന്നു പറയുന്നു. അതിനാൽ ഗവണ്മെൻറു് ആ നികുതി കുറയ്ക്കാവുന്നിടത്തോളം കുറയ്ക്കുകയും ആദായനികുതി പിരിക്കാവുന്നിടത്തോളം പിരിക്കുകയുമാണ് ഈ സന്ദർഭത്തിൽ ചെയ്യേണ്ടതു്. ആദായമുള്ളവരിൽനിന്നും നികുതിപിരിക്കേണ്ടതു ന്യാ-

യമാണ്. അപ്രകാരം കൊടുക്കുവാൻ കഴിയുന്നവർ അതിൽനിന്നൊഴിയുന്നതിനെ നിശ്ചയമായും തടയേണ്ടതുമാണ്. പ്രതിവർഷം രണ്ടായിരംരൂപയ്ക്കുമേൽ ആദായമുള്ളവർമാത്രം ആ നികുതി കൊടുത്താൽമതിയെന്നാണ് ഇപ്പോഴത്തെ വ്യവസ്ഥ. നേരെമറിച്ച് ഒരു കാശുപോലും ആദായം ഇല്ലെന്നു മാത്രമല്ല, വൃക്ഷങ്ങൾ നടുന്നതിനും വളത്തിനും കൃഷിക്കുമായി കടത്തിൽ മുഴുകിക്കിടക്കുന്ന സാധു കർഷകൻ ഭാരിച്ച ഭൂനികുതി കൊടുക്കേണ്ടിയുമിരിക്കുന്നു. ചുരുക്കത്തിൽ ഭൂമിയിൽ കൂടുതലും ആദായത്തിൽ കുറവുമായിട്ടാണ് ഇന്ന് നികുതി ചുമത്തപ്പെട്ടിരിക്കുന്നത്. ഈ സ്ഥിതി മാറേണ്ടതും മാറ്റേണ്ടതുമാണ്. ഇതു ജനക്ഷേമത്തിനും രാജ്യത്തു സമാധാനത്തിനും അത്യാവശ്യമാണ്. അതിനാൽ ജീവിതാവശ്യങ്ങൾക്കു ചിലവു ചുരുങ്ങിയിരിക്കുന്ന ഇക്കാലത്ത് അഞ്ഞൂറുരൂപയ്ക്കുമേൽ ആദായമുള്ളവരിൽനിന്നെങ്കിലും നികുതി പിരിക്കണമെന്നു പറയുന്നത് ഏറ്റവും ന്യായം മാത്രമാണ്.

Mr. P. Padmanabhan Tampi: അഞ്ഞൂറുരൂപയ്ക്കുമേൽ ആദായംകിട്ടുന്നവരുടെപക്കൽനിന്നു ആദായനികുതി ഈടാക്കണമെന്നു വയ്ക്കുന്നപക്ഷം ഡാക്ടറന്മാരും വക്കീലന്മാരും അതിനുവേണ്ടി പാവപ്പെട്ട ആളുകളിൽനിന്നു കൂടുതലായി വാങ്ങിക്കുകയില്ലേ?

Mr. A. N. Visvanatha Pillai: ആദായനികുതി, ആദായമുള്ളവരിൽനിന്നും ഈടാക്കുന്ന ഒരു നികുതിയാണ്. അതിനാൽ അപ്രകാരം ആദായമുള്ളവരിൽനിന്നും അതീടാക്കണമെന്നാണു ഞാൻ പറയുന്നത്. തിരുവിതാംകൂറിലെ സാമ്പത്തികസ്ഥിതി നോക്കുകയാണെങ്കിൽ ഒരാളിന്റെ ശരാശരി വരുമാനം ഏകദേശം രണ്ടണയാണ്.

Mr. M. P. Madhavan Pillai: ഇന്നു പാവപ്പെട്ട ആളുകളിൽനിന്നാണോ ആദായനികുതി ഈടാക്കുന്നത്?

Mr. A. N. Visvanatha Pillai: ഒരിക്കലുമല്ല. നേരെമറിച്ച് ഭൂനികുതി ഈടാക്കിവരുന്നത് ആദായം കിട്ടാത്തവരുടെപക്കൽനിന്നാകുന്നു. ഈ നയം ഒരിക്കലും ശരിയല്ല. നികുതിപിരിക്കേണ്ടവരിൽനിന്നും പിരിക്കാത്ത ഗവണ്മെന്റു ജനങ്ങളെ ക്ഷോഭിപ്പിക്കുന്നതിനാണു ഒരുമ്പെടുന്നതെന്നു തോന്നുന്നു. നികുതികൊടുക്കുവാൻ കഴിയുന്നവനെ വെറുതെവിട്ടിട്ടു കഴിവില്ലാത്തവനെ ദണ്ഡിപ്പിച്ചു നികുതി ഈടാക്കുന്ന ഇന്നത്തെ നില മാന്യമായ നിർവാഹമില്ലെന്നു ഞാൻ ഉറപ്പിച്ചു പറഞ്ഞുകൊള്ളട്ടെ.

Mr. M. N. Paramesvaran Pillai: പ്രതിമാസം നാലായിരംരൂപ മേടിക്കുന്ന ദിവാൻജിക്കു ആദായനികുതി കൊടുക്കേണ്ട എന്നറിയാമോ?

Mr. A. N. Visvanatha Pillai : അതെല്ലാം തെററാണെന്നാണു ഞാൻ പറയുന്നത്. ഇന്നത്തെനിലക്കു സാധുക്കളായ കർഷകൎക്ക് എന്തെങ്കിലും സഹായം ചെയ്തുകൊടുക്കുകയും ആദായമുള്ളവരിൽനിന്നും ആദായം ഈടാക്കുകയും ചെയ്യണമെന്നു ഞാൻ ഒന്നുകൂടി അപേക്ഷിക്കുന്നു. അങ്ങനെ ചെയ്താൽ ഗവൺമെൻറിന് ഒരു വലിയ തുക മിച്ചമുണ്ടാകുന്നതുമാണ്. ഇതുനിമിത്തം മറെറാരു വലിയ ലാഭംകൂടി ഗവൺമെൻറിനു ലഭിക്കും. ൧൧൦൯-ൽ ലാൻറുറവന്യൂ ഡിപ്പാർട്ടുമെൻറിലെ ഭൂനികുതിയായ ൩൬,൭൭,൦൦൦ രൂപ പിരിക്കുന്നതിനു ൧൦,൧൯,൦൦൦ രൂപ ചെലവു വേണ്ടിവന്നു. എന്നാൽ ആദായനികുതിയിനത്തിൽ കിട്ടിയിട്ടുള്ള ൪,൪൦,൦൦൦ രൂപ പിരിക്കുന്നതിനുവേണ്ടി വന്നിട്ടുള്ള ചിലവ് ൧൬,൬൨൮ രൂപ മാത്രമാണ്. ഇതിൽനിന്നും ഭൂനികുതിപിരിക്കുന്നതിനേക്കാൾ തുലോം ലഘുവായ ഒരു ചിലവുകൊണ്ട് ആദായനികുതി പിരിച്ചെടുക്കുവാൻ സാധിക്കുന്നതാണെന്നു തെളിയുന്നു. ഈ വക കാരണങ്ങളാൽ അഞ്ഞൂറുരൂപയ്ക്കുമേൽ ആദായമുള്ളവരുടെപക്കൽനിന്നും നികുതിപിരിച്ചിട്ടു വിളവിനുപകരം കടംകൊള്ളുന്ന സാധു കർഷകരെ സഹായിക്കുവാൻ ഗവൺമെൻറ് ഈ സന്ദൎഭത്തിൽ സന്നദ്ധരാകേണ്ടതാണ്. അപ്രകാരം ചെയ്യുന്നതായാൽ ഭൂനികുതി ഇളവുചെയ്യുന്നതുകൊണ്ടുള്ള കുറവ് ആദായനികുതികൊണ്ടു പരിഹരിക്കപ്പെടാവുന്നതുമാണ്.

Mr. N. K. Padmanabha Pillai : പയണിയർകമ്പനിക്കു വലുതായ ആദായം കിട്ടുന്നതായി അറിയാമോ?

Mr. A. N. Visvanatha Pillai : എന്നു ഞാൻ കേട്ടിട്ടുണ്ട്.

Mr. N. K. Padmanabaha Pillai : അവർ ആദായനികുതി കൊടുക്കുന്നില്ലെന്നറിയാമോ?

Mr. A. N. Visvanatha Pillai : പാടില്ല. ഉദ്യോഗസ്ഥന്മാരുടെ ശ്രമക്കുറവുകൊണ്ടും അഴിമതികൊണ്ടും ആദായനികുതി പിരിക്കുന്നതിൽ ഇന്നു വലുതായ ചോർച്ച സംഭവിക്കുന്നുണ്ട്. അതിനാൽ ഇപ്പോൾ പുതുതായി നിയമിക്കുവാൻപോകുന്ന കളക്ടറന്മാർ എത്രയും വിശ്വസ്ഥന്മാരും സ്വഭാവഗുണവും കാൎയ്യശേഷിയുമുള്ളവരും ആയിരിക്കുവാൻ കമ്മീഷണർ പ്രത്യേകം ശ്രദ്ധിക്കണം.

Mr. Komilezhathu Sankaran : ആ നിയമനത്തിൽ സമുദായപ്രാതിനിധ്യം നോക്കേണ്ടതുണ്ടോ?

Mr. A. N. Visvanatha Pillai : നിശ്ചയമായും വേണ്ട. സമർത്ഥന്മാരും വിശ്വസ്തന്മാരും ആയവരെ ആണ് നിയമിക്കേണ്ടതു. അല്ലാതെ യാതൊരു സമുദായത്തിനും പ്രാതിനിധ്യം സമ്പാദിച്ചുകൊടുക്കുവാനുള്ള ഒന്നായിരിക്കരുത് ആ നിയമനം.

Mr. Komilezhathu Sankaran : ഉദ്യോഗപ്രാതിനിധ്യമില്ലാത്ത ഏതെങ്കിലും സമുദായത്തിൽ ഇപ്പറഞ്ഞ യോഗ്യതയുള്ളവർ ഉണ്ടെങ്കിൽ അവരെ നിയമിക്കുന്നതിനു വിരോധമുണ്ടോ?

Mr. A. N. Visvanatha Pillai: ഒരു വിരോധവുമില്ല.

Mr. K. George : Sir, I have first of all to justify the proposals made in the budget for the appointment of two Income-Tax Collectors. In the first place let me clear a misconception about the proposal. It was said that it is a revival of the posts of Income-Tax Inspectors which were abolished last year, that the old Income-Tax Inspectors and the proposed Collectors are the same officers in different names. This is a misconception. The Income Tax Inspectors are not assessing officers under the Income-Tax Regulation. They were merely a kind of secret service agency who went about collecting information regarding the income of assessees. They had nothing to do in connection with the assessment of income. The Income-Tax Collectors which I propose will be statutory officers empowered to assess incomes and levy income-tax. They are not like the Inspectors who had no such responsibilities. They will be independent within their respective jurisdictions of Assistant Peishkars and Tahsildars, and will assess all incomes of the assessees in those towns, except those of companies. But over their assessment there will be appeals to the Division Peishkars and revisions before the chief revenue authority. The reason which induced me to submit this proposal to Government in the first place is the fact that, although the tax has been in force for the past twelve years, there has been no satisfactory development or improvement in the revenue derived from this source. And secondly, it appeared to me that there was a good deal of leakage from non assessment and under-assessment of incomes. Now, if we look at the figures of the income-tax revenue from 1097 we will find that the income is rather stationary. The only two years during which there was any substantial increase were the years 1104 and 1105 when the income-tax revenue exceeded Rs. 7 lakhs. But in all the other years the income-tax revenue was more or less stationary. I am prepared to concede that the stagnation in recent years is partly due to the economic depression. But I feel that it is also due to the fact that we are not getting all the income that is legitimately due. There is certainly scope for development of this revenue.

The assessing officers now are the Division Peishkars, the Assistant Peishkars and the Tahsildars. The Division Peishkars have a good deal of revenue and miscellaneous work besides magisterial duties to attend to. The Assistant Peishkars are more magisterial officers than Revenue and Income-Tax Officers. It is I believe known to many of the honourble members here that these officers are ove rburdened with their revenue and magisterial duties. They have therefore hardly the time to devote that amount of attention to the income-tax work as the importance of that work demands. What is the result? They have naturally to leave a good deal of this work to their clerks and all the trouble and inconveniences which a few of the honourable members mentioned in the course of their speeches here are due to the fact that the Income-Tax Collectors are not able to exercise adequate supervision over the working of the clerks. During my inspection of the income-tax work of the various collectors' offices, I have come across several cases of under-assessment. In such cases I had to call up the accounts to my office and go through them with the help of my expert staff so that the incomes might be assessed properly. For all these reasons it would be advisable to appoint two Income-Tax Collectors as an experimental measure and see whether there would be any improvement in the assessment and the collection of income-tax in those areas which will come under their jurisdiction. These areas are the towns of Nagercoil and Trivandrum under one Income-Tax Collector and the towns of Alleppey and Quilon under the other officer. The reason why special collectors are proposed only for these four towns is this. Practically more than one-fourth of the entire number of assessees come from these four towns. As regards the actual assessments also these towns account for more than one-third of the revenue.

Mr. M. N. Paramesvaran Pillai: May I know what is the nature of the work these collectors have to do?

Mr. K. George: They will have to do the work which the Tahsildars and the Assistant Peishkars are now doing in the matter of assessment and collection of income-tax in these towns. They will have to assess all incomes exceeding Rs. 2,000. One of our present difficulties is that the Income-Tax Collectors are not generally experts in the Income-Tax law, and they are not also thoroughly conversant with the system of commercial accounts. The officers whom the Government may appoint as Income-Tax Collectors would be well versed both in the law and in accounts.

Mr. Komilezhathu Sankaran : May I know whether the intention of the department is to take these officers from outside ?

Mr. K. George : That is a matter to be considered after the Government have sanctioned the appointments.

Mr. M. N. Paramesvaran Pillai : Is the appointment intended to try to please some people ?

Mr. K. George : The persons who are to be appointed will be specially qualified for the work. There will be less reason in future for any complaint against the clerks, as these officers will be able to exercise efficient supervision over the clerks and they will be men of status and character. This is the justification for the proposal for the appointment of the Income-Tax Collectors.

Now another subject that came up for discussion and which has been touched upon by a few speakers was the question of reducing the limit of income-tax, from Rs. 2,000 to Rs. 500. The proposition is in a way agreeable to the Government. But I have to bring to the notice of this House one fact. In the first place the reduction below Rs. 1,000—Rs. 1,000 is the limit in British India—will hit hard the small employees and the petty merchants. In British India the limit is Rs. 1,000 and I do not know why such a proposition should not be seriously considered by Government and, though I find that the income that we can expect to get is not very substantial, still it is something good.

Mr A. N. Visvanatha Pillai ഇപ്രകാരം ഈടാക്കുന്ന തുക കൊണ്ടു ഭൂനികുതി ൧൦ ശതമാനം കുറയ്ക്കുന്ന പക്ഷം വരുന്ന നികുതികുറവിനെ പരിഹരിക്കാൻ സാധിക്കുകയില്ലയൊ?

Mr. K George : Far from it.

Mr A. N. Visvanatha Pillai : രണ്ടായിരം രൂപയ്ക്കുമേൽ ആദായമുള്ളവരുടെ പക്കൽ നിന്നുമാത്രം ആദായനികുതി ഈടാക്കുന്നതിനേക്കാൾ കൂടുതൽ തുക അഞ്ഞൂറു രൂപയ്ക്കുമേൽ ആദായം കിട്ടുന്നവർക്കു കൂടി ആദായനികുതി ചുമത്തിയാൽ കിട്ടുകയില്ലയോ?

Mr. K. George : Statistics have been collected from all the taluks and I find that the income will not be very substantial although we may get something like a lakh of rupees.

Mr. M. N. Paramesvaran Pillai : Is there any objection in abolishing the land-tax altogether and substituting the income-tax ?

Mr. K. George : That is too large a scheme to consider at present.

It is a suggestion to revolutionise our whole fiscal system and, I think, it is not within the range of practical politics in the near future.

Then one point was mentioned in the course of the discussion about the malpractice of clerks in issuing notices indiscriminately. It is to obviate that practice that I have made the present proposal to appoint special Income-Tax Collectors who would look into the work of clerks.

Mr. M. N. Paramesvaran Pillai: May I know, Sir, whether there is a practice of assessing the people based on rumours?

Mr. K. George: No. The law does not allow that. The practice is for the taluk people to get from the Proverticars a statement of likely assessees, showing their annual income, and to issue D notices to persons whose income is Rs. 2000 or more.

Mr. M. N. Narayana Menon: ശരിയായ കണക്കുവയ്ക്കുന്നില്ല എന്നുള്ള കാരണത്താൽ മാത്രം ആദായനികുതി ചുമത്താമോ?

Mr. K. George: Well, necessarily they have to make private enquiries.

The Income Tax Officers are in such cases obliged to assess on some basis. They make confidential enquiries and make assessments on the basis of these enquiries, and the parties have the right to produce their accounts and challenge the decisions of the Collectors.

Mr. M. N. Paramesvaran Pillai: May I know from the member who examines the account books at present?

Mr. K. George: In ordinary cases the accounts are examined in the Collector's Office by the Income-Tax clerk but, in the case of important assessees, the auditor attached to the Income-tax Commissioner's Office is deputed to audit the accounts. We do not discredit accounts indiscriminately but there are many cases in which the accounts cannot be relied on. I mean to say, they are maintained neither on the commercial basis nor on the cash basis. In many cases no correct capital account would be kept. So that Income-Tax officers naturally have to exercise some discretion in this matter and there is the remedy, that is, the assessees can appeal to the Commissioner in the case of over-assessment or wrong assessment.

Mr. M. N. Paramesvaran Pillai: May I know whether frequent transfers of these clerks would affect the right working of the department?

Mr. K. George: I don't think so. If a new man comes, probably, he may not know who ought to be taxed and who are liable to pay. The transfer of clerks might not also result in any advantage to the assessees, because although it might be said by the assessees that the officers do not exercise adequate supervision, at any rate they do exercise a fair amount of supervision and the substitution of one clerk by another will not make any change.

Mr. M. N. Paramesvaran Pillai: May I know, in the case of assessment based on confidential enquiries made by the Proverthicar, if there is any necessity to look to personal considerations?

Mr. K. George: Yes, I have recently noticed that too many C and D notices are issued in some taluks.

Chairman: Mr. Paramesvaran Pillai, do you press the motion?

Mr. M. N. Paramesvaran Pillai: Sir, after all there is no motion.

Chairman: I put Demand VII—Taxes on Income for Rs. 22,151.

The grant was made.

DEMAND VIII—EXCISE DEPARTMENT.

Mr. C. O. Madhavan (*Excise Commissioner*): Sir, I move for a grant of Rs. 5,96,650 under Demand VIII—Excise Department.

Mr. V. S. Arumukham Pillai: Sir, I move for the total ommission of the allotment of Rs. 5,96,650 under Demand VIII—Excise Department. In doing so, my object is to point out to the Government certain existing defects in the working of the department and to suggest my remedies for the same. Sir, the Excise Deparment is one of the foremost of the revenue yielding departments. The revenue of Rs. 116 lakhs is derived from Customs Houses—71 in number, salt and tobacco 7 in number, salt factories 11 in number and excise ranges 38 in number. Now the revenue realised from salt factories, bank-shalls and excise ranges admits of being controlled and checked in the ordinary course of inspection by supervising officers, but in the case of customs, it is not so. For in the case of customs, the revenue once lost is lost for ever. There is no effective audit with regard to the customs and it is very urgent that there must be effective auditing instituted with regard to the revenue of the customs houses. Now, the revenue is realised from the customs house in the shape of duties on various items of exports

and imports. The only audit which the department can now boast of is the audit of the Account Office. Now, it is admitted on all hands that the outside audit branch of the Account Office can audit only a few customs houses and the rest of the customs houses are being inspected in the ordinary course of inspection by the Assistant Excise Commissioners called the Division Officers, once in three months. When one of the honourable members of this House asked the Excise Commissioner whether the Account Officer audited more than six customs houses he was not able to answer him. He may not be able to remember the exact number, but he is expected to say that out of 71 not more than six had been inspected.

Chairman: The Council will now adjourn and meet again tomorrow at 11 of the clock.

The Council adjourned at 5-30 P. M.

PROCEEDINGS

of

THE TRAVANCORE SRI CHITRA STATE COUNCIL.

(*OFFICIAL REPORT.*)

FIRST COUNCIL.

VOLUME III.—NUMBER 5.

THIRD SESSION—1109/1934.

Tuesday, the 14th August 1934/30th Karkatakam 1109.

The Council reassembled in the Victoria Jubilee Town Hall at eleven o' clock in the fore-noon, with the President, Khan Bahadur Sir Muhammad Habibullah Sahib Bahadur K. C. S. I., K. C. I. E. Kt., Ll. D., in the Chair.

Member Sworn.

Rao Bahadur N. Ramanuja Aiyangar, B. A., Commissioner of Police, took the oath and signed the rolls.

QUESTIONS AND ANSWERS.

Renewal of licenses to drive motor vehicles.

45. ***Mr. S. Piraviperumal Pillai** (*Commerce and Industry, South*): Will the Government be pleased to state whether it is incumbent upon persons who obtain licences to drive motor vehicles to renew them automatically year after year ?

G. P. T. 190. 350. 15-3-'10.

Rao Bahadur N. Ramanuja Aiyangar (*Commissioner of Police*) : Yes.

Mr. S. Piraviperumal Pillai : May I know from the member whether those who have obtained driving licences and who do not wish to drive their vehicles have to renew them automatically at the expiry of the year ?

Rao Bahadur N. Ramanuja Aiyangar : Not necessarily. If they wish to keep their licences going, they have to renew them. If they do not renew their licences at the end of the year but at any later date, they will have to pay fees for a fresh licence.

Mr. S. Piraviperumal Pillai : May I know from the member what the fee for a fresh licence is ?

Rao Bahadur N. Ramanuja Aiyangar : Five rupees, I think.

Mr. K. P. Nilakanta Pillai (*Chirayinkil* cum *Nedumangad*) : May I know from the member what action is taken when a second application is made for the licence, in regard to the period during which the cars were driven without a licence ?

Rao Bahadur N. Ramanuja Aiyangar : Persons caught driving cars without a licence will be prosecuted.

Mr. K. P. Nilakanta Pillai : Apart from the prosecution, may I know what action has been taken towards realising the revenue due to Government ?

Rao Bahadur N. Ramanuja Aiyangar : If a man does not renew his licence, there is no revenue at all.

Mr. K. P. Nilakanta Pillai : May I know Sir, whether the reduction of revenue from licence fee from motor vehicles which is persistent during the last six years has anything to do with the licensing system of the department ?

Rao Bahadur N. Ramanuja Aiyangar : I do not think so.

Board for better control of motor traffic.

46. ***Mr. S. Piraviperumal Pillai** : Will the Government be pleased to state the action taken by them on the recommendation of the Banking Enquiry Committee regarding the formation of a board for the better and efficient control of motor traffic ?

Rao Bahadur N. Ramanuja Aiyangar : Government have ordered that, in view of the formation of a separate Traffic Branch in the Police Department for the control of motor traffic, the formation of a board, as recommended by the Banking Enquiry Committee, is not called for at present.

Levy of tax on British Indian cars entering Travancore territory.

47. ***Mr. V. S. Arumukham Pillai** (*Tovala* cum *Agastisvaram*) : Will the Government be pleased to state whether cars registered in British India entering into Travancore pay tax similar to that paid by cars from Travancore before entering British Indian territories ?

Rao Bahadur N. Ramanuja Aiyangar : No.

Mr. V. S. Arumukham Pillai : May I know from the member whether it is possible for us to tax British Indian cars when they enter Travancore territory ?

Rao Bahadur N. Ramanuja Aiyangar : It is not impossible.

Mr. V. S. Arumukham Pillai : May I know from the member whether it is not advisable for the Government—

President : That is asking for opinion.

Visits of the Excise Commissioner to Cochin on official business.

48. ***Mr. M. N. Paramesvaran Pillai**(*Municipal Councils*) : Will the Government be pleased to state :

(*a*) how many times a year has the Excise Commissioner to go to Cochin in connection with official business ;

(*b*) the number of times he has gone to Cochin on busienss in 1108 and in 1109 up to the end of Idavom ;

(*c*) the amount of T. A. he got for each trip to Cochin and back ;

(*d*) how many times he has gone on inspection tour to North Travancore during 1108 and in 1109 up to the end of Idavom; and

(*e*) whether such tours are arranged along with the programme of visits to Cochin or whether they are undertaken separately ; and if undertaken separately, whether there are any special reasons in doing so ?

Mr. C. O. Madhavan (*Excise Commissioner*) : (*a*) It is not possible to state the exact number of times the Excise Commissioner has to go to Cochin on official business. That will depend upon the number of meetings of the Cochin Port Conservancy Board held in each year.

(*b*) 10 times in 1108 and 9 times in 1109 up to the end of Idavom.

(*c*) The information is not available, as trips are not always undertaken merely to Cochin and back and as travelling allowance is not calculated separately for such trips.

[Mr. C. O. Madhavan.]

(*d*) The number of purely inspection tours to Quilon and other places to the north was 4 in 1108 and 5 in 1109 up to the end of Idavom. During 7 trips in 1108 and 7 trips in 1109 to Cochin, inspection and other works were also undertaken.

(*e*) Tours of inspection to places on the way to Cochin are, as far as possible, arranged along with the trips to Cochin.

Refusal of Government authorities to accept Sirkar coins.

49. ***Mr. G. Narayana Aiyar** (*Kunnatnad* cum *Parur*): Will the Government be pleased to state whether it is a fact that the Government authorities at the salt depot at Munambom invariably refuse to accept Travancore Government coins from the merchants when tendered as the price of salt purchased?

Mr. C. O. Madhavan: Government have no information.

Mr. G. Narayana Aiyar: May I know from the member whether British Indian one anna nickel coins and other copper coins are accepted in Government Treasuries as legal tender?

Mr. C. O. Madhavan: Sir, I do not think that that arises as a supplementary question. The main question relates to the acceptance of Travancore currency at the Munambam Depot. The present question is for the Financial Secretary to answer.

President: I have no objection to the Financial Secretary answering it.

Mr. R. Nilakanta Pillai (*Financial Secretary to Government*): No, they are not legal tender.

Mr. G. Narayana Aiyar: May I know from the member whether such coins are not declared as un-current coins?

Mr. R. Nilakanta Pillai: When remitted by the Post Office or by the Devaswom Department, or the Salt Depot, or the Tobacco Depot, they are accepted in the Treasuries.

Mr. G. Narayana Aiyar: When deposited by private individuals, are they accepted?

Mr. R. Nilakanta Pillai: In case of absolute necessity, they are also accepted. There is no difficulty in regard to these coins.

Ayurvedic dispensary at Puttenchira.

50. ***Mr. G. Narayana Aiyar**: Will the Government be pleased to state whether it is a fact that the public of Puttenchira pakuthi have memorialised them for opening an Ayurvedic dispensary at Puttenchira and for the sanctioning of a grant to the Ayurvedic physician who is now conducting a dispensary there?

Mr. A. Kumara Pillai (*Secretary to Government*) : Yes.

Mr. G. Narayana Aiyar : May I know from the member what action has been taken in the matter by Government ?

Mr. A. Kumara Pillai : The memorial was sent to the Inspector of Ayurveda.

Mr. S. Piraviperumal Pillai : May I know from the member when the memorial was sent ?

Mr. A. Kumara Pillai : 4th July 1934.

Mr. Komilezhathu Sankaran (*Nominated*) : May I know from the member when they received the memorial ?

Mr. A. Kumara Pillai : About the 1st of July.

Mr. K. P. Nilakanta Pillai : Even without a memorial being presented, will not the Ayurveda Department be aware of the existence of this physician and his work ?

Mr. A. Kumara Pillai : No.

Mr. K. P. Nilakanta Pillai : May I know from the member whether the department had no notice of the efficiency of the physician in this particular pakuthi ?

Mr. A. Kumara Pillai : The department does not take any notice unless the physicians apply for a grant.

P. W. D. toll-gates in the State.

51. ***Mr. M. N. Paramesvaran Pillai** : Will the Government be pleased to furnish information on the following points :

(*a*) the number of P. W. D. toll stations in the State, their location and the date of opening each of them ;

(*b*) the object of opening such toll stations and the schedule rates of the toll levied at each of these stations ;

(*c*) the total amount collected at each station from the date of its opening ; and

(*d*) how many of such toll stations have been located at the entrance to bridges ; the cost of construction of each of such bridges ; the amount necessary for the annual maintenance of each of such bridges and the total amount collected up to the end of Medam 1109 from each of these stations from the date of the opening of such stations ?

Mr. G. B. E. Truscott (*Chief Engineer*) : (*a*) & (*c*) A list* furnishing the information is placed on the table.

(*b*) To realise from the users of roads something in return for the heavy expenditure annually incurred by Government in the construction and maintenace of roads and bridges. A schedule† showing the rates of toll is placed on the table.

(*d*) None.

---

* *Vide* Appendix I (A) at pages 328 to 33.

† *Vide* Appendix I B at page 332.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether there is any proposal to increase the number of toll gates by 11 during the next year?

President: You cannot go beyond the purview of the main question.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether the cost of construction of the various bridges has been realised by the tolls at the entrances to these bridges?

Mr. G. B. E. Truscott: No.

Expenditure on certain roads in Neyyattinkara taluk.

52.* **Mr. N. K. Padmanabha Pillai** (*Neyyattinkara cum Nedumangad*): Will the Government be pleased to state the amount spent in 1108 and 1109 (up to 19-11-1109) on the M. S. road and the village roads in Neyyattinkara taluk?

Mr. G. B. E. Truscott: The information is given below.—

Works.		*1108*	*1109* (up to the end of 10/1109).
Main Southern Road	...	Rs. 300	Rs. 722.
Village roads	...	Nil.	Nil.
Repairs.			
Main Southern road	...	Rs. 26,294	Rs. 24,890.
Village roads	...	Rs. 180	Rs. 34.

Mr. N. K. Padmanabha Pillai: May I know from the member what amount out of this was spent for constructing new village roads and for maintaining them?

Mr. G. B. E. Truscott: I have already answered that.

Mr. N. K. Padmanabha Pillai: May I know whether any amount was spent for any new bridge?

Mr. G. B. E. Truscott: No.

Widening and deepening of the Vandichira Todu.

53. * **Mr. N. K. Padmanabha Pillai:** Will the Government be pleased to state:

(*a*) whether the ryots of Keezhumbhagam (കീഴുംഭാഗം) *Ela*, Chenkal pakuthi, Neyyattinkara, have not been for long urging before the P. W. D. and the Government, for widening and deepening of the Vandichira *todu* and construction of a sluice; and

(*b*) whether the P. W. D. has prepared an estimate for necessary improvements and if so, when?

Mr. G. B. E. Truscott: (*a*) Yes.

(*b*) An estimate is being prepared.

Mr. N. K. Padmanabha Pillai: May I know from the hon'ble member what is the amount that has been estimated?

Mr. G. B. E. Truscott: The estimate is still under preparation.

Mr. N. K. Padmanabha Pillai: May I know what is the cause of the delay?

Mr. G. B. E. Truscott: The Irrigation Department is preparing the estimate.

Chentamil Patasala at Chalai.

54. *** Mr. S. Piraviperumal Pillai:** Will the Government be pleased to state:

(*a*) why the Chentamil Patasala at Chalai has been removed from its old site;

(*b*) where it is located at present;

(*c*) whether Government considered the legitimate claims of all the teachers with Tamil qualifications employed there while they appointed the staff for the new school and how many of them were entertained in the new school; and

(*d*) the qualifications of those entertained in the new school?

Mr. R. M. Statham (*Director of Public Instruction*): (*a*) Because the manager had closed the school.

(*b*) The new departmental Tamil school which has taken the place of the Chentamil Patasala is located at the west end of Valia Chalai.

(*c*) Yes; 10.

(*d*) V. H. Tamil; H. G. T. C.	...	3
V. S. L. C. & T. T.; L. G. T. C.	...	3
V. H. Tamil	...	1
S. S. L. C.	...	1
Needlework Examination	...	1
Music Test Lower	...	1

Mr. S. Piraviperumal Pillai: With reference to the answer to part (*b*), may I know whether the school is located in a Government building or in a rented building.

Mr. R. M. Statham: It is located in a rented building?

Mr. S. Piraviperumal Pillai: May I know from the member the rent that is being paid?

Mr. R. M. Statham: Rs. 65.

Mr. S. Piraviperumal Pillai: May I know from the member whether the manager of the Chentamil Patasala offered the same building for rent?

Mr. R. M. Statham: He was asked to rent the building, but he asked for a higher rent and also he would not agree to certain other terms which Government wanted to impose.

Mr. S. Piraviperumal Pillai: May I know what rent he wanted?

Mr. R. M. Statham: First he asked for Rs. 75 and then he demanded a higher rent than that.

Bifurcation in the Observatory Department.

55. * **Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state:

(*a*) the date on which the bifurcation of the Observatory Department into Meteorological and Astronomical Sections was effected;

(*b*) whether there is a separate Government Astronomer attached to the Government of India Observatory at Poona;

(*c*) whether the Retrenchment Committee proposed the abolition of the place of the Government Astronomer in the Observatory; and

(*d*) what is the additional expenditure consequent upon the bifurcation?

Rao Sahib Dr. N. Kunjan Pillai (*Chief Secretary to Government*): (*a*) 1st Kanni 1103.

(*b*) Government have no information.

(*c*) No, but they recommended that the two branches may be put under the charge of a single officer.

(*d*) Rs. 500 a year.

Price of the clock kept in the Observatory.

56. * **Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state what is the price of the clock kept in the Observatory?

Rao Sahib Dr. N. Kunjan Pillai: The Government Astronomer reports there are three clocks in the Observatory. It is not clear to which clock the member refers.

Mr. M. N. Paramesvaran Pillai: When were these clocks purchased?

Rao Sahib Dr. N. Kunjan Pillai: They were purchased years ago. I cannot give the exact year.

Mr. M. N. Paramesvaran Pillai: How is the correct time now adjusted in the Observatory? Is it by star observation or by any other means?

Rao Sahib Dr. N. Kunjan Pillai: I have no information.

Mr. M. N. Paramesvaran Pillai: The clocks in the Huzur Office and other places are adjusted with reference to clocks kept in the Observatory. The noon gun, the morning gun and the night gun also depend on the clock in the Observatory. I wanted to know how that time in the Observatory is adjusted. The

question that has been answered is only a part of a big question which has been split up in a meaningless manner. If the other parts also were put in for answer, the whole thing could have been explained by the official member. That is why the official member now claims notice.

Purchase of a lathe for the Observatory.

57. * **Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to furnish information on the following points :—

(*a*) whether they have purchased a lathe for use in the Observatory; and, if so, when, at what cost and for what purpose; and

(*b*) whether that machine is now (13-7-1934) being used for private job works?

Rao Sahib Dr. N. Kunjan Pillai: (*a*) Yes. In Karkatakam 1103, for Rs 400 to turn screws and to make minor accessories for the instruments in the Observatory.

(*b*) No.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether there is sufficient work for the lathe in that department?

Rao Sahib Dr. N. Kunjan Pillai: Yes.

Mr. M. N. Paramesvaran Pillai: May I know whether there is any lathe machine in the P. W. D. Workshop attached to the Chief Engineer's Office?

Rao Sahib Dr. N. Kunjan Pillai: There may be.

Mechanic employed in the Observatory.

58 * **Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state:

(*a*) whether there is a mechanic employed in the Observatory;

(*b*) if so, what is his pay and whether he has full time work in the Observatory; and

(*c*) whether he is undertaking private job and, if so, whether he has the sanction of Government for that?

Rao Sahib Dr. N. Kunjan Pillai: (*a*) Yes.

(*b*) Rs. 20. Yes.

(*c*) No. The latter part of the question does not therefore arise.

VOTING OF DEMANDS FOR GRANTS—(*continued*).

President: The House will now resume discussion on Demand No. VIII—Excise Department. Mr. Arumukham Pillai, you have five more minutes to your credit.

DEMAND VIII—EXCISE DEPARTMENT—(*contd.*)

Mr. V. S. Arumukham Pillai: Sir, the Commissioner is satisfied that things are all right and wishes to assure us so. But the facts are different. Neither in the Customs Houses audited by the Account Officer nor in the other institutions inspected by the Assistant Excise Commissioner the revenue is safe and proof to embezzlement and fraud.

Inspection by supervising officers is not audit. The Account Office cannot do justice by their audit in the Customs Department where the revenue is realised from various sources. They will only see that the expenditure does not exceed the sanctioned allotment. In the case of receipts they can audit the revenues of those departments wherein the revenue lies in books but in the case of customs houses where the revenue is realised from various sources the Account Officer cannot do full justice.

The fraud disclosed in Trivandrum and Quilon illustrates amply how the outside audit or supervision is futile to detect fraud in Customs Houses. In order to have an effective audit of Customs Houses it is highly necessary that at least a staff consisting of some of the experienced officers in the department be constituted as in the Postal and Railway Departments. Sir, the question of finding out new sources of revenue ought to engage the attention of Government. As a first measure—I submit that as a temporary measure at least—this procedure ought to be adopted.

Mr. M. N. Paramesvaran Pillai: Sir, I also support the motion. Till a few years back when there was material prosperity all over the country, every department of Government was allowed to enjoy immunity from attacks; but with the growing intensity of the economic depression the various departments, one after the other, have come under the search light of public criticism. Naturally, the Excise Department which is one of the major departments of the State has, and mostly rightly too, to bear the brunt of the criticism. It has been the peculiar misfortune of this department that, for years together, its administration has been entrusted to men who have had neither sufficient experience and enthusiasm nor special knowledge of the broad problems relating to the department nor any insight into the true principles to be kept in view in administering the department in the best interests of the people.

[Mr. M. N. Paramesvaran Pillai.]

The responsibility in this matter rests entirely with Government, who make the selection more to provide for particular individuals than in the interests of efficient and better administration of the department. There can be no good in running this department with the true spirit of a toddy or arrack vendor whose chief concern always is to make large profits out of his business by attracting the greatest number of customers, and providing them with all possible facilities. The principle of maximum revenue with minimum consumption is now being worked actually in the reverse order. This department is one of those few departments whose administration requires a capable man at the helm with real knowledge about the world and its excise, customs and tariff problems so that the policy of the department may be so shaped from time to time to the advantage of the State as well as its people. How can we expect this department to be run for the benefit of the people when its avowed policy, as repeatedly expressed by the Commissioner on the floor of this House and the Assembly, is to raise the rentals to the highest possible degree. I feel no doubt that if the head of the Excise Department in any other part of the world had made an open declaration of such a policy on the floor of the legislature it would have cost him his appointment. Fortunately in Travancore, the officers have licence or privilege to say or do any absurd thing without the fear of being questioned by any authority.

Sir, increase of duty on arrack and increase of tree-tax are accepted as sure and effective means of restricting consumption so as to bring about total prohibition in the long run. But the present departmental policy of increasing the rentals every time to an abnormal degree is practically producing counteracting influences. In the Madras Presidency what we find is that the duty on liquor has always been uniformly kept higher and the vend rents have never borne an unduly high percentage to total taxation. Further, it is universally recognised to be a sound principle of excise administration to keep the rentals always in proportion to consumption and to maintain some sort of uniformity in the matter of rentals of the shops situated in one and the same taluk. These principles are not kept in view in the administration of the department; so much so we find there is much room for malpractices of all kind which certainly take the goal of prohibition far away from our vision. Every wholesome rule is allowed to be violated.

Mr. M. Govindan (*Nominated*): May I know from the member whether, at the time of auction, shops should not be sold to the highest bidder

Mr. M. N. Paramesvaran Pillai : Certainly, revenue should not be the sole object of the Excise Commissioner. There are ever so many principles which the Commissioner has to keep in mind in administering the department. Every rule is now violated or disregarded in the feverish anxiety to secure more revenue. Every officer in the department seems to imagine or believe or is somewhat obsessed with the idea that his continuance in service and promotions depend very much upon his success in bringing greater revenue to the State coffers, whether it be by creating new facilities for drink or by developing the drinking propensities of men. No doubt, solemn assurances have been made by successive Dewans that the desire or policy of the State is not to make revenue out of drink to the detriment of the welfare of its subjects ; but still we find that there has been systematic and steady increase in consumption.

Mr. Komilezhathu Sankaran : May I know from the member whether it is on account of the Excise Commissioner or on account of the present policy of Government that the consumption is increasing like this ? May I also know whether he represents the views of the toddy contractors or the drunkards ?

Mr. M. N. Paramesvaran Pillai : I only wish to place before this House some of the principles laid down by some eminent administrators both in Travancore and in other parts of the world in regard to the abkari administration. Since none of these principles is kept in view by the present Excise Commissioner, consumption of liquor has naturally increased. I do not know whether the toddy contractors and drunkards have really any views on the subject. If they have any, this House will be indebted to the honourable member if he could enlighten it with those views.

Mr. C. M. Joseph (*Changanachery* cum *Peermade*): ഷാപ്പുകളുടെ ലേലത്തുക കുറയുകയും മദ്യം സുലഭമായി കിട്ടുകയും ചെയ്താൽ മദ്യപാനം കുറയുമെന്നാണോ മെമ്പർ വിചാരിക്കുന്നതു്?

Mr. M. N. Paramesvaran Pillai: മദ്യത്തിന്റെ ഡ്യൂട്ടി കൂട്ടുകയാണു വേണ്ടതു്. അല്ലാതെ ലേലത്തുക വർദ്ധിപ്പിക്കുകയല്ല ചെയ്യേണ്ടതു്. അതാണു ശരിയായ തത്വമെന്നറിവുള്ളവർ കാരണസഹിതം തെളിയിച്ചിട്ടുണ്ടു്,

Sir, I have only very little time at my disposal.

President : You can decline to answer.

Mr. M. N. Paramesvaran Pillai : The duty on liquors should be increased and not rentals. I am not going into any lengthy

[Mr. M. N. Paramesvaran Pillai.]

discussion on this point at this stage. The Government always show a great reluctance to forego any portion of this abkari revenue. More than half the revenue of the State, Rs. 116,83,337 according to the figures of the Administration Report for 1108, is supplied by this department and, I am sure, every pie of it and more is required by Government to keep up or maintain their costly administration.

Another point which I wish to state in this connection is that at present the collection of revenue absorbs almost the whole time of the officers of this department. From the head of the department down to the low paid peon we have now a group of revenue collectors.

Mr. Komilezhathu Sankaran: May I know from the member whether he has any idea of the revenue collected from abkari?

Mr. M. N. Paramesvaran Pillai: Yes.

Mr. Komilezhathu Sankaran: Does it come to half the revenue?

Mr M. N. Paramesvaran Pillai: No. I referred to the whole contribution made by the Excise Department. Sir, in spite of the serious objection made even by some of the previous Excise Commissioners in regard to the auction and collection works being retained in the hands of the Excise staff, as such works greatly interfere with its legitimate duty, namely, preventive work, no attempt is made to relieve the staff of these onerous responsibilities. Both in the Madras Presidency and in the Sister State of Cochin the auction and collection works are even today entrusted with the Land Revenue Department. If such an arrangement is made it is sure to improve the efficiency of preventive work and is bound to produce satisfactory results.

Every year we are told that in furtherance of a policy of prohibition the department has been reducing the number of shops from time to time. But, I think, there can be no force in that contention so long as we find that in several parts of the country every tapper's house is also a liquor shop. Then again, as has been stated in the Administration Reports of the Excise Department for the past few years that in Changanachery local option is being tried by Government, but every time we look in vain to know the result of this experiment. But I can only say that it is a sheer foolishness to try local option at Changanachery or in any other town when all around the town the Department allows several liquor shops to exist and flourish.

Lastly, I wish to point out the culpable negligence shown by the Excise Department towards the salt industry in the country.

Although it is several years since the State undertook the monopoly for the manufacture of salt, and although we have extensive sea-boards and alloms, yet even today our State is not self-supporting in regard to the production and supply of salt. So long as this kind of administration of the department continues we are perhaps destined to eat other's salt.

Mr. K. P. Nilakanta Pillai : Sir, the Government order reviewing the report of the Excise Department for the year 1108 contains this passage: —

> "The excise duty on jaggery arrack and coco-brandy was enhanced. Local option at Changanacherry was continued. The number of arrack and toddy shops in the State was reduced. Rules were passed for the grant of rewards for the detection of offences under the Abkari Regulation as recommended by the Excise Committee."

I propose to challenge every point contained in this statement. Whatever may be the arguments that may be advanced towards the criticisms on the working of the department, the main argument underlying my criticism is that there is enormous leakage of revenue on account of the inefficient administration of the Excise Department.

The first statement there is the reduction of the number of shops. I can understand that arrack shops have been reduced by 72 in number. But I hope I will not be challenged if I refute that statement. Even though, according to the records, that number may be correct when the above statement was added in the Administration Report, I know that there are more shops in existence than the number of shops indicated by the licences. So, Sir, there is absolutely no meaning in saying that 72 shops were reduced when, as a matter of fact, I know a number of unlicensed and unauthorised shops are being run in different parts of Travancore, and toddy and arrack are issued from them to the local consumers. If the Excise Commissioner proposes to challenge me on this point, I can give him an instance. There is one shop No. 8 in Chirayinkil taluk. That is the only licensed and authorised shop that could be conducted by the licensee. But on the other hand what do we find? The same licensee conducts 3 shops more in different places. I deduce two points from that, apart from challenging the correctness of the figure.......

Mr. C. O. Madhavan : May I know whether it is toddy or arrack shop?

Mr. K. P. Nilakanta Pillai : This is a question which requires further explanation. When an unauthorised shop is allowed to be conducted with the connivance of the departmental subordinates we can more or less imagine what sorts of mischief could possibly be done by that shop. Illicit distillation is going on

[Mr. K. P. Nilakanta Pillai.]

there. Apart from toddy, toddy arrack is also issued from that unlicensed shop. Therefore it does not mean anything when it is said that the number of shops in the State has been reduced by 72.

Mr. Komilezhathu Sankaran : May I know whether there was any complaint from the arrack contractor against the toddy contractor to this effect ?

Mr. K. P. Nilakanta Pillai : The honourable member exercises a monopoly in interrupting every speaker.

President : If you want to answer, you may answer, otherwise refuse.

Mr. K. P. Nilakanta Pillai : Whatever topics I propose to deal, I propose to deal exhaustively. I request the honourable member to hear me.

Therefore, my point, Sir, is that even the figures on this account are entirely misleading. When unauthorised shops are being allowed to be conducted, the figures of liquor consumption as given in the statistics are misleading and incorrect. More arrack and toddy must have been consumed by drunkards than is evinced by the Administration Report of the department.

Before leaving this point, I also want to draw the attention of Government to one great defect in the rules promulgated for the sale of shops on contract. There is a clause in that which makes the Excise Commissioner the absolute master of the situation. Therefore when he confirms a shop in the name of a contractor, even the Government are powerless to revise the order of confirmation. On account of this, there is an enormous loss of revenue to the Government. I maintain that, if the Excise Commissioner proposes to challenge me in that matter, I will just bring to his memory the history of shop No. 10 in the Agastisvaram taluk when it was auctioned last year. I maintain, Sir, that the only consideration which ought to weigh with the departmental head when he confirms the auction of a shop in the name of a bidder is the solvency of the person and his honesty. Nothing more than that the Excise Commissioner is expected to know. In this particular instance which I referred to above, a man offered a higher amount and said that he was prepared to advance the whole amount provided the shop is confirmed in his name. But the Excise Commissioner viewed otherwise and confirmed the shop in the name of another man whose name I do not propose to divulge because it will involve the Excise Commissioner in a difficult situation. I will

simply bring it to the attention of Government that the only consideration that ought to be looked into in confirming the sale of a shop is the solvent circumstances of the bidder and his honesty. Therefore, I say that the absolute power vested in the Excise Commissioner ought to be withdrawn at the earliest opportunity. I know, Sir, instances of which Mr. M. N. Paramesvaran Pillai was showing only one side of the picture. There is the other side of the picture, *i. e.*, the interference in the sale of shops by the departmental subordinates, and I do not want to hide it from this House. Even the Excise Commissioner has interfered when people were coming forward to bid shops for higher amounts. I would pointedly refer to him the history of a recent auction of shop No. 13 at Karamanai which has been confirmed in the name of a lady. The department is boasting that its goal is temperance. I ask whether there is anything more disgraceful than confirming this shop No. 13 in the name of the lady when there were gentlemen to bid for a higher amount. Whatever may be the measures that the department has adopted towards temperance, this one instance will cut at the root of the morale of the whole department. That shop will attract more men towards the consumption of the materials issued by Mr. C. O. Madhavan and the members of his department. For Heaven's sake I would request the Government to see that no shops are given to ladies.

I find, Sir, that there is a phenomenal fall in the revenue from this department during 1108 as compared to the revenue of 1107, mentioned in paragraphs 28 and 29 of the Administration Report of this department. In 1107, the revenue was Rs. 4,95,000 odd, whereas in 1108 it has come down to Rs. 2,80,000 odd or nearly one half. I attribute this fall to the working of the department. But for the inefficiency and mismanagement of the department, there could not have been this tremendous fall in the value realised from the rentals of these shops.

Then, Sir, another temperance measure that he has adopted is enhancement of duty on arrack by 3 annas per gallon. I ask the question whether putting forward some untenable, misleading and incorrect argument is the way to convince the general public that the ideal of the department is one of temperance. On the other hand I ask the question, with regard to minor details which I had already pressed on prior occasions, what measures the Excise Commissioner has taken to reduce the proof strength of toddy and jaggery arracks, to remove the location of toddy and arrack shops from the vicinity of schools, public institutions and religious institutions and to limit the hours of issue. In all these slight matters, what measures the department took, I would like to know. From time to time, we are

[Mr. K. P. Nilakanta Pillai.]

bringing to the notice of the head of the department the various defects on account of the working of these shops during untimely hours. Even boys now resort to these shops and parents do not know what to do with the boys. The shop contractors even bribe these boys and attract them. The boys sell whatever they get from the house and go to the shops. Sir, drink by juvenile population has enormously increased. Therefore the object of the department should not only be to enhance the revenue and somehow justify its existence as a department but various aspects of the question have to be considered by its head.

President: Your time is up.

Mr. Kattiyattu Sivarama Panickar (*Vaikam* cum *Shertalai*): Sir, I beg to oppose the motion and in doing so I wish to draw the pointed attention of the Government to the necessity of the production of home salt.

Mr. M. N. Paramesvaran Pillai: May I know whether the member is opposing the motion of Mr. Arumukham Pillai or the motion of the Excise Commissioner ?

Mr. Kattiyattu Sivarama Panickar: I oppose the motion brought forward by the Excise Commissioner. Time and again it has been stated by the accredited representatives of the people that the policy of the department should be to make the country self-sufficient in the production of salt. But it has to be regretted that year after year the production of salt is decreasing even though we have enough of alloms to be worked out and if they are worked out efficiently it is sure that we can turn out the salt that is required for our consumption and a great deal more for export. But, the Excise Commissioner has once again come forward with his tell-tale story that the weather conditions were unfavourable and that the licensees did not do their part of the work in time. Sir, these are the reasons that can be cited at any time and Travancore being under the influence of monsoons cannot be expected to be free from rain during any year. But what I ask is what disciplinary action has the Excise Commissioner taken against these licensees for failure of doing their part of the work in time. I am sure if these people are allowed to work or given the opportunities to work during the early months of the year, say in Makaram, Kumbham and Meenam, the production can be made much more satisfactory. If you go through the report carefully you can understand that in alloms where bunds have been introduced and the protection walls are built, there the production is considerably higher.

The production was small in alloms where these defects were not removed. So, what I wish to say is that these things should be attended to properly by the Excise Department itself if the licensees are not coming forward to do them in time. Again there are certain other things also which have to be attended to. Proper attention has not been paid to combat fresh water percolations into the alloms and again satisfactory arrangements have not been made to get brine into the alloms in proper time. If these things are done, what I wish to point out is that we can manufacture the salt required for our consumption as also a great deal for export.

Another point which I wish to urge is that the Excise Commissioner is an officer who has got so much to do, whose hands are full due to his arduous duties in various connections regarding the abkari, ganja, opium, tobacco and customs and a series of other things. I suppose it will not be possible for one officer to attend to all these items together. It is therefore safer in the interest of the country to separate the Salt Department from the Excise altogether and entrust it under one officer, never matter of what grade, even if he is only of the grade of an Assistant Excise Commissioner. If it is entrusted in the hands of one particular officer, I am sure that while receiving its due share of attention, the production year after year will increase in volume.

Another point to which I would draw the attention of Government is about the cultivation of tobacco. It has been suggested on previous occasions that it is absolutely necessary to try to see whether tobacco can be cultivated in our country. It has become an impending necessity also that we do not import Jaffna tobacco as much as we have been doing. We should not import Jaffna products as the Ceylonees are competing with our trade in copra in this country. It will be a tit-for-tat policy to the producers outside who are trying to do havoc in our country.

Then as regards Abkari revenue, I might say that though there has been a slight reduction in the number of shops, yet what the department has done is to increase the number of trees considerably for tapping purposes with a view to get a higher revenue.

But it has been the frequently announced policy of the department and also of the Government that temperance movement must be started and supported, so that in course of time nobody in the country will resort to drink. What we actually see, on the other hand, is that the drink evil is running riot everywhere and is actually reducing the poor people in the country, especially during these days of acute economic depression, to a state of absolute penury. Sir, revenue must not be the sole objective of the Excise Officers.

[Mr. Kattiyattu Sivarama Panickar.]

What they ought to do is to introduce, as far as possible, economy and thrift in the minds of the poor people in the country, and try their level best to correct people addicted to the drink evil and to make it as difficult and as costly and as inconvenient as possible for these people to get liquor. The fees for the tapping of trees must be made prohibitive and liquor must be made very costly. But what the department actually does now is to afford ample convenience to all sorts of people to take to the drink evil and to stick to it. Government must certainly not allow that state of affairs to continue any longer. Unless conditions are improved in time, I am afraid our country will lag behind the cultured and civilized nations of the world.

Mr. C.O. Madhavan : Sir, Mr. Arumukham Pillai, the mover of the motion, emphasised the necessity for more efficient audit of the accounts of our Customs Houses. He is under the impression that, at present, there is practically no audit of the Customs accounts. I may inform the House that it is not so. Copies of the *nal vazhies*, manifests and *revanas* (receipts for the payment of the customs duty) are being sent every day from all the Customs Houses to the respective Assistant Commissioners, and are carefully examined there to see if duty has been correctly calculated and realised. Mistakes, if any, are found out and pointed out to the Customs Houses concerned. If there is any balance due, it is promptly realised. This is the most efficient kind of audit possible under the circumstances. I do not contend that there is absolutely no possibility of leakage. Sir, as long as human nature is what it is, we cannot expect perfection anywhere. It is quite possible that, once in a way, if the Customs House Officers collude with the officers in charge of the manifest registering stations as well as the owners of the goods, they can defraud the Government. But I must say that such instances are very very rare; and, whenever they are brought to the notice of the authorities, prompt disciplinary action is always taken.

In addition to the daily checking of accounts, already explained, the Assistant Commissioners inspect every one of the Customs Houses once every quarter. The accounts are examined carefully during such inspection.

Mr. K. P. Nilakanta Pillai : Is it the member's opinion that there is no possibility of checking the quantity of imports and exports, on which duty is levied, if the Cusoms House Officer is inclined to help the exporter or importer ?

(Mr. C. O. Madhavan was standing when Mr. K. P. Nilakanta Pillai was putting the question).

President : Order, order ; two members cannot be standing at the same time. How often is the Chair to draw the attention of the Honourable members to this point ? Government members ought to know how to behave better.

Mr. C. O. Madhavan : I am sorry, Sir,

I do not deny the possibility of such wrong entries in our books. But my point is that such instances are extremely rare. If the honourable member had followed my observations, I submit, Sir, there would have been no occasion for this question.

In addition to the quarterly inspections by the Assistant Commissioners and the daily examination of the *nal vazhies*, manifests and *revanas*, the Excise Commissioner and the Account Officer inspect important Customs Houses. Perhaps, as suggested by Mr. Arumukham Pillai, it would be desirable to have a Special Officer for the purpose of auditing customs accounts alone. But, that is primarily, a matter of finance.

Mr. M. N. Paramesvaran Pillai and Mr. K. P. Nilakanta Pillai were speaking about the abkari policy of the Government mainly. I closely listened to their speeches. It struck me that they were representing two opposite sides of the question.

Mr. M. N. Paramesvaran Pillai was lamenting over the rising rentals and the consequent increase in revenue. Mr. K. P. Nilakanta Pillai was on the other hand pointing out the fall in revenue. Almost all the honourable members who spoke on this occasion point to the desirability of promoting temperance in the State. I may inform the House that as time and again mentioned in this Council it has been the declared policy of Government to promote temperance. But I may also inform the House that during my experience of the department for over two years now, I have come across several instances in which people have been petitioning me against the abolition of the shops in their locality. Two years back I was touring about Travancore for the sale of these abkari shops. This year also I have just finished my business about a month ago. I was receiving petitions and representations from the people pointing out the inconveniences resulting from the abolition of the only toddy shop in the neighbourhood.

Mr. Kattiyattu Sivarama Panickar : May I know from the member whether he knows that such people are often visitors of these shops ?

Mr. C. O. Madhavan : It is not always like that. In North Travancore, particularly, toddy is given to the labourers as noon-day meal. That is how it was pointed out to me. Though Government have declared more than ten years ago that it is their policy to abolish 5 per cent. of the number of shops at the time of each contract, I doubt the desirability of literally carrying out that undertaking. Perhaps it may fall to the lot of a future Excise Commissioner to bring it to the notice of Government whether that promise is to be fulfilled literally. Anyhow, I am trying to carry it on as undertaken by Government.

Mr. M. N. Paramesvaran Pillai : May I know from the member whether it is a fact that a case of illicit transportation of arrack was detected in broad daylight in the city of Trivandrum by the Police Department ?

Mr. C. O. Madhavan : Yes, it is a fact.

Mr. M. N. Paramesvaran Pillai : May I know from the member, then, whether, his department is unable to investigate the source of that ?

Mr. C. O. Madhavan : The department, as far as I know, is investigating into the matter. I cannot say how far they have succeeded in tracing it. It is of recent occurrence. Illicit practices in violation of the abkari law must be admitted to be going on. Though we have got the penal code prohibiting theft, murders and other offences, we find that those offences are still being committed and if things had been different there would have been no necessity for our Police, and the Magistracy.

Mr. M. N. Paramesvaran Pillai : May I know from the member whether his department has detected any case of illicit tapping of cocoanut trees ?

Mr. C. O. Madhavan : That is a matter of almost every day occurence.

Mr. M. N. Paramesvaran Pillai : May I know from the member whether in such cases the department prosecutes the people or whether on the other hand they ask the people to take out licences for these trees also?

Mr. C. O. Madhavan : In very many cases they are prosecuted. In some cases the law provides for compounding and the cases are compounded. It may be that a tree is tapped by a licensed tapper for a toddy shop and though perhaps an application was submitted it may not have been marked. Technically it is an offence but in such cases the law authorises the compounding of the cases. The course depends upon the circumstances of each case. A large number of illicit tapping cases are charged and persons are convicted every year.

Mr. Komilezhathu Sankaran : May I know from the member whether it is penal for durnkards to purchase toddy obtained by illicit tapping ?

Mr. C. O. Madhavan : There is no provision in the Abkari Regulation penalising the purchaser of such toddy. In the Abkari Regulation we are concerned more with the illicit tapper and seller.

Mr. Komilezhathu Sankaran : May I know why the drunkard who purchases illicit toddy is not penalised?

Mr. C. O. Madhavan : That is the law.

Mr. M. Govindan : May I know from the member whether the purchaser of illicit toddy cannot be charged as an abettor?

President : I am afraid his legal knowledge may not help him.

Mr. C. O. Madhavan : Sir, I want to say something more if I am left undisturbed. So far as temperance is concerned I may inform the House that in 1098 when the Government announced their intention to promote temperance gradually, the number of shops in Travancore was 2,006. After ten years it has been reduced to 1,574. Also the duty on arrack which stood at Rs. 3-12-0 per proof gallon has been enhanced to Rs. 5-5-0 per proof gallon. The tree tax which was Rs. 5 per cocoanut tree in 1098 has been raised to Rs. 8. In this way Government are doing whatever they can legitimately do to promote temperance without imposing prohibition upon those who want to drink.

Mr. M. N. Paramesvaran Pillai was lamenting over the rise in the rentals. Of course he has been expressing the very same opinion more than once in this House. I fail to understand how we can control the rise in the rentals. The shops are sold in auction. If one man offers one thousand rupees and another one thousand one hundred rupees it is not possible to give the shop to the man for the lower bid.

Mr. M. N. Paramesvaran Pillai : May I know from the member whether he is bound to give the shop to the highest bidder and whether he has no discretion ?

Mr. C. O. Madhavan : He has discretion. But the Excise Commissioner being responsible for the revenues of the State, tries to get what he can by way of the best rental for each shop. It is not possible always to control and keep down the rentals.

Mr. M. Govindan : May I know from the member whether the free use of the discretion will not be characterised as undue patronage to some shop-keepers.

Mr. C. O. Madhavan : Yes. That was exactly what was hinted at by Mr. K. P. Nilakanta Pillai,

Mr. Komilezhathu Sankaran: May I know whether any member of the Legislature has approached the Excise Commissioner to reduce the rental?

Mr. C. O. Madhavan: I do not propose to answer that questson, Sir.

Mr. V. S. Arumukham Pillai: Sir, I beg permission of the House to withdraw the motion.

The motion was, by leave, withdrawn.

President: I now put Demand No. VIII—Excise for Rs. 5,96,650.

The grant was made.

DEMAND IX—FOREST.

Mr. R. Dhanukoti Pillai (*Conservator of Forests*): Sir, I rise to move for a grant not exceeding Rs. 7, 97,931 under Demand IX—Forest.

Mr. K. P. Nilakanta Pillai: Sir, I oppose the motion. With reference to this demand the tables are now turned on us. There seems to be not much to criticise about the working of the department, but the efficiency and the ruthless vigour with which the head of the department is administering the State forests now cause a lot of grievances. It is a known fact that one-third of the land in our small State is reserved forest. The administration report of the department for the year 1108 will show that by the vigilance adopted by the conservative Conservator of Forests, the area of the reserved forest is enhanced. The report of the Census Commissioner will show that the density of population has reached that stage which the State cannot bear. Therefore there is the clamour that more area should be thrown from the reserved forest for assignment and the demand of the people, especially the landless, should be satisfied by giving them more lands registered from the reserved forests. On the other hand the Conservator makes recommendations to Government from time to time and the lands under assignment or ordered to be assigned or lands which are under the investigation of the Settlement Officer or lands which are already occupied by unauthorised occupants, are again constituted as reserves. Therefore he is going on expanding the area of the reserve from the mountainous side of the country. We, who form the population, on account of sacrcity of land want to make encroachments on the reserves. There should be some limit to these things. Various committees appointed in Travancore recommended the necessity for throwing open a part of the reserve forest, especially the swampy areas and other portions useful for cultivation, and of registering them to the people. But the Conservator will never be amenable to such a proposal. He wants all the forests and if possible to enhance the area of the reserved forests. So, Sir, the situation has become quite complicated. There is no

economic holding so far as the cultivation of Travancore is concerned. The area under cultivation per individual is so uneconomic that no profit can be imagined to be got out of cultivating a particular holding. I do not propose to make any remark about the prevailing economic depression. Therefore to justify the existence of the Agriculture Department more area ought to be thrown out from the reserved forests. Even to resort to concentrated methods of scientific agriculture there must be land available. Now the available land is divided into so many small slices that cultivating them has become a thoroughly unprofitable concern. I ask in all earnestness whether one third of the State should be kept as reserved forests and whether there is not any possibility of ascertaining whether at least a half of the reserved forests could be thrown open for registry. That is the main question, Sir, which I want to moot here for the consideration of this House and the Government.

Mr. J. John Kattakayam: അതു കൺസർവേററരോടു ചോദിക്കുക.

പിടിക്കുന്ന ആനകൾകൂടി ചരിഞ്ഞുപോകുന്നു. ഏകദേശം നൂറു വർഷത്തിനുമുമ്പു ഈ ഡിപ്പാർട്ടുമെൻറു ഏർപ്പെടുത്തി ഇതിനുവേണ്ട നിയമങ്ങൾ സൃഷ്ടിച്ചതു ൧൦൩൪-ൽ ആണ്. ൧൦൩൪-ൽ ൪൦൦ ചതുരശ്രമൈൽ സ്ഥലം മാത്രമെ വനമായി ഉണ്ടായിരുന്നുള്ളു. അതു് ക്രമാതീതമായി വളന്നു ൧൦൯-മുതൽ ൨൨൫൦ ചതുരശ്രമൈൽ സ്ഥലം വനമാക്കിയിട്ടിരിക്കുകയാണു. തേക്കു്, ഈട്ടി, ആഞ്ഞിലി മുതലായ വൃക്ഷങ്ങളെ രാജകീയ വൃക്ഷങ്ങൾ ആക്കിതീർത്തു. കുന്തിരിക്കം മെഴുകു മുതലായ സാധനങ്ങളെ വനവിഭവങ്ങളുടെ കൂട്ടത്തിൽ ഉൾപ്പെടുത്തി. ഏലം അതിൽ ഉൾപ്പെട്ടിരുന്നു എങ്കിലും പിന്നീടു അതിനെ വിട്ടുതൽ ചെയ്തു. ബ്യൂഡില്ലൻ എന്നൊരു യൂറോപ്യനെയാണു ആദ്യമായി കൺസർവേറററായി നിയമിച്ചതു. ഈ കൺസർവേറററ് ഈ വിഷയത്തിൽ വൈദഗ്ദ്ധ്യം സമ്പാദിച്ച ഒരാൾ ആയിരുന്നു. അതിനുശേഷം വന്നിട്ടുള്ള കൺസർവേററന്മാർ ഈ വിഷയത്തിൽ പ്രത്യേകം വൈദഗ്ദ്ധ്യം സമ്പാദിച്ചിട്ടുള്ളവർ ആണോ എന്നുള്ളതു സംശയമാണു്. വനങ്ങൾ ഇല്ലെങ്കിൽ മഴശരിയായി ഉണ്ടാകയില്ലെന്നും വെള്ളപ്പൊക്കം കൂടക്കൂടെ ഉണ്ടാകുമെന്നും മലകളിൽ വർഷിക്കുന്ന മഴവെള്ളം പെട്ടെന്നു താഴ്ന്നഭാഗങ്ങളിൽ വന്നെത്തുവാൻ ഇടയുണ്ടെന്നും മററും കൺസർവേററർ പറഞ്ഞു വരുന്നു. അതുകൊണ്ടാണു വനത്തെ ഈ വിധത്തിൽ സൂക്ഷിച്ചു വരുന്നതു. ഇന്നത്തെ കാലസ്ഥിതിക്കു അതു വളരെ നഷ്ടമാണു്. മഴപെയ്യുന്നതും മററും പ്രകൃതിശക്തികൊണ്ടാണു്. അതിനാൽ അതിലേക്കു വേണ്ടി വനം ഉപയോഗശൂന്യമായി തള്ളേണ്ടയാവശ്യമില്ല. കൺസർവേറററുടെ അഭിപ്രായം ആദരണീയമല്ല. വനങ്ങൾ പതിച്ചുകൊടുത്താലും ഫലവൃക്ഷങ്ങൾ റബ്ബർ മുതലായിട്ടുള്ള കൃഷികൾ മൂലവും മററും അതു വനമായിതന്നെ വീണ്ടും രൂപാന്തരപ്പെടുന്നു. കൺസർവേറററുടെ അഭിപ്രായത്തെ "ഏട്ടിലപ്പടി പയററിലിപ്പടി" എന്നു പാണ്ടിക്കാരൻ പറയുംപോലെ വ്യാഖ്യാനിച്ചാൽ മതി. ഏതു

യാലും അതിനെപ്പററി ഒരു സമാധാനം കൺസർവേററർ പറഞ്ഞാൽ കൊള്ളാം. നമ്മുടെ വനത്തിൽനിന്നും പ്രതിവർഷം ഒരുകോടി രൂപാക്ക് അസംസ്കൃതങ്ങളായ വനവിഭവങ്ങൾ നഷ്ടപ്പെട്ടുപോകുന്നു എന്ന് മുമ്പ് കൺസർവേറററായിരുന്ന മിസ്റ്റർ പൊന്നമ്പലം പിള്ള ഒരിക്കൽ പ്രസ്താവിച്ചിട്ടുണ്ട്. വനത്തിൽ കിട്ടുന്ന സാധനങ്ങളെ ശരിയായി എടുക്കാത്തതുകൊണ്ടാണ് ഈ നഷ്ടം വരുന്നത്. ഫ്രാൻസ് സ്വിസിലാൻറു മുതലായ രാജ്യങ്ങളിൽ വനത്തിൽ നിന്നുമുള്ള ആദായം നമ്മുടെ വനത്തിൽനിന്നുകിട്ടുന്ന ആദായത്തോട് അനേകമടങ്ങു കൂടുതലാണ്. അവിടെ അവർ ശാസ്ത്രീയമായ രീതിയിലാണു വനഭരണം നടത്തിവരുന്നത്. തടിവെട്ടി ഇറക്കുക ചില്ലറ വനവിഭവങ്ങൾ കൺട്രാക്ട് കൊടുക്കുക ഇതെല്ലാമാണു ഇവിടത്തെ ഈ ഡിപ്പാർൻെറിൻെറ പ്രവർത്തനങ്ങൾ കാണാം. ഇവിടെയും ശാസ്ത്രീയമായ രീതിയിൽ വനഭരണം നടത്തിക്കൊണ്ടുപോയാൽ വളരെ ആദായം കിട്ടും. മൈസൂറിൽ ചന്ദനത്തടി വ്യാപാരം വളരെ ആദായകരമായ ഒരു വ്യവസായമായി പരിണമിച്ചിട്ടുണ്ട്. ചന്ദനത്തൈലവും അതുപോലെ തന്നെയാണ്. നമ്മുടെ വനങ്ങളിൽ ചന്ദനം ധാരാളമുണ്ട്. വനത്തിൽനിന്നും കിട്ടുന്ന ചില്ലറ സാധനങ്ങളെ ജനങ്ങൾക്കു ഉപയോഗയോഗ്യമാക്കിത്തീർക്കുന്നതിനു ഡിപ്പാർട്ടുമെൻറു ശ്രമിക്കണം. ചായം വാർണിഷ് മുതലായ പല സാധനങ്ങളും ഉണ്ടാക്കാൻ സൌകര്യമുണ്ട്. ഈ വക സംഗതികൾ കൺസർവേറററുടെ അവധാനപൂർവ്വമായ ശ്രദ്ധക്കു വിഷയീഭവിക്കണമെന്നുള്ള വിചാരത്തോടുകൂടി ഉപക്ഷേപത്തെ അവതരിപ്പിച്ചു കൊള്ളുന്നു.

Mr. M. N. Paramesvaran Pillai: Sir, in connection with this demand, I wish to say a few words. Last time, at this time of the year, we were confronted with the appointment of the Game Warden and, in spite of our protest, the Government have created the post and put in a superannuated man. This has been done after the solemn assurance made by the official member that the views expressed both in this House and in the Assembly will be carefully considered by Government. At any rate, Sir, at the time of the budget speech we expected our Financial Secretary to enlighten us as to what has been done by this officer in the forest for the propagation and the preservation of our wild beasts.

This time also the Financial Secretary comes forward with another proposal to depute one of the officers of the Forest Department to publish a comprehensive volume on the various hill tribes. In this connection, I would like to know from the official member,

[Mr. M. N. Paramesvarn Pillai.]

for what length of time this special officer has to work; what pay or remuneration he is to be given; whether he is to do this work full time or without prejudice to his present duties and what is the urgency to do the work at this time of depression. All this information, the Financial Secretary was bound to give us at the time of the presentation of the budget. I think we can get the necessary information regarding the hill tribes from the Memoir of the Survey of the Travancore and Cochin States written by Lieutenants, Ward and Corner and also from the State Manual and the Census Reports published from time to time. What further information is going to be collected and published by this special officer is what this House desires to know at this juncture. With these remarks, I oppose this demand.

Mr. M. N. Narayana Menon (*Kottayam*): സർ, ഞാൻ ഇതിനെ എതിർക്കുന്നു. ഈ രാജ്യത്തുള്ള ജനങ്ങൾക്കധിവസിക്കുന്നതിനു ആവശ്യമുള്ള സ്ഥലം ഇല്ലാതിരിക്കുന്നു. ഈ രാജ്യത്തിൽ ഇത്രവലിയ റിസർവിന്റെ ആവശ്യമില്ല. അതിനാൽ റിസർവിന്റെ വിസ്തീർണ്ണം കുറയ്ക്കേണ്ടകാലം അതിക്രമിച്ചിരിക്കുന്നു. സാമ്പത്തികാധഃപതനത്തിന്റെ മൂർദ്ധന്യദശയിലിരിക്കുന്ന ഈ അവസരത്തിൽ ഏതെല്ലാംവിഷയത്തിൽ കൂടുതൽ ആദായമുണ്ടാക്കാമെന്നു സകലരും പരിശ്രമംചെയ്യുന്നു. നാട്ടിലുള്ള ആദായമാർഗ്ഗങ്ങൾ കുറഞ്ഞുപോയി എന്നുകണ്ടാൽ കാട്ടിലേക്കുതന്നെ നമ്മുടെ ദൃഷ്ടി പതിക്കേണ്ടിയിരിക്കുന്നു എന്റെ അഭിപ്രായത്തിൽ നമുക്കു വനത്തിൽനിന്നും കൂടുതൽ ആദായം എടുക്കാൻ കഴിയും. കഴിഞ്ഞവർഷത്തെ റിപ്പോർട്ടിൽ അഞ്ചായിരത്തിൽ ചില്വാനം രൂപ മാത്രമാണു ചന്ദനം ഇനത്തിൽനിന്നും ഗവർമെന്റിനു കിട്ടിയിട്ടുള്ളതു്. മൈസൂരിലെപ്പോലെ ഇവിടെയും ചന്ദനതൈലം സോപ്പ് മുതലായ സാധനങ്ങൾ ഉണ്ടാക്കുന്നതിനു വ്യവസായഡിപ്പാർട്ടുമെന്റിനോട് ആലോചിച്ചു പ്രവർത്തിക്കുന്നതിന് കൺസർവേറ്റർ ശ്രദ്ധിക്കേണ്ടതാണ്.

[At this stage the President left the hall and Mr. Kochikal P. Balakrishnan Tampi, one of the Panel of Chairmen, took the Chair.]

ആനപിടിത്തത്തെ സംബന്ധിച്ചു ഇവിടെ ചിലർ പ്രസ്താവിച്ചു. ആനപിടിത്തത്തിൽനിന്നുമുള്ള വരവു വളരെ കുറഞ്ഞിരിക്കുന്നതായി റിപ്പോർട്ടിൽ കാണുന്നു. അതും സാമ്പത്തികാധഃപതനംകൊണ്ടാണെന്നുള്ളതിനു സംശയമില്ല. ആനകൾക്കു കൂടുതൽ വിലകിട്ടുന്നതിനു ദേവസ്വംഡിപ്പാർട്ടുമെന്റുമായി ആലോചിക്കുന്നതു് നന്നായിരിക്കും. ഇങ്ങ

നെ പല ഇനത്തിലുമുള്ള വിററുവരവു വർദ്ധിപ്പിക്കുന്നതിനു ശ്രമിക്കേണ്ടതാണ്. കഴിഞ്ഞ വർഷത്തിൽ നിയമിച്ച ഗെയിംവാർഡൻെറ പ്രവൃത്തികളെപ്പററി യാതൊന്നുംതന്നെ റിപ്പോർട്ടിൽ പ്രസ്ഥാപിച്ചുകാണുന്നില്ല. അദ്ദേഹത്തെക്കൊണ്ടു് എന്തെങ്കിലും ഗുണമുണ്ടോ എന്നു അറിയാൻ ഞങ്ങൾ കാത്തുകൊണ്ടിരിക്കുകയാണ്. ഫാറസ്റ്റ്കോഡ് പുതുക്കുന്നതിന് അക്കൌണ്ടാഫീസിൽ അയച്ചിരിക്കുന്നു എന്നു കൺസർവേറററുടെ റിപ്പോർട്ടിൻെറ ഒടുവിൽ പറഞ്ഞിരിക്കുന്നു. അതിന് ഇത്രയധികം താമസം അക്കൌണ്ടാഫീസിൽ എന്താണെന്നറിയുന്നില്ല. ഈ സാമ്പത്തികാധഃപതനകാലത്തു് ഏതെല്ലാംഇനത്തിൽ ഗവൺമെൻറിന് കൂടുതൽ ആദായം ഉണ്ടാക്കിക്കൊടുക്കുവാൻ കഴിയുമൊ ആ വിധത്തിലെല്ലാം ആദായമുണ്ടാക്കുന്നതിനു ശ്രമിക്കേണ്ടതു ഈ ഡിപ്പാർട്ടുമെൻറ്മേലധികാരിയുടെ ചുമതലയാണ്.

Mr. A. N. Visvanatha Pillai (*Quilon* cum *Karunagapalli*): ഈ രാജ്യത്തു ജനസംഖ്യ വർഷംപ്രതി ഒരുലക്ഷംവീതം വർദ്ധിച്ചുകൊണ്ടിരിക്കുന്നു. രാജ്യത്തിൻെറ വിസ്തീർണ്ണത്തിനു യാതൊരുമാററവും വരുന്നുമില്ല. ചിന്താശീലന്മാരെ പരിഭ്രമിപ്പിക്കുന്ന ഒരു പ്രശ്നമാണിതു്. ജനങ്ങൾക്കാവശ്യമുള്ള ആഹാരസാധനങ്ങൾ ഇവിടെയുണ്ടാകുന്നതുകൊണ്ടു മതിയാകുന്നില്ല. രാജ്യത്തിൻെറ മൂന്നിലൊരുഭാഗം വനമാക്കി ദുഷ്ടമൃഗങ്ങളുടെ വിഹാരത്തിനുവേണ്ടി തിരിച്ചിട്ടിട്ടു വിവേകബുദ്ധിയുള്ള മനുഷ്യനു താമസത്തിനും അവൻെറ ആഹാരസാധനങ്ങൾ കൃഷിചെയ്യുന്നതിനും ശേഷമുള്ള സ്ഥലംമാത്രമെ തരികയുള്ളു എന്നും ഇനിയും കൺസർവേററർ ശാഠ്യംപിടിക്കുന്നതു നല്ലതല്ല. അതുകൊണ്ടു കൺസർവേററർ സാധാരണ പറയാറുള്ള ഒഴിവുകഴിവുകൾ ഒന്നുംതന്നെ പറയാതെ ഗവൺമെൻറുമായി ആലോചിച്ചു റിസർവ്വനങ്ങളിൽ കൃഷിക്കുപയുക്തങ്ങളായും താമസിക്കുന്നതിനു സൌകര്യമുള്ളതായും ഉള്ള സ്ഥലങ്ങളെ ജനങ്ങൾക്കു പതിച്ചുകൊടുക്കേണ്ടതാണെന്നു ഞാൻ പ്രത്യേകം ശുപാർശചെയ്തുകൊള്ളുന്നു. ഈ വർഷത്തിൽ ഈ ഡിപ്പാർട്ടുമെൻറിലെ വരവു് ഒരുലക്ഷത്തിഇരുപതിനായിരത്തി അറുനൂററിപതിനഞ്ചു് ഉറുപ്പികയാണെന്നു കാണുന്നു. ഈ സാമ്പത്തികാധഃപതനകാലത്തു മററു സാധനങ്ങൾക്കു വിലകുറഞ്ഞതുപോലെതന്നെ തടിക്കും വിലവളരെ കുറഞ്ഞിട്ടുണ്ട്. ഇത്രതുച്ഛമായവിലയ്ക്കു ഈ തടികളെ വെട്ടി വില്ക്കേണ്ട ആവശ്യമെന്താണെന്നു മനസ്സിലാകുന്നില്ല. അവ കാട്ടിൽത്തന്നെ നിന്നു

[Mr. A. N. Visvanatha Pillai.]

കൊള്ളട്ടെ. തടിവെട്ടിയിറക്കുന്നതിനുള്ള ചിലവുപോലും ഇപ്പോൾ അതുവിററാൽ കിട്ടുമോ എന്നു സംശയമാണു്. അതിനാൽ അവ വനങ്ങളിൽനിന്നു വളരാൻ അനുവദിക്കുകയാണു് ഇപ്പോൾ ചെയ്യേണ്ടതു്.

Mr. M. Govindan : കെട്ടിടങ്ങൾ പണികഴിപ്പിക്കുന്നതിനുതടി ആവശ്യമായി വന്നാൽ അതു എങ്ങനെ സാധിക്കും?

Mr. A. N. Visvanatha Pillai : അങ്ങനെയുള്ള അത്യാവശ്യങ്ങൾക്കുമാത്രം വേണ്ട തടിവെട്ടിയിറക്കിയാൽ മതിയല്ലോ. അതുകൊണ്ടു തരക്കേടില്ല. ഈ അധഃപതനകാലത്തു അനാവശ്യമായി തടിവെട്ടി ഇടരുതെന്നുമാത്രമെ ഞാൻ പറയുന്നുള്ളു. ഗവണ്മെൻറിനു മനഃപൂർവ്വം നഷ്ടംവരുത്തരുതെന്നാണു ഞാൻ പറയുന്നതു്.

Mr. M. Govindan : നമ്മുടെ ആവശ്യത്തിനു എത്രമാത്രം തടി ആവശ്യമുണ്ടെന്നു എങ്ങനെ നിർണ്ണയിക്കാം.

Mr. A. N. Visvanatha Pillai: അതിനെപ്പററി അറിയാൻ വിഷമമുണ്ടെന്നു തോന്നുന്നില്ല.

നമ്മുടെ വനങ്ങളിൽ പലതരത്തിലുള്ള മരങ്ങളും ഉണ്ടു്. അവയിൽനിന്നും പലവിധത്തിലുള്ള സുഗന്ധദ്രവ്യങ്ങൾ ഉണ്ടാക്കാൻ സാധിക്കുന്നതാണു്. റിസർവിനകത്തു കയറുന്നതിനോ വല്ല പര്യവേഷണങ്ങളും നടത്തുന്നതിനോ ആരെയും അനുവദിക്കുന്നില്ല. അങ്ങനെയുള്ള വല്ല പ്രവൃത്തികളും ചെയ്യാൻ സൌകര്യമുണ്ടോ എന്നു പരിശോധിക്കുന്നതിനു ജനങ്ങൾക്കു സൌകര്യംകൊടുക്കേണ്ടതാവശ്യമാണു്. കഴിഞ്ഞകൊല്ലത്തിൽ ൫൦൦൦ രൂപ ചന്ദനത്തടിയിനത്തിൽ കിട്ടീട്ടുണ്ടെന്നു കാണുന്നു. ഇവിടെ ചന്ദനകൃഷിയെ പ്രോത്സാഹിപ്പിച്ചാൽ കൂടുതൽ ആദായം എടുക്കാൻ സാധിക്കുന്നതാണു്. ഈ സംഗതികളെപ്പററി ഡിപ്പാർട്ടുമെൻറിൽനിന്നും അന്വേഷണം നടത്തേണ്ടതാണു്.

Mr. Komilezhathu Sankaran : നമ്മുടെ വനങ്ങളിലുള്ള ചന്ദനത്തിനു സൌരഭ്യമില്ലെന്നുള്ളതറിയാമോ?

Mr. A. N. Visvanatha Pillai : നല്ലതരം ചന്ദനം വച്ചുപിടിപ്പിക്കാമെങ്കിൽ അതിനു നല്ല സൌരഭ്യവുമുണ്ടായിരിക്കും. ഏററവും നല്ലതരം ചന്ദനം തെരഞ്ഞെടുത്തു കൃഷിചെയ്യണം. ഇവിടെ ചന്ദനകൃഷി ശരിയായി നടത്തുകയാണെങ്കിൽ അതിൽനിന്നും നല്ല ആദായം ലഭിക്കുന്നതാണു്.

Mr. M. Govindan: തേവാരമേട്ടിൽ ഒരു ഇടങ്ങഴി ചന്ദന വിത്തു വിതച്ചിട്ടു ഒന്നുംതന്നെ കുരുത്തിട്ടില്ല എന്നുള്ളതു മെമ്പർക്കറിയാമോ?

Mr. A. N. Visvanatha Pillai: അങ്ങനെ വന്നിട്ടുള്ളതു് വിത്തു ഉണക്കുകാലത്തു വിതച്ചതുകൊണ്ടാണു്. ആ കാലത്തു ഏതുവിത്തു വിതച്ചാലും കുരുക്കുകയില്ലെന്നു ഏവർക്കും അറിയാം. ഈവകകാര്യങ്ങൾ കൺസർവേറററും ഗവണ്മെന്റും പ്രത്യേകം ശ്രദ്ധിക്കേണ്ടതാണു്.

Mr. G. Narayana Aiyar: Sir, the administration of this department is neither encouraging nor satisfactory. The revenue which stood at Rs. 16 lakhs in 1102 has gone down to Rs. 12 lakhs in 1108. It is expected that the revenue for the next year will be only about Rs. 10,80,000 and odd. Thus during the course of 5 or 6 years the revenue has considerably decreased. On the other hand, we see expenditure gradually rising. There must be something scientifically wrong or rotten in this department which accounts for this fall in the revenue. Most probably all sources of revenue are not properly tapped. I would bring to the notice of Government that a scientific enquiry be started at an early opportunity to see that the department is worked to the best advantage of the public and the Government.

The area under forest occupies nearly 33 1/3 per cent. of the total area. That being the case, unless it is satisfactorily explained how the revenue has gone down, it has to be presumed that it is due to the want of proper attention on the part of the departmental heads.

Mr. H. O. L. Marikar (*Minachil* cum *Devicolam*): Sir, the Conservator of Forests happens to be a unique officer. Sir, his activities are varied. He is more like a Zamindar having a very large tract of land with a large population in it. All the inhabitants of the hill are under his sway. They are permitted to cultivate in the forest without assessment and without any tax according to certain rules. There, he has experience in controlling agriculture. Those people are planting suitable crops in the forest. The Conservator himself is a manufacturer and a trader. He sells the forest produce and he cultivates teak, sandalwood and so many other things. The cry of the people is that he has got a large area under his control and some of them must be released for other people's occupation. In this cry I differ. We are people who own lands. We are unable to pay tax to the Government. We are crying for the reduction of land tax.

[Mr. H. O. L. Marikar.]

While we are unable to pay land tax and want land tax to be reduced and while we have no money, I ask why should land be again given to the people. All fertile lands must be brought under cultivation. In order to meet this, I would make a proposal which the Land Revenue Commissioner may say as a revolutionary idea. What I would suggest is that an area of 2,000 acres of cultivable land in Nariamangalam or Mannankandom suitable for paddy cultivation should be given to the people, not registered according to the Puduval Rules or any other existing rules, but they should be only given the right to occupy. After giving them permission to enter into the land they must be provided with funds for their maintenance, they must be provided with housing accommodation and they must be given facilities for cultivating the land, such as implements, seeds etc. In that case many families will migrate to those parts. Their childrem must be educated and funds should be provided for that. Those people may also have under their care the lot of their old and infirm dependants. Government may also make provision for maintenance of those people. The crop that is raised in that area may be collected and kept on a co-operative basis or something like that. The Government may issue loans to the Conservator of Forests just as loans are issued from the Land Mortgage Bank or like Agricultural loans. Such loans may be utilised for cultivation by the Conservator of Forests and if this plan is worked out some of the tax-payers now holding land on Pandarapattom and who are unable to pay tax, may be allowed to hand over their lands one after another, to the Conservator and then he may form a separate department according to my suggestion. In course of time you will find that the Conservator of Forests will have a large number of labourers also without work under him. That is to say the people employed in cultivation will not have ample work throughout the year. Then the Conservator must go to the Engineering Department which spends lakhs and lakhs of money on labour for construction works and road works. The Conservator of Forests will be able to supply a large number of labourers and preference must be given for employment of people from that colony. Their wages of course should be credited to the Conservator. Of course with the co-operation of the Industrial Department we can have a sales department also for the raw products and articles produced by way of cottage industries. The Director of Industries after meeting the requirements of the colony may take all the products to distant places in the State, sell them and refund the value of the produce to the Conservator who can use it for the needs of the colony. So there is possibility of working in that manner.

The present system of selling lands for arrears of revenue has created two sets of people, one the rich land-lord and the other the homeless. If this is continued without Government entering into the field and making some arrangements for housing, I think there is likely to be a revolution much unexpected and a feud between the unemployed and the rich landlord. I hope when the Council is over, the Land Revenue Commissioner will consult with the Dewan about the taxation question and then this plan which I suggested may also be considered.

Mr. R. Dhanukoti Pillai: Sir, we are again at the question of disafforestation of land. It has come before this Council on several occasions before. In fact this is a subject which has been agitated both in the Sri Mulam Popular Assembly in olden days and later on in our Legislative Council. About the year 1907 or so, during the time of Dewan Mr. T S. Gopalachari, he went into the question minutely and he called for reports from several heads of departments and later on convened a conference of officers at Quilon. The whole question was discussed thoroughly and as a result of it, Government passed a proceedings about that on the 1st July 1907. There it was clearly laid down what the future policy of Government would be with regard to the reservation of forests and also with regard to disafforestation of land. According to the conclusion then arrived at it was found necessary that 1,500 sq. miles of forests would be absolutely wanted for the supply of timber and other requirements of the people of the State. At that time the total area under forests was about 2,400 sq. miles. Then it was pointed out that the 2,400 sq. miles consisted of about 200 sq. miles of land coming within the Periyar Project and about 500 sq. miles in the cardamom reserve and another 200 sq. miles under estates owned by companies which left barely 1,500 sq. miles to meet the requirements of the State. Sir, in a State like ours which is more or less hilly and which slopes abruptly on one side it is highly necessary that all our hills should be clothed with forests. Otherwise the damage done on account of the heavy rain fall will be too much and the low lands will all be flooded while the rivers would be silted. We had experience of this recently during 1924 when there was heavy flood. Rivers which were once navigable for boats have now become almost impossible for boat traffic. For instance, in the Periyar at Malayattoor, boats used to go freely up to the Malayattoor village but now they do not go beyond Moodikkal and even up to Moodikkal, it is with great difficulty the boats are taken. In this country therefore it is absolutely necessary that we should have an extensive forest. Though it may not be very acceptable from the point of view of some, it is still our duty to see that the future of the State is preserved. We can cite several instances where, on account of destruction of forest,

[Mr. R. Dhanukoti Pillai.]

people had later on to mourn for the work done by their forefathers. In China for instance, without caring, the people went about destroying forests. What is the result? Every little excess in rainfall there, brings a huge deluge in the river and thousands of sq. miles are flooded. Recently also we heard of high flood in the river Yangtsekeyong as a result of which 50 lakhs of people are in difficulties. But we do not want to go so far to China. Our experience here will show that the policy of the department ought to be maintained at least for our own preservation.

Then it was pointed out that every year the area under reservation is being increased.

Mr. M. Govindan: May I ask whether it is as a result of denudation of the forests in China that they now have floods there?

Mr. R. Dhanukoti Pillai: Yes, it is so; that is what Forest Officers say.

Mr. M. Govindan: We had floods here last year. Is it the member's view that our floods were due to the denudation of forests here?

Mr. R. Dhanukoti Pillai: I should thank Mr. Govindan for reminding me about that. Sir, there is the widespread impression that it is our forests that are responsible for the rain here. As a matter of fact, rains are formed far away in the ocean and are only deposited here. But, had it not been for our forests, the whole water would have run down immediately, and there would have been floods everywhere. The forests act like a sponge, and, retain the rain water and let it down slowly.

Mr. M. N. Paramesvaran Pillai: Does the member suggest that forests have nothing to do with rain fall?

Mr. R. Dhanukoti Pillai: Yes, that is the latest theory.

Mr. K. P. Nilakanta Pillai: If that is so, may I take it that the theory of 'cut off', 'run off' and 'fly off' is no more applicable to forests?

Mr. R. Dhanukoti Pillai: That is what I say Forests act only as a sort of sponge, keep the water and let it down little by little. But for our forests, as I have already explained, the rain water will run down our steep hills and rush into the sea, and there will be huge deluge and floods in the country.

Mr. K. P. Nilakanta Pillai said that, every year, we were increasing the area under forests. It is not so. Our reserve forests are being demarcated finally; and naturally, any excess area

found out in the final survey will be added on to it. After all, such excess has been very little comparatively, and it is due to final survey and modification under Section 18 of the Regulation.

Mr. P. Padmanabhan Tampi (*Kalkulam* cum *Vilarankod*) : May I know the total area of forests in Travancore ?

Mr. R. Dhanukoti Pillai : Nearly 2,400 sq. miles.

Mr. P. Padmanabhan Tampi : The area of forests in Mysore ?

Mr. R. Dhanukoti Pillai : I have no information.

Mr. P. Padmanabhan Tampi : The total area of forests in British India ?

Mr. R. Dhanukoti Pillai : That information also is not now available.

Mr. K. P. Nilakanta Pillai : May I draw the attention of the Conservator to the following passage in the G. O.

> " At the close of the year, the area under Reserve Forest *rose* to 2,397 sq. miles and 39 acres." ?

Mr. R. Dhanukoti Pillai : It must be compared with the area given for the previous year.

Mr. K. P. Nilakanta Pillai : What I said was that the area of our forests was increasing ; and the Conservator said that it was not so. May I ask him whether the statement, in the G. O. which I have just now quoted, is not correct ?

Mr. R. Dhanukoti Pillai : It is not quite correct. If the member would refer to the body of the report, he will find that there has not been any increase worth mentioning. There is some slight increase of one or two sq. miles ; and that is due to the final settlement of our forests under the Regulation.

It was pointed out, Sir, that our population is increasing at the rate of 1 lakh per year, and that, therefore, more area must be disafforested and thrown open for cultivation. That question has been considered carefully by Government ; and judicious disafforestation is the policy of Government. The department has all along been following that policy. Wherever Government have found lands, within the forests, which could be brought under cultivation to the benefit of the people, such land has been disafforested and thrown open for cultivation. When the western outlet road was opened for instance, it was found that the road passed through reserve forests for several miles. Government considered that it would be useful if villages were helped to come up on either side of that road; and, therefore, about 1,400 acres were disafforested and thrown open

[Mr. R. Dhanukoti Pillai.]

for registry. Likewise, recently, after the opening of the Neriamangalam-Pallivasal road, we have disafforested about 3,000 acres.

In regard to the question of registering swampy areas, within our forests, for paddy cultivation so that our output of paddy can be increased and Travancore may be made self-sufficient in the matter of paddy, that question also was carefully considered, and committees were appointed in the various taluks to find out whether there were such swamps. And, disafforestation of such swamps is going on. Of course, some members referred to the delay in such disafforestation of land. Sir, Government machinery is rather elaborate. After we disafforest land, it is transferred to the Revenue Department for registry. Naturally, it takes time. In regard to this matter, Government are so keen that they insist on monthly statements showing the progress of disafforestation and registration work.

Mr. J. John Kattakayam referred to the Pallivasal road and to the extensive felling going on. Evidently the felling that he referred to is round about the Pallivasal Power House. The buildings at Pallivasal consume a lot of timber. That area is not within our forests. It is land at the disposal of the Government and available for registry. One cannot expect all the timber, necessary for the Power House, the dwelling houses for the staff and for the office building, to be brought from distant forests. Naturally, the timber available in the locality is felled and made use of. Mr. John Kattakayam has seen a lot of timber on the road side on the way to Munnar, and he refers evidently to that.

Mr. K. P. Nilakanta Pillai: May I know something about the activities of the Game Warden?

Mr. R. Dhanukoti Pillai: Mr. John Kattakayam also referred to the death of elephants. Sir, there has been an increase in the deaths of elephants both within the forests and in the Malayattoor division during the recent capture of elephants. Government have been intimated of it, and the matter is being enquired into. Deaths in the forests are, evidently, due to indiscriminate shooting consequent on the indiscriminate issue of gun licences, and also due to the throwing open, for cultivation, of land inside the reserve forests. The registered holders of such lands, naturally, have to protect their property. It is easy for them to get gun licences; and, naturally when they send shots, occasionally, an elephant gets wounded and it dies somewhere. This year, in the Malayattoor division, out of the 6 elephants that were caught, 3 died.

As a result of the enquiries conducted by the D. F. O., it is understood that, when big animals fall in the pit, they easily get injured and do not survive. Young elephants which we get in the pits are quite all right. That is the reason for the recent deaths of the 3 elephants in the Malayattoor division.

Another subject that was prominently brought to the notice of the House by some of the honourable members is the question of increasing the cultivation of sandal wood and the development of the sandal wood industry. Evidently, Honourable members are under the impression that sandal wood will grow very well in Travancore. I may inform the House, Sir, that, on account of excessive rainfall, it will not grow well in Travancore. Only in a place called Marayoor in Anjanad there are a few square miles under sandal wood. Last year we got from this area only about 262 maunds (about 1½ tons), of sandal wood for sale. It is certainly not possible to think of any sandal wood industry with such a small quantity of sandal wood.

Mr. H. O. L. Marikar : Then why not have more extensive cultivation of sandal wood in that area in Anjanad ?

Mr. R. Dhanukoti Pillai : That is what we are doing. Sandal wood, Sir, as the members are aware, is a royalty. Therefore the people in that locality in Anjanad complained that, as there were sandal wood sprouting in their fields everywhere, they were not able to cultivate their fields. The department went to their help, paid them compensation and are now developing a sandal wood plantation there. As I said, that is the only place in Travancore where sandal wood will grow.

Mr. K. P. Nilakanta Pillai : Sir, I want a small deer ; I want to know whether the Game Warden will be able to supply me one ?

Mr. R. Dhanukoti Pillai : In regard to the Game Warden Sir, after the discussion in this House last year, Government thought that the appointment of a Game Warden was necessary, and they issued their proceedings wherein the need for a Game Warden for Travancore has been fully explained. And, as the House is aware, Mr. Robinson has been appointed as Game Warden.

Mr. M. N. Paramesvaran Pillai : What is his special qualification for the post ?

Mr. R. Dhanukoti Pillai : He has been in the country for so many years, and.........

Mr. M. N. Paramesvaran Pillai : Was he living in our forests ?

Mr. R. Dhanukoti Pillai: He was a keen sportsman and a good shikar. He was taking keen interest in the preservation of game. He might have occasionally shot game here and there. That is no disqualification for the post.

Mr. A. N. Visvanatha Pillai: ഗെയിംവാർഡന്റെ നിയമനത്തിന് ശേഷം മൃഗങ്ങൾ വർദ്ധിച്ചിട്ടുണ്ടോ?

Mr. R. Dhanukoti Pillai: No census has been taken. There cannot, obviously, be any increase in the number of games immediately after the creation of the post of a Game Warden.

Mr. M. N. Paramesvaran Pillai: Is the Game Warden working under the Conservator of Forests?

Mr. R. Dhanukoti Pillai: Yes.

Mr. M. N. Paramesvaran Pillai: May I know what work he has turned out during the last one year?

Mr. R. Dhanukoti Pillai: He inspected the forests and has sent up proposals for better breeding and for better preservation of game especially in the catchment area of the Periyar Project. He has also been doing propaganda work, by publications in the papers, for the preservation of game. He attended the meeting of the Game Preservation Society, at Madras, organised by His Excellency the Governor.

Mr. K. K. Thomas: Are there Game Wardens in other places?

Mr. R. Dhanukoti Pillai: There is one in Burma. There is one also in the Central Provinces.

Mr. M. N. Paramesvaran Pillai: May I ask whether wild birds are also under his control, or only beasts?

Mr. R. Dhanukoti Pillai: Birds also are under his control. It is his main duty to prevent indiscriminate destruction of all animals and birds.

Mr. M. N. Paramesvaran Pillai: Is it the practice in other countries also to appoint only retired officers as Game Wardens?

Mr. R. Dhanukoti Pillai: In Burma, the Game Warden is a retired forest officer.

Mr. K. Madhavan Pillai (*Trivandrum*): Is the appointment of a Game Warden an Inter-Statal obligation?

Mr. R. Dhanukoti Pillai: In a way it is.

Mr. K. P. Nilakanta Pillai: I beg to withdraw my opposition.

Chairman: മിസ്റ്റർ ജാൺകട്ടക്കയം പ്രമേയത്തെ പിൻവലിക്കുന്നുവോ, പ്രസ്സ് ചെയ്യുന്നുവോ?

Mr. J. John Kattakayam: ഡിപ്പാർട്ടുമെന്റിലുള്ള ഭരണവൈകല്യങ്ങളെ പരിഹരിയ്ക്കാമെന്നു ഡിപ്പാർട്ടുമെന്റുമേലദ്ധ്യക്ഷൻ മറുപടിപറഞ്ഞിരിയ്ക്കുന്നതുകൊണ്ട് ഞാൻ പ്രമേയം പിൻവലിയ്ക്കുന്നതിനു അനുവാദം ചോദിച്ചുകൊള്ളുന്നു.

The motion was, by leave, withdrawn.

Chairman: I put Demand IX—Forest for Rs. 7,97,937.

The grant was made.

Mr. M. Govindan: The chronometer is so far away from us that none of us is able to make out the time. It may be placed somewhere nearer.

The House adjourned for lunch at 1 P. M., and reassembled at 2 P. M., Mr. Kochikal P. Balakrishnan Tampi presiding.

MEMBER SWORN.

Mr. James Simpson, M. B. Ch. B., Darbar Physician, took the oath and signed the rolls.

DEMAND X—POLICE.

Rao Bahadur N. Ramanuja Aiyangar: Sir, I rise to move for a grant not exceeding Rs. 7,15,222 under Demand X—Police.

Mr. K. P. Nilakanta Pillai: Sir, I oppose the demand. From the report of the administration of the Police Department several important matters ought to be noticed by this House and by the Government. The first is the increase in the number of cases regarding false currency and coinage This increase is phenomenal. Second is the inefficiency of the Police Inspectors, especially those who are in charge of the prosecuting work and also those who are in charge of the investigation. The Commissioner may remember that even during the last session of the Legislative Council the attention of the Police Commissioner was drawn to the fact that the energy of the department has to be concentrated upon this false coinage which is becoming a menace to the country and is causing great inconvenience to the public.

I appreciate the new idea of the Police Department to start a Criminal Investigation Bureau in the Head Office to trace and investigate the history of the criminal tribes and organised offenders and all that. Probably, the experience of the Commissioners who are borrowed from time to time from British India might have recommended such a novel branch in our Police. But my point is that the Commissioner need not labour with reference to this branch of the administration, because in Travancore there are not known

[Mr. K. P. Nilakanta Pillai.]

criminal tribes and I have yet to hear of organised offenders engaged in one sort of offence or another. Therefore, more energy of the department has to be diverted to this false coinage and currency cases which have increased from 13 in 1107 to 28 in 1108. That is an abnormal increase and I ask the question, when more C. I. D. Inspectors were demanded by the Commissioner of Police and more were granted, what exactly is the work done by the C. I. D., while offenders on this account are increasing from year to year.

Then, with reference to the work of the investigating officers, I will simply draw the attention of the Police Commissioner to some of the very cutting remarks passed by the High Court about the defects of investigation in more important cases like murder and other cognisable offences. The conviction also has gone down in percentage. The defect rests on the question of recruitment as Police Inspectors and Prosecuting Inspectors. Raw graduates and others who are incompetent, on account of some other considerations, are recruited when the best talent is available in the country. I refer to the graduates-in-law who are practising in our Courts in any number and who will satisfy the requirements of the Police Department for recruitment either as Police Inspectors in charge of investigation or as Prosecuting Inspectors. Sir, I have come across some of the specimens of the Prosecuting Inspectors prosecuting cases and I am not at all surprised why the percentage of conviction has gone down and why the High Court had to pass cutting remarks about the inefficiency of the Police Department as a whole. I am of opinion that still the Police Department is provided with some old model Inspectors who do not know exactly what their work is, who prove themselves to be a puppet in the hands of either the Head Constable or the Writer in charge of the Police Station and who do not know how to investigate cases on their individual merits. There is no reason therefore for surprise when we find that cognisable offences are on the increase while the investigation is poor and the percentage of convictions has gone down. So, the whole system of recruitment of Police Inspectors and Prosecuting Inspectors has to be changed. Capable men who can handle such cases are available in Travancore. Therefore, the Police Commissioner should see that competent young lawyers who know how to investigate cognisable cases and who know how to conduct the cases before the Magistracy should be recruited hereafter. The Police Commissioner should also see that the old model Inspectors in the department are sent

away and I hope that this House will not grudge even if they are given the full pension even though they are not entitled to it.

Mr. M. Govindan: May I know from the member whether practising law graduates will be available as candidates for recruitment as Police Inspectors?

Mr. K. P. Nilakanta Pillai: Many.

Mr. Kayalam Paramesvaran Pillai *(Additional Head Sirkar Vakil)*: Within the age of 25?

Mr. K. P. Nilakanta Pillai: Oh, yes. Many could be found and I am prepared even to send a list provided there is anybody to call for such a list.

Mr. Komilezhathu Sankaran: May I know from the member whether competent practising lawyers would be available to accept the post?

Mr. K. P. Nilakanta Pillai: I say emphatically yes. Therefore, no further question arises on that topic.

Mr. K. Madhavan Pillai: Are not the Prosecuting Inspectors graduates in law themselves?

Mr. K. P. Nilakanta Pillai: There may be one or two among them who are graduates in law.

Mr. P. Padmanabhan Tampi: May I know whether they have sufficient practice in conducting cases even though they are graduates in law?

Mr. K. P. Nilakanta Pillai: Even though they are graduates in law, they were recruited as ordinary graduates. They have no experience in investigation work; they have no experience in the procedure to be followed in Courts and they do not know how to conduct cases. Therefore, the flimsy foundation on which these people build up their cases collapses when it goes to the High Court.

Mr. S. Piraviperumal Pillai: May I know whether lawyers who command good practice will take a job as Inspectors of Police?

Mr. K. P. Nilakanta Pillai: If lawyers who command good practice are not available, lawyers who are getting less practice are prepared to accept that post.

Then again, Sir, the Commissioner of Police has to realise the fact that he is given a gradation of Officers as D. S. P's, A. S. P's and so on so that the public grievance is pressed upon the attention of the Department with more energy and more results. Therefore if the Police Commissioner is of opinion that he has not got to move when a grievance is taken to him by a client against the D. S. P. or the A. S. P. or the Inspector in charge of a Police Station,

[Mr. K. P. Nilakanta Pillai.]

my submission is, that in such a case there is absolutely no use having the Commissioner, the D. S. P's and the A. S. P's above the inferior officers of the Department. Every client and every vakil on behalf of his client who has a complaint has a right to be heard by the Police Commissioner. Therefore, to that aspect of the question, the Police Commissioner has to pay more attention. Sir, I do not want to take up the time of the House by dilating on the corrupt practices which are prevailing in the department. But when a serious case is being investigated by a Police Inspector, when the party is affected by that case and when the party is prejudiced by the inspecting officer who is investigating that case and when he approaches the Police Commissioner, I say for the efficiency of investigation and for meeting out justice to the parties affected by this serious case, the Police Commissioner ought to call off the investigating officer in that particular case and any other competent man ought to be put in his place for the investigation of that case.

Mr. J. John Kattakayam: സർ, ഉപക്ഷേപത്തെ ഞാൻ പിൻതാങ്ങുന്നു. പോലീസ്സ് ഡിപ്പാർട്ടുമെൻറിലെ അഴിമതികളെപ്പററി പറയുന്നതിനാണ് ഞാൻ ഉപക്ഷേപത്തെ പിൻതാങ്ങുന്നതു്.

Mr. Komilezhathu Sankaran: ഈ സംഭവം ഏതു കമ്മീഷണരുടെ കാലത്താണു് നടന്നതു്?

Mr. J. John Kattakayam: ഇന്നത്തെ പോലീസ് കമ്മീഷണർ റാവുബഹദൂർ രാമാനുജയ്യങ്കാരുടെ കാലത്ത് അദ്ദേഹം ചാർജ്ജ് എടുത്ത് അദ്ദേഹത്തിന്റെ യോഗ്യതകൾ വെളിപ്പെട്ടതിന് ശേഷമാണ് ഇതു് നടന്നിട്ടുള്ളതു്. കമ്മീഷണറുടെ മുമ്പാകെവച്ച് ഈ വിധം പ്രവർത്തിച്ച സ്ഥിതിക്ക് ഇതരസ്ഥലങ്ങളിൽ അടിക്കടി ഉണ്ടായിക്കൊണ്ടിരിക്കുന്ന അനാശാസ്യസംഭവങ്ങൾ എത്രമാത്രമെന്ന് ഏകദേശം ഊഹിക്കാവുന്നതാണ്. എനിക്ക് അതിനെപ്പററി പലതും പറയാനുണ്ടെങ്കിലും ട്രാഫിക്കിനെ സംബന്ധിച്ച് അല്പം പറയാതെ നിവൃത്തിയില്ല. എന്റെ പൂർവ്വസ്നേഹിതൻ മിസ്റ്റർ കുന്തിത്തൊമ്മൻ സ്വന്തം കാർ വച്ച് ഉപയോഗിച്ചുവന്നു. സാമ്പത്തികാധഃപതനം വന്നതോടുകൂടി അതിനെ ഉപേക്ഷിക്കേണ്ടതായി വന്നു. എനിക്ക് സ്വന്തം കാറില്ലെങ്കിലും സ്പെഷ്യൽകാർ പിടിച്ച് പോയിക്കൊണ്ടിരുന്നു. റബ്ബറിന് നല്ല വിലയുണ്ടായിരുന്നപ്പോൾ ഞാൻ ആദായനികുതിയും കൊടുത്തു വന്നിരുന്നു. മോട്ടാർ വന്നതോടുകൂടി ഗതാഗതത്തിന് വിഷമമില്ലായിരുന്നു. യൂണിയനായപ്പോൾ കൂടുതൽ കൂലി, ഗതാഗതസൗകര്യമില്ലായ്മ ഇവവർദ്ധിച്ച് ഇപ്പോൾ യൂണിയൻ കൊണ്ടുണ്ടാകുന്നതുപോലെയുള്ള വിഷമം മുമ്പില്ലായിരുന്നു. ഇപ്പോൾ ഓവർലോഡ് ധാരാളമുണ്ട്. ആൾ കിട്ടിയില്ലെങ്കിൽ വളരെ താമസിക്കേണ്ടിവരും. കാലത്തെ ബസ് സ്റ്റാൻറിൽ ചെന്നാൽ ഉച്ചക്ക് ഊണും കഴിച്ചിട്ടേ പോകാൻ സാധിക്കയുള്ളു. ക്ലിപ്തസമയത്ത് വണ്ടിവിടണം. ഇടക്കുള്ള സമയം ഉപേക്ഷിക്കുവാനുള്ള സ്വാതന്ത്ര്യം കൊടുക്കരുതു്.

നല്ല വസ്ത്രം ധരിച്ചു കൊണ്ടു മോട്ടാറിൽ യാത്ര ചെയ്യാൻ സാധിക്കുകയില്ല. ആരു് വണ്ടിയിൽ കയറി ചാരി ഇരിക്കുന്നുവോ ആ ആളിന്റെ ഒരു ഫോട്ടോ തൽക്ഷണം അതിൽ പതിയുന്നു. അതുകൊണ്ടു ബസ്സുകൾ വൃത്തി ആക്കി വൈക്കാൻ പ്രത്യേകം ഏർപ്പാടുചെയ്യണം.

Mr. Komilezhathu Sankaran: സാമ്പത്തികാധഃപതനം മോട്ടാർ ഉടമസ്ഥന്മാർക്കും ഇല്ലേ?

Mr. J. John Kattakayam: മോട്ടാർ ഉടമസ്ഥന്മാരുടെ കാര്യമല്ല ഇവിടെ പറയുന്നതു് പബ്ലിക്കിന്റെ കാര്യമാണ്?

ഇനിയും പെർമിററ് എന്നൊരു ഏർപ്പാടു വച്ചിട്ടുണ്ട്. അതു കിട്ടുവാൻ വളരെ വിഷമം. ഞാൻ തന്നെ പലരെയും കൊണ്ടു് ഒപ്പിടുവിച്ച്, പാലായിൽനിന്നും തൊടുപുഴ വഴി കാഞ്ഞൂററിലേക്കു ഒരു ബസ്സ് സർവീസിന് പെർമിററു കൊടുക്കണമെന്നപേക്ഷിച്ചു. പെർമിററു

കൊട്ടത്തതിന്റെ അടുത്തയാഴ്ചയിൽ പെർമിററ് ക്യാൻസൽ ചെയ്തു എന്നറിഞ്ഞു വീണ്ടും അപേക്ഷിച്ചു. അപ്പോൾ തൊടുപുഴ വരെ അനുവദിച്ചു. അതു പോരാ. അതിനെ പൂർവ്വസ്ഥിതിയിൽ ആക്കിത്തരണം. തോന്നുമ്പോൾ പെർമിററ് ന്യായരഹിതമായി ക്യാൻസൽ ചെയ്യുന്ന നയം തികച്ചും ആക്ഷേപാർഹമാണ്. മേലാലെങ്കിലും ഈ മാതിരി അനാശാസ്യ സംഭവങ്ങൾ ഉണ്ടാകാതിരിക്കുന്നതിന് കമ്മീഷണർ ശ്രദ്ധിക്കുമെന്നു വിശ്വസിക്കുന്നു. മെസ്സേർസ് ബി. നാണുപിള്ള, ഡാനിയൽ, എന്നിങ്ങനെ സ്വദേശികളായ ചിലർ കുറച്ചുകാലം കമ്മീഷണർ ഉദ്യോഗം നോക്കി. അന്നു കാര്യക്ഷമതക്കു യാതൊരു ഭംഗവും വന്നില്ല. പിന്നെ എന്തു കൊണ്ടാണ് ഈ ഉദ്യോഗം നാട്ടുകാൎക്കു കൊടുക്കാൻ പാടില്ലാത്തതെന്നു ഞാൻ ചോദിക്കുന്നു.

എ. എസ്. പി. മാർ ആവശ്യമില്ലെന്നു പല കൌൺസിലിലും പലപ്പോഴും ജനപ്രതിനിധികൾ പ്രസ്താവിക്കുകയും നിശ്ചയങ്ങൾ പാസ്സാക്കുകയും ചെയ്തിട്ടുണ്ടെങ്കിലും ഇതുവരെയും ആ ഉദ്യോഗങ്ങൾ നിൎത്തൽ ചെയ്തിട്ടില്ല. പോലീസുകാരേയും ഇൻസ്പെക്ടരേയും തൃപ്തിപ്പെടുത്താൻ വളരെ വിഷമമാണ്. കുറച്ചു വല്ലതും കൊടുത്താൽ അവൎക്ക് പോരാ. ആ സ്ഥിതിക്കു എ. എസ്. പി മാരെ തൃപ്തിപ്പെടുത്തുക സുസാദ്ധ്യമൊ? ഈ ഉദ്യോഗം വെറും അനാവശ്യമെന്നു എത്ര തവണ പറഞ്ഞാലും അതു് അധികമായി എന്നു വരുന്നതല്ല.

ഇനി പാലായിൽ നടന്ന ഒരു സംഭവത്തെപ്പററി പറയാം. മുമ്പ് അവിടത്തെ അന്തരീക്ഷം കലങ്ങി മറിഞ്ഞിരുന്നു. ഇപ്പോൾ പൂർവ്വസ്ഥിതിയിൽ ആയിട്ടുണ്ട്. എങ്കിലും ഒന്നുകൂടി അതിനെ കുത്തിയിളക്കാൻ നിരുത്തരവാദികൾ ശ്രമിക്കുന്നുണ്ട്. ഇതിൽ മീനച്ചൽ പോലീസിനു ഏതൊ ഒരു കയ്യുണ്ടെന്നു അനുമാനിക്കുവാൻ പല കാരണങ്ങളും ഇല്ലാതില്ല. ഇൻസ്പെക്ടർ സ്ഥലത്തില്ലാതിരിക്കുന്ന അവസരത്തിൽ പാറാവ് കാക്കുന്നവർ അല്ലാതെ മററു പോലീസ്സുകാർ ആരും സ്റ്റേഷനിൽ കാണുന്ന പതിവില്ല: മീനച്ചൽ താലൂക്ക് കേരളക്കരയിലെ ക്രിസ്ത്യാനികളുടെ വിശേഷിച്ച് കത്തോലിക്കാ ജനതതിയുടെ ഒരു സങ്കേതസ്ഥലമാണ്. അവിടെയുള്ള കമ്പോളമദ്ധ്യത്തിൽ ക്രിസ്ത്യാനികൾ നിബിഡമായി അധിവസിക്കുന്നു. പ്രസ്തുത സ്ഥലത്തു് പ്രതിഷ്ഠിച്ചിരുന്ന പരിശുദ്ധ കന്യകമറിയത്തിന്റെ സ്വരൂപം അർദ്ധരാത്രിക്കു ശേഷം ഏതൊ കുബുദ്ധികൾ ബലമായി പ്രസ്തുതകപ്പേളയിൽ പ്രവേശിച്ച് താഴെ തള്ളിയിട്ടു ഛിഹ്നഭിന്നമാക്കിയതു കൂടാതെ മലമൂത്രവിസർജ്ജനം

Chairman : മിസ്റ്റർ കട്ടക്കയം ഈ സംഗതിയേപ്പററി സംസാരിക്കരുതു്. അതു ലാ കോർട്ടിൽ നടന്നുകൊണ്ടിരിക്കുന്നതായിരിക്കും.

Mr. J. John Kattakayam : കേസ്സു ചാർജ്ജുചെയ്തതായി അറിഞ്ഞുകൂടാ. എനിക്കുനേരിട്ടു അറിവാൻ കഴിഞ്ഞിട്ടുള്ള അനുഭവങ്ങൾ ഒരു കണ്ണാടിയിലെന്നതുപോലെ ഇവിടെ പ്രകാശിപ്പിച്ചു എന്നേയുള്ളു.

എന്റെ നിയോജകമണ്ഡലത്തിൽനിന്നു മലയാളപത്രിക എന്ന അഭിധാനത്തോടുകൂടിയ ഒരു പ്രതിവാരികപത്രമുണ്ടു. ആ പത്രത്തിൽ കോതമംഗലം ഇൻസ്പെക്ടർ എം. പി. തോമസ്സും ഏതാനും പോലീസുകാരുംകൂടി ഒരു ബസ്സിൽ ഓവർലോഡ് കയററിവന്നതിനെപ്പററി ഒരു ലേഖനം എഴുതിയിരുന്നു.

Chairman. വർത്തമാനപത്രത്തിൽകാണുന്നവാർത്തയെ അടിസ്ഥാനപ്പെടുത്തി ഈ സഭയിൽ സംസാരിച്ചുകൂടാ.

Mr. J. John Kattakayam : പത്രപ്രസ്താവനമാത്രമല്ല, അന്നു ഡി. എസ്. പി. യാത്രാമദ്ധ്യേ കണ്ടുമുട്ടി പിടികൂടി റിക്കാർട്ടാക്കി. എന്നാൽ ഈ വിവരം ഞാൻ കമ്മീഷണർക്കു എഴുതി അയച്ചതിൽ

അദ്ദേഹം അതിനെ കാര്യമായി കരുതി ഏതാവൽപര്യന്തം പ്രവർത്തിച്ചിട്ടുണ്ടോ എന്നും സംശയിക്കേണ്ടതായിട്ടാണിരിക്കുന്നതു. ഏതായാലും കമ്മീഷണർ തന്റെ ജോലിയിൽ പൂർവാധികം ശ്രദ്ധപതിപ്പിച്ചുതന്നിക്കു ഇപ്പോൾ നേരിട്ടിരിക്കുന്ന ശോചനീയസ്ഥിതിയെ പരിഹരിക്കുമെന്നു വിശ്വസിക്കുന്നു.

Rao Bahadur N. Ramanuja Aiyangar: Sir, may I know the time allotted for the member to speak?

Chairman: A minute more.

Mr. P. Padmanabhan Tampi: May I know whether the official member can ascertain the time? Is it in his power? I think the Chair is seeing to that.

Chairman: It is a matter of courtesy between the member and the Chair.

Mr. J. John Kattakayam: സർ, എനിക്കു തിരുവിതാംകൂർ പോലീസുകാരുടെ അഴിമതികളെപ്പററിധാരാളം പറയാനുണ്ടു്. എന്റെ സമയം ഇവർ അപഹരിക്കുന്നു.

റാവുബഹദൂർ രാമാനുജഅയ്യങ്കാർ ഇവിടെ പോലീസ്സുകമ്മീഷണർ ആയിവരുന്നു എന്നു കേട്ടപ്പോൾ തിരുവിതാംകൂറുകാർക്കു ആകമാനം വളരെ അഹ്ളാദം ഉണ്ടായിരുന്നു.

Chairman: Your time is up.

Mr G. Narayana Aiyar: Sir, very little useful work seems to have been done......

Chairman: A little louder please.

Mr. G. Narayana Aiyar: Very little useful work seems to have been turned out by the A. S. P's. It has been brought to the notice of this House that their existence is unnecessary. They were not in existence before. When we have got the D. S. P's and a number of Police men responsible, why should we have a set of officers like the A. S. P's? It is merely a waste of public money and may not be of any use. So it is high time that this post be abolished and so much amount saved.

In regard to the matter of traffic I have to bring a few facts to the notice of the responsible officers of Government. Motor buses do not as a rule leave their places at the scheduled times. There are several timings for various buses at which they can quit the station. They generally do not leave the station unless they get sufficient number of passengers. They wait and wait till they think that the whole bus is full. Till then they do not leave the station. The passengers knowing of certain scheduled times start with an idea that they can reach particular places at particular times for

[Mr. G. Narayana Aiyar.]

transacting important business. When they go to the station they find that the motor driver or the conductor is not prepared to leave the bus from the station because he has not got the full number of passengers. That causes serious loss and inconvenience to the passenger. What I submit is to restrict the time for every bus as little as possible so that they may leave the station at the fixed timings without caring for the number of passengers and waiting till they get sufficient number of passengers. Government Officers do generally start on circuit with the idea of reaching certain places at a particular time. School boys, people who have to go to courts and several other professional men all start with the idea of reaching the destination at certain fixed time by taking a particular bus which ought to start at a particular time. Generally they are disappointed. There is absolutely no control. At present there are no notice boards showing timings. Notice boards should be placed in all important stations so that the passengers can ascertain when a particular bus will leave the station. If there are such visible boards in important stations they will relieve much of the difficulties of the passengers. There are also no sufficient accommodation for passengers for waiting. Females and children going to the motor station have to wait in the hot sun and are affected much by the exposure to sun and rain.

In this connection I would bring to the notice of the Commissioner that at Perumbavur we have an Assistant Peishkar's office, a High School, a dispensary, a Munsiff's Court and other public offices and yet that place is not treated as a starting station. Anybody who has to reach Perumbavur has to wait and take the bus which runs from Alwaye to Muvattupuzha. It is highly necessary that Perumbavur should be made a starting station. I bring to the notice of the Commissioner that fact also.

In certain places these motor drivers form into a company and they create all sorts of difficulties. When they form into companies they do not care for the convenience of the general public. They do not care for the convenience of the passengers. None of the Union buses leave the station in time. Officers of the traffic department are as a rule at the beck and call of the bus owners and drivers. That also is a very serious difficulty. So I would bring to the notice of the authorities that strict orders should be issued to the motor drivers that they should leave the station in time.

Mr. S. Piraviperumal Pillai: May I know from the member, if these buses are allowed to run without passengers, how long they can continue to do so?

Mr. G. Narayana Aiyar: Let them not run.

Mr. S. Piraviperumal Pillai: May I know whether, in that case, it will not add to the difficulties of the passengers?

Mr. G. Narayana Aiyar: No. Somebody will come in and compete with the profession or the public will make their own arrangements.

Mr. S. Piraviperumal Pillai: Does not the member know that nobody will run buses without any passengers?

Mr. G. Narayana Aiyar: If they take to this profession they have to look to the convenience of the passengers. If they find that difficult they need not run the buses.

I bring these matters to the serious attention and consideration of the Commissioner and the authorities concerned.

Mr. C. M. Mr. C. M. Mr. J. John Kattakayam : ഈ കമ്മീഷണർ ഈ നാട്ടിൽ വന്നതിനുശേഷം അദ്ദേഹത്തിന്റെ സഞ്ചാരം കുറവാണെന്നു് മെമ്പർക്കു അറിയാമോ?

Mr. C. M. Joseph : അറിയാം. അതിന്നു് പ്രത്യേകം കാരണവുമുണ്ടു്. ഈ രാജ്യത്തെ സ്ഥിതിഗതികൾ മനസ്സിലാക്കുന്നതിന്നു് കുറെ സമയം വേണം; കൂടാതെ തലസ്ഥാനത്തു് അദ്ദേഹത്തിനു ചുമതലയേറിയ ജോലികളുമുണ്ടായിരുന്നു. അതുകൊണ്ടു് അടുത്തകൊല്ലത്തിൽ അദ്ദേഹം തൃപ്തികരമായി സർക്കീട്ടു നടത്തുന്നതാണു്. ഇത്രയും പ്രസ്താവിച്ചു കൊണ്ടു എന്റെ പ്രസംഗം അവസാനിപ്പിച്ചു കൊള്ളുന്നു.

Mr. M. N. Paramesvaran Pillai : Sir, those of us who have seen British India will admit that the morale of our police force is on the whole far better than that of any police force in British India. But I believe, Sir, there is still much scope for improvement. All that is now found lacking is the want of proper and efficient supervision and control by the superior officers. More vigilance and alertness have to be shown by the department in every branch of its activities, whether it be in the general or in the C. I. D. or in the traffic section. The traffic section has always come up for much adverse criticism and that is because it has not been able to do any substantial good to the public. In spite of the Traffic Police to regulate and control the traffic, the number of motor accidents has only increased. The number has increased from 84 in 1107 to 99 in 1108. The department is found to be unable to enforce the rules to prevent rash driving even in this city. Some of the motor cars and buses are being driven at present without proper lights. If you happen to go along the Trivandrum main road on any evening you will find that no car or bus, whether belonging to Government or to private persons, driven along the road strictly observes the rule regarding lights.

Then again, from the administration report of the department for the year 1108 we find that the percentage of conviction of true cases of cognisable crime, excluding nuisance cases and cases in which investigation was refused, has fallen from 58·1 in 1107 to 50·3 in 1108. The number of crimes of graver kind rose from 1062 in

1107 to 1102 in the year 1108 and the percentage of conviction in these cases has also fallen from 92·4 in 1106 to 89·5 in 1107 and 88·1 in 1108. The number of murders has equally increased from 87 in 1107 to 121 in 1108. The number of false coinage and currency notes rose from 13 in 1107 to 28 in 1108.

All these, Sir, do indicate that the efficiency of the department has been steadily deteriorating.

Mr. P. Padmanabhan Tampi: Is the member aware of the remarks made by the honourable High Court in a recent case published in the Law Report?

Mr. M N. Paramesvaran Pillai: Yes, and the member may conveniently refer to that.

The department pays absolutely no attention to enforce the provisions of the Cattle Trespass Regulation and the rules framed thereunder. No attempt is made by this department to impound stray cattle which cause great trouble and inconvenience not only to pedestrians and school going children but also to vehicular traffic. In putting down nuisances within municipal areas the Police Department does not at all co-operate with the local municipal bodies. As it is, the Municipal Councils find it difficult and unable to effectively prevent the commission of nuisances, for nowhere in the Municipal Regulation nuisance is declared an offence.

The C. I. D. branch of the Police Department needs thorough overhauling. We doubt whether this section is doing any useful service at all. In spite of the C. I. D. system several graver crimes remain undetected even today. Merely because we have got C. I. D. branches in British India should we also maintain such a system here? I do not think there is very great necessity in Travancore for this branch of the Police Department.

Mr. H. O. L. Marikar: Sir, we expected much from an officer of the stamp of Rao Bahadur Ramanuja Aiyangar, but we are totally disappointed. He has left things to lie as they were. No harm. But what has happened is that just before his coming here a batch of young boys was recruited to the police as Traffic Inspectors. These at least had to be controlled. In the matter of A. S. P's and D. S. P's if our Commissioner left them as they were, of course, they are experienced men, they could look after the police work without much of direction. These inexperienced men are put in charge of places like the D. S. P's so far as traffic is concerned; and as they have come out of the school with only a mechanical knowledge of motor driving and without any administrative experience that they should be left alone is most queer indeed. This has come to a position something like a Pasha of old purchasing an office in the middle ages.

[Mr. H. O. L. Marikar.]

They are masters without any control at all. That corruption is rampant in the department is well-known and there is cry made all over the country, on platforms and in the press, about this, and in several cases by direct petitions also. It seems to me, Sir, as though the traffic section of the department has been created into a separate department and that the Commissioner of Police has nothing to do with it. Even if the traffic section is put in charge of an independent officer like the Superintendent, it is the duty of the Police Commissioner as the head of the department to see whether that branch is working satisfactorily or not. Sir, we have to pay only about Rs. 50 for a bus and Government realises a total revenue of not less than Rs. 60,000. But we are paying not less than Rs. 500 in order to run a bus. No honest man can run a bus without paying a bribe of at least 8 annas at every checking station. In British India what do we find? They have brake certifying officers who realise their high sense of duty and do their work very very satisfactorily. But here the brake certifying power is also left with these Inspectors.

Mr. M. Govindan: May I know from the member to whom that 8 annas has to be paid?

Mr. H. O. L. Marikar: That has to be paid at every checking station. If the bus arrives there an hour or two late, more has to be paid at the checking station. The collections on that account are shared by the Traffic Inspector, head constable and constables proportionately. That is a well-known fact and that is the present state of things.

I wish to draw the attention of the Commissioner to another fact. We have been arguing for the abolition of the Traffic Department last year. For what purpose that cry was made was not enquired into. We wanted an enquiry to be made as to the working of the Traffic Inspectors and their subordinates throughout the State. We have also been agitating for the abolition of the C. I. D branch of the department. Bribery and corruption is the cry against all Government departments. The C. I. D. officers employed by the Commissioner should co-operate with him and must find out the corruption that is going on in his own department at least. If he does not get co-operation from his own C. I. D. men they ought to be sent away at once. When the whole country is clamouring that the Traffic Department is corrupt and none of the C. I. D. is coming with information, that only shows that the C. I. D. is not going to co-operate with a Commissioner who has just arrived into our midst. That is not justice shown to our new Commissioner. They must therefore be sent away.

Not only that. On a perusal of the administration report of the several departments, we find that there are several cases of defalcation reported. For trifling cases of a silly nature, the Commissioner would take immediate action and see that the offender is put in the Central Prison at once. I ask why the same sort of procedure is not taken against officers who defalcate Government money? Is that chapter in the Penal Code not applicable to Government servants? Why not Government administer equal justice among all the subjects of His Highness the Maharaja? Why should they exempt certain criminals from punishment? If there be no Travancore Penal Code and if it is torn and destroyed by some one, why not Government institute special codes? Why not place these defalcators at the mouth of the cannon and blow them or why not they be publicly hanged in iron cages till they die, say near Madhava Rao's Statue?

Unless some such thing is done, our life is sure to be miserable. As it is, Government servants are permitted to defalcate lump sums of money in thousands, and, if they are found out, they are simply transferred to some other place or their promotion is stopped for a year or two. I cannot certainly consider such action as adequate punishment for defalcation of the tax-payers' money. The heads of departments adopt a policy of hushing up everything against their subordinates, and of shielding them. The C. I. D ought to enquire into the corruption among Government officers in all departments.

Rao Bahadur N. Ramanuja Aiyangar: Sir, I am thankful to the honourable member for Chirayinkil and to the honourable member for the Municipal Councils, for their valuable criticisms this after-noon on the Police administration in Travancore. They have pointed out several defects. I am afraid it will be rather difficult for me to refer to every one of the points, particularly because I am inclined to be one with them on most of the points which they have raised.

Mr. A. N. Visvanatha Pillai: ഇവിടെ പറയാൻ സമയം കിട്ടാത്ത അനേകം അഴിമതികൾ ഇനിയും പോലീസ് ഡിപ്പാർട്ടുമെൻറിൽ നടക്കുന്നതായി ഞാൻ ഈ സഭയെ ഓർമ്മിപ്പിച്ചുകൊള്ളട്ടെ.

Rao Bahadur N. Ramanuja Aiyangar: Sir, I shall be very glad to receive criticisms offered in a healthy spirit and by gentlemen who would have in view the practicability of their suggestions being put into effect.

[Rao Bahadur N. Ramanuja Aiyangar.]

I shall just take up a few of the points raised in the debate. But, before I do so, I would like to remove the misapprehension that seems to prevail about the work of the Criminal Intelligence Department. There seems to be an idea that the C. I. D is a department which has a number of third rate informers, despicable spies, despised both by their employer and by those on whom they spy. It is not so at all. The C. I. D. is a department which as its name indicates collects intelligence or news, and records the experiences gained by its officers, sorts such information, indexes it and makes good use of it and works as a sort of ancilliary department to the regular police.

Mr. M. N. Paramesvaran Pillai: Is there any officer in the C. I. D. here who has any experience or training in this kind of work ?

Rao Bahadur N. Ramanuja Aiyangar: That is just what I am trying to do for them. It is my attempt to give them the necessary training.

I may inform the House, Sir, that there is a good deal of private spying in the country. These private unauthorised spies are sure to ruin the country. The Police Commission of 1860, which was constituted immediately after the Indian Mutiny, found as a result of their investigation, that there was private spying rampant in the country, and that that spying was ruining the whole country so that they decided that at any cost private spying should be put down with a heavy hand. And, private spying was put down, and intelligence was sought through the Police Department which was asked to collect accurate, tested intelligence and news Sir, I may inform the House that we should be very glad indeed to help even private individuals if they want any assistance from our Criminal Intelligence Department. I shall just give one instance, Sir. A certain gentleman brought us a lottery ticket, known as the Goa or Irish Lottery I think, and asked us whether the ticket was genuine, since he had a suspicion that it was not genuine. We examined it and made enquiries about it and, without the left hand knowing what the right hand had done, informed him that it was genuine and that he may go in for it if he wished.

With regard to the increase of coining cases, most of them occurred long before I came here. Thanks to my predecessor, as my friend the honourable member for Todupuzha has stated, the efficiency of the department by no means suffered during my predecessor's time—he started the investigation, with the result that today we do not have any coining case at all.

I agree, Sir, that there are, in my department, a few old model Inspectors. But, surely, we cannot get rid of such Inspectors all in a day. The Police Commission of 1904 in British India—I am not holding British India as an ideal for all matters and for all time, although I maintain that they are perhaps the best ideal available at the present moment—the Police Commission of 1904 came to the conclusion that there should be a thorough overhauling of the Police Department and fresh recruitment must be made ; and when direct recruits were taken—Sir, I am one of the first products of such recruitment—it took nearly six years before the old hands could be cleared and the new staff was well on the weigh to work. Therefore, Sir, this question of recruitment is a very difficult question, and I hope to tackle it with the able assistance of the honourable members of this august assembly.

Mr. M. N. Paramesvaran Pillai: May I know whether any of the C. I. D. officers knows shorthand?

Rao Bahadur N. Ramanuja Aiyangar ; Yes, Sir, some of them know Vernacular shorthand also. As a matter of fact, they have actually been doing a good deal of shorthand work doing recent months.

Mr. M. N. Paramesvaran Pillai : May I know how the C. I. D. officers, who do not know shorthand, are able to make reports of public meetings which they are asked to attend?

Rao Bahadur N. Ramanuja Aiyangar: I find, Sir, that speeches *are* reported fully. In regard to the shorthand men I myself test them occasionally.

Mr. M. N. Paramesvaran Pillai: May I ask whether the appointment, transfers, and promotions of C. I. D. officers in British India are published in the Gazette?

Rao Bahadur N. Ramanuja Aiyangar: Yes. Most assuredly.

In regard to a certain rape case to which specific reference was made by some members and which is alleged to have taken place in the Commissioner's Office compound, in the first place, I am very sorry that reference should have been made to that case in the manner in which it has been done—I shall not say an irresponsible, but I may be permitted to say in an uninstructed manner. The case was investigated ; and it was found that it was a case of misbehaviour and not one of rape, although the newspapers made much of it at the time. The case could not possibly go to court as it did not come under the definition of that offence in the Travancore Penal Code. Therefore, departmental action was alone possible in

[Rao Bahadur N. Ramanuja Aiyangar.]

the circumstances. Sir, in a force consisting of over 2,000 men, drawn from all ranks and communities, although we try to get the best men possible, it is not unlikely that there are errors and mistakes in a few cases.

Mr. Komilezhathu Sankaran: May I know the community to which the culprits belong?

Rao Bahadur N. Ramanuja Aiyangar: I request the honourable member not to insist on getting such detailed information about the case just now.

Mr. Komilezhathu Sankaran: The member referred to the error being due to recruitment to the Police force being made from various communities. I want to know the community to which the actual culprits in the case belong?

Rao Bahadur N. Ramanuja Aiyangar: I shall explain my position, Sir. When I said that recruitment had been made from various communities, what I really meant was that recruitment was made from all classes of society, from the various grades of people. In British India, for example, recruitment is sometimes made even from criminal tribes just to give them a chance.

Mr. Komilezhathu Sankaran: Then, may I request the Commissioner of Police to withdraw the expression 'communities'?

Rao Bahadur N. Ramanuja Aiyangar: Sir, No. The offenders belong to the Nayar community.

With regard to the overloading of buses, it is very difficult to stop this offence unless the magistracy also help us. It is no use fining a man one rupee or two rupees for overloading, when, the next moment, he can make five or ten rupees by overloading. It will be perhaps better, if, as in Ceylon, a fine of five rupees for every extra passenger is imposed, subject to a maximum of say Rs. 50.

Mr. M. N. Paramesvaran Pillai: Has not the department the power to cancel the license?

Rao Bahadur N. Ramanuja Aiyangar. Yes; we are doing it. But, that again leads to complaints. Even today one member spoke about licences being issued today and being cancelled tomorrow.

Mr. M. Govindan: May I know whether there is a maximum weight for the luggage that a bus can carry?

Rao Bahadur N. Ramanuja Aiyangar: Yes.

Mr. M. Govindan: Is there any means for preventing overloading of luggage?

Rao Bahadur N. Ramanuja Aiyangar: I am trying to do it. We must have travelling Weigh-bridges.

Mr. M. N. Paramesvaran Pillai: May I ask whether there are persons in this department against whom strong strictures have been passed by courts of law?

Rao Bahadur N. Ramanuja Aiyangar: I am coming to that.

With regard to the posts of Assistant Superintendents of Police, a passing reference was made. I am afraid I have not got the time to deal with the question in detail. The clock is on three already. Sir, that question has been threshed out from year to year in this Council. It has been recognized that it is not possible to abolish them. The experiment has been tried, of working without this kind of intermediary officers, in three districts in British India. Mr. Pitt, I believe, has mentioned it here that, at Kurnool, where it was tried, it was found to be altogether unworkable. I myself tried it in Trichinopoly—I was one of the first selected to work out that scheme—and it worked only with very select officers.

Chairman: Time.

Mr. K. P. Nilakanta Pillai: I beg permission to withdraw my opposition.

The motion was, by leave, withdrawn.

Chairman: I put Demand X—Police for Rs. 7,15,222.

The grant was made.

DEMAND XI—ADMINISTRATION OF JUSTICE.

Mr. Kayalam Paramesvaran Pillai: Sir, I beg to move for a grant of Rs. 10,62,894, under Demand XI—Administration of Justice.

Mr. P. Padmanabhan Tampi: I beg to move that the whole demand for Judiciary be omitted.

I beg to point out that the administration of justice in Travancore is far from satisfactory. About the Law's Delays it was repeatedly told in this House without any purpose. Last year when the question of Law's Delays was dicussed the Honourable member on behalf of Government stated:

"First of all, in regard to the Law's Delays, the House is aware that certain recommendations have been made by the Law's Delays Commissioner. Vigorous

[Mr. P. Padmanabhan Tampi.]

> steps are being taken to put some of these recommendations into effect at once; and the others are receiving consideration.
>
> Some of the recommendations may require amendment of the law now in force; and some may require additional expenditure. These may take some little time to take final shape. In regard to the other recommendations, the High Court has been asked to give effect to them immediately".

Though one year has lapsed, nothing has been done in this matter. Would you believe, Sir, there are appeals pending for more than seven or eight years in the District Courts and the High Court for disposal. And the manner of boarding these cases is also very important. There is a large crowd around the officer who is responsible for boarding the cases and the Vakils and clients want to see that certain cases are boarded in some benches. What does this show? I need hardly point out that the conduct of this officer was intolerable. I sent interpellations about the officer who is responsible for boarding the cases and that interpellation remains unanswered. Sir, parties from Parur to Cape Comorin are coming here, spending a lot of money, over fifty or seventy times after hearing from their Vakils that their cases are boarded and they return with out their cases being heard.

Then, another point that I had to say is about the corruption in the department. Last year I pointed out the prevailing corruption in the Judiciary. For that there was a challenge from the official member and he said in the following terms:—

> "That will illustrate what value will be attached to and what use will be made of, statements made in Legislative Chambers. Far be it from me to say or suggest that members of this House should not expose corruption. It is their duty to expose and expose mercilessly and without fear of consequences all corruption if it be real Stray cases of corruption, if there be any, should not be exaggerated into all round and general corruption. Therefore, I ask, Sir, is it right that responsible members of this House should make such sweeping statements and do not only injustice to the hard worked staff of the Judicial Department, but also injury to themselves and the country? I do not think there is any occasion at all as things stand at present in Travancore for making such sweeping statements against the entire judiciary in the land. Sir, Mr. Padmanabhan Tampi said, and quite rightly said, that when he made his charges he had several instances at the back of his mind and that he was prepared to substantiate them Sir, I am willing to accept his challenge and take him at his word and I am prepared to communicate this fact to the High Court. I hope Mr. Tampi will go to the High Court and tell them the specific instances which he has in his mind, and also prove them if necessary. Mr. Padmanabhan Tampi is a responsible member of this House, and is also an influential gentleman. I am sure he will be able to prove the instances he has in mind, and I have no doubt whatever that the High Court will take prompt and efficient action in all those cases."

I got a communication from the Chief Secretary on the 6th October 1933. It runs as follows:—

> "With reference to the allegations of corruption made by you against the Judicial Department during the budget debate in the Sri Chitra State Council in August

1933 and the reply given to you by the Law Member that the High Court would be asked to give you an opportunity to substantiate your statement, I have the honour to inform you that the High Court have been addressed accordingly".

Soon after the Government communication was received by me I applied to the Chief Secretary for copies of certain records and asking for some information. But I have not got till now either the information I asked for or the copies of the records and not even a reply. I was expecting a communication from the High Court calling me to explain the circumstances that I stated in the Council. Till this day I was not able to get any from the High Court even. Even the High Court has referred the matter to the Madras High Court requesting as to whether they are bound to answer the Legislature and the position as to whether they are under the Government or under the Legislature. After receiving a reply from the Madras High Court that the High Court is under the Legislature, they are keeping silent in the matter. May I submit here, Sir, that after the budget speech I interpellated about the conduct of 12 Judicial Officers—and I am prepared to point out instances if Government want me to do so. But the Government had not the courtesy to answer any of these. To speak of a particular instance I interpellated the Government about the amount that a Judicial Officer deposited in the savings bank at Devicolam. I got a letter from the Government whether I am responsible for the insinuations contained in the question and whether I push the question on. I said as a member of this House, it is with full responsibility that I asked the question and I take the responsibility. That question was not disallowed but remains unanswered. What does all these show, Sir ?

Mr. Kayalam Paramesvaran Pillai: Has this question been admitted ?

Mr. P. Padmanabhan Tampi: This question was not disallowed which shows that the question was admitted.

Mr. Kayalam Paramesvaran Pillai: Was this question asked by the member at this session ?

Mr. P. Padmanabhan Tampi: No, it was asked in the last session.

Mr. Kayalam Paramesvaran Pillai: Did the member repeat that question for this session also ?

Mr P Padmanabhan Tampi: I thought that the best method would be to state in the discussion of this Council and not to repeat it in the same course. After all when the Government felt that they have nothing to answer why should I repeat the question. That being the case I did not repeat the question.

Mr. M. N. Paramesvaran Pillai: When even questions of one year and more are repeated at every session it is not being answered at all.

Mr. P. Padmanabhan Tampi: Exactly.

Sir, I have got only a few minutes more before me. Then coming to the practice, which all lawyers will admit, about the taking of depositions in Courts. In all courts depositions are never read to the witnesses and this is a regular practice in the South Travancore Courts. There the deposition is taken by the clerks and an endorsement is made by the Judicial Officers saying that the deposition is read to the witness and found correct. What more is required for the prevailing corruption in the department? One instance, Sir, before a higher rank of Magistrate I requested that the depositions be read to the witness and the Magistrate openly said in the presence of so many respectable lawyers and others who assembled there that it is not usual to read out the deposition. Afterwards, when I got a copy of the deposition I found that the officer had stated that the deposition was read to the witness and found correct. I point out that there are so many corrupt practices in the conduct of the cases. If specific instances are required for my friend, the Law Member, on the other side of the House, at once and in this Council, I am prepared to substantiate, but so far there is no opportunity for this. I pray that the Judiciary be kept above all suspicion and the corruption be rooted out at the earliest possible opportunity.

ഉള്ളു. ലോകപരിചയമാണ് ഏററവും അധികമായി വേണ്ടതു്. ക്രിസ്തുരാജൻെറ അടുത്തു മഹാപാപിയായ ഒരു സ്ത്രീയെ ഏതാനുംപേർ വലിച്ചുകൊണ്ടുപോയി. ഇവൾ മഹാപാപിയാണെന്നും ഇവരെ കല്ലെറിഞ്ഞു കൊല്ലണമെന്നും അവർ പറഞ്ഞു. നിങ്ങളിൽ പാപമില്ലാത്തവൻ അവളെ കല്ലെറിയട്ടെയെന്നു ക്രിസ്തുദേവൻ പറഞ്ഞു. പക്ഷെ കല്ലെറിയാൻ ആരും തുനിഞ്ഞില്ല. അങ്ങനെ സ്ത്രീയെ രക്ഷപ്പെടുത്താമെന്നു വിചാരിച്ചാണ് ക്രിസ്തുദേവൻ പറഞ്ഞതു്. ഈവിധത്തിൽ സ്ത്രീ രക്ഷപ്പെട്ടു.

ഇനിയും നീതിന്യായകോടതിയിലെ വക്കീലന്മാരെപ്പററിയാണ് പറയാനുള്ളതു്. വക്കീലന്മാരേയും വൈദ്യന്മാരേയും ചില സംഗതികളിൽ സാമ്യപ്പെടുത്താം. ധനാശ ഇവരിൽ മികച്ചുനിൽക്കുന്നു. ഇവിടെ ഉള്ള എൻെറ സ്നേഹിതന്മാരിൽ അധികവും വക്കീലന്മാരാണ്. അവർ എല്ലാവരുംകൂടി എന്നോട്ട് എതിർത്താൽ ഞാൻ വിഷമിച്ചുപോകും. ജനപ്രതിനിധികളിൽ അധികംപേരും വക്കീലന്മാരാണ്. സത്യമുള്ള കേസുകൾമാത്രമേ പിടിക്കാവൂ എന്നു നിർബന്ധമുണ്ടായിരുന്നാൽ കൊള്ളാം.

Chairman: ഡിമാൻറ്, നീതിന്യായവകുപ്പിനെപ്പററി ആണ്. വക്കീലന്മാരുടെ സാന്മാർഗ്ഗികനടപടികളെപ്പററി അല്ല. അതുകൊണ്ട് ആ വകുപ്പിനെപ്പററി സംസാരിക്കണം.

Mr. J. John Kattakayam: നീതിന്യായകോടതികളെപ്പററി സംസാരിക്കുമ്പോൾ വക്കീലന്മാരെപ്പററി എങ്ങനെയാണു സംസാരിക്കാതിരിക്കുന്നതു്. ഞാൻ മുൻപേ പറഞ്ഞില്ലയോ വക്കീലന്മാർക്കു രുചിക്കയില്ലെന്നു്; ഇതുകൊണ്ടു ലയിൻമാറിയേക്കാം. സാക്ഷിയെ കോടതിയിൽ വരുത്താൻ സാക്ഷിക്കു നടപടി നടത്തുന്നു എന്ന നിലയിൽ കേസു താമസിപ്പിച്ചുവരുന്നു. തൻനിമിത്തം സാധുക്കളായ കൃഷിക്കാരും മററുമായ കക്ഷികൾ പിന്നെയും പിന്നെയും പണംകൊണ്ടു കൊടുക്കണം. ഗ്രാമീണർക്കു കോടതിയെപ്പററിയുള്ള വിവരങ്ങൾ ശരിയായൊന്നും അറിയാൻ പാടില്ല.

Mr. K. P. Nilakanta Pillai: നടപടിക്കുള്ള പണം കോർട്ടിൽ ആണു കൊടുക്കേണ്ടതു് എന്നറിയാമോ?

Mr. J. John Kattakayam: അതെല്ലാം എനിക്കറിയാം. അതിനെ സംബന്ധിച്ചു പറയാതിരിക്കുന്നതാണു നല്ലതു്. ശിപായിയെ സ്വാധീനപ്പെടുത്തി നടപടിപണത്തെ വക്കീലന്മാർ ന്യായരഹിതമായി കരസ്ഥമാക്കുന്നു.

Mr. K. Madhavan Pillai: പണം വക്കീലന്മാരുടെ കയ്യിലാണു കൊടുക്കുന്നതെന്നറിയാമോ?

Mr. J. John Kattakayam: അതുതന്നെയല്ല കക്ഷിയുടെ കേസു സംബന്ധിച്ചുള്ള സകല രക്ഷയും വക്കീലിന്റെ കൈവശമാണു നിക്ഷേപിച്ചിരിക്കുന്നതു്.

നിർബന്ധിച്ചു യാതൊരു സാക്ഷിയേയും ഇപ്പോഴത്തെ നിലക്കു കോർട്ടിൽ കൊണ്ടുവരാൻ സാധിക്കുന്നില്ല. നിയമം അനുസരിച്ചു ഈ നടപടികൾകൊണ്ടുംമററും യാതൊരു പ്രയോജനവുമില്ല. കേസ് ഫയലായാൽ നോട്ടീസയച്ചാൽ ശിപായി ആദ്യംചെന്നു വാദിയെ ആണു പിടികൂടുന്നതു്. അയാൾക്കു പ്രതിഫലം കൊടുത്തില്ലെങ്കിൽ ആൾ സ്ഥലത്തില്ലെന്നുംമററും കാണിച്ചു പ്രതിയോടു പ്രതിഫലം പററി സമൻസു മടക്കി അയക്കും. വീണ്ടും പണം ഒടുക്കണം. സമൻസു നടത്തുന്നതിനുപോലും കാശു കൊടുത്തേ കാര്യം സാധിക്കയുള്ളൂ. വാറണ്ടുമുതലായ ഇതരനടപടികളും വാദിയിൽനിന്നും പ്രതിയിൽനിന്നും കിട്ടുന്ന തുകയെ താരതമ്യപ്പെടുത്തി കൂടുതൽ കൊടുക്കുന്നവനു അനുകൂലമായി എഴുതിഅയയ്ക്കും. വിധിക്കടത്തിനു വാറണ്ടിൽ പിടിക്കുന്നതും ആദ്യം വാദിയെ ആണു്. വാദിയിൽനിന്നും നല്ല തുകകിട്ടിയാൽ പ്രതിയെ പിടിക്കും. അതല്ലെങ്കിൽ പ്രതിയിൽ

അധികാരസ്ഥാനങ്ങളിൽ അറിയിച്ചതിൽ ലാസ്ഡിലേസ് കമ്മീഷന്റെ അഭിപ്രായമനുസരിച്ചു ചെയ്യാമെന്നു ഉറപ്പുതന്നിരുന്നു. ഇപ്പോൾ അതിനുവിപരീതമായിട്ടാണ് ആർഡർ ഉണ്ടായിരിക്കുന്നതു്. ഇതു് മുൻകൂട്ടി അറിഞ്ഞിരുന്നുവെങ്കിൽ ഞങ്ങൾ ഓരോ ജഡ്ജിമാരേയും പ്രത്യേകം ചെന്നുകണ്ടു കാര്യങ്ങൾ പറയുമായിരുന്നു. അതിനും ഞങ്ങൾക്കു ഇടം കിട്ടിയില്ല. അങ്ങിനെചെയ്തിരുന്നുവെങ്കിൽ ഈ സങ്കടത്തിനിടവരുകയില്ലായിരുന്നു. ഏതായാലും ഇപ്പോൾ ആ കോടതി അവിടെനിന്നും മാററുന്നതു ഒരിക്കലും ആശാസ്യമല്ല.

ലാസ്ഡിലേസ് കമ്മീഷന്റെ അഭിപ്രായം അനുസരിച്ചു പ്രവർത്തിക്കുന്നപക്ഷം കുടിശിഖ കേസുകൾ ഇല്ലാതെ ആകുന്നതാണ്. അതുകൊണ്ടു ഞാൻ പറയുന്നതു ലാസ്ഡിലേസ് കമ്മീഷന്റെ റിപ്പോർട്ടനുസരിച്ചു പ്രവർത്തിച്ചുകാണാൻ ഹൈക്കോടതിയോടു വേണ്ട ഏർപ്പാടു ചെയ്യണമെന്നാണ്.

Mr. M. N. Paramesvaran Pillai: Sir, I wish to deal with one or two aspects of the Judicial Administration. Recruitment to Judicial Service is open to very serious objections. Men of standing and experience are very seldom selected as Munsiffs and Judges. Communal representation is mostly responsible for this state of affairs. If the Government or the High Court want to fan communal feelings why should they not at least care to select the the best men available from each community. Unfortunately that is not what is being done now. We fear, the communal spirit is slowly interfering even with the proper administration of justice, for there is a lot of complaint now that some of the judicial officers in the State, who are more communally inclined, look more to faces than to cases. The percentage of recruitment from the Bar should be increased so as to secure efficiency. Even there, men of outstanding ability and experience, men who have handled cases, should always be preferred. Since recruitments are now made not on any sound principle the judicial service has deteriorated. Consequently we find that the Judicial Department is adorned by some Judges and Munsiffs who know not only no law but are prepared to murder even the King's language. I shall cite one or two instances to show how some of our judicial officers now write judgments. In a case where a Mahomedan witness was examined, this is what a Judicial Officer says of him :

"P. W. 1 is the venerable Lebba of the celebrated church who used to go about the villages chanting vedic hymns."

Mr. M. Govindan : May I know from the member whether that gentleman was chosen on the principle of communal representation.

Mr. M. N. Paramesvaran Pillai : I cite this only to show what type of men is generally chosen.

In another case a goldsmith was examined as a witness and the learned Munsiff writes thus "this witness is specially minted for the purpose of this case."

Mr. M. Govindan : Is that gentleman still in service?

Mr. M. N. Paramesvaran Pillai : Yes, I think so.

Then again, another Judicial Officer writes like this : "The appeal is dismissed. In the circumstances of this case each will bear each's cost." I shall quote a few passages from a judgment of a Munsiff in a Small Cause suit.

"The suit is for eating charges. The plaintiff's case is that the defendant entrusted his cow to him for eating. The defendant denies it and contends that he himself ate his cow. The point for determination is who ate the cow. I believe the plaintiff. The suit is decreed accordingly with costs. Interest on costs 6 per cent. and otherwise 9 per cent." In another case a judge asked his home clerk who subsequently became a Munsiff to find out an authority for a certain position. He looked into the digest and found in one place a cross reference "see Legal Practitioner." He immediately closed down the digest and took the Civil list to ascertain who the Legal Practitioner is. Many persons are really afraid to go to the civil courts for some of the Munsiffs have begun to give decrees borne against witnesses. This is the sort of recruitment that is being made to the Judicial Department.

Another point on which I wish to dwell in this connection is that in the matter of recruitment of judges from the Bar the Sirkar Vakils are now regarded as members of the Bar. The Sirkar Vakils are officers of Government drawing fixed salary and they are entitled under the T. S. R. like other officers to pension, leave and other privileges. How could they be then regarded as members of the Bar ? Then again at present the Sirkar Vakils are permitted to accept private engagements and are allowed to continue as legal advisers of private Banks, Firms and Companies. This ought not to be allowed, for when the interests of Government and the interests of such Banks, Firms and Companies are in conflict, for instance in the case of incometax, these officers cannot be expected to be just to both parties concerned. Since the Sirkar Vakils are also allowed to accept private practice, what we

[Mr. M. N. Paramesvaran Pillai.]

actually find is, that in several cases, Sirkar duty and Sirkar affairs are regarded only as a hobby or secondary avocation, so much so several Sirkar cases are hopelessly mishandled to the detriment of the interests of the Sirkar. Then with regard to the recruitment into the Magistracy what we very often find is that clerks in the Huzur Secretariat who have passed the B. L. examination are shunted out as Magistrates in preference to experienced lawyers. It is no wonder that the efficiency of our magistracy has also suffered considerably. This is what one of our present day Magistrates has written in his judgment:

"There were a number of cocoanut trees in the disputed garden and Bandages were tied to every one of them."

This is the type of Magistrates that we have in service. Whether it is as Magistrates or as Judges, Government should always see that only men who have got experience and standing in the bar, men who have handled cases, are selected and not those whose only claim is that they have their godfathers well placed in public service to push them up to the highest ladder.

Mr. G. Narayana Aiyar: Sir, I regret I cannot agree to the sweeping remarks made by Mr. Tampi and others about the Judiciary in Travancore.

Mr. P. Padmanabhan Tampi: Does the member maintain the position taken by him in his speech during the last session that the public confidence in the Judiciary is on the decline?

Mr. G. Narayana Aiyar: I admit that there is a decline in the public confidence, but that is nothing peculiar to Travancore.

Mr. P. Padmanabhan Tampi: Was there any improvement after last year?

Mr. G. Narayana Aiyar: There is a decline in the efficiency of officers throughout the world I may say. So, it is nothing peculiar to Travancore. To pass such a sweeping remark, I submit, is out of place. There may be black sheep in any profession or in any trade. But that is no reason why such a sweeping remark should be made against the officers as a whole. The only fact that I would bring to the notice of Government in this connection is that more care ought to be bestowed by Government in selecting only efficient men for the service. Efficiency ought to be the sole test.

As regards law's delays, it is not the Judicial Officers alone that are responsible for it. There are so many other factors that contribute to it.

I would submit that at least 50 per cent. of the Magistrates should be recruited from the Bar and nothing short of it will be sufficient.

I shall now bring to the notice of this House certain defects that exist in the department. Now, the District Judges are very hardworked and they are in need of stenographers to relieve them of much of their work. To ask them to write judgments in their own hand... ......

Mr. K. P. Nilakanta Pillai: Is it because that they are too old that they cannot write and want stenographers?

Mr. G. Narayana Aiyar: That is not so. Even in the Cochin State as also in British India the District Judges are given stenographers. When such is the case in Cochin and in British India why should the District Judges in Travancore alone be under a difficulty? It will tend to the speedy despatch of their work as regards pronouncing judgments. Typists may be appointed in Munsiff's Courts so that office copies, etc., may be finished soon. Then I would propose some more changes so that the High Court may be requested to consider them. In view of the serious economic depression, the witness batta, mileage and tom tom charges have to be reduced considerably. Now the third class batta for a witness is fixed at 14 chuckrams. It was a lesser figure earlier. Now, the economic depression which began in 1104 is still raging and there are as yet no signs of abatement. The cost of living has also gone down. As such, it will be advisable to go to the old rate and fix it at 7 chuckrams. Similar reduction should be made in the batta of 1st and 2nd class witnesses. Mileage also can be reduced. Now Rs. 4 is given to civil debtors as bedding charges. That also is too much. The subsistence allowance to be paid to the debtors when they are arrested on warrant has also to be reduced. The clients are unable to meet these charges at the existing high rates in view of the present economic depression.

Mr. M. Govindan: In regard to tom tom charges is it enough if the decree holder is asked to provide the tom tom himself?

Mr. G. Narayana Aiyar: Yes. To give due publicity to the proceedings of the Court tom tom is considered necessary. As such, to abolish it all on a sudden may not be advisable. Now, before a court auction is conducted three tom tom charges are realised. I submit that this is unnecessary. What we find in Cochin and in British India is that only one tom tom charges are paid. Again, the amount fixed for the tom tom also is too high. It is now four chuckrams and it is too high for the work that the

[Mr. G. Narayana Aiyar.]

tom tom beater has to do. One chuckram will be quite sufficient. It is highly necessary that these defects should be remedied. In the case of producing copies for documents the practice is to prepare the copies in stamp sheets of the value of 1 ch and produce them. But such copies are used very seldom. I do not think such a practice exists in the Cochin State. I would suggest that if copies are absolutely necessary when documents in original are produced in courts, the parties may be compelled to produce copies on ordinary paper instead of stamped sheets. So, I would request the Government to bring these matters to the notice and consideration of the High Court for making the necessary changes.

There has been an attack on the Hindu holidays. Ten Hindu holidays have been abolished. It is very regrettable to find that without any previous announcement, without consulting the sentiment of the community and without any justifiable reason, these holidays are abolished. Apart from the religious efficacy, which itself is very great, the deciding officer also finds it a great deal difficult now to dispose of his work. When we see that they are worked from 11 till 5 on all days of the week, excepting Sunday how can they get the time necessary for attending to urgent work or work which requires more time for writing judgment in hotly contested and important cases?

Mr. M. Govindan: Have not the Judges got Sundays during which they may dispose of their accumulated arrears?

Mr. G. Narayana Aiyar: I admit there are Sundays, but do not the Judges want rest as much as any other officer? After working hard day and night without any rest whatever for 6 days, is it reasonable to expect them to devote the Sundays also for their work?

Mr. P. Padmanabhan Tampi: May I know from the member whether the client who has to purchase stamp paper from the treasury will not be put to difficulty because what is a working day for the court happens to be a holiday for the treasury?

Mr. G. Narayana Aiyar: Yes. I thought of representing that aspect of the matter also to the Government. If I am given the opportunity I will speak about that also here. Now, by suspending or abolishing these holidays the Government have put the parties in a very difficult situation. Supposing a client wants to file a suit on a day which happens to be a holiday for the treasury and all the other departments excepting the Judicial department, he will not be able to purchase the necessary stamp paper on which to write the plaint. Supposing a plaint has to be written on a court

fee stamp paper of the value of say Rs. 500 and has to be filed urgently on one of those abolished holidays. Since the treasury will be closed stamp papers will have to be purchased from the stamp vendors. They are supplied only papers up to the value of Rs. 35. We will have to run up to various vendors and purchase several stamp papers to make up that amount. The plaint will have to be written in all the papers together say 2 or 3 lines in each paper. When such a plaint is presented to the Head Clerk, the Head Clerk will object to receive it on the ground that it is not written on the stamp paper of the highest value.

Mr. M. N. Paramesvaran Pillai : Suppose a sale is fixed on a holiday ?

Mr. G. Narayana Aiyar : I will come to that also. The head clerk will ask the party to put in a petition to excuse him for not filing the plaint on a single stamp paper. That costs the party eight annas. Why should the client be made to pay this additional sum as a penalty for his not being able to procure a single stamp to the full value ? Then he is asked to pay the discount due to the Government. That is one aspect of the case. Suppose a judgment debtor has to deposit an amount on such a particular date failing which the sale of his property in court auction will be confirmed. Where has the party to deposit it if it happens to be a holiday for the treasury ? If it is taken to the head clerk, he will refuse to receive it. Even if the head clerk gets the permission of the Judge to receive sometimes very high amounts will have to be entrusted to the head clerk. After all the head clerk may have only deposited Rs. 250 as security for his office and if he skulks away with the thousands of rupees that may have been thus deposited with him, what will be the result ? We have heard enough of such defalcations What is the safety there ? So, without considering the ins and outs of the difficulties of the clients and the public the Government have placed the litigant public in a very awkward position, not to speak of the religious efficacy of the holidays which also has suffered much. I cannot understand why these Hindu holidays should be abolished after all. They have to be restored at once.

Mr. C. M. Mr. M. Govindan : പഞ്ചായത്തുകോടതികൾ അതാതുസ്ഥലങ്ങളിൽ സ്ഥാപിച്ചുകിട്ടണമെന്ന് പ്രജാസഭയിലും നിയമസഭയിലും ധാരാളം നിവേദനങ്ങൾ ഉണ്ടായിട്ടില്ലേ? പഞ്ചായത്തുകോടതികളെപ്പററി ജനങ്ങൾക്കുള്ള വിശ്വാസംകൊണ്ടല്ലേ അപ്രകാരം ആവശ്യപ്പെടുന്നത്?

Mr. C. M. Joseph : ജനപ്രതിനിധികൾ അപ്രകാരം ആവശ്യപ്പെടുന്നതു് അതിനോടു് അത്രവളരെ വിശ്വാസമുണ്ടായിട്ടാണെന്ന് എനിക്കു തോന്നുന്നില്ല. ഓരോരുത്തർ അവിടെയും ഒരു പഞ്ചായത്തുകോടതി ഏർപ്പെടുത്തണം; ഇവിടെയും ഒരു പഞ്ചായത്തുകോടതി ഏർപ്പെടുത്തണമെന്നാവശ്യപ്പെടുമ്പോൾ നമ്മുടെനാട്ടിലും ഒരു പഞ്ചായത്തുകോടതി ഇരിക്കട്ടെ എന്നും അവിടെ തനിക്കും ഒരു ജഡ്ജിയാകുവാൻ കഴിയുമല്ലോ എന്നും വിചാരിച്ചാണ്. അധികംപേരും പഞ്ചായത്തുകോടതികൾ ഏർപ്പെടുത്തുവാൻ ആവശ്യപ്പെടുന്നതു്. പഞ്ചായത്തുകോടതി ജഡ്ജിമാരുടെ കോറം തികഞ്ഞിട്ടു ഒരു കാര്യവും അവിടെ നടക്കുകയില്ല.

Mr. J. John Kattakayam : ഇങ്ങനെയൊക്കെ ഇരുന്നാലും പഞ്ചായത്തുകോടതികൾ നാട്ടിൽ ഏർപ്പെടുത്തണമെന്നുള്ള അഭിപ്രായം മെമ്പറിനില്ലേ?

Mr. C. M. Joseph: ഏതായാലും തന്റെ നാട്ടിൽ ഒരു പഞ്ചായത്തുകോടതി ഏർപ്പെടുത്തുന്ന പക്ഷം തനിക്കും അതിലൊരു ജഡ്ജിയാകുവാൻ കഴിയുമല്ലോ എന്നുള്ള വിചാരത്താലാണ് അധികം പേരും പഞ്ചായത്തുകോടതികളേർപ്പെടുത്തുവാൻ ആവശ്യപ്പെടുന്നത്.

Mr. J. John Kattakayam: തിരുവിതാംകൂറിലെ സകല ഉദ്യോഗങ്ങളും നടക്കുന്നത് ഇതുപോലെയുള്ള ചില കാരണങ്ങളാലല്ലേ?

Mr. C. M. Joseph: ഇങ്ങനെയുള്ള ചോദ്യങ്ങൾക്കുത്തരം പറയുവാൻ ഇപ്പോൾ സമയമില്ല.

നീതിന്യായം നടത്തുന്ന രീതിയിൽതന്നെ പല അഴിമതികളും അന്യായങ്ങളും ഇപ്പോൾ നടക്കുന്നുണ്ട്. ഒരു കുററം ഒരാൾ ആദ്യമായി ചെയ്തുവെന്നു വിചാരിക്കുക; അയാൾക്ക് പീനൽകോഡിൽ പറഞ്ഞിരിക്കുന്നപ്രകാരമുള്ള നിർദ്ദയമായ ശിക്ഷ വിധിക്കുകയാണ് ഇപ്പോൾ കോടതികൾ ചെയ്യുന്നത്. ആ കുററം എന്തുകൊണ്ടുണ്ടായി? ഒരുപക്ഷേ, മാനസികമായോ, കായികമായോ ഉള്ള വല്ല സുഖക്കേടുകൾ പിടിപെട്ടതുകൊണ്ട് അവൻ ആ കുററകൃത്യം നടത്തുന്നതിനു മുതിർന്നുവെന്നുവരാം. എന്നാൽ നമ്മുടെ ഗവർമ്മെൻറാകട്ടെ, നമ്മുടെ കോടതികളാകട്ടെ, അതേപ്പററി യാതൊന്നും ചിന്തിക്കാതെ ശിക്ഷാനിയമത്തിൽ പറഞ്ഞിരിക്കുന്നപ്രകാരമുള്ള ശിക്ഷ വിധിച്ചുകഴിയും. അതിലേക്ക് ഒരു മെഡിക്കൽ പരിശോധന നടത്തുന്നതു നന്നായിരിക്കും. അല്ലാതെ, കുററക്കാരനെന്നു പറഞ്ഞു് ആരുടെമേൽ പരാതിപ്പെട്ടുകൊണ്ടുള്ള കടലാസു കിട്ടുന്നുവെന്നുമാത്രം നോക്കി അവനെ ശിക്ഷിക്കുന്ന നയം ശരിയല്ല. അതിനാൽ ഇങ്ങനെയൊരു സിസ്റ്റം ഇവിടെ ഏർപ്പെടുത്തുന്നതിൽ മററു തകരാറുകൾ വല്ലതുമുണ്ടോ എന്നുള്ളതു ഇവിടെയുള്ള വിദഗ്ദ്ധന്മാരുമായി ഗവർമ്മെൻറ് ആലോചിക്കേണ്ടതാണ്. ഒരാൾ ആദ്യമേ ചെയ്യുന്ന കുററത്തിനു ശിക്ഷിക്കരുത്.

Mr. P. Padmanabhan Tampi: കുലപാതകം ചെയ്താലോ?

Mr. C. M. Joseph: കുലപാതകം ഒരു വലിയ കുററമാണെങ്കിലും അതിലേക്ക് അവനെ പ്രേരിപ്പിക്കുന്നതു പല കാരണങ്ങളായിരിക്കാം. അവനെന്തുകൊണ്ടാണു കുലപാതകംചെയ്തതു്, ഏതെല്ലാം കാരണങ്ങളാലാണ് അവൻ ആ കൃത്യത്തിനു വശംവദനായതു്, എന്നെല്ലാം ആലോചിച്ചിട്ട് തൽക്കാലം മാനസികമായുണ്ടായ വൈഷമതകൾകൊണ്ടോ ക്ഷോഭംകൊണ്ടോ വന്നതാണെങ്കിൽ അവനു മാപ്പുകൊടുക്കണം.

Mr. P. Padmanabhan Tampi : ചില കുററങ്ങൾക്കു അപ്രകാരം മാപ്പുകൊടുക്കുവാൻ നിയമം അനുവദിക്കുന്നുണ്ടെന്നു മെമ്പർക്കറിയാമോ?

Mr. C. M. Joseph : ഞാൻ വായിച്ചിട്ടില്ല. പക്ഷെ, അങ്ങനെയുണ്ടെങ്കിലും അതു അത്രയധികം പ്രായോഗികമാകാറില്ല.

Mr. Kayalam Paramesvaran Pillai : Sir, of the many points raised in the debate of this evening, I think I must deal first with the charge of corruption levelled against the judiciary. Sir, almost every year, this sweeping charge of corruption is made in this House. Last year Mr. Padmanabhan Tampi made such a charge and I challenged him to supply all necessary details of his charge and I promised that he would be given every facility to prove his charge. And, I had arranged for such facility and Government asked Mr. Tampi by letter to go to the High Court and prove whatever he could prove. Any information or clue afforded by a gentleman occupying the position of a member of this House and a man of the position of Mr. Padmanabhan Tampi would be given great consideration and weight by the High Court and might possibly lead to the punishment of at least one guilty individual. If Mr. Tampi had done it there would have been an example, and corruption, if any, would have gone down considerably. I request the House to note particularly that when Mr. Padmanabhan Tampi was requested to go to the High Court and prove his charge he did not do so even though on the floor of this House he agreed to do so. When the Government wrote to the member in accordance with the assurance given on the floor of the House that the High Court will hear him, the reply that he gave was that he wanted to know whether a *judicial* enquiry will be held, whether a tribunal will be constituted for the enquiry, whether he will be protected against all the statements he may make, whether he will be paid T. A and so on and so forth. He was informed that what was promised was an enquiry by......

Mr. P. Padmanabhan Tampi : May I know whether any reply was sent to Mr. Tampi to his letter to the Chief Secretary to Government dated the 5th October 1933?

Mr. Kayalam Paramesvaran Pillai : I am only speaking from memory. I am sure that in his letter Mr. Tampi wanted an assurance that he will be afforded all protection against his statements.

Mr. P. Padmanabhan Tampi : Will the member try not to speak from memory? I have also to speak many things from memory. There are files and records relating to this.

Mr. Kayalam Paramesvaran Pillai : Yes ; but I now speak from what I know. I have not got the particular files with me here and at present.

He replied that a judicial enquiry by a judicial tribunal should be conducted. I do not know what he meant by that. Again, he wanted complete protection against whatever allegations and statements he might make.

Mr. P. Padmanabhan Tampi : May I know whether when the representation to the High Court is made Government would take him as a petitioner or as a respectable member of this House ?

Mr. Kayalam Paramesvaran Pillai : In whatever way he may be taken, it may not be as a member of this House that the High Court may take him though that also may be borne in mind by the High Court. Above all he will be treated as a responsible member of the public whose word has to be respected by the High Court.

Mr. M. N. Paramesvaran Pillai: May I know, Sir, whether the High Court addressed the honourable member for *Kalkulam* cum *Vilavankod* in this matter ?

Mr. Kayalam Paramesvaran Pillai : I do not know, Sir. When Government requested Mr. Tampi about this, it was surely up to him as a responsible public man to go to the High Court and tell all that he knew and say, "here I am to prove the case, will you accept it". In that case the High Court would have punished the offender if the charge was proved. If he had done so, this House would certainly have had very great respect for all that he said to-day. Sir, it is easy for anybody to make sweeping charges of corruption against any department or anybody, even against a member of this House.

Mr. M. N. Paramesvaran Pillai : Did the Government ever think of constituting a commission to enquire into the allegations made by Mr. Padmanabhan Tampi at the last Budget Session of this Council ?

Mr. Kayalam Paramesvaran Pillai : Government did not think of constituting a commission based on such a statement.

Mr. M. N. Paramesvaran Pillai : What was the procedure that the honourable Law Member wanted Mr. Tampi to follow in regard to this affair ?

Mr. Kayalam Paramesvaran Pillai : That does not arise so long as Mr. Tampi was not amenable to the usual procedure.

Mr. M. N. Paramesvaran Pillai: Does the honourable Law Member expect Mr. Tampi to go to the High Court uninvited and represent the facts to the pillars there?

Mr. Kayalam Paramesvaran Pillai: I expect that if as a representative of the public and as a member of this House he had gone to the High Court it would not have turned him out. Furthermore Government had informed the High Court that Mr. Tampi had been requested to go to them.

Mr. M. N. Paramesvaran Pillai: Was there not a duty or responsibility on the part of the Government to institute an enquiry into the serious charges levelled against the judiciary by a responsible member of the Legislature?

Mr. Kayalam Paramesvaran Pillai: It is because I felt that there was a duty and because of that I offered an enquiry on the very floor of this House and subsequently wrote to the member.

Mr. M. N. Paramesvaran Pillai: May I know, Sir, which was the arena that was selected by the Law Member, for Mr. Tampi to accept his challenge?

Mr. K. P. Nilakanta Pillai: May I know whether Mr. Padmanabhan Tampi could not have gone to the High Court independent of the recommendation of the Law Member or the Government?

Mr. Kayalam Paramesvaran Pillai: I do not quite follow. I am clear that he should have gone to the High Court and given all information, and clues and also evidence, if possible.

Mr. M. N. Paramesvaran Pillai: Was the High Court prepared to hear Mr. Tampi? Was there any such communication from the High Court to the honourable member?

Mr. Kayalam Paramesvaran Pillai: I do not know if there was a communication to the member. But Government assured the member that the High Court will hear him.

Mr. M. N. Paramesvaran Pillai: Was any reply given to Mr. Tampi from the High Court that the High Court is prepared to hear him?

Mr. Kayalam Paramesvaran Pillai: *Government* informed the member that he may go to the High Court and that the High Court will hear him.

Mr. M. N. Paramesvaran Pillai: Was any such permission from Government necessary for that purpose? Suppose the High Court turned him out from there? Why did not the Government ask the High Court to send for Mr. Tampi?

Mr. Kayalam Paramesvaran Pillai: Suppose the whole sky fell down, what would happen? Such questions are meaningless and quite beside the point.

Mr. P. Padmanabhan Tampi: Will the member place on the table the letters from Mr. Tampi refusing to go to the High Court?

Mr. Kayalam Paramesvaran Pillai: The member may put a question on paper, and it will be considered.

The next result then is this. When a challenge was made Mr. Tampi was not prepared to accept or act up to it. Yet, this evening we heard Mr. Tampi making another charge, namely, that certain depositions were certified as read to the witness even though they were not actually read. I once again challenge the member, Sir, to furnish the name of the judicial officer, the particulars of the case and the place where it occurred. Will he do so?

Mr. P. Padmanabhan Tampi: I am prepared to prove the case if Government will take action against that officer. I shall furnish the number of the case, the name of the officer and all matters relating to that. There were many respectable vakils there at that time.

Chairman: You are not allowed to make a speech.

Mr. Kayalam Paramesvaran Pillai: I would again request Mr. Tampi to make that statement to the High Court in writing. An action against the officer can be taken *only* if the charge is found proved, and not on a mere allegation.

Mr. P. Padmanabhan Tampi: I am prepared to send all the facts relating to it if the Government wants it.

Mr. Kayalam Paramesvaran Pillai: I would advise him to send them to the High Court. The Judiciary in these matters is more or less self-contained and independent, although technically it is not so. In any event Government depend upon the High Court for advice and guidance in such matters and I would appeal to the member to go to the High Court.

Mr. M. N. Paramesvaran Pillai: May I know, Sir, whether the High Court or the Government have any power to punish a Judicial Officer, without any judicial enquiry?

Mr. Kayalam Paramesvaran Pillai: That will depend upon the officer concerned and the offence concerned.

Mr. P. Padmanabhan Tampi: Suppose it is a District Magistrate?

Mr. Kayalam Paramesvaran Pillai: That will depend on the circumstances of the case. Generally speaking, as regards judicial irregularities, Government. And after all it is but right that Government should depend upon the High Court for guidance, in

such matters. Mr. Padmanabhan Tampi said that a particular Judicial Officer took and certified a deposition as read although, as a matter of fact, it was not read and even though somebody actually protested against it. Is it not fair that the High Court should make the first enquiry into it? I would appeal therefore to Mr. Tampi to write it to the High Court and they are sure to take the necessary action. Sir, the long and short of all this is that it is very easy to *make a charge* of this nature; but to make it out is a different matter. Let me appeal to the House to consider whether it is not a disgrace to this House and to the country at large that such sweeping charges should be made and yet no attempt made to prove them. What will people outside this country think when they read in newspapers reports of these assertions? They will think that after all Travancore Judiciary is a corrupt Judiciary, and the people do not move a little finger to remedy it. Is it not the duty of this House consisting of such members as Mr. Tampi to see that such charges are proved and thereby repetition of such things removed by getting corrupt officers punished? Will Mr. Tampi rise to the occasion? I shall leave it at that.

Then, Sir, the next point that I want to touch on is about the law's delays.

Mr. G. Narayana Aiyar: May I know whether the High Court restored the 10 Hindu holidays?

Mr. Kayalam Paramesvaran Pillai: I am not able to answer that question. I believe that the matter was under consideration.

Mr. M. N. Paramesvaran Pillai: Was there any complaint from any of the Judges and Munsiffs regarding the abolition of these holidays?

Mr. Kayalam Paramesvaran Pillai: I think that Mr. Narayana Aiyar raised the point once that when the courts are kept open the treasuries are not open and that this circumstance may cause some trouble to the parties. I believe that that aspect has received the attention of the High Court. I cannot now say what has become of it.

Mr. K. Sankaralingom Pillai (*Kottarakara and Pattanapuram* cum *Shencotta*): Did not the Law Member promise to look into the matter last year?

Mr. Kayalam Paramesvaran Pillai: Probably, he did. But today I have not got the papers with me.

Chairman: Your time is up.

The motion was, by leave, withdrawn.

Chairman: I put Demand XI—Administration of justice for Rs. 10,62,894.

The grant was made.

DEMAND XII—GENERAL ADMINISTRATION—EXCLUDING ACCOUNT OFFICE AND LEGISLATIVE BODIES.

Rao Sahib Dr. N. Kunjan Pillai: Sir, I move that Government be granted a sum of Rs. 2,42,254, under Demand XII—General Administration—Excluding Account Office and Legislative Bodies.

Mr. M. Govindan: May be some months. I am not quite sure of the period of time that elapsed. Of course, the period is within the memory of my friend as well.

Mr. M. N. Paramesvaran Pillai: Does the member note that there are as many dissenting minutes as there are members in that Committee?

Mr. M. Govindan: No, I refer my friend to the report of the Committee. There is a majority report. And to the extent of the recommendations made in that majority report, the majority of members are agreed. If the Government does not want to do anything in the matter and to allow members like Mr. Kunjitomman and myself to cry hoarse over this inadequate representation for all time, then, it may defer taking action, and not otherwise.

Mr. K. P. Nilakanta Pillai: Is it the honourable member's opinion that the majority report may be given effect to so that the minority report may be scraped off?

Mr. M. Govindan: My opinion is that the Government should consider the matter and should give effect at least to the recommendations of the majority report and the Government should try as far as possible to give effect to the recommendations contained in the minority report.

Mr. M. N. Paramesvaran Pillai: May I know whether it is a question of benefit to him or to myself?

Mr. M. Govindan: I do not feel called upon to answer that question. It is not a question of benefit to Mr. Paramesvaran Pillai or Mr. Govindan; but it is a question of peace and progress of our State. My community has become backward because of the disabilities imposed on it in respect of education. The members of these communities have not been admitted into the schools or into the public service of the country. But now these disabilities have been practically removed and I am thankful to the Government for that.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether there is not a complaint to the effect that the recommendations of the Temple Entry Committee are not given effect to?

Mr. M. Govindan: I have got that grievance but that is a different subject altogether. The Government have given expression in the Financial Secretary's budget speech that the matter of the public service is engaging their attention. I find from the adjectives used by the Chief Secretary that the Government attach

[Mr. M. Govindan.]

weight to the report and we expect from Government a sympathetic consideration and hope that something will be immediately done.

Mr. M. N. Paramesvaran Pillai: Sir, in connection with this Demand, I wish to offer a few remarks about the general administration of the country. We have been repeatedly pointing out that every branch of the Government machinery requires thorough over-hauling. Incompetency and inefficiency reign supreme in every department of Government so much so to clear off arrears the Government are very often driven to the necessity of creating more places. If we make a review of our present administration we will find that by pursuing such a policy the Government are blindly running at break-neck speed into the vortex of a financial crisis. While in the name of retrenchment the posts of a few peons and low-paid officers are abolished or their pay is reduced, in another direction under the guise of reorganization, the Government deliberately create numerous new and unnecessary appointments carrying very big salaries and sometimes even personal pay and allowances. For instance, when the posts of the Income Tax Inspectors were abolished, there comes the proposal for the creation of two full time Income Tax Collectors. When the post of the Tanning Expert is abolished there springs up in the Education Department another expert, the Geography Expert. Provision is made in the budget for 1110 for the creation of an Assistant Surgeon for the Bacteriologist branch of the Public Health Laboratory, a Directress of State Guests, and a Controller of Stationery and Printing and so forth. As regards the appointment of a Controller of Stationery and Printing, in the Proceedings of the Government of Her Highness the Maha Rani Regent passed so early as in 1925 on the Report of the Government Press Committee, it is stated that there is no reason or justification for appointing a separate Controller of Printing and Stationery in Travancore. But what subsequent events have now necessitated this appointment, I am really at a loss to comprehend. The expenditure under Stationery and Printing also seems to be lower now than it was in 1925. The Special Officer for the Standardization of Salaries is said to have submitted his report which is even today kept by Government as a sealed document. When the Government were prepared to take the opinion of the Council on the reports of the Education Reforms Committee and the Public Service Recruitment Committee, I do not find any reason why they should hug Mr. Thommen's report so fondly and withhold it from our consideration. We understand that this special officer was particularly and specially careful in providing high salaries for officers

of his department and reducing those of the hard-worked officers of the Judicial Department. It is rumoured that his report does not touch even the fringes of the question of wastage in our public service. It is no doubt a peculiarity with our Government to lavishly spend enormous sums upon unnecessary and useless committees, for instance the Temple Entry Committee and so forth. Just recollect how many committees were constituted during the past few years and how many of their reports now lie buried amid the official archives. Both in the Administration Report for the year 1108 and also in the present budget speech of the Financial Secretary we find loud lamentations that there has been a steady rise in our expenditure due to the increase of our service and pension lists. Unless the Government take time by the forelock and check their expenditure on this kind of patronage and thus stem the tide of popular disapproval and discontentment, I do not know where we shall be in a few years. Don't think, Sir, that we are merely fighting like Don Quixote, a wind mill of imaginary grievances. Neither your much talked of Public Service Commission nor your schemes for the imposition of additional taxes such as the excise duty on matches and cardomoms, etc. are going to solve the real political and financial problems in our State. Whatever we say may seem to be irksome to your officers, but we believe it is our paramount duty to criticise Government whenever we find that they are in the wrong. Even when our own parents err there is a duty cast upon us to rebel as well as to obey at other times. Those who blindly lend their support to Government in season and out of season and encourage them to waste public money like this are really the greatest enemies of the State and its Sovereign. A true patriot is one who fails not to oppose Government when it goes astray and not one who helps it to dig its own grave. Max Nordau in his book " *Morality and the Evolution of Men*" has most pertinently remarked thus :—

Mr. M. Govindan : May I know from the member how this observation is relevant to the demand.

Mr. M. N. Paramesvaran Pillai : I am now dealing with the general administration of the country and I was only trying to show what exactly should be the correct attitude that a true patriotic citizen ought to take when he is reviewing the administration of his country.

Chairman : Better do that rather than explain the ethics of the psychology of opposition. You had better confine yourself to your criticisms of the Government policy rather than indulge in general philosophy.

Mr. M. N. Paramesvaran Pillai: Sir, the passage is worth quoting. It reads thus:—

> "Real patriotism demands that a true citizen and an honourable man should with might and main, even at the price of his life, oppose any injustice about to be committed by his Government;......... On the plea of inevitable partiality a Judge may refuse to try a case in which a near relative of his is involved. That is a permissible concession to that human imperfection which causes reason to fall silent when feeling raises its voice, and justice does not suffer,...........

Chairman: We are at the general administration, Mr. Paramesvaran Pillai. Not administration of justice.

Mr. M. N. Paramesvaran Pillai: Sir, I fully understand that and I read this passage as being relevant to the subject under discussion:—

> "for there are other judges who can take the seat that has been voluntarily vacated. No citizen has the right to evade the duty of judging his country, because, if he fails there is no other judge who can be put in his place and fulfil his duty. Every citizen is personally responsible for the just and moral behaviour of his community, responsible to his own conscience, to his nation, to the world, to the present and to the future; and if he is powerless to prevent depravity of misdeeds, he must at least solemnly and loudly condemn them, as this is his only means of avoiding joint responsibility for the infamy. If he fails to do this, the public crime becomes his personal crime as well. The elder Brutus, so much and so justly advised by the Romans, is an example to all, for without mercy he handed his own flesh and blood over to the executioner, when according to the law his life was forfeit. The State has no greater claim to indulgence and mercy than has Brutus's son, if knowingly and intentionally it indulges in vice. For, if you allow the dictum "Right or wrong my country" to be valid, then you must also apply it to the State of filibusterers that once existed in the Antilles, and must demand of its citizens that their patriotism should approve and defend theft, piracy, rape and assasination, for the systematic perpetration of which their State was founded."

Mr. K. P. Nilakanta Pillai: Sir, I also wish to make a few observations in this connection. Mr. Kunjitommen as usual has mooted the thorny question of communal representation in public service. I thought at least during this session it would be premature for this House to consider the question of representation in the public service of the State. Mr. Kunjitommen submitted that a committee was appointed and an exhaustive report was prepared by the Committee and that report is pending consideration before the Government. I think the Government acted rightly when they invited criticism of the members of both the Legislatures regarding the recommendations made by the Committee. Now it is only 3 months since the report has been submitted. Yet, Sir, in

order not to misjudge me I expressed my opinion about this question. Therefore, it is not at all my desire to be partial to my community.

But I say every community should get ample opportunity to be represented in the public service of the State. But, Sir, recently there is a cry that some communities are over represented in the public service and therefore those communities should be kept away for some time to come. I request the indulgence of the members to consider the justice or otherwise of this claim.

Mr. M. Govindan : May I know from the member whether it is one of the recommendations of the committee to keep away those communities which are over represented and put forward other communities ?

Mr. K. P. Nilakanta Pillai : Mr. Kunjitommen represented that Mr. T. Raghaviah, one of the ex-Dewans, had made a rule that preference should be given to those communities which are not adequately represented in the public service till they come up to the level of the over represented communities. I do not want to be partial to any community or to check the aspirations of those communities which need representation in the public service of the State. But I cannot understand the argument advanced that because some communities were over represented in the public service from years back they should not be entertained in the future and the other communities should be preferred. Sir, every member will agree with me when I say that it will tantamount to communal injustice. I also propose to quote a passage but of course a relevant one. This is an answer given by His Highness the Maha Raja of Mysore to the non-Brahmin deputation in 1918 when the attention of the State was seriously engaged in a similar problem :

> "It has always been my earnest desire to see all classes of my subjects represented in just proportion in public service. The preponderence of the Brahmins in the Government service is due to inevitable causes. I feel convinced that time and the spread of education and enlightment will gradually remove the inequality of which you highly complain. At the same time I must tell you that it is far from my desire that any community should in any way be penalised on account of its caste simply because it has worked hard and utilised fully the opportunities for advancement which are open to all my subjects. For I believe I have in the Brahmin community as loyal subjects as any among my people. Nor can I for a moment forget the eminent services rendered in the past and still being rendered to my house and State by the representatives of that gifted community."

Mr. Komilezhathu Sankaran : May I know from the member what the Government of Mysore did in consequence ?

Mr. K. P. Nilakanta Pillai: That question need not be considered at all.

Now the question of communal representation is not occupying a very important place in the Mysore politics. Sir, I quote this passage to say that the argument advanced by the members in favour of communal representation is aiming at doing only injustice. Unfortunately I am a member of the Nair community, and I emphasise the word "unfortunately". Because it is unlucky to be styled as a member of the Nair community since it is said that we are over represented. What does it mean when the Nair community, particularly, is condemned, because their ancestors occupied some important and influential position in the public service long long ago. Now, Sir, I like to tell the members who dwelt on this question that they need no longer be under that impression. There are historical causes which go to support this statement. It is admitted that communities which are backward in education do not find any opportunity for their members to get an entry in the public service. Considerable time is given them and they are mostly educated now. The State tries to secure for them adequate representation in public service. No bar is placed in the way of their moral, material, educational and all other sorts of advancement and improvement of the unrepresented and backward communities in the State.

Mr. Komilezhathu Sankaran: May I know from the member whether he is not aware of the fact that there are even now departments in the public service which have not been thrown open to all alike.

Mr. K. P. Nilakanta Pillai: I do not remember any department, except the Devaswom Department, which is not thrown open to all communities.

Mr. M. Govindan: What about the Devaswom Department?

Mr. K. P. Nilakanta Pillai: I cannot answer. I am not in a position to answer because if I were given dictatorial power to solve the question .. ..

Mr. Komilezhathu Sankaran: What about the Military Department?

Mr. K. P. Nilakanta Pillai: I stated, Sir, that there is no bar whatever to anybody being appointed to any post; any member of any community in any branch.

Mr. Komilezhathu Sankaran: Is not the Military Department the monopoly of a particular community?

Mr. K. P. Nilakanta Pillai: My friend did not hear the quotations that I read. There were years of difficulties and histori-

cal causes when loyal services were rendered once by a particular community. There are records to refer too. Now as matters stand what is the grievance, I ask? There is no question or opposition that a particular community should suffer from representation in the public service of the State. Therefore I ask the question when the report is pending with the Government and when Government is deeply considering over the matter why should we now take up the time of the House again for the discussion of this subject? If these propositions are agreed to, every community must be given equal opportunity in the public service of the State and it is not preference or over preference to any single community. With these words I support the motion.

Mr. P. Padmanabhan Tampi: Sir, I have got only one or two points.

First of all, I beg to point out that the Government are not keeping the confidence of the people and especially the Legislature. To quote one instance, matters relating to the Quilon-Shencotta Railway were brought to the Legislature only through the budget speech made by the Financial Secretary.

Another point is that the Cochin Harbour question, which is pending with the Government of India, is not brought to the confidence of the Legislature, though in the Cochin Legislative Council that matter was brought by the Dewan himself who even volunteered with the necessary information.

A third point is the publication of the recent communique (Press Note) prohibiting members from taking part in the Congress activities. Sir, it is a right taken by Government, by itself, without any necessity, even though the Congress was respected as a legal body. We saw that it was proclaimed as an illegal body sometime back by the British Indian Government during the time of the Civil Disobedience movement. And now that there is no Civil Disobedience, it is a body legally constituted in British India; and the people of the State are bound to take part in the matter so far as there is, and when the question of Federation comes. And this right was taken away without consulting even the members of both the Houses. There was absolutely no necessity for that and our rights are curtailed.

Another point that I beg to bring to the notice of the House is that the Press Communique itself has created some difficulties and it is rather ambiguous. It says, "that they cannot permit...... ...... to take active part in the internal politics or elections in British India or Indian States." This will shew that we are even not

allowed to take part in elections in Travancore. For, "any Indian State" will include Travancore also. There is no such prohibition in any part of India. We never expected such a communique from an administrator like Sir Muhammad Habibullah.

The next point is that there was the laying of the foundation stone for the building of the Legislative Assembly Hall. The sacred names of Lord and Lady Willigdon are inscribed on the stone. But that is kept in the public office garden and no action is taken by the Government with regard to the construction of the building.

Chairman: That comes under another Demand.

Mr. P. Padmanabhan Tampi: Sir, those questions are included in the demands under General Administration also. A sum of Rs. 33,000 was provided in the budget for the construction of a building at the Cape. At least half this amount could have been provided for the Council Chamber. I submit, Sir, it is a very sorrowful affair and it does not bring any credit to the Government.

The next point which I want to bring to the notice of Government is the way in which the depressed classes are helped by the Government. There is no adequate provision in the budget for the amelioration of the condition of the depressed classes and we find a paltry sum of Rs. 10,000 provided for this in the budget. With regard to this we could very well take a leaf from the Cochin Government. There large amounts are budgeted for the amelioration of the depressed classes. This question was brought home to Government when we were dealing with Land Revenue. This is also another point for the notice of the House.

The next point is about charitable institutions and the money spent for charity. There is a Poor House started by the generous donation given by His Highness the Maha Raja. But no provision is found in the budget for this institution. Not a single cash is provided even though the institution was opened by the finances given by His Highness the Maha Raja.

Another point which I should like to bring to the notice of the House is the subject of the heated discussion that has been going on in the House. That is about the prevailing corruption among officers in the country. The Government always give a deaf ear to this complaint. When members say about corruption, their statements are branded as sweeping remarks. In this House and in the other House members have had serious discussions about this subject But the Government always give a deaf ear to these complaints

Rao Sahib Dr. N. Kunjan Pillai: Sir, several points have been raised in the course of the discussion on this Demand and I find it rather difficult to deal with them all in the space of ten minutes at my disposal. Two or three points, I think, I must try to explain.

The first and the most important question raised by more than one member is the question of recruitment to public service. Sir, as the honourable members themselves have stated, the committee appointed by Government had submitted their report and it was considered by this House only about a couple of months ago. Mr. Govindan said that there was no necessity to have placed the report before the House, while Mr. K. P. Nilakanta Pillai was of the opinion that Government did wisely in allowing the House to discuss the recommendations of the committee. There was a strong feeling among the public that the report of the Public Service Committee should be discussed by the representatives of the people. They were allowed to discuss the report of the Education Reforms Committee and Government thought it only fair that they should give an opportunity to the members of both the Houses to express their views on the recommendations of the Public Service Recruitment Committee also. I do not think that many honourable members in the House would blame Government for doing that.

It is hardly two months, Sir, since the discussion in the House took place. As soon as the last session of the Legislature was over, the Secretariat had to prepare for the present Budget Session and within the short space of a month or two, it was not really possible for Government to consider not only the various and varied opinions expressed in the report, but also the views expressed by the the honourable members themselves, and to come to a decision on the important recommendations of the committee. But I can assure the honourable members that the matter is engaging the very serious attention of Government and before long their decision will be announced. What the decision is going to be I cannot say at present. But all the recommendations of the committee and the views expressed in this House and in the other House will be very carefully considered and some decision will be arrived at by Government at a very early date.

Then, Sir, I think it was Mr. M. ·. Paramesvaran Pillai who spoke, among various other things, about the motion of new appointments. He accused Government of having created certain new posts unnecessarily. He gave as an instance the proposed appointment of a Controller for Stationery and Printing. Sir, Government gave their very best consideration to the matter and came to the conclusion that in the interest not only of efficiency but

even of economy it would be better to place both the Press and the Stationery under an officer who has had experience in both these branches. By creating a new appointment Government propose to abolish the officer for the Standardisation of Forms. His work will be taken over by the new controller. With the appointment of the Controller Government also propose to make some retrenchments in the establishment of both the Press and the Stationery, so that, in the end, I do not think, that the increase in the net cost to Government by the creation of this new post will be anything appreciable.

Mr. M. N. Paramesvaran Pillai: Has not the expenditure under Stationery fallen less than it was in 1925?

Rao Sahib Dr. N. Kunjan Pillai: Yes. Even between this year and the next, there is an appreciable fall in the expenditure. In 1109 the allotment for stationery was about Rs. 1,50,000 and if you look into the Budget for 1110 you will see that is only Rs. 1,30,000. Personally, I think there is scope for further reduction. If you have a competent officer as the head of the combined departments of Stationery and Printing he will be able to make a further reduction in the expenditure. The creation of this new post will not cost any appreciable amount and on the other hand it will be possible to make some considerable saving in the expenditure which the Government now incur on stationery. If you examine all the new appointments which the Government have created you will find that there are weighty reasons for creating them.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether the Government intend to place the report of the Standardisation Officer before the House?

Rao Sahib Dr. N. Kunjan Pillai: Regarding that question I want to say that there is no separate report by the Standardisation Officer. He has only examined the report of the Retrenchment Committee and prepared notes for the consideration of Government. The Committee's report was forwarded to all the heads of departments and their views on the proposals were obtained. The special officer has only considered the recommendations of the Committee and the opinions of the various heads of departments and prepared some notes for the guidance of the Government. Government have not yet come to any definite conclusions. Mr. M. N. Paramesvaran Pillai is not quite correct when he says that Mr. Thomman has recommended an increase to the salary of high-paid officers and at the same time a reduction in the salary of low-paid ones. He had not done so.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether the salary of Judicial Officers also come within the scope of this retrenchment?

Rao Sahib Dr. N. Kunjan Pillai: I cannot say anything about the recommendations of the standardisation officer. They are only notes prepared by a Secretary in the Secretariat and they have to be treated as confidential at this stage.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether this Special Officer has put any concrete proposals?

Rao Sahib Dr. N Kunjan Pillai: He has made certain suggestions and they have not been finally disposed of by the Government. It is the intention of the Government to consider his proposals and compare them with the recommendations of the Retrenchment Committee. I may say that the object of the Government in taking up the standardisation question is really retrenchment. When final orders are issued the Government will find it possible to make a considerable saving in the expenditure under salary and establishment charges. More than that I cannot say at present.

I just want to say a word about the Press Communique regarding congress activities referred to by Mr. Padmanabhan Tampi. Government have issued the communique not with a view to prevent the people from joining such activities of the Congress as the uplift of harijans, spread of khadar and similar harmless movements. Government have specifically stated in the communique that they have absolutely nothing against such congress activities. But the honourable members are aware that there are two or three parties within the Congress itself.

Mr. M. N. Paramesvaran Pillai: In view of the Press Note issued by the Government is it open for any citizen to advocate temperance in the land?

Rao Sahib Dr. N. Kunjan Pillai: Any citizen can advocate temperance, or harijan uplift or khaddar propaganda and such like activities of the congress. But the Government's apprehension is about the activities of a certain section of the Congress which has a leaning towards communistic and socialistic ideas. To prevent the people from joining hands with this section of the Congress, Government have issued the Press Communique. Government also fear that if members are recruited to the Congress in the State they may enter into British Indian politics and thereby create trouble. Even Mr. Gandhi has said that the Congress, as such, has nothing to do with the States subjects. An attempt is no doubt being made to put a different interpretation on Mr. Gandhi's words.

Chairman : Your time is up.

Mr. Tariatu Kunjitomman : ഗവമ്മെൻറു ഇതിനെപ്പററി അനുഭാവത്തോടെ വേണ്ടതു് ചെയ്യാമെന്നു് പറയുന്നതുകൊണ്ടു് ഞാൻ മോഷനെ പിൻവലിക്കാൻ അനുവാദം ചോദിക്കുന്നു.

The motion was, by leave, withdrawn.

Chairman : I now put Demand No. XII—General Administration excluding Account Office and Legislative Bodies for Rs. 2,42,254.

The grant was made.

The Council adjourned at 5 P. M.

P. PARAMESVARAN PILLAI,
Secretary to the Sri Chitra State Council.

PROCEEDINGS OF

THE TRAVANCORE SRI CHITRA STATE COUNCIL.

(OFFICIAL REPORT)

FIRST COUNCIL.

Volume III—No. 6.

Third Session—1109/1934.

Wednesday, the 15th August 1934/31st Karkatakam 1109.

The Council met in the Victoria Jubilee Town Hall at eleven of the clock in the forenoon, the President Khan Bahadur Sir Muhammad Habibullah Sahib Bahadur K. C. S.I., K. C. I. E., Kt., LL.D. presiding.

QUESTIONS AND ANSWERS.

Extension of age-limit for retirement of Officers.

59. ***Mr. M. N. Paramesvaran Pillai** (*Municipal Councils*) : Will the Government be pleased to state whether they are taking any steps to extend the age limit for retirement, and, if so, on what grounds ?

Rao Sahib Dr. N. Kunjan Pillai (*Chief Secretary to Government*) : There is no proposal before Government to extend the age limit for the retirement of their officers.

Age limit for High Court Judges.

60. ***Mr. M. N. Paramesvaran Pillai** : Will the Government be pleased to state :

(*a*) whether they have asked the judges of the High Court if they (judges) have any objection to continue in service till the completion of the 60th year ;

(*b*) if so, whether they have received any reply thereto and what is the nature of the reply ; and

(*c*) whether they have received any objection from the bar associations to the proposed extension of age limit of the judges ?

G. P. T. 191—350—20-3-10.

Rao Sahib Dr. N. Kunjan Pillai : (*a*) No.

(*b*) & (*c*) These do not arise.

Amendment of certain provisions of the T. S. R.

61. ***Mr. G. Narayana Aiyar** (*Kunnatnad*.cum *Parur*): Will the Government be pleased to state whether they have received any representation from the High Court Vakils' Association, Trivandrum, to amend certain provisions in the T. S. R. in respect of superannuation in view of the fact that similar provisions are found in the British C. S. R ?

Rao Sahib Dr. N. Kunjan Pillai : No.

Mr. G. Narayana Aiyar : May I know whether it is a fact that a memorial was sent by the Secretary of the Vakils' Association, Trivandrum, dated 3-11-1109 ?

Rao Sahib Dr. N. Kunjan Pillai : Government received some resolutions passed by the Vakils' Association.

Mr. G. Narayana Aiyar : When were the resolutions received ?

Rao Sahib Dr. N. Kunjan Pillai : I cannot say the exact date now.

Mr. G. Nararyana Aiyar : When was it received ?

President : Is it the honourable member's information that the memorial or the resolutions, whatever it may be, was for the purpose of amending the Service Regulations ?

Mr. G. Narayana Aiyar : Yes, Sir.

President : Is it so ?

Rao Sahib Dr. N. Kunjan Pillai : No, Sir. The purport of the resolutions is not the revision of the Service Regulations.

Mr. G. Narayana Aiyar : Resolution to amend certain provisions in the T. S. R. in respect of superannuation to make it conform to the rules found in British India ?

Rao Sahib Dr. N. Kunjan Pillai : The resolution is for the introduction of an Article in the T. S. R. similar to provision 244 of the British Indian Service Regulations so that District Munsiffs, Additional District Judges, District Court Sirkar Vakils, Assistant Head Sirkar Vakils and Professors of the Law College may add to their service qualifying for superannuation pension the actual period not exceeding five years by which their age at recruitment exceeded twenty-five years.

Mr. G. Narayana Aiyar : May I know from the member what action has been taken by the Government on that resolution ?

Rao Sahib Dr. N. Kunjan Pillai : Government have not taken any action. They have simply recorded the resolution.

Mr. G. Narayana Aiyar : May I know whether it will not work serious hardship to the District Judges, Additional District Judges, High Court Judges and Professors of the Law College when they are recruited from the bar if such a provision is not allowed ?

Rao Sahib Dr. N. Kunjan Pillai : That is a matter of opinion.

Mr. M. N. Paramesvaran Pillai : May I know whether there is such a rule in British India ?

Rao Sahib Dr N. Kunjan Pillai : Yes.

President : Is the honourable member anxious to copy all the rules in British India ?

Purchase of giraffes for the State.

62. ***Mr. J. John Kattakayam** (*Muvattupuzha* cum *Todupuzha*) : Will the Government be pleased to state :

(*a*) the number of and the price at which giraffes were bought for Government use ;

(*b*) whether any special expenditure had been incurred by them for transporting a giraffe from Cochin ; and

(*c*) whether they are aware of any accident to any vehicle, animal or human being as a result of the removal of the branches of trees along the route for this purpose ?

Rao Sahib Dr. N. Kunjan Pillai : (*a*) A pair of giraffes at £ 500.

(*b*) Some expenditure had to be incurred.

(*c*) No

(The answer was read in Malayalam.)

Mr. J. John Kattakayam: അതു നിമിത്തം വൃക്ഷങ്ങൾക്കോ മാറു മൃഗങ്ങൾക്കോ വല്ല ഹാനിയും സംഭവിച്ചിട്ടുണ്ടോ?

Rao Sahib Dr. N. Kunjan Pillai: അങ്ങിനെ നഷ്ടം സംഭവിച്ചിട്ടുള്ളതായി ഗവണ്മെന്റിന് അറിവില്ല.

Mr. J. John Kattakayam: ഈ സാമ്പത്തികാധഃപതന കാലത്ത് ൫൦൦ പവൻ ജിറാഫിനു വേണ്ടി ചിലവു ചെയ്യാൻ ഗവണ്മെന്റിനെ പ്രേരിപ്പിച്ച സംഗതി എന്താണ്?

Rao Sahib Dr. N. Kunjan Pillai: ഇവിടത്തെ മ്യൂസിയത്തിൽ ജിറാഫ് വേണമെന്ന് ഗവണ്മെന്റു വിചാരിച്ചു. അതുകൊണ്ടു രണ്ടെണ്ണം വാങ്ങാൻ ഏർപ്പാടുചെയ്തു.

Mr. M. N. Paramesvaran Pillai : May I know from the member how much money has been spent for this purpose ?

Rao Sahib Dr. N. Kunjan Pillai : For what purpose ?

Mr. M. N. Paramesvaran Pillai: For getting down the giraffes.

Rao Sahib Dr. N. Kunjan Pillai: The price of the giraffes is £ 500. Perhaps the honourable members are aware, that the giraffes died on the way. Because they were insured, Government will get back the amount. Some little expenditure has been incurred for the arrangements made for transport. Government have not yet received the final bill and so I cannot say at present the actual amount spent on that account.

Mr. M. N. Paramesvaran Pillai: May I know whether, under the agreement, the Company undertook to deliver these animals at Trivandrum or at Bombay?

Rao Sahib Dr. N. Kunjan Pillai: Their undertaking was to deliver them only at the port and not at Trivandrum.

Mr. M. N Paramesvaran Pillai: So who is to meet the price of these animals?

Rao Sahib Dr. N. Kunjan Pillai: Government.

President: If delivered alive, Government.

Mr. M. N. Narayana Menon (*Kottayam*): അവർ ഇൻഷർ ചെയ്യുന്നതിനുവേണ്ടി ഗവണ്മെൻറിന് എന്തെങ്കിലും ചിലവായിട്ടുണ്ടോ?

Rao Sahib Dr. N. Kunjan Pillai: ഗവണ്മെൻറിന് ഒരു ചിലവും ഇല്ല.

Mr. H. O. L. Marikar (*Minachil* cum *Devicolam*): What is the amount of insurance?

Rao Sahib Dr. N. Kunjan Pillai: £ 500.

Mr. H. O. L. Marikar: May I know the amount of premium paid?

Rao Sahib Dr. N. Kunjan Pillai: I have no information. The animals were insured by the gentleman who supplied them.

Shorthand Reporters of the Legislature.

63. ***Mr. K. P. Nilakanta Pillai** (*Chirayinkil* cum *Nedumangad*): Will the Government be pleased to state the names of the persons who are engaged or permanently employed as Shorthand Reporters for the Houses of the Legislature while in session, their qualifications, both general and technical, and the amount of their salary per mensem and other allowances?

Rao Sahib Dr. N. Kunjan Pillai: A statement *containing the information is laid on the table.

* *Vide* Appendix I at page 444.

Income and expenditure in respect of 1st, 2nd and 3rd class passengers of the Travancore Branch of the S. I. R.

64. ***Mr. S. Piraviperumal Pillai** (*Commerce and Industry, South*): Will the Government be pleased to enquire and state:

(*a*) the total income derived on the sale of first, second and third class tickets in the Travancore branch of the S. I. R., respectively, during each of the last five railway official years; and

(*b*) the total amount spent during each of the above years towards maintenance, upkeep, etc., of the carriages of the first, second and third classes respectively?

Rao Sahib Dr. N. Kunjan Pillai: (*a*) and (*b*): A statement * giving the information is placed on the table.

Export of rubber.

65. ***Mr. J. John Kattakayam**: Will the Government be pleased to state:

(*a*) the action taken by them according to the promise made in respect of the adjournment motions moved both in the Assembly and in the Council about the inadequacy of the quota of rubber allotted to Travancore; and

(*b*) if they have acted accordingly, the result of the same?

Rao Sahib Dr. N. Kunjan Pillai: (*a*) The matter is under investigation.

(*b*) This does not arise in view of the answer to part (*a*) above.

(The answer was read in Malayalam.)

Mr. J. John Kattakayam: റബ്ബർ കൃഷിസ്ഥലങ്ങളുടെ ഒരു പട്ടിക എടുക്കുന്നുണ്ടു്. അതിനുശേഷം അതിനെപ്പററി ആലോചിക്കാം എന്നു ലോവർഹൌസിൽ മറുപടി പറഞ്ഞിട്ടുണ്ടോ?

Rao Sahib Dr. N. Kunjan Pillai: ഉണ്ടു്.

Mr. J. John Kattakayam: പട്ടിക തയ്യാറാക്കുന്ന ജോലി എന്നു പൂർത്തിയാകും?

Rao Sahib Dr. N. Kunjan Pillai: കമ്മററിക്കാർ എഴുതിയിരിക്കുന്നതു സെപ്ററംബർ മാസം അവസാനത്തിൽ ആ ജോലി പൂർത്തിയാകുമെന്നാണു്.

Mr. J. John Kattakayam: കള്ളൻ പോയതിനു ശേഷം പട്ടി കുരയ്ക്കുന്നതു പോലുള്ള ഫലമല്ലേ അതു നിമിത്തം ഉണ്ടാകുന്നതു്?

---

* *Vide* Appendix II at page 445.

Rao Sahib Dr. N. Kunjan Pillai: ചോദ്യം മനസ്സിലായില്ല.

Mr. J. John Kattakayam: തക്ക സമയത്ത് അതിനുവേണ്ട പ്രവൃത്തികൾ ചെയ്യാത്തതു കൊണ്ടല്ലേ ഈ വിഷമം നേരിട്ടിരിക്കുന്നതു്?

Rao Sahib Dr. N. Kunjan Pillai: ഗവൺമെൻറിന് അതിനെപ്പററി അറിവു കിട്ടിയ ഉടൻ തന്നെ വേണ്ട കാര്യങ്ങൾ ചെയ്തിട്ടുണ്ടു്.

Mr. J. John Kattakayam: സിലോൺ ഗവൺമെൻറും ഇങ്ങിനെയാണോ ചെയ്തിട്ടുള്ളതു്?

Rao Sahib Dr. N. Kunjan Pillai: അതിനെപ്പററി അറിവില്ല.

Amendment of Puduval Rules.

66. ***Mr. J. John Kattakayam** : Will the Government be pleased to state whether they have any idea of amending the present Puduval Rules with a view to make them more useful to the people?

Mr. A. Kumara Pillai (*Secretary to Government*): The amendment of the existing Puduval Rules is engaging the attention of Government.

(The answer was read in Malayalam.)

Mr. J. John Kattakayam: ഈ സംഗതി എന്നു നടപ്പിൽ വരുമെന്നു പറയാമോ?

Mr. A. Kumara Pillai: ഇന്ന സമയം അതു നടപ്പിൽവരുമെന്നു പറയാൻ നിവൃത്തിയില്ല. താമസിയാതെ വരും. ഇപ്പോൾ ആ സംഗതി ഗവൺമെൻറിൻെറ ആലോചനയിൽ ഇരിക്കുകയാണ്.

Mr. J. John Kattakayam: എപ്പോൾ നടപ്പിൽവരുമെന്നു ഉദ്ദേശമായിട്ടെങ്കിലും പറയാൻ സാധിക്കുമോ?

Mr. A Kumara Pillai: ഉദ്ദേശമായിട്ടും പറയാൻ സാധിക്കുകയില്ല.

Publication of proceedings of the Legislature.

67. *** Mr. S. Piraviperumal Pillai** : Will the Government be pleased to state :

(*a*) the languages in which the proceedings of the Legislature are now published ; and

(*b*) why the proceedings of the Legislature are not published in the Government Gazette?

Mr. A. Kumara Pillai: (*a*) In English only.

(*b*) The Legislative Reforms Regulation, II of 1108, does not require the publication of the proceedings in the Gazette. Further the Government consider that the publication of the proceedings in a handier form would better serve the convenience of both the Government and the public.

Mr. S. Piraviperumal Pillai: With reference to the answer to part (*a*) may I know why the publication of the proceedings in Tamil and Malayalam are discontinued?

Mr. A. Kumara Pillai: Sometime back the proceedings were published in Malayalam and that was given up afterwards as there were very few purchasers for the same.

Mr. S. Piraviperumal Pillai: May I know why it was not purchased?

President: The purchasers must answer it. The Government member cannot answer it.

Mr. S. Piraviperumal Pillai: May I know from the member whether it was on account of the prohibitive price of the same?

Mr. A. Kumara Pillai: No.

The Legislative Library.

68. * **Mr. S. Piraviperumal Pillai**: Will the Government be pleased to state:

(*a*) whether the attention of the authorities concerned has been drawn to the inconveniences experienced by members of both the Houses in the Legislative Library;

(*b*) whether it is a fact that proceedings of the Legislative Chambers elsewhere that are being received in the Legislative Library were allowed to be removed by non-official members also hitherto and, if so, why it is not done so now; and

(*c*) whether any President of the Legislative Council (pre-reformed) or that of the present Legislature has ever visited the Legislative Library?

Mr. A. Kumara Pillai: (*a*) Government are not aware.

(*b*) No. Proceedings of the Legislature come under "Books of Reference" and under the rules such books cannot ordinarily be removed from the Library.

(*c*) Yes.

Mr. S. Piraviperumal Pillai: With reference to the answer to part (*a*), may I know whether the suggestions made in the 'Suggestion Book' kept in the Library are being attended to by Government?

Mr. A. Kumara Pillai: Yes.

Mr. S. Piraviperumal Pillai: May I know what was the suggestion recorded in the 'Suggestion Book' with regard to the inconveniences experienced by members?

Mr. A. Kumara Pillai: There was no......

President: Is it a general question or has it application to this particular point? If it is a general question I cannot allow it. If it has reference to the legislative books I can allow it.

Mr. S. Piraviperumal Pillai: Yes, about the legislative books.

Mr. A. Kumara Pillai: There is no suggestion to that effect. One of the honourable members suggested on 21-4-34 like this:—

> "The Legislative Library appears to be thoroughly neglected and consequently members who go over there find it very difficult to do any work."

Mr. S. Piraviperumal Pillai: Was it the only suggestion made?

Mr. A. Kumara Pillai: "It is hoped that the Secretary will kindly arrange to make it more useful."

Mr. S. Piraviperumal Pillai: Was it the only suggestion made or were there any other suggestions made in the book?

Mr. A. Kumara Pillai: In this direction there was no other suggestion. But there were so many other suggestions with regard to other points.

President: I have to draw the attention of both the members that the answers should confine to the *proceedings* in the Library and not to the whole Library. Questions regarding the publications in the Library are relevant and other questions regarding it are irrelevant.

Mr. S. Piraviperumal Pillai: With reference to the answer to part (*b*), may I know whether the proceedings of the other legislatures were not issued to the non-members before this?

Mr. A. Kumara Pillai: No.

Mr. S. Piraviperumal Pillai: I challenge that answer.

President: Probably the honourable member knows of any particular incident.

Mr. S. Piraviperumal Pillai: May I know whether the member who is now putting the questions had the privilege of getting these books before?

Mr. A. Kumara Pillai: I do not know that.

President: So the honourable member himself is the culprit. Is it so?

Opening a canal from the Periyar to the Perumbavoor Campshed.

69. * **Mr. G. Narayana Aiyar**: Will the Government be pleased to state whether the public of Perumbavoor have memorialised them for the opening of a canal as far as the Perumbavoor campshed from the Periyar river and putting up of a landing ghat for loading and unloading of goods; and, if so, when the memorial was received; and what steps were taken by them on the memorial?

Mr. G. B. E. Truscott (*Chief Engineer*): Yes; in 1923. The scheme was investigated by the P. W. Department and found to be very costly.

Mr. G. Narayana Aiyar: May I know from the member whether there is any landing ghat for loading and unloading of goods at Perumbavoor?

Mr. G. B. E. Truscott: I believe there is one.

Mr. G. Narayana Aiyar: Has the honourable member visited Perumbavoor at any time?

Mr. G. B. E. Truscott: Yes.

Mr. G. Narayana Aiyar: Will he be pleased to enquire and find out whether there is sufficient landing ghat at Perumbavoor?

Mr. G. B. E. Truscott: I shall find out.

Mr. G. Narayana Aiyar: May I know from the member the cost of the canal for putting up a landing ghat at Perumbavoor?

Mr. G. B. E. Truscott: No estimate was prepared. The canal is only 2 miles or so in length, the construction of which will cost over a lakh of rupees.

The Alleppey-Changanachery canal.

70. ***Mr. K. Padmanabha Panickar** (*Ambalpuzha*): Will the Government be pleased to state:

(*a*) the length in miles of the proposed Alleppey-Changanachery canal;

(*b*) the length of the canal that has already been opened; and

(*c*) the length that remains to be opened?

Mr. G. B. E. Truscott: (*a*) 2 miles and 818 feet.

(*b*) 4076 feet.

(*c*) 7302 feet.

Mr. K. Padmanabha Panickar: May I know the amount spent on the two miles?

Mr. G. B. E. Truscott: I believe about Rs. 4,700.

Mr. K. Padmanabha Panickar: With regard to the answer to part (*c*), may I know whether any estimate has been prepared?

M. G. B. E. Truscott: I believe there has.

Mr. K. Padmanabha Panickar: May I know the amount?

Mr. G. B. E. Truscott: I do not know the exact amount; but it will cost about twenty-five thousand rupees to complete the canal excluding the cost of the land.

Construction of a building for the Perumbavoor Munsiff's Court.

71. ***Mr. G. Narayana Aiyar:** Will the Government be pleased to state what steps have been taken by them for the construction of a suitable building for the Perumbavoor Munsiff's Court; when was the estimate for a new building for the Munsiff's Court sanctioned; and what was the amount sanctioned?

Mr. G. B. E. Truscott: The Judicial Department has been asked to select a suitable site; the question of estimate will be taken up after the site has been finally settled.

Mr. G. Narayana Aiyar: May I know from the member when the estimate was sanctioned?

Mr. G. B. E. Truscott: I said the question of estimate will be taken up after the site is agreed upon.

President: The estimate has not been prepared according to the answer given by the member. It will be taken up after the site has been settled. That is what I heard the honourable member say.

Mr. G. Narayana Aiyar: Is it not a fact that a sum of Rs. 19,000 was sanctioned in 1914 to put up a court house at Perumbavoor?

Mr. G. B. E. Truscott: It is quite possible.

President: That represents the estimate; is that your point?

Mr. G. Narayana Aiyar: Yes, Sir.

Mr. G. B. E. Truscott: I did not hear the question.

Mr. G. Narayana Aiyar: Is it not a fact that as early as 1914 a sum of about Rs. 19,000 was sanctioned for putting up a court house at Perumbavoor?

Mr. G. B. E. Truscott: It may be. But as a matter of fact a new site has been ordered to be selected and the amount of the estimate will depend upon the site.

President: So that is a lump allotment.

Mr. G. B. E. Truscott: The proposals sanctioned in 1914 or 1915 have all been dropped and a new estimate will be prepared after the site has been fixed.

The book entitled "Bala Chinta Ratna Satopadesa".

72. ***Mr. V. S. Arumukham Pillai** (*Tovala* cum *Agastisvaram*): Will the Government be pleased to state:

(*a*) whether the book entitled "Bala Chinta Ratna Satopadesa" by V. S. Sundara Pandyan Pillai was submitted for the consideration of the Text-Book Committee;

(*b*) if so, what are the Committee's recommendations; and

(*c*) whether any order has been passed on the Committee's recommendations by the Director of Public Instruction?

Mr. R. M. Statham (*Director of Public Instruction*):

(*a*) Yes.

(*b*) Approved for School Libraries.

(*c*) The Director accepted the recommendation of the Committee and the book was included in the list of books approved for Libraries published in the Gazette.

Pensionary contribution for the President of the Trivandrum Municipality.

73. ***Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to furnish information on the following points:

(*a*) the amount received by them every year from 1095 to the end of Medam 1109 from the Municipal Council, Trivandrum, as pensionary contribution towards the pension of its official President; and

(*b*) under what provision of the Municipal Regulation are the Government authorised to claim such contribution from the Municipal Council?

Mr. A. Kumara Pillai: (*a*) A statement* furnishing the required information is laid on the table.

(*b*) These amounts, which are due to Government under the Foreign Service Rules in the T. S. R., are included for payment in the annual budget of the Council passed by Government which the Council has to abide by under Section 251 (2) of the Travancore Municipal Regulation V of 1095. The amounts are realised under the authority of such budget.

Action taken under the Newspapers Regulation.

74. ***Mr. N. K. Padmanabha Pillai** (*Neyyattinkara* cum *Nedumangad*): Will the Government be pleased to state:

(*a*) in how many cases they have taken action under the Travancore Newspapers Regulation;

(*b*) what is the nature of such action taken in each case; and

(*c*) which are the newspapers against which action was taken and when?

---

*Vide Appendix III at page 446.

Mr. A. Kumara Pillai : (*a*) It is not possible to furnish the information, as the period for which the same is required has not been specified.

(*b*) and (*c*) In view of the answer to part (*a*) above, these do not arise.

Jewish cemetery in Parur town.

75. ***Mr. G. Narayana Aiyar** : Will the Government be pleased to state whether it is a fact that a Jewish cemetery exists in the heart of the Parur town ; whether the public of Parur have memorialised them for the removal of this cemetery to a convenient place ; if so, when the memorial was received and what action has been taken by them on the memorial?

Mr. A. Kumara Pillai : Government are aware that a Jewish cemetery exists in the Parur Municipal town. They have not received any memorial from the public for its removal from the present site.

Mr. G. Narayana Aiyar : May I know from the member the distance of the High School from this cemetery ?

Mr. A. Kumara Pillai : About two furlongs.

Mr. G. Narayana Aiyar : May I know from the member whether all sides of the cemetery are thickly populated and there are many houses ?

Mr. A. Kumara Pillai : Yes.

Mr. G. Narayana Aiyar : May I know whether the presence of that cemetery in the heart of the town is injurious to the health of the public ?

Mr. A. Kumara Pillai : But there are similar cemeteries and cremation grounds within the heart of the municipality of Parur and if one cemetery is removed, the others also have to be removed. So, though it may be injurious to the public, it cannot be removed without great difficulty.

Mr. G. Narayana Aiyar : May I know whether it is a sufficient excuse, when it is brought to the notice of Government that a particular cemetery is injurious to the public, to say that there are others also there ?

Mr. A. Kumara Pillai : Government have to consider several points in deciding the case. The people began to live in the neighbourhood of the cemetery long after its establishment and so they courted the injurious effect of a burial ground in their neighbourhood.

Mr. G. Narayana Aiyar : May I know what are the points that have to be decided in removing a cemetery besides the health of the inhabitants?

Mr. A. Kumara Pillai: The sentiments of the community that inhabit around the cemetery, the situation of similar cemeteries and burial grounds within the town and the mentality of the people.

Mr. G. Narayana Aiyar: May I know from the member whether they have at any time ascertained the sentiments of the community in removing a cemetery or burial ground.

Mr. A. Kumara Pillai: I claim notice.

Mr. K. K. Thomas: May I know from the member whether the cemetery existed earlier than the place was inhabited?

President: You mean the age of the cemetery.

Mr. A. Kumara Pillai: That cannot be. People first set in and then the necessity for the cemetery arose.

President: There can be no necessity for cemetery without people! (*Laughter*).

Mr. K. K. Thomas: May I know whether it was with the knowledge of the existence of the cemetery that the population has grown arround the cemetery?

Mr. A. Kumara Pillai: Yes.

Sinking of wells for the use of depressed classes.

76. ***Mr. V. S. Arumukham Pillai:** Will the Government be pleased to state:

(*a*) how many wells were sunk for the depressed classes in this year (1109) in the taluks of Agastisvaram and Tovala; and

(*b*) how many memorials were received from the depressed classes from the above taluks for sinking of wells?

Mr. A. Kumara Pillai: (*a*) Six (2 in Agastisvaram taluk and 4 in Tovala taluk).

(*b*) Two.

Mr. V. S. Arumukham Pillai: May I know from the member what action has been taken on these memorials?

Mr. A. Kumara Pillai: They have been sent to the Director of Public Health and he is taking action on them.

Mr. M. N. Paramesvaran Pillai: May I know whether these wells contain water during summer season?

Mr. A. Kumara Pillai: That information is not available here.

President: Has any complaint been received that there is no water in the wells during summer? Perhaps, that is your question.

Mr. M. N. Paramesvaran Pillai: Yes, Sir.

Mr. A. Kumara Pillai: No complaint has been received.

Rules regarding X-ray examination in the General Hospital.

77. *** Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state :

(*a*) whether they have laid down any rules for X-ray examination in the General Hospital, Trivandrum, and, if so, what they are ;

(*b*) whether there is any X-ray expert in the General Hospital in charge of the X-ray Section, and, if so, what his pay is ;

(*c*) whether any scale of fee has been prescribed for X-ray examination, if so, by whom and what they are and on what basis the same is fixed ;

(*d*) whether the whole fee realised by conducting X-ray examination is credited to Government, and, if not, whether the same is shared by any one else ;

(*e*) if the answer to part (*d*) is in the affirmative, in what proportion the fee is shared and what is the justification for so doing ; and

(*f*) whether the X-ray expert is allowed to have private practice ?

Mr. James Simpson (*Darbar Physician*) : (*a*) Yes, a copy of the rules * is laid on the table.

(*b*) Yes ; the scale of pay is Rs. 200-50/3-450.

(*c*) Yes ; by Government. The scale of charges is as follows :—

Radio-graphic examination of		Rs.
1. Hands, feet, long bones	...	4.
2. Jaws, teeth, thorax and limb joint	...	8.
3. Skull, urinary tract and spine	...	10.
4. Bismuth meal (Alimentary canal)	...	15.
5. Electrical Massage (also for Ionisation, Diathermy, Radiant heat, etc.)	...	1.
6. X-ray treatment	...	3.

The fees were fixed on the basis of the recommendations of the Administrative Board, Medical Services, and having regard to the following considerations :—

(1) The cost involved in the purchase of machinery, film and other accessories ;

(2) The rates obtaining in X-ray establishments elsewhere ; and

(3) The paying capacity of the people.

(*d*) No. The fee realised is shared by the Government, the Radiologist and his Assistant.

* *Vide* Appendix IV at pages 447 & 448.

(*e*) 50 per cent. to Government, 33 1/3 per cent. to the Radiologist and 16 2/3 per cent. to his Assistant in view of the risky nature of the work done by them.

(*f*) He is not debarred from general private practice but he has no scope for private practice in the special branch of his work.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether in a case where a doctor, who wants to diagnose the disease of a patient, is allowed to have X-ray examination for that purpose, the department realises any fees from the patient?

Mr. James Simpson: If a patient is brought to the X-ray Department from outside for examination he has to produce a certificate that he is too poor to pay the charge from a Government Medical Officer or a qualified medical practitioner in which case no fee is realised.

Mr. M. N. Paramesvaran Pillai: Suppose there is an accident due to a fall and the patient is injured. In that case is there the necessity for a certificate as to whether he is rich or poor and will the X-ray examination be conducted only after the receipt of the certificate?

Mr. James Simpson: The X-ray examination has to be conducted only after it is found necessary.

Mr. M. N. Paramesvaran Pillai: Suppose it is found that in a case X-ray examination is necessary. Will the department conduct X-ray examination before it is ascertained whether the patient is rich or poor.

Mr. James Simpson: Yes.

Mr. K. P. Nilakanta Pillai: May I know what is the exact nature of the risk that the doctor in charge of the X-ray work might have to experience?

Mr. James Simpson: X-ray work has always been known in Medicine to involve a considerable amount of risk as dermatitis and epithelioma. The doctors who attend to that work have to subject themselves to many exposures to X-rays.

Mr. K. P. Nilakanta Pillai: May I know whether it is on account of the incompetency of the doctor who handles the apparatus that the risks are resulting or is it quite ordinary that such risks are inevitable by using that apparatus?

Mr. James Simpson: There is a great risk. One of the famous pioneers in Edinburgh died from cancer starting from his fingers due to his frequent exposures to X-ray.

VOTING OF DEMANDS FOR GRANTS—(*contd.*)

President: The House will proceed to the discussion of the demands for grants.

DEMAND No. XIII—GENERAL ADMINISTRATION—LEGISLATIVE BODIES.

Rao Sahib Dr. N. Kunjan Pillai: Sir, I rise to move for the grant of a sum of Rs. 63,500 under Demand XIII—General Administration—Legislative Bodies.

Mr. J. John Kattakayam: ഒരു രാജ്യത്തിന്റെ ശ്രേയസ്സ് അവിടത്തെ ഭരണരീതിയേയും പ്രജകളുടെ സാമ്പത്തികോല്‍ക്കര്‍ഷത്തെയും ആശ്രയിച്ചിരിക്കുമെന്നാണ് എന്റെ അഭിപ്രായം. നികുതികൊടുക്കുന്നതിനുള്ള വിഷമത്തെപ്പററിയും, ജനങ്ങളുടെ ഋണഭാരത്തെപ്പററിയും, കടത്തിനു വേണ്ടി വാറണ്ടില്‍ പിടിച്ചു കൊണ്ടു പോകുന്നതിനെപ്പററിയും മററും ഗവണ്മെന്റിനോട് കുറെ മുന്‍പുവരെ ആരും പരാതിപ്പെട്ടിട്ടില്ല. കുറഞ്ഞൊരു കാലമായി അഹമഹമികയാ ജനപ്രതിനിധികളും പത്രപംക്തികളും വഴിയായും ഹര്‍ജികളും ഡെപ്യൂട്ടേഷനും മാസ്സുമായും മററും സങ്കടങ്ങള്‍ അയച്ചു കൊണ്ടിരിക്കുന്നതിന്റെ കാരണം എന്താണ് എന്ന് ഗവണ്മെന്റ് അവധാനപൂര്‍വം ചിന്തിക്കേണ്ടതാണ്. കരം കുറയ്ക്കണമെന്നോ മററു തരത്തിലുള്ള ദാക്ഷിണ്യങ്ങള്‍ കാണിയ്ക്കണമെന്നോ ഇതുവരെ അപേക്ഷിച്ചിട്ടുണ്ടോ? ഒരിയ്ക്കലുമില്ല. അടിക്കടി ഉണ്ടായിക്കൊണ്ടിരിക്കുന്ന വിഷമങ്ങളെ ഗവണ്മെന്റിന്റെ കണ്ണുപടങ്ങളില്‍ കുത്തിച്ചെലുത്തുന്നതിനു തന്നെ സാധിക്കാതെയാണിരിക്കുന്ന

ത്. ഈ തരത്തിലുള്ള വിഷമഘട്ടങ്ങളിലാണ് ഭരണാധിപന്റെ യോഗ്യത മനസ്സിലാക്കേണ്ടത്. ഒരു ഗൃഹനായകൻ തന്റെ മക്കൾക്കു ഏതവസരത്തിലാണ് വിഷമഘട്ടം വരാൻ പോകുന്നതെന്നു സൂക്ഷിച്ചുകൊണ്ടിരിക്കുന്നു. സുഭിക്ഷതയുള്ള സമയങ്ങളിൽ മക്കളുടെ കാര്യത്തിൽ കൂടുതലായ ശ്രദ്ധ പതിപ്പിച്ചിട്ടാവശ്യമില്ലാ. എന്നാൽ ആപൽഘട്ടങ്ങളിൽ അതറിഞ്ഞു വേണ്ട പരിഹാരമാർഗ്ഗം ചെയ്തുകൊടുക്കേണ്ടതാണ് ഒരു യഥാർത്ഥ പിതാവിന്റെ ധർമ്മം. ഈ രാജ്യത്തു ഗവണ്മെന്റിനെ ഇവിടത്തെ ജനങ്ങളുടെ ഒരു യഥാർത്ഥപിതാവായി സങ്കല്പിക്കാം. ഈ വിഷമഘട്ടത്തിൽ നമ്മുടെ ഗവണ്മെന്റു തൽപരിഹാരാർത്ഥം എന്തുചെയ്തു എന്നു നോക്കാം. പല രാജ്യക്കാരും അവരവരുടെ വിഷമങ്ങൾ പരിഹരിക്കുന്നതിന് പല സംഗതികളും പ്രവർത്തിച്ചിട്ടുണ്ട്. ആ നിലയിൽ നമ്മുടെ ഗവണ്മെന്റു ഒന്നും തന്നെ ചെയ്തിട്ടില്ല, എന്നു വേണം പറയുവാൻ. ൨൫% ഭൂനികുതി കുറയ്ക്കണമെന്നു കഴിഞ്ഞവർഷത്തിൽ നിശ്ചയം പാസ്സാക്കുകയും അതനുസരിച്ചു ദക്ഷിണതിരുവിതാംകൂർകാർക്കു ചില സൌജന്യങ്ങൾ ചെയ്കയും ചെയ്തിട്ടുള്ളതല്ലാതെ ഉത്തരതിരുവിതാംകൂർകാരുടെ കാർഷികാഭിവൃദ്ധിക്കു വേണ്ടി യാതൊരനുഗ്രഹങ്ങളും ചെയ്തുതന്നിട്ടില്ല. രാജോചിതമായിട്ടുള്ള രമ്യഹർമ്മ്യങ്ങളിൽ അധിവസിക്കുന്ന ഉദ്യോഗസ്ഥവൃന്ദം ഈ വിഷമതകളെപ്പററി വല്ലതും ചിന്തിച്ചിട്ടുണ്ടോ? ഒരിക്കലും ഇല്ല. സാധുക്കളും നിരാധാരരുമായ കർഷകജനതതി ഇപ്പോൾ അനുഭവിക്കുന്ന മാതിരിയുള്ള വിഷമങ്ങൾ നാട്ടിൽഇല്ലെന്നു പറയാൻകൂടി അവർ സന്നദ്ധരാണ്. ആകപ്പാടെ നോക്കിയാൽ ഇവിടെ വെറും യജമാനത്വം മാത്രമാണു നടമാടുന്നത്. ഉദ്യോഗസ്ഥവൃന്ദം പൊതുജനദാസർ എന്നുള്ള തത്വം അവർ സ്വീകരിച്ചിട്ടുള്ളതായി ഒരിക്കലും കണ്ടിട്ടില്ല. ജനങ്ങളുടെ മേൽ കുതിര കയറി അവരുടെ ജീവരക്തത്തെ ഊററി കുടിക്കാനല്ലാതെ ഇവരുടെ സമയം ജനക്ഷേമകരങ്ങളായ മററു കാര്യങ്ങളിലേക്കു ഉപയോഗപ്പെടുത്തിവരുന്നില്ല.

President: Order, Order. From the little that I have been able to understand from the member's oration or peroration, I think he is harping upon the tune of the reduction of taxes. If I have heard and understood the honourable member aright, that is a matter which is not at all germane to the grant under discussion. It ought to have been brought under General Administration which was discussed yesterday and which has already been passed by the House.

Mr. J. John Kattakayam: ഞാൻ അതിനേക്കുറിച്ചു വരികയാണു്.

President: Any other matter, please ?

Mr. J. John Kattakayam: ഈ രാജ്യത്ത് ജനങ്ങളെ അനുഗ്രഹിക്കുന്നതിനായി രണ്ടു പ്രതിനിധിസ്ഥാപനങ്ങൾ ഞങ്ങളുടെ അന്നദാതാവും കാണപ്പെട്ട ദൈവവുമായ മഹാരാജാവ് തിരുമനസ്സുകൊണ്ട് കല്പിച്ചനുവദിച്ചു തന്നിട്ടുണ്ട്. ഇപ്പോഴത്തെ നിയമസമിതികൾകൊണ്ടു ജനസാമാന്യത്തിന് പറയത്തക്ക ആനുകൂല്യങ്ങൾ നൽകുന്നതിനു പര്യാപ്തമല്ലെന്നു പറയാതിരിപ്പാൻ നിവൃത്തിയില്ല. പൊതുജനദാസന്മാരായ ഉദ്യോഗസ്ഥവൃന്ദം പൊതുജനങ്ങളുടെ മേൽ കുതിര കയറുന്നു. പൊതുജനപ്രതിനിധികളുടെമേലും കുതിര കയറുന്നില്ലയോ എന്നു ഞാൻ സംശയിക്കുന്നു. ഉത്തരവാദിത്വഭരണം ഇല്ലാതിരിക്കുന്ന കാലത്തോളം പ്രജകളുടെ പ്രതിനിധി എന്ന നിലയിൽ വേഷം കെട്ടി വന്നിരിക്കുന്ന ഞങ്ങൾക്കു ഈ സ്ഥാപനങ്ങൾ വഴി യാതൊന്നും പ്രവർത്തിക്കുന്നതിനു സാധിക്കുകയില്ലാ എന്ന് നിശ്ചയമാണ്. അതായതു ഉത്തരവാദിത്വമില്ലാത്ത ഈ സഭകൊണ്ടു യാതൊരു ഗുണവും ജനങ്ങൾക്കു വരാനില്ല. രാജ്യഭാരധുരന്ധരനും വിശാലാശയനും ഇൻഡ്യയിലെങ്ങും പ്രാമാണ്യം സിദ്ധിച്ചിട്ടുള്ള ആളുമായ ഒരു മഹാൻ ഈ രാജ്യത്തിന്റെ നേതാവായിരിക്കുന്ന ഈ അവസരത്തിൽ ഞങ്ങളുടെ പ്രാർത്ഥനയെ സശ്രദ്ധം ഗ്രഹിച്ചു അചിരേണ ഞങ്ങളുടെ ആഗ്രഹം നടപ്പിൽ വരുത്തിത്തരുന്നതിനു അവിടത്തേയ്ക്കു കഴിയുമെന്നാണ് എന്റെ വിശ്വാസം. ഇതിനേക്കാൾ വിഷമകരങ്ങളും ദുർഘടങ്ങളുമായ അനേകം സംഗതികൾ ജനങ്ങൾക്കു പ്രയോജകീഭവിക്കത്തക്കവിധത്തിൽ ഇൻഡ്യയിലും പുറമേയും അങ്ങു പ്രവർത്തിച്ചിട്ടുള്ളതായി ഞങ്ങൾ അറിയുന്നു. അതിനാൽ അങ്ങയുടെ ഭരണാരംഭകാലത്തു തന്നെ ഈ രാജ്യത്തു ഉത്തരവാദിത്വഭരണം സ്ഥാപിച്ചു കിട്ടുന്നതിനുള്ള സംഗതികളെപ്പറ്റി അവധാനപൂർവം ചിന്തിച്ചു മാതൃകായോഗ്യമായ ഒരു നിയമസമിതി സ്ഥാപിച്ചു തരണമെന്നപേക്ഷിച്ചുകൊണ്ടു എന്റെ പ്രസംഗം അവസാനിപ്പിച്ചുകൊള്ളുന്നു.

Mr. M. N. Paramesvaran Pillai: Sir, I rise to oppose this demand. For my part, I feel there is very little benefit to the public at large in spending such large sums of money every year on these Legislative Bodies. In spite of our claim for high percentage of literacy and our long experience for well nigh half a century in the working of representative institutions, it is indeed rather lamentable to note that even to-day we have not developed any true democratic instinct, nor could we rightly boast of a genuine democratic institution in the strict sense of the term. The reason for this is not far to seek. I do not think there is any other

country in the world where so much of communal rivalry and bitterness exist as we have here ; and under such an uncongenial atmosphere how could a really democratic institution take root and thrive. The elections to our so called representative institutions are run purely on communal lines ; and very often what we find is that rank communalists are returned to the Councils just to urge communal claims. Not infrequently do we see our Government also stooping low and fanning unhealthy communal feelings. Under these conditions one could not help exclaiming "Oh Lord ! Save us from such democracy."

Sir, you may laugh at me for having called a halt to democracy in this 20th century. Democracy, no doubt, may be good in itself but its success to a very large extent depends upon the people who work it. So long as the people of this country are not prepared to rise above communalism, neither universal adult franchise, nor reservation of seats, nor any other known devices of modern times, could improve the real situation in this State. It is highly regretable to note that in several cases the members are returned on communal tickets and that many of them, after entering the Councils, instead of trying to discharge their responsibilities in furtherance of the common—weal pardon me, Sir, for using the expression—disgracefully prostitute their position as members, to gain their selfish ends in the names of their respective communities.

Mr. Kochikal P. Balakrishnan Tampi (*Mavelikara and Karthikapalli* cum *Kunnathur*) : I rise to a point of order. Is it open to the member to speak so derisively of the members of this House ?

Mr. M. N. Paramesvaran Pillai : I have not mentioned any name and I do not understand why the honourable member alone feels very nervous, and I started with an apology for using such strong language.

President : Still, your statement was against the House as a whole including yourself ; and the word 'disgraceful' is unparliamentary.

Mr. M. N. Paramesvaran Pillai : Sir, if it is not parliamentary I withdraw it. I did not get a better word and so I used it.

So, in the interest of the general public one is tempted to appeal to the powers that be, to save the State and its people from this recurring expenditure consequent upon the conduct of a few shows like this. Such a step, I feel sure, would be welcomed by our officials as well, for they will then be considerably protected from the frequent invasions on their time by the so called representatives assembling at the capital during the various sessions of

[Mr. M. N. Paramesvaran Pillai]

the Council and the Assembly. I may also state, Sir, without the least hesitation, that our Government also do not seem to maintain these institutions except as mere shows. The non-official members are always placed at a disadvantage. The number of days allotted for non-official business is too inadequate that we find it impossible to discharge our duties efficiently and satisfactorily. The number of days set apart during the year 1109 for transacting non-official business, both in this House and in the Assembly together, was only six and inevitably a large portion of the non-official business lapsed for want of time. The percentage of interpellations answered by Government is also very poor. Even in the matter of answering interpellations we have always noticed a lack of fairness, frankness, and readiness on the part of the official members to impart full and adequate information sought for by the non-officials. Whenever any question is felt to be inconvenient by the official members no answer is given to it at all, although the same is renewed for every session. In the case of supplementary questions of a like nature the official members have no scruples to seek the protection of the chair by the process of claiming 'Notice'. All these, I am constrained to remark, indicate with what amount of distrust and suspicion the officials deal with the non-official members. If these representative institutions are to be of any use to the Government or to the governed, one would reasonably expect that the representatives of the people are taken more into the confidence of the Government so far as the policy and details of administration are concerned.

You have stated, Sir, in the course of the address made by you in the Assembly.........

President ; We do not generally name the Houses ; we say "in other places.........'

Mr. M. N. Paramesvaran Pillai : You have stated, Sir, in the course of the address made by you in the Assembly at its last session, that the practice of publishing interpellations and resolutions in the newspapers before they are admitted is objectionable and improper. In the first place, I may say, there is no such prohibition either in the Regulation or the Rules and Standing Orders. I am sure you would not have ventured, Sir, to make that remark if you had only known the real state of affairs obtaining in this land. At present we are not informed whether our questions and resolutions have been admitted or not. For instance, as regards questions sent up by me months and months ago and even renewed by me at every subsequent session, I have yet to learn,

whether they have been admitted or not. The information that is sometimes given to us with regard to any questions disallowed by Government is very unsatisfactory.

Mr. Kayalam Paramesvaran Pillai (*Additional Head Sirakr Vakil*) : Is it by *Government* that questions are disallowed and members are informed of questions being disallowed ?

Mr. M. N. Paramesvaran Pillai : It is done by the President and by Government. I simply meant the President.

A question may sometimes contain several parts. One day we get information that a particular portion of a question has been disallowed , and several days hence there may come another letter informing us that some other portions have also been disallowed. How long are we to wait to know what has happened to our questions and resolutions ?

We are also experiencing another serious handicap arising out of the present system of answering questions. Now the starred questions alone are answered in the Council, and answers to some of the unstarred questions find a place only in the printed proceedings of the Council which are not supplied to us sufficiently early. Consequently we are not able to know in time which of the questions will have to be renewed for the next session.

In the circumstances, one is naturally tempted to ask why we should have these legislative bodies unless Government are prepared to take these bodies into their confidence. From what I have already stated, neither from the point of view of the people nor from that of Government, can it be said that these representative institutions are of any practical utility so as to justify this expenditure now demanded under this head ?

Mr. Kochikal P. Balakrishnan Tampi : Sir, I rise to support the Demand. In doing so, I enter my strong protest against the unparliamentary way in which Mr. M. N. Paramesvaran Pillai referred...

Mr. M. N. Paramesvaran Pillai : With the ruling of the Chair, I have withdrawn the expression which the President ruled as unparliamentary. Therefore, is my friend in order in again referring to that ?

President : Let us wait and see whether he is going to enter any protest against any other observation of yours. No doubt what is passed is buried and cannot be referred to again.

Mr. Kochikal P. Balakrishnan Tampi : In regard to the work of the Legislature, from my own experience in this House and from a perusal of the reports of the proceedings of the Legislature, I have come to the conclusion—and I think I am right—

[Mr. Kochikal P. Balakrishnan Tampi.]

that democratic institutions have done great service to this country. I also believe that honourable members of the Legislature in Travancore are not obsessed with any communal bias nor are they being returned on the communal ticket. It is true that, occasionally, communal problems crop up for our solution ; and I have only to congratulate the honourable members for not evincing any heat or undue bias in discussing such problems. Sir, it is many years since I left my college debating society, and I do not want to parade arguments for or against democracy. My acquaintance with Government and Governmental institutions had made me a believer in the philosophy of half-a-loaf. It is only in that spirit that I am supporting the Demand now before the House. I am at one with my friend Mr. M. N. Paramesvaran Pillai in thinking that our democratic institutions leave much to be desired, and that our powers ought to be increased. Only I am afraid that it is not within our purview to speak about the enlargement of our powers. I would appeal to Government to make the necessary recommendations for the enlargement of the powers of the Legislature. At the same time I want to protest against the way in which Mr. M. N. Paramesvaran Pillai referred to the staff of the Legislature. I am glad to testify to the excellent courtesy and uniform kindness which we have always received from the staff of the Legislature. Sir, that leads me to one small invidious distinction now made by Government between the Secretary of the Sri Mulam Assembly and the Secretary of the Sri Chitra State Council. The State Council, being the Upper House, its Secretary, I must say, is entitled to the same status and emoluments, if not higher status and emoluments, than the Secretary of the Lower House. The present position reflects badly on the dignity of the Upper House.

Mr. M. N. Paramesvaran Pillai : Is it a recommendation that the honourable member is making ?

Mr. Kochikal P. Balakrishnan Tampi : Yes, I do not disguise it.

With these observations, I support the Demand.

Rao Sahib Dr. N. Kunjan Pillai : I do not think I need make a long speech on this motion. I find that there is a paucity of honourable members on the other side to speak on the motion. Mr. Paramesvaran Pillai who opposed the Demand has been opposed by Mr. Balakrishnan Tampi. I really do not know what Mr. Kattakayam wanted. I understand Malayalam and yet I was not able to make out the gist of what he said. At first he dilated on the necessity for remission of tax and concluded with a peroration

making an appeal to Government. I think he thanked the Government for the Legistative reforms that have been introduced.

Mr. M. Govindan *(Nominated)*: Did not Mr. Kattakayam say that he wants responsible Government?

Rao Sahib Dr. N. Kunjan Pillai: Yes, Sir. I am sorry I forgot that point.

Mr. J. John Kattakayam: ഉത്തരവാദിത്വഭരണം വേണമെന്നു ഞാൻ ആവശ്യപ്പെട്ടതായിട്ടു ഓർമ്മിക്കുന്നില്ലേ ?

Rao Sahib Dr. N. Kunjan Pillai: Yes, Sir. He has asked for the introduction of responsible Government but I am sorry it is not within the power of the Government to grant it nor is it within the power of this House to demand it.

Mr. Paramesvaran Pillai began his speech by saying that he did not believe in legislative bodies. In one breath he recommended the abolition of both the Houses and in the next he complained about the inadequacy of the number of days allotted for non-official business. Probably he meant, Sir, that if more non-official days could be allotted he would prefer to retain the present legislative bodies.

Mr. M. N. Paramesvaran Pillai: A world of personal explanation, Sir. It is not within my power to keep these Houses going or not. So long as the present system continues it has to be mended or improved.

Rao Sahib Dr. N. Kunjan Pillai: Sir, he would prefer the abolition. But if they are to be retained, he says that he wants more time to be allotted for non-official business.

Regarding the allotment of more time for non-official business, I have to point out that before the reformed legislative bodies came into existence, there was only one House and there used to be four meetings in the year. Besides the Legislative Council, there was also the Sri Mulam Popular Assembly which met only once a year. But now we have two legislative bodies and during the last two years, Government were able to arrange for only three meetings in a year. But even these three meetings take considerably more time than the old Council and the Sri Mulam Popular Assembly together took. During each meeting a certain number of days are allotted for non-official business. Government business also must be got through. The honourable members must remember that the Government machinery must also work. Government certainly respect the wishes of the Houses and do all they can to carry out those wishes. But the functions of the Government do not stop with holding meetings of the Council and Assembly. Officers have to attend to other duties also.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether Government will be prepared to consider the extension of the days allotted for non-official business by one day?

Rao Sahib Dr. N. Kunjan Pillai: Government are prepared to consider the question. I am only pointing out the practical difficulties. If we go on extending the days for non-official business at each meeting of both the Houses we may find it difficult to carry on the normal work of Government. However, in these days when there is a clamour for democratic institutions we have to put up with a certain amount of difficulty and inconvenience. Government will certainly consider whether it will be possible to increase the number of days for non-official business in this House.

About the method of answering interpellations which Mr. Paramesvaran Pillai raised, I have to say that the number of interpellations which Government receive for a meeting is so large that it is really not possible to collect the necessary information and answer them all at that meeting.

Mr. M. N Paramesvaran Pillai: May I know from the member why the questions that were sent up by me twelve months ago have not yet been answered? Is it that the Government have not yet received answers from the various departments?

Rao Sahib Dr. N. Kunjan Pillai: Sir, I cannot answer that question off-hand at present. If the member will refer me to some specific questions, I will look into the matter and say why it is that such questions have not been answered. I may also mention that if a question has not been answered at a meeting it has to be repeated at the next meeting. If the honourable member will inform me of the questions which, in spite of being repeated, have not been answered, I shall look into the matter. But in answering questions the difficulty is this. Government have to get information from the Heads of Departments and they in their turn have to get it from their subordinates. So it takes some time to prepare the answer to every question that is sent up to Government. It is also seen that the questions are sometimes very vague. Information is asked for without specifying the period for which it is required. I may refer, for instance, to a question put by Mr. Paramesvaran Pillai which I answered yesterday.

Mr. M. N. Paramesvaran Pillai: That is because the Government split up the question that I sent up.

President: The Government have no authority to do it. It is the President that does it.

Rao Sahib Dr. N. Kunjan Pillai: The questions are sometimes so vague that it is not possible to answer them correctly.

Regarding the splitting up of questions, as the Chair has pointed out, it is the President and not the Government that does it. The question that is put does not sometimes relate to one specific matter. It may include several matters jumbled together and in such cases the President has no alternative but to split such questions into two or even three parts. It is due to this defect in the questions that some of them at any rate have been split up.

Mr. M. N. Paramesvaran Pillai: May I know from the member what objection he has to putting more questions in the agenda? We have got one hour for questions but as a matter of fact we find that the time taken for questions does not exceed fifteen minutes.

Rao Sahib Dr. N. Kunjan Pillai: More questions are not included because it has not been possible to prepare the necessary answers. Six days have been allotted for the Council and I think that by the last day we will have answered almost all the questions for which answers have been received from the Heads of Departments and subordinate officers. The honourable member is mistaken if he thinks that Government shelve inconvenient questions and select for answering only those questions which, they think, could be safely answered. There is no such thing. There is no motive in Government's selection of questions for answering. If the Honourable members ask questions Government are prepared to answer them. The only thing is that there must be a chance to collect the necessary information.

Mr. M. Govindan: May I know from the member whether in the near future we will have a more convenient Hall for our sittings?

Rao Sahib Dr. N. Kunjan Pillai: The honourable member is aware that the foundation stone for a new Council Chamber has been laid and that plans have been prepared for the same.

Mr. M. N Paramesvaran Pillai: Is it a fact that it has become the abode of snakes?

Rao Sahib Dr. N. Kunjan Pillai: I do not think so, Sir. It is within the premises of the Public Offices and the people who go to the offices will take care to see that the premises do not become infested with snakes. Government are as anxious as the honourable members to see that the Council Chamber for which the foundation stone was laid by His Excellency the Viceroy of India is finished soon.

Mr. K. K. Thomas (*Nominated*): Has any amount been provided in the budget for the Council Chamber?

Rao Sahib Dr. N. Kunjan Pillai : No, because the plans and estimates are not ready yet. A proper plan must be prepared first and then an estimate must be prepared and sanctioned before provision is made in the budget. There is no necessity now to provide any amount in the budget. There is no use including an allotment in the budget and not utilising it for the purpose.

Mr. M. N. Paramesvaran Pillai : Are we to understand that the foundation stone has been laid without a plan?

Rao Sahib Dr. N. Kunjan Pillai : There was a single plan, but it requires some alterations in details. An estimate has not been prepared. Before the estimate is prepared and sanctioned there is absolutely no use in providing funds in the budget. I can assure the honourable members that the Government will do all that is possible to expedite the preparation of the plans and estimates and if that is done Government will not hesitate to come to the House even for a supplementary grant in the course of the next year so that the work may be started as early as possible.

Regarding the disallowing of questions, which Mr. Paramesvaran Pillai referred to, I think, it is a rule that only, in the case of those questions which have not been admitted, the fact that they have not been admitted, should be communicated to the members.

Mr. M. N. Paramesvaran Pillai : Are we to presume that in the case of questions about which we have not received any notice that they have been disallowed, they are all admitted?

Rao Sahib Dr. N. Kunjan Pillai : Certainly. If any question has been disallowed that fact will be communicated to the member. If he has not been informed that his question has not been disallowed, I think he may take it that his question has been admitted.

Mr. M. N. Paramesvaran Pillai : What will be the maximum time required by the President to communicate the information that a question is admitted or not?

Rao Sahib Dr. N. Kunjan Pillai : At present it is not the practice to communicate to the member that a question has been admitted. Only in case it is not admitted the fact will be communicated to him. But if the honourable member thinks that the Government should communicate to the members the admission of questions also, Government will consider that point. As far as I know, it has not been the practice hitherto to intimate the admission of questions to members.

As regards unstarred questions, I think I need not say anything because there is the ruling by the Chair as to what questions are unstarred and how they should be answered.

Mr. M. N. Paramesvaran Pillai: With regard to the unstarred questions we are not able to know in time what the answers are. Sometimes the printed proceedings are given to us only two or three days before the next session. Hence we are not in a position to send up further questions in time.

Rao Sahib Dr. N. Kunjan Pillai: The honourable member evidently wants that even in the case of those unstarred questions which have been answered in a particular session, copies of the answers should be supplied to him.

President: I think I might supplement the information. Answers to unstarred questions for the day are placed in the library of the Legislative House and if honourable members do not care to go and read these, it is not the fault of the department.

Mr. M. N. Paramesvaran Pillai: I do not think it will be a loss to the Government if a few copies are printed and distributed to the members.

President: That is all right; but the honourable member's remark that he is not made aware of the answers to unstarred questions until the proceedings are printed and supplied is not accurate.

Rao Sahib Dr. N. Kunjan Pillai: About the asking of supplementary questions, the Chair has several times drawn the attention of the House to the procedure to be followed. The rule, I believe, is that supplementary questions should only be asked to elicit further information on the main question put. But very often, Sir, the honourable members wander away from the main question and introduce into the supplementary questions various matters about which the official members have not got the information at hand. Under such circumstances it is only reasonable that the official members claim notice. For example, if a question is asked about the transfer of a particular officer and if, on the basis of the answer to that question, questions are put about the transfer of various other officers in the same department, it is difficult, Sir, for the official member to answer them. The official members keep before them the files relating to the questions asked and try to answer the supplementary questions put in connection with the main questions. Government will see that, as far as possible, the official members take care to equip themselves with all possible information on the main questions. Sir, I do not think that there is any other point raised by Mr. Paramesvaran Pillai which requires to be dealt with now, and as nobody else has brought up any fresh point during the discussion of this motion I take it that the House will grant the Demand.

Mr. Kayalam Paramesvaran Pillai: Sir, I wish to add a few words on the points raised by Mr. M N. Paramesvaran Pillai. On the point that all questions given notice of are not answered I wish to bring to the notice of the House......

Mr. M. N. Paramesvaran Pillai: May I know whether it is a point of order?

President: He was going to say something. It is not a point of order.

Mr. Kayalam Paramesvaran Pillai: With regard to the complaint made by Mr. Paramesvaran Pillai that all the questions......

Mr. M. N. Paramesvaran Pillai: Sir, I rise to a point of order. When the President asked the Law Member whether he had to say anything he said he had nothing to say. Now after the official member has answered, can he be allowed to speak?

President: The Chair must be a bit indulgent.

Mr. Kayalam Paramesvaran Pillai: With regard to the point raised by Mr. Paramesvaran Pillai that all the questions are not answered and that some are allowed to lapse, I think that it is but right that I should bring to the notice of the House the real reasons for the same. Sometimes, as Dr. Kunjan Pillai has pointed out, the information actually required is not available with the Government. Take for instance, a question regarding the condition of a road at Perumbavur or another about matters connected with flood damages in Neyyattinkara. Government have to collect the information from the local officers concerned if the information required is really to be supplied to the House. But of course Government can make a formal reply, if that is all that is needed, that the matter has been referred to the Division Peishkar, Quilon, or the Land Revenue Commissioner and so on. That will be an answer technically, to the question. But that is not supplying the information; we always try to get at all the information possible and then answer the question by supplying the information to the House. Inevitably there may be some delay in this procedure. It may be said that in the sister Legislatures of, say, Madras and Delhi, all or practically all the questions are answered. But a careful perusal of the answers will disclose that the information sought is not always supplied. The member in charge may say that the matter has been referred to the Collector or some such other officer. That *is* an answer. But the interpellating member does not get the *information* that he wanted. Here the practice has been not to give such answers. We try to supply the information as much as possible. When information is required on any

matter we do not come to the House and answer that we have referred the matter to such and such an officer. We wait until the information is received and then tell the House "here is the information". If the House wants merely an answer we can supply it by saying that the matter is referred to a particular officer. We have not been following that system here.

Mr. M. N. Paramesvaran Pillai: Have the Government given instructions to the various officers to send up the answers to questions sufficiently early?

Mr. Kayalam Paramesvaran Pillai: Yes, we fix a particular time before which to send up the answers.

We try to get all the available information and then give the answer in the House. *All* the questions which are sent up by members *can* be answered by saying that this matter is referred to the Land Revenue Commissioner and that matter to the Chief Engineer and so on. If it is such an answer that is required by members then it can easily be supplied. But our attempt has been to supply the real information. I wish the House would realise that the real reason why some questions are not brought up for answering is that Government have not got the requisite information in their hands.

Then, a word with regard to the complaint raised by Mr. M. N. Paramesvaran Pillai that members do not get information about the admission of questions, they being informed only when questions are disallowed. I would appeal to you, Sir, to consider that matter. When a question is *disallowed* the member concerned gets the information. But as there is no fixed time within which a disallowance should be made or communicated a member cannot know definitely whether a question is admitted or not. It was not necessary in the old Council to inform members of the admission of questions, because under the procedure followed then, as soon as questions are admitted they are printed and circulated among the members, so that they acutally knew which were the questions that were admitted. But under the Reformed Legislature, the admitted questions are not printed and circulated. So I would request you to look into the matter and see whether there is any real inconvenience and whether anything could be done to rectify the complaint made. It is not a matter in which the *Government* have to do anything. It is purly a matter left to you, Sir, as the President of this Council. So I request you, Sir, to look into the matter and, if I may say so, I would add my recommendation also, that this complaint should be sympathetically considered.

[Mr. Kayalam Paramesvaran Pillai.]

Then in regard to the allotment of days for non-official business, there again, Sir, it is *the Dewan* that has the power to allot and not the *Government.*

Mr. M. N. Paramesvaran Pillai : Sir, a word of personal explanation. When I said 'Government' I meant the 'Dewan.'

Mr. Kayalam Paramesvaran Pillai : The Governor in the Madras Council and the Governor General in the Indian Legislative Assembly make the allotment, as Governor or Governor General and not as Government. In Travancore, the Dewan takes the place of Governor or Governor-General and he exercises this function as Dewan because that function has been conferred on him under the constitution and he as Dewan has the statutory power to allot days for the non-official business. The Dewan is, no doubt, also the head of the administration and in that sense he is part of Government. So, technically no charge can be laid at the doors of Government in this matter. I do not mean to say that Government are quite unconcerned in the matter or that the Dewan does not exercise his discretion properly. I only want to point out the distinction and I want the House to understand that, so far as the floor of this House is concerned, Government have nothing to do with it. But I am sure that the Dewan will bear this complaint in mind, and I have no doubt that what has been said today by Mr. Paramesvaran Pillai will be taken as an appeal to the Dewan.

President : I put Demand XIII—General Administration—Legislative Bodies for Rs. 63,500.

The grant was made.

DEMAND XIV—GENERAL ADMINISTRATION—ACCOUNT OFFICE.

Mr. R. Nilakanta Pillai (*Financial Secretary to Government*): Sir, I move for a grant of Rs. 1,64,216 under Demand XIV—General Administration—Account Office.

(At this stage the President left the Hall and Mr. Kochikal P. Balakrishnan Tampi, one of the Panel of the Chairmen, took the Chair.)

Mr. K. P. Nilakanta Pillai: Sir, I oppose this Demand. My point is that this House has a long history of pleading for the separation of Finance from the Accounts. Here, unfortunately in Travancore, the Financial Secretary as well as the Account Officer are one and the same person. On account of that, the defects in the various accounts that have crept into the departments as well as the loss of revenue to the Government treasuries are enormous. Sir, during the discussion of the various Demands I was drawing the attention of the Government to this fact pointedly. The Audit and Appropriation report published by the Government bears ample testimony to this fact.

Mr. R. Nilakanta Pillai: That is published by the Account Officer.

Mr. K. P. Nilakanta Pillai: Let anybody publish it. I am not concerned with the publishing authority. I may draw the attention of the Government to one or two passages:—

"It may be stated that these defalcations were not due to any defect in the present system of accounts but to want of sufficient care on the part of the Heads of Offices in the proper maintenance of initial account books.

"It was also observed during the year that counterfeit and spurious Sirkar silver coins were held in stock in one of the Divisional Treasuries".

I would like to know if there was reluctance or neglect on the part of the Heads of Departments, and what action has been taken

[Mr. K. P. Nilakanta Pillai.]

especially when false silver coins were detected. Who was the officer responsible for it? What action has been taken against him? That is the first and the most important question. The Account Officer should have been careful to see that at least the King's Coins were left unhampered. That apart, there is a lot of leakage of revenue in all the departments. On whatever department I was talking I was making that definite statement that there is leakage of revenue in every department. The system of accounting in this State is nothing but unsatisfactory. It is not modern. That is what I have to emphasise.

Mr. M. Govindan: May I know whether he would suggest a more modern system of keeping accounts?

Mr. K. P. Nilakanta Pillai: Sir, I was just developing my argument. I propose to give many points with reference to that. The House will remember that yesterday Mr. C. O. Madhavan confessed before this House that there is possibility of the officer in charge of the Customs Department working against the income of that Department.

Mr. R. Nilakanta Pillai: Will it be possible for the Account Officer to check it?

Mr. K. P. Nilakanta Pillai: It must be made possible for one officer to check it. Has not the misappropriation in Trivandrum brought to the notice of the Account Officer? What has been done by the department, I ask. I do not propose to deal with the several points now in detail. It was not possible for the Account Officer to check the land revenue that has been paid by the tax payers. I ask the question if the Land Revenue Commissioner is not able to have full control over the Tahsildars whether it is not the defect of the system, if it is not the defect of the officer. The Land Revenue Commissioner made a statement that even the Account Officer is not able to place his hands properly upon the matter. Then is it not the defect of the system? Therefore the whole system is defective.

Secondly, the ordinary information of every man is that on account of the existing arrangement in the railway stations there is much loss in the customs revenue. The Customs House is located on the other side of the railway station near Chalai and thus on account of this ill-advised location also there is a lot of leakage in the customs revenue.

I know personally, Sir, that tobacco is brought into Travancore for the manufacture of the *beedi* and other things. They are taken scot free and unchecked by the neligence of the Excise Officers.

Mr. R. Nilakanta Pillai: May I know what has that to do with the Accounts Department?

Mr. K. P. Nilakanta Pillai: I am talking about the leakage of revenue and I ask, is it not the duty of the Account Officer to prevent such leakage.

Mr. S. Piraviperumal Pillai: May I know whether the Account Officer is responsible for the leakages here also. (*Laughter.*)

(There were leakages in the Hall then due to heavy rains)

Mr. K. P. Nilakanta Pillai: I ask the question, what is the duty of the Account Officer. He cannot say that he is not now responsible, because he is the Account Officer and the Financial Secretary. He must account properly for the revenues collected and for the expenditure met. He must also advise Government on financial policies which are taken up from time to time. That is why I say that the splitting up of the two offices is necessary and sound on principle.

Mr. K. George (*Land Revenue and Income Tax Commissioner*): May I know whether the member knows that under the Account Code, the responsibility for the checking of revenues is not devolved on the Account Officer but on the Heads of Departments?

Mr. K. P. Nilakanta Pillai: Again, that strengthens my argument, Sir. Here the system of accounting is very defective. There is no accounting or verification of the revenues of the State. If the Account Officer is concerned merely with the expenditure and if he is not in a position, as matters stand now, to have any check over the Heads of Departments who are expected to check the accounts under the rules, then I say that is the very reason for dividing the responsibilities of the Account Officer and the Financial Secretary. I say, Sir, that a separate officer is necessary, a Financial Secretary with very wide powers to check departmental accounts and to see that every pie due to Government is not allowed without being paid.

The main point where I began is that it is high time for this State to have two officers, one the Account Officer and the other the Financial Secretary. The Financial Secretary should be an expert and he should advice Government at this time of crisis in the history of the State when people are put to much hardship.

In the Administration Report of the Excise Department for the year 1108, there exists a statement. The Government order mentions "The increase in the import duty is mainly due to the fact that Ceylon Copra has been allowed to be imported in the Alleppey Port". About the inadvisability of this step, I discussed at length

[Mr. K. P. Nilakanta Pillai.]

during my budget speech last time. And if there was a Financial Secretary who was responsible for the finances of the State at that time, he could have been asked to interefere and ascertain the *pros* and *cons* of this question and how the measure would affect the interests of Travancore and Travancoreans.

Mr. R. Nilakanta Pillai: Is it the member's opinion that the Financial Secretary could have interfered if there was import of Ceylon Copra into Cochin Port?

Mr. K. P. Nilakanta Pillai: I am speaking of Travancore State. Unfortunately I am not now in the Cochin Legislature. I am emphasising the fact that the Excise Department allowed import of Ceylon Copra into Alleppey Port. Why should the official member draw my attention to Cochin port or Madras Port? That is not the question that I am concerned with.

I dealt with this point last time by making reference to facts and figures and I brought to the notice of Government the enormous loss of not less than Rs. 7 lakhs which our Government suffered on account of the unnecessary concession. It should not be the sole aim of Government to make revenue by levying export duty and import duty. These are very important questions and there must be an expert to deal with these questions. But it is regrettable to find that our Government is working in the old groove and they say that protection is necessary. That theory has been exploded long ago and all financiers agree in the matter that a large export trade is a national necessity. It is not a necessity from the point of view of revenue to Government but it is a necessity from the point of view of the prosperity of the nation as a whole. That is the view now accepted by all modern economists and financiers. We will lose a lot of revenue if this export duty is withdrawn. I cannot see eye to eye when they say this. That is the very reason why we want an expert financial officer who can advice Government in the right direction. It would be up to him to look through the prosperity of the country and to give expert advice to see that every pie due to Government is brought in and every measure is taken which will advance the prosperity of the nation.

Coming to the State Aided Bank, Sir, I ask this question. Is it not the duty of the Account Officer to check and audit the accounts of the State Aided Bank? What is the present state of affairs of that Bank? Sir, I am a share-holder of that Bank. A resolution was forwarded to me stating that the Board of Directors unanimously passed a resolution of confidence in the present Manager. Sir, that matter needs looking into. If nothing had been mentioned of the present manager of the State Aided Bank, I would have been

sitting quiet here today. But they went out of the way and adopted a resolution of confidence in the present Manager. I am emphatically of opinion that that matter has to be looked into. I know personally that a lot of money has been disbursed from the State Aided Bank without security. Probably I shall not enter on that question for various reasons. That is *sub judice*. So, I may not be allowed to proceed with that question. But I ask, is it not the duty of the Account Officer to check the accounts. When I was speaking of the customs, it was asked what has the Account Officer to do with it. Now I ask, is this not a matter which the Account Officer is entitled to look into properly? What is the present state of affairs of the State Aided Bank? I moot the question pointedly for the consideration of Government because Government also hold enormous shares in that Bank.

Mr. R. Nilakanta Pillai: Government hold no shares in the Bank.

Mr. K. P. Nilakanta Pillai: Has not Government advanced some money to the Bank towards its capital?

Mr. R. Nilakanta Pillai: Yes.

Mr. K. P. Nilakanta Pillai: If Government had not taken this initiative, the people would not have flocked in such large numbers to take shares in the Bank. Now that matter has to be looked into. I say again it has to be looked into. It is not a matter which the Government can evade.

Chairman: You have a minute more.

Mr. K. P. Nilakanta Pillai: I want to put some questions. But the Account Officer may say that he is not responsible. That is the reason why I say somebody who is responsible for these things should be appointed. Now every one will say silver is very cheap. When the Account Officer made his speech at the commencement of this session, he said that "every department has been provided and the year's budget shows a surplus of Rs. 2½ lakhs. But I would bring to the notice of Government that this is meaningless, because as a matter of fact only Rs. 98,000 has been provided for P. W. D. under original works.

Mr. M. N. Paramesvaran Pillai: Sir, I take this opportunity to bring to the attention of Government one or two important points relating to the administration and working of the Account Office. In a well organised system of administration the Account Office occupies a very prominent place. The safety of public finances depends very much upon an efficient system of auditing of accounts, both under 'Receipts' and 'Expenditure'. At present there is no auditing of the receipts or revenues of Government.

[Mr. M. N. Paramesvaran Pillai.]

If there has been any auditing of receipts or at least even proper scrutiny of the D. C. B. statements sent up from the various departments, there could never have been any misappropriation of Government revenues as we had one recently in the Science College. For the misappropriations in the Science College, the Account Office is also responsible. If the Account Office or the Director's Office had been regularly checking the D. C. B. statements received from the colleges we need not have waited so long to find out the defalcation in the Science College which has been systematically going on for years together. If the revenues received by the various departments of Government are properly audited, we might, perhaps, be able to know the enormity of such appropriations and leakages of money. Once, I understand, there was a proposal by Government to organise a separate branch for auditing the receipts and one of the officers of the State was asked to prepare a scheme for that purpose. But what happend, subsequently, we do not know.

The activities of the present O. A. D. are mainly confined to the auditing of the expenditure side and even in this respect the system requires, and is capable of, further improvements. The O. A. D. is not able to audit every department annually. There are, we know, several departments whose accounts have not been audited for years together. Even if the O. A. D. Officers are able to do so, under the existing arrangements they will not be able to detect all cases of misappropriation ; for, have not the Government come across several cases of misappropriation in the various departments even after the accounts were audited by the O. A. D ? In my view the Account Officer who is expected to be a watch dog of the finances of the state. now stands guilty of serious remissness of duty. Perhaps there is no use in blaming him. The Financial Secretary, as my friend Mr. K. P. Nilacanta Pillay has pointed out, is now a hard worked officer for he is not only the Account officer but also the Financial Secretary to Government. So long as these two responsibilities are combined in one person, I think, this department could not be expected to work properly. With these observations I would support Mr. Nilacanta Pillay's motion.

Mr. R. Nilakanta Pillai : ആരാണ് അങ്ങിനെ പറയുന്നത്? ചീഫ്സെക്രട്ടറിയാണോ?

Mr N. K. Padmanabha Pillai : അനുവദിക്കാതിരിക്കുന്നത് അക്കൌണ്ടാഫീസരുടെ അനുമതിപ്രകാരം ചീഫ്സെക്രട്ടറിയാണ്.

പത്തു സ്ക്വയർ മയിലിൽ കൂടുതൽ വിസ്തീർണ്ണമുള്ള ഈ മുനിസിപ്പാലിററിയിൽ പണം പിരിക്കുന്നതിന് ഒരു അമീനാദാർ മാത്രമേ ഉള്ളൂ. കൂടുതൽ ആളെ തരികയില്ല. മുനിസിപ്പാലിററിവിളക്കുകൾ കൂടുതലായി സ്ഥാപിക്കേണ്ട ആവശ്യമുണ്ട്. അതിലേക്ക് ആവശ്യമുള്ള പണം ഉണ്ടെന്നുപറഞ്ഞാലും അനുവദിച്ചുതരികയില്ല. ഇങ്ങിനെയുള്ള അനീതിനയമാണു സ്വീകരിച്ചിരിക്കുന്നത്. ഈ സംഗതികൾ ഗവൺമെൻറിൻെറ ശ്രദ്ധയിൽ കൊണ്ടുവരണമെന്നുള്ള ഉദ്ദേശത്തോടുകൂടിയാണ് ഇത്രയും പ്രസ്താവിക്കുന്നതിനിടയായത്.

Mr. G. Narayana Aiyar ; I would like to bring to the notice of the Government certain important facts concerning this department. In the nature of our very big revenue and expenditure it is advisable to separate the Offices of the Account Officer and the Financial Secretary and to have two officers in the place of the one officer who is now discharging both the functions.

At present we do not have revenue audit. It is only the expenditure that is being audited now. We are at a loss to know why the anticipated revenue is not realised at present. If we introduce a system of periodical revenue audit we would be able to know why the anticipated revenue is not realised, and we can think of proper measures to remedy the defects. I would therefore recommend the introduction of periodical revenue audit as early as possible.

In the case of the Out Audit Section, only experienced and capable hands, the best men available, must be deputed for the work.

I would also bring to the notice of the Government the fact that, at present, there is inordinate delay in the disposal of pension papers. I do not know if it is the fault of the Account Office. In certain cases, pension has not been sanctioned even for years after retirement of the officers concerned.

Mr. R. Nilakanta Pillai: Will the honourable member cite one such instance?

Mr. G. Narayana Aiyar : I know of several instances in which, even after six months after retirement, the individuals concerned have not received the Government order sanctioning their

[Mr. G. Narayana Ayiar.]

pensions. There are even instances in which, for years together after retirement, sanction has not been received. This kind of delay leads to serious hardship, especially in the case of low paid officers like clerks. I hope the matter will engage the serious attention of Government.

Mr. A. N. Visvanatha Pillai (*Quilon cum Karunagapalli*): തിരുവിതാംകൂർ ബ്രാഞ്ചിലുള്ള റയിൽവെയുടെ ആഡിററിംഗ് ശരിയാകുന്നില്ല എന്നുള്ളതിനെപ്പററി പ്രസ്താവിക്കണമെന്നുള്ളതാണ് എന്റെ ഉദ്ദേശം. അതിനെപ്പററി പറയുമ്പോൾ ഗവൺമെൻറിനു അതിനു അധികാരമില്ലെന്നുള്ള സമാധാനമായിരിക്കും ഗവൺമെൻറ പറയാൻ ഉദ്ദേശിച്ചിരിക്കുന്നത്. ഏതായാലും ആ കണക്കുകളെ ശരിയായി ആഡിററു ചെയ്യണമെന്നാണ് ഞാൻ പറയുന്നത്. ശരിയായി ആഡിററുചെയ്താൽ മാത്രമെ തിരുവിതാംകൂറിനു ന്യായമായി വരുവാനുള്ള ആദായം കണക്കാക്കി വാങ്ങുവാൻ സാധിക്കുകയുള്ളു.

Mr. Komilezhathu Sankaran (*Nominated*): അതിൽ വല്ല ആദായവും ഉണ്ടെന്നാണൊ മെമ്പറുടെ അഭിപ്രായം?

Mr. A. N. Visvanatha Pillai: ആദായം ഉണ്ടെന്നുതന്നെയാണ് എന്റെ അഭിപ്രായം.

Mr. K. George: "Government of India" റയിൽവെ കണക്കുകൾ ആഡിററ് ചെയ്യുന്നു എന്ന് മെമ്പർക്കറിയാമോ?

Mr. A. N. Visvanatha Pillai: അതു് പോരെന്നാണ് എനിക്കു പറയാനുള്ളതു്. റയിൽവെ കണക്കുകൾ തിരുവിതാംകൂർ ഗവൺമെൻറുതന്നെ ആഡിററുചെയ്യണം.

സയിൻസ്കാളേജിലെ പണാപഹരണം അക്കൌണ്ടാഫീസുകാർ ആണ്ടുതോറും പരിശോധിച്ചിരുന്നുഎങ്കിൽ അങ്ങിനെ ഉണ്ടാകുമായിരുന്നൊ എന്ന് ഞാൻ ചോദിക്കുന്നു.

Mr. R. Nilakanta Pillai: ആ കേസ്സ് കണ്ടുപിടിച്ചതു അക്കൌണ്ടാഫീസുകാർ ആണെന്നറിയാമോ?

Mr. A. N. Visvanatha Pillai: ഇത്രയുംകാലം ആ അക്കൌണ്ടാഫീസുകാർ എവിടെ ഉറങ്ങിക്കിടക്കുന്നു എന്നാണ് ഞാൻ ചോദിക്കുന്നതു്. ആ സംഗതി അക്കൌണ്ടാഫീസുകാർ കണ്ടുപിടിച്ചു എന്ന് ഭാവിക്കുന്നതിൽ അശേഷം അഭിമാനത്തിനു വക ഞാൻ കാണുന്നില്ല.

Mr. K. Madhavan Pillai (*Trivandrum*): കേവലം ആക്സിഡൻറായിട്ടല്ലെ ഇങ്ങിനെ ഒരു സംഗതി വെളിക്കു വന്നതു്?

Mr. A. N Visvanatha Pillai : അതെ

Mr. J. John Kattakayam : ഗവണ്മെൻറിനു കൃത്യനിഷ്ഠയുണ്ടായിരുന്നുവെങ്കിൽ ഈ സംഗതി വളരെ മുമ്പുതന്നെ കണ്ടുപിടിക്കാൻ കഴികയില്ലെ?

Mr. A. N. Visvanatha Pillai : അങ്ങിനെ കൃത്യനിഷ്ഠയുണ്ടായിരുന്നുവെങ്കിൽ ആദ്യംതന്നെ കണ്ടുപിടിക്കാമായിരുന്നുവെന്നതു വ്യക്തമല്ലെ.

Mr. M N. Paramesvaran Pillai : കാളേജിൽ ഇത്ര വിദ്യാർത്ഥികൾ ഉണ്ടെന്നും ഇത്ര ഫീസ് ഉണ്ടായിരിക്കുമെന്നും എല്ലാവർക്കും അറിഞ്ഞുകൂടെ?

Mr. A. N. Visvanatha Pillai : അതു എല്ലാവർക്കും അറിയാവുന്നതും അതിനെല്ലാം റജിസ്റ്ററുകളും കണക്കുകളുമുള്ളതുമാണ്. അതുകൊണ്ട് ആദ്യംതന്നെ അതു കണ്ടുപിടിക്കാമായിരുന്നു.

ഈ സഭയിലെ മെമ്പറന്മാർക്കു സിവിൽലിസ്റ്റ് കൊടുത്തുവരുന്നില്ലെന്നുള്ളതിനെപ്പറ്റിയാണ് അടുത്തതായി എനിക്കു പറയുവാനുള്ളത്.

Mr. Komilezhathu Sankaran : മുമ്പ് ഇതിനെപ്പറ്റി പല പരാതികളും കൊടുത്തിട്ടുള്ളതായി അറിയാമോ?

Mr. A. N. Visvanatha Pillai : അറിയാം. സിവിൽലിസ്റ്റുകൊണ്ടുള്ള ഉപയോഗം. ഉദ്യോഗസ്ഥന്മാർക്കുമാത്രമല്ല അനുദ്യോഗസ്ഥന്മാർക്കും അതുകൊണ്ടുപയോഗമുണ്ട്.

Mr. J. John Kattakayam: സിവിൽലിസ്റ്റ് കൊടുക്കാതിരിക്കുന്നതുപോലെ ചില കമ്മററി റിപ്പോർട്ടുകളും അനുദ്യോഗസ്ഥന്മാർക്ക് കൊടുക്കുന്നില്ല എന്നറിയാമോ?

Mr. A N. Visvanatha Pillai : അറിയാം.

Chairman : You need not answer that question. It does not arise now.

Mr. N. K. Padmanabha Pillai : മുമ്പിലത്തെ കൗൺസിൽ മെംബറന്മാർക്ക് സിവിൽലിസ്റ്റ് കൊടുത്തുവന്നിരുന്നു എന്നുള്ളതറിയാമോ?

Mr. A. N. Visvanatha Pillai : മുമ്പ് അങ്ങിനെകൊടുത്തുകൊണ്ടിരുന്നു. ഇപ്പോൾ എന്തുകാരണത്താലൊ അങ്ങിനെ വേണ്ടെന്നു വച്ചിരിക്കുന്നു.

Mr. K. Madhavan Pillai : അക്കൗണ്ടാഫീസർ അനുവദിക്കാത്തതുകൊണ്ടല്ലെ സിവിൽ ലിസ്റ്റ് തരാതിരിക്കുന്നത്?

Mr. A. N. Visvanatha Pillai : അതുതന്നെയായിരിക്കും കാരണം.

Mr. K. K. Thomas (*Nominated*): അനുദ്യോഗസ്ഥന്മാൎക്കുകൂടി സിവിൽലിസ്റ്റ് കൊടുക്കണമെന്നു വിചാരിക്കുന്നുഎങ്കിൽ അതിനു എത്രരൂപാ ചിലവാക്കേണ്ടിവരുമെന്നറിയാമോ?

Mr. A. N Visvanatha Pillai : വളരെ നിസ്സാരമായ ഒരു തുകമാത്രമെ അതിനുവേണ്ടിവരികയുള്ളൂ.

Mr. Tariatu Kunjitomman (*Nominated*): ഉദ്യോഗസ്ഥന്മാരെപ്പോലെതന്നെ അനുദ്യോഗസ്ഥന്മാൎക്കും സിവിൽലിസ്റ്റ് വളരെ അത്യാവശ്യമല്ലെ?

Mr A N. Visvanatha Pillai : അനുദ്യോഗസ്ഥന്മാൎക്ക് അതിൽനിന്നും പല പ്രധാനസംഗതികളും അറിയേണ്ടതായിട്ടുള്ളതിനാൽ അതു തീരെ അപരിത്യാജ്യമാണ്.

Mr. Komilezhathu Sankaran: ഉ ൈഅനുദ്യോഗസ്ഥന്മാൎക്ക് സിവിൽലിസ്റ്റ് കൊടുക്കുന്നതിനുവേണ്ടി ഉ ൈരൂപായല്ലെ കൂടുതലായി ചിലവാക്കേണ്ടിവരികയുള്ളൂ?

Mr. A. N. Visvanatha Pillai : ഉ ൈരൂപാതന്നെയും ചിലവാക്കേണ്ടിവരികയില്ല. കുറെ കടലാസിനും അച്ചടിക്കൂലിക്കുമുള്ള ചിലവുനോക്കിയാൽ അത്രതന്നെ വരികയില്ല. അതുകൊണ്ടു സിവിൽ ലിസ്റ്റ് എല്ലാ അനുദ്യോഗസ്ഥന്മാൎക്കും കൊടുക്കേണ്ടതാണ്.

സ്റ്റേറ്റ് എയിഡഡു ബാങ്കിലെ ഓഹരികളുടെ വില ദിനംപ്രതി കുറഞ്ഞുവരുന്നു. ഗവൺമെന്റിന്റെ മേൽനോട്ടത്തിൽ നടത്തിവരുന്ന ഒരു ബാങ്കിൽ ഷെയർ വാല്യൂ കുറയുന്നതു ഗവൺമെന്റിനു തീരെ അഭിമാനകരമല്ല. ആളുകൾക്കു അതിനോടുള്ള വിശ്വാസക്കുറവിനെയാണ് അതുദ്യോതിപ്പിക്കുന്നത്.

Mr. K. K. Thomas : മററു ബാങ്കുകളിലുള്ള ഷെയർവാല്യൂ കുറഞ്ഞിട്ടുണ്ടോ?

Mr. A. N. Visvanatha Pillai : ഇതുപോലെ കുറഞ്ഞിട്ടില്ല.

Mr. Komilezhathu Sankaran : സ്റ്റേറ്റ് എയിഡഡു ബാങ്കിൽ ചെക്കുമാറാൻപോയാൽ അരമണിക്കൂറിൽ അധികം താമസം വരുന്നുണ്ടെന്നുള്ളതു അറിയാമോ?

Mr. A. N. Visvanatha Pillai : അതുമാത്രമല്ല ചില തകരാറുകളുമുണ്ടെന്നാണ് വെളിയിലുള്ള വർത്തമാനം. അതിനാൽ ഞാൻ ഈ ഡിമാൻറിനെ ശക്തിയായി എതിർക്കുന്നു.

Mr. R. Nilakanta Pillai : Sir,... ...

Mr. K. P. Nilakanta Pillai : May I know from the member whether he is going to reply as Account Officer or as Financial Secretary? I ask the question simply to help him, because I can avoid some of my questions if I get definite information on the point.

Chairman : He is going to answer for Government.

Mr. R. Nilakanta Pillai : The discussion has centred round the question of the formal separation of the Account Office from the Financial Secretariat. This, as is well known to the House, is not the first occasion on which the question has come up for consideration. The subject was moved at one of the sittings of the old Legislative Council by Mr. G. Paramesvaran Pillai and replying on behalf of Government, the then Financial Secretary Mr. K. George said that the proposed separation of the Account Office from the Financial Secretariat could not be effected then. The question has since then been raised on many occasions. In fact the subject was discussed by this House even last year.

Mr. M. N. Paramesvaran Pillai : When was the question raised by Mr. G. Paramesvaran Pillai? How many years ago?

Mr. R. Nilakanta Pillai : If I remember correctly the discussion was before the year 1100.

Mr. M. N. Paramesvaran Pillai : Is the question even now only engaging the attention of Government?

Mr. R. Nilakanta Pillai : Sir, as already stated by me the proposal made by the old Legislature for the separation of the Account Office from the Financial Secretariat had to be dropped, as Government did not then consider it practicable to effect the separation. When the question was re introduced in this House last year, Government did not accept the proposal, as they considered that the final disposal of the question must await more prosperous times. I may, however, assure the House that the question will not be lost sight of by Government.

Mr. K. P. Nilakanta Pillai : May I know, Sir, who is responsible for the finances of the State, as matters stand now?

Mr. R. Nilakanta Pillai: The Dewan, as the Head of the Administration, is responsible for the finances of the State. The Dewan is assisted by the Financial Secretary and various other officers of the State.

Mr. K. P. Nilakanta Pillai: May I know, Sir, whether the Dewan as the Head of the Administration is responsible for the proper collection and the proper expenditure of the revenues of the State?

Mr. R. Nilakanta Pillai: Yes. But there are various officers working under his orders.

Mr. K. P. Nilakanta Pillai: May I know, Sir, further what exactly is the position of the Account Officer in the State?

Mr. R. Nilakanta Pillai: The Account Officer is mainly concerned with the maintenance and audit of the accounts of the expenditure of the State.

Mr. K. P. Nilakanta Pillai: May I know, Sir, further whether there is anybody who is concerned with the revenues of the State?

Mr. R. Nilakanta Pillai: In the case of all departmental revenue, the duties of the controlling officers in respect of collections are laid down in Chapter II of the Account Code, Article 45, as follows :—

> "In the case of departmental revenue (*e. g.* Land revenue, Excise, Stamps, Registration, &c.) the duty of seeing that the dues of the Government are regularly paid into the treasury rests with the departmental controlling officers, who receive from their subordinates, accounts and returns claiming credit for so much paid into the treasury, and to whom the Account officer sends, for comparison with these, extracts from his accounts showing the amounts brought to credit in them."

The departmental controlling officers watch the demand, collection and balance, through the monthly D. C. B. statement. These D. C. B. statements are certified by the Treasury Officers in respect of actual remittance into the treasury in a particular month. The monthly D. C. B. returns are not sent to the Account Office, by the departmental officers nor are they reviewed by the Account Officer. As already stated, it is the concern of the departmental controlling officer to see to the demand relating to his department, since he alone can correctly check the same. The departmental controlling officers are fully aware of their duties and responsibilities in respect of the demand and collection of revenue and the Account department comes in only as a certifying authority in respect of actual remittance of collection into the treasury.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether the Account Officer feels any difficulty in the discharge of his duty as Account Officer because the Account Officer is also entrusted with the duties of the Financial Secretary?

Mr. R. Nilakanta Pillai: Except that I may have to do extra work during the last quarter of the year, I do not feel any difficulty.

Mr. K. P. Nilakanta Pillai: May I know, Sir, whether in view of the fact that there is no one to check the income of the departments excepting the departmental heads, the Account Officer desires the creation of any one who will act as a check on the departmental heads?

Mr. R. Nilakanta Pillai: Sir, if an appointment just like that of the Financial Commissioner in the Punjab is created, probably that officer could exercise some control over the heads of departments like Land Revenue, Excise, Customs, etc.

Mr. Komilezhathu Sankaran: May I know from the member whether there is any such appointment in any other Indian State?

Mr. R. Nilakanta Pillai: In Mysore there is a Finance Member. The Finance Member who forms part of the Executive administration controls a number of departments and he has got a Financial Secretary and an Account Officer under him. In Hyderabad also there are similar appointments. But there are no such appointments in small States like ours. In Cochin the appointments of the Chief Account Officer and the Financial Secretary are held by one individual, as in Travancore. But in several of the North Indian States, though their revenues are smaller than ours, the Finance Department is controlled by officers known as Finance Ministers.

Mr. M. N. Paramesvaran Pillai: Was there a defalcation in the Science College?

Mr. R. Nilakanta Pillai: Yes, there was.

Mr. M. N. Paramesvaran Pillai: Was not the D. C. B. statement sent to the Account Office?

Mr. R. Nilakanta Pillai: No. The D. C. B. statements are sent from the Science College to the Director of Public Instruction. It is the duty of the Director's office to check these statements when received. The Account Officer does not receive the D. C. B. statement, either from the Science College or for that matter from any office or department. I do not think it is the function of the Account Department of this State to check the D. C. B. statements. Nor do I think that the Accounts Departments in British India receive the D. C. B. statements from heads of departments or offices.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether the Account Officer audits the accounts in the office of the Education Director?

Mr. R. Nilakanta Pillai: There are no accounts in his office excepting the accounts relating to his own contingent money and these accounts are sent up to the Account Office and are audited in detail then and there. As regards the Science College, it is the duty of the Director of Public Instruction to see that the demand due from the College is realised in full and remitted into the treasury. The Principal is expected to prepare the monthly D. C. B. returns and send the same to the Controlling Officer who is the Director of Public Instruction and it is the business of the Director's Office to check the D. C. B. returns and issue the necessary instructions from time to time.

Mr. M. N. Paramesvaran Pillai: Was the D. C. B. statement sent by the Principal to the Director of Public Instruction?

Mr. R. Nilakanta Pillai That is a question for the Director of Public Instruction to answer. It may be that the D. C. B. statement was not checked properly in the Director's Office, or, that it was not checked at all or that it was not sent regularly to the Director of Public Instruction by the Principal.

Mr. K. P. Nilakanta Pillai: May I know from the member how the Account Officer was able to detect these defalcations?

Mr. R. Nilakanta Pillai: The accounts of the Science College were checked in detail and the defalcation was detected.

The Account Department is expected to conduct only a test audit of the accounts and not a complete audit from the commencement of the year to the end. A complete audit of the various offices in the State could be taken up only at an enormous cost in respect of establishments. There are more than one thousand institutions in the whole State and a staff of at least 75 Auditors would be necessary for that purpose alone. Just take the cost of a Pakuthy Cutcherry. In a Pakuthy Cutcherry the land revenue is collected in 4 instalments and there will be several pattadars. It will be impracticable for the Account Office staff to conduct an audit of the demand and collection of each Pakuthi. A defalcation could be committed after the audit and before next audit. It is the business of the Tahsildars and Division Peishkars to conduct the audit of the accounts of these village offices and I believe they are doing that work regularly, at the time of each Jamabandy. In respect of the Customs audit, it has already been explained by the Excise Commissioner that the Audit staff could hardly do anything in respect of articles which have escaped duty at the time of export. At best, the audit staff could only see that the duty has been correctly realised in respect o articles which have found a place in the books of the Custom

Department. The Account Department will not be in a position to check the vagaries of the Customs Department in respect of correct realisation of export duty and this could be done only by an efficient C. I. D. Department attached to the Customs Department.

Mr. A. N. Visvanatha Pillai: ഇപ്പോൾ എങ്ങിനെ ആഡിറ്റ് ചെയ്തുവരുന്നു എന്നു പറയാമോ?

Mr. R. Nilakanta Pillai: പുസ്തകത്തിൽ എഴുതിയിട്ടുള്ള ചരക്കിനങ്ങൾക്ക് ശരിയായ തീരുവ ഈടാക്കിയിട്ടുണ്ടോ എന്നും പിരിഞ്ഞ പണം ഉടനടൻ ഖജനാവിൽ ഒടുക്കുന്നുണ്ടോ എന്നും മുഖ്യമായിട്ടു നോക്കുന്നുണ്ട്.

Mr. S. Piraviperumal Pillai: With reference to the defalcation in the Science College, may I know whether it was due to the non-sending of the D. C. B. statement or the non-checking of the statement or the want of proper checking of the statement?

Mr. R. Nilakanta Pillai: It may be due to one or more of these causes.

Mr. S. Piraviperumal Pillai: May I know from the member the particular reason which it was due to?

Mr. R. Nilakanta Pillai: I am not in a position to answer the question definitely at present.

Mr. M. N. Paramesvaran Pillai: Is the auditing of the Science College accounts over?

Mr. R. Nilakanta Piallai: Yes.

Mr. K. P. Nilakanta Pillai: Are there more possibilities of such defalcations in other departments also provided the Head of the department is a little bit negligent?

Mr. R. Nilakanta Pillai: Human nature being what it is, defalcations are bound to occur in future also provided the departmental officers are not vigilant. It is the duty of the Head of the department to see that he receives the D. C. B. statements regularly, to check the same and see that the revenue collections come in properly.

Mr. M. N. Paramesvaran Pillai: May I know from the member what the audit of the Science College accounts reveals?

Mr. R. Nilakanta Pillai: It reveals that the system of accounting is correct but that the Head of the office did not take particular care to see that the receipts were properly checked and remitted into the treasury. The system was found to work satisfactorily in respect of the Arts College.

Mr. M N. Paramesvaran Pillai: May I know from the member what action has been taken against the Principal of the Science College after the defalcation was detected ?

Mr. R Nilakanta Pillai: He has been reverted from his appointment as Deputy Director of Public Instruction.

Mr. Kattiyattu Sivarama Panickar: (*Vaikam cum Shertallai*) : Sir, I rise to a point of order whether the matter is not *sub judice*.

Mr. Kayalam Paramesvaran Pillai: The matter is *sub judice* so far as it relates to the theft of the money.

Mr. S. Piraviperumal Pillai: May I know who was found responsible for this defalcation ?

Mr. R. Nilakanta Pillai: The matter is *sub judice*. The Criminal Court has to decide in the first instance as to who is responsible for the theft of the money.

Mr. S. Piraviperumal Pillai: On a point of personal explanation; I did not want to know who is responsible for the disappearance of the money. I only wanted to know who is responsible for the defalcation.

Chairman: I am afraid two definite questions are mixed up, one of defalcation and another of theft. As far as theft is concerned it is *sub judice*. As far as defalcation is concerned, it is not *sub judice*.

Mr. S. Piraviperumal Pillai: I wanted to know who is responsible for the defalcation.

Chairman: The member has already answered that the responsibility has not yet been fixed.

Mr. K. Madhavan Pillai: Does the Chief Audit and Account Officer say that there is not enough work for him ?

Mr. R. Nilakanta Pillai: I am one of the over-worked officers in the State service and this fact has already been testified to by the Honourable member himself

Mr. M. N. Paramesvaran Pillai: Is the statement made for the purpose of getting more pay ?

Mr. R. Nilakanta Pillai: Certainly not.

Mr. K. Madhavan Pillai: May I know why the Account Officer takes up the work of the President of the Land Mortgage Bank and the work of organising the Public Life Insurance Branch ?

Mr. R. Nilakanta Pillai: I was asked by Government to take up the Chairmanship of the Land Mortgage Bank and I accepted the post. As regards the organising of the Public Insurance Branch, I had to take up the work, as the Public Insurance Branch formed part of the Account Office. The Insurance Branch has

done very good work so far and has already secured proposals to the extent of Rs. 6 or 7 lakhs. In this connection it may be stated that, since the question of extra pay has been raised, there is no extra remuneration attaching to any of these additional jobs.

Mr. M. N. Paramesvaran Pillai: May I know what has happned to the proposal of Government to organise a separate branch to audit the revenues?

Mr. R. Nilakanta Pillai: In respect of land revenue I have already stated that the whole accounts will come up for review at the time of the annual Jamabandi and there is no necessity to have a separate audit staff to check these accounts independent of the staff of the Land Revenue Department. Coming to the Excise Department, so far as the Abkari branch is concerned, it is all a matter of D. C. B. statements and watching the collections. For these items of work no separate audit staff is necessary. There is however some scope for audit in the Customs branch. But there also an audit staff, independent of the Customs Department, can hardly do any substantial work. As already mentioned by me, the audit staff should form part of the C. I. D. staff of the Customs Department.

Chairman: Your time is up.

The Council rose for lunch at 1 P. M. and reassembled at 2 P. M. with Mr. K. K. Thomas, one of the panel of Chairmen, in the Chair.

Mr. R. Nilakanta Pillai: Sir, I have not finished my speech.

Mr. K. P. Nilakanta Pillai: Sir, I rise to a point of order. It has been ruled by the Chair that the Financial Secretary's time was over, and I was called upon to speak. Therefore, I submit that the member is not in order.

Mr. R. Nilakanta Pillai: Sir, I want just one minute more. With special permission of the Chair———

Mr. K. P. Nilakanta Pillai: In view of the fact that no assurance is coming forth from the member who is in charge of the department with regard to the desirability of the separation of Finance from Accounts I wish to press the motion to a division.

Mr. R. Nilakanta Pillai: Sir, the question of separation of Finance from Accounts will be seriously considered by Government.

About the supply of Civil List to the Honourable members, that also will be considered.

Chairman: Only it will be considered?

Mr. R. Nilakanta Pillai: That is all that I can say just at present.

The motion was, by leave, withdrawn.

Chairman: I put Demand XIV—General Administration—Account Office, for Rs. 1,64,216

The grant was made.

DEMAND XV—MEDICAL.

Mr. James Simpson: Sir, I rise to move for a grant not exceeding Rs. 8,44,996 under Demand XV—Medical.

Mr. M. N. Paramesvaran Pillai: Sir, I oppose the Demand. With regard to the administration of the Medical Department I wish to say a few words. Reforms like the change of designation of the controlling officers are not going to improve the proficiency and efficiency of the department. The affairs of the General Hospital do require immediate attention. The out-patients are not properly attended to. In the case of the compounding section, it consists mostly of raw hands and the dispensing of medicine is done in the most unsatisfactory manner. As regards the in-patients, their lot is even worse than that of the out-patients. I know they are not even properly fed. The greedy steward in the General Hospital shows no spark of human kindness towards these suffering people. The be-all and the end-all of his life seems to be Mammon worship. Whatever objection and charges the Out side Audit Department may level against him, Mammon protect-him from all dangers. No proper accounts and diet registers are maintained in the General Hospital so much so that there is no chance to check the expenditure We know there is delay in remittance of receipts of Government money, misappropriation of room rents of pay wards, of ambulance car hire and lease rents. We also find extravagant expenditure in contingent charges for hospital necessaries. The night attendance in the hospital has to be improved. Most of the nurses have time only to attend to the conveniences of the warders and the doctors and they find very little leisure to attend upon the patients.

Mr. James Simpson: May I ask the member what he means by "convenience of the doctors"?

Mr. M. N. Paramesvaran Pillai: The member can more or less imagine. I don't wish to put it bluntly.

The General Hospital is the biggest medical institution in the State. Yet, in spite of that, arrangements have not been made there for all methods of scientific and up-to date treatment. Radium treatment is recognised to be a successful method of treatment for cancer, but our Hospital is not equipped with necessary arrangements for such treatment.

For the X-ray examination a fee is now levied from the patients. X-ray, as I understand, is a sure means of diagnosing a disease and I do not find any justification for realising a fee from the patients for the examination. Is it not the duty of the doctors to properly diagnose the disease before he decides to treat the patient? That being so, the levy of a fee for X-ray examination can, on no account, be justified.

Although the post of the Manager in the Darbar Physician's Office was abolished, the incumbent is still allowed to continue in the Darbar Physician's Office as supernumerary and control the destinies of the Medical Department. In spite of the fact that the department is presided over and controlled by high paid officers, the Darbar Physician and the Deputy Darbar Physicians, the medical men and the whole staff of the department have been left at the entire mercy of the manager.

Sir, if the affairs of the General Hospital are so hopeless, one could more or less imagine what would be the conditions prevailing in the various District and other hospitals in the State.

With regard to the affairs of the hospitals in the mofussil, Sir, my information is that they have not got even sufficient quantities of medicines. By the end of Medam or Edavam the whole stock of medicines will be exhausted and after that, wo e to the patients who go there ; they are supplied only water.

I hope, Sir, the present Darbar Physician and Superintendent, General Hospital, will see that this state of affairs does not continue in his department and that before we meet next he will have put his department in order.

Mr. P. Padmanabhan Tampi : Sir, I support Mr. Paramesvaran Pillai's motion to omit the whole allotment under the head 'Medical'. From the very outset I beg to thank the Government for abolishing the trio administration by removing the two Deputy Darbar Physicians. Last year, I pointed out the defects of the Medical administration and I had the strongest opposition of honourable members on this side of the House including the venerable member, Dr. Madhavan Pillai. Subsequently what has happened in the Women and Children's Hospital at Taikad and the criticisms levelled against that department will convince anybody who is going on there.

I beg to point out that the medical aid at Vilavankod is not proper. We have no medical institutions at Vilavankod. The whole people of Vilavankod have to wait upon the courtesy of the London Mission Hospital at Kuzhitturai. A recent motor accident to a boy happened. He was the son of a very respectable person of the locality. The boy was taken to the hospital at Vilavankod, but no adequate relief was given to him. The doctor said that he could not give much aid. So he was taken to the Neyyoor Hospital. When taken there the doctor was absent. He was kept there for three days. On the third day the doctor came and he demanded a sufficiently high fee for treatment. For a motor

[Mr. P. Padmanabhan Tampi.]

accident the boy had to be taken to the Trivandrum hospital to get the treatment. I beg to point out that the Government are not having proper check over these grant-in-aid hospitals especially the Neyyoor Hospital and the Putteri Hospital.

Another point that I want to point out is the opening of the Leper Hospital at Colachel in the teeth of the opposition of the people of the locality. Representatives of the people had even to stand for a prosecution for holding meetings

Mr. M. N. Paramesvaran Pillai: May I know whether he was one of the accused?

Mr. P. Padmanabhan Tampi: I was prosecuted and I can say that the Government without assigning any reason had to withdraw the case.

Sir, this matter was brought to the notice of the Darbar Physician. Even the Dewan had to open the Hospital against the expressed promise and against the terms of the Leper Regulation that Leper Hospitals could be opened only with the sanction of the Government. Sanction in this case was obtained only after several months it was opened.

Another point to which I want to draw the attention of the House is the appointment of Medical Officers in the Department. Last year I had to point out the unfortunate complaint of one Mr. S. S. Oonithan whose application was rejected in preference to others. Another application of one Mr. Arumukham Pillai who had put in 7 years' practice and who had passed M. B. B. S. was rejected. He belonged to Chetty community which is not adequately represented in the department. He was not provided with a post though he took his degree7 years ago. Once he was asked whether he was prepared to accept a post for Rs. 100. He replied that he was prepared to accept the post. Even though that reply was received for the last two years he was not provided with a post.

Mr. James Simpson: Will the member speak the name of that person?

Mr. P. Padmanabhan Tampi: Arumukham Pillai.

Last year the Ag. Darbar Physician said that there was a high percentage of Christians in the department because the department was administered by European Heads. The answer will show that there is a large number of Christians in that department. Fortunately or unfortunately we have now a European Head. I hope he will not follow the precedent of taking in Christians in large numbers. There are other men unrepresented in the department. With these words I oppose the demand.

ഇനിയും അല്പം പറയാനുള്ളത് ഹോമിയോപ്പതി ചികിത്സയെ സംബന്ധിച്ചാണ്. ഈ ചികിത്സക്കുള്ള ഒരു പ്രധാനഗുണം ഈ മരുന്നു കുഞ്ഞുങ്ങൾക്കും മററും കൊടുത്താൽ പഞ്ചസാര ആണെന്നുവച്ച് അവർ വേഗം സേവിച്ചുകൊള്ളും. ഈ ചികിത്സ കുട്ടികൾക്കു ഏററവും പററിയതാണെന്നു അനുഭവിച്ചറിഞ്ഞിട്ടുണ്ട്. മരുന്നിന് വില വളരെ കുറവാകയാൽ സാധുജനങ്ങൾക്കു അതു വലിയ ഒരനുഗ്രഹമാണ് ഈ ചികിത്സ ഇപ്പോൾ നാട്ടിൽ പ്രചാരത്തിൽ വന്നുതുടങ്ങീട്ടുണ്ട്. ഇതിനെ പ്രോത്സാഹിപ്പിക്കണമെന്നു കഴിഞ്ഞ കൌൺസിലുകളിൽ പല മെമ്പറന്മാരും വാദിച്ചിട്ടുണ്ട്. അതിനേ സംബന്ധിച്ച് ഗവൺമെൻറു അന്വേഷിക്കാമെന്നും മറുപടി പറഞ്ഞിട്ടും ഉണ്ട്. ഇതുവരെ ആയിട്ടും അന്വേഷണഫലം വെളിക്കു വന്നിട്ടുമില്ല. ഇതു മഹാ കഷ്ടംതന്നെ.

Mr. A. N. Visvanatha Pillai : ഹോമിയോപ്പതി ചികിത്സക്കു ഗ്രാൻറുകൊടുക്കണമെന്നു ഒരു പ്രമേയം ഈ കൌൺസിലിൽ പാസ്സായിട്ടുള്ളതായി മെമ്പർക്കറിയാമോ?

Mr. J. John Kattakayam : അതിനേ സംബന്ധിച്ചു എനിക്കറിവാൻ കഴിഞ്ഞിട്ടുണ്ട്. ഗവൺമെൻറു ഇതിനേ സംബന്ധിച്ച് എന്താണ് ചെയ്യാൻ പോകുന്നതെന്നു ഞങ്ങൾ ഉൽകണ്ഠയോടുകൂടി നോക്കിക്കൊണ്ടിരിക്കുന്നു.

അനേകലക്ഷംരൂപാ പ്രതിവർഷം വ്യയംചെയ്യുന്ന ധാരാളം ആശുപത്രികൾ നമ്മുടെ രാജ്യത്തു ഉണ്ടായിരുന്നിട്ടും ഇവിടത്തെ ജനങ്ങൾ ആവക അനേകം ആശുപത്രികളെ തരണംചെയ്തു നെയ്യൂർ മിഷൻ ആശുപത്രിയേയും എറണാകുളം ജനറലാശുപത്രിയേയും അഭയംപ്രാപിക്കുന്നതിൻെറ കാരണം മനസ്സിലാകുന്നില്ല. അതിനെ സംബന്ധിച്ച് ഗവൺമെൻറ് ഗാഢമായി ചിന്തിച്ച് അചിരേണ ഈ ഡിപ്പാർട്ടുമെണ്ടിലുള്ള ഭരണവൈകല്യങ്ങളെ പരിഹരിക്കണം.

തൊടുപുഴ ഡിസ്പൻസറിയെ ഒരു ശരിയായ ആശുപത്രി ആക്കിത്തരണം. തിരുവിതാംകൂറിലെ ഇതരതാലൂക്കുകളെ അപേക്ഷിച്ചു തൊടുപുഴ ഒരു വലിയ താലൂക്കായതുകൊണ്ട് അവിടെ വൈദ്യസംബന്ധമായ വേണ്ട സഹായങ്ങൾ ഗവൺമെൻറിൽനിന്നും ചെയ്തുതരണം. തൊടുപുഴത്താലൂക്കിലാണ് മലമ്പനി അധികമായി ഉള്ളതു്. തൊടുപുഴത്താലൂക്കിൽ അറക്കുളത്തു കൂടുതൽ മലമ്പനിയുണ്ടെന്നും ഉണ്ടാകാറുണ്ടെന്നും ഗവൺമെൻറിനു അറിയാം. അതുകൊണ്ട് അവിടെ ഉടനെ ഒരു ആശുപത്രി

സ്ഥാപിച്ചുതരണം. ഉടനടി അങ്ങിനെ സ്ഥാപിച്ചുതരുന്നതിനു സാധിക്കാത്തപക്ഷം ആഴ്ചയിൽ രണ്ടുപ്രാവശ്യമെങ്കിലും നടത്തത്തക്കവിധത്തിലുള്ള ഡിസ്പെൻസറികൾ തരുന്നതിന് വേണ്ട ഏർപ്പാടുചെയ്യണം. ഇതിനെ സംബന്ധിച്ച് അനേകം അപേക്ഷകൾ അയച്ചിട്ടും മറുപടി കിട്ടിട്ടില്ല. ഈ സംഗതിയിൽ ദർബാർ ഫിസിഷ്യൻെറ ശ്രദ്ധയെ ക്ഷണിച്ചുകൊള്ളുന്നു.

Mr. H. O. L. Marikar: Sir, it was not my intention to speak on the subject of communal represen ation in the verious departments under Government, but since one member has already touched upon that subject, I would also make a few observations. I would invite the attention of the Darbar Physician to the fact that although there are about 300 appointments carrying a pay below Rs. 50 in his department, there is only one Mahomedan among them.

Mr. Kochikal P. Balakrishnan Tampi: Are there qualified Mahomedans for Medical service.

Mr. H. O. L. Marikar: What I say is there is only one Mahomedan at present and he is qualified.

Mr. Kochikal P. Balakrishnan Tampi: May I know from the member whether there are other qualified Mahomedans waiting for service in the Medical department.

Mr. H. O. L. Marikar: I am not aware of any other qualified Mahomedans waiting for service in the Department. There is not a single Mahomedan in the Allopathic Service. I am not asking that a graduate or a School Final passed man should be appointed as a Doctor.

Mr. M. N. Paramesvaran Pillai: May I know whether one M. D. was appointed recently and to which community he belongs?

Mr. H. O. L. Marikar: I do not know from which all communities such appointments are made. What I want to say is this. In all the 300 pos s on Rs. 50 and below, there is only a single Mahomedan. When a duly qualified Mahomedan applies, then the question of efficiency is raised. Appointments are refused to members of unrepresented communities on the ground that they are not efficient. I do not know where efficiency could be purchased. We could only get some certificate regarding our qualification. If we pass the B. A. from the college we get the B. A. Degree certificate: if we pass B. L. we get the B. L. Degree certificate. When half a dozen people come up for a post with the same certificate, I do not know how their efficiency is to be tested. If a Mahomedan applies for a post in the Medical Department, the Darbar Physician need appoint

[Mr. H. O. L. Marikar.]

him only if he possesses the requisite qualification for that post. I know of an instance of a Mahomedan who has passed the Compounders' Test some two years ago, and has been an applicant for a compounder's place in the department since then. But till now his application has not been considered in spite of the fact that there is only one Mahomedan in all the 300 appointments. I do not want this man to be made a doctor because I myself will have to go to him one day for medicine. That is not what I want. I do not want any member of an unrepresented community such as the Ezhava, Mahomedan, the Depressed Classes, etc, in Travancore to be appointed to any post in Government service if he is not fit for the post. Our request is only this much. If there are half a dozen applicants from different communities with the necessary qualification for a post, then preference must be given to that community which is not represented in Government service.

There are certain manipulations done so that communal representation may not be worked up. For instance there is the acting list. What the Head of the department does is, he takes a number of people from his own community, gives them acting service for a few days on Rs, 15 or 20. Thus there will be a hundred acting men with 2 day's and 3 day's service. Then if a candidate belonging to the unrepresented or not well represented or inadequately represented community in Government service applied for a post, it is pointed out that there are in the waiting list 100 men. If one duly qualified Mahomedan comes forward, then he will have to wait till these 100 men are absorbed by which time he will have grown old and barred for any post in Government service.

Mr. K. Madhavan Pillai: What test has this Mahomedan who is an applicant for a Compounder's post passed?

Mr. H. O. L. Marikar: The Government Test held in Travancore.

Sir, I have to say only this much. If a Muslim candidate, or candidates belonging to any other community which is not properly represented in the Government service, apply for a post, some sort of preference should be given to them for appointment in that department provided they are fit for the service for which they apply.

Mr. M. P. ളും പ്രചാരവും, മതിപ്പും ഉണ്ടായിട്ടുണ്ട്. ഈ ചികിത്സാരീതിയെ ഗവൺമെൻറ പ്രോത്സാഹിപ്പിക്കണമെന്നുള്ള പ്രമേയം തിരുവിതാംകൂർനിയമസഭയിൽ പാസ്സായിട്ടുകാലം വളരെ കഴിഞ്ഞിരിക്കുന്നു. തഹശീൽദാരന്മാർമുഖാന്തിരം തിരുവിതാംകൂറിലേ ഹോമിയോപ്പതി ഡാക്ടർമാരുടെ ഒരു ലിസ്ററു എടുത്തതിൽ കൂടുതലായിട്ട് ഇതിനേക്കുറിച്ച് എന്തെങ്കിലും ഗവൺമെൻറു ചെയ്തിട്ടുണ്ടെന്നു തോന്നുന്നില്ല. മററുള്ള മരുന്നുകളെ അപേക്ഷിച്ചു ഹോമിയോപ്പതി മരുന്നുകൾക്കു വിലകുറവാകയാൽ ഈ ചികിത്സാരീതിയെ പ്രോത്സാഹിപ്പിക്കുന്നതു പൊതുജനങ്ങൾക്ക്, പ്രത്യേകിച്ചും സാധുക്കൾക്ക്, ഒരു ഗണ്യമായ പുണ്യമായിരിക്കും. ജനങ്ങളുടെ ആരോഗ്യപാലനത്തിനു മാത്രമല്ലാ ജീവരക്ഷയ്ക്കുംകൂടി സ്ഥാപിച്ചിട്ടുള്ള ഈ ഡിപ്പാർട്ടുമെൻറിലെ ചില കെട്ടിടങ്ങൾ നേരേവിപരീതമായ ഫലം നൾകത്തക്ക നിലയിലായിട്ടും ഡിപ്പാർട്ടുമെൻറിൻെറ ശ്രദ്ധ പതിഞ്ഞുകാണാത്തതു കഷ്ടമാണ്.

Mr. K. Madhavan Pillai : അങ്ങനെ നിലംപതിക്കാറായ ആശുപത്രികെട്ടിടങ്ങൾ ഏതെല്ലാമാണ്?

Mr. M. P. Madhavan Pillai : ഞാൻ പ്രധാനമായി ചൂണ്ടിക്കാണിക്കുന്നതു മല്ലപ്പള്ളി ആശുപത്രികെട്ടിടത്തെ സംബന്ധിച്ചാണ്. ഇതിനെ സംബന്ധിച്ച് ജനങ്ങൾ ഗവൺമെൻറിലേക്കു പല ഹർജികളും അയച്ചതിൻെറ ഫലമായി ദിവാൻ മിസ്റ്റർ ആസ്റ്റിൻ അവിടെവന്ന് ആശുപത്രികെട്ടിടം സന്ദർശിക്കുകയും ജനങ്ങൾ അവരുടെ സങ്കടങ്ങളെ അദ്ദേഹത്തെ അറിയിക്കുകയും ചെയ്തിട്ടുണ്ട്. ഉടനെതന്നെ ആ കെട്ടിടം പണികഴിപ്പിച്ചുതരാമെന്ന് അദ്ദേഹം വാഗ്ദാനം ചെയ്തിട്ടുണ്ടായിരുന്നു.

Mr. K. Madhavan Pillai : ഇപ്പോൾ ഉള്ള കെട്ടിടം ജനങ്ങൾ പണിയിച്ചിട്ടുള്ളതാണൊ?

Mr. M. P. Madhavan Pillai : അതെ ഗവൺമെൻറിൽനിന്നും ചില കേടുപാടുകൾ തീർത്തിട്ടുണ്ട്.

Mr. K. Madhavan Pillai : എളുപ്പം താഴെ വീഴത്തക്കവിധത്തിലാണൊ ജനങ്ങൾ കെട്ടിടം പണിചെയ്യിച്ചു കൊടുത്തിട്ടുള്ളതു്?

Mr. M. P. Madhavan Pillai : അല്ല.

Mr. K. Madhavan Pillai : അടുത്തയാണ്ടത്തെ ബഡ്ജററിലാണൊ ഈ കെട്ടിടം പണിക്കു തുക അനുവദിച്ചിട്ടുള്ളതു്?

Mr. M. P. Madhavan Pillai : കഴിഞ്ഞകൊല്ലത്തെ ബഡ്ജറ്റിൽ ഈ കെട്ടിടം പണിവകക്ക് ൩൦൦൦ രൂപാ കൊള്ളിച്ചിരുന്നു. ആ തുക ഒടുവിൽ ലാപ്സായിപ്പോയി. എന്നാൽ ഇതേവരെയായിട്ടും ആ കെട്ടിടത്തിന്റെ ജീർണ്ണോദ്ധാരണം നടത്തിയിട്ടില്ല. ഈ കെട്ടിടത്തിന്റെ ശോച്യാവസ്ഥ ഗവൺമെന്റിന്റെ ദൃഷ്ടിക്കു വിഷയീഭവിച്ചിട്ടും ഇപ്രകാരമുള്ള ഉദാസീനത പ്രദർശിപ്പിക്കുന്നതു് അനീതിയാണെന്നല്ലാതെ എന്താണു് പറയേണ്ടതു്.

Mr. Tariatu Kunjitomman: മെഡിക്കൽ വകുപ്പു് ജനങ്ങൾക്കു് കൂടുതൽ ഉപയോഗപ്രദമായി ഭവിക്കത്തക്ക ചില മാറ്റങ്ങൾ നിർദ്ദേശിക്കണമെന്നാണു് ഞാൻ വിചാരിക്കുന്നതു്. ഈ വകുപ്പിനെ ഏകത്ധ്യക്ഷന്റെ ഉത്തരവാദിത്വത്തിൻകീഴിൽ ആക്കിയതു വളരെ നന്നായി. ഇപ്പോൾ ഇതിലെ ന്യൂനതകളെ പരിഹരിക്കാൻ ഒരാൾതന്നെ പ്രത്യേകം ബാദ്ധ്യസ്ഥനാകയാൽ ഒഴിവുകഴിവു പറയാൻ ഇനി സാദ്ധ്യമല്ല. പലരായിരുന്നകാലത്തു് ഒരാളിന്റെ അല്ലെങ്കിൽ മറ്റൊരാളിന്റെകുറ്റംകൊണ്ടാണു് ഓരോ തെറ്റുകൾവരുന്നതെന്നു് ഭാവിച്ചുകഴിക്കാം. ഇനി അതു സാധിക്കുകയില്ല.

ഒന്നാമതായി നമ്മുടെ ജനറൽ ആശുപത്രിയെതന്നെ കൂടുതൽഗുണകരമായ വിധത്തിൽ പരിഷ്കരിക്കണം. കൊച്ചിയിലും മദ്രാസിലും നെയ്യൂരിലുമായിരുന്നു ശസ്ത്രക്രിയക്കു നാട്ടുകാർ അധികം പോയിരുന്നതു. ഇപ്പോൾ ആ നിലമാറീട്ടു ഓപ്പറേഷൻ സംഖ്യ വളരെ ഇവിടെ വർദ്ധിച്ചിട്ടുണ്ടു. എങ്കിലും മുൻപറഞ്ഞസ്ഥലങ്ങളിലെ ആശുപത്രികളെ അപേക്ഷിച്ചു എന്തോചില ന്യൂനതയുണ്ടെന്നു ഈ ജനറൽആസ്പത്രിയിൽ ചെന്നാൽതോന്നും. ശുചിത്വം തന്നെ ഇവിടത്തെ ആശുപത്രിയിൽ വളരെ കുറവാണു്. ഒന്നാമതായി ഇവിടത്തെ ആശുപത്രിക്കു കുഴൽവെള്ളം ഇല്ല. ഈ പട്ടണത്തിൽ കുഴൽവെള്ളം നടപ്പാക്കിയപ്പോൾ അതു് ആദ്യമായി ആശുപത്രികളിൽ വേണ്ടതായിരുന്നു. അതു ചെയ്തിട്ടില്ല. അനേകം രോഗികൾ അഭയം പ്രാപിക്കുന്ന ആശുപത്രിയിൽ ശുചിത്വം പാലിക്കേണ്ടതെത്രയോ ആവശ്യകമാണു്. അതിനു കുഴൽവെള്ളം ഏർപ്പെടുത്തുന്നതുപോലെ മറ്റൊന്നും പറ്റിയതല്ല. എമീബിക്ക് ഡിസന്ട്രി, ടൈഫോയിഡ്ഫീവർ മുതലായ പലരോഗങ്ങളും വെള്ളംവഴിയാണല്ലോ പകരുന്നതു. ഈ രോഗങ്ങൾ പിടിപെട്ടവർ ആശുപത്രിയിൽ അഭയം പ്രാപിക്ക സാധാരണമാണു്. അവിടെവച്ചുതന്നെ ഈ രോഗങ്ങൾ മറ്റുള്ളവക്കു് പകർന്നു എന്നുവരാം. കക്കൂസുകളിൽപോലും കുഴൽവെള്ളം ഏർപ്പെടുത്തേണ്ടതാണു. അതു് ഉട

Mr- Kattiyattu Sivarama Panickar : ഇപ്പോൾ ഇവിടെ ഇരിക്കുന്ന ആളിനെ അങ്ങോട്ടു മാററീട്ടു അവിടെ ഇരിക്കുന്ന ആളിനെ ഇങ്ങോട്ടു മാററിയാൽ മതിയോ ?

Mr. Tariatu Kunjitomman : ആരെമാററിയാലും വിരോധമില്ല. അതു ഗവൺമെൻറു അദ്ധ്യക്ഷന്മാരുംകൂടി ആലോചിച്ചു തീർച്ചപ്പെടുത്തിക്കൊള്ളട്ടെ. രണ്ടാളും ഒരിടത്തുവേണ്ടെന്നേ പറയുന്നുള്ളു.

Mr. Komilezhathu Sankaran : ഇവർ രണ്ടു പേരും എഫ്. ആർ. സി. എസ്സിനു പഠിച്ചതു് ഒരു കാളേജിൽ ആണോ?

Mr. Tariatu Kunjitomman : അതിനെ സംബന്ധിച്ച് പറയേണ്ടയാവശ്യമില്ല. അതൊക്കെ അധികൃതന്മാൎക്കും മററും അറിയാം.

ഇനിയും എനിക്കു പറയുവാൻ ഉള്ളതു് ഗവൺമെൻറു വിലകൂടിയ മരുന്നുകൾ വരുത്തുന്നതു എല്ലാ ആശുപത്രികളിലേക്കും ശരിയായി വീതിച്ചുകൊടുക്കുന്നില്ലെന്ന പരാതിയെപ്പററിയാണ്. വിലകൂടിയ മരുന്നുകൾ നാട്ടിൻപുറത്തുള്ള ആശുപത്രികളിൽ ഇല്ലെന്നു പറഞ്ഞു് ഡാക്ടർമാർ ആശുപത്രികളിൽ ചികിത്സക്കു ചെല്ലുന്നരോഗികൾക്കു് കുറിച്ചുകൊടുത്തു് പുറത്തുനിന്നും വാങ്ങിപ്പിക്കുന്നു. ഈ സാമ്പത്തികാധഃപതനകാലത്തു് ആസ്പത്രിയിൽ ചെല്ലുന്ന സാധുക്കൾ വിലകൊടുത്തു മരുന്നു വാങ്ങിക്കേണ്ടതായി വരുന്നതു് കഷ്ടംതന്നെ. ഡാക്ടറന്മാൎക്കുതന്നെ ചില മരുന്നുഷാപ്പുകാരുമായി ബന്ധമുണ്ടായിരിക്കും. അവരുടെ ഷാപ്പുകളിലേക്കാണ് കുറിപ്പു കൊടുക്കുക. അതിന് കമ്മീഷനും കിട്ടും. അതുകൊണ്ടു് മേലാലെങ്കിലും മരുന്നുകൾ ആസ്പത്രികളിൽ ഇല്ലെന്നു രോഗികളോടു പറയാൻ ഇടയാക്കരുതു്.

[Mr. Tariatu Kunjitomman.]

ഇനിയും ഒന്നു പറയാനുള്ളതു് ഡാക്ടറന്മാർക്കു് പടികൊടുത്തു് ചികിത്സിക്കാൻ വിളിച്ചുകൊണ്ടു പോകുന്നതിനെ സംബന്ധിച്ചാണു്. ന്യൂമോണിയാ, പ്രസവക്കേസ്സ് മുതലായവയുള്ള രോഗികളെ ആശുപത്രികളിൽ കൊണ്ടുവരാൻ റോഡുകളില്ലാത്ത ഉൾപ്രദേശങ്ങളിൽ വിഷമമാണു. കെട്ടിയെടുത്തു വലിയ അവശതയിലിരിക്കുമ്പോൾ കൊണ്ടുവന്നാൽ ചിലപ്പോൾ മാർഗ്ഗമദ്ധ്യേതന്നെ അപകടം നേരിടാൻ ഇടയുണ്ടു്. അങ്ങിനെ വിഷമകരമായ അവസ്ഥയിൽ ഡാക്ടറന്മാരെ, സാധാരണ വാസസ്ഥലത്തേക്കു പടികൊടുത്തുകൊണ്ടുപോകയാണു പതിവു. ഇങ്ങിനെ കൊണ്ടുവരുന്നവർക്കു കൊടുക്കേണ്ടപടി സംബന്ധിച്ചു് ഒരു വ്യവസ്ഥയില്ലാത്തതുകൊണ്ടു പലപ്പോഴും സാധുക്കൾ വിഷമിക്കുന്നുണ്ടു്. ഗവണ്മെന്റിൽനിന്നും ഒരു മൈലിന് ഇത്രരൂപായെന്നോ മറ്റോ ഒരു ക്ലിപ്തം ചെയ്തു എല്ലാ ആസ്പത്രികളുടേയും ഭിത്തിമേൽ പരസ്യം വയ്ക്കിച്ചാൽസാധുക്കൾക്കു രക്ഷയായിരിക്കും. ധനവാന്മാരിൽനിന്നു ഇതിനുപുറമെ ഡാക്ടർക്കു് നല്ല സംഖ്യയും കിട്ടും. അതു പ്രത്യേകം ആണല്ലോ. ഈ കാര്യത്തിൽ ഗവണ്മെന്റു ഉടനെ ശ്രദ്ധിക്കണം. ഡാക്ടറന്മാരുടെ പൊതുവിലുള്ള അത്യാഗ്രഹം വർദ്ധിച്ചുവരുന്നു എന്നു ജനസാമാന്യത്തിന്റെ ഇടയിൽ പരക്കെ സംസാരം ഉണ്ടു്. ഇവർക്കു ഗവണ്മെന്റിൽനിന്നും നല്ല ശമ്പളം ഉണ്ടു. അതിനു പുറമെ ഒരു നല്ലതുക ജനങ്ങളിൽനിന്നുംകൂടി കിട്ടുകയും ചെയ്യും. എങ്കിലും ഇവർ സ്ഥിതിനോക്കാതെ പണം കൊടുക്കാൻ ദരിദ്രരോടും ആവശ്യപ്പെട്ടു് അവരെ വിഷമിപ്പിക്കുന്നുണ്ടു്. എന്നാൽ എല്ലാഡാക്ടർമാരും ഈ വിധമാണെന്നു ഞാൻ പറയുന്നില്ല. അവരിൽ ഭൂതദയയുള്ള ആളുകളും ഉണ്ടു്. എന്റെ ഓർമ്മയിലുള്ള ഒരു സംഗതി പറയാം. ഉദ്ദേശം ഇരുപത്തഞ്ചു വർഷങ്ങൾക്കുമുമ്പു എന്റെ സ്വദേശത്തിരുന്ന ഒരു ഡാക്ടർ ഒരു രോഗിയെ നോക്കാൻപോയി. അവിടെ ചെന്നു രോഗിയെനോക്കി മരുന്നു നിശ്ചയിച്ചു. ആ രോഗി വളരെക്ഷീണിച്ചിരുന്നതിനാൽ മരുന്നു ഉപയോഗിക്കുന്നതിനു പുറമെ സൂപ്പുകൂടി കഴിക്കണമെന്നു പറഞ്ഞു. അതിനു രോഗിക്കു പണം ഇല്ലായിരുന്നു. എന്നാൽ ഡാക്ടർ കയ്യിൽനിന്നും അയാൾക്കു സൂപ്പുകുടിക്കാൻ ആവശ്യമുള്ളപണം ഉടനെ കൊടുത്തു. പടിയും ആവശ്യപ്പെട്ടില്ല. അതുകൊണ്ടു് ഡാക്ടറന്മാരിൽ ഉദാരന്മാരായവരില്ലെന്നു പറയുന്നില്ല. അവർ അത്യാഗ്രഹികൾ ആകാതെ ഗവണ്മെന്റു നോക്കണം. ഡാക്ടർക്കു എന്തെങ്കിലും കൊടുക്കുന്നതിൽ പണമുള്ളവർ ആരും മടികാണിച്ചുവരുന്നില്ല. പക്ഷെ സാധുക്കളെക്കൊണ്ടു കഴിയാഞ്ഞാൽ എന്തുചെയ്യും. ഡിപ്പാർട്ടുമെ-

ൻറമേലദ്ധ്യക്ഷൻ സൎക്കീട്ടിൽ ഇക്കാൎയ്യം പ്രത്യേകം അന്വേഷിച്ചറിയണം. ഡാക്ടർമാരെ ശരിയായി നിയന്ത്രിക്കയും വേണം.

ഞാൻ പറയുന്നതെല്ലാം ഡർബാർ ഫിസ്സിഷന മനസ്സിലായോ എന്നു സംശയമാണ്. അതു മനസ്സിലാക്കുമെന്നു വിശ്വസിക്കുന്നു.

Mr. Kochikal P. Balakrishnan Tampi: Sir, I rise to oppose the Demand. It is a strange irony that there are so many medically qualified men in our country and yet there are many people who are suffering for want of medical aid. The reason is that there is no co-ordination of the work of these qualified men. There is no agency to facilitate proper use being made of the services of these qualified hands. I must say, Sir, that it is not possible to look up to the State in the years to come for all medical help, especially because there is sure to be greater demands upon the public purse in the future.

The only way out of the difficulty is by making use of the qualified men by private agencies and by Government. The Government have to encourage the practice of having honorary surgeons and physicians in our hospitals. So far, it did not work well for two reasons. The Government Doctors there would be much too domineering and there is the natural professional jealousy of the Government Doctors that these honorary surgeons would come in and rob them of their practice. Secondly, these honorary surgeons who come in ostensibly with altruistic motives to serve humanity would later try to lay claim to Government service. I suppose it is owing to these reasons that the entertainment of honorary surgeons and physicians has not come into vogue in our State. I trust that the Government would look hereafter to the possibility of engaging properly qualified people as honorary surgeons and physicians throughout the State. I would use Shakesperian language and say that the system would be thrice blessed. It would bless the medical men in service because there will be considerable relief in their work. It is again blessed because our young men who come out of the Universities and also our esteemed retired doctors as Dr. Madhavan Pillai or as Dr. Padmanabha Panickar who was of the Indian Medical Service, would get an opportunity to serve humanity. The people also who want medical relief would be blessed.

That leads me to speak about the necessity for growing up a greater sense of professional etiquette among the doctors of our country. Even England-returned people, people who belong to the British Medical Association, so soon as they come into Travancore develop tendencies which are opposed to the rules laid down by the British Medical Association. There are doctors who are not averse

[Mr. Kochikal P. Balakrishnan Tampi.]

to advertisement and there are doctors who are averse to co-operating with other doctors in treatment. The doctors in Government service are the leading men in the profession in our State, and as such the Government must co-operate with the non-official members in forming a Travancore Medical Association on the model of the British Medical Association or the Indian Medical Association.

I must not close my short speech without congratulating the Government on the abolition of the Deputy Durbar Physicianship. But although I congratulate the Government on not being obliged to have in service that medical gentleman who belongs to the Red Jacket Community, yet it is a matter of very great concern to this House in particular that he is made a physician to the Palace. Sir, the most important thing, the matter of the greatest concern to this House, is the health of the Royal House and when a man is not found to be fit for the post of a Deputy Darbar Physician, it passes my understanding why he must be thrust on the Palace.

Mr. P. Padmanabhan Tampi: On a point of order, I want to know whether the member is right in referring to the Palace here.

Mr. Kochikal P. Balakrishnan Tampi: Sir, I am referring only to a reasonable anxiety regarding the health of the Royal House. Therefore I would most respectfully and emphatically request Government to see that the best available help is given.

Mr. James Simpson: Sir, I would like to thank the members of the House for the criticisms they have offered and the suggestions they have made. But they are so numerous that I am afraid I may not be able to go through all of them. However, one of the chief topics mentioned was the General Hospital. This, Sir, I think, is in a much more healthy condition than it has been for sometime. One of the complaints was regarding the dispensing of medicines by the compounders. A Deputy Surgeon is now placed in charge of the compounding room and he is keeping a constant eye on the compounders. So far, since I have been in charge, I have not received any complaint from the public in connection with that.

Then again, Sir, the steward was mentioned. In that connection, I may say that the defalcation and the misappropriation mentioned really did not amount to any act of fraud or anything which could be treated as a serious offence. What was found was that there was a temporary misappropriation and the man was asked to explain; and then he was punished by the department.

Mr. M. N. Paramesvaran Pillai: What is the sort of punishment that was meted out to the steward?

Mr. James Simpson: He was fined.

Mr. M. N. Paramesvaran Pillai: How many rupees?

Mr. James Simpson: Rs. 5.

Mr. M. N. Paramesvaran Pillai: Was it meted out to him before the audit report or after?

Mr. James Simpson: Before.

Mr. M. N. Paramesvaran Pillai: May I know whether any action was taken after the audit report was received.

Mr. James Simpson: No action was taken. I was in charge of the department at the time of the audit report. After it was received, I had a meeting with the audit officer concerned, whereby new instructions were given so that the same thing may not occur again.

Mr. H. O. L. Marikar: May I know the nature of the crime committed and the punishment given

Mr. James Simpson: It was a case of temporary misappropriation.

Regarding the work turned out in the General Hospital, we have been told that the Mission Hospitals are doing all the surgical work in Travancore. That, Sir, is not correct. In the General Hospital we are treating cases which have not been treated in Travancore before and which have certainly not been treated at the Mission Hospitals. We are having good results. As a matter of fact, for the major operations that are being carried out I have some figures to show that the total for 1109 has almost doubled that for the best of all the previous years. The number of operations has gone up considerably and the death rate has come down so much so that the death rate in 1109, taking all operations into account, has come to the figure of 1.36 per cent., a figure which is unprecedented in any place even in England.

Mr. Kattiyattu Sivarama Panickar: May I know from the member whether any attempt has been made to institute radium treatment in the General Hospital?

Mr. James Simpson: That, Sir, has been under the consideration of Government. It is a big proposition and the Government do not think it possible to introduce it at present.

Mr. Kattiyattu Sivarama Panickar: Is the member aware that the radium treatment is given in the Neyoor Hospital?

Mr. James Simpson: Yes, I am aware.

Mr. Kattiyattu Sivarama Panickar: When a private hospital does not grudge to spend money for it, is it fair that a Government like ours should grudge money for such a nice treatment?

Mr. James Simpson : The member evidently is not aware of the details whereby Neyoor got radium and I cannot give the member the information.

Mr. M. N. Paramesvaran Pillai : What will be the approximate cost of instituting radium treatment ?

Mr. James Simpson : It is not so much the cost that counts. It is a question of the building to be obtained, the chambers and the precaution that will have to be taken. Provision must be made against a patient going away during the night, for instance, with radium worth Rs. 10,000. The scheme as a whole has to be considered.

To continue, the members have brought up the question of appointments in the department. Here, Sir, the answer given to the House last year still holds. That the Medical Department has more of one community than others is due to the fact that in the early days the Christians were about the only people who took up medical studies. Sir, I think that the Medical Department should be treated rather differently from other departments in as much as it is a highly scientific department. In suggesting to Government several appointments, I have considered first of all the qualifications and by qualification I mean not only the degree held by the applicant but also his under-graduate and post-graduate career. You may find that one person takes nine years to get a degree while another person does it in the minimum of 5 or 5½ years and gets the first prize in Surgery and the first prize in medicine. I consider the latter to be the more suitable candidate for the medical service, although he is of an over-represented community than the person who has taken 9 years and who belongs to an unrepresented community. Secondly, we consider the position in the waiting lists. They have been kept for a number of years. They must be considered but only secondarily. Otherwise, a man applying now, even if he is specially qualified and has done some special work, will not be allowed to enter the department until the waiting list is thoroughly exhausted. It leads me to consider whether the waiting list should be kept on.

Mr. Komilezhathu Sankaran : May I know from the member on what principle the persons from the waiting list were recruited formerly ?

Mr. James Simpson : The waiting list was not always considered formerly at the time of appointments. If Government have at their disposal well-qualified men, exceptionally qualified men, I think it is up to them to take advantage of that fact. If they find a person who, after graduating, has done some research

work in Madras or elsewhere, they must appoint him because he ought to know more of medicine and will be able to prove more useful to the people of Travancore than the raw graduate who comes out after five years knowing no more than that he has been taught to learn. He may know diagnosis but very little treatment. The qualification, Sir, must be the sole consideration in the matter of appointments in my department.

The motion was, by leave, withdrawn.

Chairman : I put Demand XV—Medical, for a sum of Rs. 8,44,996.

The grant was made.

DEMAND XVI—AYURVEDA

Mr. A. Kumara Pillai : Sir, I rise to move for a grant of Rs. 66,054 under Demand XVI—Ayurveda.

[Mr. J. John Kattakayam.]

താംകൂറിൽ നാലു ആയുർവേദ ഹൈസ്കൂളുകൾ ഉണ്ടു്. ആയുർവേദ ആശുപത്രികളും തിരുവിതാംകൂറിൽ സർവ്വത്ര ഉണ്ടെങ്കിലും ഉത്തരതിരുവിതാംകൂറിൽ ഇതിനെ സംബന്ധിച്ച വിപരീതനയമാണു് ഗവണ്മെൻറു കൈക്കൊണ്ടിരിക്കുന്നതു്. കൊല്ലം, നാഗർകോവിൽ, കിളിമാനൂർ, തിരുവനന്തപുരം, ഈ സ്ഥലങ്ങളിൽ നാലു ആയുർവേദ ഹൈസ്കൂളുകൾ ഇപ്പോൾ നടന്നുവരുന്നുണ്ടു്?

Mr. A. Kumara Pillai : മെമ്പർ ഈ പറഞ്ഞ സ്ഥലത്തെല്ലാം ഉള്ളതു് ആയുർവേദ ഹൈസ്കൂളുകളാണോ, അതോ ആയുർവേദ ആശുപത്രികളാണോ ഉള്ളതു്?

Mr. J. John Kattakayam : എനിക്കു തെററിപ്പോയതാണു്. ആയുർവേദ ആശുപത്രികളാണുള്ളതു്. കണ്ണാടി വെക്കാതെ നല്ലപോലെ കാണാൻ വയ്യാ. എന്നാൽ കണ്ണാടി വെച്ചാൽ വയസ്സൻ ആണെന്നു വല്ലവരും പറകയും ചെയ്യും. അതുകൊണ്ടാണു് കണ്ണാടി വെക്കാത്തതു്. (ചിരി)

Mr. A. N. Visvanatha Pillai : മെമ്പർ ചെറുപ്പക്കാരൻ ആണെന്നാണോ പറയുന്നതു്?

Mr. J. John Kattakayam : ചെറുപ്പക്കാരൻ ആയാൽ കൊള്ളാമെന്നാണു് എൻെറ മോഹം. തലമുടി അവിടവിടെ നരച്ചുകാണുന്നതു് കാച്ചിയ എണ്ണയുടെ ദൂഷ്യംകൊണ്ടാണു്. എണ്ണ മൂത്തുപോയാൽ കാലമായിട്ടില്ലെങ്കിലും തല നരച്ചുപോകുമെന്നു് കളിയായി കരുതിക്കൊൾക.

Mr. Komilezhathu Sankaran: അതിലേക്കാണോ ആയുർവേദംതന്നെ വേണമെന്നു് പറയുന്നതു്?

Mr. J. John Kattakayam : എണ്ണക്കു മുറുക്കു കൂടിയതുകൊണ്ടു് ആയുർവേദത്തെ കുററപ്പെടുത്തുവാൻ പാടില്ല. അതു എണ്ണ കാച്ചി അരിച്ചവൻെറ ദൂഷ്യംതന്നെയാണു്. ഉത്തരതിരുവിതാംകൂറിൽ എന്നുമാത്രമല്ല നമ്മുടെ രാജ്യത്തെ എല്ലാ പകുതികളിലും ഓരോ ഗ്രാൻറു വൈദ്യശാലയെങ്കിലും സ്ഥാപിച്ചുകിട്ടണമെന്നാണു് ഞാൻ ഗവണ്മെൻറിനെ ഉൽബോധിപ്പിക്കുന്നതു്.

ഇന്ത്യയിൽ ധാരാളം ബാലമരണങ്ങൾ ഉണ്ടാകുന്നുണ്ടു്. ബാലമരണം തിരുവിതാംകൂറിലും ഒട്ടും കുറവല്ല. സെൻസസ്സ് കമ്മീഷണരുടെ റിപ്പോർട്ടു നോക്കുന്നപക്ഷം ഇതിനെസംബന്ധിച്ച അറിയാവുന്നതാണു്. എന്നാൽ അങ്ങിനെയുള്ള ബാലമരണത്തെ തടുക്കുന്നതിനു് ആയുർവേ

ദംപോലെ പററിയ ചികിത്സ വേറെ ഇല്ല. ബാലചികിത്സക്ക ഇംഗ്ലീഷ്മരുന്നിനേക്കാറം പററിയതു ആയുർവേദമരുന്നാണ്. ചില ഇംഗ്ലീഷ് വൈദ്യന്മാർതന്നെ നാട്ടുവൈദ്യന്മാരേക്കൊണ്ടു് ബാലചികിത്സ ചെയ്യിച്ചിട്ടുള്ളതായി എനിക്കറിയാം. വാതരോഗത്തിൽ ഇംഗ്ലീഷ് ഭിഷഗ്വരന്മാർ ആയുർവേദ വൈദ്യരെ അഭയംപ്രാപിക്കുക സർവ്വസാധാരണയാണ്.

ആയുർവേദ ആശുപത്രികളുടെ സംഖ്യ കൊല്ലംതോറും വർദ്ധിപ്പിക്കണമെന്നു ഇവിടെ ഒരു നിശ്ചയം പാസാക്കിയിരുന്നു. ഇപ്പോറം അതിനെ സംബന്ധിച്ചു ഒന്നും കേൾക്കുന്നില്ല. അല്ലെങ്കിലും നല്ലകാര്യങ്ങറം ചെയ്യുന്നതിൽ ഗവമെൻറു പല അവസരത്തിലും പിന്നോക്കമാണെല്ലോ. കുറഞ്ഞപക്ഷം പ്രതിവർഷം പതിനഞ്ച് വൈദ്യശാലകറം എങ്കിലും ഉണ്ടാക്കാൻ ശ്രമിക്കുന്നതാണ് എന്നു ആയുർവേദഡയറക്ടർ ഇതിനുമുൻപു പ്രസ്താവിച്ചിട്ടുള്ളതിനെ ഈ അവസരത്തിൽ പ്രത്യേകം പ്രസ്താവിക്കേണ്ടതാണ്. എന്നാൽ ഗവമെൻറിനു പണമില്ലെന്നുള്ള പല്ലവി എപ്പോഴും ആവർത്തിക്കുന്നു. നല്ല സംഗതികറംക്കുവേണ്ടി പണം ചിലവുചെയ്യാൻ പണമില്ല. ഭീമസംഖ്യകറം വ്യയംചെയ്തു വല്ല ജിറാഫിനേയും മററും കൊണ്ടുവരാനാണെങ്കിൽ പണത്തിനു വിഷമം ഇല്ല.

അതുകൊണ്ടു് ആയുർവേദം പററിയ ഒരു വൈദമാണെന്നുള്ളതിനാൽ ഇംഗ്ലീഷ് വൈദ്യത്തേക്കാറം ഗവമെൻറു രണ്ടു കൈകൊണ്ടും ആയുർവേദത്തെ ആശ്ലേഷിച്ചു പ്രോത്സാഹിപ്പിക്കണമെന്നുള്ള അഭ്യർത്ഥനയോടുകൂടി പ്രസംഗം അവസാനിപ്പിച്ചുകൊള്ളുന്നു.

Mr. A. N. Visvanatha Pillai : സർ, ഞാനും എൻെറ മുൻ പ്രാസംഗികന്മാരുടെ അഭിപ്രായത്തോടു യോജിക്കുന്നു. എനിക്കു പറയാനുള്ളതു് തിരുവിതാംകൂറിൽ അലോപ്പതി ചികിത്സയേക്കാറം ജനങ്ങറംക്കു ഇഷ്ടമുള്ളതു് ആയുർവേദ ചികിത്സയാണെന്നാണ്. ആയുർവേദചികിത്സക്ക് ചിലവു കുറവാണ്. അതുകൊണ്ടു ചിലവു ചുരുങ്ങിയതും ഈ നാട്ടുകാർക്കു കൂടുതൽ പ്രയോജനമുള്ളതുമായ ആയുർവേദചികിത്സയെ പ്രോത്സാഹിപ്പിക്കണം. ഇപ്പോറം ഫ ൨ ൭ ഗ്രാൻറ് വൈദ്യശാലകളും ഫ ൨ വ്യ റക്കഗ്നൈസ്ഡ് വൈദ്യശാലകളും മാത്രമേ തിരുവിതാംകൂറിൽ ഉള്ളു. ഇതു് ജനങ്ങളുടെ വൈദ്യസഹായത്തിനു തീരെ പര്യാപ്തമല്ല. ഓരോ കരകളിലും ഓരോ വൈദ്യശാലഎങ്കിലും അനുവദിച്ചു നടപ്പാക്കി ആയുർവേദവൈദ്യത്തെ പ്രോത്സാഹിപ്പിക്കണം. ആയു

[Mr. A. N. Visvanatha Pillai.]

ർവേദചികിത്സയെ അലോപ്പതിചികിത്സയുമായി താരതമ്യപ്പെടുത്തി നോക്കുന്നതായാൽ ആയുർവേദത്തിന് ചിലവു വളരെ കുറവാണെന്നു കാണുവാൻ കഴിയും. അലോപ്പതിചികിത്സക്കു ചിലവാകുന്ന പണത്തിന്റെ വളരെ ചുരുങ്ങിയ ഒരു ശതമാനംകൊണ്ട് ആയുർവേദചികിത്സയെ പ്രോത്സാഹിപ്പിക്കാൻ കഴിയുന്നതുമാണ്. ഇനിയും ഒരു കാര്യം കൂടിപറയാം. അലോപ്പതി മരുന്നുകൾക്കും അതിന്റെ ഉപകരണങ്ങൾക്കുംവേണ്ടി ചിലവഴിക്കുന്ന പണം മുഴുവൻ ഈ രാജ്യത്തിനു വെളിയിലേക്കാണ് പ്രയാണം ചെയ്യുന്നതു്. നേരെമറിച്ച് ആയുർവേദത്തിനുവേണ്ടി ചിലവഴിക്കുന്ന ഒരു പൈപോലും രാജ്യത്തിനു വെളിയിൽ പോകുന്നില്ല. ഈ കാരണംകൊണ്ടും ആയുർവേദം പ്രോത്സാഹനാർഹമാണ്.

ഈ ചികിത്സയിൽ ജനങ്ങൾക്ക് പ്രതിപത്തി കൂടികൂടിവരുന്നു എന്നു് ആയുർവേദഡിപ്പാർട്ടുമെന്റിൽ നിന്നു പ്രസിദ്ധീകരിച്ചിട്ടുള്ള റിപ്പോർട്ടിൽനിന്നു കാണുവാൻ കഴിയും. കഴിഞ്ഞകൊല്ലം ഗ്രാന്റ് വൈദ്യശാലകളിലും റക്കഗ്നൈസ്ഡ് വൈദ്യശാലകളിലും തിരുവനന്തപുരത്തുള്ള ആയുർവേദ ആശുപത്രിയിലുംകൂടി ഏഴുലക്ഷം ജനങ്ങളെ ചികിത്സിച്ചിട്ടുള്ളതായി കാണാം.

ഇനിയും ആയുർവ്വേദത്തെപ്പറ്റി വളരെയധികം പറയാനുണ്ട്. സമയച്ചുരുക്കംനിമിത്തം ഒരു സംഗതികൂടിമാത്രം പ്രസ്താവിക്കാമെന്നേ വിചാരിക്കുന്നുള്ളു.

ആയുർവ്വേദം അതിപുരാതനവും ഇൻഡ്യയിലെ ശീതോഷ്ണസ്ഥിതിക്കു ഏററവും യോജിച്ചതുമായ ഒരു ചികിത്സാസമ്പ്രദായമാണ്. സർജറിയും മിഡ്‌വൈഫ്‌റിയും ഒഴിച്ച് താരതമ്യപ്പെടുത്തിയാൽ ആയുർവ്വേദമാണ് അലോപ്പതിയിലും ശ്രേഷ്ഠമായിട്ടുള്ളതു്. ആയുർവ്വേദകാളേജിൽ വിഷവൈദ്യംകൂടി പഠിപ്പിക്കേണ്ടതത്യാവശ്യമാണ്. ഇന്നുള്ള ആയുർവേദവൈദ്യന്മാർക്ക് വിഷചികിത്സയിലുള്ള പാടവക്കുറവുമൂലം ഒരേസ്ഥലത്തുതന്നെ ചിലപ്പോൾ ആയുർവേദവൈദ്യനും വിഷവൈദ്യനും ഗവണ്മെന്റു ഗ്രാന്റു കൊടുക്കേണ്ടതായി വന്നുകൂടുന്നു. ഇതു് ഗവണ്മെണ്ടിന് ഒരു നഷ്ടവുംകൂടിയാണ്. ആകയാൽ അതിനെ പരിഹരിക്കുന്നതിനും ഉഷ്ണമേഖലയിൽ സ്ഥിതിചെയ്യുന്ന നമ്മുടെ രാജ്യത്തു അനവധി വിഷജന്തുക്കൾ ഉള്ളതിനാൽ ഭാവി വൈദ്യന്മാർക്കു വൈദ്യകലയുടെ ആ ശാഖയിൽകൂടി പാണ്ഡിത്യമുണ്ടായിരിക്കുന്നതിനും ആയി ആയുർവ്വേദകാളേജിൽ വിഷവൈദ്യംകൂടി പഠിപ്പിക്കേണ്ടതാണെന്നുകൂടി ഞാൻ അഭിപ്രായപ്പെട്ടുകൊള്ളുന്നു.

Mr. Tariatu Kunjitomman: സർ, ഞാനും ഉപക്ഷേപത്തെ പിൻതാങ്ങുന്നു. വാതം മുതലായ മഹാരോഗങ്ങൾക്കു ആയുർവേദ ചികിത്സയാണ് ഏററവും ഫലപ്രദമായികണ്ടുവരുന്നതു്. ജനങ്ങൾക്കുള്ള വിശ്വാസവും അങ്ങിനെ തന്നെആണ്. എന്നാൽ അലോപ്പതി ചികിത്സയിലുംവിശ്വാസമുള്ളവർ ധാരാളംഉണ്ട്. ശസ്ത്രക്രിയ മുതലായ കാര്യങ്ങൾക്കു അലോപ്പതിആണ് പ്രധാനം, എന്നാൽ ഔഷധങ്ങളുടെ കാര്യത്തിൽ ആയുർവേദത്തിനാണ് പ്രധാന്യം എന്നുഞാൻ വിചാരിക്കുന്നു. അതുകൊണ്ട് ഇതുരണ്ടുംഗവമെൻറിൻെറ പ്രോത്സാഹനത്തെ ശരിയായി അർഹിക്കുന്നു. എന്നാൽ ആയുർവേദത്തെ സംബന്ധിച്ചിടത്തോളം ഗവമെൻറു നേരിട്ടു അധികം ഒന്നും ചെയ്തിട്ടില്ല; വെറും അംഗീകരണംകൊണ്ടുമാത്രം സഹായിക്കുന്നതെ ഉള്ളു.

ഗവമെൻറിൽ നിന്നും ഈ വൈദ്യത്തെ പോഷിപ്പിക്കാൻ ഔഷധത്തോട്ടങ്ങൾ ഉണ്ടാക്കിക്കണം. ഇപ്പോൾ എവിടെ നിന്നെങ്കിലും കിട്ടിവരുന്ന മരുന്നുകൊണ്ടുമാത്രമാണ് ഔഷധങ്ങൾ ഉണ്ടാകാറുള്ളതു്. 'രസം' 'വീര്യം' 'പാകം' 'പ്രഭാവം' ഇങ്ങനെ നാലു സംഗതികളെ ആശ്രയിച്ചാണ് രോഗത്തിനു ഔഷധംഫലിക്കുന്നതെന്നു മഹർഷിമാർ പറഞ്ഞിട്ടുണ്ട്. ഔഷധങ്ങൾ പലവിധത്തിലുള്ളവആയാൽ അവയ്ക്കുയോജിച്ച സ്ഥലങ്ങളിൽ അതിനേനട്ടുവളർത്തി ഉപയോഗിക്കണം. ചിലതു തണുപ്പുള്ള സ്ഥലങ്ങളിലും, മററുചിലതു ഉഷ്ണഭൂമികളിലും, പിന്നെ ചിലതു് സമുദ്രതീരങ്ങളിലും, ചിലതു് പർവ്വതത്തിൻെറ ഉപരിഭാഗത്തിലും, വളരുന്നവയായിരിക്കും നമുക്ക് ഇവിടെ പല ശീതോഷ്ണസ്ഥിതികളുള്ള ഭൂമികൾഉണ്ട്. അതിനാൽ മിക്കമരുന്നുകളും ഈ നാട്ടിൽ തന്നെ നട്ടുണ്ടാക്കാൻ സൌകര്യം ഉണ്ടു. ശരിയായ ഔഷധതോട്ടങ്ങൾ ഏർപ്പെടുത്തി മരുന്നുകൾ നട്ടുവളർത്തി ഔഷധങ്ങൾക്ക് ഉപയോഗിച്ചാലെ വേണ്ടഫലം കാണുകയുള്ളു. വല്ലടത്തുനിന്നും വല്ലവരും തരുന്നവകൊണ്ടു ഔഷധങ്ങൾ ഉണ്ടാക്കിയാൽ അവയ്ക്കു ശരിയായ രസവീര്യാദികൾ ഉണ്ടായിരിക്കയില്ല. രോഗത്തിനു ശരിയായി ഫലിക്കയുമില്ല. അപ്പോൾ ആയുർവേദത്തെ കുററം പറഞ്ഞിട്ടു എന്തുഫലം? ഇപ്പോൾ മററു ചികിത്സാസമ്പ്രദായങ്ങൾ പോലെ ഉത്തരവാദിത്വമുള്ളവരിൽ നിന്നു മരുന്നുകൾ വാങ്ങിയല്ലാ ഔഷധങ്ങൾ ഉണ്ടാക്കിവരുന്നതെന്നു വലിയൊരുദോഷം ഈ വൈദ്യക്രമത്തിനുണ്ട്. കടകളിൽ നിന്നു ഒന്നിനു മറെറാന്നായും കയ്യിൽ കിട്ടുന്നതും മരുന്നായി വാങ്ങി എണ്ണ കഷായം മുതലായവ ഉണ്ടാക്കിയാൽ അവക്കു ആയുർഷികൾ നിശ്ചയിച്ചിട്ടുള്ള ഗുണം കാ

ണാത്തതിൽ ആശ്ചയ്യപ്പെടാനില്ല. ഓരോമരുന്നുകറം ഇന്നിന്നവിധത്തിലുള്ള സ്ഥലത്തുവളന്നവയായിരിക്കണമെന്നും ചിലതുപച്ചയും ചിലതു ഉണക്കയും ചിലതിൻെറ ഇലയും ചിലതിൻെറവേരും ചിലതു സമൂലവും വേണമെന്നൊക്കെ വിധിയുണ്ടെങ്കിലും അങ്ങിനെ ഒന്നും ചേത്തല്ല ഇപ്പോറം അധികവുംഔഷധം പാകംചെയ്യാറുള്ളതു്. ചില ഔഷധങ്ങറംപാകംചെയ്യുന്നതിനു ചില യന്ത്രങ്ങറം വേണമെന്നു പറയുന്നുണ്ടു്. യന്ത്രമെന്നു പറഞ്ഞാൽ പാശ്ചാത്യസമ്പ്രദായ പ്രകാരമുള്ള യന്ത്രങ്ങളാണെന്നു ധരിച്ചേക്കാം, അതല്ല. ഡോളായന്ത്രം, ധമരുയന്ത്രം, വാലുകയന്ത്രം മുതലായവയാണ്. അവ ഉണ്ടാക്കേണ്ട വിവരങ്ങളും ആയ്യമഷികറം പറഞ്ഞിട്ടുണ്ടു്. അതെല്ലാം ശരിയായി ചെയ്താലെ ഫലം ശരിയായിരിക്കു. മഹാചിന്തകന്മാരായ ഇവർ പുരാതന കാലത്തുതന്നെ മനോവികാരങ്ങറക്കു് രോഗങ്ങളെഉണ്ടാക്കാൻ ശക്തിയുണ്ടെന്നു പറഞ്ഞിരിക്കുന്നു. രാഗാദികറം രോഗങ്ങറം തന്നെയാണെന്നാണ് ആയുൎവ്വേദം പറയുന്നതു്.

Mr. A. N. Visvanatha Pillai : മെമ്പർഒരു വൈദ്യനാണോ?

Mr. Tariatu Kunjitomman : വൈദ്യ സംബന്ധമായും കുറച്ചൊക്കെ പഠിച്ചിട്ടുണ്ടു്.

ഇനിയും അഷ്ടാംഗഹൃദയം ആരംഭിക്കുന്നതു തന്നെ ഇങ്ങനെയാണ്.

"രാഗാദിരോഗാൻ സതതാനുഷക്താൻ-
അശേഷകായ പ്രസൃതാൻ അശേഷാൻ
ഔൽസുക്യമോഹാരതിദാൻ ജഘാന-
യപൂർവവൈദ്യായനമോസ്തുതസ്മൈ"

ഈ ആയുവേദം എത്രയോ പുരാതനമാണ്. ബ്രഹ്മാവു ആയുസ്സിൻെറ വേദത്തെ സ്മരിച്ചുഎന്നാണ് അഷ്ടാംഗഹൃദയം പറയുന്നതു്. ഉണ്ടാക്കിയെന്നല്ലാ വിധിപ്രകാരം ഔഷധനിർമ്മാണം ചെയ്‌വാൻവ്യവസ്ഥ ചെയ്യണം. അതിനു ഒന്നാമതായി ഗവണ്മെൻറിൽ നിന്നും ഔഷധതോട്ടങ്ങറം ഉണ്ടാക്കണം. അതിലേക്കു വിദഗ്ദ്ധന്മാരായ വൈദ്യന്മാരുടെ അഭിപ്രായം അറിഞ്ഞുപററിയ സ്ഥലങ്ങറം നിർണ്ണയിച്ചുവേണം ഈ ഔഷധങ്ങറം നട്ടുണ്ടാക്കിക്കാൻ. പിന്നെ സിന്ദൂരങ്ങറം ഭസ്മങ്ങറം മുതലായവ ഉണ്ടാക്കാൻ മഹർഷിമാർ നിദ്ദേശിച്ചിട്ടുള്ള പ്രകാരം ഉള്ള യന്ത്രങ്ങളും ഉണ്ടാക്കിക്കണം. വിദഗ്ദ്ധന്മാരുടെ അഭിപ്രായം അനുസരിച്ചു ഈ വിധമെല്ലാം ചെയ്തു് ഈ ചികിത്സയെ പുഷ്ടിപ്പെടുത്തിക്കൊണ്ടുപോകണം.

Mr. Komilezhathu Sankaran: സിന്ദൂരം, ഭസ്മം, മുതലായ നീററു മരുന്നുകൾ ആയുർവേദത്തിൽ ഉൾപ്പെട്ടതല്ലെന്നുമെമ്പക്കറിയാമോ?

Mr. Tariatu Kunjitomman: അതുകൾ ചിന്താമണി പ്രകാരം ഉള്ള മരുന്നുകളാണെന്നു സാധാരണപറയാറുണ്ട്. എന്നാൽ അതൊക്കെ ആയുർവേദത്തിൽ പെട്ടവതന്നെയാണ്. അഷ്ടാംഗഹൃദയം മാത്രമല്ല ഭാരതവർഷത്തിൽ ഓരോഭാഗങ്ങളിൽ ആയുർവ്വേദ ഗ്രന്ഥങ്ങളിൽ ചിലതിനു കൂടുതൽ പ്രചാരമുണ്ടായിരിക്കും. അഗസ്ത്യമഹർഷിയുടെ ഗ്രന്ഥങ്ങൾ അനുസരിച്ചുള്ള ഔഷധങ്ങളാണ് ചിന്താമണി മരുന്നുകൾ എന്നുപറയുന്നത്, അതും ആയുർവ്വേദഔഷധങ്ങൾ തന്നെയാണ്. ഓരോസ്ഥലത്തു് ഓരോമഹർഷിമാരുടെ ഗ്രന്ഥങ്ങൾക്കു പ്രചാരമുണ്ടെങ്കിലും അതിന്റെ എല്ലാം മൂലം ബ്രഹ്മാവിനാൽ ഉപദേശിക്കപ്പെട്ട ആയുർവ്വേദമാണെന്നും അഗ്നിവേശാദികളായ മഹർഷിമാർ അതിനെ വെവ്വേറെ ഗ്രന്ഥങ്ങളായി എഴുതിയെന്നും വിസ്താരമേറിയ അവയിൽനിന്ന് നാതിസംക്ഷേപവിസ്താരമായി അഷ്ടാംഗഹൃദയം ഉണ്ടാക്കുന്നെന്നും അഷ്ടാംഗഹൃദയകാരൻ അദ്ദേഹത്തിന്റെ ഗ്രന്ഥത്തിൽ ആദ്യമെ പറയുന്നു. കേരളത്തിൽ പച്ചമരുന്നുകൾ സുലഭമാകയാൽ അദ്ദേഹം സസ്യൗഷധങ്ങളെഅധികം വിവരിച്ചിട്ടേയുള്ളൂ. ഇതെല്ലാംആയുർവേദംതന്നെ.

Mr. Komilezhathu Sankaran: ഈവക കാര്യങ്ങളെല്ലാം ഇവിടെ ഏർപ്പാടുചെയ്താൽ അതിനെ ശരിപ്പെടുത്താനുള്ള ആളുകൾ ഈ ഡിപ്പാർട്ടുമെന്റിൽ ഇപ്പോൾ ഉള്ളതായി മെമ്പക്കറിയാമൊ?

Mr. Tariatu Kunjitomman: വിദഗ്ദ്ധന്മാർ തിരുവിതാംകൂറിൽ ചിലർ ഉണ്ടെന്നറിയാം. ഈ ഡിപ്പാർട്ടുമെന്റിൽ ഇപ്പോൾ ഉണ്ടൊ എന്നു നിശ്ചയമില്ല.

Mr. G. Narayana Aiyar: Sir, this department is not receiving as much encouragement as it deserves. Public have confidence in this system of treatment. This system of treatment is not costly also. Mr. Kunjitomman has mentioned in detail the necessity for further encouragement in this department. Since the public have confidence in this system of treatment it is advisable to have more Ayurveda dispensaries at Government cost in all import-

ant centres. Even in the matter of grants it is regretful to find that the Government are taking much time to allot grants. If you refer to my constituency you will learn that there were repeated prayers for grants to Vaidyasalas from Puthenchira, Ankamali and other pakuthies which have no means of medical assistance. Notwithstanding the repeated prayers we see that the prayers or petitions are still under investigation only. Grants that will be made will be comparatively small amounts. In such cases of medical relief it is absolutely necessary to see that the matter is taken up by Government themselves without any motion from the people of the locality. It should be the look out of Government to see that at least a particular grant-in-aid Vaidyasala is started in each and every pakuthi. This being the case, to say it is under consideration even after repeated complaints is not at all encouraging. I have to bring to the notice of Government that it is high time for them to take action in the matter and see at least each and every pakuthi is given a grant to maintain a Vaidyasala.

Mr. M. N. Narayana Menon : സർ, ആയുർവേദവകുപ്പിനെ വേണ്ടവിധത്തിൽ ഗവർമ്മെൻറു പോഷിപ്പിക്കുന്നില്ലെന്നു പറയാതെ തരം ഇല്ല. ഓരോ വർഷവും ഈ സഭയിലും ഇതരസഭയിലും മററുപല സ്ഥലത്തും ആയുർവേദത്തെ പോഷിപ്പിക്കണമെന്നു മുറവിളികൂട്ടുന്നുണ്ട്. ഗവൺമെൻറു അതിനെ അത്രകാര്യമായി കരുതീട്ടില്ല.

ആകപ്പാടെ ഈ രാജ്യത്തു് ൧൨൨-ആയുർവേദ ഗ്രാൻറുവൈദ്യശാലകളാണുള്ളതു്. ചുരുങ്ങിയതു ഒരു പകുതിയിൽ ഒരു വൈദ്യശാലയെങ്കിലും വേണ്ടതാണ്. പ്രജാസഭയിലോ കൗൺസിലിലോ ഗവൺമെൻറു പറഞ്ഞിട്ടുള്ളതായി ഞാൻ ഓർക്കുന്നു പ്രതിവർഷം ൧൦-വൈദ്യശാലകൾ എങ്കിലും ഉണ്ടാക്കിത്തരുന്നതാണെന്ന്. അതൊക്കെ ഇപ്പോൾ ഗവർമ്മെൻറുമറന്നു പോയിരിക്കുന്നു. ആയുർവേദചികിത്സക്കു കേരളത്തെപോലെ കീർത്തികേട്ട സ്ഥലം ഇന്ത്യയിൽ ഒരിടത്തും ഇല്ല. അതിലും തിരുവിതാംകൂറിനാണ് വളരെ പ്രാധാന്യം. ഒളശമൂസ്സ് വയസ്കരമൂസ്സ് ഇവർ പ്രധാനപ്പെട്ട വൈദ്യന്മാരാണ്. അതു നമുക്കു അഭിമാനകരമായസംഗതിയും ആണ്. ഇങ്ങനെയൊക്കെ ഇരുന്നിട്ടും ഗവൺമെൻറു ഈ ആയുർവേദത്തെ വേണ്ടവിധം പോഷിപ്പിക്കുന്നില്ല. പല വലിയ രോഗങ്ങൾക്കും ഇംഗ്ലീഷു ചികിത്സയെക്കാൾ കൂടുതൽ പ്രയോജനം ആയുർവേദചികിത്സകൊണ്ടു് ഉണ്ടാകുന്നുണ്ട്. ഒരു ഉദാഹരണം പറയാം. വാതരോഗത്തെ സംബന്ധിച്ചിടത്തോളം അനേകം ആളുകളും ഇഷ്ടപ്പെടുന്നതു്

നാട്ടുവൈദ്യത്തെ ആണ്. ആയുർവേദഡിപ്പാർട്ടുമെൻറിൽനിന്നും പ്രസിദ്ധപ്പെടുത്തീട്ടുള്ള റിപ്പോർട്ടിൽ ന്ന൦,൦൦൦-ത്തിൽപരം വിധത്തിൽ വാതരോഗം ബാധിച്ചവരെ ചികിത്സിച്ചിട്ടുള്ളതായി കാണുന്നു ഇങ്ങനെ ഉള്ള വൈദ്യശാലകളെ പ്രോത്സാഹിപ്പിക്കണം. മുൻപ് ഞാൻ ഇവിടെ പ്രസ്താവിച്ചതു് ഗവർമ്മെൻറ് ആശുപത്രികളിൽ ൧൯൦൭-നേക്കാൾ ൧൯൦൮-ൽ കൂടുതൽ മരണങ്ങൾ ഉണ്ടായിട്ടുള്ളതായിട്ടാണ്. അതു് പ്രുതാണ്ട് ന്ന,൧൦൦-ൾ കൂടുതൽ എന്നും പറഞ്ഞു. ആയുർവേദത്തെസംബന്ധിച്ച നോക്കുമ്പോൾ ൧/൧൦൦ പോലും മരിച്ചതായികാണുന്നില്ല. അതു് എങ്ങിനേയും ഇരിക്കട്ടെ. ആയുർവേദചികിത്സിക്ക് ഗവർമ്മെൻറു വേണ്ടതരത്തിൽ പ്രാധാന്യംകൊടുക്കേണ്ടതാകുന്നു. ആണ്ടുതോറും ഇതു വൈദ്യശാലകൾ കൂടുതലായി ഉണ്ടാക്കുന്നതാണെന്ന് ഗവർമ്മെൻറിൽനിന്നും ഒരു നയം സ്വീകരിക്കണം. അതനുസരിച്ചപ്രവർത്തിക്കുകയും വേണം. ഒരു വൈദ്യശാലക്കു കൊടുക്കുന്ന സംഖ്യ പ്രതിമാസം പതിനഞ്ചോ, ഇരുപതോ രൂപാമാത്രമാണ്. വാസ്തവം പറഞ്ഞാൽ ഒരു ആശുപത്രിക്കു ചിലവാകുന്ന തുക ഉണ്ടെങ്കിൽ അനേകം വൈദ്യശാലകൾ നടത്താൻ കഴിയുന്നതാണ്. അങ്ങിനെഉള്ള നാട്ടുവൈദ്യത്തെ ഇവിടെ പ്രോത്സാഹിപ്പിച്ചില്ലെങ്കിൽ പിന്നെഎവിടെ ആണു പ്രോത്സാഹിപ്പിക്കുന്നതു്.

തിരുവനന്തപുരത്തെ ആയുർവേദ ആശുപത്രിയോടു ജനങ്ങൾക്കു വളരെ ബഹുമാനം ഉണ്ട്. പതിനായിരകണക്കിനാണ് ഇവിടെ രോഗികളെ ചികിത്സിക്കുന്നതു്. ഇവിടെ ഒരു ഔഷധത്തോട്ടം എത്രയും ആവശ്യമാണ്. മരുന്നു പാചകംചെയ്യാനുള്ള സൗകര്യവും അത്യാവശ്യമാണ്. വൈദ്യശാലകളുടെ എണ്ണം പ്രതിവർഷം ഗവണ്മെൻറു വർദ്ധിപ്പിക്കണം.

Mr. M. P. Madhavan Pillai : ഓരോ സ്ഥലത്തും ഒരു ആയുർവേദഡിസ്പെൻസറികൂടി വേണമെന്നു അഭിപ്രായം ഇല്ലേ ?

Mr. M. N. Narayana Menon : ഓരോ ആയുർവേദവൈദ്യശാല എങ്കിലും ആദ്യം തരട്ടെ. പിന്നെ മററുകാര്യം നോക്കാം.

Mr. A. Kumara Pillai : Sir, the honourable members on the other side of the House neither criticised the Ayurveda system nor did they stress any important point against the working of the department. The only thing they brought to the notice of the Government is that there is want of sufficient patronage to Vaidyasalas and herbariums for preparation of good medicines. They also stressed the need for the award of more grants to the Vaidyasalas. About this I have to speak a few words. Mr. John Kattakayam

[Mr. A Kumara Pillai]

praises Ayurveda system and supports the demand. He says that in North Travancore there are no Ayurveda Hospitals. Ayurveda Hospitals are not started by Government in any mofussil parts. Ayurveda Hospitals are started by private physicians who apply for grants for their institutions. The Government did not institute hospitals in any place except at Trivandrum. Then another point stressed is about Vaidyasalas for children.

Mr. J. John Kattakayam : തൊടുപുഴ താലൂക്കിൽ ഒരു വൈദ്യശാലയ്ക്കു മാത്രമേ ഗ്രാൻറു കൊടുത്തിട്ടുള്ളു എന്നറിയാമോ ?

Mr. A. Kumara Pillai : അറിയാം.

In Travancore there are three Vydiasalas for treatment of children Mr. Narayana Menon, Mr. Kunjtomman and Mr. Visvanatha Pillai said that Government are not giving sufficient patronage to the Vaidyasalas and that they don't establish a herbarium for planting medicinal herbs. Speaking about patronage I have to say that there are 127 grant-in-aid Vaidyasalas, three grant-in-aid hospitals and 147 recognised Vaidyasalas in the State. Government called for a scheme for allocation of Vaidyasalas from the Inspector of Vaidyasalas and he has submitted a scheme and it is under consideration of Government. When the financial condition of the State improves that scheme may be brought into effect and more grant-in-aid Vaidyasalas opened in the State. About the starting of a herbarium I have to say that that question is also under the consideration of Government and that Government will pass orders very soon on it.

Mr A. N Visvanatha Pillai : ഈ ഡിപ്പാർട്ടുമെൻറിൽ ഒരു ഡയറക്ടർ വേണമെന്നുള്ള സംഗതി ഗവർമ്മെൻറ് ആലോചിക്കുന്നുണ്ടോ ?

Mr. A. Kumara Pillai : ഡിപ്പാർട്ടുമെൻറിൻെറ ഇപ്പോഴത്തെ ഭരണം എങ്ങിനെയിരിക്കുന്നു എന്ന് സൂക്ഷ്മാവലോകനം ചെയ്തതിനു ശേഷം ആ സംഗതിയെപ്പററി ആലോചിക്കുന്നതാണ്.

And for the supply of good medicines Government have started a Sales Depot where good Ayurvedic medicines are sold cheaply. Government hope that it will be a model Ayurveda Sales Depot.

Mr: A. N. Visvanatha Pillai : വൈദ്യന്മാരുടെ ഗ്രാൻറു വർദ്ധിപ്പിക്കണമെന്നു ഗവർമ്മെൻറു വിചാരിക്കുന്നുണ്ടോ ?

Mr. A. Kumara Pillai : അതു് ഗവർമ്മെൻറിൻെറ കോശസ്ഥിതിയെ അനുസരിച്ചിരിക്കും.

Mr. A. N. Visvanatha Pillai : വൈദ്യന്മാർ രോഗികൾക്കു മരുന്നു വെറുതെ കൊടുക്കുകയാണെന്നറിയാമോ ?

Mr. A. Kumara Pillai : വെറുതേയും വിലക്കം കൊട്ടക്കം.

Chairman ; I put Demand XVI—Ayurveda for Rs. 66,054. The grant was made.

DEMAND XVII—PUBLIC HEALTH AND SANITATION.

Mr. A. Kumara Pillai : Sir, I beg to move for a grant of Rs. 2,45,985, under Demand XVII—Public Health and Sanitation.

Mr. J. John Kattakayam: നമ്മുടെ രാജ്യത്തിന്റെ തലസ്ഥാനമായിരിക്കുന്ന ഈ തിരുവനന്തപുരത്തു് ഏതു തരത്തിലാണു് സാനിട്ടേഷൻവർക്ക നടക്കുന്നതു്? ഇവിടത്തെ മെയിൻറോഡു് ഒഴിച്ചു് മററുറോഡുകളിൽക്കൂടി നടന്നിട്ടുള്ളവർക്ക ഇതു നല്ലതുപോലെ അറിയാവുന്നതാണു്. ഈ ജൂബിലിഹാളിന്റെ അടുത്തു് കാളേജ് കെട്ടിടത്തിന്റെ പുറകുവശം നോക്കുക. അവിടെക്കൂടിയുള്ള ഗതാഗതം മൂക്കു പൊത്തിപ്പിടിച്ചുകൊണ്ടല്ലാതെ സാദ്ധ്യമല്ല. മെയിൻറോഡൊഴിച്ചുള്ള പലഭാഗങ്ങളും ഏറെക്കുറെ ഇങ്ങിനെ തന്നെയാണു്.

Mr. R. Nilakanta Pillai: ഇവിടത്തെ റോഡുകളെല്ലാം മുൻസിപ്പാലിററിയുടെ കൈവശത്തിൽപെട്ടതാണെന്നു മെംബറിനറിയാമോ?

Mr. J. John kattakayam: ആരുടെ കൈവശത്തിൽപെട്ടാലും അതു് ഇവിടത്തെ ജനങ്ങളുടെ ആരോഗ്യത്തെ സാരമായി ബാധിക്കുന്ന ഒരു കാര്യമാണു്.

Mr. M. N. Paramesvaran Pillai : റോഡുകളെല്ലാം മുൻസിപ്പാലിററികളുടെ കൈവശത്തിലിരുന്നാലും ഓടകളും അതിനു പുറകുവശത്തുള്ള വഴികളും ഗവമെൻറു് മുൻസിപ്പാലിററിക്ക വിട്ടുകൊടുത്തിട്ടില്ലെന്നു് മെമ്പർക്കറിയാമോ?

Mr. J. John Kattakayam: അങ്ങനെയാണെങ്കിൽ ഞാൻ ജയിച്ചു. സാമ്പത്തികാധഃപതനംകൊണ്ടു് കർഷകന്മാരുടെ കവിളൊട്ടി, കണ്ണുകുഴിഞ്ഞു്, ഇപ്പോഠം തോലുമാത്രമേയുള്ളു. ആ നിലയിൽ ദാരിദ്ര്യം പിടികൂടി ജനങ്ങളുടെ ആരോഗ്യം നശിച്ചുപോകാൻ തുടങ്ങിയിരിക്കുന്നു. റൂചിയിൽ കോക്കാൻ പര്യാപ്തമാകുന്ന ചടച്ച നാല്ക്കാലികഠം പോലെ നടക്കുന്നു. ജീവരക്തം വററിയവരെ പകച്ചവ്യാധികഠക്കു് ഗ്രസിക്കുവാൻ വളരെ സൗകര്യമുണ്ടു്. ചില റോഡുകളുടെ കഥയും ഏററവും ശോചനീയമാണു്. എന്റെ പിറകിൽ ഇരിക്കുന്ന മിസ്റ്റർ.

[Mr. J. John Kattakayam.]

കുഞ്ഞിത്തൊമ്മൻ പറയുംപോലെ ചളപളായമാനമായിട്ടാണു അവിടം മുഴുവൻ കിടക്കുന്നതു്.

Mr. A. N. Visvanatha Pillai: അതുകൊണ്ടല്ലയോ അവിടെ അധികം കൊതുകുണ്ടാകുന്നതു്?

Mr. J. John Kattakayam: അതെ, അവിടെ ധാരാളം വെള്ളം കെട്ടിനിൽക്കുന്നു. ചാലുവെട്ടി വെള്ളമെല്ലാം പുറത്തുകളയണമെന്നാണു് ഞാൻ പറയുന്നതു്.

Mr. Komilezhathu Sankaran: തിരുവനന്തപുരത്തു് ഇപ്പോൾ കൊതുകു വർദ്ധിച്ചിട്ടുണ്ടെന്നറിയാമോ?

Mr. J. John Kattakayam: അതെനിക്കറിഞ്ഞുകൂടാ.

Mr. P. Padmanabhan Tampi: തിരുവനന്തപുരത്തു് കൊതുകിനെ നശിപ്പിക്കുന്നതിനുള്ള ഏർപ്പാടുകളെല്ലാം ചെയ്തുവരുന്നതുകൊണ്ടു് മുമ്പിലത്തെപോലെ കൊതുകിപ്പോൾ ഇല്ലെന്നു മെമ്പർക്കറിയാമോ?

Mr. J. John Kattakayam: അതു കൊണ്ടായിരിക്കാം ഇപ്പോൾ കൊതുകു് അധികമായി എന്നെ കടിക്കാതിരിക്കുന്നതു്.

Mr. Komilezhathu Sankaran: മെമ്പർ തിരുവനന്തപുരത്തെവിടെയാണു് താമസം?

Mr. J. John Kattakayam: അതു പറയാതിരിക്കുകയാണു് ഭേദം. നിങ്ങൾ ഭയപ്പെടുകയില്ലെങ്കിൽ പറഞ്ഞേക്കാം പേടിപ്പെട്ടിക്കുന്നില്ല?

ഇവിടെയുള്ള റോഡുകളിൽ ഏതവസരത്തിലും മലമൂത്രങ്ങൾ കിടക്കുന്നതായികാണാം. രാജധാനിയിലെ രാജവീഥിയിൽ ഇങ്ങനെ മലമൂത്രവിസർജ്ജനം ചെയ്യുന്നു എങ്കിൽ മററു സ്ഥലങ്ങളിലെ സ്ഥിതി ഏതുതരത്തിലിരിക്കുമെന്നു ഞാൻ പറയാതെതന്നെ അറിയാമല്ലൊ? അമേരിക്കക്കാരനായ മി. ജഡ്സൺ്റ്റൂം ഇവിടെ ഒരു പബ്ലിക്ഹെൽത്ത്ഡിപ്പാർട്ടുമെൻറു് ഏർപ്പെടുത്തി. അതോടുകൂടി ഹെൽത്ത്ഡിപ്പാർട്ടുമെൻറും സാനിട്ടറിയും ഒന്നായിത്തീർന്നു.

മസൂരിയെ കുത്തിവയപ്പുകൊണ്ടു തടുക്കാം. അതുപോലെ പകരുന്നതും എന്നാൽ കുത്തിവയ്പുകൊണ്ടു തടുക്കാതിരിക്കുന്നതുമായ മററു പല ദീനങ്ങളും ഇവിടെയുണ്ടു്. സന്നിപാതജ്വരം, മലമ്പനി, വിഷൂചിക, മുതലായവ അവയിൽ ഉൾപ്പെടുന്നതാണു്. ഇതുകൾക്കും കുത്തിവയ്ക്കുന്നുണ്ടു്. പക്ഷെ, മസൂരിക്കുള്ള കുത്തിവയ്പുപോലെ അതു ഫലിക്കുന്നില്ലന്നേയുള്ളു. അമേരിക്ക, ഫ്റാൻസ്, ഇംഗ്ലണ്ടു മുതലായ രാജ്യങ്ങളിൽ ഹെൽത്ത്യൂണിററുകൾ സ്ഥാപിക്കുന്നതിനു് അവിടത്തെ

Mr. K. Madhavan Pillai : ഹെൽത്തുയൂണിററിനകത്താണോ ഈ അവസ്ഥ?

Mr. J. John Kattakayam : അന്ന് ഞാൻ പറഞ്ഞിട്ടില്ല.

Mr. K. Madhavan Pillai : മെമ്പർ നെയ്യാററിൻകരയിൽ പോയിട്ടുണ്ടോ?

Mr. J. John Kattakayam : നെയ്യാററിൻകര അനേകം പ്രാവശ്യം പോയിട്ടുണ്ട്.

Mr. A. N. Visvanatha Pillai : നെയ്യാററിൻകരയിൽ ഒരു ഹെൽത്തുയൂണിററ് ഉണ്ടെന്നു മെമ്പർക്കറിയാമോ?

Mr. J. John Kattakayam : അവിടെ അതിൻെറ പ്രവൎത്തനം നടക്കുന്നുണ്ട്.

ഉത്തരതിരുവിതാംകൂറിൽ ഒരു ഹെൽത്ത് യൂണിററ് സ്ഥാപിക്കാമെന്ന് കഴിഞ്ഞ പ്രാവശ്യത്തെ ബഡ്ജററുപ്രസംഗത്തിൽ പറഞ്ഞിട്ടുണ്ടായിരുന്നു. എന്നാൽ ഞാൻ മുൻപൊരിക്കൽ പറഞ്ഞതുപോലെ ജിറാഫിനെവാങ്ങിക്കാനുംമററും ഗവണ്മെൻറ് കണക്കില്ലാതെ പണം ചില വാക്കുന്നതല്ലാതെ ഇതിനൊന്നിനും പണമില്ല. എതാദൃശകാൎയ്യങ്ങളിൽ കൂടി ഗവണ്മെൻറിൻെറ ശ്രദ്ധ അടിയന്തിരമായി പതിയണമെന്നുള്ള അപേക്ഷയോടുകൂടി ഞാൻ ഈ ഡിമാൻറിനെ അനുകൂലിക്കുന്നു.

Mr. C. M. Joseph (*Changanachery cum Peermade*) : പബ്ളിക്ഹെൽത്തും സാനിട്ടറിഡിപ്പാർട്ടുമെൻറും ഈ സംസ്ഥാനത്ത് നടപ്പിലാക്കിട്ടു കുറച്ചുകാലമായി. എന്നാൽ അടുത്തകാലങ്ങളിലായി അനേകം ആളുകളെ ബാധപ്പെടുത്തുകയും വളരെ അധികം ആളുകളെ യമപുരിയാത്രയാക്കുകയും ചെയ്തിട്ടുള്ള മസൂരി, വിഷൂചിക, ഇവയുടെ പരിഹാരത്തിനായി ഈ കൊല്ലം പബ്ളിക്ഹെൽത്ത്ഡിപ്പാർട്ടുമെൻറ് വളരെ ഊർജ്ജിതമായ പ്രവൎത്തനങ്ങൾ നടത്തിക്കൊണ്ടാണിരിക്കുന്നത്. ഇക്കൊല്ലത്തെ വേനൽക്കാലത്തേക്കുവണ്ണം ഇവിടെ മസൂരി ബാധിക്കാതിരുന്നതു ഈ ഡിപ്പാർട്ടുമെൻറുകാരുടെ പ്രത്യേകശ്രദ്ധകൊണ്ടാണെന്നുള്ളതിൽ സംശയമില്ല. അതുകൊണ്ട് ഇങ്ങനെ ഒരു ഡിപ്പാർട്ടുമെൻറുണ്ടാക്കിയതും അതു് അഭിവൃദ്ധിപ്പെടുത്തിവരുന്നതും നമ്മുടെരാജ്യത്തിനു വളരെ നല്ലതാണെന്നുള്ളതിനു സംശയമില്ല.

[Mr. C. M. Joseph.]

മസൂരിയേയോ, വിഷൂചികയേയോ തടുത്തുകൊണ്ടുമാത്രം പബ്ലിക് ഹെൽത്ത് ഡിപ്പാർട്ടുമെന്റിന്റെ ചുമതല തീരും എന്നു വിചാരിക്കരുതു്. എന്റെ സ്നേഹിതൻ പറഞ്ഞതുപോലെ ഇൻഡ്യാക്കാർക്കു ദീർഘായുസ്സില്ലെന്നും ഇവിടെ മരണങ്ങൾ വളരെ വർദ്ധിച്ചുവരുന്നുവെന്നും ഉള്ളതു സമ്മതിക്കേണ്ട ഒരു പരമാർത്ഥമാണ്. പഴയകാലത്തു ഇൻഡ്യാക്കാർ മററു രാജ്യക്കാരെക്കാൾ ആയുസ്സ് കുറഞ്ഞവരായിരുന്നില്ല. ഇൻഡ്യാക്കാർ ദീർഘായുസ്സില്ലാതെയായതു എപ്പോൾമുതൽക്കാണെന്നും അതിനുള്ള കാരണമെന്താണെന്നും ഈ പബ്ലിക്ഹെൽത്തുഡിപ്പാർട്ടുമെന്റ് അന്വേഷിക്കേണ്ടാവശ്യമുണ്ട്. മസൂരി, വിഷൂചിക, മുതലായവയെല്ലാം ശീതോഷ്ണസ്ഥിതികളെ ആശ്രയിച്ചു വർദ്ധിച്ചുവരുന്നവയാണ്. കുത്തിവെപ്പും മററും കൊണ്ടു ഇവ കാലക്രമേണ നിയന്ത്രിക്കപ്പെടാവുന്നതുമാണ്. എന്നാൽ ഇതൊന്നും ബാധിക്കാത്ത ആളുകളുടേയും ആയുസ്സു ദീർഘിച്ചുകാണുന്നില്ല; അതിനുള്ള കാരണമാണ് പബ്ലിക്ഹെൽത്തു ഡിപ്പാർട്ടുമെന്റു അന്വേഷിക്കേണ്ടതു്. ഇതിന് പല കാരണങ്ങളുണ്ടായിരിക്കാം. ഒന്നാമത്തു് ഞാൻ മുമ്പൊരിക്കൽ പറഞ്ഞതുപോലെ നമ്മുടെ വിദ്യാഭ്യാസത്തിന്റെ ന്യൂനതയാണ്. ഇപ്പോഴത്തെ വിദ്യാഭ്യാസരീതി മാത്രമാണ് നമ്മുടെ ജനങ്ങളെ മുഴുവൻ ദുർബ്ബലരാക്കിത്തീർക്കുന്നതും ഇത്ര ആയുസ്സില്ലാതാക്കുന്നതും. ഇപ്പോഴത്തെ കുട്ടികൾ കുറഞ്ഞപക്ഷം ൫ വയസ്സുമുതൽ പാഠശാലകളിൽ പോകുന്നുണ്ട്. അങ്ങിനെ അയച്ചില്ലെങ്കിൽ വിദ്യാഭ്യാസം പൂർത്തിയാക്കി ൨൫ വയസ്സുതികയുന്നതിനുമുമ്പു ഏജ്ജുബാർ തീരുവാൻ സാദ്ധ്യമാകാതെവരും.

പഴയകാലത്താണെങ്കിൽ എട്ടോ പത്തോ വയസ്സാകുമ്പോഴാണ് കുട്ടികൾ ശിഷ്യപ്പെട്ടുതുടങ്ങുന്നതു്. അങ്ങനെയായാൽ കൂടുതൽ മനഃക്ലേശംകൂടാതെ അവർക്കു വിദ്യ അഭ്യസിക്കാൻകഴിയും. ഇന്നു് ഒരു കുഞ്ഞിനു ചുമക്കാൻ പാടില്ലാത്ത നോട്ടുബുക്കുകളും ചുമന്നു് ഉച്ചപ്പട്ടിണിയുംകിടന്നു് പഠിത്തം തുടങ്ങുന്നു. അങ്ങിനെ പത്തോ പതിനെട്ടോ ഇരുപതോ വയസ്സാകുന്നതുവരെ തുടർന്നുകൊണ്ടുപോകുന്നതു് നിശ്ചയമായും ആരോഗ്യത്തിനു ഹാനികരമാണ്. ഇപ്രകാരമുള്ള പഠിത്തമില്ലാതിരുന്ന ഒരു കാലത്താണ് നമുക്കു ദീർഘായുസ്സു കിട്ടിക്കൊണ്ടിരുന്നതു്. വലിയ വിദ്യാഭ്യാസമൊന്നും ഇല്ലാതിരുന്നിട്ടായിരിക്കാം എനിക്കു ഇതുവരെയും ഒരു ഡാക്ടരുടെ സഹായം അപേക്ഷിക്കേണ്ടതായി വന്നുചേരാത്തതു്.

Mr. Komilezhathu Sankaran : മെമ്പർക്കു എത്രവയസ്സായി?

Mr. C. M. Joseph: അറുപത്തിഒന്നുവയസ്സായി.

Mr. J. John Kattakayam: അറുപതുവയസ്സുകഴിഞ്ഞാൽ ഓർമ്മ ശരിയായി നിൽക്കുകയില്ലെന്നു പറയുന്നതു മെമ്പറെ സംബന്ധിച്ചിടത്തോളം വാസ്തവമാണോ?

Mr. C. M. Joseph: അല്ല; ഓർമ്മ നന്നായിട്ടുണ്ട്. ഇവിടെ യൂറോപ്യന്മാർവന്നു് നമ്മുടെ വിദ്യാഭ്യാസത്തിന്റെ മേധാവിത്വം കയ്യേററതോടുകൂടി നമ്മുടെ പഴയരീതിയിലുള്ള വ്യായാമമെല്ലാം പോയിക്കഴിഞ്ഞു. പുതിയതരത്തിലുള്ള വ്യായാമങ്ങളും കുട്ടികൾക്കുകൊടുത്തു. അതുകൊണ്ടു് കുട്ടികളുടെ കാലിനും മുട്ടിനും നെഞ്ചിനുമൊക്കെ കേടുവന്നുതുടങ്ങി. വിദേശസാമാനങ്ങളുംമറ്റൊക്കെ വിലകൊടുത്തു ഇപ്രകാരം ഉള്ള വ്യായാമമൊക്കെ ചെയ്യുന്നതെന്തിന്?

ഈ കുട്ടികളുടെആയുസ്സു കുറഞ്ഞുപോകുന്നതിനുള്ള മറെറാരുകാരണം അവരുടെ ബീഡിവലിയും പുകവലിയുമാണു്.

Mr. M. N. Paramesvaran Pillai: കുടിയും അവരുടെ ആരോഗ്യത്തെ ബാധിക്കുന്ന ഒരു സംഗതിയല്ലയോ?

Mr. C. M. Joseph: അതിലേക്കു ഞാൻ വരുന്നു. ബീഡിയും പുകയിലയും മാത്രമല്ല, എക്സൈസ്ഡിപ്പാർട്ടുമെന്റിൽപെട്ട സകല സാധനങ്ങളും ഉപയോഗിക്കുന്നതിൽനിന്നുവിദ്യാർത്ഥികളെതടയേണ്ടതാണു്.

Mr. Komilezhathu Sankaran: കുടിക്കുന്നതുകൊണ്ടു ശരീരത്തിന്റെ ആരോഗ്യം വർദ്ധിക്കുകയല്ലാതെ ക്ഷയിക്കുമോ?

Mr. C. M. Joseph: കുടി ആരോഗ്യത്തെ വർദ്ധിപ്പിക്കുമെങ്കിൽ എനിക്കു വിരോധമില്ല. ഏതായാലും കുടിയ്ക്കുന്ന സാധനങ്ങളുടെ യോഗ്യതകൂടി പബ്ളിക്ഹെൽത്തു ഡിപ്പാർട്ടുമെൻറുകാർ ഒന്നു പരിശോധിച്ചുനോക്കിയാൽകൊള്ളാം.

Mr. Komilezhathu Sankaran: ഏതെല്ലാം സാധനങ്ങളാണു് പരിശോധിക്കേണ്ടതു്?

Mr. C. M. Joseph: ഏതു സാധനമായാലും തരക്കേടില്ല. അവ ആരോഗ്യത്തിനു ദോഷകരമാണെന്നു് കാണുന്നെങ്കിൽ ഉടനെ അവയുടെ ഉപയോഗത്തെ തടയുന്നതിന്് ഈ ഡിപ്പാർട്ടുമെൻറു ശ്രദ്ധിക്കേണ്ടതാണു്.

പഴയകാലത്തു് വെണ്ണയും പാലും നെയ്യും ധാരാളം ഭക്ഷിച്ചും ഉപയോഗിച്ചുമിരുന്നു. ഇന്നു് നമ്മുടെ കൃഷിഡിപ്പാർട്ടുമെൻറും മററും ആ വിഷയത്തിൽ കൂടുതൽ ശ്രദ്ധ പതിപ്പിക്കുന്നുണ്ടെങ്കിലും വളരെ ദുഷിച്ച രീതിയിലുള്ള നെയ്യും പാലുമേ കിട്ടുന്നുള്ളു; അതും വളരെ ദുർഭിക്ഷമായി

[Mr. C. M. Joseph.]

ട്ടമാത്രം. ഈവകകാര്യങ്ങളിലെല്ലാം ദൃഷ്ടിവച്ചാൽ നമ്മുടെ നഷ്ടപ്പെട്ടുപോയ ആയുസ്സ് നമുക്കു വീണ്ടെടുക്കാൻ കഴിയും.

ചായക്കടി എന്നൊരേർപ്പാടുകൊണ്ടും നമ്മുടെ ആരോഗ്യം വളരെ ദുഷിച്ചുപോയിട്ടുണ്ട്. അനവധി ചായക്കടകൾ നമ്മുടെരാജ്യത്തുണ്ട്. പലമാതിരി ദുഷിച്ചതരത്തിലുള്ള ചായകളാണ് അവിടെ ഉപയോഗിക്കുന്നത്. യാതൊരു ശുചിത്വവും ഈ കടകളിലെങ്ങും കാണുന്നില്ല. ഇതും സാനിട്ടറി ഡിപ്പാർട്ടുമെൻറിന്റെയും പബ്ളിക്ഹെൽത്തുഡിപ്പാർട്ടുമെൻറിന്റെയും ശ്രദ്ധയിൽപെടേണ്ട ഒരു സംഗതിയാണ്.

അതുകൊണ്ട് ഈ ആവശ്യത്തെ തുകയിൽനിന്നും വളരെ വർദ്ധിക്കാത്ത ഒരു തുക ആണ്ടുതോറും ഈ വകുപ്പിലേക്കു നീക്കിവയ്ക്കുകയും മററു വൈദ്യസഹായങ്ങൾക്കുള്ള തുക കാലക്രമത്തിൽ കുറയത്തക്കവണ്ണം വേണ്ടതു ചെയ്തു നമ്മുടെ ആരോഗ്യത്തെ വേണ്ടവിധം സംരക്ഷിക്കുന്നതിന് ഈ ഡിപ്പാർട്ടുമെൻറും ഗവൺമെൻറും വേണ്ടിടത്തോളം ശ്രദ്ധ പതിപ്പിക്കുകയും ചെയ്യണമെന്നുള്ള അപേക്ഷയോടുകൂടി ഞാൻ ഈ ഡിമാൻറിനെ അനുകൂലിച്ചുകൊള്ളുന്നു.

Mr. G. Narayana Aiyar : Sir, this department is not paying the necessary attention to the sanitation and public health in the rural areas. Its activities are mostly confined to important towns in the State. I cannot understand why the department should make a distinction between towns and rural areas in this matter. Rural areas deserve as much careful treatment as towns with regard to sanitation and public health. If it has been found impossible for the department to inspect and take up these rural areas for this purpose, I should like to bring to the notice of Government that Village Panchayats must be constituted under the Regulation of 1100. We see in British India that generally public health and sanitation are entrusted to the Village Panchayats. There is sufficient scope in our Regulation also for that. In the Cochin State and in British India these two important items of work are being looked after by Village Panchayats. They are entitled to collect funds from the locality and with the aid of the grant they get from Government, they are able to look after sanitation and public health in those areas. Thus the benefits of this department would reach even small out of the way places of the State. As such I have to bring to the notice of Government, Sir, that in case the Government find it impossible to bring these rural areas under the scheme of thisdepartment, at least Village Panchayats should be opened at an early date so that these functions, *i. e.*, sanitation and public health, may be entrusted to them.

Mr. M. N. Paramesvaran Pillai : In this connection, as the representative of the Municipal Councils in the State, I wish to say a few words on their behalf. The municipalities attend to the sanitary work in most of the towns in the State. As one who has some experience of municipal administration, as a member of the premier Municipal Council for the last 9 years, I know what strugle they have to make merely to keep things going. Most of these municipalities are extremely poor and consequently unable to discharge even their most elementary functions. In view of this and in view of the fact that Government do not wish to be taxed by local bodies like Municipal Councils, they have recognised the obligation to make substantial grants to these bodies for works of permanent improvements The needs of the public require such assistance from Government. But in recent years we notice a change in the attitude taken by Government towards these institutions. Some of the municipalities do not get any grant at all while in the case of others their grants have been unjustifiably reduced although their receipts have not perceptibly increased. I am ashamed to inform you that some of our municipalities get only a small pittance, *viz.* Rs. 48; 92; 150 and so on by way of grants.

Mr. C. M. Joseph : ഇപ്പോഴും ഗ്രാൻറു കിട്ടാത്തതായ മുനിസിപ്പാലിററികളുമുണ്ടെന്നറിയാമല്ലോ.

Mr. M. N. Paramesvaran Pillai : അറിയാം. അതിനെപ്പററി ഞാൻ പറഞ്ഞുകഴിഞ്ഞതല്ലോ.

Then, Sir, the death rates in our towns are increasing and hence Government must in future years show a greater recognition of the claims of sanitation on the resources of the State than it has done in the past. Travancore being chiefly an agricultural country there is very little scope for these municipalities to increase their local revenues to meet local needs. Time has arrived, as I said last year, for Government to consider whether it will not be desirable to transfer the land revenue within municipal limits to the various Municipal Councils. So long as that is not done, these so called self-governing bodies have naturally to depend upon Government for protection and help.

Lastly I have to state that the municipalities in the State do not receive from Government that amount of consideration and support which they deserve. Some municipalities, like that of Trivandrum, have even complaints that instead of helping them liberally with funds the Government are indirectly and in some cases illegally taking away from them large sums of money.

Chairman : May I remind the member that we are now at the Demand for Public Health ?

Mr. M. N. Paramesvaran Pillai: But, Sir, grants to municipalities are put under this Demand. If we look into the accounts of the last 15 years relating to pension contributions made by the Trivandrum Municipal Council towards the pension of its officers and employees, we will find that there remains with Government a surplus, (including principal and interest), of not less than a lakh of rupees after the actual payment of the pension liabilities. Neither will the Government surrender this amount to the Council nor will they allow it to make provision for the disbursement of pension directly, just as it is giving the salaries of its officers and employees.

Mr. C. M. Joseph: മ്യൂനിസിപ്പാലിററികൾക്ക് സപ്ലൈ ചെയ്യുന്നവാക്സിനിന് വിലകൊടുക്കണമെന്നറിയാമൊ?

Mr. M. N. Paramesvaran Pillai: അറിയാം.

Mr. A. Kumara Pillai: Does the member know that Government sanctioned half the cost for vaccination work?

Mr. M. N. Paramesvaran Pillai: Sir, I do not know that. If there is any such order it is well and good. But formerly municipalities used to pay from their funds the price of the vaccine purchased by them.

Similarly, the Government have been taking away from the municipal funds pension contribution towards the pension of its official President. Under Section 36 of the Municipal Regulation, V of 1095, the Council will be bound to pay pension contributions only in the case of Government Officers whose services have been lent to the Council at its request and not otherwise. And no President is sent to the Council at its request and in very many cases the Presidents have been sent there even against the Council's wishes. How are the Government then legally entitled to this contribution? If onl the Government gracefully return these amounts, the Municipal Council, Trivandrum, can easily possess a suitable building to house its office—a building which will be quite in proportion to the growing needs of the premier municipality in the State. In this connection, permit me, Sir, to say that orders some times issued by the Dewans are not obeyed by the departmental heads. I shall only point out one instance. The Government have decided long ago to hand over the site where the P. W. D. Telephone and Exchange Office at Tuckalai is held at present to the Padmanabhapuram Municipality to construct an office building o its own and the Chief Engineer was instructed to include in his departmental budget for 1109 funds for the construction of a new Telephone and Exchange office at the site selected in the Jail compound. This order still remains a dead letter and we have yet to see what our new Chief Engineer is going to do in the matter.

Chairman : How does it arise in this Demand ?

Mr. M. N. Paramesvaran Pillai: I do not propose to develop that point further. Now there is a talk, Sir, that Government are contemplating to import one from outside as the Director of Public Health. If it is so, we strongly deprecate and condemn this move on the part of Government. When we have got in our State several highly qualified men like Dr. Gopala Pillai, Dr. Krishnan Tampi, Dr. Kumaran Nayar, Dr. Karunakaran and others, one fails to see why our Government should go out of their way to import outsiders.

Mr. Tariatu Kunjitomman : ഹെൽത്തു സാനിട്ടറിയും ഡിപ്പാർട്ടുമെൻറുകാർ ജനങ്ങളുടെ ആരോഗ്യ സംരക്ഷണത്തിനും രോഗംപിടിപെടാതെ കാക്കുന്നതിനും ചുമതലപ്പെട്ടവരാണല്ലോ. എന്നാൽ ഇവർ നാട്ടുംപുറങ്ങളിൽവന്ന് ഉപദേശം നൽകുന്നുണ്ട്. ഇവരുടെ ഛായാദിപ്രദർശനങ്ങളും പ്രസംഗങ്ങളും മററും കൊണ്ട് ചിലരെല്ലാം അണുക്രിമികളെപ്പററിയും അവകൊണ്ടുണ്ടാകുന്ന രോഗങ്ങളെ പററിയും നിവാരണമാർഗ്ഗങ്ങളെപ്പററിയും മനസ്സിലാക്കുന്നു. എന്നാൽ സാനിട്ടറിവകുപ്പുകാർ പ്രത്യേകിച്ചും ഈ കാര്യത്തിൽ നാട്ടുംപുറത്തുകാരുടെ ഉപദേശകന്മാർ മാത്രമായെ കാണുന്നുള്ളു. അവർ പ്രവർത്തകന്മാരും കൂടിയായിരിക്കുവാൻ ചുമതലപ്പെട്ടവരാണ്. ഇവരുടെ നിർദ്ദേശങ്ങളെല്ലാം വേണ്ടവിധം ഇവർതന്നെ പ്രവർത്തിച്ചു കാണിക്കാത്തതുകൊണ്ട് നാട്ടിൻപുറത്തുകാർക്ക് വിശ്വാസം കുറഞ്ഞുപോകുന്നു. ഈ ഉദ്യോഗസ്ഥന്മാരുടെ ആവാസസ്ഥാനങ്ങളും പട്ടണങ്ങളാണല്ലോ. അവർ നാട്ടിൻപുറങ്ങളിൽ വരുമ്പോൾ മലംകുഴിച്ചു മൂടണമെന്നും, അല്ലെങ്കിൽ Hookworm പിടിപെടുമെന്നും ടൈഫോയിഡ്, ഡിസൻട്രി, കാളറ, മുതലായവ മലത്തിൽക്കൂടി പകരുമെന്നും പ്രത്യേകതരം കക്കൂസുകൾ ഉണ്ടാക്കണമെന്നും മനുഷ്യർ നടക്കുന്നിടത്തു മലമൂത്രവിസർജ്ജനം ചെയ്യരുതെന്നും പ്രസംഗിക്കും. ഈ ഏർപ്പാടുകളൊന്നും അവർ താമസിക്കുന്ന പട്ടണങ്ങളിൽ നടപ്പാക്കുന്നില്ല. നാട്ടുംപുറങ്ങളിൽ കാടുകൾ കാണുന്നതുകൊണ്ട് മലവും മററും കുഴിച്ചുമൂടുകപതിവില്ല. പട്ടണങ്ങളിൽ വരുന്ന നാട്ടുംപുറത്തുകാരൻ നോക്കുമ്പോൾ പട്ടണത്തിലെ എല്ലാറോഡുകളിലും ഓടകളിലും മലമൂത്രവിസർജ്ജനം സാധാരണയായിചെയ്യാറുണ്ടെന്നു കാണുന്നു. അതിനാൽ ഇവരുടെ ഉപദേശങ്ങളെ സാരമാക്കേണ്ടെന്നുള്ള ഒരു ഉദാസീനബുദ്ധി ഉണ്ടാകുന്നു. ഏതു പട്ടണത്തിലുള്ള റോഡുകളിലും രാവിലെ സഞ്ചരിക്കുന്നവക്കു മലവും മൂത്രവും അവിടവിടെ കാണാം. കുറെ

[Mr. Tariatu Kunjitomman.]

കഴിയുമ്പോൾ അവയെ മാററുന്നുണ്ടായിരിക്കും. പക്ഷെ മാററുന്നതിനു മുമ്പുതന്നെ വിസർജ്ജനം ചെയ്ത സ്ഥലത്തുനിന്നും അവ മഴപെയ്തൊലിച്ചും മററും സർവത്രവ്യാപിച്ചുകഴിയും. ഹുക്ക്‌വോം പകരാൻ ഈ വിധം സാനിട്ടറിക്കാരുടെ വാസസ്ഥാനമായ പട്ടണങ്ങളിലാണു അധിക ഭയ കഷ്ടമുള്ളതു്. ഇവർ നാട്ടുംപുറങ്ങളിൽ ഉപദേശിക്കുന്നമാതിരി ചില ആഴമേറിയ കക്കൂസുകളും മററും പട്ടണങ്ങളിൽ മാതൃകയായി ഉണ്ടാക്കിക്കരുതോ? അതൊന്നും ചെയ്യാതെ ഉപദേശിച്ചാൽ എന്തുഫലം? ഈ തലസ്ഥാനനഗരത്തിൽപോലും പുറമേ നിന്നുവരുന്നവർക്കു മലവിസർജ്ജനത്തിനു സാധാരണമായി രാത്രിയിൽ റോഡുതന്നെ ഉപയോഗിക്കേണ്ടിവരുന്നെങ്കിൽ മററു പട്ടണങ്ങളിലെ കഥപറയേണ്ടല്ലോ.

Mr. K. Madhavan Pillai : മുനിസിപ്പാലിററികളല്ലേ ഇതെല്ലാം ശ്രദ്ധിക്കേണ്ടതു്?

Mr. Tariatu Kunjitomman : മുനിസിപ്പാലിററികൾക്കും ഗവർമ്മെൻറിനും വിദഗ്ദ്ധോപദേശം നല്കി ചെയ്യിക്കേണ്ടതു പൊതുജനാരോഗ്യവും സാനിട്ടറിയും വകുപ്പുകാരാണ് അധിക ജനവാസവും, പുറത്തുനിന്നു ധാരാളം ആളുകൾ വരാൻ ഇടയുള്ളതിനാൽ പുറത്തുരോഗം വ്യാപിപ്പിക്കുവാൻ സൌകര്യവുമുള്ള പട്ടണങ്ങളെയാണ് ആദ്യം ശരിപ്പെടുത്തേണ്ടതു്.

ഇവിടെ ഏററവുംവലിയ പട്ടണത്തിൽ ചെന്നാലും സാമാന്യജനങ്ങൾ രാത്രികാലമാകുന്നതുവരെ മലവിസർജ്ജനത്തിനായി കാത്തിരിക്കയും രാത്രി റോഡിൽ മലവിസർജ്ജനം നടത്തുകയും ചെയ്യുന്നതായിതോന്നുന്നു

Mr. P. Padmanabhan Tampi : ചന്തസ്ഥലങ്ങളിൽ ഈ വിഷമം ഇല്ലേ ?

Mr. Tariatu Kunjitomman : ചന്തസ്ഥലങ്ങൾകൂടി ഉൾപ്പെടുത്തിയാണു സാധാരണ പട്ടണങ്ങൾ എന്നു പറയുന്നതു്. സാധാരണ ചന്തകളിരിക്കുന്ന സ്ഥലങ്ങൾ ചെറിയ പട്ടണങ്ങളായിരിക്കും. അതിനാൽ മലമൂത്രവിസർജ്ജനത്തിനുള്ള സൌകര്യങ്ങൾ എല്ലാപട്ടണങ്ങളിലും വരുത്തേണ്ടതു് അത്യാവശ്യമാണ്. ഇപ്പോൾ റോഡുകളിൽ മലമൂത്രവിസർജ്ജനം ചെയ്യുന്നവർ ശിക്ഷയ്ക്കു വിധേയരാണു. രോഗങ്ങളെ തടുക്കരുതെന്നാണു വൈദ്യശാസ്ത്രം വിധിച്ചിരിക്കുന്നതു്. മലമൂത്രവിസർജ്ജനത്തിനായി എല്ലാ പട്ടണങ്ങളിലും ആവശ്യമുള്ളിടത്തോളം കക്കൂ

സുകം സാനിട്ടറിക്കാരുടേയും ഹെൽത്തുകാരുടേയും ഉപദേശം അനുസരിച്ചു ശരിയായവിധത്തിൽ ഉണ്ടാക്കേണ്ടതാണു്. ഈ വലിയപട്ടണത്തിൽ വേണ്ടസ്ഥാനങ്ങളിലായി ഇരുപതു് കക്കൂസുകാം എങ്കിലും ഉടനെ ഉണ്ടാക്കണം. നാട്ടിൻപുറത്തെക്കാരം എത്രയോ കഷ്ടതരമാണു് ഈ തലസ്ഥാനത്തെ സ്ഥിതി.

Mr. N. K. Padmanabha Pillai: ഹെൽത്തു ഡിപ്പാർട്ടുമെൻറിലെ മേധാവിയുടെ ശുപാർശ അനുസരിച്ചു് ശരിയായ വിധം ഗവമ്മെൻറിൽനിന്നും ധനസഹായം ചെയ്യാത്ത ഒന്നു കാരണം കൊണ്ടാണു് തിരുവിതാംകൂറിൽ അത്രവളരെ പ്രയോജനം ഈ ഡിപ്പാർട്ടുമെൻറുകൊണ്ടുണ്ടാകാത്തതു്? കഴിഞ്ഞ ആണ്ടത്തെ ബഡ്ജററു പ്രസംഗത്തിൽ നെയ്യാററിൻകരയിൽ ഒരു ഹെൽത്തുയൂണിററു സ്ഥാപിച്ചിരിക്കുന്നതുപോലെ വേറൊരു ഹെൽത്തുയൂണിററു വടക്കൻ തിരുവിതാംകൂറിൽ എവിടെയെങ്കിലും സ്ഥാപിക്കുന്നതാണെന്നു് പറഞ്ഞിരുന്നു. എന്നാൽ ഈ ആണ്ടത്തെ ബഡ്ജററിൽ അതിനു് ഒരു കാശുപോലും അനുവദിച്ചുകാണുന്നില്ല. ഉത്തരതിരുവിതാംകൂറിൽ എവിടെയെങ്കിലും ഒരു ഹെൽത്തുയൂണിററു സ്ഥാപിക്കണമെന്നുള്ള ഉദ്ദേശത്തിൽ നെയ്യാററിൻകര ഹെൽത്തുയൂണിററു ഡാക്ടരെ ഉത്തരതിരുവിതാംകൂറിൽ അയച്ചു് വേണ്ട അന്വേഷണങ്ങളൊക്കെ നടത്തി അതിലേക്കായി കുറെ പണവും ചെലവാക്കി.

Mr. K. Madhavan Pillai: അതിലേക്കായി കുറെ ആളുകളെ ട്രെയിൻചെയ്തു വരുത്തിയില്ലയോ?

Mr. N. K. Padmanabha Pillai: കുറെ ആളുകളെ ട്രെയിൻചെയ്തു വരുത്തിയിട്ടുണ്ടു്. എത്രതാനും പേരെ കൽക്കട്ടയിൽ അയിച്ചിരിക്കുന്നു. ഇതു കൂടാതെ അനേക നഴ്സുകളെ നെയ്യാററിൻകര ഹെൽത്തു യൂണിററിൽ ട്രെയിൻചെയ്യിച്ചുവരുന്നു. ഹെൽത്തുയൂണിററുകാം പല സ്ഥലത്തും സ്ഥാപിച്ചു് അതിൻെറ പ്രയോജനം ജനങ്ങളെ ബോദ്ധ്യപ്പെടുത്തിയില്ലെങ്കിൽ ഹെൽത്തു് ഡിപ്പാർട്ടുമെൻറുകൊണ്ടുള്ള ഗുണങ്ങാം യാതൊന്നും ജനങ്ങാംക്കു സിദ്ധിക്കുന്നതല്ല. നെയ്യാററിൻകരയിൽ ഹെൽത്തുയൂണിററു സ്ഥാപിച്ചിട്ടു് രണ്ടു കൊല്ലമായി. എൻെറ സ്നേഹിതൻ മി. ജോസഫ് പറഞ്ഞതുപോലെ ഈ യൂണിററ് ഏരിയയ്ക്കകത്തു ഇക്കൊല്ലം ഒരൊററ മസൂരിപോലും ബാധിച്ചിട്ടില്ല. ഇതുപോലെ മററുസ്ഥലങ്ങളിലും വാക്സിനേഷൻ നടത്തുന്നതിനുവേണ്ട പ്രചരണം നട-

[Mr. N. K. Padmanabha Pillai.]

ത്തിയാൽ വളരെ താമസിയാതെ മസൂരിയെ ഈ നാട്ടിൽനിന്നും ഓടിക്കാൻ കഴിയും. ഈ ഫലപ്രാപ്തിയിൽ ഇരിക്കുന്ന ഈ ഡിപ്പാർട്ടുമെൻറിനെ എന്തുകൊണ്ടാണ് വേണ്ടതരത്തിൽ പ്രോത്സാഹിപ്പിക്കുവാൻ ഗവണ്മെൻറു മടിക്കുന്നതു്?

Mr. A. Kumara Pillai: ഇപ്പോൾ ഈ രാജ്യമൊട്ടുക്കു ഒരു Vaccination Campaign നടക്കുന്നുണ്ടെന്നറിയാമോ?

Mr. N. K. Padmanabha Pillai: നടക്കുന്നുണ്ടു്. ഇപ്പോൾ വാക്സിനേറററന്മാരെ കൊണ്ടാണ് വാക്സിനേഷൻ നടത്തുന്നതു്, അതു പോരാ, അതിലേക്കു പ്രത്യേകം ട്രെയിൻ ചെയ്തുവരെകൊണ്ടുവേണം വാക്സിനേഷൻ നടത്താൻ.

Mr. J. John Kattakayam: ഉൾനാടുകളിൽ വാക്സിനേഷൻ നടത്തുന്നവർ പ്രതിഫലംകൂടി ആവശ്യപ്പെടുന്നുവെന്നറിയാമോ?

Mr. N. K. Padmanabha Pillai: എനിക്കറിഞ്ഞുകൂടാ. അങ്ങനെയാണെങ്കിൽ അതു വളരെ കഷ്ടമാണു്.

Mr. A. N. Visvanatha Pillai: വാക്സിനേഷൻ നടത്താൻ ചെല്ലുന്ന അവസരത്തിൽ ചിലർ ഓടിക്കളയുന്നുണ്ടെന്നറിയാമോ?

Mr. N. K. Padmanabha Pillai: അറിയാം. വാക്സിനേഷൻനടത്തേണ്ടതു സാധാരണ വാക്സിനേറററന്മാരെക്കൊണ്ടല്ലാ വേണ്ടതു. നെയ്യാററിൻകരയിൽ വാക്സിനേഷൻ നടത്തുന്നതു് സാനിറററി ഇൻസ്പെക്ടറന്മാർ ആണു്.

Mr. A. Kumara Pillai: ഇവിടെയുള്ള വാക്സിനേറററന്മാരെ, പ്രത്യേകം അതിലേക്കു പരിശീലിപ്പിച്ചിട്ടുണ്ടെന്നറിയാമോ?

Mr. N. K. Padmanabha Pillai: അവിടെയുള്ള വാക്സിനേററർക്കു വിശേഷാൽ യോഗ്യതയുണ്ടെന്നു എനിക്കു തോന്നുന്നില്ല.

Mr. A. Kumara Pillai: വാക്സിനേറററന്മാരെ ആറുമാസക്കാലം special training കൊടുത്തിട്ടല്ലയോ നിയമിച്ചുവരുന്നതു്?

Mr. N. K. Padmanabha Pillai: എന്നാൽ അവർ ശരിയായി പഠിച്ചമാതിരിയിലല്ല ഇപ്പോൾ വാക്സിനേഷൻ നടത്തുന്നതു്.

Mr. A. Kumara Pillai: അവർ ഹെൽത്തുഡിപ്പാർട്ടുമെൻറുകാർ കൊടുക്കുന്ന ഇൻസ്ട്രുമെൻറു് കൊണ്ടല്ലേ വാക്സിനേഷൻ നടത്തുന്നതു്?

Mr. N. K. Padmanabha Pillai: ആയിരിക്കാം. ഏതായാലും മുമ്പിലത്തെ രീതിയിലല്ലാ ഇപ്പോൾ സാനിററിഇൻസ്പെക്ടറന്മാർ വാക്സിനേഷൻ നടത്തുന്നതു്.

Mr. M. N. Paramesvaran Pillai: മുമ്പിലത്തെ രീതിയിൽ ശരിയായി വാക്സിനേഷൻ നടത്താത്തതു കൊണ്ടു് പല ആപത്തുകളും നേരിട്ടന്നുണ്ടെന്നറിയാമോ?

Mr. N. K. Padmanabha Pillai: അതേപ്പററി ഞാൻ പ്രസ്താവിച്ചുകഴിഞ്ഞു.

Mr. J. John Kattakayam: ഈ കൗൺസിലിലെ മെമ്പറായ മി. എം. എൻ. നാരായണ മേനവൻെറ പ്രദേശത്തു് വാക്സിനേഷൻ നടത്തി ആറുമാസക്കാലം കഴിഞ്ഞിട്ടും പനി മാറാതെ നില്ക്കുന്നുണ്ടെന്നു പറഞ്ഞ കാര്യം മെമ്പർ ഓർക്കുന്നുവോ?

Mr. N. K. Padmanabha Pillai: അങ്ങിനെ ഇരിക്കാം. അതു് എന്തുകൊണ്ടാണെന്നു അറിയാൻ പാടില്ല.

Mr. A. N. Visvanatha Pillai: ഇപ്പോൾ വാക്സിനേററന്മാർ ശരിയായി സ്റ്റെറിലൈസ് ചെയ്യുന്നില്ലെന്നറിയാമോ?

Mr. N. K. Padmanabha Pillai: എൻെറ അഭിപ്രായവും അതുതന്നെയാണ്. സാനിററി ഇൻസ്പക്ററന്മാർ സ്റ്ററിലൈസ് ചെയ്താണ വാക്സിനേറവചെയ്യുന്നതു്.

Mr. M. N. Paramesvaran Pillai: ഈ തിരുവനന്തപുരത്തു് വാക്സിനേഷൻ നടത്തിയവരിൽ ചിലർക്കു് ആറുമാസം കഴിഞ്ഞിട്ടും പനി ഭേദമായിട്ടില്ലെന്നുള്ള വിവരം മെമ്പർക്കറിയാമോ?

Mr. N. K. Padmanabha Pillai: ഉണ്ടായിരിക്കാം.

Mr. K. Madhavan Pillai: ഹെൽത്തു യൂണിററിനകത്തു വാക്സിനേഷൻ മാത്രമാണോ ചെയ്യാറുള്ളതു്? പലതും ചെയ്യാറില്ലേ?

Mr. N. K. Padmanabha Pillai: വാക്സിനേഷൻ മാത്രമല്ലാ പലതും ചെയ്യാറുണ്ടു്. ഏതായാലും ഹെൽത്തു ഡിപ്പാർട്ടുമെൻറിൻെറ ശുപാർശ അനുസരിച്ചു് ഗവ[illegible]ൻറ വേണ്ട ധനസഹായംചെയ്തു നാടൊട്ടുക്ക ഹെൽത്തുയൂണിററ[illegible] സ്ഥാപിക്കണം. അങ്ങനെ ആയാൽ മെഡിക്കൽ ഡിപ്പാർട്ടുമെൻ[illegible] വേണ്ടി ഇത്രവളരെ ധനസഹായംചെയ്യേണ്ട ആവശ്യം വരുകയില്ല.

Mr. A. Kumara Pillai രാജ്യമൊട്ടുക്ക ഹെൽത്തുയൂണിററുകൾ ഏർപ്പെടുത്തുന്നതിനു എത്രരൂപ വേണം?

Mr. N. K. Padmanabha Pillai : അതു് ഫൈനാൻഷ്യൽ സെക്രിട്ടറിയോടു ചോദിച്ചാൽ അറിയാം.

Mr. C. M. Joseph : രാജ്യമൊന്നാകെ ഹെൽത്തുയൂണിററുകൾ പെട്ടെന്നു് സ്ഥാപിക്കണമെന്നുണ്ടോ?

Mr. N. K. Padmanabha Pillai : തൽക്കാലം പ്രധാനപ്പെട്ട സ്ഥലങ്ങളിൽ മാത്രം സ്ഥാപിച്ചാൽ മതിയാകും.

Mr. M. N. Narayana Menon : സർ, വടക്കൻ തിരുവിതാംകൂറിൽ ഒരു ഹെൽത്തു യൂണിററു സ്ഥാപിക്കാമെന്നു കഴിഞ്ഞതവണത്തെ ബഡ്ജററു് പ്രസംഗത്തിൽ പ്രസ്താവിച്ചിരുന്നു. എന്നാൽ അതിലേക്കു് ഒരു കാശുപോലും ഇത്തവണത്തെ ബഡ്ജററിൽ കൊള്ളിച്ചിട്ടില്ല. നെയ്യാററിൻകരയിൽ ഒരു ഹെൽത്തുയൂണിററു സ്ഥാപിച്ച വിവരം അറിഞ്ഞു് അവിടെ പോയിനോക്കി. അവിടത്തെ പ്രവർത്തനങ്ങൾ വളരെ തൃപ്തികരമായിരിക്കുന്നു. ഇതുപോലെയുള്ള ഹെൽത്തുയൂണിററുകൾ രാജ്യത്തിന്റെ നാനാഭാഗത്തും സ്ഥാപിക്കേണ്ടതാണു്. ഒരു നിശ്ചിതകാലത്തിനകം രാജ്യമൊട്ടുക്കു ഹെൽത്തുയൂണിററു സ്ഥാപിക്കണമെന്നുള്ള സ്ഥിരമായ ഒരു നയം ഗവർമ്മെൻറു കൈക്കൊള്ളുന്നപക്ഷം വളരെ അധികം പണം ഇതിലേക്കു ചെലവഴിക്കേണ്ടിവരുമെന്നെനിക്കു തോന്നുന്നില്ല. നാം നമ്മുടെ വിദ്യാഭ്യാസത്തെപ്പററി വളരെ അധികം അഭിമാനിക്കുന്നു. എന്നാൽ ഈ വിദ്യാഭ്യാസംകൊണ്ടു് എന്തു പ്രയോജനമാണുള്ളതു്? ആദ്യം നെയ്യാററിൻകരയിൽ ഒരു ഹെൽത്തുയൂണിററു സ്ഥാപിച്ചു; പിന്നീടു വടക്കൻ തിരുവിതാംകൂറിൽ ഒന്നു സ്ഥാപിച്ചു; അങ്ങനെ രാജ്യത്തിൽ ചില സ്ഥലങ്ങളിൽ പ്രധാനമായി ഹെൽത്തുയൂണിററുകൾ സ്ഥാപിക്കുകയും പിന്നെ ചെറിയ ചെറിയ യൂണിററുകൾ മററു ഭാഗങ്ങളിൽ സ്ഥാപിക്കുകയും ചെയ്താൽ അതു രാജ്യത്തിനു വളരെ പ്രയോജനകരമായിരിക്കും. മി. പത്മനാഭപിള്ള നെയ്യാററിൻകരയിലെങ്ങും മസൂരി ബാധിച്ചിട്ടില്ലെന്നു പറഞ്ഞു. ഇങ്ങനെയുള്ള ഏർപ്പാടുകൾ എത്രയും എളുപ്പത്തിൽ ചെയ്താൽ അതു വളരെ ശ്ലാഘ്യമായിരിക്കും. വാക്സിനേഷൻ നിർബന്ധിതമാക്കുന്നതിനു രാജ്യമൊട്ടാകെ പ്രചരണവേല നടക്കുന്നുണ്ടെന്നു ഗവർമ്മെൻറു മെമ്പർ പറയുകയുണ്ടായി. ഞാൻ അതിൽ സന്തോഷിക്കുന്നു. മസൂരി രോഗത്തിനു വാക്സിനേഷൻ നടത്തുന്നതുപോലെ ആരോഗ്യസംരക്ഷണത്തിനായി പ്രസംഗങ്ങൾ അവർ നടത്തുന്നതുകൊണ്ടും വളരെ പ്രയോജനമുണ്ടു്. എന്നാൽ ഇവിടെ ചിലർ പ്രസ്താവിച്ചതുപോലെ

ചില ആളുകൾ വാക്സിനേഷൻ എന്നു കേൾക്കുമ്പോൾ വളരെ ഭയപ്പെടുന്നു. വാക്സിനേറ്ററന്മാരെ കണ്ടാൽ അവർ ഓടിഒളിക്കുന്നു. നമ്മുടെ രാജ്യത്തു പീരുമേട്, ദേവികുളം, രണ്ടു താലൂക്കൊഴികെ മറ്റെല്ലാ താലൂക്കുകളിലും ധാരാളം സ്കൂളുകളുണ്ട്. ഈ സ്കൂളുകളിലും സാമാന്യജനങ്ങളുടെ ഇടയിലും വാക്സിനേഷൻ നടത്തുന്നതു നല്ലതാണെന്നുള്ള വിദ്യാഭ്യാസം കൊടുത്തിരുന്നാൽ ഈ ഭയമൊക്കെ പോകുമായിരുന്നു.

ഇവിടെ മദ്യം, ബീഡി പുകയില മുതലായവ ഉപയോഗിക്കുന്നതു കൊണ്ട് നമ്മുടെ കുട്ടികളുടെ ആരോഗ്യം ക്ഷയിക്കുന്നുവെന്ന് ചില സ്നേഹിതന്മാരും പ്രസ്താവിക്കയുണ്ടായി. അങ്ങനെയുള്ള ദോഷങ്ങളുടെ നിവാരണത്തിനായി ഈ പ്രാസംഗികന്മാർ പ്രസംഗിച്ചാൽ അതു വളരെ പ്രയോജനകരമായിരിക്കും. അതോടുകൂടി കാപ്പി, ചായ, മുതലായ പാനീയങ്ങളുടെ ഉപയോഗം നിർത്തി, കരിക്ക് ഉപയോഗിക്കുന്നതിനെപ്പററിയും ഇവർ പ്രസംഗങ്ങൾ നടത്തണം.

Mr. A. N. Visvanatha Pillai : കരിക്കിൻവെള്ളം കാപ്പിയെയും തേയിലയെയുംകാൾ ആരോഗ്യത്തിനു നല്ലതല്ലേ ?

Mr. M. N. Narayana Menon : ആണെന്നാണെൻെറ വിശ്വാസം.

പബ്ലിക്ഹെൽത്തു് ഡിപ്പാർട്ടുമെൻറിൻെറ മേധാവിയായി വിദേശത്തുനിന്നും ആരെയോ വരുത്താൻ പോകുന്നുവെന്നു ഇവിടെ ചിലർ പറയുകയുണ്ടായി. അങ്ങനെയാണെങ്കിൽ, ഞാൻ അതിനെ പ്രതിഷേധിക്കുന്നു. നമ്മുടെ രാജ്യത്തു് ഈ ഡിപ്പാർട്ടുമെൻറിൻെറ മേധാവിയായിരിക്കുവാൻ യോഗ്യതയുള്ള ആളുകൾ ധാരാളമുണ്ട്. അതുകൊണ്ട് വിദേശത്തുനിന്നും ഒരാളിനെ വരുത്തേണ്ട ആവശ്യമില്ല; നമ്മുടെ ഇപ്പോഴത്തെ ധനസ്ഥിതി അതിനനുവദിക്കുന്നുമില്ല.

Mr. A. Kumara Pillai : Sir, only one member, on the other side of the House, opposed this demand.

Mr. John Kattakayam brought to the notice of the House about the filth y condition of the Trivandrum City. I have to reply him that we are now moving a Demand under Public Health. There is a separate Demand under Municipalities and when that Demand is moved this question will be considered and a reply given.

Mr. M. N. Paramesvaran Pillai: May I ask the member to point out the Eemand under Municipalities ?

Mr A. Kumara Pillai : The grant to municipalities comes under 38—Miscellaneous.

Mr. M. N. Paramesvaran Pillai : May I point out to the honourable member that the grant to Municipalities is included under Demand No. XXIII at page 153 of the budget ?

Mr. A. Kumara Pillai : The Demand referred to by the honourable member relates to grants to municipalities under mosquito control and not to the municipality proper.

Then Mr. Kattakayam stressed about the unhealthy nature of the Health Unit at Neyyattinkara. He himself has admitted that he has not gone to Neyyattinkara and witnessed the condition and working of the Health Unit. Therefore his opinion on that point need not be considered.

Mr. C. M. Joseph eulogises the work of the Public Health Department. He points out the necessity for considering the activities of the Health Department which would lead to the longevity of life. I may assure him that their chief aim is towards the achievement of that point.

Mr. M. N. Paramesvaran Pillai : May I know whether there is any proposal to get down an outsider as the Director of Public Health ?

Mr. A. Kumara Pillai : Government have not considered about that.

Mr. M. N. Paramesvaran Pillai : Is there any proposal before the Government ?

Mr A. Kumara Pillai : There is a proposal ; but Government have not considered about the same.

Mr. M. N. Paramesvaran Pillai : May I know from the honourable member whether there is any application from anybody for the place from outside ?

Mr. A. Kumara Pillai : There is no application.

Mr. P. Padmanabhan Tampi : May I know from whom did the proposal come ?

Mr. A Kumara Pillai : From the Honorary Adviser of Public Health.

Mr. M. N. Paramesvaran Pillai : May I know whether he has got any superior qualification for the post ?

Mr. A. Kumara Pillai : Government have not considered about the matter.

Mr. M. N. Paramesvaran Pillai : May I know whether the application was rejected ?

Mr. A. Kumara Pillai : Government have not considered it.

Mr. M. N. Paramesvaran Pillai : May I know whether the candidate who was recommended by the Director has got more superior qualifications than the men who are now in service ?

Mr. A. Kumara Pillai : The qualifications of that particular individual are not fully known to Government.

Mr. M. N. Paramesvaran Pillai : May I know from the member whether any mention is made about the qualification of that candidate in the recommendations made by the Director ?

Mr. A. Kumara Pillai : I do not exactly remember it.

Mr. Narayana Aiyar brought to the notice of this House that the Public Health Department does not attend to the sanitation of rural areas. There are Conservancy Towns and Village Panchayats to attend to the sanitation of the rural areas. Government have sanctioned eight Village Panchayats ; and six of them are in full working condition. In course of time more Panchayats may be instituted. If Government find that they are working well the number will be increased and more powers will be given to these Panchayats and they will attend to the rural sanitation properly.

Mr. A. N. Visvanatha Pillai : കടലോരങ്ങളിൽ കുടിക്കുന്നതിനു വെള്ളം കിട്ടാത്ത സ്ഥലങ്ങളുണ്ടെന്നറിയാമോ?

Mr. A. Kumara Pillai : ചിലെടത്തു നല്ല വെള്ളം കിട്ടുകയില്ലെന്നു അറിയാം.

Mr. A. N. Visvanatha Pillai : അതിനു ഗവണ്മെൻറു എന്തുചെയ്തു?

Mr. A. Kumara Pillai : ഗവണ്മെൻറു അതേപ്പറ്റി ആലോചിക്കുന്നുണ്ട്.

Mr. M N. Paramesvaran Pillai : ചെങ്കോട്ട മുതലായ സ്ഥലങ്ങളിൽ കുടിക്കുവാൻ വെള്ളം കിട്ടുന്നില്ലെന്നും അതിനു പൈപ്പുവഴി അവിടെ വെള്ളം കൊണ്ടുവരാതെ നിവർത്തിയില്ലെന്നും മെമ്പക്കറിയാമോ?

Mr. A. Kumara Pillai : അതേപ്പറ്റി അറിയാൻ പാടില്ല.

Mr. P. Padmanabhan Tampi : Is there any proposal for sinking wells in the Eraniel taluk ?

Mr. A. Kumara Pillai : Yes ; and the Public Health Department is attending to that.

Mr. M. N. Paramesvaran Pillai brought to the notice of this House the insufficiency of grants to municipalities. As I said before the question will be answered when the Municipal Demand is taken up by the House.

[Mr A. Kumara Pillai.]

Mr. Kunjitomman brought to the notice of this House that more latrines, on scientific lines, should be constructed in the Trivandrum town. Government have recently sanctioned the construction of three or four latrines on modern lines in the town of Trivandrum and these will be constructed very soon.

Mr. K. Madhavan Pillai : Will there be separate compartments for men and women under the present system or plan?

Mr. A. Kumara Pillai : I think that there will be separate rooms in the latrines.

Then Mr N. K. Padmanabha Pillai spoke about a Health Unit in North Travancore. There is already a Health Unit at Neyyattinkara and Government are watching the progress of that Unit. When financial conditions improve and after watching the working of the Neyyattinkara Unit for sometime more, they will consider the question of starting new Health Units in North Travancore.

Mr. N. K. Padmanabha Pillai : നെയ്യാററിൻകരയിൽ സ്ഥാപിച്ച ഹെൽത്തു യൂണിററിനെപ്പററി യാതൊരഭിപ്രായവുമില്ലാതെയാണോ വടക്കൻ തിരുവിതാംകൂറിൽ ഒരു ഹെൽത്തുയൂണിററു സ്ഥാപിക്കാമെന്നു അന്നു് പറഞ്ഞതു്?

Mr. A. Kumara Pillai : Government want to watch the progress of the activities of the Neyyattinkara Health Unit for sometime more before they start another in North Travancore.

Mr. N. K. Padmanabha Pillai : ഹെൽത്തുയൂണിററുസ്ഥാപിച്ചു് ഒരു കൊല്ലം കഴിഞ്ഞിട്ടല്ല വടക്കൻതിരുവിതാംകൂറിൽ ഈ മാതിരി ഒരു ഹെൽത്തു യൂണിട്ടുസ്ഥാപിക്കുവാൻ നിശ്ചയിച്ചിരിക്കുന്നു എന്നു പറഞ്ഞതു്?

Mr. A. Kumara Pillai : Yes.

Mr. N. K. Padmanabha Pillai : മുമ്പിലത്തെക്കാളും കുറെ കുറവായിട്ടാണോ ഹെൽത്തുയൂണിററിൻെറ ഇപ്പോഴത്തെസ്ഥിതി?

Mr. A. Kumara Pillai : It is not known that the usefulness of the Neyyattinkarai Health Unit to the public is commensurate with the money spent on it.

Dr. K. Madhavan Pillai : Am I to understand that the Government are dissatisfied with the work of the Health Unit at Neyyattinkara?

Mr. A. Kumara Pillai : I do not say that the Government are dissatisfied with the working of the Health Unit.

Mr. N. K. Padmanabha Pillai : ഏതു വിധത്തിലാണു കുറവെന്നറിഞ്ഞാൽകൊള്ളാം?

Mr. A. Kumara Pillai: The usefulness of the Health Unit does not seem to be fully appreciated by the people.

Mr. N. K. Padmanabha Pillai : ഹെൽത്ത് സംഗതിയെ സംബന്ധിച്ച് അവിടെ പല ജോലികൾ നടക്കുന്നുണ്ട്. ഏതിലാണ് കൂടുതലായ ഗുണമൊന്നും കാണാത്തതെന്നറിഞ്ഞാൽകൊള്ളാം?

Mr. A. Kumara Pillai : Without spending large amounts of money similar good things can be done in other places without instituting Health Units.

Mr. A. N. Visvanatha Pillai : എന്തുമാത്രം ചെലവുചെയ്തതിന്റെ ശേഷമാണ് ഗവൺമെന്റ ഇതു മനസ്സിലാക്കിയതു്?

Mr. A. Kumara Pillai : രണ്ടുവർഷത്തെ പണം ചെലവുചെയ്തതിനുശേഷം.

Mr. N. K. Padmanabha Pillai: എന്നിട്ടെന്താണു മനസ്സിലാക്കിയതു് ?

Mr. A Kumara Pillai : കൂടുതൽ പണം ചെലവുചെയ്താൽ അതിനനുസരണമായ പ്രയോജനം ജനങ്ങൾക്ക് സിദ്ധിക്കുന്നു എന്നു അവർ അറിയാമൊ എന്നുള്ള കാര്യം സംശയമായിരിക്കുന്നു.

Mr. N. K. Padmanabha Pillai : ഹെൽത്തു യൂണിററിൽ എന്തുദോഷമാണുകണ്ടതു്?

Mr. A. Kumara Pillai : ഹെൽത്തുയൂണിററു കൊണ്ടു ദോഷം ഉണ്ടായിഎന്നു ഞാൻപറയുന്നില്ലാ.

Mr. N. K. Padmanabha Pillai : ഇപ്പോഴുള്ള ഹെൽത്തുയൂണിററിൽ കണ്ട കുറവെന്താണ്? അവിടെപലതരം ജോലിനടക്കുന്നു. അതിൽ ഏതാണു ഗവണ്മെൻറിനു തൃപ്തികരമായി തോന്നാത്തതു്?

Mr. A. Kumara Pillai : ഹെൽത്തു യൂണിററിന്റെ നടത്തിപ്പിൽ വലിയ കുറവുണ്ടെന്നു ഞാൻ പറയുന്നില്ല. ജനങ്ങൾക്കു അതിൽ നിന്നും എന്തു മാത്രം പ്രയോജനം ലഭിക്കുന്നു എന്നു അറിയാൻ പാടില്ലാ.

Chairman: I put Demand XVII—Public Health and Sanitation, for Rs. 2,45,985.

The grant was made.

DEMAND XVIII—REGISTRATION.

Rao Sahib Dr. N. Kunjan Pillai: Sir, I move that Government be granted a sum of Rs. 3,16,249 under Demand XVIII—Registration.

Mr. J John Kattakayam: സർ, ഈ ഡിമാൻറിനെ ഞാൻ എതിക്കുന്നു. ഈ സാമ്പത്തികാധഃപതനമുള്ള ഇക്കാലത്തു ആധാരം രജിസ്റ്റർ ചെയ്യുവാൻ കച്ചേരിയിൽ ചെല്ലുന്ന ആളുകൾ അനുഭവിക്കുന്ന വിഷമങ്ങളെപ്പററി അല്പമൊന്നു പറയണമെന്നു ഞാൻ വിചാരിക്കുന്നു. കച്ചേരികളിൽ ആധാരം രജിസ്റ്റർ ചെയ്യാൻ ചെല്ലുന്നവർ ആദ്യമായി ഹെഡ് ഗുമസ്ഥനെ ഒന്നു കാണണം. ആധാരം എടുക്കുന്നതിനു തന്നെ പ്രത്യേകം ചില നിബന്ധനകളെല്ലാം കാണും. ആധാരം അധികം രജിസ്റ്റർ ചെയ്യുവാനുള്ള കാലങ്ങളിൽ ആധാരം ഒന്നിനു ഇന്നതു കൊടുക്കണമെന്നു വ്യവസ്ഥയുണ്ട്. അതു നേരിട്ടു വാങ്ങിക്കുന്നതിനൊ അതില്ലെങ്കിൽ കീഴ്സിൽബന്തികൾ മൂലം നേരത്തെ നിർദ്ദിഷ്ടസ്ഥാനങ്ങളിൽ എത്തിച്ചു കൊടുക്കുന്നതിനൊ ഉള്ള സ്വാതന്ത്ര്യംകൊടുത്തിരിക്കുന്നതും ഒരു വക അനുഗ്രഹമത്രെ ഹെഡ്ഗുമസ്ഥനെ ഏല്പിക്കുന്ന പതിവും ഉണ്ടത്രെ. ഇങ്ങനെ പലവിധത്തിലാണ് ഈ വക സംഗതികൾ നടക്കുന്നതു്. അങ്ങനെ ചെയ്താലെ കക്ഷിക്കു കാര്യസാദ്ധ്യമുള്ളു. അല്ലാത്തപക്ഷം എങ്ങിനെയും അസൌകര്യം തന്നെ. ഓരോ ദിവസങ്ങളിൽ ആധാരമെടുക്കാൻ ഓരോ സമയം വച്ചുകൊണ്ടു ദക്ഷിണ കൊടുക്കാത്തവൻെറ ആധാരം ഒടുവിൽ എടുക്കയുമില്ല. ഇങ്ങനെ എട്ടും പത്തും ദിവസങ്ങൾ കക്ഷികൾ ആധാരം രജിസ്റ്റർ ചെയ്തു കിട്ടുവാൻ വേണ്ടി കാത്തുകെട്ടി കിടക്കണം. ഇതു കൂടാതെ ഒത്തുനോക്കു ഫീസ് എന്നൊരു ഫീസുണ്ട്. ഈ ഫീസ് ആഫീസ് ഹെഡ്ഗുമസ്ഥനു കൊടുക്കണം. ഉത്തരതിരുവിതാംകൂറിലെ കണക്കു പറയുകയാണെങ്കിൽ സാധാരണ നാലുചക്രമാണു ഒത്തു നോക്കു ഫീസായിവച്ചിരിക്കുന്നതു്. പിന്നെ വട്ടവാശി എന്നൊരു ഇനമുണ്ട്. മുദ്രവിലയും രജിസ്റ്റർ ഫീസുമെല്ലാം ബ്രിട്ടീഷു രൂപയായി കൊടുക്കും. അവയുടെ വട്ടവാശി അങ്ങെടുത്തുകൊള്ളും.

Mr. K. Madhavan Pillai: വട്ടവാശി തിരിയെ കൊടുക്കുന്ന രജിസ്ത്രാരന്മാരും ഉണ്ടെന്നു മെമ്പൎക്കറിയാമോ?

Mr. J. John Kattakayam: കൊടുക്കാത്തവരെയാണ് എനിക്കു അധികപരിചയമുള്ളതു. നല്ല ആളുകൾ തിരിയെ കൊടുക്കുമാ

യിരിക്കാം. അവരെപ്പററിയല്ല ഞാൻ പറഞ്ഞതു്. നല്ല ആളുകൾ എല്ലാ ഡിപ്പാർട്ടുമെൻറുകളിലും കാണാം. അതു അംഗുലപരിമിതമത്രെ.

Mr. R. Nilakanta Pillai: രജിസ്ട്രേഷൻ ഫീസ് ബ്രിട്ടീഷ്രൂപയാക്കുന്നതിൽ വിരോധമുണ്ടോ?

Mr. J. John Kattakayam: ഇപ്പോഴത്തെ പ്രസ്താവനകൾ നൂപമായി മേലാലും നടന്നുകൊണ്ടിരിക്കുന്ന പക്ഷം അങ്ങിനെ ചെയ്യുന്നതിൽ ഒരു വിരോധവുമില്ല. നമ്മുടെ ഗവണ്മെൻറിനല്ലേ അതും കൂടി കിട്ടുന്നതു് എന്നെങ്കിലും സമാശ്വസിക്കാമെല്ലൊ.

Mr. A. N. Visvanatha Pillai: ഇപ്പോഴുള്ള ഫീസ്സിൽ കുറവായി വരുന്ന ബ്രിട്ടീഷ് രൂപ ഫീസു ചുമത്തണമെന്നല്ലേ മെമ്പർ പറഞ്ഞതു്?

Mr. J. John Kattakayam: അങ്ങനെ ചെയ്താൽ അതു ഒരു വലിയ ഉപകാരമാകും.

Mr. M. Govindan: വട്ടവാശി തിരിയെ കിട്ടുന്നില്ലെന്നുള്ള വിവരം മെമ്പക്കറിയാമെങ്കിൽ അതു ഡയറക്ടറെ അറിയിച്ചിട്ടുണ്ടോ.

Mr. J. John Kattakayam: ഇതു് എന്റെ ജോലിയല്ല. ഇപ്പോഴത്തെ രജിസ്ട്രേഷൻ ഡയറക്ടർ വാസ്തവത്തിൽ മതിയാകുംവണ്ണം ജോലി ചെയ്യുന്നുണ്ട്. എന്നാൽ അദ്ദേഹത്തിനു് വേണ്ട തരത്തിലുള്ള പ്രോത്സാഹനം കൊടുക്കുന്നില്ല. അദ്ദേഹത്തിനെ താങ്ങാൻ ആളില്ല.

Mr. A. N. Visvanatha Pillai: എന്താണ്? ശരീരത്തിനു നല്ല ശക്തിയില്ലേ?

Mr. J. John Kattakayam: അദ്ദേഹത്തിന്റെ സമകാലീനന്മാർ അദ്ദേഹത്തെക്കാൾ ഉയർന്ന നിലയിൽ എത്തിയിട്ടുണ്ട്.

Mr. M. Govindan: ഞാൻ ചോദിച്ച ചോദ്യത്തിനു മെമ്പർ മറുപടി പറഞ്ഞില്ല.

Mr. J. John Kattakayam: പറഞ്ഞു കഴിഞ്ഞു. ഇനിയും ആവർത്തിക്കണമെന്നുണ്ടോ? ഡിപ്പാർട്ടുമെൻറുകളിലുള്ള അഴിമതികളെല്ലാം കണ്ടുപിടിച്ചു റിപ്പോർട്ടു ചെയ്യാനുള്ള ആളല്ല ഞാൻ.

ചുമതലയോടുകൂടി ജോലി ചെയ്യുന്ന ഒരു ഉദ്യോഗസ്ഥനു വേണ്ട പ്രോത്സാഹനം ലഭിക്കുന്നില്ലെങ്കിൽ അതിൽ അയാൾ നിരാശ പ്രദർശിപ്പിക്കുക എന്നുള്ളതു് മനുഷ്യസാധാരണമാണ്. ഏതായാലും ആ മനുഷ്യനു പ്രോത്സാഹനം കൊടുക്കുന്നുവെന്നുവരുകിൽ ഇതുപോലെയുള്ള അനാസ്ഥകൾ വരുകയില്ലായിരുന്നു.

[Mr. J. John Kattakayam.]

ഒരു മുന്നറിവും കൂടാതെ ഒരു രജിസ്റ്റർ കച്ചേരി പരിശോധിക്കുകയാണെന്നു വരുകിൽ അന്നു രജിസ്ത്രാരുടെ മുമ്പാകെയുള്ള പണവും റിക്കാർഡും പ്രകാരം കാണുന്നപണവും തമ്മിൽ വ്യത്യാസം കാണും.

Mr. Komilezhathu Sankaran: ഇങ്ങനെ മുന്നറിവു കൊടുക്കാതെ ഇപ്പോഴത്തെ രജിസ്ട്രേഷൻ ഡയറക്ടർ ആഫീസുകൾ പരിശോധിച്ചിട്ടുണ്ടെന്നറിയാമോ?

Mr. J. John Kattakayam: ഞാൻ അതിന്റെ കണക്കെടുത്തിട്ടില്ല.

ആധാരങ്ങൾ അന്നന്നു കൊടുക്കാറില്ല. ഡയറക്ടർ അന്നന്നു ആധാരങ്ങൾ കൊടുത്തു കൊള്ളണമെന്നുള്ള ഒരോർഡർ വളരെ നേരത്തെ അയച്ചിട്ടുള്ളതായി എനിക്കറിയാം. എന്നാൽ അതനുസരിച്ച് പ്രവർത്തിച്ചിട്ടുള്ളതായി ഞാൻ അറിയുന്നില്ല.

പകർപ്പിനപേക്ഷിച്ചാൽ ഇന്നതു കൊടുക്കണമെന്നു വച്ചിട്ടുണ്ട്. അതൊക്കെ കൊടുത്താലും സമയത്തിന് പകർപ്പു കിട്ടണമെങ്കിൽ അവരെയെല്ലാം നാം മുൻകൂട്ടി കണ്ടിരിക്കണം. പകർപ്പിന് അപേക്ഷിക്കുന്ന ആളുടെ ആവശ്യം എത്രത്തോളം വർദ്ധിച്ചിരിക്കുമോ അത്രത്തോളം ആ ആളിനെ നശിപ്പിക്കുവാനായിരിക്കും ഇവരുടെ ശ്രമം. ഭൂസ്വത്തുജാമ്യബാങ്ക് വായ്പ, കൃഷിവായ്പ, ആദിയായവകൾക്കും മററും വേണ്ടി ഹാജരാക്കുന്നതിനുള്ള സർട്ടിഫിക്കററു നേരത്തെ തയ്യാറാക്കി അയക്കണമെങ്കിൽ അതിനു പ്രത്യേകം ഫീസുകൾ വേണമെന്നുണ്ട്. പണത്തിനു വളരെ വിഷമപ്പെട്ട് ഒരു കൃഷിവായ്പ വാങ്ങിക്കുവാൻ ശ്രമപ്പെടുന്നവൻ ഈ സർട്ടിഫിക്കററു വാങ്ങിക്കുവാനും മററും വളരെ ധനം വിനിയോഗിക്കുന്നുണ്ട്.

ഈ സംഗതികളെല്ലാം ഗവണ്മെൻറിന്റെ ദൃഷ്ടിയിൽ കൊണ്ടുവരാൻ വേണ്ടിയാണ് ഞാൻ ഈ ഉപക്ഷേപം ഹാജരാക്കുന്നതു്.

Rao Sahib Dr. N. Kunjan Pillai: മി: കട്ടക്കയത്തിന്റെ പ്രസംഗം ഞാൻ വളരെ ശ്രദ്ധയോടും രസത്തോടും കൂടി കേട്ടു. അതിൽ പറഞ്ഞ കാര്യങ്ങളൊക്കെ രജിസ്ട്രേഷൻ ഡയറക്ടരുടെ ശ്രദ്ധയിൽ കൊണ്ടു വരുന്നതാണ്. അദ്ദേഹം അതിനുവേണ്ട പരിഹാരമാർഗ്ഗം ഉണ്ടാക്കുകയും ചെയ്യും.

Mr. J. John Kattakayam. ചീഫ്സെക്രട്ടറി ഈ തരത്തിൽ ഉറപ്പു പറഞ്ഞതു കൊണ്ടും ഇനി എങ്കിലും അഴിമതികൾക്കു ശമനം വരുമെന്നും ഉള്ള വിശ്വാസത്തോടുകൂടി എന്റെ ഉപക്ഷേപത്തെ ഞാൻ പിൻ വലിച്ചുകൊള്ളുന്നു.

The motion was, by leave, withdrawn.

Chairman: I put Demand No XVIII—Registration for a sum of Rs. 3,16,249.

The grant was made.

DEMAND XIX—STAMPS.

Mr. R. Nilakanta Pillai: Sir, I move for a grant of a sum not exceeding Rs. 72,669 under Demand XIX—Stamps.

Chairman: I put Demand XIX stamps for Rs. 72,669.

The grant was made.

DEMAND XX—JAILS.

Rao Sahib Dr. N. Kunjan Pillai: Sir, I rise to move for a grant not exceeding Rs. 83,700 under Jails.

Chairman I put Demand XX—Jails for Rs. 83,700.

The grant was made.

DEMAND XXI—PORTS.

Rao Sahib Dr. N. Kunjan Pillai: Sir, I rise to move for a grant of a sum not exceeding Rs. 21,045 under Demand XXI—Ports.

Mr. A. N. Visvanatha Pillai: സർ, ഞാൻ ഈ ഡിമാൻറിനെ എതിർക്കുന്നു. കച്ചവടം അഭിവൃദ്ധിയിൽ കൊണ്ടുവരണമെന്നാഗ്രഹമുള്ള യാതൊരു രാജ്യവും അതിലെ തുറമുഖങ്ങളെ നന്നാക്കാതിരിക്കുകയില്ല. തിരുവിതാംകൂറിൽ നാലു തുറമുഖങ്ങളാണുള്ളതു്. അതിൽ ആലപ്പുഴ തുറമുഖം കുറെനാളായി ഉപയോഗമില്ലാതെ കിടക്കുകയാണ്. അവിടത്തെ ഏററുമതിയെല്ലാം കൊച്ചിയിൽ നിന്നാണ് ഇപ്പോൾ നടത്തി വരുന്നതു്. ആ തുറമുഖം നന്നാക്കുന്നതിനു ഒരു ലക്ഷത്തിൽ ചില്വാനം രൂപ ഈക്കൊല്ലത്തെ ബഡ്ജററിൽ കൊള്ളിച്ചതിൽ സന്തോഷിക്കുന്നു. എന്നാൽ മററു തുറമുഖങ്ങളെക്കൂടി നന്നാക്കാതെയിരിക്കുന്നതു തീരെ ഉചിതമല്ല.

കൊച്ചി ഹാർബർ സ്കീമിൽ നാം കൂടി ചേർന്നിട്ടുണ്ടെന്നുള്ള കഥ ഞാൻ വിസ്മരിക്കുന്നില്ല. എന്നാൽ അതിൽ നാം ഒരു ദുർബലകക്ഷിയാണെന്നു ഞാൻ ഗവമെൻറിനെ ഓർമ്മിപ്പിച്ചു കൊള്ളുന്നു.

തുറമുഖ ഉടമ്പടിയിലെ മറെറാരു കക്ഷിയായ കൊച്ചി, ചെറിയ രാജ്യമാകയാൽ ആ രാജ്യത്തോടു ബ്രിട്ടീഷ് ഇൻഡ്യക്കു അനുകമ്പക്കവകാശമുണ്ട്. കൊച്ചി തുറമുഖം ഇൻഡ്യാ ഗവമെൻറ് സ്വന്തമാക്കു

[Mr. A. N. Visvanatha Pillai.]

പ്പാനാണ് അധികമെളുപ്പമുള്ളത്. ഡേവിഡ്സൺ കമ്മിററി കൊച്ചിത്തുറമുഖം ഫെഡറൽ ഗവൺമെൻറിലേക്ക് എടുക്കേണ്ടതാണെന്നഭിപ്രായപ്പെട്ടിട്ടുണ്ടെന്നാണ് ഞാൻ അറിയുന്നത്. അങ്ങനെയാണെങ്കിൽ കൊച്ചിത്തുറമുഖ ഉടമ്പടിയിൽനിന്നും നമ്മെ ഒഴിച്ചുകറയുന്ന ആ നിമിഷത്തിലല്ല നാം നമ്മുടെ തുറമുഖങ്ങളെ നന്നാക്കാൻ ഒരുമ്പെടേണ്ടത്. ഇപ്പോൾ ഗവൺമെൻറിന് ആദായനികുതി വകയിൽ പിരിഞ്ഞു കിട്ടുന്ന സംഖ്യയിൽ സിംഹഭാഗവും തിരുവിതാംകൂറിലെ തുറമുഖങ്ങൾ സ്ഥിതി ചെയ്യുന്ന സ്ഥലങ്ങളിലുള്ള കച്ചവടക്കാരിൽനിന്നുമാണെന്ന് ഗവൺമെൻറു മനസ്സിലാക്കണം. നമ്മുടെ തുറമുഖങ്ങൾ നന്നാക്കിയില്ലെങ്കിൽ ആലപ്പുഴ, കൊല്ലം, തിരുവനന്തപുരം, കുളച്ചൽ എന്നീ സ്ഥലങ്ങളിൽ വലിയ വ്യാപാരികൾ കുറയുകയും നമ്മുടെ വർദ്ധിച്ചുവരുന്ന ഒരു മുതലെടുപ്പായ ആദായനികുതിയെ അതു സാരമായി ശോഷിപ്പിക്കുകയും ചെയ്യും. ഈ സന്ദർഭത്തിൽ മററനവധി വ്യവസായങ്ങളോടൊപ്പം കാഷ്യുനട്ട ബിസിനസ്സും വർദ്ധിച്ചു വരുന്നു. കൊല്ലത്തെ തുറമുഖം നന്നാക്കണമെന്നു പറയുമ്പോൾ ഞാൻ ഒരു പ്രാദേശികാവശ്യം ഇതിനിടയിൽ തിരുകിക്കയററുകയാണെന്നു വിചാരിക്കയില്ലെന്നു വിശ്വസിക്കുന്നു.

കടലോരമില്ലാത്ത നാട്ടുരാജ്യങ്ങൾ ദുഃഖിക്കുമ്പോൾ നീണ്ടു നിവർന്ന ഒരു കടലോരവും പ്രകൃതിദത്തമായ നാലു തുറമുഖങ്ങളുമുള്ളതിനെ ഉദാസീനതകൊണ്ട് ഉപയോഗശൂന്യമാക്കരുതെന്നു ഞാൻ ഗവൺമെൻറിനെ ഉൽബോധിപ്പിച്ചുകൊള്ളുന്നു.

Mr. J. John Kattakayam : കൊച്ചി തുറമുഖകാര്യത്തിൽ തിരുവിതാംകൂർകൂടി ഉൾപ്പെട്ടതു ദിവാൻ മിസ്റ്റർ. വാട്ട്സിൻെറ കാലത്താണ്. അവിടെ ഹാർബർ സ്കീം വന്നതോടുകൂടി കൊച്ചി വളരെ അഭിവൃദ്ധിയെ പ്രാപിച്ചു. എന്നാൽ അതിൻെറ നാലാമത്തെ സ്റ്റേജ് വന്നപ്പോൾ എന്തോ ചില അസ്വാസ്ഥ്യതകൾ മേൽക്കോയ്മയുമായി ഉണ്ടായിട്ടുണ്ടെന്നു കേൾക്കുന്നു. ഭാരതഖണ്ഡത്തിലെ നാട്ടുരാജ്യങ്ങളിൽ വച്ച് തിരുവിതാംകൂറിലോളം സൗകര്യമുള്ള കടൽതീരം വേറെ ഇല്ലെന്നുതന്നെ പറയാം. പ്രകൃതിദത്തമായ സൗകര്യങ്ങൾ ധാരാളമിരുന്നിട്ടും നമുക്ക് അനേകം തുറമുഖങ്ങൾ ഉണ്ടായിരുന്നിട്ടും അവയിലൊന്നിലും ദൃഷ്ടിപതിപ്പിക്കാതെ നമുക്ക് ഒരു തരത്തിലും അടുക്കുവാൻ യോഗ്യതയില്ലാത്ത മഹച്ഛക്തികളുമായി പങ്കുകൂടുവാൻ പോയതിൻെറ ഫലം ഇപ്പോഴ അ

നുഭവിച്ചുതുടങ്ങിയിരിക്കുന്നു. ആലപ്പുഴ തുറമുഖത്ത് മണ്ണുവന്നടിയുന്ന
തിനാൽ കപ്പൽ വന്നടുക്കുന്നതിന് സൗകര്യമില്ലാതിരിക്കുന്നതായി കാ

ഡിപ്പാർട്ടുമെൻറു ശ്രദ്ധിക്കേണ്ടതാണ്. കൊല്ലം പ്രത്യേകിച്ചും നീണ്ട
കര, നന്നാക്കി എടുക്കുന്നപക്ഷം, എറണാകുളത്തോടു സാദൃശ്യപ്പെടു

ദത്തമായ സൌകര്യങ്ങൾ അവിടെയുള്ളതുകൊണ്ട് ശ്രദ്ധിക്കുന്നപക്ഷം
കൊല്ലം ഒരു നല്ല തുറമുഖമാക്കാവുന്നതാണ്. അതുപോലെതന്നെ തിരുവ
നന്തപുരത്തും കുളച്ചലിലും മററും പഴയ തുറമുഖം നന്നാക്കുന്നതു നമ്മു

മി. വിശ്വനാഥപിള്ള ഹാജരാക്കിയ ഉപക്ഷേപത്തോടനുകൂലിച്ചു
കൊള്ളുന്നു.

Mr. M. N. Narayana Menon : ഇന്ന് കൊച്ചി തുറമുഖം സ

ഒരു പ്രസ്സ്കമ്മ്യൂണിക്ക് പ്രസിദ്ധപ്പെടുത്തേണ്ടതാകുന്നു.

Rao Sahib Dr. N. Kunjan Pillai : Sir, the Cochin Harbour question is now engaging the attention of the Government of India. As honourable members know there was a conference in Simla a couple of months back and as no definite conclusion was reached at that conference another conference will be held, I believe, in September or October. It is too early to announce to the public the results of the previous conference and one cannot say what the result of the next conference is going to be. I would say, Sir, it is

[Rao Sahib Dr. N. Kunjan Pillai.]

not expedient to discuss this question on the floor of the House at the present moment. The honourable members may take it from me that the Government will give the matter that attention which its importance demands and that they will do all that lies in their power to advance the interests of this country.

Mr. M. N. Paramesvaran Pillai : May I know from the member whether the Government propose to accept the final decisions of the conference ?

Rao Sahib Dr. N. Kunjan Pillai : I cannot say now, Sir, what the Government propose to do. But Government will do all that lies in their power to advance the interests of the State. I cannot say whether it will be necessary for Government to consult the House before they come to a final decision. The matter, as the honourable members are aware, does not lie entirely with this Government. There are the Government of Cochin, the Government of Travancore, the Government of India and the Madras Government who are all interested parties in this question.

Mr. A. N. Visvanatha Pillai : മൂന്നു ഗവണ്മെൻറുകൾ പണം ചെലവാക്കീട്ടു് നാലുഗവണ്മെൻറുകൾക്കായി വീതിക്കണമെന്നാണോ പറയുന്നതു്?

Rao Sahib Dr. N Kunjan Pillai : അതിനെപ്പററി ഒന്നും തന്നെ ഇപ്പോൾ പറയാറായിട്ടില്ല. അതു് ആലോചനയിൽ ഇരിക്കുന്നതേയുള്ളു. ഇപ്പോൾ അതിനെപ്പററി പറയുന്നതു് നമുക്കു ഗുണകരമായിരിക്കുമോ എന്നു് സംശയമാണു്. അതുകൊണ്ടു് ഇപ്പോൾ ഈ കാര്യം വാദപ്രതിവാദത്തിനു് കൊണ്ടുവരാതിരിക്കയാണു് നല്ലതെന്നു് എനിക്കു തോന്നുന്നു.

Regarding the question raised by Mr. Visvanatha Pillai about the development of ports, I may say that Government have been doing all that is possible in the matter. Regarding the Alleppey port the House knows that, during the last year or two, the facilities for shipping were greatly reduced on account of the sand accretion and Government spent a considerable amount of money in removing the sand. Government also obtained the services of an expert, Mr. Ash, and on the basis of his report they are taking action to extend the pier in order that the facilities that existed originally might be restored. Government have already placed the order for the necessary materials and I think some of them have already arrived. Probably in the course of about six months it

may be possible to carry out this extension and restore, as I said, the facilities for shipping, which existed at Alleppey before the sand accretion.

Mr. G. Narayana Aiyar: Is the port of Trivandrum bound by the provisions of the Interportal Convention?

Rao Sahib Dr. N. Kunjan Pillai: Yes. The Interportal Convention applies to the whole of Travancore. As regards the other ports also Government want to do whatever is possible for their development. But there is financial stringency. When funds permit Government would take up the question of improving the other ports as well.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether the Travancore Durbar has taken any move to get the Interportal Convention revised?

Rao Sahib Dr. N. Kunjan Pillai: Well, Sir, that is a very big question I think it was included in the Memorandum sent up to the Davidson Committee. All these big questions have been considered in connection with the future constitution of the Indian Federation. Probably they will be considered by the Government of India before the Federation is brought into being, and we may hope that, at one time or other, these complicated problems will be solved to the advantage of Travancore I cannot prophesy now when that is going to be or how it is going to be done. You may rest assured that the Government will do all that is possible to secure the advantages and benefits that are naturally and legitimately due to Travancore. Sir, I do not want to say anything more on this subject.

Chairman: I put Demand XXI—Ports for Rs. 21,045. Does the House grant the Demand?

The grant was made.

DEMAND XXII—STATE CHARITIES.

Mr. R. Nilakanta Pillai: Sir, I move for a grant of Rs. 11,303 under Demand XXII—State Charities.

Chairman: I put Demand XXII—State Charities for Rs. 11,303.

The grant was made.

DEMAND XXIII—CURRENCY AND MINT.

Mr. R. Nilakanta Pillai: Sir I move for a grant of Rs. 2,832 under Demand XXIII—Currency and Mint.

Chairman: I put Demand XXIII—Currency and Mint for Rs. 2,832.

The grant was made.

DEMAND XXIV—STATIONERY AND PRINTING.

Rao Sahib Dr. N Kunjan Pillai: Sir, I move for a grant of Rs, 2,77,640 under Demand XXIV—Stationery and Printing.

Chairman: I put Demand XXIV—Stationery and Printing for Rs. 2,77,640.

The grant was made.

DEMAND XXV—CO-OPERATIVE DEPARTMENT.

Rao Sahib Dr. N. Kunjan Pillai: Sir, I move for a grant of Rs. 79,541 under XXV Co-operative Department.

Mr. M. N. Paramesvaran Pillai: Sir, I raise a point of order. The Demand is put down in the name of Mr. M. Govinda Pillai. Can the Demand be moved by any other member?

Chairman. The Chair permits it.

Mr. M. Govindan: Sir, I oppose the Demand. My object in opposing the Demand is not that there should be no co-operative work at all in Travancore. I only wish to bring to the notice of the Government that a sum of Rs. 10,000 provided under that head for the amelioration of the condition of the depressed classes is quite inadequate. My friend Mr. Padmanabhan Tampi has brought to the notice of the Government the inadequacy of this sum when he was discussing about the general administration. My point is this. The details under which it is proposed to ameliorate the condition of the depressed classes are (i) construction of wells, (ii) construction of buildings and (iii) organisation of co-operative societies. Now, Sir, the organisation of co-operative societies in Travancore has not been taken such advantage of even by more advanced classes. In the case of the depressed classes I do not think that they are going to derive benefit from this. The mere fact that the Protector of Depressed Classes is working under the Registrar of Co-operative Societies, a bare accident, seems to supply the only connection, the only factor that links co-operation with this limited amount that has been sanctioned for the amelioration of the condition of the depressed classes.

The amelioration of their condition can be better effected by helping the education of the community. A free boarding home

for the depressed classes in Trivandrum or rather in the important educational centres of Travancore, the establishment of scholarships, say one or two foreign scholarships to such of the depressed class members who have succeeded in obtaining general education necessary for proceeding to Europe, Japan, or any other foreign countries, such are the lines on which the condition of the depressed classes may be improved, It may also be necessary for them to have good healthy house sites near towns. Now the concessions shown in far away outlying village parts by way of relaxation of puduval rules for the assignment of lands and all that cannot be of much utility to the depressed classes for the reason that they are labourers and that they cannot get labour in out of the way places. So suitable lands have to be acquired near the town sites. What is the meaning of saying that there should be houses built for them when they have no lands? First of all lands may be acquired. Then it is time enough for houses to be built on them. Suitable sites have to be acquired for the use of the depressed classes. Then only the other items in the programme for the amelioration of their condition can be worked.

Mr. M. N. Narayana Menon: ആറായിരം ഏക്കറിൽ അധികം ഭൂമി അധഃകൃതർക്കായി പതിച്ചുകൊടുത്തിട്ടുണ്ടെന്നു മെമ്പർക്കറിയാമോ?

Mr. M. Govindan: എനിക്കറിഞ്ഞുകൂടാ. ഒരിഞ്ചു സ്ഥലംപോലും പതിച്ചുകൊടുത്തിട്ടുണ്ടെന്നു ഫൈനാൻഷ്യൽ സെക്രിട്ടറിയുടെ പ്രസംഗത്തിൽ ഇല്ല.

With regard to the depressed classes, the treatment of the subject in the Financial Secretary's report is absolutely step-motherly, Sir, there, the dpressed classes instead of even occupying one paragraph comes within the paragraph of co-operation and there are three sentences devoted to the depressed classes. I submit that this is a very serious problem in Travancore and we are not paying due attention to it. 17 lakhs of people are condemned as untouchables. Thanks are due to the Government for the recent communique declaring the Government's determination not to spend money from the public funds where untouchability is recognised. But I am very sorry to notice a notification very recently published after the above communique saying that Government intend constructing a satram for depressed classes at Cape Comorin and a site is going to be acquired for that. If there is no untouchability in the State, where is the necessity for another satram specially for untouchables? I have no objection for building another satram also at Cape Comorin. It may promote the

[Mr. M. Govindan.]

convenience and comforts of travellers and pilgrims who resort to the Cape. Let there be two satrams at Cape Comorin since it is a very important place. But one should not be built for one particular set alone, *viz.* the untouchables.

Mr. M. N. Paramesvaran Pillai: In the agenda it is stated that under definite instructions from the Government the various Demands for the year 1110 will be moved, in the order and manner given in the agenda. This Demand is put down in the name of Mr. N. Govinda Pillai. I wish to know whether the President by a ruling could vary the direction so given by the Government in the matter?

Chairman: Is there any previous ruling in the Lower House?

Mr. Kayalam Paramesvaran Pillai: In case the Government request the permission from the Chair for a particular member to move the demand it can be done so.

Mr. A. N. Visvanatha Pillai: തിരുവിതാംകൂറിലെ കൌൺസിലിൽ ഇതുപോലെയുള്ള ഒരു പ്രീസിഡൻറു ഉണ്ടായിട്ടുണ്ടോ?

Mr. M. N. Paramesvaran Pillai: May I know on what Standing Order does the honourable Law Member base his opinion?

Mr. Kayalam Paramesvaran Pillai: On what standing order does the honourable member raise the point of order?

Mr. K. P. Nilakanta Pillai: Generally a point of order could be raised at any time whether it is controlled by the Regulation or Rules. With reference to the procedure of this House, at any moment any point of order could be raised whether it is covered by the Regulation or Rules.

Chairman: The member has to state clearly his reason to raise a point of order. What is the violation he finds here?

Mr. K. P. Nilakanta Pillai: That is a question of general principle. Recently the Law Member explained to this House that the sole power to regulate the business of the House in alloting the number of days, etc., rests with the Dewan and so the President is not competent to allot more days, etc. If that be so the Dewan has instructed a particular officer to move this Demand. Now I ask the question whether in the absence of that officer, the President is competent to authorise any one else to move that Demand. This is the point of order and it need not definitely be stated under what provision of the Rules or the Regulation it is stated.

Chairman : It is now 5'o clock. Automatically the business closes. I put demand XXV—Co-operative Department for Rs. 79,541.

The grant was made.

Chairman : The time allotted for the voting of Demands for grants has now expired. All the remaining motions lapse.

DEMAND XXXI—SCIENTIFIC AND MISCELLANEOUS DEPARTMENTS EXCEPT CO-OPERATIVE DEPARTMENT,

Chairman : I put demand XXVI—Scientific and Miscellaneous Departments except Co operative Department for Rs. 92,978.

The grant was made.

DEMAND XXVII—MISCELLANEOUS CHARGES.

Chairman : I put Demand XXVII—Miscellaneous Charges for Rs. 79,311.

The grant was made.

DEMAND XXVIII—ANCHAL DEPARTMENT.

Chairman : I put Demand XXVIII—Anchal Department, for Rs. 3,90,587.

The grant was made.

DEMAND XXIX—STATE LAND MORTGAGE BANK.

Chairman : I put Demand XXIX—State LandMortgage Bank for Rs. 41,800.

The grant was made.

DEMAND XXX—CAPITAL EXPENDITURE NOT CHARGED TO REVENUE-RAILWAYS.

Chairman : I put Demand XXX—Capital Expenditure not charged to Revenue—Railways for Rs. 29,600.

The grant was made.

DEMAND XXXI—LOANS—AGRICULTURAL LOANS.

Chairman : I put Demand XXXI—Loans—Agricultural Loans for Rs. 3,50,000.

The grant was made.

DEMAND XXXII—LOANS—INDUSTRIAL LOANS.

Chairman: I put Demand XXXII—Loans—Industrial Loans for Rs. 50,000.

The grant was made.

DEMAND XXXIII—LOANS—OTHER LOANS AND ADVANCES.

Chairman: I put Demand XXXIII—Loans—Other Loans and Advances for Rs. 50,000.

The grant was made.

DEMAND XXXIV—DEBT HEADS—ADVANCES.

Chairman: I put Demand XXXIV—Debt Heads—Advances for Rs. 78,000.

The grant was made.

DEMAND XXXV—INVESTMENTS ON REPRODUCTIVE WORKS

Chairman: I put Demand XXXV—Investments on Reproductive Works for Rs. 2,55,000.

The grant was made.

Chairman: I understand that the President has directed that the election of two members, one for the Public Accounts Committee and the other for the Standing Finance Committee, will take place now after the House is adjourned. All the non-official members will please wait for the election.

The House will now adjourn and meet at 11 A. M. on the 2nd Chingam 1110.

The Council adjourned at 5-5 P. M.

P. PARAMESVARAN PILLAI,
Secretary to the Sri Chitra State Council.

PROCEEDINGS

of

THE TRAVANCORE SRI CHITRA STATE COUNCIL.

(*OFFICIAL REPORT*)

FIRST COUNCIL.

VOLUME III—NUMBER 7.

THIRD SESSION—1109/1934.

Saturday, the 18th August 1934/2nd Chingam 1110.

The Council assembled in the Victoria Jubilee Town Hall at Eleven of the clock in the fore-noon, the President, Khan Bahadur Sir Muhammad Habibullah Sahib Bahadur, K. C. S. I., K. C. I. E., Kt., LL. D., presiding.

QUESTIONS AND ANSWERS.

Institution of a Second Class Magistrate's Court at Alleppey.

73. ***Mr. K. Padmanabha Panickar** (*Ambalapuzha*): Will the Government be pleased to state:

(*a*) whether they have received any petitions or representations from the Alleppey public for the institution of a Second Class Magistrate's Court at Alleppey; and

(*b*) whether a full-time Second Class Magistrate's Court existed at Alleppey some years back, and, if so, how long it is since it has been removed?

Rao Sahib Dr. N. Kunjan Pillai (*Chief Secretary to Government*): (*a*) No.

(*b*) Yes, till the end of 1097, and the same was shifted to Ambalapuzha from the 1st Chingam 1098.

Mr. K. Padmanabha Panickar: May I know from the member why this change was effected?

Rao Sahib Dr. N. Kunjan Pillai: Why the headquarters of the taluk was shifted from Ambalapuzha to Alleppey; is that the question?

Mr. K. Padmanabha Panickar: May I know why this transfer of the Second Class Magistrate's Court was effected?

Rao Sahib Dr. N. Kunjan Pillai: The headquarters of the taluk was transferred from Ambalapuzha to Alleppey and at that time Government thought that the Stationary Magistrate's Court should be shifted from Alleppey to Ambalapuzha.

Publicity Bureau attached to the Huzur Secretariat.

79. * **Mr. M. N. Paramesvaran Pillai** (*Municipal Councils*): Will the Government be pleased to furnish information regarding the following:—

(*a*) whether there is a Publicity Bureau attached to the Huzur Secretariat, if so, how many persons are employed in that branch, and what are the qualifications and pay of each; and

(*b*) what is the purpose for which this Bureau has been created?

Rao Sahib Dr. N. Kunjan Pillai: (*a*) The answer is in the negative.

(*b*) In view of the answer to part (*a*), this does not arise.

Number of documents registered in the Sub-Registrars' Offices in Chirayinkil taluk.

80. * **Mr. K. P. Nilakanta Pillai** (*Chirayinkil cum Nedumangad*): Will the Government be pleased to state the total number of documents registered in the following Sub-Registrars' Offices of the Chirayinkil taluk from 1103 up to date (26-11-1109):

(*a*) Navaikulam;
(*b*) Attingal;
(*c*) Chirayinkil; and
(*d*) Warkalai?

Rao Sahib Dr. N. Kunjan Pillai: A statement* containing the information required is laid on the table.

Purchase of a radio set for the Observatory.

81. * **Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state whether there is a radio set in the Observatory at Trivandrum, and, if so, when it was purchased, at what cost and for what purpose?

Rao Sahib Dr. N. Kunjan Pillai: Two radio sets were purchased for the use of the department, one in March 1928 at a cost of Bh. Rs. 500 and another in November 1929 at a cost of Bh. Rs. 325. They are being used in recording time signals.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether there is not a telescope in the Observatory to test the correctness by star observation?

---

* *Vide* Appendix I—page 559.

Rao Sahib Dr. N. Kunjan Pillai: Yes, there is one.

Mr. M. N. Paramesvaran Pillai: Then, may I know from the member what induced Government to purchase these two radio sets ?

Rao Sahib Dr. N. Kunjan Pillai: To record the time signals received from Ceylon.

Mr. K. P. Nilakanta Pillai: May I know what is the peculiarity of the time signals received from Ceylon ?

Rao Sahib Dr. N. Kunjan Pillai: The time signal from Colombo would indicate correct time. The Observatory has to get correct time.

President: What is the peculiarity was the question.

Rao Sahib Dr. N. Kunjan Pillai: The peculiarity is, Sir, that one could get correct time.

Mr. K. P. Nilakanta Pillai: Is the Ceylon time the most correct time ?

Rao Sahib Dr. N. Kunjan Pillai: The Ceylon signal indicates the correct time.

Mr. K. P. Nilakanta Pillai: May I know whether there is anything further which necessitated the two sets of radio to be purchased ?

Rao Sahib Dr. N. Kunjan Pillai: One set may go out of order, then it is necessary to have another set to record correct time.

Mr. S. Piraviperumal Pillai: (*Commerce and Industry, South*): May I know from the member whether Government have any objection to broad-cast music programme in the interests of the public ?

Rao Sahib Dr. N. Kunjan Pillai: Government have not considered the question so far. It may be considered.

Notice Office of the Sri Chitra State Council.

82. *** Mr. S. Piraviperumal Pillai**: Will the Government be pleased to state whether a Notice Office as contemplated in the Standing Orders and Rules governing the State Council is in existence ? If so, where it is and who the officer in charge of the same is for notices being deposited ?

Rao Sahib Dr. N. Kunjan Pillai: *First part.* Yes ; the Office of the Secretary to the Council in the Public Offices.

Second part. The Secretary to the Sri Chitra State Council.

Cases of cancer treated in Government hospitals.

83. * **Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state :

(*a*) how many persons suffering from cancer have come to the Government hospitals in the State for treatment during the last five years ;

(*b*) how many of them have been admitted and treated in such hospitals, and how many have been directed to other private institutions for treatment ; and

(*c*) whether the Government have made any arrangements for introducing radium treatment in any of the Government hospitals in the State ; and, if not, whether any steps are being taken to introduce that system of treatment ?

Mr. A. Kumara Pillai (*Secretary to Government*): (*a*) Statistics are not available at present.

(*b*) In view of the answer to part (*a*), these do not arise.

(*c*) No. Its introduction has to wait for better financial conditions.

Interpellations asked at the Assembly and Council in 1108 and 1109.

84. * **Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to furnish information on the following points :

(*a*) how many interpellations have been received by them from the members of : —

(i) The Sri Mulam Assembly, and

(ii) The Sri Chitra State Council, in 1108 and in 1109 up to date (15-11-1109) ; and

(*b*) how many of them have been answered and how many remain unanswered ?

Mr. A. Kumara Pillai: (*a*) and (*b*). A *statement containing the information is laid on the table.

Fees for the X-ray examinations conducted from 1107 to 1109.

85. * **Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state :

(*a*) how many cases of X-ray examination have been conducted during 1107, 1108 and 1109 and what is the aggregate of fees realised thereby ; and

(*b*) how much of that amount was paid to the doctor who conducted the examination ?

---

* *Vide* Appendix II—page 560.

Mr. James Simpson (*Darbar Physician*) :

(a) *Year*	*No. of cases of X-ray examination.*	*Fees realised.*
		Rs.
1107	812	1,011
1108	1,341	1,200
1109 up to the end of Mithunam	1,964	1,560

(b) *Year.*	*Amount paid to the Radiologist.*
	Rs.
1107	505-14-0
1108	600-0-0
1109	583-0-0 to the Radiologist and Rs. 197 to the Assistant to the Radiologist.

Mr. K. P. Nilakanta Pillai: May I know what is the proportion of the examinations conducted for which no fees were levied ?

Mr. James Simpson : You want the proportion between the Radiologist and his assistants ?

Mr. K. P. Nilakanta Pillai : No, I want the proportion between the examinations for which fees were charged and those which were freely conducted.

Mr. James Simpson : I am afraid I have to claim notice for that.

Opening of a dispensary at Puthenchira.

86. *** Mr. G. Narayana Aiyar** (*Kunnatnad* cum *Parur*) : Will the Government be pleased to state whether it is a fact that the public of Puthenchira pakuthi have memoralised them for the opening of a dispensary at Puthenchira; and if so, when the memorial was first received and what steps have been taken on the memorial ?

Mr. James Simpson: Yes, in 1921. The opening of new dispensaries in the State has been postponed to better times.

Mr. G. Narayaa Aiyar : May I know from the member whether there is any dispensary in Puthenchira owned by private practitioners ?

Mr. James Simpson : I claim notice.

Mr. G Narayana Aiyar: May I know whether the people of Puthenchira have not to go to Parur for medical aid in all cases ?

Mr. James Simpson : They have to go to the nearest hospital ; I think Parur is the nearest place.

Mr. G. Narayana Aiyar : What is the distance from Puthenchira to Parur ?

Mr. James Simpson : My information is that it is 16 miles.

Mr. G. Narayana Aiyar : May I know from the member whether it is not highly necessary to have a dispensary at Puthenchira in view of the long distance from Puthenchira to Parur ?

Mr. James Simpson : There are many places in the State where dispensaries have no doubt to be opened for giving better medical aid. But Government, for the last 2 years, have decided not to open new dispensaries. There are other districts where the people have been wanting dispensaries for some time but Government have not opened them.

Mr. G. Narayana Aiyar : In view of the serious difficulties of the inhabitants of Puthenchira, will the Government be pleased to open a dispensary there in the near future ?

Mr. James Simpson : The matter is before Government and it will certainly be considered along with the opening of other dispensaries.

Tax on lands damaged by floods during 1108.

87. * **Mr. V. S. Arumukham Pillai** (*Tovala* cum *Agastisvaram*) : Will the Government be pleased to state :

(*a*) whether they have received reports from the Land Reveve and Income-Tax Commissioner in respect of lands damaged by floods during the year 1108 ; and

(*b*) if so, whether complete remission of tax for 1108 has been sanctioned in respect of those areas, as per order R. Dis. No. 1311 of 33/Revenue, dated Trivandrum, 25th September 1933?

Mr. K. George (*Land Revenue and Income-Tax Commissioner*) : (*a*) The answer is in the affirmative.

(*b*) No. Government only sanctioned the remission of the proportionate assessment on the Kanni crop for 1109 on lands where the crops completely failed on account of the floods in Edavam 1108.

Mr. V. S. Arumukham Pillai: May I know from the member whether he is aware that remission was not granted in respect of Sri Pandaravagai lands ?

Mr. K. George: I accept the information from the member.

Mr. K. P. Nilakanta Pillai : May I know from the member whether the Government order mentioned is going to affect all the taluks ?

President : You cannot ask for an information.

Mr. K. P. Nilakanta Pillai: Not an information. I want to know whether, as a matter of fact, remission was granted to all taluks which were damaged by the floods.

President: Yes, put it in that form.

Mr. K. P. Nilakanta Pillai: May I know, Sir, whether complete remission was ordered to all taluks where all crops were completely damaged?

Mr. K. George: This remission relates to the damage of crops in the floods of 1108. Wherever there were floods and actual damage, information on that point was received by the Commissioner and remission granted.

Land registered for the depressed classes.

88. * **Mr. V. S. Arumukam Pillai**: Will the Government be pleased to state:

(*a*) how many acres of land were registered this year (1109) for the depressed classes of Agastiesvaram and Tovala; and

(*b*) how many acres were ear-marked for registration in both these taluks?

Mr. K. George: (*a*) No land has been registered for the purpose.

(*b*) Tovala taluk—2559·09 acres. Agastisvaram taluk—Nil.

Mr. K. P. Nilakanta Pillai: May I know from the member whether it is on account of the dearth of applications that the lands ear-marked for registration were not registered?

Mr. K. George: It may be that or it may be that the applicants had applied for lands which cannot be registered.

Mr. K. P. Nilakanta Pillai: The question is whether there were applications for registering lands from the ear-marked area?

Mr. K. George: I have no information.

Experts in the Industries Department.

89. * **Mr. M. N. Paramesvaran Pillai**: Will the Government be pleased to state:

(*a*) how many experts are entertained in the Industries Department;

(*b*) what is the salary paid to each;

(*c*) what was the amount of T. A. drawn by each every year during the last 5 years;

(*d*) how much money has been spent by Government till now (15-11-1109) for their education, salaries, tour and establishments; and

[Mr. M. N. Paramesvaran Pillai.]

(*e*) the material and tangible benefits, if any, the State has derived from the services of these experts?

Rao Sahib Dr. N. Kunjan Pillai: (*a*) Two.

(*b*) Rs. 250-15-400.

(*c*) Textile Expert Rs. 211-19-3.
671-24-6.

Appointment of a peon as acting clerk in the Anchal Superintendent's Office.

90. *** Mr. N. K. Padmanabha Pillai:** (*Neyyattinkara cum Nedumangad*): Will the Government be pleased to state whether the present Anchal Superintendent had appointed a peon from the Monipally Anchal Office as acting clerk in the Anchal Superintendent's Office when there were graduate volunteers waiting without employment, and, if so, what is his name, and justification of the Anchal Superintendent's action?

Rao Sahib Dr. N. Kunjan Pillai: Yes. P. M. Syriac. Postings to the Anchal Superintendent's Office are not restricted to graduates. Syriac, though given lien on the post of a peon, is an eligible clerk volunteer recruited in 1103 and has acted as Anchal Master and clerk in various Anchal Offices.

Mr. N. K. Padmanabha Pillai: May I know from the member whether Syriac has got the Anchal Test qualification?

Rao Sahib Dr. N. Kunjan Pillai: He is qualified for the post. That is what the Anchal Superintendent says.

Mr. N. K. Padmanabha Pillai: May I know how many clerk volunteers are waiting without appointments?

Rao Sahib Dr. N. Kunjan Pillai: There may be a number of them. The exact number is not with me at present.

Mr. N. K. Padmanabha Pillai: Are they not seniors to Syriac?

Rao Sahib Dr. N. Kunjan Pillai: The Anchal Superintendent says that this man is qualified and that he has been appointed in the order of seniority.

Mr. J. John Kattakayam (*Muvatupuzha* cum *Todupuzha*): കത്തോലിക്കരായി എത്രപേരുണ്ട്?

Rao Sahib Dr. N. Kunjan Pillai: എത്രപേരുണ്ടെന്ന് ഇപ്പോൾ പറയാൻ നിവൃത്തിയില്ല. പ്രത്യേകം ഒരു ചോദ്യം അയച്ചാൽ അതിന് ഉത്തരം പറയാം.

Mr. J. John Kattakayam: ഇപ്പോൾ ഇരിക്കുന്ന ആൾ സർവീസിൽ പ്രവേശിച്ചിട്ട് എത്രകാലമായി?

Rao Sahib Dr. N. Kunjan Pillai: ൧൧൦൯-ൽ ആണെന്നാണ് അഞ്ചൽസൂപ്രണ്ട് പറയുന്നത്.

Mr. J. John Kattakayam: ഈ ആളിനെപ്പോലെ യോഗ്യതയുള്ള ആളുകൾ അഞ്ചൽമാസ്റ്റ്രന്മാരായിരിക്കുന്നുണ്ടോ?

Rao Sahib Dr. N. Kunjan Pillai: ഉണ്ടായിരിക്കാം.

Punishments meted out by the present Anchal Superintendent.

91. * **Mr. J. John Kattakayam:** Will the Government be pleased to state:

(a) the number of subordinates fined by the new Anchal Superintendent, since he took charge of his duties and the amount realised thereby;

(b) the number of persons dismissed, the number suspended and the number transferred; and

(c) the number of offices, where, on inspection, shortage of money was found out?

Rao Sahib Dr. N. Kunjan Pillai: (a) 155—Rs. 138—18 chs.

(b) Dismissed 1.
Suspended 10.
Transferred 86.

(c) 3.

President: Ah! Malayalam; you are ignoring the questioner.

(The answer was read in Malayalam).

Mr. J. John Kattakayam: ഇന്നു് ഈ ഡിപ്പാർട്ടുമെൻറിൽ നടന്നുവരുന്ന കർശനമായ ശിക്ഷകൾ കാര്യക്ഷമമായ ഭരണത്തിന് ആവശ്യമാണെന്നാണോ മെമ്പർക്കുള്ള അഭിപ്രായം?

Rao Sahib Dr. N. Kunjan Pillai: അഭിപ്രായം അറിയുന്നതിനുവേണ്ടി ചോദ്യം ചോദിക്കാൻ പാടില്ലെന്നു ഇവിടെ റൂളിംഗ് ഉണ്ടായിട്ടുണ്ടു്.

Mr. J. John Kattakayam: അപേക്ഷപ്രകാരം എത്രപേർക്കു സ്ഥലംമാററം കൊടുത്തിട്ടുണ്ടു്?

Rao Sahib Dr. N. Kunjan Pillai: അതിനെപ്പററി ഇപ്പോൾ അറിയാൻ പാടില്ല

Mr. M. N Paramesvaran Pillai: May I know whether all the Nair graduates in the Anchal Superintendent's Office have been transferred?

Rao Sahib Dr. N. Kunjan Pillai: I have no information; I claim notice.

Mr. Komilezhathu Sankaran: May I ask whether transfers from the Anchal Superintendent's Office are made according to caste?

Rao Sahib Dr. N. Kunjan Pillai: No.

Mr. N. K. Padmanabha Pillai: May I know the number of hands degraded?

President: That is outside the purview of the question; you better put a fresh question on that if you like.

Fixing the sale price of salt.

92. *** Mr. G. Narayana Aiyar:** Will the Government be pleased to state whether they have issued any directions or orders to the merchants who purchase salt from the depots that they should sell the two varieties of salt at particular prices, and, if so, what is the price fixed?

Mr. C. O. Madhavan (*Excise Commissioner*): No.

Mr. G. Narayana Aiyar: May I ask whether the member knows that the merchants in the taluks of Parur, Kunnatnad, Muvattupuzha and Todupuzha are selling Bombay salt at a much higher price than the price fixed for home salt?

Mr. C. O. Madhavan: Yes.

Mr. G. Narayana Aiyar: May I know whether it is not recognised that Bombay salt is far superior to home salt?

President: That is a matter of opinion.

Mr. G. Narayana Aiyar: May I ask whether it is admitted by Government that Bombay salt is superior to home salt?

Mr. C. O. Madhavan: Government know that the people of North Travancore prefer Bombay salt to home salt.

Mr. G. Narayana Aiyar: May I ask whether the statement contained in the report of the department, that Tinnevelly, Bombay and Karachi salt is of better quality than the salt produced by our own factory, is not correct?

Mr. C. O. Madhavan: If it is so stated, it is correct.

Mr. G. Narayana Aiyar: When it is admitted that home salt is inferior, can the Government insist on the consumers—merchants who buy from the Government depot—purchasing equal quantities of Bombay salt and home salt?

Mr. C. O. Madhavan: I have to make an explanatory statement to make the position clear.

President: You may answer it by a statement.

Mr. C. O. Madhavan: The supply of Bombay salt is restricted merely to find a market for local salt. Bombay salt is supplied at the Munambam and Alleppey salt depots to supplement local salt which is not sufficient to meet the entire local demand. People of North Travancore prefer Bombay salt to local salt. Therefore, whatever Bombay salt we import we stock in the Munambam and Alleppey depots. But, as I said, the supply of Bombay salt is restricted in order that local salt may find a sale.

President: That is to say, Government want to encourage the sale of local salt.

Mr. C. O. Madhavan: Yes, Sir.

Mr. G. Narayana Aiyar: Do the Government insist on the merchants purchasing equal quantities of Bombay salt and home salt?

Mr. C. O. Madhavan: Yes, from Munambam, and I have already explained the reason for that.

Mr. G. Narayana Aiyar: Does not that practice work a great deal of hardship on the consumer?

Mr. C. O. Madhavan: To a large extent, it is a question of taste.

President: His question is whether you are aware that it works hardship.

Mr. C. O. Madhavan : There is no great hardship, Sir. If we supply them with all the Bombay salt that they want we would have to find fresh market for home salt.

Mr. G. Narayana Aiyar : A reference, to page 117 of the Administration Report of the Excise Department shows that Bombay salt is sold at 3 chs. 12 cash per *edangali*, whereas local salt is sold at 2 chs. 12 cash per *edangali*.

President : That has been admitted by the Government member ; and he has told us distinctly that the reason is to encourage local salt. It is a method of inducing people to purchase local salt. They have deliberately fixed a higher price for foreign salt. That is his answer. Patriotism, I suppose.

Mr. K. P. Nilakanta Pillai : May I ask why, if the object of Government is to encourage the consumption of local salt, equal quantities of Bombay salt and home salt are supplied from the Munambam and Alleppey depots ?

Mr. C. O. Madhavan : The proportion is equal at Munambam alone, and not so at Alleppey, where it is one of Bombay salt and five of local salt. As already explained, Bombay salt is brought to supplement the local salt, to the extent to which it is not sufficient to meet the demand.

Mr. V. S. Arumukam Pillai: May I ask whether there is complaint that the salt issued from Puthalam contains more of magnesium chloride ?

Mr. C. O. Madhavan : On analysis, the salt produced in all these factories in South Travancore has been found to contain small varying quantities of magnesium chloride. I cannot say whether Puthalam salt alone contains more of it.

Abolition of the temporary Sub-Registrar's office at Warkalai.

93. ***Mr. K. P. Nilakanta Pillai :** With reference to the abolition of the temporary Sub Registrar's office at Warkalai, will the Government be pleased to furnish the following information :

(*a*) the various reasons which weighed with them for ordering the abolition of the Sub-Registrar's office at Warkalai from the beginning of the next year ;

(*b*) the total number of documents registered in the above office every year from 1103 up to date (26-11-1109) ;

(*c*) the annual net income of the above office from 1103 up to date ; and

(*d*) the average expenditure incurred on account of the above office per annum?

Rao Sahib Dr. N. Kunjan Pillai: (*a*) Warkalai Sub-Registrar's office is not being abolished.

UNSTARRED QUESTIONS AND ANSWERS.

Registry of documents in Sub-Registrar's offices.

1. **Mr. K. P. Nilakanta Pillai**: Will the Government be pleased to state the names of the Sub-Registrar's offices in the State which registered less than 3000 documents during the years 1106, 1107, 1108 and 1109?

Rao Sahib Dr. N. Kunjan Pillai: A statement* containing the information required is laid on the table.

Neglect of the Alleppey Port by certain Steam Navigation Companies.

2. **Mr. S. Adam Sait** (*Nominated*): Will the Government be pleased to state whether they are aware that the B. I., the Asiatic and the Scindia Steam Navigation Companies are treating the port of Alleppey as closed so far as their steamers are concerned; and, if so, whether they are aware of the reasons?

Rao Sahib Dr. N. Kunjan Pillai: Yes. But, two steamers of the British India Steam Navigation Company Ltd., and two steamers of the Scindia Steam Navigation Company Ltd., referred to, called and worked at the Alleppey Port during the

monsoon period, and one steamer of the Asiatic Steam Navigation Company Ltd. completed discharge and left the Port only on 17-5-34.

The reasons adduced by them are the lack of suitable facilities and the inevitable delay caused to steamers thereby.

The mud bank at the Alleppey Port.

3. **Mr. S Adam Sait**: Will the Government be pleased to state the present position of the mud-bank at Alleppey Port?

Rao Sahib Dr. N. Kunjan Pillai: At present the position of the mud-bank is south of the east and west line of the Pier, extending westward beyond the Steamers' southern anchorage, a distance of about 3½ miles from shore. The northern limit of the mud bank is approximately 250 yards south of the east and west line of the Pier, affording smooth water south of this line.

Moderate seas are being experienced at the Pier and to the north. The bank is slowly moving northwards.

Port Conservancy Board.

4. **Mr. S. Adam Sait**: Will the Government be pleased to state whether they have received any representation from Alleppey for the creation of the Port Conservancy Board of Landing and Shipping Fees Committee and, if, so, what action they have taken thereon?

Mr. C. O. Madhavan: Yes. The formation of a Landing and Shipping Fees Committee at Alleppey is under the consideration of Government.

Traffic Inspectors.

5. **Mr. S. Adam Sait**: Will the Government be pleased to state:

(a) the number of Traffic Inspectors that are now (12-7-34) in service;

(b) their qualification;

(c) the caste to which they belong;

(d) their pay and allowance; and

(e) the work they do?

Rao Bahadur N. Ramanuja Aiyangar (*Commissioner of Police*): (a) Seven.

(b) (c) and (d) A statement* furnishing the information is laid on the table.

(e) Traffic control and regulation; examination of motor vehicles, etc.

Supply of stationery to Offices and Courts.

6. **Mr. K. Rama Varma Raja** (*Edavagai*): Will the Government be pleased to state whether articles of stationery are supplied to offices and courts outside Trivandrum once in an year or in instalments?

Rao Sahib Dr. N. Kunjan Pillai: The articles of Stationery required for the offices and courts in the mofussil are supplied generally once a year or in instalments as the stock, from time to time, would permit.

Statement regarding the working of the Government Press.

7. **Mr. S. Piraviperumal Pillai**: Will the Government be pleased to place on the table a profit and loss statement of the working of the Government Press for each of the last five years ending the 31st Karkadakam 1108?

Rao Sahib Dr. N. Kunjan Pillai: The member is referred to Appendix C to the annual administration reports of the Government Press for the last five years from 1104 to 1108.

Volume of trade with Ceylon for the last six years.

8. **Mr. K. P. Nilakanta Pialli**: With reference to the external trade of Travancore with Ceylon, will the Government be pleased to state the total volume of trade carried on with Ceylon for the last six years from 1103 to 1108 and what articles this trade was mainly confined to?

Mr. C. O. Madhavan: Two statements*, one showing the figures in respect of the volume of trade with Ceylon and the other showing the principal articles exported to and imported from Ceylon during the years 1103 to 1108, are placed on the table.

Number of lighters working at Aelleppey and Trivandrum.

9. **Mr. S. Adam Sait**: Will the Government be pleased to state the number of sea-going lighters actually working at present (12-7-1934) for loading at Alleppey and Trivandrum; the number of lighters available during each of the past ten years; and also a statement showing the number of lighters lost or damaged during the last ten years, together with the causes thereof?

MEMBERS OF THE STANDING FINANCE AND PUBLIC ACCOUNTS COMMITTEES.

President: I have to announce to the House that, as a result of the elections held on Wednesday evening, to fill the places reserved for this House on the Public Accounts Committee and on the Standing Finance Committee, Mr. John Kattakayam has secured the highest number of votes for the Public Accounts Committee and Mr. M. N. Paramesvaran Pillai for the Standing Finance Committee. I therefore declare these two gentlemen duly elected to the two Committees respectively.

AMENDMENT OF STANDING ORDERS.

Presentation of the report of the Select Committee.

Mr. S. Piraviperumal Pillai: Sir, in presenting the report of the Select Committee, appointed to consider the amendment of Standing Order No. 7, I move that the amendment may be accepted.

Mr. Kayalam Paramesvaran Pillai (*Additional Head Sirkar Vakil*): Does the member move for the *report* of the Select Committee being accepted or for the *amendment*?

Mr. S. Piraviperumal Pillai: The report, Sir.

President: I was about to ask that.

Mr. V. S. Arumukham Pillai: I second the motion, Sir.

President: The effect is that the amendment is withdrawn?

Mr. S. Piraviperumal Pillai: Yes Sir.

The amendment was, by leave, withdrawn.

RESOLUTIONS ON MATTERS OF GENERAL PUBLIC INTEREST.

Reduction of tax on wet lands in Nanjinad.

Mr. V. S. Arumukham Pillai: Sir, I beg to move the following resolution:

> "This Council recommends to the Government that, on account of the peculiar conditions prevailing in Nanjinad, tax on all wet lands, inclusive of water rate, be reduced by 50 per cent. till normal conditions are restored."

The tract known as *Nanjinad* comprises the taluks of Tovala and Agastisvaram, and is said to have been annexed to Travancore in the year 292 M. E. As the name itself indicates, the land has been noted for *Nanja* cultivation and has been rightly called the 'Grannery of Travancore'.

In fact, even now the main occupation and the only occupation, is *nanja* cultivation, chiefly paddy. In other words, the people of Nanjinad are mainly agricultural. Land is their only property and income from land is the only source of income. In short, *they live or die with the land.*

The people of Nanjinad have always been noted for their unstinting *loyalty* and devotion to our beloved sovereign and to our beloved country.

Unmindful of what is taking place elsewhere, they have been following their peaceful occupation—tilling the land, sowing the seed and reaping the harvest. The peculiar characteristic of the

people of Nanjinad cannot be better described than in the words of late Mr. Watts. Late Mr. Watts in a reply to an address presented to him, said of the people thus :

> "So long as you have water for irrigation, you are perfecely indifferent as to who governs the country, Rama or Ravana."

Till about a few years ago, they were leading a life of peace and contentment, satisfied with what they got for their bare maintenance, after paying the land-tax and meeting the cost of cultivation and other expenses.

So long as they could get something for their maintenance, they had no complaint, and there was no clamour. Quite willingly, they were paying the tax, though heavy and excessive it was.

Now that they are at their wit's end unable to eke out a living from land after paying the sirkar tax and the cultivation expenses, discontent has set in and they have begun to feel the pinch of the heavy and burdensome taxation.

Sir, it is now about six years since the economic depression set in. The prices of all agricultural produce, chiefly paddy, have been gradually falling. Paddy which was selling at 8 or 9 rupees per *kottah* during normal times came down to Rs. 5 and gradually at the present day to Rs. 3-as. 8. Taxes remaining the same, cost of cultivation remaining the same, the land holder is put to the painful necessity of selling double and treble the quantity of paddy. Is there a corresponding increase in the out-turn? Owing to innumerable causes, the out-turn has terribly gone down. The natural exhaustion of the soil, the closing of the forests as reserves depriving the poor ryots of green manure, the wholesale auctioning of the tank-beds depriving the people of grazing grounds, various factors as these, and, above all, the utter poverty of the people have contributed a great deal to the heavy fall in the out-turn.

Sir, even for the little paddy that the ryot gets, he is not able to find a market because of foreign competition. At the present moment when the ryot has to pay the tax in money he has to take the produce to a market where there is no demand and he is practically under the control of the trader. He has to accept a measure which the trader dictates. In spite of Regulations, in spite of rules and enactments, the measures that are being used by the trader are extremely uncertain. It is no exaggeration to say that there is actual starvation in the country. Indebtedness is heavily increasing.

[Mr. V. S. Arumukham Pillai.]

Coming to taxation, Sir, if you will kindly compare Nanjinad with the other taluks of the State, you will find that, in the matter of taxation, Nanjinad is being treated with a step-motherly affection by the Government and that the taxes in Nanjinad are even heavier than those imposed on the fertile plains of the Indus, the Ganges and the Cauveri or anywhere else in India. Land there is assessed to Rs. 20 per acre while we in Nanjinad have to pay Rs. 25, Rs. 28, Rs. 30, Rs. 32 and even Rs. 35. Sir, it will be seen that the maximum burden on one acre of wet land in Nanjinad is Rs. 35, which, as I have had occasion to state before in this House, is one not obtaining anywhere under the sun excepting in this blessed land of charity. Sir, a kind reference to the Land Revenue Manual, Vol. III, at pages 300 and 301, will convince one how unequal the assessment in Nanjinad is. Sir, you will find that, for the first *tharam*, the tax in Nanjinad is Rs. 25-15-7 while in Shencotta for the first *tharam* the tax is Rs. 20-10-6, and in Quilon, Kottarakara and other places for the first *tharam* the tax is Rs. 17-10-7. Sir, why this difference—why this inequality? This inequality in the assessment of land-tax in Nanjinad existed from very early times and this will be seen from the statement made by the Honourable V. Ramaiengar. This is what he says:

> "The present inequality of assessment, such as it is, is another evil of great magnitude......"

President: In what document has that statement been made?

Mr. V. S. Arumukham Pillai: In the Land Revenue Manual.

President: You must draw the attention of the House to that particular document first.

Mr. V. S. Arumukham Pillai: I am reading the statement from the Land Revenue Manual:

> "The present inequality of assessment, such as it is, is another evil of great magnitude. Generally, to the north of Trivandrum the assessment of land is moderate. But in the southern taluks notably in Tovala and Agastisvaram, the burden is both onerous and unequal. Complaints of over-assessment and the incidence of the Government demand are frequent. The margin of profit is said to be small. There is no accumulation of capital. The bulk of the agricultural population are able to derive but a bare subsistence from the land. Without a more equal distribution of taxation and a moderately fixed assessment it is idle to expect any great extension of cultivation or economic progress."

Sir, as I have already submitted, the average tax for the first *tharam* in Nanjinad is Rs. 25-15-7. Now, what is the cost of

cultivation? The Economic Depression Enquiry Committee, at para 77 of their report, refer to the cost of cultivation in Nanjinad. This is what they say—

> "The minimum cost of production in Nanjinad varies from locality to locality. We may however put it down at Rs. 75 and the average cost at Rs. 84 per acre for both crops together."

Sir, taking the minimum cost of cultivation, that is Rs. 75, and the average tax, Rs. 25-15-7, the total amount comes to Rs. 100 and odd. What is the yield? The Economic Depression Enquiry Committee has further fixed the yield at 24 *kottas*. The price of 24 *kottas* at the present ruling rate of Rs. 3-8-0 comes to only Rs. 84. Now we find a deficit of Rs. 16-15-7. How are the ryots to eke out a living from land?

Rao Sahib Dr. N. Kunjan Pillai Has not the cost of cultivation gone down on account of fall in the price of articles since the Economic Depression Enquiry Committee's report?

Mr. V. S. Arumukham Pillai: I can say from my experience that, as a matter of fact, the cost of cultivation has not gone down. The wages remain the same and the hire for carts and the price of agricultural implements all remain the same.

Mr. A. Kumara Pillai: What about the cost of manure?

Mr. V. S. Arumukham Pillai: If there is a fall in the cost of manure, it will be only very little. If it was selling at 5 fanams before, it will now be four and a half fanams. That is all the difference. There is not a proportionate decrease in the cost of manure or in the cost of cultivation.

A pertinent question may be asked, Sir, why these people then cultivate the land? It is a habit. They cannot do away with it. Further, whether they cultivate it or not they have to pay the tax. Sir, it will be seen therefore that mere possession of land in Nanjinad is a burden and the tendency is now to fly away from the land altogether. I am not exaggerating things. Anyone conversant with the people and the life of the people in Nanjinad at present will be convinced of their real state of existence.

Sir, I will now refer to the history of these people, how they have undergone long ages of suffering. In Nagamiah's State Manual at page 323 we find the following with regard to the history of the people:

> "These edicts and the resolutions embodying them speak for themselves and do not require any comments here. The Nanjinad people became desperate. They were harassed on the one side by the marauders from the Pandyan kingdom and on the other by the king's officers who, when the former disappeared after plunder, put in their appearance only to demand fresh taxes for the so-called

[Mr. V. S. Arumukham Pillai.]

defence of the land. The spirit of lawless defiance to the king's authority engendered by this state of affairs reached its climax when the people openly met and resolved to take the life of any man who acted against the interests of the public therein assembled. Such a person was to be treated as a common enemy and dealt with accordingly. The people also more than once abandoned their houses and took to the neighbouring hills refusing to return to their villages unless the king promised to redress their grievances. Even service under the king was declared treason against the commonwealth of Nanjinad. To this day the people of Nanjinad are as a class distinguished from the other Travancoreans by a bold address and plain speaking to the authorities—an instinct inherited from long ages of suffering and resistance to mis-government. One of the most favoured forms of expressing grievances adopted by the people of the southern taluks to the sovereign is to say "Kindly allow us to go outside the Tovala frontier". As a matter of fact, they did go several times in former ages outside the Travancore frontier when oppression by the king's officials or depredations by foreign armies became intolerable; but every time they went, they were called back to their homes by the ancient kings who always cajoled them with sweet promises of sympathy and better protection."

Again, we find from the history of these people that, on account of the increasing taxation and over-taxation, assemblies were held and resolutions were passed. Four assemblies are stated to have been held and the last of them was held on 16th Kartikai 898 M.E. We find at page 321 of the State Manual, a copy of the resolutions passed by that assembly. The proceedings are as follows :—

"On account of the heavy taxes imposed on us and the cruel treatment which we were subjected to till the Kumbham harvest of 895 M. E. (1720 A. D.), we were forced to leave our fields uncultivated during the whole of the year 896 M. E. and retreat to the east of the mountains".

In this assembly the following resolutions were passed and I shall refer to a few of the important resolutions :

"We therefore pass the following resolutions—

"(1) That the taxes on the seed-bed lands and *kottappanam* cannot be paid.

(2) That we will bind ourselves to pay only the *anjali* and the other taxes originally existing on all our lands and cannot pay the *mathalpanam* imposed on *Devadanam*, *Brahmadanam*, etc.

(3) That we will be prepared to make a bold stand and resist by force if any measures be taken to enforce the unjust imposts, and even be willing to migrate into another country, leaving our Kumbham crop behind.

(4) That if any—be he the *pidayakar*, *oorkar*, or *ambalakar*—were to betray the proceedings of this assembly, being bribed by the Government officers, or consent to pay the unjust taxes, he shall be liable to pay with his person and property, the penalty for such gross treachery."

Mr. M. N. Paramesvaran Pillai : May I know from the member whether any of the threats were executed ?

Mr. V. S. Arumukham Pillai : These threats were executed. As a matter of fact, the people deserted their homesteads and went to the mountains. The king went there, camped at Bhuthapandy, entreated the people to come back and cancelled all the taxes and relieved them of their hardships. This is what we find from history.

Sir, the conditions now are not quite dissimilar, but I trust, and I am fully confident, that the people of Nanjinad will not now be driven to such extremities, for we have at the helm of affairs in Travancore one with vast experience of the conditions of the ryots, the conditions of the agricultural population and the conditions of agriculture, one who is fully alive to the real hardships of the people, and we hope that under his wise statesmanship the people of Nanjinad will have their grievances redressed.

Sir, I may refer in this connection to the solemn statement made by our Dewan in reply to an address which was presented by the ryots of Nanjinad. The ryots of Nanjinad in the hottest part of the day, at 12 noon, and in the hottest part of the month, namely Pankuni, presented an address to our Dewan when he first came to the Cape and in their address the ryots set forth all their grievances and our Dewan was pleased to sympathise with them and to make sympathetic statements. I hope, Sir, that the Dewan will translate his sympathetic words into practical action.

I have shown to you, Sir, that the real situation of the people of Nanjinad is simply lamentable and it is no exaggeration to say that they are now heavily sunk in indebtedness. All the jewels which they treasured up during their days of prosperity have all passed away from their hands and from their women and how far they are indebted will be seen from the report of the Banking Enquiry Committee.

The Banking Enquiry Committee has estimated the debt of an ordinary agricultural family at Nanjinad as Rs. 1,454, taking Tazhakudy as a model village.

President : The time allotted for the member has expired. If he proposes to read only some important extracts I will allow him some more time.

Mr. V. S. Arumukham Pillai : Sir, the report of the Banking Enquiry Committee fixes the debt of an agricultural family at Nanjinad at Rs. 1,454. Under the circumstances, and in view of the hard and miserable condition of the ryots in Nanjinad, the

[Mr. V. S. Arumukham Pillai.]

only tangible relief that can be done to them at present is granting an adequate and substantial remission of land tax. As I have submitted, the price of paddy has gone down above 50 per cent. and therefore it is just proper and most equitable that a reduction of at least 50 per cent. of the land tax should be made. That alone will touch the fringe of the problem in Nanjinad. Extension of credit by co-operative societies and Land Mortgage Banks will put off the evil day for a short period but it will ultimately increase the tax payers' heavy load of debt. But any permanent or tangible relief can be given only by a substantial reduction of tax. I will conclude my speech by quoting a few authorities. Mr. O. Coror, the late Director-General of Statistics in India, said:—

> "I have little doubt that any reduction in land revenue would be of far more value in the improvement of the clan who constitute the bulk of the population and who contribute more largely to the finances of the State."

Mr. Gokhale says:—

> "Whatever loss of revenue such a measure may cause directly to the State will be more than indirectly made up by a material improvement in the condition of the people."

In concluding, I appeal to the honourable members that they owe a duty not only to their own constituency but to the State as a whole, and Nanjinad being a link of the State, I hope and trust that they will extend their sympathy to the people of Nanjinad.

Mr. K. P. Nilakanta Pillai: I second the resolution. The learned mover has supported his resolution with all the necessary figures and facts. The question that Nanjinad is heavily taxed has been mooted by this House 9 years ago. When the matter was being agitated, the Government also were more or less convinced of the grievances of the people of Nanjinad and there was even the solemn assurance on the part of the Government that the question will be looked into. That agitation arose when there was the difficulty felt between the measures *kottah* and *para* in Nanjinad. Government also admitted that the taxation in Nanjinad is the highest and that it requires reduction. On that occasion we had the opportunity of studying comparatively the taxes that were in existence on wet lands in British India. I took some pains and I brought to the notice of the House that taxation in Nanjinad is the highest in the whole of India. There is only the geographical difference between Nanjinad and Tinnevelly, the British Indian district. I do not find any other difference between the wet lands of Nanjinad and the lands in the adjoining Tinnevelly District. On

equal fertile lands the maximum tax in Tinnevelly is only Rs. 16 per acre. Here the minimum comes between Rs. 20 and Rs. 25 and the maximum goes to Rs. 35. On that fact alone the House will more or less be convinced that the taxation on wet lands in Nanjinad is higher than in British India. The grievances of the Nanjinadians could more or less be understood from the speech of the mover of the resolution. He even indicated that there is a tendency on the part of the agriculturists of Nanjinad to give up agriculture as a vocation and to resort to some other method of living. During the summer recess I had been to South Travancore, exactly at the time when the Dewan visited the Cape, and those who went to the villages on the borders between Tinnevelly and Travancore would see that the wet lands beyond the Customs House were left uncultivated. The reasons may be several. Probably, they may not be in a position to cultivate or they cannot expect much return from the expensive cultivation which they have to undertake. It is a very pitiable sight to see these lands left uncultivated. Especially at this time when the cultivation itself could not be carried on without borrowed capital and when it brings nothing to the cultivator, Government ought to look into this matter without any delay.

Apart from this question, there is another serious injustice done to the cultivators of Nanjinad. We will discuss that when the next resolution is moved. The cultivators at Nanjinad are put to real hardship because they cannot find markets for the paddy they get from time to time. The Government have to consider that also very seriously. I am not trying to enter into the vexed question of finding markets for the paddy of the Nanjinad cultivators. Government ought to go a long way and see that, as far as possible, Travancore markets, at least, are made responsible for receiving the paddy produced in Nanjinad and for the distribution of it throughout Travancore. On account of the import of paddy from outside, a great deal of competition is going on. The cultivators find it very difficult to cultivate and even if cultivated to make both ends meet out of the profits which they can hope to obtain from it. There are manifold difficulties. The heaviest taxation, fall of price and the difficulty to cultivate lands due to the absence of manure, whether green manure or artificial, and the complicated situation on account of the mistaken notion about the *kottah* and the *para*, all these things now press on the cultivators at Nanjinad. Even though my friend Mr. Arumukham Pillai only said that there is a tendency on the part of the agriculturists to give up their lands, I think they have already begun to do so. The Government also would have been convinced of the arguments advanced

[Mr. K. P. Nilakanta Pillai.]

by Mr. Arumukham Pillai. They have not got proper statistics with regard to the taxes paid from wet lands and other taxes. I am sure they will not be able to get it. I myself have sent in an interpellation basing on this. Government have not replied and I do not think they will be able to answer it because they are not keeping the correct statistics with regard to that. People are parting with wet lands for whatever price they can fetch and all the retired officers from Trivandrum are acquiring lands in Nanjinad. Because the cultivators were in a position till now to pay the tax out of the proceeds, they did not grudge to do so. Many of the retired officers and some of the relatives of retired officers who own lands in Nanjinad now find it difficult to get their lands cultivated because their agreements with the cultivators are not kept up by the latter. The cultivation has become rather embarrassing. I do not want to advance any more reasons. This is the proper time for the Government to interfere in this matter, and in the absence of such interference, I think, some very great movement may result. Therefore it would be advisable that the Government interfere in this matter at this time and do some relief to the cultivators.

President : Moved and seconded " this Council recommends to the Government that, on account of the peculiar conditions prevailing in Nanjinad, tax on all wet lands, inclusive of water-rate, be reduced by 50 per cent. till normal conditions are restored."

Mr. M. N. Paramesvaran Pillai : I beg permission to move an amendment to this resolution. I have already sent up the amendment.

President : The Chair is already in possession of a copy of the amendment which the Honourable Member has sent. But I fear that it cannot be held within the ambit of the four corners of the scope of the resolution that is now before the House. The resolution, as Honourable Members will remember, restricts its intentions and purposes to lands in Nanjinad. And it further restricts even the lands in Nanjinad to tax on wet lands. Therefore the scope and purpose of the resolution is merely to move the Government to agree to a reduction of the taxation in respect of the lands in Nanjinad and again in respect of *wet* lands. But the amendment of which notice has been given embraces a far greater field than that which is covered by the resolution itself. The amendment asks that the word ' Nanjinad' occurring in the resolution be omitted and it further askes that the word ' wet ' appearing in the same resolution be omitted. In other words the object of the amendment is to bring under discussion questions relating to not *Nanjinad* but to the entire territory of Travancore.

And further it is the intention of the amendment not to confine its operation to *wet* lands but to bring within the ambit of the discussion lands of all varieties in the whole territory of Travancore. This, as the House will remember, is contrary to the spirit of the requirements of an amendment. Under Section 68 (1) of the Manual, an amendment must be relevant to, and within the scope of the subject-matter of, the clause or motion to which it relates. This amendment is certainly not within the scope of the original resolution. It is entirely beyond its scope. It changes completely the face of the resolution ; and it includes within its ambit matters which are not germane to the original resolution. When the resolution was tabled by the mover, he had at the back of his mind merely a discussion in regard to the lands in Nanjinad and he had at the back of his mind wet lands. And as the House has already heard the speech of the mover and the seconder of the resolution, both of them have confined their arguments entirely to Nanjinad and the wet lands thereunder. Therefore, I am constrained to hold that the amendment is out of order.

Mr. Kochikal P. Balakrishnan Tampi (*Mavelikara and Kartikapalli* cum *Kunnattur*) : Sir, I rise to oppose the resolution moved by my friend Mr. Arumukham Pillai, not because that I lack in sympathy with the lot of the people of Nanjinad, but because the problem is such as would not allow a piecemeal treatment. The condition of the people of Onattukara, which constituency I have the honour to represent in this House, and also of Kuttanad is certainly as hard if not harder than that of the people of Tovala or Nanjinad. I am sure the Government would certainly take up the problem as a whole.

Mr. S. Piraviperumal Pillai : May I know from the member whether, by opposing the resolution, it will in any way ease the situation.

Mr. Kochikal P. Balakrishnan Tampi : Certainly. I have got the financial statement before me. I know Government have no secret funds before them. As a member of the highest legislative body, I am not going to favour a measure which is to be applied only to a certain section of the people nor am I going to play to the gallery.

Mr. S. Piraviperumal Pillai : May I know then why the member did not bring in a resolution to this effect.

Mr. Kochikal P. Balakrishnan Tampi : When I publish my journal at the end of my life, I am sure there will be an entry in regard to that in that journal. That will be a posthumous journal too.

President : It shall be awaited with interest.

Mr. Kochikal P. Balakrishnan Tampi : The people are certainly suffering. There is no disguising the fact that the people are suffering. All the people of Travancore are suffering. There are certain alleviating features in Nanjinad which we in other parts of Travancore cannot claim. At least it is granted that there is the habit of plain speaking, blunt speaking which will pull them through many difficulties and most of all there is another—the threat of an exodus to the frontier. Unfortunately, our constituency is far away from the frontier and there is no possibility there of an exodus, except an exodus to the Arabian sea, so far as I can see. Therefore there is nothing like a physical consolation so to speak to the people of Kuttanad and Onattukara. Not only that. Neither is there the physiological advantage of the unity of the people as well as the habit of plain speaking. My area is not further honoured by visits of such people of retentive memory as the honourable member for Chirayinkil whose visit to Nanjinad synchronised with the visit of our Dewan Sahib. I appeal to Government that, if they propose to do anything in the matter, it must not be of a piecemeal nature. Government must view this request for remission of tax in Nanjinad as part of a big question. If there is any place which is more assessed than others, the Government ought to look into that when the next settlement operations are undertaken and not at the present time. If Government is going to do anything in the reduction of taxation, they must view the lot of the less pretentious people, the less vociferous people of the rest of Travancore as well. With these words, I oppose the resolution.

Mr. G. Narayana Aiyar : Sir, I support the resolution and, in supporting the resolution, I have a few words to add. We have to see what is the principle of taxation followed in Travancore. If there is anything opposed to that principle in the case of Nanjinad certainly they are entitled to ample relief. Section 16 of the Proclamation of 1061 clearly states the principle that ought to be followed in the matter of taxation. There it is stated that from the estimated gross produce a deduction will be made for the cost of seed and labour. From the remainder, 1/3 will be subtracted for the cultivator's share and the remaining 2/3 will be divided in the proportion of 6/10 to Government and 4/10 to the land-holder. We have to see whether such a margin is left in this case.

President : You talk of the State as a whole.

Mr. G. Narayana Aiyar : We are concerned at least with a particular locality, and we should see whether the principle of Section 16 of the Regulation can be worked there safely without prejudice to the interests of the ryots.

The Economic Depression Enquiry Committee submitted its report only in 1931. There they specifically say that the total cost of seed labour for two crops in the particular locality is, as has been stated by the mover, Rs. 84 and the yield 24 *kottas* of paddy for one acre for 2 crops together. There they admit, although the price of 1 *kotta* of paddy was Rs. 9 in the earlier days, on the date they submitted the report it was only Rs. 5. Now it is very clear that the price of 1 *kotta* is Rs. 3 1/2, as has been well said by the mover. If you take into calculation the yield admitted by the committee, and if you calculate at the rate of Rs. 3 1/2 per *kotta* the total yield from one acre will be Rs. 84. Straw worth Rs. 10 will also be available. Thus the total yield will be Rs. 94. Now, the cost of cultivation is Rs. 84 as admitted by the Committee. The balance left is only Rs. 10. On the principle of Section 16, a third has to be given for the cultivator's share. If you deduct a third from Rs. 10, we have got only a balance of Rs 6 2/3. The average tax per acre for double crop lands in Nanjinad even according to the admission of the Committee will be about Rs. 26-12 as. But deducting the cultivator's share, we have got only Rs. 6 2/3, while the owner is asked to pay a tax of Rs. 26 and odd. Where is he to go for this? He is permitted to have 2/3 of the remainder for his share of investment. Here there is not even sufficient fund to pay the Government. As such it is very clear that conditions have risen to such a climax that it will be very difficult for the landholder to cultivate the land. In this connection I would like to bring to the notice of Government that non-payment of tax in Travancore is not due to any political cause. It is sheer inability on the part of the cultivators to pay. Want of sufficient out-turn is the sole reason. As such when we say that there is no margin of profit left to the cultivator, even according to the admitted principle laid down by Government, it is high time that Government should come in and relieve the real sufferers by granting sufficient remission of tax. In this connection it will be advisable to state that the major part of Nanjinad had not the benefit of the principle of fixing 6 chs. as the price of 1 *parah* of paddy for the purpose of payment of tax. All paddy payable as tax seems to have been valued at 11 chs. per *parah*. That is another disadvantage.

Mr. K. George: When was it that all the paddy payable as tax was converted into money?

Mr. G. Narayana Aiyar: I do not know. It was about 1081. The tax the people had to pay was converted into 11 chs. per *parah*.

Mr. K. George: Was it the dry assessment or the wet assessment that was charged?

Mr. G Narayana Aiyar: I think it is the wet assessment.

It is very clear from the above statement that there is absolutely no margin left to the ryots for the payment of tax. We may for the time being grant that we do not want any out-turn from our lands for our investments. But should it not be sufficient to pay the tax? So I support the motion and the relief prayed for is one to which they are entitled.

Mr. K. George: Sir, although Mr. Arumukham Pillai wanted to bring into his resolution two separate topics viz., the reduction of tax on all wet lands in Nanjinad as well as the reduction of the water-cess, I find from his speech that he devoted his observation entirely to the question of reduction of land tax.

Mr. V. S. Arumukham Pillai: May I know whether water-rate is not included in the burden on land?

President: You go on with the reply.

Mr. K. George: He elaborated on the hardships experienced by the people of Nanjinad at the present time owing to the fall in the price of paddy. In doing so he also dealt at length on the high rate of settlement tax which had been imposed in Nanjinad and he went on to say how, during the pre-historic times, the people of Nanjinad had been oppressed and what devices they resorted to save themselves from oppression. Now, I do not think it at all necessary for me to enter into the historical causes which led to the present rates of taxation in Nanjinad. I do not deny the fact that the rate of taxation on wet lands in Nanjinad is a bit higher than the rates obtaining elsewhere. This is admitted by Government themselves in the course of the order which they issued on the final Settlement Report. It says that Nanjinad taluks had the highest rates ranging from Rs. 1 1/4 to Rs. 17 per acre of single crop wet lands. Now to say that the taxation is uniformly Rs. 25 is not to say what is a fact. It ranges, I believe, according to the *tharam*. There are 15 *tharams* and the tax for the lowest is Rs. 1 1/4 and for the highest Rs. 17 per single crop wet land. For double crop lands we add 50 per cent. more. So it is only in the case of the highest *tharam* that the tax comes to a large figure. It comes to Rs. 25 and odd for the first or highest *tharam*. It will be about Rs. 2 or so for the lowest *tharam*. So we cannot argue on the basis of the highest *tharam* and say that taxation as a whole in Nanjinad is excessive. No doubt, the fall in the price of paddy has seriously affected the Nanjinadians as it has affected the people of the whole State.

Mr. K. Madhavan Pillai (*Trivandrum* cum *Nedumangad*): May I know the average tax per acre of wet land in Nanjinad?

Mr. K. George: It will be on an average Rs. 12 per acre.

As my friend Mr. Balakrishnan Tampi was saying, this question of reduction of tax in Nanjinad is part of the larger problem which is now under consideration by the Government namely, the question of remission of tax in the whole State. During the discussion of the Land Revenue Demand, the mover of this resolution, Mr. Arumukham Pillai himself, raised the question of reduction of 50% of the land tax; and the subject was discussed at great length on the floor of this House. In reply to the debate I stated on behalf of the Government that the question of reduction of tax will immediately engage the attention of Government; and, I can assure Mr. Arumukham Pillai that the question of relief to the Nanjinad agriculturists will be considered along with the question of relief to the other parts of the State.

Mr. K. P. Nilakanta Pillai: If this resolution is to be given effect to what would be the financial loss to Government?

Mr. K. George: I am sorry I have not got those figures now.

During the discussion, Sir, both Mr. Arumukham Pillai and Mr. G. Narayana Aiyar referred to the general principles of taxation. No alteration in the scale of taxation is possible now. Such alteration is practicable only at a re-settlement. Mr. Narayana Aiyar referred to certain principles enunciated in the Settlement Proclamation. If any variation from those principles has taken place at the time of the settlement it can be re-examined only at the time of the next settlement. We cannot go into the principles of the settlement, or into the present rate of taxation with reference to such principles, apart from a re-settlement. But, as I said, the question of remission of taxes in Nanjinad, along with the other tracts of the State, will receive the serious consideration of the Government shortly. When last time I gave this assurance, Mr. Arumukham Pillai withdrew his motion. I hope now also he will see his way to withdraw his resolution.

Mr. V. S. Arumukham Pillai: I press the resolution, Sir. The learned Land Revenue Commissioner referred to the fact that I have not mentioned anything about water-rate. Sir, at present, water-rate is realised from the ryots along with the land tax, and it is part of the burden on the land. As such, there was no necessity to make any special mention about it.

With regard to the amount of tax, the learned Commissioner was telling us that I was not quite correct when I stated that the tax was uniformly Rs. 25 per acre. Sir, I was referring to the first class or *tharam* of land for which the rate is Rs. 25. If I were to take the highest rate, I should have mentioned the case of lands for which the assessment is Rs. 35 per acre. I mentioned, as example, the assessment of Rs. 25 per acre because the bulk of the lands in Nanjinad bear that rate of assessment.

[Mr. V. S. Arumukham Pillai.]

In view of the fact that the Land Revenue Commissioner himself has admitted that the rate of assessment in Nanjinad is very high, and in view of the present serious economic depression, I press the resolution.

The resolution was put to vote and lost.

Mr. V. S. Arumukham Pillai: I demand a poll.

A poll was taken, and the House divided as follows :—

At this stage the President left the Chair and Mr. Kochikal P. Balakrishnan Tampi, one of the Panel of Chairmen, presided.

Committee to examine the grievances of land-holders in Nanjinad.

Mr. V. S. Arumukham Pillai: Sir, I beg to move the following resolution :-

This Council recommends to the Government that a committee consisting of three non-officials and two officials be immediately appointed to examine the grievances of the land-holders in Nanjinad arising out of the conversion of the *kottah* measure in terms of *parah* measure in the matter of the realisation of land revenue and to afford such relief as may be found necessary.

In moving this resolution, it is my painful duty to point out to this House that a fair portion of land tax, nearly 1/5, realised from Nanjinad, is excessive and illegal. By illegal, I mean, not legitimately due from the ryots. This illegal exaction is the result of an error committed by Government in the process of adjusting the *parah* measurement in terms of the Nanjinad *kottah* and the *marakal* for the purpose of commutation.

What is the nature of this error and how it has worked injuriously are matters which require serious consideration.

It has however to be borne in mind at the outset that in Nanjinad the grain measures in vogue from time immemorial are the *kottah* and the *marakkal*; while those in vogue in other parts of the state excepting Shencotta are the *parah* and the *edangali*.

Taxes as we all know were first paid in kind throughout the State. While in other parts of the State *parah* and *edangali* were used in measuring out paddy, so far as Nanjinad was concerned, the measures that were used were the *kottah* and the *marakkal*.

Later on a portion of the tax was commuted into money and, so far as Nanjinad was concerned, by a *Proclamation of the year 1044 M. E.*, the commutation rate of 6 chs. per *parah* obtaining in the 25 taluks from Trivandrum northward was introduced for half the tax. The *parah* as I have said was even then unknown to Nanjinad and the *parah* that was in existence during the year 1044 M. E. was the *mara parah* of 600 cubic inches and the *venkala parah* of 640 cubic inches. Since the rate fixed was with reference to the *parah* which was not in existence in Nanjinad it became necessary to devise an equivalent table by which the *kottah* might be expressed in terms of *parahs* and it was laid down that one *kottah* was equivalent to 9 *parahs* and 3 5/8 *edangalis* of the *vengala parah* of 640 cubic inches.

Now this system of paying tax, half of it at the commutation rate as above mentioned and half in kind as of old continued till *1081*. In the year 1081 by the proceedings of Government, dated 20th Makaram 1081 M. E., the system of payment in kind was completely abolished and it was ordered that the whole tax should be paid in cash.

[Mr. V. S. Arumukham Pillai.]

The commutation rate fixed as per the above proceedings is 11 chs. per *parah*-and not 6 chs. per *parah*. In other words, for the 1st half, taxes are to be paid at 6 chs. per *parah* as of old, and for the second half, at the rate of 11 chs. per *parah*. Why is it? The reason is that by this time the *parah* had undergone a transformation. By the Settlement Proclamation of 1061 the old *mara parah* of 600 cub. in. and the *venkala parah* of 640 cub. in. were abolished, and in their place a uniform standard of 800 cub. in. *parah* measure was adopted.

Now, when, in the year 1081, taxation in kind was abolished and the second half of the tax also was ordered to be paid at the rate of 11 chs. per *parah* it was according to the new settlement *parahs* of 800 cub. in. that the amount of tax was ordered to be fixed.

So far as Nanjinad was concerned the old *marakkal* and the old *kottah* still remained the recognised measures. They were left untouched by the Settlement Proclamation. Since the rate fixed was with reference to *parahs* of 800 cub. inches it became necessary again to devise an equivalent table by which the *kottah* might be expressed in terms of *parahs* of 800 cubic inches.

Now, what was the procedure adopted? An order was passed on the 19th of March 1906, as could be seen from the Land Revenue Manual Vol. II at page 361, by which the Dewan Peishkar of Padmanabhapuram was deputed to ascertain the exact contents of the varying *marakkals* in use in the Proverthi Cutcherries in Nanjinad. He was asked to determine and find the exact cubic contents of the various *marakkals* and to reduce the same to *parahs* of 800 cubic inches and to calculate the money value thereof on the *parahs* and *edangalies* thus arrived at. As directed by this order, the Dewan Peishkar examined the capacity of the *marakkals* used in the different Proverthi Cutcherries and submitted a report. On the basis of his report the Government directed that 8 *parahs* and 6½ *edangalies* of the standard of 800 cubic inches for a *parah* be adopted as the equivalent of a *kottah*. It is this order which is the most unfortunate of the orders ever passed by our benign Government.

Mr. A. Kumara Pillai: Was it not done after actual measurement?

Mr. V. S. Arumukham Pillai: I am coming to that. The Peishkar was directed to ascertain the cubic contents of the *marakkals* by actually measuring the varying *marakkals* in use. But my submission is that it is not a safe method and it is not a correct method either. It was on account of such a method it is varying to the

method pursued by the Dewan Peishkar that the whole trouble came about. My point is that that method was unscientific. The order referred to is the order dated 13th September 1906 by which it was determined that 8 *parahs* and 6 1/2 *edangalis* of the standard of 800 cubic inches per *parah* be adopted as the equivalent of a *kottah*. That this order is wrong in principle and contrary to the intentions of Government will be seen from the following facts. In the first place, it is contrary to the Settlement Proclamation. One of the most important changes introduced in the settlement of 1061 was the introduction of acre and cent as the unit of land measurement. A *parah* of wet land was declared to be equivalent to 14 cents and a *kottah* of land in Nanjinad was declared to be equivalent to one acre. The standard adopted during the settlement is as follows. 14 cents was declared as being equivalent to one *parah*, 7 *parahs* being declared equivalent to one acre and one acre being declared equivalent to one Nanjinad *kottah*. So we get that one acre is equivalent to one Nanjinad *kottah* and also equivalent to 7 *parahs*. At page 305 of Vol. III of the Land Revenue Manual we find 14 cents being declared equivalent to one *parah* which again is declared equivalent to 3 *marakkals*. Now, consistent with the Settlement Proclamation and the principle in fixing the standard of the *marakkal* and the *kottah*, the standard already laid down by the Settlement Proclamation which I have referred to, namely one *kottah* being equivalent to 7 *parahs*, ought to have been followed to the very letter. Instead of following the Settlement Proclamation and fixing the standard accordingly, the Dewan Peishkar was directed to examine the contents of the varying *marakkals* in use at that time. In the first place, it has to be noted that there were at that time 18 granaries in Nanjinad, each having four servants, each servant using four different *marakkals* for measuring out paddy. On the whole there were one hundred and forty-four *marakkals* of varying and diverse capacities. It would not have been possible to measure out and ascertain the cubical contents of all these *marakkals* and, as a matter of fact, it does not appear whether it was done in the presence of those persons who were really affected by it. Government themselves have admitted, as will be seen from Vol. II of the Land Revenue Manual, that there are considerable variations in the *marakkals* in actual use. Under the circumstances, the *parah* equivalent noted in the settlement register would have been the safest guide to be followed. But instead of following the Settlement Proclamation, the Peishkar has followed the procedure as per the Government order and this procedure is the most unscientific. The Government not only disregard the Settlement Proclamation, but they disregard also

[Mr. V. S. Arumukham Pillai.]

another standard which would have given the nearest approximate to truth. I mean the old *vengala parah*. According to the old *vengala parah* which measured 640 cubic inches, the equivalent admitted by Government was 9 *parahs* and 3 5/8 *edangalis*. When the *vengala parah* of 640 cubic inches is reduced to the standard of the Settlement *parah* of 800 cubic inches and the *parah* equivalent is calculated, we find that one *kottah* is equivalent to 7 *parahs* and 4 3/4 *edangalis*. As the Government themselves admit, there are variations in the existing *marakkals*. In view of the existence of these diverse *marakkals*, the old *vengala parahs*, which were in use and which in olden times served to express *kottahs* in terms of *parah*, would have been a safe guide. That too was not followed. The *vengala para*, the Government order says, has been found in actual examination to be no better guide than the varying measures now in use. If the *vengala parah* is not a safe guide, how is it that the 144 varying *marakkals* can be taken to be a better guide? Now, Government not only disregarded the Settlement Proclamation, they not only disregarded these old *vengala parahs* under which the taxes were being calculated and assessed for a very long time, but they also disregarded a time-honoured method, namely the process of counting. By the process of counting also we get the nearest approximate to truth. By this process we find that a *kottah* is equivalent to 7 *parahs* and the Peishkar himself seems to have attempted this method and we find that he arrived at 7 *parahs* and 3 3/4 *edangalis* as the equivalent of a *kottah*.

Mr. K. George: Will not the counting vary with the different kinds of grains?

Mr. V. S. Arumukham Pillai: The variation will not be much. I do concede that there will be some variation but it will not be much. My point is that the order of Government fixing a Nanjinad *kottah* as being equivalent to 8 *parahs* and 6½ *edangalis* does not represent the actual measurement which is something above seven *parahs* and below eight *parahs*. The process of counting will give us an approximate to the truth. By counting, as I have already stated, the *kottah* has been found to be equivalent to 7 *parahs* and 3 3/4 *edangalis*. Thus we see that any one of these three methods, namely the one according to the Settlement Proclamation, that of the *vengala parah* and that of counting, would have given us an almost near approach to the real measurement, while that followed by the Peishkar does not at all give the correct measurement. The Government order fixing one *kottah* as being equivalent to 8 *parahs* and 6½ *edangalis* is not correct and that

that it does not give the correct measure is seen from another circumstance. A reference to Mr. R. Mahadeva Aiyar's Revenue Handbook shows that the tax per acre of first class land in Tovala and Agastisvaram, excluding the one tenth for unprofitable areas, is 9 *kottahs* 9 *marakkals* and 9 *padies*, the cash equivalent being Rs. 25-15-7. Now, for the same first class rate and for the same land bearing the same assessment in Eraniel, the tax is 67 *parahs* 1 *edangali*, the cash equivalent of which is Rs. 20-10-6. Now, the two rates being equal, one in Eraniel and another in Nanjinad, we find 9 *kottahs* 9 *marakals* 4 *padies* are equal to 67 *paras* 1 *edangali*, because both the lands bear the same rate of assessment. Calculated at this rate, the equivalent of a *kottah* will be found to be 7 *parahs* and 1 *edangali*, which is also the Settlement equivalent. But we find a difference of Rs. 5 in the rate of assessment. Because of the only point that one field lies in Eraniel where *parah* measurement is in vogue and another at Nanjinad where the *kottah* and *marakkal* are the recognised measures, one has to bear Rs. 5 in excess of the other. That alone is the reason. The rate of assessment for these two lands being the same how has the difference of Rs. 5 crept in. It is because of this wrong calculation, which is also the explanation by Mr. Mahadeva Aiyar himself. On the basis of this wrong calculation Government have been raising an excess amount from the people of Nanjinad. There has been a very long agitation and for over 25 years the members of the Assembly and the Council have been representing this long-felt grievance to the Government. But nothing has been till now done.

I may close my speech with a quotation from the Economic Depression Enquiry Committee.

"This matter was brought to the notice of the Economic Depression Enquiry Committee.

Chairman: Your time is up. The quotation will be taken as read.

Mr. K. P. Nilakanta Pillai: Sir, I rise to a point of order whether it can be ruled that a quotation could be taken as read though it has actually not been read.

Chairman: A considered ruling will be given later.

Mr. M. N. Paramesvaran Pillai: I heartily support this resolution. It has been a long-standing grievance of the ryots of Nanjinad that the Government have been taking from them by way of taxes much more than what they are actually and legally bound to pay. Such a state of affairs has been due to a mistake arising out of the conversion of the *kottah* and *marakkal* measurements into *parah* measurement. Before this the cultivators of

[Mr. M. N. Paramesvaran Pillai.]

Nanjinad did not feel the burden of an excess taxation so much as they do now. At present, on account of the prevailing economic depression and the depreciation in the yield, they feel that an early redress of this particular grievance would give them considerable relief. Mr. Arumukham Pillai has spared no pains to advocate the cause of the ryots of Nanjinad in respect of this question at almost every session of this Council. All the cultivators of Nanjinad who gave evidence before the Economic Depression Enquiry Committee were unanimous in representing this grievance and the committee also did recommend to Government the necessity for a thorough and full investigation and settlement of the problem. At page 106, paragraph 207, the Committee has reported like this :—

"The Nanjinad cultivators who gave evidence before us were unanimous in representing a grievance of many years' standing. It is not directly concerned with the present depression. However, they point out that, as long as the income from their fields was ample, they could bear it; but now, the profits of cultivation are so low that the redress of this particular grievance would give them very considerable relief. Their position may be briefly stated. By a mistake in converting the *kottah* and *marakkal*, the measurements for paddy in Nanjinad, into *parahs*, the measurement current in the rest of Travancore, the Nanjinad ryots are being mulcted of more than there dues in taxes. Before 1061 M. E., the wooden *parah* of about 600 cubic inches was in use in Government granaries, and by this *parah*, a *kottah* measured 9 *parahs* and 3 5/8 *edangalis*. When the *venkala parah* which had a capacity of 640 cubic inches was introduced, a *kottah* measured only 8 *parahs* and 8 *edangalis*. instead of 9 *parahs* and 3 5/8 *edangalis*. Later the standard *parah* was declared, by a Government Proclamation in 1061, to be 800 cubic inches, in which case a *kottah* measured only 7 *parahs*. This relationship was admitted by the Government in converting land measure by seed capacity into land measure in acres and cents, where 14 cents were taken to be equivalent to land capable of holding one *parah* or three *marakkals* of seed. This gives 7 *parahs* to the *kottah*, at the rate of 21 *marakkals* a *kottah*. Notwithstanding the successive increases in the capacity of the *parah*, the old relationship between the *parah* and the *kottah*, *i. e.*, 9 *parahs* and 3 5/8 *edangalis* per *kottah*, was maintained for tax purposes and the money value calculated on this basis. Hence more money was obtained from the ryots than was really due from them. This fact was recognised when the whole tax in kind was being commuted for money in 1081, as a result of the ryots' petition. But instead of proceeding rationally by establishing a relationship between the *kottah* and the *parah* by actual measurement records were consulted and the lowest equivalent of a *kottah* in *parahs* to be discovered in them, *viz.*, 8 *parahs* and 6 1/2 *edangalis* per *kottah*, was fixed as the relationship. But according to the standard *parah* of 800 cubic inches, one *kottah* is equivalent to

> seven *parahs* only. In these circumstances, the ryots maintain that they are being compelled to give more than they are legally liable to pay. This, in brief, is the contention of the ryots. We are not, however, in possession of the necessary records to form a conclusion. We would only observe that the question deserves to be further investigated and settled once for all, and recommend that necessary steps should be taken for the purpose as early as possible."

It is, therefore, clear that the people of Nanjinad have a real and permanent grievance and that it is the duty of the Government to institute an enquiry into the whole matter and do whatever is necessary to help them. With these words I have great pleasure in supporting the resolution.

Mr. K. George: Sir, as the mover has explained in the course of his speech, this subject has been a matter of agitation on the part of the people of Nanjinad for well nigh 25 years. And the Government have repeatedly gone into this question and told them that the question of re-adjusting the relationship between Nanjinad *kottah* and the standard *parah* is one which can be taken into consideration only in connection with the next settlement. What Mr. Arumukham Pillai really advocates would amount to a revision of assessment. Such a step is possible only in connection with the next Settlement. Government have already told the people of Nanjinad that they propose to do it when the next Settlement is taken up.

Mr. K. P. Nilakanta Pillai: May I know from the member whether he knows when the next Settlement will be begun?

Mr. K. George: Whenever that is, this question will be considered.

Mr. K. P. Nilakanta Pillai: Apart from the Settlement may I know from the member what prevents Government from rectifying a mistake arising in regard to the measurements of *kottah* and *parah*?

Mr. K. George: In the first place, I do not recognise that there has been a mistake. The statement that there has been a mistake is based on a misconception. It is said that in the Settlement Proclamation one *parah* of land was declared to be equivalent to 14 cents. Mr. Arumukham Pillai would have it that because one *kottah* is more or less equivalent to 1 acre and one *parah* is about 14 cents the superficial extent the corresponding proportion should subsist between the *kottah* and the *parah* when used as grain measures. That is to say because the *kottah* is about 7 1/7 *parahs* in area, one *kottah* of paddy should be equal to 7 1/7 standard *parahs* of paddy. This is a fallacy. In the first place in the Settlement

[Mr. K. George.]

Proclamation whatever might have been the intentions really no relationship was made between the land and the grain measures.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether, after the recommendation of the Economic Depression Enquiry Committee, any investigation was made into the matter by the Land Revenue Department or by the Government?

Mr. K. George: Full investigation was made and it was after that it was ordered by Government that on the merits of the question also the Nanjinad people have no grievance.

Mr. M. N. Paramesvaran Pillai: Was there any such proceedings published to that effect by Government?

Mr. K. George: A representation was received from the people of Nanjinad and a reply was sent to them. What I was saying is that there is no real.........................

Mr. V. S. Arumukham Pillai: May I know the date of the order?

Mr. K. George: I am not quite certain about the date, but it was in 1924.

Mr. M. N. Paramesvaran Pillai: May I know, if it is a mistake, why not Government issue a proceedings to clear the misunderstanding?

Mr. K. George: That can be considered. Originally for the conversion of that portion of the paddy tax payable in money, a *kottah* was taken as equivalent to 9 *parahs* and 3 5/8 *edangalis*. That was fixed so because it was the ratio which was then obtaining, for the adjustment of paddy transactions in the Government accounts. It had actually nothing to do with the sowing capacity of a *kottah* of land. Similarly there is no actual relationship between the sowing capacity of an acre of land, and a standard *parah* of 800 cubic inches. The capacity of the standard *parah* itself was by the rule of thumb method. The *edangali* measures that were then in use ranged from 68 3/8 and 86 1/16 cubic inches. An average was struck and the standard *parah* was taken to be 800 cubic inches. Whatever may have been the intention of the Settlement Proclamation, in actual practice no definite relationship was established between the acre and the number of *parah* measures of paddy required for sowing that area.

Another contention of Mr. Arumukham Pillai was in regard to the rate of conversion that was adopted in 1081 when taxation in kind was abolished and the tax that was then payable in kind was converted into money at 11 chs. per *parah*. At that time the people

of Nanjinad made representations to Government and as a result of the actual verification it was found that the *kottah* varied from 8 *parahs* 6 1/2 *edangalis* to 9 *parahs* and 2 13/16 *edangalis* and the former rate which was the lowest recorded was adopted by Government for the purposes of commutation. This is mentioned in the Government Order which Mr. Arumukham Pillai read. Government took the lowest rate because they thought that, by adopting a higher rate the people of Nanjinad who were measuring out paddy tax to the Government at the lower rate, would be aggrieved. That shows clearly that Government looked into the grievances of the Nanjinad ryots at that time and took a very considerate view of their situation when they took the lowest of the conversion rates then obtaining.......... ....

The Council at this stage adjourned for lunch at 1 P. M. and re-assembled at 2 P. M., Mr Kochikal P. Balakrishnan Tampi, one of the Panel of Chairmen, presiding.

Mr. K. George: Sir, I would like briefly to re-capitulate what was said, before we proceeded for lunch. In the olden days land tax throughout the State was payable in kind. In the year 1064 a Royal Proclamation was issued to the effect that, half the tax should be paid in kind and half in money. That is so far as the Trivandrum and Padmanabhapuram Divisions were concerned. A different proportion was adopted for the other two Divisions. For the conversion of the tax payable in kind into money, it was decided that the commutation rate should be 6 chs. per *parah*. The Nanjinad *kottah* was then treated in the Sirkar accounts as equivalent to 9 *parahs* 3⅝ *edangalis*. So, at that time, half the tax which was payable in paddy was converted into money by taking a *kottah* as equivalent to 9 *parahs* and 3⅝ *edangalis*. That is the tax still payable in Nanjinad. They do not pay more than that. On the other hand I may say that at the Settlement this tax was reduced a little, because the rate of tax for a *kottah* of land was reduced at the Settlement from 10 *kottahs* to 9 *kottahs* and a few *marakkals*.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether Government have any objection in receiving the whole tax in kind again due to the present depression?

Mr. K. George: They have serious objection.

Mr. M. N. Paramesvaran Pillai: Was there a time when Government were receiving tax in paddy and cocoanuts?

Mr. K. George: There was a time in good old days or the bad old days when tax was partly received in kind and partly in money.

Mr. M. N. Paramesvaran Pillai: If Government would start industries, can they not utilise the cocoanuts realised as tax for industrial purposes?

Mr. K. George ; It is not a practical proposition and I do not think I should waste my time over it.

As I was saying, Sir, the Nanjinad ryots are now paying only what they used to pay in the past. In regard to the other half also the mover spoke as if a wrong was perpetrated on the Nanjinad ryots. A few years after the Royal Proclamation which I referred to, *viz.*, in 1081, Government decided to stop payment of tax in kind altogether and therefore it was resolved that the remaining half should also be paid in money and the commutation rate was then fixed at 11 chs. per standard *parah.* That 11 chs. was for a *parah* of 800 cubic inches. Accordingly in deciding the tax payable in money in Nanjinad, Government wanted to convert the *kottah* into a standard measurement and to do so they asked the Padmanabhapuram Division Peishkar to examine the question carefully and to actually verify the varying rates of measures which was in existence in Nanjinad in those days. He did that thoroughly and after examination of the whole thing, Government fixed the equivalent of 1 *kottah* as 8 *parahs* 6½ *edangalis* which was the lowest measure then obtaining for payment of tax in Nanjinad in those days. It ranged from 8 *parahs* 6½ *edangalis* to 9 *parahs* 2⅜ *edangalis* in certain parts of Nanjinad. So Government was very considerate at that time in adopting the lower standard. So, I should say that the Nanjinad ryots have no reason to complain of. It was urged that, at the time of Settlement, the standard *parah* was equivalent to 800 cubic inches. That is true but there is no use of mentioning that because in the Settlement although Government wanted to adopt uniform standards, yet in practice the Settlement department never did so. As a matter of fact the measures that were adopted in Settlement varied in different parts of the State. For example, there are four different tracts in which different measures were adopted. Those were the tracts of Shencotta, Nanjinad, Aryanad and the rest of Travancore. In Shencotta, there is a *kottah* which is altogether different from the *kottah* in Nanjinad. In Shencotta *kottah* used for measurement of area is equal to 1·47 acres and as a grain measurement it is 16 *parahs*, 8 *edangalis*. So what I mean to say is that at the Settlement no attempt was made to adopt a uniform standard of measurement throughout the State.

Another aspect of the matter also which I may now mention is this. For transactions in Nanjinad at present the *kottah* is equal to 75 Madras measures and this is equivalent to 7500 cubic inches, which when converted into standard *parah* is equal to 9 *parahs* 3¾ *edangalis*, whereas the standard adopted by Government for the conversion of one-half of the paddy tax was 9 *parahs* 3⅝ *edangalis* which is a little less. On that score also the Nanjinad ryot is not called

upon to pay anything more than what he was already paying. For the conversion of the other half of the tax, the standard adopted was 8 *parahs*, 6½ *edangalies* which is the lowest that was then prevailing in Nanjinad. So, I say, Sir, this is a matter in which the Nanjinad ryots are at an *advantage* and they have no grievance in substance. Further, as I said at the outset, a readjustment of the measurement at this time, *i. e.*, in an intersettlement period would mean practically a re-settlement and that as I say is impracticable. Government have in their order on the Settlement Final Report stated that at the next Settlement an attempt should be made to have uniform standards of measurement for the whole State. So, when the next Settlement is taken up, this will be one of the problems that will receive consideration. In the meantime I think it is not necessary to have any committee to go into this question. So, Sir, I beg to oppose this resolution.

Mr. V. S. Arumukham Pillai: I heard the Land Revenue Commissioner, and I am not at all satisfied with his reply. Sir, the only prayer and the only request is to appoint a committee for the purpose of ascertaining whether there is a mistake committed by Government in the process of adjusting the *kottah* in terms of *parah*. And as the learned Commissioner himself admits, these questions have been agitated for a very long time. Government have not yet given a definite reply till now. So far as I am aware Government have never said that the agitation is groundless and that really there is no mistake. Further, in a matter like this, in a matter wherein the people of Nanjinad have been agitating for a very long time, the proper thing which the Government ought to have done is to convince the people. From the answer given by the learned Commissioner, it does not appear that the people were ever convinced of this. Even granting that any reply has been given, he does not say that the people were actually convinced about it. Sir, the learned Commissioner says it is not the request of the people to have a revision of the assessment. The only request is to correct an error, a glaring error which I have pointed out.

Mr. K. George: Will not that amount to a revision of all *pattas*?

Mr. V. S. Arumukham Pillai: A correction of the error will go to reduce the amount of tax paid by all the tax-payers.

Sir, if it is a mistake and if it be found by a properly appointed committee that there is really a mistake, it is a matter which cannot wait till the Settlement. Settlement has nothing to do with the rectification of this error. Secondly in the reply given by the learned Commissioner, he has not given a definite and adequate

[Mr. K. Kunjukrishna Pillai]

reply with regard to one point which I raised. Sir, I stated that two lands bearing the same rate of assessment but one situated in Eraniel and another situated in Nagercoil have to pay different taxes. The lands situated in Nagercoil bearing the same rate of assessment as in Eraniel and bearing the same first class *tharam* has to pay Rs. 5 more than what the land in Eraniel pays. Why is this, Sir; Why should there be this difference? The learned Commissioner has not attempted to offer an explanation for this.

Mr. M. Govindan: May I know from the member what is the reason for this disparity?

Mr. V. S. Arumukham Pillai: That is what I am going to say. The reason is the wrong calculation that one *kottah* is equal to 8 *parahs*, 6½ *edangalies* instead of 7 *parahs*, 1 *edangali.*

Mr. K. George: Was not the calculation the same for both these places?

Mr V. S. Arumukham Pillai: No. There the measure in vogue is *edangali* and *parah* and not *marakkal.*

I have been stating from the outset that it is because of this difference in measures, *i. e*, *kotta* and *marakkal* peculiar to Nanjinad, that this difficulty has crept in.

Mr. S. Piraviperumal Pillai: May I know whether the *kottah* measure is not prevalent in Agastisvaram and Tovala taluks?

Mr. V. S. Arumukham Pillai: It is prevalent in Shencotta taluk also.

Mr. A. Kumara Pillai: Is it not prevalent in Eraniel taluk?

Mr. V. S. Arumukham Pillai: There the *parah* is also prevalent. So there is no difficulty there.

In this matter the people of Nanjinad do not cringe for any mercy. They want only justice to be done to them. There is nothing wrong to convince the people by appointing a committee and redressing their grievances.

Mr. M. Govindan: May I know whether the appointment of a competent officer to enquire into that would not be enough?

Mr. V. S. Arumnkham Pillai: It would not be enough. I am not satisfied because one officer cannot be expected to enquire into the matter and do the needful because we find from past experience that even the Peishkar who was deputed to ascertain the cubic contents was not able to do the thing satisfactorily and that is why the whole difficulty has crept in.

Sir, in conclusion, I beg to submit that, in deputing Peishkars to ascertain the various kinds of *marakkals* prevalent and to find

out their equivalents, Government have committed a great blunder. There is the land measure equivalent under the new Settlement Regulation, and there is the *venkala parah* according to which 9 *parahs* and 3½ *edangalies* which (the learned Commissioner himself admits), is treated as being equal to one *kottah*. These enable scientific methods of making the necessary calculation. In view of these the Government ought not to have resorted to the unscientific method of examining the cubic contents of diverse *marakkals*.

Sir, I press the resolution.

Mr. K. George : Just one word more, Sir. The first point in the reply given by the mover is that Government do not seem to have given a final order on the representation made in the past on this question. Sir, such a final order was issued to the memorialist Mr. V. Chellam Pillai, Ex-M. L. C. The order was issued by Government on the 18th January 1934. I shall read the last paragraph of the order.

> "On a careful consideration of all the points urged in the memorials, Government think that no case has been made out for a revision of the order of 1906 during the intersettlement period. The introduction of a uniform rate of grain measurement for the whole State has been recommended as one of the items to be considered at the next settlement and the point has been noted for consideration by Government at the time of the next general Settlement."

Therefore, Sir, a definite reply has been given to the memorialist. There had been other memorials also, and Government have given replies to them also.

Mr. V. S. Arumukham Pillai : May I ask the member whether there was an interpellation on the subject in this House?

Mr. K. George : I am not quite sure.

Mr. V. S. Arumukham Pillai : May I inform the member that there was an interpellation and that the Government answered that the matter was under their consideration?

Mr. K. George : Probably, it was after such consideration that this letter, which I read, was sent,

Mr. M. N. Paramesvaran Pillai : What is the sort of investigation that the Government conducted before they issued that order?

Mr. K. George : All the points now urged by the mover were urged in that memorial ; and the local officers were asked to examine them. Their reports were received and were carefully examined by Government

Mr. M. N. Paramesvaran Pillai : May I ask whether the non official side was heard before Government decided the matter?

Mr. K. George; The non-official side was presented fully and exhaustively in the memorial.

Mr. M. N. Paramesvaran Pillai : May I ask whether opportunity was given to the people of Nanjinad to consider the points raised by the local Revenue Officers in their reports to Government ?

Mr. K. George: No such opportunity was considered necessary ; all that the people had to say they had stated fully in their printed memorial. There was no need to go further than that.

Another matter that the mover stressed was that all that he now asks for is a committee to go into the question. I suppose, Sir, that the committee is to make a report. Of course, the Government will be expected to give effect to the recommendations contained in such a report, which means that they must be prepared for a complete re-assessment so far as the whole of the Nanjinad tract is concerned. That, I submit, is not feasible at the present moment.

Mr. K. P. Nilakanta Pillai : May I ask whether the Banking Enquiry Committee or the Economic Depression Enquiry Committee did not recommend this grievance of the Nanjinad people to be redressed ?

Mr. K. George : They merely said that this grievance must be looked into.

Mr. K. P. Nilakanta Pillai : Does the member realise that, on this matter, there is vital difference of opinion between the people of Nanjinad and the Government ?

Mr. K. George : The opinion of Government on the matter has been communicated to the people of Nanjinad in reply to their representations.

There is also another difficulty in the matter, Sir. The arguments, now urged by the mover in favour of re-assessment in Nanjinad, will apply with equal force to the people of Shencotta.

Mr. V. S. Arumukham Pillai ; May I ask whether the people of Shencotta have raised this question till now at any moment ?

Mr. K. George : They are sure to raise it when they find that Government are taking steps to re-assess the lands in Nanjinad on the basis of the *kotta* being equal to seven and odd *parahs*.

Mr. V. S. Arumukham Pillai : Is the member aware that even for the first class *tharam* land in Shencotta the tax is only Rs. 20 and odd ?

Mr. K. George : That raises an altogether different question, namely, the excessiveness or otherwise of the *tharam* of tax. That has nothing to do with the measurement.

Mr. V. S. Arumukham Pillai : May I ask whether the fact that the rate of assessment in Shencotta is not excessive does not lead to the inference that there is no error in calculating the rate of tax there ?

Mr. K. George : No. The rate of assessment, whether it is excessive or not, is due to the classification of land, irrespective of the locality. At any rate, in Shencotta also, they have the *kotta* which is equivalent to 16 *parahs* and 8 *edangalies*. Suppose we convert it in accordance with the land measurement—one *kottah* is equal to 1.47 acres—and correlate land measurement and grain measurement. A *kottah* instead of being equal to 16 *parahs* and odd as at present will go down and become equivalent to 10 *parahs* and odd. Therefore, my submission is that the moment a committee is appointed and Government think of taking action on its report, the people of Shencotta will start the same agitation.

Mr. M. N. Paramesvaran Pillai : If there is real mistake in Shencotta also, may I ask where is the harm in rectifying the mistake there also ?

Mr. K. George : If we go on like that we will have to rectify mistakes throughout the State ; and it is for that we have resettlement periodically.

Mr. V. S. Arumukham Pillai : I press the resolution.

The resolution was put to vote and lost.

Mr. V. S. Arumukham Pillai : I demand a poll.

A poll was taken and the House divided as follows :-

Distribution of allotments for original works.

Mr. K. P. Nilakanta Pillai: Sir, I beg to move the following resolution:

> This Council recommends to the Government that, in future, the allotments made under P. W. D. budget every year for original works, including minor irrigation, be distributed among the various taluks in proportion to the land revenue collected from each taluk.

Sir, from time to time, a lot of the time of this House and of the Government and of the head of the Public Works Department is being taken away on discussions relating to public works of purely local importance. Parliamentarians in every country are modest men, and my object in tabling this resolution is not to put forward practical difficulties and thereby to embarrass the Government or their departmental officers. Unfortunately, Sir, I belong to that set of public representatives who think that the work of the member of a Council like this is not a sort of lyric poetry which has very little to do with realities. The idea of most of the members of such representative institutions as ours is that they must get the approbation of their respective constituencies and that unless they do get it, it would be impossible for them to get on as members of this House for a considerable period. Sir, I for one have not been confining my attention to my constituency alone. I am thoroughly acquainted with the needs of the people of the various parts of the country. I have travelled beyond my constituency and have visited many parts of Travancore.

Mr. M. N. Paramesvaran Pillai: May I know why he did that? What was the occasion?

Mr. K. P. Nilakanta Pillai: I have already stated, Sir, that, according to me, it is the duty of every member of this House not to limit his knowledge to his constituency and claim

T. A. for his journeys from his place to Trivandrum and back. According to me, a proper representative of the people ought to travel throughout the country, visit the various places, ascertain from the people their needs and then ventilate their grievances in the Council. Moreover, Sir, I had plenty of opportunities to undertake wide travel even outside my constituency.

In regard to my own constituency, Sir, during the last 10 years I have been pressing our needs on the attention of the Government as well as of the head of the Public Works Department. After 6 years of persistent agitation, sanction was obtained for opening 3 small roads. All of them were begun in the year 1106, and in all of which a few sections have been completed They have been left there.

I do not know what is the condition of these works. The head of the department may be able to tell the House that the money has been practically wasted on the works so far completed.

Mr. M. Govindan: May I know from the member the names of the roads which were sanctioned?

Mr. K. P. Nilakanta Pillai: One road is from Dalavaipuram to Attingal. Another is from Kallambalam to Karettil directly going to Shencotta. Another is from the 17th mile stone of the Trivandrum-Quilon road direct to Chirayinkil and on the other side touching the Venjaramudu market. My object was to open up the whole of the Chirayinkil taluk with respect to Shencotta and Nedumangad. That must be the experience of all the members who have been ventilating their grievances with regard to the insufficiency of the funds allotted to their constituencies in the P. W. D. budget.

Mr. K. Madhavan Pillai: What is the total length of communications in Chirayinkil?

Mr. K. P. Nilakanta Pillai: Of course there is the M. C. road, but it is not for the sole benefit of the people of Chirayinkil. It is for the benefit of the whole of Travancore and therefore Chirayinkil need not be burdened with the mileage of that road. Then the only road is the Trivandrum-Quilon road, the length of which is 20 miles. Besides these there are some village roads.

Mr. K. Madhavan Pillai: May I remind him that there is only 91 miles of road?

Mr. K. P. Nilakanta Pillai: May be.

Mr. M. N. Paramesvaran Pillai: May I know from the member, if the principle of his resolution is accepted, what will happen to the beautification of this capital city?

Mr. K. P. Nilakanta Pilla : I thought about that also, Sir. It is on account of that that I have left untouched the capital expenditure, and therefore the beautification of this city may hereafter be brought under capital expenditure so that the allotments made in he P. W. D. may be distributed between the various taluks according to the revenues collected from the taluks.

Mr. M. N. Narayana Menon (*Kottayam*) : ചില താലൂക്കുകൾക്ക ഇപ്പോഴും തന്നെ കൂടുതൽ റോഡുകൾ കിട്ടിയിട്ടുണ്ടായിരിക്കും. അങ്ങനെയുള്ള താലൂക്കുകൾക്കും ഈ പ്രമേയം അനുസരിച്ചു കൂടുതൽ തുക കൊടുക്കണമെന്നാണോ അഭിപ്രായപ്പെടുന്നതു്?

Mr. K. P. Nilakanta Pillai : Yes. Sir, there seems to be an idea of that kind in the minds of many of the members because I have been listening to the attack made upon Southern Travancore that the major portion of the allotment is consumed by the Trivandrum Division. My constituency is one of the constituencies included in the Trivandrum Division and my pitiable position will be better considered by the members when they see that I have come to this House with this resolution, because, even though a large amount is allotted to the Trivandrum Division, the rural constituencies are not at all satisfied with the allotments made to those constituencies. Sir, I shall now give the figures showing the allotments under the P. W. D. for the years from 1100 to 1110.

For 1100 the allotment was		Rs. 29·56	lakhs.
,, 1101	...	... 26·29	,,
,, 1102	....	... 26·49	,,
,, 1103	...	... 83·82	,,
,, 1105	...	... 39·45	,,
,, 1106	...	.. 39·05	,,
,, 1107	...	... 35·34	,,
,, 1108	...	... 28·58	,,
,, 1109	...	... 32·72	,,
,, 1110	...	... 28·80	,,

For minor irrigation works the allotments are

for 1100	...	... 2	lakhs.
,, 1101	...	... 2	,,
,, 1102	...	... 1·5	,,
,, 1103	...	... 1·9	,,
,, 1104	...	... 1·3	,,
,, 1105	...	... 1·0	,,
,, 1106	...	... 1·8	,,
,, 1107	...	... 1·5	,,
,, 1108	...	... 1·9	,,
,, 1109	...	... 1·8	,,
,, 1110	...	... 2·8	,,

I shall take the figure for the year 1103 as a typical one. During 1103, 29 minor irrigation works were carried out at a total expenditure of Rs. 90,786. Of this, Kalkulam got Rs. 7,953 for 13 works, Vilavankod got Rs. 14,188 for 4 works, Neyyattinkara got Rs. 26,199 for 5 works, Trivandrum got Rs. 2,200 for 2 works, Shencotta got Rs. 29,6-8 for 9 works, Kunnattur got Rs. 8,023 for 2 works, Mavelikara got Rs. 2,083 for one work, Tiruvalla got Rs. 50 for one work, Changanachery got Rs. 135 for one work and Kottayam got Rs. 280 for one work.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether Ambalapuzha got anything?

Mr. K. P. Nilakanta Pillai: Nothing. I took this typical year, Sir, simply to show that absolutely there is no principle or fairness or even justice in distributing these allotments. I am quite aware of the fact that the member for Neyyattinkara will pounce upon me because his constituency has been in receipt of a large sum of money during the past several years and so he may not agree with me.

Mr. K. Madhavan Pillai: Is he aware that Tiruvalla has got two hundred miles of road?

Mr. K. P. Nilakanta Pillai: I do not know, Sir, how these questions do not advance my argument.

Mr. M. P. Madhavan Pillai (*Tiruvalla* cum *Pattanamtitta*): അവിടെയുള്ള റോഡുകളിൽ അധികവും ജനങ്ങളുടെ ചിലവിൽ വെട്ടിച്ച് ഗവണ്മെൻറിനു കൊടുത്തിട്ടുള്ളതാണെന്നറിയുമോ?

Mr. K. P. Nilakanta Pillai: I do not know. The member for Tiruvalla may speak for that. Sir, the point that I wanted to deduce with reference to the allotments made under the P. W. D. is that there is no relation in comparing one year with another year or whether the disbursements are made as per divisions or as per taluk by taluk. Even with reference to the minor irrigation, in the matter of allotment there is absolutely no proportion or no principle followed. I do not know what is the guiding principle followed by the department. Some particular officer or for that matter some big whig may be interested in a particular work, and as a matter of fact, whether that work is beneficial to the people or not, it will be carried out. Works are carried out not with reference to the exigencies and circumstances nor after considering whether they are a source of benefit to the people. That was a thing, Sir, which prompted me to table a resolution of this nature. Of course, I may be accused that, in giving effect to this resolution, there are practical difficulties in mathematically dividing

[Mr. K. P. Nilakanta Pillai.]

the allotment under the P. W. D. But this is the final thing which I have to do in this matter and if I do not succeed in this, hereafter my time need not be wasted in ventilating my grievances of a local nature. Sir, I have tried interpellations, I have made terrible speeches in bringing to the notice of this House and the Government the needs of my constituency and the complete neglect shown to my constituency and even obstructive tactics were adopted so that when this particular demand was moved, I tried to attack the demand through the back door and to defeat the object of the mover. I do not want to narrate the history of my achievements in this House with reference to this matter, but I have failed though I tried everything. Therefore this is the last thing which I was compelled to do fully conscious of the practical difficulties which the acceptance of this resolution will cause to the departmental head and to Government. This has become very necessary.

Various members representing other constituencies also will be very glad to see something of a resolution of the kind accepted. They can also more or less satisfy their constituencies, because while speaking in support of this resolution they will be drawing the pointed attention of the department to the needs of their constituencies and to the kind of attention that they bestow in respect of the local affairs. Apart from interpellations this is the best method by which a member can keep in touch with the demands of the constituency and his electors. So, Sir, this resolution has become very necessary.

To conclude, there is on the face of it, apart from practical difficulty, no grievance to any constituency. Anyhow, the Public Works Department must allot some amount for original works which should be distributed to every taluk.

Mr. M. N. Paramesvaran Pillai: May I know from the member whether he has any objection in our demanding a similar distribution of the money sanctioned for Education, Medical and Sanitary Departments?

Mr. K. P. Nilakanta Pillai: Sir, that is a very pertinent question and if a further suggestion is made that even the provision for the maintenance of the Lunatic Asylum should be distributed amongst the various taluks, I would say that it depends upon the members which each constituency can supply to the Asylum. Therefore, in distributing the education fund, provided there is a dearth of students to go to schools, I do not see the humour of it, because there is no use in allotting funds to places where there are students.

Mr. M. N. Paramesvaran Pillai: May I point out to the member that Mr. John Kattakkayam was telling us that in his constituency there were not many educated men? What object has the member in allotting a large portion of the amount under Education for the use of his constituency?

Mr. K. P. Nilakanta Pillai: In a way I can agree, Sir. I have even given my opinion with reference to these vexed questions. When the Director of Public Instruction has completed his survey of the departmental schools and their location, when he has abolished the overlapping institutions and when he has found out the places which require more schools, of course, some schools may be taken from some constituencies and a sort of a level in the distribution of the schools in the constituencies may be kept. That seems to be his idea and I am at one with him there. Therefore, Mr. Kattakayam's requirements will be met.

Mr. M. Govindan: May I know from the member whether he will be agreeable to this small amendment to substitute "taking as far as possible" instead of "in proportion to"?

Mr M. N. Paramesvaran Pillai: Sir, on a point of order. The member cannot move an amendment at this stage because the resolution itself has not yet been seconded.

Chairman: It is not an amendment. It is only a suggestion.

Mr. K. P. Nilakanta Pillai. Sir, I do not know what is the amount of support the acceptance of that suggestion will give me. Therefore, when that amendment is moved properly, when it is allowed to be moved and when it is made a part of the resolution, then it will be time for me to consider, after testing the amount of support that it will get, accepting the amendment or not.

I have practically finished my speech, Sir, because no more arguments are necessary to show that every constituency has a right to get some reasonable share in the allotments made for the Public Works Department as well as in the allotments made from year to year for minor irrigation. In the matter of the minor irrigation also, Sir, I have brought to the notice of the House that there are several hundreds of tank beds that are now practically converted into garden lands by encroachment which is practically a vocation with the orientalists. I have brought this matter to the attention of Government also, protesting against such encroachments being tolerated by the Land Revenue Department, and it is regrettable that neither the Land Revenue Department nor the Public Works Department has investigated the necessity of improving even a single tank so that it may give some water to the waterless wet lands of my constituency.

[Mr. K. P. Nilakanta Pillai.]

There also I have failed. Not a single tank has been improved in my taluk. Therefore my grievance is substantial and a standing one. So, I request that the members on this side of the House will take note of this grievance which requires a remedy of an effective sort. With these few words, I place the resolution for the acceptance of the House.

Mr. K. Madhavan Pillai: Apart from the wording of the resolution, may I take it that what he means is that there should be a more equitable distribution of funds for the P. W. D. works?

Mr. K. P. Nilakanta Pillai: The resolution itself is clear. I want only my share and nothing more than that.

Mr. Tariatu Kunjitomman: കളങ്ങൾ ലേലം ചെയ്തിട്ടുണ്ട്, വെള്ളക്കരം വച്ചിട്ടുണ്ട്; അതെല്ലാം അറിയാം.

Mr. M N. Narayana Menon: കോതയാററിൽ ചിലവു ചെയ്തിട്ടുള്ള പണത്തിൻെറ പലിശ എങ്കിലും ഏതെങ്കിലും രൂപത്തിൽ കിട്ടുന്നുണ്ടോ?

Mr. Tariatu Kunjitomman: ചെറുതായ ഒരു തുകയെ കിട്ടുന്നുള്ളു എങ്കിലും ജനങ്ങൾക്കു ക്ഷേമത്തിന് മാററം ഉണ്ടാക്കിവയ്ക്കേണ്ടതു ഗവമ്മെൻറിൻെറ കടമയാണല്ലോ.

Mr. M Govindan: Sir, I am sorry that Mr. K. P. Nilakanta Pillai, the mover of the resolution, was not able to accept my suggestion.

Mr. K. P. Nilakanta Pillai: I did not say that I am not willing to aceept it. I only said that, when it comes in its proper form, it shall be considered. There was no suggestion before the House in an acceptable form.

Mr. M. Govindan: I do not think that there was any impropriety in the way in which I put it.

Mr. K P. Nilakanta Pillai: Will the member be pleased to move an amendment in the manner in which he suggests?

Mr. M. Govindan: With the permission of the Chair I am willing to do it. Instead of "in proportion to" add the words, "taking as far as possible"

President: As two clear days' notice has not been given I am afraid, I cannot allow this amendment at this stage.

Mr. M. Govindan: Now the proper way has become sterile. As the resolution is worded by Mr. K. P. Nilakanta Pillai, it has got a very parochial and narrow appearance. That would be seen from his own speech in which he assumed a very apologetical way of presenting his resolution. That is very unusual, if I may be excused for saying for my "fighting friend".

We hail from the same taluk and have to make the same complaint that our taluk is not getting its fair share of roads and other means of communication. As pointed out by Dr. Madhavan Pillai in this House we get only 90 miles of road, while other taluks get 200 and 300 miles of road, although our taluk is not behind other taluks in the matter of contribution of public revenue to the State. Although sharing the same complaint I feel a difficulty in supporting the motion as it is worded. But I am one with Mr. Nilakanta Pillai in the spirit of his resolution. Except Mr. Nilakanta Pillai none of the speakers was for the literal acceptance of this resolution. We want only the spirit of the resolution to be accepted, that is to say, that no taluk should be neglected. If this year's budget is reviewed it will be easy to find out that not a pie has been allotted for communications in the Chirayinkil taluk,

Mr. K. P. Nilakanta Pillai: There is the construction of the Mamom bridge.

Mr. M. Govindan: There may be. But that is on the road leading to Quilon and it is for all the taluks together lying between Quilon and Trivandrum.

Mr. K. P. Nilakanta Pillai: There is a provision for the reconstruction of the Vamanapuram bridge.

Mr. M. Govindan: Well, Sir. I am now speaking of roads. Owing to the floods some bridges were washed away and their reconstruction is inevitable. If my friend Mr. Nilakanta Pillai is satisfied with the allotments for the construction of these bridges I am not. In that respect I am more in favour of the resolution than the mover himself. My request to the Chief Engineer is that he should consider the spirit of the resolution and undertake to consider the taluks that have been neglected in the matter of distribution of budget allotments for the year. That is all that I have to say.

Mr. M. N. Mr. G. Narayana Aiyar: I support the spirit involved in this resolution. Although there may be some difficulty in working out the resolution as it is, a good deal of policy is involved in that resolution. We find that Government is not maintaining any policy so far as the allotments under P. W. D. are concerned. The policy followed at present is that when there is a cry from a particular person or centre for any relief, at once something is done by the department to put a stop to that cry and leave it there unfinished. Responsible officers in the department should travel throughout the country, see what are the real needs in various localities and then supply those needs. That should be the policy of the department. Even here whatever is done is not done completely.

In the Northern taluks there are very few good roads. Roads are absolutely necessary for transporting and carrying local products to markets and for travelling. The allotments must be reasonable and in proportion to the necessities of each and every taluk.

In this connection my constituency is showing only a very small contribution and it is neglected practically.

Mr. G. B. E. Truscott: Sir, Mr. Nilakanta Pillai started by saying that his taluk is suffering much on account of inadequate provision in the budget of the department. But I would say that the budget is framed each year according to the recommendations of the Division Officers who really frame the budget from instructions given by the Chief Engineer and the Government. The allotment of funds for each year in proportion to taluk-war revenue is both impracticable and undesirable. Public works have to be carried out according to the actual needs of the taluk.

Mr. Komilezhathu Sankaran: Who is to ascertain the needs for opening roads ?

Mr. G. B. E. Truscott: The Division Officers and the Chief Engineer.

Mr. Komilezhathu Sankaran: Is there a Road Board ?

Mr. G. B. E. Truscott: There is no Board at present.

Mr. Komilezhathu Sankaran: May I know from the member whether there is any idea of reviving it ?

Mr. G. B. E. Truscott: The Road Board that was in existence recommended a long list of roads and that will suffice for a number of years to come. There is therefore no purpose in reviving the Road Boards at present.

Mr. Komilezhathu Sankaran: May I know from the member whether the construction of roads recommended by the Road Board have begun.

Mr. G. B. E. Truscott: They are being considered and some of them have been begun.

Land revenue is not the only criterion to determine the needs of the taluk. There are other sources of revenue such as Excise, Forest, etc. But my point is this. The resources of the whole State have to be pooled and constructive works undertaken in those places where the needs are urgent. We have taluks like Devicolam, Peermade and Thodupuzha which are very backward in communications and hence we have to supply those taluks with the necessary means of communication irrespective of the revenue which we get from those taluks. Some of the revenue yielding taluks, are very much advanced in the matter of communications and if those taluks are given allotments in proportion to their land revenue, that will surely tend to starve the other less favoured taluks. The yield of revenue itself is an index of the advance made in point of communications.

[Mr. G. B. E. Truscott.]

Similarly major productive irrigation works have been carried out in South Travancore and some of the taluks there have been consequently largely developed in the matter of land revenue. If, in future, budget grants are alloted on the basis of taluk-war revenue, these taluks will again get the major portion of the allotment to the impoverishment of other taluks.

Mr. M. N. Paramesvaran Pillai: What is the policy followed in other places like British India?

Mr. G B. E. Truscott: Distribution of works according to the needs and according to the funds available. But the policy adopted by the P. W. D. is to complete the works which are left uncompleted. You will find that if you will go through the budget.

Mr. Nilakanta Pillai spoke about the Mamom bridge. That bridge does not serve only his taluk. The cost of building that bridge is met from the whole revenue from the State and not from the revenue that Government get from the taluk. The Vamanpuram bridge though it is in the Nedumangad taluk cannot be rebuilt on the basis of the land revenue collected from that taluk.

Then one member spoke of Trivandrum. I do not think that Trivandrum can be considered as other taluks. In addition to its being the capital of the State, there are schools and colleges and other public buildings which are intended for the whole State and so the expenditure for the public works cannot be grudged there. So is the case of works in the headquarters of districts. Mr. Nilakanta Pillai has assured us that he has travelled all through the State and I am glad that he has done so. He can therefore very well understand that some taluks want more roads than his. Therefore I should like him to withdraw his motion and leave it to the department to distribute the allotments according to the actual needs of the respective taluks.

Mr. K. K. Thomas: My suggestion is that the logical consequence of this resolution is to allot that portion of land revenue derived from a particular pakuthi to that pakuthi.

Mr. G. B. E. Truscott: Yes, it amounts to that.

Mr. M. N. Paramesvararn Pillai: May I know from the member whether he accepts the spirit or the principles underlying the resolution moved by Mr. Nilakanta Pillai?

Mr G. B. E. Truscott: If Mr. Nilakanta Pillai's resolution is to be accepted I must say that each taluk will have to pay for its development in the matter of communications and irrigation. Progress then in these directions will be slow.

Mr. M. Govindan: May I know from the member whether the three incomplete roads mentioned by Mr. Nilakanta Pillai will receive his attention?

Mr. G. B. E. Truscott: Yes. A good many members have come to me from time to time from, I must say, all over the State and spoken to me about the necessity for more roads and other communications in their taluks. And some members want much more than others. I am not saying that the Chirayinkil taluk does not want roads; but I think that that taluk will have to wait for a time until other taluks have their communications improved.

Mr. G. Narayana Aiyar: May I know from the member whether he accepts the spirit of the resolution?

Mr. G. B. E. Truscott: The spirit of the resolution, Sir, is fine.

Chairman: Do you press the resolution, Mr. Nilakanta Pillai?

Mr. K. P. Nilakanta Pillai: I am in a dilemma. As I stated, it is the extreme necessity that compelled me to table such a resolution. Even though no mention was made in this House about the allotment made for the Mamom bridge and Vamanapuram bridge which I had the fairness to bring to the recollection of the Chief Engineer, I was surprised to find that the Chief Engineer was developing an argument out of that against me, Sir. The cost of Mamom bridge is not one to be borne by my constituency. It is an all-Travancore bridge. The Chief Engineer may be able to distinguish from the nature of the bridge whether it is a bridge to serve a particular constituency or an all-Travancore bridge. It is an all-Travancore Bridge.

Mr. G. B. E. Truscott: That was exactly my point. Therefore you should not ask the taluk to pay for it. But according to the resolution Sir, it says that the taluk should pay for it. That is my point, I would therefore ask the mover to withdraw his resolution.

Mr. K. P. Nilakanta Pillai: Yes, Sir, it is an all-Travancore bridge and my constituency does not pay for the cost.

Mr. M. N. Paramesvaran Pllai: May I know from the Chief Engineer whether that is not the case with all the roads and bridges of the State?

Mr. G. B. E Truscott: No, Sir, that is not the case. There are the village roads which benefit only a particular constituency. On the other hand there are big trunk-roads which benefit all our State. There is the capital expenditure incurred year

[Mr. G. B. E. Truscott.]

after year ; and it is from the capital expenditure ear-marked, that the Neriamangalam bridge and Neendakara bridge and other big works were being undertaken by the Government.

Mr. K. P. Nilakanta Pillai: It is not my object also, Sir, to see that no more money is spent in the capital town itself. We know that we are in a beautiful State and we do want to further beautify the capital of the State, which may be appreciated with reference to the natural beauty of the State. Therefore it is not my object also that Trivandrum should be made to suffer on account of this resolution, Sir, as many of the members expressed. The spirit of the resolution is far away from that. But it is to treat all the constituencies alike in the matter of the allotment of P. W. D. budget that I tabled this motion. There is a sort of unanimity so far as this side of the House is concerned regarding the spirit of the resolution. That itself is very satisfying, Sir.

Mr. M. Govindan: Did not the Chief Engineer agree that it was fine.

Mr. K. P. Nilakanta Pillai: Yes, Sir. Therefore on that very pleasant sentence of the Chief Engineer, I beg leave of the House to withdraw the resolution.

Chairman: Does the House grant permission to withdraw the resolution ?

The resolution was by leave of the House, withdrawn.

Abolition of the toll gate at Suchindram.

Mr. V. S. Arumukham Pillai: Sir, I beg to move the following resolution:

"This Council recommends to the Government that the toll gate at Suchindram be abolished.

Sir, it is now more than five years since the economic depression has set in. It is becoming more and more acute and there is no likelihood of its subsiding in the near future and when the people as a whole, and especially when the agricultural population of the South Travancore, are looking forward towards a reduction of tax and when they are not able even to meet the ordinary and usual tax, it is pitiable, Sir, and regrettable that the Government have now imposed additional taxation by way of instituting this toll.

Mr. K. P. Nilakanta Pillai: May I know from the member whether Suchindram bridge stands in need of immediate reconstruction ?

Mr. G. B. E. Truscott: May I answer that, Sir ? It does.

Mr. V. S. Arumukham Pillai: With regard to this question, Sir, I too state that it may really stand in need of reconstruction. But my question is, are the ryots to pay for it? My point is that the toll at Suchindram is really a tax which has to be borne chiefly by the ryots. Now the road—the main road—leading to Cape Comorin might have been spoiled or may be in a damaged condition and the bridge also may require repair but that is due to enormous increase in the bus and motor traffic. I have no objection if the motors and buses and if the officers going in fine pleasure cars to Cape, are being taxed.

Mr. K. George: And not only officers going in pleasure cars but other people also?

Mr. V. S. Arumukham Pillai: Yes, other people also going in pleasure cars. Let them also be taxed but my only objection is that the poor tax-payers are being taxed; and it is the poor tax-payers who contribute more to the Suchindram toll-gate.

Mr. K. K. Thomas: Is it the cars or country carts that cause damage to the road?

Mr. V. S. Arumukham Pillai: It is the buses and cars. The country carts do not require fine bridges and soft metalled roads.

Sir, in the first place, the institution of this toll-gate is against the express direction and wishes of our Government. We will, on a perusal of the report of the proceedings of the 19th session of the Assembly, find that our ex-Dewan Mr. T. Raghaviah has said as follows:

> "You spoke of fresh taxes. I do not know of any proposal to impose any fresh tax in Travancore now, and so there is no occasion to talk of this now, so far as I know. You must also remember, as I pointed out in my address last year, that, after the advent of the reformed Legislative Council, any matter involving fresh taxation will ordinarily come up before that body."

This is what our ex-Dewan Mr. T. Raghaviah said. Now I beg to submit that this institution of the toll gate is an additional taxation imposed upon the people; and this additional tax, before being introduced, was not placed before the legislature, and as such, I beg to point out that this institution of the toll is against the express announcement of our Government.

Mr. M. Govindan: May I know from the member when the Suchindram toll was established?

Mr. V. S. Arumukham Pillai: It was established in the year 1109 Chingam.

Mr. G. Narayana Aiyar: May I know from the member whether it is a sort of discouragement to trade agencies?

Mr. V. S. Arumukham Pillai: Yes, it is a discouragement to agencies of trade, it is a discouragement to several kinds of transport. It prevents and distracts easy transport and free communication. In every respect it is a retrograde step. Sir, this toll, I had occasion to tell before the House, is a barbarous taxation, a relic of Mahomedan and Moghul Emperors and old Hindu Kings. Sir, this tax has been condemned as barbarous and has been abolished in British India and everywhere.

Mr. M. N. Paramesvaran Pillai: Has the member any objection to abolish all taxes and tolls and introduce a poll tax?

Mr. V. S. Arumuhkam Pillai: I hope that the next step will be to introduce poll tax when the present manner of taxation is found insufficient.

Mr. G. B. E. Truscott: Including the existing taxes?

Mr. V. S. Arumukham Pillai: You may include the poll tax also.

Mr. G. B. E. Truscott: You wanted to propose it.

Mr. V. S. Arumukham Pillai: I did not want to propose it. I don't exactly understand the learned member. I did not propose it. I only anticipated a fear that it may be introduced, that is all.

What is the pretext to intrcduce this toll? The only pretext is that these tolls are necessary for the maintenance and repair of the roads and bridges. Sir, I have submitted, it is on account of the increase of the bus traffic that the necessity for maintaining and repairing these roads and bridges became greater. Now, as I said, so far as Suchindram is concerned, the revenue realised from the toll is being realised from the ryots.

Sir, in the south, local manure is not available. Manure for this agricultural class has to come from British Indian Province and there is a toll gate at Aramboly and another at Anjugramam. These cart loads of manure have again to pass through Suchindram for distribution throughout the neighbouring agricultural villages. In view of the fact that it is really an indirect tax on the poor suffering ryots who are already unable to meet the existing taxes, I appeal to the House that they may lend their full support to the resolution and get it passed.

Mr. K. George: Has not the contract for 1110 already been given to some toll contractors?

Mr. G. B. E. Truscott: Yes,

Mr. Tariatu Kunjitomman: അറിയാം.

Mr. Kayalam Paramesvaran Pillai (*Additional Head Sirkar Vakil*) : ഒരു സ്ഥലത്തെ ടോൾമാത്രം നിൎത്തണമെന്നുപറഞ്ഞാൽ മററു ടോളുകളെല്ലാം ആവശ്യമാണെന്നുള്ള അൎത്ഥമല്ലെ വരുന്നതു്?

Mr. Tariatu Kunjitomman: ഏകദേശം അങ്ങനെതന്നെയാണു. ക്ഷാമമാണെന്നു കരുതി കരം ഇളച്ചുകൊടുക്കുവാൻ ഗവണ്മെണ്ട് വിചാരിക്കുന്നുണ്ടെങ്കിൽ രാജ്യമൊട്ടുക്കു ഇളച്ചുകൊടുക്കണം. അതുപോലെ ഒരു ടോൾ നിറുത്തുന്നുവെങ്കിൽ എല്ലാടോളുകളും നിൎത്തണം. ചില ടോളുകൾ നിൎത്തൽചെയ്യുവാൻ മുതിരുകയും ചിലതിനെ മൌനമായി വിട്ടുകളയുകയും ചെയ്യുന്ന നയത്തോടു എനിക്കു യോജിപ്പില്ല. അതിനാൽഞാൻ ഈ പ്രമേയത്തെ എതിൎക്കുന്നു.

Mr. Komilezhathu Sankaran: മി. കുഞ്ഞിത്തൊമ്മന്റെ ആദർശത്തോടു മെമ്പർ എപ്പോഴെങ്കിലും യോജിച്ചിട്ടുണ്ടോ?

Mr. J. John Kattakayam: മി. കുഞ്ഞിത്തൊമ്മന്റെ ആദർശത്തോടു യോജിക്കുന്ന ആറം ഉണ്ട്. പക്ഷെ ആ ആറം ഇപ്പോൾ ഇവിടെ ഇല്ല. അതിനെപ്പറ്റിയും മററുമൊക്കെ ഞാൻ പിന്നീടു പറഞ്ഞുകൊള്ളാം. ഇപ്പോൾ പറയാൻ സമയമില്ല. മററുള്ളവർക്കു സിദ്ധിക്കുന്ന ആനുകൂല്യങ്ങളിൽ അസൂയ ഉള്ളതുപോലെ തോന്നുന്ന പ്രസ്താവനകൾ ശരിയല്ല.

Mr Tariatu Kunjitomman: അസൂയപോലെയല്ലേ തോന്നുന്നുള്ളു. അസൂയ അല്ലല്ലോ.

Mr. J. John Kattakayam: അസൂയപോലെ തോന്നുക തന്നെയല്ല അസൂയ പരമകാഷ്ഠയെ പ്രാപിച്ചതിൽനിന്നുള്ള ബാഹ്യപ്രവാഹമെന്നു പറഞ്ഞാലും ഇതു അധികമാവുകയില്ല.

Mr. J. John Kattakayam: അതിലേക്കു കാറിനും ബസ്സിനും മററും പ്രത്യേകം നികുതിവച്ചാൽ മതിയല്ലോ. വയലിൽ കൃഷിചെയ്യുവാൻവേണ്ടി വളങ്ങളും മററും കയററി കൊണ്ടുപോകുന്ന കാളവണ്ടികൾക്കു ടോൾ വയ്ക്കുന്നതു വളരെ കഷ്ടമാണ്.

Mr. K. P. Nilakanta Pillai: ബസ്സുകൾക്കു ടോൾ കൊടുക്കേണ്ടിവന്നാൽ ബസ്സിൽകയറി പോകുന്നവരല്ലെ അതു കൊടുക്കേണ്ടതു്?

Mr. J. John Kattakayam; വാസ്തവംതന്നെ. ടോൾ നിറുത്തിയാൽ അതു സാമാന്യജനങ്ങൾക്കു വലിയ ഒരനുഗ്രഹമായിരിയ്ക്കും. ഇപ്പോൾ ഇവിടെനിന്നും കോട്ടയത്തിനു പോകുന്നതിനു രണ്ടുരൂപാ കൊടുക്കണം. ടോളുകളെല്ലാം നിർത്തിയിരുന്നാൽ നിശ്ചയമായും ഒരു രൂപായ്ക്കു ഇവിടെനിന്നും യാത്രക്കാരെ കയററിക്കൊണ്ടുപോകും.

Mr. G. B. E. Truscott: The abolition of toll gates has been freely discussed during the past month, but after all we must remember that tolls are a fair way of taxing vehicles which use the roads. So vehicles are taxed to meet the heavy expenditure incurred for the construction and maintenance of roads and bridges. It is therefore a question of a source of revenue to Government and unless therefore a substitute is found to replace this revenue, toll gates cannot be abolished.

[Mr. G. B. E. Truscott.]

Mr. Arumukham Pillai wants bullock carts to be free from tolls. According to the present rate, a bullock cart is charged only four chuckrams for the whole day; but a cart does much more than four chuckrams worth of damage to a road during that time.

Tolls have not been abolished in all other parts of India as has been remarked by some of the members, as for instance in Bombay.

Passing on to the resolution of abolishing the Suchindram toll gate, it may be remarked that, as a result of the growing importance of Cape Comorin as a sanatorium, several people from the different parts of the State and from British India visit the Cape daily. The traffic on the road to the Cape has of late become so heavy that the maintenance of the road in a condition suitable to stand the traffic has become very costly. To add to this the strong wind prevailing in that locality also hastens the damage of the roads and necessitates increased maintenance expenditure. This is borne out by the fact that the maintenance grant per mile for some of the very important roads such as the Main Central Road, the Trivandrum-Quilon Road, Trivandrum-Shencotta road, and the Quilon-Alleppey road is only Rs. 500 per mile, while the maintenance grant of the road from Trivandrum to the Cape is Rs. 1750 per mile for the first 40 miles and Rs. 700 for the remaining 13 7/8 miles.

Mr V. S. Arumukham Pillai: May I know from the member whether he is aware of the fact that the toll gate at Kuzhithura stands foremost in the matter of revenue?

Mr. G. B. E. Truscott: Yes.

In the case of cars that go out of Travancore to British India they have to pay Rs. 25 as quarterly registration fee even for a small length of road traversed. In the case of British cars no such fee is levied in Travancore. They have only to pay the toll fees at the Travancore gate.

Considering these circumstances and the importance of the road, the taxation to which this road was subjected prior to 1108, (*viz*, one P.W.D. gate and one Municipal gate) was much lighter than that in regard to most of the other roads, and the establishment of an additional toll gate at Suchindram was considered reasonable at that time; but as the Municipal gate at Nagercoil was converted into a P. W. D. gate with P. W. D. rates from the beginning of 1108, the toll-gate at Suchindram was given up. On the abolition of the P. W. D. gate at Nagercoil from the beginning of 1109 there was only one P.W.D. gate in the above road and the taxation became therefore lighter. It was therefore considered reasonable to re-establish the Suchindram toll gate.

Mr. V. S. Arumukham Pillai: May I know from the member whether the toll from Kuzhitturai is not sufficient for the maintenance of these roads?

Mr. G. B. E. Truscott: No.

Mr. V. S. Arumukham Pillai: May I know from the member if the toll from Kuzhitturai is not sufficient, what objection has he in spending the remaining amount from the public revenues?

Mr. G. B. E. Truscott: We cannot expect to maintain a road wholly from the public revenues and road-users must pay something towards upkeep. The expenditure on maintenance is increasing every year; the budget for 1110 is nearly 11 lakhs of rupees and if toll gates are abolished a fresh source of revenue from vehicles will have to be found to take the place of tolls. The Suchindram gate exists on the same principle as that underlying in the case of the other toll gates and its abolition can therefore be considered only as a part of the general scheme for the total abolition of all the toll gates in the State.

Mr. V. S. Arumukham Pillai: Sir, I have heard the Chief Engineer and I am not satisfied with his replies. My only point in moving this resolution is that the toll gate at Suchindram should be abolished as it is an indirect taxation on the poor ryots who are already in an impoverished condition. One of the arguments used by the learned Chief Engineer in his reply is that since the expenditure is going up higher and higher the tolls should be kept as a source of revenue. Sir, my answer is that, if the expenditure is going higher, you must cut short the expenditure and not tax the poor ryots. With these words I press the resolution.

Chairman: The resolution is this "This Council recommends to the Government that the toll-gate at Suchindram be abolished."

The resolution was put to vote and lost.

The House will now adjourn *sine die*.

REPORT OF THE SELECT COMMITTEE APPOINTED TO CONSIDER THE AMENDMENT TO STANDING ORDER No. 7 (1) OF THE SRI CHITRA STATE COUNCIL STANDING ORDERS, PROPOSED BY MR. S. PIRAVIPERUMAL, PILLAI MEMBER OF THE TRAVANCORE SRI CHITRA STATE COUNCIL.

To

The President,
Sri Chitra State Council.

Sir,

We the undersigned members of the Select Committee appointed to consider the amendment* to Standing Order No 7 (1) proposed by Mr. Piraviperumal Pillai, have considered the same and have the honour to submit this our

REPORT.

We have considered the amendment and we are of opinion that the amendment does not serve the purpose which the mover had in view. We would however add a recommendation that the final list of Government business supplied to the members should, as far as possible, be arranged in such order as Government propose to bring up the business in the Council and such order should not be altered except in very exceptional cases. The amendment proposed may therefore be dropped.

6. P. K. Thomas Esq., B.A., B. Com., B. L., Member, Sri Mulam Assembly.

LAND REVENUE DEPARTMENT.

1. The Committee accepted the following proposals relating to the Land Revenue Department and agreed to the provision of the amounts noted against each in the Budget for 1110:—

	Rs.
(1) Continuance of the temporary establishments for	
(*a*) checking Puduval Sub-Division sketches during 1110 ...	1,540
(*b*) Continuance of the Survey School, Kottayam during 1110 ...	1,013
(2) Appointment of temporary staff for attending to the Puduval sub-division work in arrears in the taluks of Pathanamthitta, Kunnathur, Kottarakara and Pathanapuram ...	6,462
(3) Continuance up to the end of Makaram 1110 of the special staff in the Division Cutcherry, Kottayam, to attend to Land Acquisition works ...	280
(4) Continuance of the staff for Jenmikaram Settlement work ...	66,745

The Committee then scrutinised and passed Part I Budget of the Land Revenue Department for 1110.

TAXES ON INCOME.

2. The Committee next took up for consideration the proposal for the creation of a separate agency consisting of the staff detailed below for the assessment of Income tax and the provision of a sum of Rs. 7,946 for the additional hands required excluding those already in the Department.

2 Collectors on Rs. 175 each per mensem.
2 Head clerks (for audit) on Rs. 75 per mensem.
2 Clerks do. on Rs. 40-5/2-70 per mensem.
2 Clerks on Rs. 25-5/3-40 each per mensem.
2 Clerk-typists on Rs. 20-2/3-30 each per mensem.
2 Head peons on Rs. 12 each per mensem.
6 Peons on Rs. 9 each per mensem.

	Total	Rs. 8,866
Travelling allowance		Rs. 1,100
Contingencies		Rs. 488
	Grand total	Rs. 10,454

In this connection, Mr. Kochikal P. Balakrishnan Tampi expressed the fear that the whole work could not be satisfactorily carried out by the proposed staff. He also urged the need for the appointment of a separate Collector of Income Tax, independent of the Land Revenue Commissioner. Mr. P. K. Narayana Pillai wanted the activities of the Collectors to be extended to places like Kottayam, Parur, Alwaye and Tiruvalla and said that one more Collector should be appointed and posted to Alwaye or Parur. The Dewan pointed out that the proposal was only a tentative measure and that if any difficulty was felt in its working it could be modified later on.

The proposal was thereupon agreed to by the Committee.

The Committee then scrutinised and passed Part I Budget of the Income Tax Department.

SALT.

3. The provisions under "iii-Salt" in Part I Budget were then scrutinised and passed.

In this connection Mr. Kochikal P. Balakrishnan Tampi observed that although large sums of money for buildings and furniture were provided every year there was lack of furniture in elementary schools. Mr. R. Nilakanta Pillai replied that provision has been made in the Budget of the Education Department also for purchase and repair of furniture.

EXCISE.

4. The Committee approved the following proposals relating to the Excise Department and agreed to the amounts mentioned against each being included in the Budget.

	Rs.
(1) Continuance during 1110 of the temporary staff for the prevention of smuggling and other malpractices in the State ...	1,914
(2) Continuance during 1110 of the temporary staff for guarding the frontiers ...	12,276
(3) Continuance during 1110 of the additional staff of one 3rd grade peon and one 4th grade peon for the Trivandrum Central Railway Chowkey ...	231
(4) Continuance during 1110 of the temporary staff for the Alleppey Sea Customs and other Chowkeys for the compilation of trade statistics ...	2,090

Part I Budget of the Excise Department was then scrutinised and passed.

FOREST.

5. The following proposals relating to the Forest Department in Part II of the Budget were taken up for consideration by the Committee.

(1) Continuance of the temporary additional staff for the disposal of arrears of Kudivila claims ... Rs. 4,895

In the course of the discussion under this item Mr. P. K. Narayana Pillai wanted to know whether the trees that were felled were actually sold and whether there was any improvement in the situation as compared with the previous years. He urged that more claims should be settled and a larger number of owners of trees should be given their dues. Mr. R. Nilakanta Pillai said that the claims are being settled.

(2) Deputation of two students for training in the Coimbatore Forest College ... ... Rs. 4,730

This item was objected to by Messrs. P. K. Narayana Pillai and Kochikal P. Balakrishnan Tampi. They said that this amount could be saved since there were people ready to get themselves trained at their own expense. Rao Sahib Dr. N. Kunjan Pillai said that the candidates who are trained at their own expense will not always be the right sort of men that the department required. Further it was not sure whether there will be many willing to get themselves trained at their own expense. The non-official members, not satisfied with this explanation, wanted to hear what the Conservator of Forests had to say on the subject. The consideration of the proposal was thereupon postponed for the next day.

The proposal for the provision of Rs. 2,350 for the deputation of an officer for the purpose of collecting notes on hill tribes and the different low country castes was approved by the Committee.

The Committee then scrutinised and passed the provision under "6. Forests" in Part I of the Budget Estimates.

STAMPS.

6. The proposal for one of the Counters in the Central Stamp Depot being designated as "Head Counter" and given a scale of pay of Rs. 20-1 2-25 was agreed to by the Committee.

Part I Budget – Stamps was then scrutinised and passed.

REGISTRATION.

7. The Committee agreed to the provision of a sum of Rs. 6,667 for the continuance during 1110 of the three temporary Sub-Registry Offices with staff and the additional staff of 2 clerks and 2 peons for the Devicolam and Peermade Sub-Registry Offices.

Part I Budget of the Registration Department was then scrutinised and passed.

GENERAL ADMINISTRATION.

8. The proposal for the confirmation of the temporary staff of 1 clerk on Rs 100-5-125 and 1 typist on Rs. 25 sanctioned in 1109 to the Revenue Section of the Secretariat and the provision of a sum of Rs 1,375 in the Budget for 1110 was agreed to by the Committee.

The Committee next took up for consideration the proposal for the abolition of the posts of 2 Higher grade Shorthand Reporters and the addition of 2 posts in the Higher grade of clerks in the Secretariat. In this connection Mr. Kochikal P. Balakrishnan Tampi enquired whether the two Shorthand Reporters, in spite of the fact that they were started on Rs. 60/—would be placed above the rank of the ordinary clerks who were working in the general line. Rao Shaib Dr. N. Kunjan Pillai replied that the Shorthand Reporters would be given rank only according to the date of their appointment. The proposal was thereupon agreed to by the Committee.

The provision of Rs. 4,460/ for the continuance of the special staff in the Huzur English Records was approved by the Committee.

The proposal for making permanent arrangements in the Central Vernacular Records by the appointment of the following staff:

		Rs.
1 Superintendent (140-10-160-15/2-175)	...	1,650
Current Section.		
o clerks—(40-5-70), (35), (25), 2(20) Attender (15)	...	1,925
Preservation of old Records Branch.		
12 clerks (50), (30) (25) and 2 (20) Attender (15) peons 6 (9-1/6-11)	...	2,354
Temporary clerks (25), (20)	...	495

	Rs.
Conveyance allowance to Assistant Secretary, Land Revenue Section ...	220
Contingencies ..	1,000
Total ...	7,644

and the provision of a sum of Rs. 7,644 in the Budget was approved by the Committee.

In this connection Mr. P. K. Narayana Pillai wanted to know why the allowance to the Assistant Secretary was given and what his functions in this particular respect were. Rao Sahib Dr. N. Kunjan Pillai explained that the Assistant Secretary was given only a conveyance allowance of Rs. 20 per mensem and his function was to supervise the whole work. He also pointed out that because most of the documents there related to land revenue, that branch was placed in charge of the Assistant Secretary of the Revenue Section, instead of the Officer in charge of the English Records as was the practice till recently.

The following proposals were approved by the Committee as also the provision of the amounts noted against each :—

	Rs.
(1) Continuance of the Temporary Attender on Rs. 16 per mensem for the Legislative Library ...	180
(2) Confirmation of the Huzur Sergeant on Rs. 40 per mensem ...	440
(3) Confirmation of the Temporary staff in the Assembly and Council Offices ...	8,822
(4) Deputation of Mr. N. Paramesvaran Pillai, M. A., to Calcutta to undergo a course in statistical training ...	260

Part I Budget-General Administration--Huzur Cutcherry was then scrutinised and passed.

General Administration—Account Office.

9. The Committee accepted the following proposals and agreed to the provisions noted against each being made in the Budget.

	Rs.
(1) Continuance of the temporary additional staff of 2 Auditors on Rs. 25-5/2-40-5/3-50 and one Attender on Rs. 16-1-20 entertained in 1109 for the Provident Fund Section, of the Account Office ...	726
(2) Continuance of the temporary additional staff in the Account Office for the audit of Anchal Hundi Vouchers ...	451
(3) Revision of the pay of the Daffadar of the Account Office from	Rs. 14 to Rs. 14-1/2-18
(4) Increase of pay from Rs. 25 to Rs. 30 to the Document-writer of the Land Mortgage Bank, and appointment of a Watcher on Rs. 9 per mensem ...	154

(5) Strengthening the Outside Audit Branch of the Account office by the appointment of 4 clerks, 2 on Rs. 25-5/2-40-5/3-50 and 2 on Rs. 40-5/1-70 and a typist on Rs. 20-3/2-35 ...	Rs, 1,650
(6) Deputation of a full-time officer for the preparation of the annual Budget Estimates of the State ...	1,000

Part I Budget-General Administration—Account Office was next scrutinised and passed by the Committee.

ADMINISTRATION OF JUSTICE.

10. The proposal for the continuance of the Temporary Second Judges' Courts and Munsiffs' Courts, and temporary staff for the High Court and the subordinate Courts during 1110 was next taken up for consideration. Mr. Balakrishnan Tampi referred to the recommendation of the Law's Delays Commissioner regarding the establishment of a District Court at Mavelikara and the need for the same. Rao Sahib Dr. N. Kunjan Pillai said that this as well as other recommendations of the Commissioner were under the consideration of the High Court. The proposal was approved and the Committee agreed to the provision of a sum of Rs. 1,04,743 for the same.

The proposal for the continuance of the four Temporary Sirkar Vakils and their staff during 1110 and the provision of a sum of Rs. 12,584 for the purpose was agreed to by the Committee.

The Committee agreed to the provision of a sum of Rs. 2,627 for the continuance of the Additional Division for the B. L. Class, Law College, during the year 1934-35.

In this connection Mr. P. K. Narayana Pillai suggested that in view of the fact that there were about 250 students in the F. L. Class a division of this class could be effected with much advantage to the students. Rao Sahib Dr. N. Kunjan Pillai said that there was no proposal to that effect from the Principal of the College.

POLICE.

11. The Committee then approved the following proposals and agreed to the provision of the amounts noted against each in the budget for 1110.

	Rs.
(1) Appointment of a Stenographer on Rs. 45-5/2-70 in the Office of the Commissioner of Police ...	440
(2) Continuance during 1110 of the temporary staff of 1 First Grade Head Constable and 10 Fourth class constables sanctioned for the Thalayar and Munnar outposts ...	2,233
(3) Addition of 2 Third Grade Head constables and 11 Fourth class constables to the strength of the Quilon District Constabulary for guarding the Sub-Treasuries at Alleppey and Shencotta ...	1,727

(4) Continuance of the Temporary Office of the Assistant Superintendent of Police, C. I. D. and Inspector of Police in charge of the C. I. B. for another year from 1st Chingom 1110 ... Rs. 3,201

In this connection Mr. P. K. Narayana Pillai remarked that the existence of any unnecessary force in the Police Department was a menace to the public at large. The Dewan explained at length about the working of the C. I. D. and the C. I. B. in other parts of India and how it was necessary here also. Mr. P. K. Narayana Pillai also brought to the notice of the Committee the inconvenience to traffic in the town on account of stray cattle. The Dewan pointed out the difficulty of the Police in this matter, and said that it could be removed only by the vigilant and joint effort of the Municipality and the Police.

Part I Budget—Police was then scrutinised and passed by the Committee.

JAIL.

12. The Committee then scrutinised and approved the provisions under "17—Jails" in part I of the Budget.

PORTS.

13. The proposal for the provision of a sum of Rs. 730 for additional accommodation for the clerks of the Principal Port Office, was next taken up for consideration. Mr. Kochikal P. Balakrishnan Thampi asked whether the post of the Port Officer could not be abolished and that work attended to by an Assistant Excise Commissioner. The Dewan said that it could not be done without loss of efficiency to the work. The provision was thereupon agreed to by the Committee.

EDUCATION.

14. The Committee took up for consideration the proposal for the continuance of the Financial Assistant in the Office of the Director of Public Instruction during 1110 and the provision of a sum of Rs. 2,580 on account of the same. Mr. P. K. Narayana Pillai pointed out the huge expenditure on account of salaries to the various high paid officers in the Department and said that neither the Director nor the Deputy Director knew Malayalam. He urged that Mr. Statham's service should be dispensed with at the earliest possible moment. The Dewan spoke of the various activities of Mr. Statham and said that his services could not be dispensed with till the expiry of the term in the agreement. Mr. P. K. Narayana Pillai then said that it was with considerable reluctance that he agreed to the proposal. The proposal was finally approved by the Committee.

The following proposals were then agreed to by the Committee as also the amounts noted against each :—

	Rs.
(1) Reorganisation of the Inspectorate in the Education Department ...	1,51,815

	Rs.
(2) Appointment of a Store-keeper on Rs. 25-5/3-40 for the Chemistry Section of the College for women, Trivandrum ...	275

(14) Appointment of additional teachers in Vernacular Schools for boys and girls ...	7,000
(15) Provision for the continuance of the reconstituted Text Book Committee during 1110 ...	1,796

While this item was under consideration Mr. P. K. Narayana Pillai pointed out that the number of members in the Text Book Committee was too large. Rao Sahib Dr. N. Kunjan Pillai said that there was already the complaint about the absence of a Muhammadan member in the Committee. Mr. P. K. Narayana Pillai observed that this could be satisfied by removing somebody already in the Committee. The need for the reorganisation of the Text Book Committee to make it more useful was also pointed out by Mr. P. K. Narayana Pillai. The Dewan said that he would consider it.

	Rs.
(16) Continuance of the clerical and menial staff of the School Leaving Certificate Board during 1110 and T. A. to members and contingencies ...	3,458

(19) Opening of a Departmental Tamil Primary School at Chalai ...	Rs. 2,600
(20) Provision of a lump sum for the improvement of education of depressed class pupils and Muslim girls ...	5,000

While Part I Budget—Education was under scrutiny, Mr. P. K. Narayana Pillai urged the necessity for a larger amount being set apart for medical inspection of students and more attention being paid to that. Mr. Kochikal P. Balakrishnan Tampi also supported the suggestion. Rao Sahib Dr. N. Kunjan Pillai said that it was one of the recommendations of Mr. Statham and that he may press for its being carried into effect later on. Mr. Kochikal P. Balakrishnan Tampi urged strongly for the provision of more furniture in elementary schools. The Dewan said that he also sympathised with him and remarked that proper supply of furniture was an urgent necessity for the proper up-bringing of the young boys and girls. Mr. Kochikal P. Balakrishnan Tampi also requested the Dewan to inspect a few primary schools. Part I Budget was then approved.

AGRICULTURE AND FISHERIES.

15. The following proposals were approved by the Committee as also the provision of the amounts noted against each in the budget:—

	Rs.
(1) Continuance of the three temporary II Grade Agricultural Inspectors and their peons at Mavelikara, Neyyattinkara and Tiruvalla during 1110 ...	1,947

(3) Continuance of the Agricultural School, Koni, during 1110 ...	4,364
(4) Continuance of the temporary Assistant Teacher in the Fishery School, Munambam ...	165
(5) Continuance of the Temporary Fishery Sub-Inspector and his peon at Kumarakam ...	671
(6) Continuance of the temporary Veterinary compounder at Neyyattinkara during 1110 ...	313

Part I Budget—Agriculture and Fisheries was next scrutinised and passed.

INDUSTRIES.

16. The Committee disallowed the proposal for the continuance of the Experimental Tannery at Karamanai.

The proposal for the provision of Rs. 3,674 for the continuance of the Sales Depot at Trivandrum was then taken up for consideration. Mr. P. K. Narayana Pillai enquired how the Depot was working. Mr. Kochikal P. Balakrishnan Tampi asked whether the whole affair could not be safely handed over to private agencies As the Depot was

established only recently it was agreed to continue the same for some time more and watch its progress. The provision was approved by the Committee.

The proposal for the provision of a sum of Rs. 2,70,820 for the establishment of a Rubber Factory at Trivandrum was agreed to by the Committee.

In this connection Mr. Kochikal P. Balakrishnan Tami asked whether it would not be better to start the factory somewhere in North Travancore where raw rubber could be got easily. Rao Sahib Dr. N. Kunjan Pillai explained how the proposed site was the best suited for the purpose.

Part I Budget Industrial Department was next scrutinised and passed.

The Committee adjourned at 4—15 P. M.

MEDICAL AND PUBLIC HEALTH DEPARTMENTS.

17. The Committee took up for consideration the proposal for the continuance of the appointment of one warder and one peon attached to the District Dispensary, Kayankulam, for leprosy work and the provision of a sum of Rs. 209 for the purpose. Mr. P. K. Narayana Pillai said that much difficulty was felt by the people in various parts of the State for want of proper medical institutions. As an instance, he mentioned the case of Parakadavu, a place six miles from Alwaye and how the people there were put to great hardship on this account. He stated that a lump sum provision should be made for the purpose of medical aid in rural areas. The Dewan suggested the desirability of introducing the system of Travelling Dispensaries in some selected areas and said that, if found successful it could be extended to other places. He also pointed out that much could be done by non-official agencies in this direction and said that Government were prepared to give grant-in-aid to deserving medical institutions. Mr. Kochikal P.Balakrishnan Tampi enquired whether the proposal to start the Leper Asylum at Noornad in the Mavelikara Taluk could be changed. But the Dewan said that the land had already been acquired and arrangement made for the construction of temporary sheds for the purpose and so nothing could be done in the matter. The proposal was approved by the Committee.

The following proposals were approved by the Committee as also the provision of the amounts noted against each :—

	Rs.

(15) Provision for cost of chemicals for the Bacteriological branch of the Public Health Laboratory ...	1,000
(16) Appointment of an additional compounder on Rs. 12-1-15 for the Ayurveda Hospital ...	132

In this connection Mr. P. K. Narayana Pillai pointed out the difficulty experienced by people in certain places on account of the absence of good drinking water. He also said that this was a most important problem and the present Sri Mulam Assembly as well as the former Legislative Council had passed resolutions for the supply of good drinking water. Rao Sahib Dr. N. Kunjan Pillai brought to the notice of the Committee the Press Communique recently issued on the subject and the proposal therein for a five year programme to be prepared by the Public Health Department in consultation with the Chief Engineer. The Dewan observed that it will be impossible to supply good drinking water throughout the country however much the Government may wish to do so.

The provisions in part I of the Budget of the above Departments were then scrutinised and passed by the Committee.

STATE CHARITIES.

18. While considering the items in part I of the Budget under State Charities Messrs. P. K. Narayana Pillai and Kochikal P. Balakrishnan Thampi objected to the provision of such items as *Pakkam*, *Attavisesh m* and Miscellaneous *sadya* as the real meaning and the purpose for which they were to be spent were not known. The consideration of the above budget was postponed.

CURRENCY AND MINT.

19. The proposal for the provision of a sum of Rs. 2,646 in the Budget for the continuance of the Government Mint was then agreed to by the Committee.

Part I Budget—Currency and Mint was also approved.

20. The Committee next took up the question of the deputation of two students for training in the Coimbatore Forest College, the consideration of which had been postponed the previous day. In the absense of the Conservator of Forests his Personal Assistant who was present on the occasion was asked to explain the necessity for sending the two men to the College at Government expense while there were people who were prepared to qualify themselves at their own expense He said that one man was taken from the Department and the other

who was selected was the best among the applicants and that, if they were not sent now, it would not be possible to get trained hands as most probably the College may be closed very soon as a measure of retrenchment. The non-official members objected to the man from outside being sent at Government cost and said that both the candidates should be selected from the men in the Department. The Dewan promised to go through the file and the list of applications. The provision of Rs. 4,730 was allowed by the Committee.

Part I Budget.—Forest was next scrutinised and passed In this connection Mr. Kochikal P. Balakrishnan Thampi and Mr. P. K. Narayana Pillai objected to the retention of the provision for the Game Warden. The Dewan explained the necessity for the above post.

STATE CHARITIES.

21. The State Charities Budget Part I was next taken up. The Devaswom Commissioner who was present on the occasion explained to the Committee the implications and purposes for which the amounts under items such as *Pakkam*, *Attaviseshwm* and Miscellaneous *sadya* were provided and the necessity for the same. The above budget was thereupon approved by the Committee.

STATIONERY AND PRINTING.

22. The Committee approved the proposal for the amalgamation of the Government Press, the Stationery and the Central Printing Office and agreed to the provision of a sum of Rs. 5,500 for the purpose. In this connection Mr. P. K. Narayana Pillai urged the desirability for appointing a Travancorean as the Controller of Stationery and Printing.

The following proposals were then approved and the Committee agreed to the provisions noted against each being made in the budget.

	Rs.
(1) Continuance of the temporary computing clerk in the Central Printing Office during 1110 ...	550
(2) Appointment of two temporary clerks on Rs. 20 each per mensem for a period of 3 months for re-writing the service books of the post 1090 piece workers of the Government Press ...	120

(*b*) Stock-taking of the Type plant in the Government Press and the Central Prison Press.	2,466
(4) Continuance of the staff in the Government Press for the sale of Malayalam readers and copy books ...	57

In this connection Messrs. P. K. Narayana Pillai and Kochikal P. Balakrishnan Thampi suggested the desirability of issuing a catalogue of the Government publications available for Sale and the advertisement of publications when they are issued. The Dewan promised to take up the question for consideration.

	Rs.
(5) Revision of the pay of the Mechanic in the Stationery Department and the inclusion of the post of Assistant to the Mechanic in the permanent establishment ...	397
(6) Continuance during 1110 of the temporary staff of two clerks, one on Rs. 60 per mensem and the other on Rs. 25 per mensem in the Stationery Department ...	935
(7) Continuance during 1110 of the temporary clerk on Rs. 20 per mensem for preparing the Gazette Index ...	220

Part I Budget—Stationery and Printing was then scrutinised and passed.

SCIENTIFIC AND MISCELLANEOUS DEPARTMENTS.

23. The following proposals were approved and the Committee agreed to the provisions noted against each being made in the Budget.

	Rs
(1) Continuance of Attender-Mechanic in the Astronomical Section in the Observatory ...	220
(2) Purchase of a barometer for the Meteorological Section in the Observatory ...	500
(3) Grant of fixed monthly allowance of Rs. 3 to the Petty Officer at the Trivandrum Sea Customs House to watch weather conditions for the Meteorological Section, Observatory ...	36

MINUTES OF THE MEETING OF THE STANDING FINANCE COMMITTEE HELD ON

Friday, the 6th July 1934/22nd Mithunam 1109.

The fifth meeting of the Standing Finance Committee of the Sri Chitra State Council and the Sri Mulam Assembly was held at 11-30 A. M. on Friday, the 6th July 1934/22nd Mithunam 1109, in the Dewan's room, Public Offices. The following members were present;—

1. Khan Bahadur Sir Muhammad Habibullah Sahib Bahadur, K. C. S. I., K. C. I. E., Kt., LL. D., Dewan-President

2. Rao Sahib Dr. N. Kunjan Pillai, M. A., B. Sc., Ph. D., Chief Secretary to Government.

3. R. Nilakanta Pillai Esq., B. A., B. L., Financial Secretary to Government.

4. Kochikal P. Balakrishnan Tampi Esq., B. A., B. L., Member, Sri Chitra State Council.

5. P. K. Narayana Pillai Esq., B A., B. L., Member, Sri Mulam Assembly.

6. P. K. Thomas Esq., B. A., B. Com., B. L., Member, Sri Mulam Assembly.

PUBLIC WORKS DEPARTMENT.

25. The Committee agreed to the provision of a sum of Rs. 114 in the Budget on account of the temporary staff in the Chief Engineer's Office for the revision of the Polymetrical Table and for the preparation of the Route Book.

The proposal for the provision of Rs. 5,244 for the continuance during 1110 of the temporary staff detailed below for supervising the Neriamangalam Bridge works was then take up for consideration.

1 Assistant Engineer	Rs.	250	Rs.	3,000
1 Overseer	,,	70	,,	840
1 Clerk	,,	40	,,	480
3 Peons at Rs. 9	,,	27	,,	324
Travelling Allowances	,,	30	,,	360
Office Contingencies	,,	20	,,	240
	Rs.	437	Rs.	5,244

The Chief Engineer was also present at the meeting of the committee. Mr. Kochikal P. Balakrishnan Tampi enquired whether a separate Engineer was necessary for this purpose as there was a great reduction in the work of the numerous Engineers consequent on the formation of the new Irrigation Department. The Chief Engineer said that there was no appreciable fall in the work of the Engineers and that they could not be entrusted with this work without detriment to

efficiency. Mr. P. K. Narayana Pillai asked whether by a territorial readjustment, this work could not be done by the existing Engineers. The Chief Engineer replied that the Irrigation Department was only a recent creation and after watching its work he would be all the more glad to effect a cut in the existing staff if that could be possibly done. The question of handing over the maintenance of the roads in Municipal areas to the respective Municipalities was also raised in the Committee and it was decided that it would be better if the work were attended to by the P. W. authorities as experience proved that the Municipalities could not maintain the roads satisfactorily.

Mr. P. K. Narayana Pillai once again raised the question of the supply of good drinking water wherever it was necessary. He stressed the importance of the question and requested that something should be done at once to redress the grievance. Rao Sahib Dr. N. Kunjan Pillai said that Government have realised the importance of the question and that even this year some provision has been made to meet the situation and that everything possible will be done by the Government in that direction. As regards the supply of good water to the town of Alleppey the Chief Engineer said that an investigation has been conducted there very recently.

Mr. P. K. Narayana Pillai next pointed out that there was silting up in certain places in the Talavadi river and great inconvenience to navigation. The Chief Engineer promised to do something in the matter. The annual expenditure that Government have to meet by not raising certain portions in the Ambalapuzha-Thagazhi road was then pointed out by Mr. P. K. Narayana Pillai. The proposal for the continuance of the staff was finally approved by the Committee.

The Committee approved the following proposals and agreed to the provisions noted against each being made in the budget.

		Rs
(1)	Opening of a Leper Colony at Noornad ...	7,000

(7)	Continuance of the staff for the investigation of the Drainage Scheme for the Trivandrum Town ...	10,000
(8)	Town planning scheme ...	10,000

In this connection Mr. Kochikal P. Balakrishnan Tampi expressed the desire that town planning should be extended to other parts of the State also. The Dewan explained the difficulties in that direction.

Part I Budget of the P W. D. was then scrutinised and passed.

Mr. Kochikal P. Balakrishnan Tampi next pointed out the expenditure that Government had to meet in the shape of rent for the Munsiff's Court at Mavelikara year after year and said that if only they constructed the building in the place selected for the purpose this huge expenditure could be saved. Rao Sahib Dr. N. Kunjan Pillai said that this question could be settled after the allied question of opening the District Court there was decided.

A list of works proposed to be carried out by the Irrigation Department in 1110 was then read to the Committee.

TRIVANDRUM ELECTRIC SUPPLY AND TELEPHONE.

26. The Committee then approved the following proposals and agreed to the provision of the amounts therefor in the Budget :—

		Rs.
(1)	Trivandrum Electric Supply – Additional staff for the electrification of Palaces and Government buildings ...	2,233
(2)	Additional staff for the Trivandrum Electric Supply ...	935
